ADDENDUM NO. 1

DATE: April 6, 2022
FROM: City of Grand Junction Purchasing Division
TO: All Offerors
RE: Type 6 Brush Truck IFB-5046-22-KH

Offerors responding to the above referenced solicitation are hereby instructed that the requirements have been clarified, modified, superseded and supplemented as to this date as hereinafter described.

Please make note of the following clarifications:

1. **Q:** Is the cab to axle measurement on this unit 60" or 84"? Overall length of the bed would vary from 114" to 132".
A: Truck Wheelbase should be approximately 180", Cab to axle shall be 60 ".
2. **Q:** Do you have a proposed drawing for this unit?
A: We do not have a proposed drawing.
3. **Q:** Is there only one 2" NPT x 1-1/2" NH outlet from the rear manifold? I see the 1" hose reel outlet as well, but typically there are multiple discharges.
A: We are requesting Three (3), 2-inch discharges. Two (2) Located off the rear and one (1) located on the front bumper. This is in addition to the hose reel discharge.
4. **Q:** Is there an in-state bid preference percentage?
A: The City of Grand Junction does not have an instate, or local preference policy.
5. **Q:** I didn't see a specified delivery date, but chassis delivery will be our primary time constraint. Do you have a timeframe for delivery that you are looking for, or just open ended depending on the chassis?
A: Currently we have no expectations for Chassis delivery. We ask that you provide your best estimate based on the information that is available at the time.

The original solicitation for the project noted above is amended as noted.

All other conditions of subject remain the same.

Respectfully,
