Information

SUBJECT:

Consider a request by the Museum of Western Colorado and Cross Orchard Development LLC to zone 14.09 acres from County RSF-4 (Residential Single Family – 4 du/ac) to CSR (Community Services and Recreation) and 8 acres from County RSF-4 (Residential Single Family – 4 du/ac) to R-4 (Residential – 4 du/ac). Located at 3073 & 3075 Patterson Rd; NE of E Valley Dr & Bookcliff Ave. | [Staff Presentation](#) | Phone-in comment code: **8148**.

RECOMMENDATION:

Staff recommends approval of the request.

EXECUTIVE SUMMARY:

The Applicants, The Museum of Western Colorado and Cross Orchard Development LLC are requesting a zone of annexation to R-4 (Residential 2.4 du/ac) and CSR (Community Services and Recreation) for the Cross Orchards Annexation. The approximately 22.68-acres consists of 3 parcels of land and is located at 3073 & 3075 Patterson Road & 2943-091-30-004, a parcel with no physical address. The subject property has the existing Cross Orchard Living Farm and Museum on it utilizing approximately 14 acres and the third parcel is approximately 8 acres and planned for residential development and currently vacant. There is 0.57 acres of Patterson Road right-of-way in the annexation.

The property is Annexable Development per the Persigo Agreement. The zone district of R-4 is consistent with the Residential Low Land Use category of the Comprehensive Plan and existing Mesa County zoning. The zone district of CSR is consistent with the museum and living farm use of the Museum's properties. The request for annexation will be considered separately by City Council, but concurrently with the zoning amendment request.

BACKGROUND OR DETAILED INFORMATION:

Annexation Request:

The Applicants, The Museum of Western Colorado and Cross Orchard Development LLC are requesting annexation of approximately 22.68-acres consisting of 3 parcels of land and located at 3073 & 3075 Patterson Road and a third parcel, Tax Parcel No. 2943-091-30-004, with no physical address. The subject property has the existing Cross Orchard Living Farm and Museum utilizing two parcels, approximately 14 acres and the third parcel is approximately 8 acres and planned for residential development and currently vacant. There is 0.57 acres of Patterson Road right-of-way in the annexation.

The properties are Annexable Development per the Persigo Agreement. The Applicant is requesting annexation into the city limits in anticipation of future residential subdivision development for the 8-acre parcel. The Museum of Western Colorado sold the 8-acre parcel to Cross Orchard Development LLC recently. To annex the 8 acres the entire Museum property is being annexed to meet contiguity requirements of State Law for annexations.

The schedule for the annexation and zoning is as follows:

- Referral of Petition (30 Day Notice), Introduction of a Proposed Ordinance, Exercising Land Use – October 20, 2021
- Planning Commission considers Comprehensive Plan Amendment and Zone of Annexation – November 9, 2021
- Introduction of a Proposed Ordinance on Zoning by City Council – November 17, 2021
- Acceptance of Petition and Public Hearing on Annexation, and Comprehensive Plan Amendment and Zoning by City Council – December 1, 2021
- Effective date of Annexation, Comprehensive Plan Amendment and Zoning – January 2, 2021

Zone of Annexation Request:

The Applicant's properties are currently in the County and have a County zoning of RSF-4 (Residential Single Family – 4 dwelling units per acre) for the entire annexation area. They are requesting a zone district of R-4 (Residential – 4 du/ac) for an approximately 8-acre property owned by Cross Orchard Development, LLC and a zone district of CSR (Community Services and Recreation) for approximately 14 acres the Museum owns and houses their Cross Orchard's Living Farm located at 3073 and 3075 Patterson Road. Both zone districts are consistent with the Residential Low Land Use category of the Comprehensive Plan and the R-4 zone is consistent with the existing Mesa County zoning of RSF-4. The zone district of CSR is consistent with the museum and living farm land use and is an allowed land use in this zone district. Museums are not allowed in the R-4 zone district.

Surrounding properties to the east, west, north and south are zoned RSF-4 in Mesa County with some PUD (Planned Unit Development) zoning intermixed. Directly to the north across Patterson Road existing city zoning is R-4. Surrounding development is single family detached residential development and in support of the Comprehensive Plan's Land Use designation of Residential Low. The request for zoning will be considered separately by City Council, but concurrently with the annexation request and will be heard in a future Council action after review and recommendation by the Planning Commission.

