Landscaping Code Section

RECOMMENDATION:

EXECUTIVE SUMMARY:

The Planning Commission discussed the landscaping section of the Zoning and Development Code at their May 21, 2020 workshop. Discussion emphasized the merits of amending this Code section and adjusting how the section is implemented, particularly in an effort to improve the flexibility of standards, accessibility of information, and quality of results. This workshop discussion is aimed at vetting possible means of implementing these goals, and at introducing factors related to landscaping assets in public rights-of-way.
