Section 1.0: Administrative Information & Conditions for Submittal

- 1.1. **Americans with Disability Act (ADA) Compliance Mandate:** Following HB21-1110, all documents produced and submitted in response to this solicitation must adhere to the provisions outlined in §§24-85-101, C.R.S., and subsequent sections, as well as the Accessibility Standards for Individuals with a Disability, as established by the Office of Information Technology under section §24-85-103 (2.5), C.R.S. Additionally, all documents must align with the State of Colorado's technology standards related to accessibility, including Level A.A. conformity with the latest iteration of the Web Content Accessibility Guidelines (WCAG) as integrated within the State of Colorado's technology standards.
- 1.2. **Required Review:** The Proposer is responsible for thoroughly reviewing all solicitation documentation to gain a comprehensive understanding of the scope, specifications, project requirements, and all associated rules, regulations, laws, conditions, instructions, and procurement policies related to the solicitation process and the Project or Work outlined in this Request for Proposal (RFP).
- 1.3. **Issuing Office:** This Request for Proposal (RFP) is issued by the City of Grand Junction, Colorado (hereafter “City” or “Owner”). All contact regarding the RFP shall be directed to:

RFP Questions:

Dolly Daniels – Senior Buyer

dollyd@gjcity.org

Except for pre-proposal or site visit meeting(s), all questions, inquiries, concerns, comments, clarifications, or communications regarding this solicitation—including those about the process, specifications, or project scope—must be submitted in writing to the Purchasing Agent. Any communication directed to other City personnel may result in the disqualification of the Proposer’s submission.

- 1.4. **Purpose:** The purpose of this Request for Proposal (RFP) is to obtain proposals from qualified professional engineering firms or individuals to provide engineering design, permitting, bidding, project management, and design services during construction for Phase 2 Expansion Projects at the Persigo Wastewater Treatment Plant (WWTP).
- 1.5. **Non-Mandatory Site Visit Meeting: Prospective Offerors are encouraged to attend a non-mandatory site visit meeting on Wednesday, April 15, 2026, at 10:00 am. Meeting location shall be in the Persigo Wastewater Treatment Plant Conference Room located at 2145 River Road, Grand Junction, CO.** The purpose of this visit will be to inspect and to clarify the contents of the Request for Proposal (RFP).
- 1.6. **The Owner:** The City is the “Owner” which will act by and through its authorized representative(s); “Owner” or “City” may be used interchangeably throughout this Solicitation.

- 1.7. **Compliance:** All Proposers, by submitting a proposal, commit to adhere to all conditions, requirements, and instructions in this RFP as stated or implied herein or modified by addenda. Should the Owner omit anything necessary to clearly understand the requirements, or should it appear that various instructions conflict, the Proposer(s) shall secure instructions from the Purchasing Agent before the submittal deadline.
- 1.8. **Controlling Authority:** The 2024 version of the City [Procurement Policy](#) applies to this Solicitation.
- 1.9. **Submission:** See section 5.0 of this Solicitation for Preparation and Submittal Terms. Proposals shall be formatted as directed in Section 5. To participate in the solicitation opening, please utilize the following information and link:

- 1.10. **Public Disclosure:** Under the Colorado Open Records Act (CORA), all information (except for items designated as classified, confidential, or proprietary) within any bid or proposal is subject to public disclosure. Upon the issuance of an award and executed contract, both the solicitation file and the bid(s) or proposal(s) contained therein are subject to an [Open Records Request](#). In instances of Solicitation or Project cancellation, public disclosure is contingent upon adherence to pertinent laws.
- 1.11. **Public Disclosure Record:** If the Proposer knows its employee(s) or subcontractors having an immediate family relationship with an Owner employee or elected official, the Proposer must provide the Purchasing Agent with the name(s) of the individuals. The individuals are required to file a “Public Disclosure Record”, and/or a statement of financial interest, before conducting business with the Owner.
- 1.12. **Collusion Clause:** Each Proposer, by submitting a proposal, certifies that it is not involved in any collusive action(s) or activity(ies) that may violate applicable federal or state antitrust laws, rules, and/or regulations. Any proposal(s) found to have evidence or reasonable belief of collusion among the Proposers will be rejected. The Owner

reserves the right, at its discretion, to accept future proposals for the same service(s) or work from participants identified in such collusion.

