1. The installation, operation, maintenance, repair and replacement of irrigation improvements by the Petitioners within the public rights-of-way as authorized pursuant to this Permit shall be performed with due care or any other higher standard of care as may be required by the City to avoid creating hazardous or dangerous situations and to avoid damaging public roadways, sidewalks, utilities, or any other facilities presently existing or which may in the future exist in said right-of-way.

The Petitioners shall not install any trees, vegetation or other improvements that create sight distance problems.
