5.0 OVERVIEW AND INFORMATION

Throughout this Statement of Qualifications (SOQ) process, it is the intent of the Owner to hire a professional development firm with technical and performance information for ideas or concepts to provide intended uses and how the project will be integrated with the surrounding area as well as its economic benefit.

The vacant property at 230 South 5th Street was formerly occupied by Greyhound and Bustang and represents an important gateway into Downtown Grand Junction.

6.0 SOQ GOALS

It is the intent of this SOQ to provide interested firms with sufficient information to enable them to prepare and submit statements of qualifications for the project. Based on a rating of the qualified submittals by the evaluation team, a "short list" of the most qualified firms will be developed. Only the top "short list" firms will be invited for interviews and pricing proposals.

Pricing is not to be included with this SOQ submittal.

7.0 SCOPE OF SERVICES

7.1 Background:

This vacant property is located within the Central Business District of Downtown Grand Junction. The recently adopted Downtown Plan of Development "Vibrant Together" highlights the importance of creating infill development in the Downtown area. The property was acquired with the intent of developing an infill opportunity that will spur economic activity in Downtown Grand Junction.

Link to Downtown Plan:

https://issuu.com/downtowngjc/docs/vibrant_together_final_plan_mid_res_digital_format/1?ff

This property is zoned B-2, Downtown Business, a flexible zone district calling for concentrated downtown retail, service, office and mixed use, including residential. The property is also within the Central Business District Core Area Zoning Overlay which provides additional flexibility and design options appropriate in a downtown context. Goals and policies in the CBD Core Area promote the activation of the streets through emphasis on higher pedestrian traffic and minimized building setbacks; and encourage high quality, compatible design, high density, mixed-use development, two story minimum and shared parking. The property is also located within the City's Redevelopment Area so redevelopment of the property will qualify for a reduced transportation impact fee (Transportation Capacity Payment).

The DDA will consider all potential uses of the property that maximize the potential of this prime infill site. The DDA's level of participation will depend on the type, intensity and quality of development proposed.