- 1.13. **Gratuities:** The Proposer shall certify and agree that no gratuities or kickbacks were or will be paid in connection with this Proposal and/or an award of a Contract, nor were any fees, commissions, gifts, or other considerations made contingent upon the award of a Contract. If the Consultant breaches or violates this warranty, the Owner may, at its discretion, terminate the Contract without liability to the Owner.
- 1.14. **Ethics:** No Proposer shall accept or offer gifts or anything of value and/or enter into any business arrangement with any employee, official, or agent of the Owner.
- 1.15. **Altering Proposals:** Any alterations made before the opening date and time must be initiated by the Proposer. Proposals may not be altered or amended after the submission deadline.
- 1.16. **Multiple Offers:** If a Proposer submits more than one proposal, THE ALTERNATE PROPOSAL must be marked "ALTERNATE PROPOSAL." The Owner reserves the right to make the award in the best interest of the Owner.
- 1.17. **Withdraw of Proposals:** A proposal must be firm and valid for award and may not be withdrawn or canceled by the Proposer for sixty (60) days following the submittal deadline date, and only before award.
- 1.18. **Exclusions:** No oral, telephonic, emailed, or facsimile proposal will be considered.
- 1.19. **Contract Documents:** The Contract Documents consist of the complete solicitation and the Proposer's response. Solicitation documents are available on the City Purchasing website under, [Purchasing Bids](#).
- 1.20. **Questions Regarding Specifications or Scope of Services:** All requests for clarification or interpretation of the Scope of Services/Work and Specifications must be submitted in writing via email to the Purchasing Agent by the inquiry deadline. Questions submitted after the deadline may not receive a response.
- 1.21. **Acceptance of Proposal Content:** The Proposal selected by the Owner, if any, shall become a part of the Contract Documents. Failure of the successful Proposer to accept the obligations in the Contract may result in cancellation of the award and such Proposer may be removed from future solicitations. When a Contract is executed by and between the Proposer and the City, the Proposer may be referred to as the "Agency," "Consultant," "Contractor," "Firm" or "Consultant."
- 1.22. **Addendum:** Official response to questions, interpretations, corrections, and changes to this solicitation or extensions to the opening/receipt date will be made by the Purchasing Agent by a written Addendum to the solicitation. The sole authority to authorize addenda shall be vested in the Purchasing Division. Addenda will be issued electronically through BidNet Direct Rocky Mountain E-Purchasing System website at

<https://www.bidnetdirect.com/colorado/city-of-grand-junction>. A Proposer(s) must acknowledge receipt of all addenda in the proposal(s).

- 1.23. Exceptions and Substitutions:** All proposals meeting the intent of this RFP will be considered for the award. A Proposer that takes exception to the specifications does so at the Proposer's risk. The Owner reserves the right to accept or reject any or all substitutions or alternatives. When offering substitutions and/or alternatives, the Proposer must state any exception(s) in the section to which the exception(s) pertain(s). Exception/substitution, if accepted, must meet, or exceed the stated intent and/or specification(s). The absence of stated exception(s) indicates that the Proposer has not taken exception(s), and if awarded a Contract, shall hold the Proposer responsible for performing in strict accordance with the Contract Documents.
- 1.24. Confidential Material:** All materials submitted in response to this RFP shall ultimately become public record and shall be subject to inspection after the Contract award. **"Proprietary or Confidential Information"** is defined as any information that is not generally known to competitors and which provides a competitive advantage. Unrestricted disclosure of proprietary information places it in the public domain. Only submittal information identified with the words **"Confidential Disclosure"** and uploaded as a separate document may establish the information as confidential or proprietary. **Any material the Proposer(s) intends to be treated as confidential or proprietary must include a written explanation for the request. Consistent with the Colorado Open Records Act (CORA),** the request shall be reviewed and decided by the Owner. If denied, the Proposer will have the opportunity to withdraw its proposal or to remove the confidential or proprietary information. Neither cost nor pricing information nor the entire proposal may be claimed as confidential or proprietary.
- 1.25. Response Material Ownership:** All proposals become the property of the Owner upon receipt and may only be returned to the Proposer at the Owner's option. Selection or rejection of the proposal shall not affect this right. The Owner shall have the right to use all ideas or adaptations of the ideas contained in any proposal received in response to this RFP, subject to limitations in the materials marked as "Confidential Material." Disqualification of a proposal does not eliminate the City's right.
- 1.26. Minimal Standards for Responsible Prospective Proposers:** The Proposer must affirmatively demonstrate its responsibility. To meet the minimum requirements, a prospective Proposer:
- Demonstrate the ability to adhere to the project schedule.
 - Have a satisfactory record of performance of projects of similar scope and size.
 - Maintain a satisfactory record of integrity and ethical conduct.
 - Be qualified and eligible, based upon evaluation criteria, to receive an award and enter into a Contract with the Owner.

- Ensure that its/his/her Proposal(s) comply with the requirements provided in the “Preparation and Submittal of Proposals.”

1.27. Disqualification of a Proposer: A Proposal will not be accepted from, nor shall a Contract be awarded to, any person, firm, corporation, or entity that is in arrears to the Owner, upon debt or Contract, or that has defaulted, as surety or otherwise, upon any obligation to the Owner, or that is otherwise deemed irresponsible or unreliable.

Proposers may be required to submit satisfactory evidence demonstrating its responsibility, practical knowledge of the Project it is proposing, and possession of the necessary financial and other resources to complete the proposed Service/Work.

Either of the following reasons, without limitation, shall be considered sufficient to disqualify a Proposer and Proposal:

- More than one Proposal is submitted for the same Service/Work from an individual, firm, consultant, contractor, or corporation under the same or different name; and
- Evidence of collusion among Proposers. Any participant in such collusion shall not receive recognition as a Proposer for any future Service/Work of the Owner until such participant has been reinstated as a qualified Proposer.

1.28. Taxes: The Owner is exempt from State, County, and Municipal Taxes and Federal Excise Taxes; therefore, all fees shall not include taxes.

1.29. Sales and Use Taxes: The Consultant and all subcontractors are required to obtain exemption certificates from the Colorado Department of Revenue for sales and use taxes. Proposals shall reflect the removal of sales and use tax on materials, fixtures, and equipment.

1.30. Federal Taxpayer Identification Certificate: Successful Proposer(s) new to conducting business with the City must furnish a completed standard “Federal Taxpayer Identification Certificate (W-9)” before the Contract is executed. Additionally, the City reserves the right to request a current W-9 from established business relationships as necessary.

