ADDENDUM NO. 1

DATE: March 26, 2026
FROM: City of Grand Junction Purchasing Division
TO: All Offerors
RE: Street Sweeper Rentals for City Chip Seal Program RFQ-5886-26-KN

Offerors responding to the above referenced solicitation are hereby instructed that the requirements have been clarified, modified, superseded and supplemented as to this date as hereinafter described.

Please make note of the following clarifications:

1. **Q:** The bid documents specify that new equipment is required; however, as a rental provider rather than a manufacturer, we would like to confirm whether the City will accept "rental-ready" equipment that meets all performance and safety standards.

A: Street sweeper rentals are not required to be new equipment. The City will accept "rental-ready" equipment, provided it meets all specified performance, safety, and operational standards outlined in the bid documents.

2. **Q:** We have 2 sweepers available. They unfortunately do not have a main drum; they have two 16-inch side brooms. Nor does the unit have an auxiliary engine. Is this something that can work for your application or will the units have to line up with the spec sheet.

A: Unit must match the specification sheet. A mechanical sweeper with hydraulically driven variable speed main broom is required due to the nature of this project. A single engine unit would be acceptable if the unit is designed to allow sufficient power to both the truck, and sweeper components which allows consistent sweeping operational performance.

The original solicitation for the project noted above is amended as noted.

All other conditions of subject remain the same.

Respectfully,

A handwritten signature in black ink that reads "K Nelson". The signature is written in a cursive, flowing style.

Kassy Nelson, Buyer
City of Grand Junction, Colorado
