UPDATES

Gift Card Sales

Brandon provided a summary of the Downtown gift card sales. Gift card sales in 2022 were lower than in 2020 and 2021. In 2020, Downtown Grand Junction offered multiple gift card promotions to encourage the community to purchase gift cards and support local businesses. There were no promotions in 2021; however, many businesses purchased gift cards for their employees during the holidays.

Downtown staff will be posting on social media to encourage customers to spend their gift cards to support downtown businesses. In addition, staff will be encouraging businesses to offer specials or incentives to draw the community downtown to spend their gift cards.

Gift card sales:

2022	\$135,928	\$ purchased month of December	\$55,395
2021	\$172,326	\$ purchased month of December	\$68,630
2020	\$187,111	\$ purchased month of December	\$95,310

Kyra provided a presentation of data collected from Placer Labs Inc. that displayed a snapshot of activity throughout the year visiting eight Downtown businesses. The software allows taking a snapshot of different

businesses and destinations in Downtown. In 2022 January was the slowest time of the year with 176k visitors and August was the busiest with 267k visitors. The Parade of Lights had 28k visitors compared to last year with 31k visitors.

Shift Lot

Dave and Kyra met with staff at the Business Incubator to discuss food trucks at the Shift Lot located on the corner of 7th & Main Streets. The plan is to have a weekly food truck night on Wednesdays beginning in late March. The goal is to create a recurring event which would be easier to promote and to inform the community what is happening in that space. Business Incubator staff would be managing the site and coordinating the food trucks.

In addition, 32Waves is developing a food truck app that will allow food trucks to connect their point-of-sale systems to the new app. This would allow the community to know where the food trucks are located and provide their hours of operation. Downtown will be partnering with 32Waves to help launch the app when it is complete.

OTHER BUSINESS

At the February meeting, there will be discussion regarding the 2023 plans for the BID and DDA as well as reviewing the annual report and infographic.
