

Purchasing Division

## ADDENDUM NO. 2

**DATE:** March 14, 2024  
**FROM:** City of Grand Junction Purchasing Division  
**TO:** All Offerors  
**RE:** Re-Seeding of Flowline Property IFB-5408-24-DD

Offerors responding to the above referenced solicitation are hereby instructed that the requirements have been clarified, modified, superseded, and supplemented as to this date as hereinafter described.

Please make note of the following clarifications:

- 1. Question:** What is the City's expectation for the growth of vegetation on the flowline right of way with respect to Section 2 General Contract Conditions (2.33)?
- 2. Question:** In the event there is not adequate rainfall to promote effective seed growth, to what degree will the Contractor be held liable for the possible lack of vegetation growth?

### **Answers to both questions are best summed up as follows:**

The City understands the success of the seeding project is largely dependent upon adequate rainfall and will not hold the contractor liable for a less than desirable germination rate of the applied seeds.

The original solicitation for the project noted above is amended as noted. All other conditions of the subject remain the same.

Respectfully,

A handwritten signature in blue ink that reads "Dolly Daniels".
