- 2.13. Payment & Completion:** The Contract Sum is stated in the Contract and is the total amount payable by the Owner to the Contractor for the performance of the work under the Contract Documents. Upon receipt of the product or written notice that the work is ready for final inspection and acceptance and upon receipt of application for payment, the Owner's Project Manager will promptly make such inspection and, when he finds the work acceptable under the Contract Documents and the Contract fully performed, the Owner shall make payment in the manner provided in the Contract Documents.
- 2.14. Protection of Persons & Property:** The Contractor shall comply with all applicable laws, ordinances, rules, regulations and orders of any public authority having jurisdiction for the safety of persons or property or to protect them from damage, injury or loss. When or where any direct or indirect damage or injury is done to public or private property by or on account of any act, omission, neglect, or misconduct by the Contractor in the execution of the work, or in consequence of the non-execution thereof, the Contractor shall restore, at their own expense, such property to a condition similar or equal to that existing before such damage or injury was done, by repairing, rebuilding, or otherwise restoring as may be directed, or they shall make good such damage or injury in an acceptable manner.
- 2.15. Changes in the Work:** The Owner, without invalidating the contract, may order changes in the work within the general scope of the contract consisting of additions, deletions or other revisions, the contract sum and the contract time being adjusted accordingly. All such changes in the work shall be authorized by Change Order/Amendment and shall be executed under the applicable conditions of the contract documents. This notice shall be

given by the Contractor before proceeding to execute the work, except in an emergency endangering life or property in which case the Contractor shall precede in accordance with the regulations on safety. No such claim shall be valid unless so made. Any change in the contract sum or contract time resulting from such claim shall be authorized by Change Order/Amendment.

- 2.17. Minor Changes in the Work:** The Owner shall have authority to order minor changes in the work not involving an adjustment in the contract sum or an extension of the contract time and not inconsistent with the intent of the contract documents. This may be accomplished through a Field Order.

All such defective or non-conforming work under the above paragraphs shall be removed from the site where necessary and the work shall be corrected to comply with the contract documents without cost to the Owner. The Contractor shall bear the cost of curing all work of separate Contractors destroyed or damaged by such removal or correction. If the Owner prefers to accept defective or non-conforming work, Owner may do so instead of requiring its removal and correction, in which case a Change Order/Amendment will be issued to reflect an appropriate reduction in the payment or contract sum, or, if the amount is determined after final payment, it shall be paid by the Contractor.

These changes are meant to ensure AmeriGas has the opportunity to review and agree to any proposed changes in the scope of work after execution.
Article 2.19	Revise Article 2.19 as follows: ". . . All Change Orders/Amendments to the contract shall be made in writing and signed by both parties."		
Article 2.35	Delete Article 2.35		This change reflects the fact that this project requires only the pick up and delivery of road oil and does not contemplate nonconforming deliverables.
Article 2.44	Delete Article 2.44		AmeriGas cannot commit to 80% of labor employed on this project being from Colorado.
Article 2.46	Add an Article 2.46 stating: To the extent any terms of the Contract are not applicable to the Scope of Work contemplated under this project, those terms shall be considered void as they pertain to this project." Terms like warranties for materials and equipment are not applicable to the scope of this project.