1.31. Public Opening: The opening of the Proposal(s) shall be conducted publicly in a virtual meeting following the proposal deadline. Proposers, representatives, and interested people may be present. Proposals shall be received and acknowledged to maintain transparency in the process. As per the nature of an RFP, only the company name(s) and the business location of the proposing Proposer(s) will be disclosed.

Section 2.0: General Contract Terms and Conditions

- 2.1. Acceptance of Terms:** A proposal submitted in response to this RFP shall constitute a binding offer which shall be acknowledged by the Proposer on the Letter of Interest or Cover Letter. The Proposer must be legally authorized to execute a Letter of Interest or Cover Letter together with contractual obligations. By submitting a proposal, the Proposer accepts all terms and conditions including compensation, as set forth herein/the Contract Documents. A Proposer shall identify clearly and thoroughly any variations between its proposal and the Owner's requirements. Failure to do so may be deemed a waiver of any right(s) to subsequently modify the term(s) of performance, except as specified in the RFP.
- 2.2. Execution, Correlation, Intent, and Interpretations:** The Contract Documents shall be signed by the Owner and the Consultant. By executing the Contract, the Consultant represents that it has familiarized itself with the conditions under which the Service is to be performed and correlated its observations with the requirements of the Contract Documents. The Contract Documents are complementary, and what is required by anyone, shall be as binding as if required by all. The Contract Documents intend to include all labor, materials, equipment, services, and other items necessary for the proper execution and completion of the Scope of Services as defined in the technical specifications and drawings contained herein. All drawings, specifications, and copies furnished by the Owner are, and shall remain, Owner property. They are not to be used on any other project.
- 2.3. Permits, Fees, & Notices:** The Consultant shall secure and pay for all permits, governmental fees, and licenses necessary for the proper execution and completion of the Services. The Consultant shall give all notices and comply with all laws, ordinances, rules, regulations, and orders of any public authority, including the City, bearing on the performance of the Service(s). If the Consultant observes that any of the Contract Documents are at variance in any respect, it shall promptly notify the Purchasing Agent in writing, and necessary changes will be made to reconcile the variation as determined to be in the best interest of the City. If the Consultant performs any Services, knowing it to be contrary to such laws, ordinances, rules, and regulations, and without such notice to the Owner, it shall assume full responsibility and shall bear all costs attributable to the non-conforming Services.
- 2.4. Responsibility for those Performing the Services:** The Consultant shall be responsible to the Owner for the acts and omissions of its employee(s) and all other person(s) performing any of the Services under the Contract.
- 2.5. Payment & Completion:** The Contract Sum is stated in the Contract and is the total amount payable by the Owner to the Consultant for the performance of the Service(s) under the Contract. Upon receipt of written notice that the deliverable(s) is ready for final inspection and acceptance and upon receipt of the invoice for payment, the Owner's Project Manager will promptly make such inspection and, when the Owner finds the Service(s) acceptable under the Contract and the Contract fully completed, the Owner shall make payment in the manner provided in the Contract Documents.

Partial payments will be based upon estimates prepared by the Consultant of the value of Service(s) performed under the Contract Documents. The Service(s) performed by the Consultant shall follow generally accepted professional practices and the level of competency presently maintained by other practicing professional Agencies in the same or similar type of Service(s) in the community. The Service(s) to be performed by the Consultant hereunder shall be done in compliance with applicable laws, ordinances, rules, and regulations.

- 2.6. Changes in the Services:** The Owner, without invalidating the Contract, may order changes in the Services within the general scope of the Contract consisting of additions, deletions, or other revisions. All such changes in the Services shall be authorized by Change Order/Amendment and shall be executed under the applicable conditions of the Contract. A Change Order/Amendment is a written order to the Consultant signed by the Contract Administrator issued after the execution of the Contract, authorizing a change in the Services or an adjustment in the Contract sum or the Contract time.
- 2.7. Minor Changes in the Services:** The Owner shall have the authority to order minor changes in the Services not involving an adjustment to the Contract Sum or an extension of the Contract Time and not inconsistent with the intent of the Contract.
- 2.8. Correction of Services:** All Services/Deliverables shall meet a standard comparable to the prevailing skill and expertise in the relevant market or industry. If any Services/Deliverables provided by the Consultant are found by the Owner to be non-conforming to the terms of the Contract, the Consultant shall promptly correct such issues. The Consultant shall bear all expenses associated with the correction of the rejected Services, including any additional Services required by the Owner as a result thereof, at no additional cost to the Owner.
- 2.9. Acceptance Not Waiver:** The Owner's acceptance of or approval of Service(s) furnished hereunder shall not in any way relieve the Consultant of its responsibility to maintain the high quality, integrity, and timeliness of its Services. The Owner's approval or acceptance of, or payment for, any Services shall not be construed as a future waiver of any right(s) under the Contract, or of any cause of action arising out of performance under this Contract.
- 2.10. Change Order/Amendment:** No oral statement of any person shall modify or otherwise change, or affect the terms, conditions, or specifications stated in the Contract. All amendments to the Contract shall be made in writing by the City Contract Administrator.
- 2.11. Assignment:** The Consultant shall not sell, assign, transfer, or convey the Contract resulting from this RFP, in whole or in part, without the prior written approval from the Owner.
- 2.12. Compliance with Laws:** Proposals must comply with all Federal, State, County, and local laws governing the Service and the fulfillment of the Service(s) for and on behalf of the public. The Consultant hereby warrants that it is qualified to assume the

responsibilities and render the Services described herein and has all requisite corporate authority and professional licenses in good standing as required by law.

