

Purchasing Division

ADDENDUM NO. 1

DATE: March 7, 2025
FROM: City of Grand Junction Purchasing Division
TO: All Offerors
RE: Design Build Material Recovery Facility RFP-5601-25-DD

Offerors responding to the above referenced solicitation are hereby instructed that the requirements have been clarified, modified, superseded, and supplemented as to this date as hereinafter described.

Please make note of the following questions/answers/clarifications:

1. Question: Can you please clarify the following phrase (highlighted in yellow) found within RFP-5601 25-DD -- Section "4.3.1 Volumes and Composition"?

"... Offerors are encouraged to put forward a proposal that easily handles 25,000 - 30,000 TPY on ones [sic] shift but has the ability to expand through new equipment or shift expansion to reach the higher volumes."

Answer: The MRF should be able to handle up to 25,000 TPY on one shift (8-10 hrs), but the MRF should be able to expand over time either through adding equipment or adding shifts to enable it to reach 40,000 tons per year.

The original solicitation for the project noted above is amended as noted. All other conditions of the subject remain the same.

Respectfully,

A handwritten signature in blue ink that reads "Dolly Daniels".