The annexation area has sewer service and all other urban amenities to the property. It is located within Tier 2 on the Intensification and Growth Tiers Map of the Comprehensive Plan. The goal to "encourage infill and redevelopment to leverage existing infrastructure" supports the Applicants' requests for the R-4 and CSR zoning.

The Applicants are interested in preparing the 8-acre proposed R-4 property for future residential development, consistent with the scope and type of development envisioned by the Comprehensive Plan with the Land Use Map designation of Residential Low (2 – 5.5 du/ac) density. The R-4 zoning requires a minimum of 2 dwelling units per acre, therefore the requested zoning of R-4 implements the Comprehensive Plan's Residential Low Land Use category.

The purpose of the R-4 (Residential – 4 du/ac) zone district is to provide for low density detached dwellings. This property is located within an urban infill area of the community. The greater surrounding Fruitvale area both within the city limits and unincorporated County are largely developed with single-family detached homes. Further subdivision development is encouraged within this urban infill area as recommended by the 2020 One Grand Junction Comprehensive Plan. The 8-acre property provides a large enough site to accommodate such development.

The purpose of the CSR (Community Services and Recreation) zone district is to provide for public/institutional uses and facilities. The CSR district includes outdoor recreational facilities and educational facilities, allowing for land uses such as Museums within the zone district, allowed in the Use Table established in the Zoning and Development Code.

In addition to the R-4 and CSR zoning requested by the petitioners, the following zone district would also be consistent with the Comprehensive Plan designation of Residential Low (2 - 5.5 du/ac).

- a. R-5 (Residential – 3-5.5 du/ac)

NOTIFICATION REQUIREMENTS

Neighborhood Meeting:

A Neighborhood Meeting regarding the proposed Annexation and Zoning was held on May 19, 2021 via Zoom, in accordance with Section 21.02.080 (e) of the Zoning and

Development Code. The Applicants, Applicant's representative and City staff were in attendance, with one member of the public in attendance. Questions asked included timing of the subdivision, setback requirements, type of fencing, type of homes being constructed and concerns for increased traffic.

An official development application was submitted to the City of Grand Junction for review on May 19, 2021.

Notice was completed consistent with the provisions in Section 21.02.080 (g) of the City's Zoning and Development Code. The subject property was posted with an application sign on June 30, 2021. Mailed notice of the public hearings before Planning Commission and City Council in the form of notification cards was sent to surrounding property owners within 500 feet of the subject property on October 29, 2021. The notice of the Planning Commission public hearing was published November 2, 2021 in the Grand Junction Daily Sentinel.

Other Notification:

Public comment was also offered through the GJSpeaks platform.

ANALYSIS

Zone of Annexation Analysis

The criteria for review is set forth in Section 21.02.140 (a) and includes that the City may rezone property if the proposed changes are consistent with the vision, goals and policies of the Comprehensive Plan and must meet one or more of the following rezone criteria as identified:

(1) Subsequent events have invalidated the original premises and findings; and/or The property owners have petitioned for annexation into the City limits and requested zoning of R-4 and CSR which is compatible with the Comprehensive Plan Land Use Map designation of Residential Low (2 - 5.5 du/ac). Since the Applicant's properties are currently in the County, the annexation of the property is a subsequent event that will invalidate the original premise, a county zoning designation.

The 2020 One Grand Junction Comprehensive Plan defined the density range for the Residential Low Land Use category with a range of 2 to 5.5 du/ac.

The existing County RSF-4 zone district at a maximum density of 4 dwelling units per acre implements the Residential Low Land Use category and is nearly identical to the City's R-4 zone district. Therefore, staff has found this criterion has not been met for the proposed R-4 zone district. For the proposed CSR zone district, it is necessary to zone the two museum properties CSR since the R-4 zone district does not allow for existing museum use.

Staff finds this criterion being met for CSR for the proposed 14-acres, but not for the

proposed 8 acres at R-4.

(2) The character and/or condition of the area has changed such that the amendment is consistent with the Plan; and/or

The character or condition of the areas has not changed enough to satisfy this criterion. Staff finds that this criterion has not been met for either the R-4 or CSR zone districts.

(3) Public and community facilities are adequate to serve the type and scope of land use proposed; and/or

Adequate public and community facilities and services are available to the properties and are sufficient to serve land uses associated with the proposed R-4 zone district as well as the CSR zone district. The proposed R-4 property consisting of 8 acres will be developed as a residential subdivision. The proposed CSR property will continue to house the museum facility and operations.