- 2.13. Debarment/Suspension:** The Consultant hereby certifies that the Consultant is not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any governmental department or Consultant.
- 2.14. Confidentiality:** All information disclosed by the Owner to the Proposer and/or the Consultant for the Services to be performed or information that comes to the attention of the Consultant during the performance of such Services is to be kept strictly confidential.
- 2.15. Conflict of Interest:** No public official and/or Owner employee shall have interest in the Contract resulting from this RFP.
- 2.16. Cancellation of Solicitation:** Any solicitation may be canceled by the Owner or any solicitation proposal response may be rejected as a whole or in part when it is in the best interest of the City.
- 2.17. Contract:** This solicitation, the Proposer's proposal/submitted documents, and any negotiations, when properly accepted by the Owner, shall constitute an enforceable agreement equally binding between the Owner and the Consultant. The Contract represents the entire and integrated agreement between the City and the Consultant, collectively the Parties, and supersedes all prior negotiations, representations, or agreements, either written or oral, including the solicitation documents. The Contract may be amended or modified only with Amendment.
- 2.18. Contract Termination:** The Contract shall remain in effect until any of the following occurs: (1) Contract expires; (2) completion of Services; (3) final acceptance of Services; or (4) for convenience terminated by either party with a written *Notice of Cancellation* stating therein the reasons for such cancellation and the effective date of cancellation at least thirty days past notification.
- 2.19. Employment Discrimination:** During the performance of any Services, the Consultant agrees to:
- 2.19.1.** Not discriminate against any employee or applicant for employment because of race, religion, color, sex, age, disability, citizenship status, marital status, veteran status, sexual orientation, national origin, or any legally protected status except when such condition is a legitimate occupational qualification reasonably necessary for the normal operations of the Consultant. The Consultant agrees to post in conspicuous places, visible to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause.

- 2.19.2.** In all solicitations or advertisements for employees placed by or on behalf of the Consultant, shall state that such Consultant is an Equal Opportunity Employer.
- 2.19.3.** Notices, advertisements, and solicitations placed following federal law, rule, or regulation shall be deemed sufficient for meeting the requirements of this section.
- 2.20. Immigration Reform and Control Act of 1986 and Immigration Compliance:** The Consultant certifies that it does not and will not during the performance of the Contract employ personnel without authorization services or otherwise violate the provisions of the Federal Immigration Reform and Control Act of 1986 and/or law regulating immigration compliance.
- 2.21. Failure to Deliver:** In the event of failure of the Consultant to perform under the Contract, the Owner, after due oral or written notice, may procure Services from other sources and hold the Consultant responsible for any and all costs resulting in the purchase of additional Services and materials necessary to perform the Service(s). This remedy shall be in addition to any other remedies that the Owner may have.
- 2.22. Failure to Enforce:** Failure by the Owner at any time to enforce the provisions of the Contract shall not be construed as a waiver of any such provisions. Such failure to enforce shall not affect the validity of the Contract or any part thereof, or the right of the Owner to enforce any provision of the Contract at any time under the terms thereof.
- 2.23. Force Majeure:** The Consultant shall not be held responsible for failure to perform the duties and responsibilities imposed by the Contract due to legal strikes, fires, riots, rebellions, and acts of God beyond the control of the Consultant unless otherwise specified in the Contract.
- 2.24. Indemnification:** The Consultant shall defend, indemnify, and save harmless the Owner and all its officers, employees, insurers, and self-insurance pool, from and against all liability, suits, actions, or other claims of any character, name, and description brought for or on account of any injuries or damages received or sustained by any person, persons, or property on account of any negligent act or fault of the Consultant, or of any Consultant's agent, employee, subcontractor or supplier in the execution of, or performance under, the Contract which may result from proposal award. The Consultant shall pay any judgment concerning costs that may be obtained by and/or against the Owner arising out of or under the performance or non-performance.
- 2.25. Independent Consultant:** The Consultant shall be legally considered an independent Consultant and neither the Consultant nor its employees shall, under any circumstances, be considered servants, or agents of the Owner. The Owner shall at no time be legally responsible for any negligence or other wrongdoing by the Consultant, its servants, or agents. The Owner shall not withhold from the Contract payments to the Consultant any federal or state unemployment taxes, federal or state income taxes, Social Security, or any other amounts for benefit(s) to the Consultant.

Further, the Owner shall not provide to the Consultant any insurance coverage or other benefits, including Workers' Compensation, normally provided by the Owner to its employees.

