## SECTION 4.0: SPECIFICATIONS/SCOPE OF SERVICES

**4.1. General/Background:** The existing Batter's Eye at Canyon View Park has been in place for approximately 20 years. In that time, normal wear and tear has resulted in the need for repairs and straightening. The City of Grand Junction is interested in obtaining proposals from qualified firms to provide a design and do the necessary work. Canyon View Park is located at 730 24 Road, Grand Junction, CO 81505.

**4.2. Specifications/Scope of Services:** The following specifications are an attempt to give as much detail as possible for pricing of the intended project. Pricing shall be submitted on the supplied Response Form in Section 7. Pictures of existing batter's eye are included as attachments to this solicitation.

**4.2.1. Scope:** There is no design for the repairs. Companies bidding the project shall provide a design and make the necessary repairs to straighten the structure. If a firm decides repair and strengthening are not possible or feasible, the cost of new batter's eye is requested.

**4.2.2. Condition:** Due to constant high winds from the southwest the batter's eye acts like a huge wind sail. The continuous movement has caused the eye to bend thus becoming a significant safety issue. In order to correct the problem, large braces should be placed on each existing pole anchored into the ground providing additional support for the entire structure. If repair is not feasible, please state the best solution in your proposal.

**4.2.3. Dimensions:** The overall height is 30' tall, with 24' of the structure covered with screen or fabric. There is approximately 6' from the ground to the bottom of the screen. The overall length is 60'6". The distance between poles is approximately 10'. Each pole is approximately 7" in diameter. Please see the photos in the attachment.

**4.2.4. Type:** Please provide information on the design and type of batter's eye your firm is suggesting for this application. Include this information in Section 7 on the Response Form.