The proposed CSR property has access from Patterson Road and the R-4 property has street access to Wellington Avenue and Hoisington Avenue. Sanitary sewer is available to the annexation area from all three of these public streets, expected extensions will be required into the property when urban development occurs by the developer of the property. A 6-inch Clifton Water District water line is available to the site from Hoisington Avenue, a 4-inch Clifton Water District water line is available to the site from Wellington Avenue, and an 8-inch Clifton Water District water line is available from Patterson Road to the proposed CSR properties. Domestic water service to all three properties is available for any future development. The area can also be served by Xcel Energy for electricity and natural gas.

A short distance away is Grand Mesa Middle School and Grand Junction Central High School. A Regional Park is next to Central High School less than on half mile from this annexation area. A short distance to the east is Clifton, which has a major shopping district with good and services available.

Staff has found the public and community facilities are adequate to serve the type and scope of the residential land use proposed at the R-4 densities and the existing museum property needs in CSR, therefore staff has found this criterion has been met for both the R-4 and CSR zone districts.

(4) An inadequate supply of suitably designated land is available in the community, as defined by the presiding body, to accommodate the proposed land use; and/or

The properties and surrounding area is designated on the Comprehensive Plan Land Use Map as Residential Low (2 - 5.5 du/ac). The proposed zoning designation of R-4 meets the intent of achieving the desired density for the property with this request, to develop at the low end of the Residential Low land use category. For properties already annexed into the City limits, the area within one half mile of the annexation area is predominately zoned R-4. Most of the area including unincorporated Mesa County is developed, limited land area is available for new development within the half mile

area. Staff finds that there is an inadequate supply of R-4 zoning in this area of Fruitvale as define above.

The proposed CSR zone district for the 14-acre museum will provide for the existing land use to be conforming to city zoning. There is not an inadequate supply of CSR in the City, but with the museum facility located at this location and being annexed into the City, there is a need to provide for a conforming zone district permitting the existing land use.

Staff therefore finds this criterion has been met for the R-4 zone district, but not for the CSR zone district.

(5) The community or area, as defined by the presiding body, will derive benefits from the proposed amendment.

Annexation and zoning of the properties will create additional land within the City limits for city growth and annexation helps fill in the patchwork of urbanization that is within and just outside of the City limits. The annexation is also consistent with the City and County 1998 Persigo Agreement.

The requested R-4 zone district will provide an opportunity for housing within a range of density that is consistent with the needs of the growing community. This principle is supported and encouraged by the Comprehensive Plan and furthers the plan's goal of promoting a diverse supply of housing types that meet the needs of all ages, abilities, and incomes identified in Plan Principle 5: Strong Neighborhoods and Housing Choice, Chapter 2 of the 2020 One Grand Junction Comprehensive Plan.

The requested CSR zone district is supported by the Comprehensive Plan for secondary land uses identified in the Residential Low Land Use category particularly "other public/institutional uses" which is where the existing museum facility and operations on the property is classified.

Therefore, Staff finds that this criterion has been met for both the R-4 and CSR zone districts.

Section 21.02.160 (f) of the Grand Junction Zoning and Development Code provides that the zoning of an annexation area shall be consistent with the adopted Comprehensive Plan and the criteria set forth. Though the R-5 zone district could be considered in a Residential Low Land Use area, the R-4 zone district is consistent with the recommendations of the Plan's amended Land Use Map, compatible with the surround neighborhood and provides for single family housing on a larger residential lot, thereby providing more housing choice to the community. The CSR zone district supports the museum land uses on their two properties.

Consistency with Comprehensive Plan

The R-4 zoning request is consistent with the following chapters, goals and principles of

the Comprehensive Plan:

Chapter 2

Plan Principle 3: Responsible and Managed Growth

Goal: Support fiscally responsible growth and annexation policies that promote a compact pattern of growth...and encourage the efficient use of land.

Goal: Encourage infill and redevelopment to leverage existing infrastructure.

Plan Principle 5: Strong Neighborhoods and Housing Choices

Goal: Promote more opportunities for housing choices that meets the needs of people of all ages, abilities, and incomes.

The CSR zoning request is consistent with the following chapter, goal and principle of the Comprehensive Plan:

Plan Principle 9: Quality Education and Facilities

Goal: Support community-based education...support local institutions in providing facilities and programs to City residents and visitors to learn about arts, culture, and local history.