- 2.26. Ownership:** All documents, plans, concepts, and work prepared under the Contact, etc., created by the Consultant for this Service, shall become the property of the Owner. All information furnished by the Owner is and shall remain the Owner's property.
- 2.27. Patents/Copyrights:** The Consultant agrees to indemnify and hold harmless the Owner from any claims, including but not limited to those related to patents, copyrights, trademarks, or any other form of intellectual property rights infringement. In no event shall the Owner be held liable to the Consultant for any damages, awards, costs of defense, or other expenses arising from allegations of intellectual property infringement. Any agreement resulting from the response to this Solicitation shall be rendered null and void in the event of patent, copyright, or other intellectual property infringement. This includes but is not limited to the creation of derivative works based on the intellectual property of others.
- 2.28. Governing Law:** The Contract and/or any agreement(s) as a result of responding to this RFP shall be deemed to have been made in, and shall be construed and interpreted by, the laws of the City of Grand Junction, Mesa County, Colorado. Any action arising out of or under this Solicitation and/or Contract shall be in District Court 21st Judicial District, Mesa County, Colorado.
- 2.29. Expenses:** Expenses incurred in the preparation, submission, and presentation of a proposal in response to this solicitation are the responsibility of the Consultant and shall not be charged to the Owner.
- 2.30. Sovereign Immunity:** The Owner specifically reserves and asserts its rights under Colorado law and the cases applying and construing the same, governmental immunity. See 24-10-101 C.R.S *et seq.*
- 2.31. Public Funds/Non-Appropriation of Funds:** Funds for payment have been provided through the Owner's budget approved by the City Council for the stated fiscal year only. Colorado law prohibits the obligation and expenditure of public funds beyond the fiscal year for which a budget has been approved. Therefore, anticipated obligations that may arise past the end of the stated Owner's fiscal year shall be subject to budget approval. The Contract will be subject to and provide a non-appropriation of funds clause under Colorado law.
- 2.32. Performance of the Contract:** The Owner reserves the right to enforce the performance of the Contract in any manner prescribed by law or equity as deemed by the Owner to be in the best interest of the Owner (in the event of breach or default) of resulting Contract award.
- 2.33. Default:** The Owner reserves the right to terminate the Contract in the event the Consultant fails to meet delivery, or completion schedule(s) or otherwise perform

under the Contract. Breach of Contract or default authorizes the Owner to purchase services elsewhere and charge the full cost to the defaulting Consultant.

- 2.34. Piggyback:** Agreements resulting from this solicitation are intended primarily for the Owner. However, other governmental entities may be extended the opportunity to utilize the awarded Contract, contingent upon the agreement of the successful Proposer and the participating agencies. All participating entities must adhere to the specifications, terms, conditions, and contract prices established within the agreement. Each governmental entity shall establish its own contract, issue its own orders, be invoiced directly, make its own payments, and issue its own exemption certificates as required.

It is understood and agreed that the City is not a legally binding party to any contractual agreement made between another governmental entity and the Consultant as a result of this solicitation. The City shall not be held liable for any costs or damages incurred by any other entity.

2.35. Definitions:

- 2.35.1.** “Agency,” “Consultant,” “Contractor,” “Firm,” or “Consultant” is the person, organization, entity, or consultant identified as such in the proposal and throughout the Contract. The term encompasses the Agency, Consultant, Contractor, Firm, or its authorized representative(s).
- 2.35.2.** “City” or “Owner” is the City of Grand Junction, Colorado, and is referred to throughout the Contract Documents.
- 2.35.3.** “Contract Sum” is the total amount payable, as specified in the Contract Documents, that the City agrees to pay the Firm/Contractor for the full and satisfactory completion of the Services/Work, including all materials, labor, equipment, services, and any other obligation required under the Contract Documents. The Contract Sum may be established as a Fixed Lump Sum, Guaranteed Maximum Price (GMP), or a Not-to-Exceed amount, depending on the terms outlined in the Contract Documents. Any adjustment to the Contract Sum shall be made only following the provisions of the Contract Documents and must be duly authorized by the Parties.
- 2.35.4.** “Deliverable” refers to any tangible or intangible work product, report, document, presentation, or other output produced by the Consultant as part of the Service(s). All deliverables must comply with the Americans with Disabilities Act (ADA) and HB21-1110, which mandates adherence to the provisions outlined in §§24-85-101, C.R.S., and subsequent sections, as well as the Accessibility Standards for Individuals with a Disability established by the Office of Information Technology under section §24-85-103(2.5), C.R.S. Additionally, all documents must align with the State of Colorado's technology standards related to accessibility, including Level A.A. conformity with the latest iteration of the Web Content Accessibility Guidelines (WCAG) as integrated within the State of Colorado's technology standards.

- 2.35.5. “Key Personnel” designates the crucial individual(s) from the Agency or Consultant essential for the successful execution and completion of the Services. The individual(s) will possess specialized skills, knowledge, or experience required for the Project’s specific scope of work.
- 2.35.6. “Proposer” or “Offeror” refers to the person(s) legally authorized by the Agency or Consultant to make an offer and/or submit a response fee proposal in response to the RFP.
- 2.35.7. “Project” or “Work” refers to the endeavor outlined in this solicitation to create the product, service, or deliverable.
- 2.35.8. “Services” includes all labor, materials, equipment, and/or professional skills necessary to produce the Work and meet the requirements of the Contract Documents.
- 2.35.9. “Subcontractor” is a person(s) or organization that has a direct contract with the Agency to perform any of the service(s). The term subcontractor is referred to throughout the Contract and means the subcontractor or its authorized representative.

Section 3.0: Insurance

- 3.1. **Insurance Requirements:** The selected Consultant agrees to procure and maintain, at its own cost, policies of insurance sufficient to insure against all liability, claims, demands, and other obligations assumed by the Consultant under the Contract. Such insurance shall be in addition to any other insurance requirements imposed by the Contract or by law. The Consultant shall not be relieved of any liability, claims, demands, or other obligations assumed under the Contract because it failed to procure or maintain insurance in sufficient amounts, durations, or types.

