

ADDENDUM NO. 2

Date: February 20, 2026

From: City of Grand Junction Purchasing Division

To: All Proposers

RE: Wastewater Flow Monitoring Services, *RFP-5860-26-KF*

Proposers responding to the above-referenced solicitation are hereby advised that certain requirements have been **clarified, modified, or supplemented** as of the date of this Addendum, as outlined below.

Please take note of the following:

1. **Question:** Sections 5.6 and 5.7 request similar information in several areas (e.g., approach, communication/coordination, and quality/risk management). Given the page limitation, may this information be addressed once in a single section rather than repeated, provided all requested elements are fully covered?

Answer: Proposers may cross-reference information between Sections 5.6 and 5.7 to avoid unnecessary duplication, provided that all required elements of each section are clearly addressed. Proposals must be organized so that the evaluation committee can readily locate and evaluate all required information under the applicable section headings.

No further questions will be accepted.

This addendum amends the original solicitation for the referenced project as outlined above. All other terms and conditions of the solicitation remain unchanged.

Proposers must acknowledge receipt of this addendum by completing the acknowledgment section on the **Solicitation Response Form** (Section 7.0).

Thank you for your attention to this matter.

Respectfully,

Kathleen Franklin
Senior Buyer/Purchasing Agent
City of Grand Junction
