Notes: AMP Confidential Disclosure Attached to Proposal

AMP Exceptions: AMP Robotics Corporation ("AMP") appreciates the opportunity to respond to the City of Grand Junction's RFP-5601-25-DD (together with any and all associated documentation, the "RFP") and, in turn, to support the City's commitment to building and operating a next generation material recovery facility. Please note that, RFP terms and conditions notwithstanding, AMP's submission is made on a non-binding basis. Further, any definitive agreement between the parties is subject to negotiation of, and agreement to, mutually acceptable terms and conditions likely to vary from those in the RFP. AMP understands this may serve to render its submission a non-conforming bid, but aims, through the detailed proposal that follows, to present the best possible path forward for the City and its constituents.

Notes: Bulk Handling System Confidential Disclosure w/ Proposal

Please see full list in "Section J" in RFP response proposal.

Notes: Green Machine Cannot comply w/Keep Jobs in Colorado

Did not price w/SWIFR Grant \$ but said they would

Notes: Machinex Technologies

Equipment Total Costs are if all equipment listed is selected.

Sparta Manufacturing

- Details on Personnel availability - will be available upon request - List of Cost Control items - Facility design specifications for the purposes of establishing guarantees for the design - Documentation on the status of existing permits, licenses, and other approvals from state and local sources. The Contractor shall identify and explain any regulatory citations, notice of violations (NOV's), and other pending regulatory actions for the last two years. - Bid bond - due to some last-minute changes to meet all the requested performance requirements of the system, a re-evaluation from our surety is necessary and will take several weeks to complete. However, we are confident that we will be able to meet this requirement prior to the Grand Junction's final decision or award of the project on May 20th. - SWIFR-related pricing

Synergy Waste Management

Provided Alt Proposal with secondary auto-tie baler \$10,079,043.00 See Exceptions within proposal