The Consultant shall procure and maintain and, if applicable, shall cause any subcontractor of the Consultant to procure and maintain insurance coverage listed below. Such coverage shall be procured and maintained with forms and insurance acceptable to the Owner. All coverage shall be continuously maintained to cover all liability, claims, demands, and other obligations assumed by the Consultant under the Contract. In the case of any claims-made policy, the necessary retroactive dates and extended reporting periods shall be procured to maintain such continuous coverage. Minimum coverage limits shall be as indicated below unless specified otherwise in the Special Conditions:

- (a) Worker Compensation and Employers’ Liability: The Consultant shall comply with all State of Colorado Regulations concerning Workers’ Compensation and other statutory insurances as required.
- (b) General Liability insurance with minimum combined single limits of:

ONE MILLION DOLLARS (\$1,000,000) per occurrence, and

TWO MILLION DOLLARS (\$2,000,000) aggregate.

The policy shall apply to all premises, products, and completed operations. The policy shall include coverage for bodily injury, broad form property damage (including completed operations), personal injury (including coverage for contractual and employee acts), blanket contractual, products, and completed operations. The policy shall contain a severability of interest provision.

(c) Automobile Liability insurance with minimum combined single limits for bodily injury and property damage of not less than:

ONE MILLION DOLLARS (\$1,000,000) per occurrence, and

Concerning each of the Consultant's owned, non-owned, and hired vehicles assigned to be used in the performance of the Services/Work.

(d) Professional Errors and Omissions Liability Insurance policy with a minimum:

FIVE MILLION DOLLARS (\$5,000,000) per claim, and

TWO MILLION DOLLARS (\$2,000,000) aggregate

This policy shall provide coverage to protect the Consultant against liability incurred because of the professional services performed because of responding to this Solicitation.

- 3.2. Additional Insured Endorsement:** The policies required by paragraphs (b), and (c) above shall be endorsed to include the City, its elected and appointed Officials, employees, and volunteers as Additional Insureds. Every required policy above shall be primary insurance, and any insurance carried by the Owner, its officers, or its employees, or carried by or provided through any insurance pool of the Owner, shall be excess and not contributory insurance to that provided by the Consultant. The Consultant shall be solely responsible for any deductible losses under any policy required above.

Section 4.0: Specifications/Scope of Services

- 4.1. General/Background:** The City of Grand Junction (City) manages, operates, and maintains the Persigo Wastewater Treatment Plant (WWTP) and the wastewater collection system for the benefit of the current and future users of sewer service within the Persigo 201 Service Area.

The WWTP, located at 2145 River Road, was first commissioned in 1984, is currently completing Phase 1 expansion upgrades at the plant to accommodate future growth and replacing/rehabbing wastewater processes that are near the end of their service

life, while meeting permitted effluent limits. Effluent from the WWTP is discharged to the Colorado River. The WWTP operates under the Colorado Department of Public Health and Environment (CDPHE) discharge permit (CO0040053), effective as of January 1, 2018. The Persigo WWTP and the CDPHE WQCD are currently in communication on the renewal draft discharge permit that to date has not been issued by CDPHE WQCD.

Currently, the WWTP facility has a permitted hydraulic capacity of 12.5 million gallons per day (mgd), 28.1 mgd Peak Hour flow, and an organic loading capacity of 26,480 pounds BOD₅ per day demand. After the Persigo Phase 1 Expansion Project is completed and accepted, the WWTP will be re-rated to a new hydraulic capacity of 15.0 mgd, a 33.8 mgd Peak Hour flow, with an organic loading capacity of 32,017 pounds BOD₅ per day. The Phase 1 Expansion Project is currently under construction with an anticipated completion date in August 2026.

The Phase 1 Expansion Project switched Persigo to an Allen-Bradley based PLC operating system with Ignition Cusion Package 8.1 software platform for HMI and SCADA operation.

The Persigo WWTP includes preliminary, primary, secondary, disinfection, and solids treatment processes, with separate liquid and solid process streams. The 2020 Wastewater Treatment Facilities Master Plan developed by Carollo Engineers on behalf of the City (linked to this RFP), highlights the current flow diagrams for both the liquid and solid process streams.

The Persigo WWTP reached 80 percent capacity in 2018. As required by the permit, the City began planning for plant expansion upon reaching this capacity milestone. The 2020 Wastewater Treatment Facilities Master Plan was finalized in October 2021. The master plan addressed the following objectives:

1. Align wastewater facilities planning with the City's adopted 2020 Comprehensive Plan.
2. Assess infrastructure needs to meet current and future growth, capacity, and regulatory projections.
3. Provide a 20-year wastewater infrastructure plan that includes asset revitalization and optimization investments needed.

The master plan recommended expanding the WWTP in two phases to meet the anticipated increased wastewater flows from population growth within the 201 Service Area and increased organic loading. The Phase 1 Expansion Project has addressed processes that were prioritized in the master plan to increase operational efficiencies, the need to replace aging assets, the need for process redundancy, and the need to expand available treatment capacity. The Phase 1 Expansion Project is expected to complete construction by August 2026 and includes the following wastewater process upgrades:

- Aeration basin and blower building expansion.
- New ultra-violet disinfection system for disinfection redundancy.
- New Dewatering Building and solids handling and storage facility.
- New mechanical screening and grit removal equipment, and a new electrical building for the Headworks facility.
- Remove some hydraulic capacity issues and eliminate a few hydraulic bottlenecks at Persigo.

