

**CITY OF GRAND JUNCTION, COLORADO**

**ORDINANCE NO. 5298**

**AN ORDINANCE AMENDING SECTIONS OF THE ZONING AND DEVELOPMENT CODE (TITLE 21 OF THE GRAND JUNCTION MUNICIPAL CODE) REGARDING APPLICATION OUTREACH MEETINGS AND ACCESSIBLE PARKING**

Recitals

The City Council desires to maintain effective zoning and development regulations that implement the vision and goals of the Comprehensive Plan while being flexible and responsive to the community's desires and market conditions and has directed that the Code be reviewed and amended as necessary. The City Council also recognizes the importance of remaining compliant with applicable laws of the State of Colorado.

Staff has identified two application types which presently require an application outreach meeting, whereas in one case the requirement is impractical to implement and inconsistent with standard practice, and in the other case the requirement is disproportionate to the impact of the application type.

Staff has also identified two provisions concerning the provision of accessible parking spaces and electric vehicle charging stations that are required to be adopted from the Colorado Electric Vehicle Charging Model Land Use Code.

After public notice and public hearing as required by the Grand Junction Zoning and Development Code, the Grand Junction Planning Commission recommended approval of the proposed amendments.

After public notice and public hearing, the Grand Junction City Council finds that the amendments to the Zoning & Development Code implement the vision and goals of the Comprehensive Plan and that the amendments provided in this Ordinance are responsive to the community's desires, encourage orderly development of real property in the City, and otherwise advance and protect the public health, safety, and welfare of the City and its residents.