Both the R-4 and CSR zoning requests are consistent to the following:

Chapter 3

Intensification and Tiered Growth Plan. Subject properties are located within Tier 2 – In Tier 2, the City should promote the annexation of those parcels which are surrounded by, and or have direct adjacency to, the City limits of Grand Junction. Annexation and development of these parcels will provide continuous use and development opportunities while minimizing the impact on infrastructure and City services.

Relationship to Existing Zoning. Requests to rezone properties should be considered based on the Implementing Zone Districts assigned to each Land Use Designation.

- Guide future zoning changes. Requests for zoning changes are required to implement the Comprehensive Plan.

**SUMMARY OF VIRTUAL NEIGHBORHOOD MEETING
THURSDAY, FEBRUARY 11, 2021 @ 5:30 PM
VIA ZOOM**

A virtual neighborhood meeting for the above-referenced Annexation/Zoning was held Wednesday, May 19, 2021, via Zoom, at 5:30 PM. The initial letter notifying the neighboring property owners within the surrounding 500 feet was sent on May 6, 2021, per the mailing list received from the City of Grand Junction. There were five attendees including Tracy States, Project Coordinator, with River City Consultants, Scott Peterson, Senior Planner with the City of Grand Junction, Ted Martin, Cross Orchard Development, LLC, the Developer, Kaia Michaelis, Executive Director with the Museum of Western Colorado, Owner, and Jim Tripe from the general public (3077 Hoisington Avenue).

The meeting included a presentation, given by Tracy States, and a question-and-answer session. Information about the project presented the proposed annexation and zoning of the three parcels. It was explained that the two parcels located at 3073 and 3075 Patterson Road would be zoned CSR (Community Services Recreational) to preserve the Cross Orchards Farm Museum. It was advised that 3075 Patterson Road was added to the project so that all of the Museum property would be under the same jurisdiction. Tracy explained that the unaddressed parcel to the south would be zoned R-4 which is the same as the existing County zoning of RSF-4 and would be developed with approximately 28 single-family residential lots. A Preliminary Plan of the proposed development was presented.

Mr. Tripe wanted to know when construction would begin. Scott Peterson verified the municipal process and the public hearing process for the rezone and that the subdivision process would be administrative with no further meetings. He explained that it would likely be next spring before construction would begin. Mr. Tripe wanted to know what the setbacks were in the R-4 zone district as he was concerned how close a new home would be to his. Scott advised him of the setbacks and explained that it would be a 7' side setback on the new lot and whatever distance his home.

Mr. Tripe's other concerns were with regards to fencing, the type of housing and increased traffic in front of his house with the extension of Hoisington Avenue. Ted Martin advised there would likely be vinyl perimeter fencing and that most of the product would be single-story housing ranging from 1,600 to 1,800 square feet. He did add that if someone wanted a two-story home, they would build a two-story but there likely wouldn't be many. Tracy added that yes, traffic would increase but there were no other connectivity points except for Hoisington Avenue to the east and Wellington Avenue to the west.

The meeting adjourned at approximately 5:50 PM.

ORDINANCE NO. _____

**AN ORDINANCE ZONING THE CROSS ORCHARDS ANNEXATION
LOCATED AT 3073 & 3075 PATTERSON ROAD TO CSR (COMMUNITY SERVICES AND
RECREATION) AND R-4 (RESIDENTIAL – 4 DU/AC) ZONE DISTRICT FOR PARCEL
NUMBER 2943-091-30-004, A PARCEL WITH NO PHYSICAL ADDRESS**

Recitals:

The property owners have petitioned to annex their 22.68 acres into the City limits. The annexation is referred to as the “Cross Orchards Annexation.”

After public notice and public hearing as required by the Grand Junction Zoning & Development Code, the Grand Junction Planning Commission recommended zoning the northern parcels of the Cross Orchards Annexation consisting of 14.09 acres from County RSF-4 (Residential Single Family – 4 du/ac) to CSR (Community Services and Recreation) and the southern parcel consisting of 8 acres from County RSF-4 (Residential Single Family – 4 du/ac) to R-4 (Residential – 4 du/ac) finding that both the CSR and R-4 zone districts conform with the designation of Residential Low as shown on the Land Use Map of the Comprehensive Plan and conform respectively for each parcel for its designated zone with the Comprehensive Plan’s goals and policies and are generally compatible with land uses located in the surrounding area.

After public notice and public hearing, the Grand Junction City Council finds that the CSR (Community Services and Recreation) and R-4 (Residential – 4 du/ac) zone districts, are in conformance with at least one of the stated criteria of Section 21.02.140 of the Grand Junction Zoning & Development Code for each parcel as designated.