Separate from the Phase 1 Expansion Project, but work at the WWTP that will be completed prior to Phase 2 construction begins includes:

- Replacement of Final Clarifier #4's Tow-Bro clarifier mechanism with a new Tow-Bro mechanism. (Anticipated completion in early 2027)
- Persigo's Raw Sewage Pump Building suction and discharge pipe replacement and rehabilitation. (Anticipated completion in late summer 2026)

The Persigo Phase 2 Expansion Project will comprise upgrades to accommodate future growth within the service area, as well as either rehabilitating and/or replacing existing process equipment that is at or near the end of its service life. The Phase 2 scope of services for the engineering consultant encompasses design of the following planned near-term projects which have been prioritized based on increasing operational efficiencies, end of service-life, and the need to expand available treatment capacity.

The Phase 2 design scope includes:

1. Anaerobic Digestion Process Facility
2. Dissolved Air Flotation (DAF) Unit and Building Enclosure
3. Primary Clarifier Pump Upgrades
4. Secondary Clarifiers Rehabilitation & Mechanism Replacement
5. Slide Gate Replacement at Raw Sewage Wet Wells
6. Rehabilitation & Expansion of Biogas Treatment System
7. Decommission the existing Aerobic Digestion & Anaerobic Digestion
8. Medium-Voltage Electrical Distribution Loop (design only)

Anaerobic Digestion Process Facility

This project includes evaluations of different anaerobic digestion processes to determine what type of system is the most appropriate for Persigo's wastewater characteristics and for achieving Class A sludge. The anaerobic processes to evaluate include, but are not limited to, thermophilic anaerobic digestion, mesophilic anaerobic digestion, and autoheated thermophilic aerobic digestion (ATAD). Persigo will rely heavily on anaerobic process recommendations from the design engineer.

Once a final anaerobic digestion process has been determined, this project will include design of the new process to replace and decommission the existing primary and secondary anaerobic digestion process. The new anaerobic digestion facility shall be

sized for future solids rates using primary sludge and waste activated sludge (WAS) as its source of solids.

The new anaerobic digestion facility needs to include design of a new grease receiving/handling station with the ability to accommodate possible future food waste being incorporated into the anaerobic digestion process.

The new facility shall improve operational performance, reliability, maximize biogas production, allow more efficient digester cleaning, and allow fats, oils, and grease (FOG), and potentially food waste, to be fed into the anaerobic digestion process. In addition, the new grease facility needs to incorporate a design that allows Persigo to pump grease directly to haul trucks for landfill disposal, if necessary.

The location of the new anaerobic digestion facility on Persigo's campus needs to be evaluated to determine the most practical and effective location. Persigo is looking for professional advice, recommendations, and design on what type/style of anaerobic digestion system will be the most efficient and effective for Persigo's campus layout, maximize biogas production, accommodate future solids rates, includes a FOG facility, and be reasonably easy to clean.

Currently, sludge from Persigo's two (2) primary clarifiers is conveyed to the existing anaerobic digestion process; and waste activated sludge (WAS) from Persigo's three (3) secondary clarifiers is currently pumped to the aerobic digesters. Design of the new anaerobic digestion facility needs to include both primary sludge and WAS.

Dissolved Air Flotation (DAF) Unit & Building Enclosure

This project includes replacement of the existing DAF unit that is located in the existing aerobic digestion building. The new DAF unit needs to be designed to thicken the waste activated sludge (WAS) to reduce hydraulic loading to the new anaerobic digestion facility. Locations for the new DAF unit need to be evaluated so the new DAF facility is in a logical area in relation to the new anaerobic digestion facility. The new DAF unit needs to be located within a fully enclosed climate-controlled building large enough to allow proper space for operations and maintenance services.

Persigo currently sends aerobically digested sludge to the DAF unit for additional thickening before the thickened sludge is pumped to the dewatering building's sludge blending tanks. Once the Phase 1 project is complete, Persigo will have three (3) new centrifuges for dewatering the blended sludge.

Primary Clarifier Pump Upgrades

This project includes replacing the existing progressive cavity sludge pumps (2 total) and the existing piston-type scum pumps (2 total) with new state-of-the-art sludge and scum pumps, as well as designing the installation of new primary sludge flow meters and the associated pipelines, valves, and clean-outs to the new anaerobic digestion facility. The design needs to incorporate the sludge flow meters being connected to Persigo's Ignition SCADA software. Depending on the location of the new anaerobic digestion facility, the sludge and scum discharge yard piping alignments will need to be designed to work for current and future expansion of the wastewater plant.

Persigo currently has two (2) primary clarifiers.

Secondary Clarifiers (Final Clarifiers) Rehabilitation & Mechanism Replacement

Persigo currently has three (3) final clarifiers. Final Clarifier #1 and #2 are original to Persigo's commissioning in 1984 and have draft-tube clarifier rotating mechanisms. Final Clarifier #4 was constructed in 2000 and has a Tow-Bro clarifier rotating mechanism. Final Clarifier #4 will have a new Tow-Bro mechanism installed in early 2027. Final Clarifier #3 has not yet been constructed. This project includes revitalizing Final Clarifier #1 and Final Clarifier #2 by replacing the existing draft-tube mechanisms with new Tow-Bro mechanisms and any structural concrete modifications needed for the new rotating mechanism, installation of new walkways, motor assemblies, scum rake, refurbishing the launders, and either CIPP lining or replacing the existing 18-inch DIP RAS pipes under the clarifier structures.

In addition, this project also includes design of a launder cover and walkway system on Final Clarifiers #1, #2, and #4. The launder covers are needed to minimize and/or eliminate algae growth along the launder walls and weir plates. A walkway system needs to be designed to allow staff access for removal and/or maintenance of the launder covers and allow Persigo staff a safe and efficient walkway to inspect and clean the launders and weirs.

Slide Gate Replacement at Raw Sewage Wet Wells

This project includes replacing the original 48-inch diameter sluice style slide gates in the influent chamber immediately upstream of the two raw sewage wet wells at the Raw Sewage Pump Building. These two (2) slide gates that need total replacement. The interior walls of the influent chamber and the two wet well chambers currently have a protective epoxy coating that was applied in 2017. As part of this project, the design engineer shall provide both repair and/or replacement design options/methods and specifications on an interior protective coating system if the existing epoxy coatings are found to be in poor condition.

Rehabilitation & Expansion of Biogas Treatment System

This project includes evaluating the condition of Persigo's existing biogas conditioning skid, as well as designing an expansion of Persigo's ability to condition increased biogas production due to the new anaerobic digestion process. Expansion of biogas conditioning can be done by revitalizing Persigo's existing biogas facility in addition to installation of a new parallel biogas conditioning skid, or by designing an entirely new, more modern and state-of-the-art biogas conditioning system and decommissioning the current biogas skid. Conditioned biogas storage tank(s) at Persigo needs to be evaluated to supplement the existing RNG storage tanks at the City Shops fueling facility.

Persigo installed the current biogas conditioning system in 2014 to clean and compress the biogas produced at Persigo and deliver the conditioned gas via a 6-mile pipeline to a CNG fueling facility at City Shops. Persigo's current biogas conditioning system is designed to clean and compress up to 100 scfm.

Decommission the Existing Aerobic & Anaerobic Digesters

This project includes providing decommissioning plans for both the existing anaerobic digestion and aerobic digestion facilities.

Part of this project, if it's practical, includes investigating the possibility of repurposing the four (4) aerobic digestion basins into a facility for emergency storage and how this would fit into the process flow diagram of Persigo. Persigo's current DAF unit is located within the aerobic digestion building.

Currently, waste activated sludge (WAS) from Persigo's secondary clarifiers is pumped to the aerobic digesters.

Medium-Voltage Electrical Distribution Loop (Design Only)

This project only includes layout, design, and specifications for a new medium-voltage electrical distribution loop to replace the existing duct banks, cabling, and transformers that are original to Persigo's 1984 commissioning. Also, included in this project is developing detailed Maintenance of Operation (MOP) plan(s) for how final connections into existing and new buildings will be made and when plant-wide power outages will be necessary. The design engineer will provide a drawing and specification package that is separate from the Phase 2 construction package that Persigo can use when the medium-voltage replacement project is warranted. At this time, this project is a design only project and will not be part of the Phase 2 CM/GC construction scope.

4.2. Special Conditions & Provisions:

4.2.1. Price/Fees: Project pricing shall be all inclusive, to include, but not limited to: labor, materials, equipment, travel, design, drawings, engineering work, shipping/freight, licenses, permits, fees, etc.

The Owner shall not pay nor be liable for any other additional costs including but not limited to: taxes, shipping charges, insurance, interest, penalties, termination payments, attorney fees, liquidated damages, etc.

Provide a not to exceed cost using Solicitation Response Form found in Section 7, accompanied by a complete list of costs breakdown and rates sheets.

All fees will be considered by the Owner to be negotiable.

4.2.2. Non-Mandatory Site Visit Meeting: Prospective Offerors are encouraged to attend a non-mandatory site visit meeting on Wednesday, April 15, 2026, at 10:00 AM. Meeting location shall begin at Persigo Administrative Building Conference Room located at 2145 River Road, Grand Junction. The purpose of this visit will be to inspect and to clarify the contents of the Request for Proposal (RFP).

4.3. Specifications/Scope of Services: The scope of services for the professional engineering consultant includes engineering design, permitting, bidding, project

management, and construction management services for the following near-term Wastewater Treatment Plant Expansion/Revitalization projects:

- Anaerobic Digestion Process Facility
- Dissolved Air Flotation (DAF) Unit and Enclosure
- Primary Clarifier Pump Upgrades
- Secondary Clarifiers Rehabilitation & Mechanism Replacement
- Slide Gate Replacement at Raw Sewage Wet Wells
- Rehabilitation & Expansion of Biogas Treatment System
- Decommission the Existing Aerobic & Anaerobic Digesters
- Medium-Voltage Electrical Distribution Loop (design only)

4.3.1. Engineering Design: Engineering design services include preparing a basis of design report/memo for each project, control narratives, detailed design plans and specifications, and any hydraulic and/or process modeling to support the design. Existing hydraulic and process models developed in support of the Master Plan will be made available to the successful firm.

4.3.2. Surveying: Surveying services needed for proper design of the proposed projects shall be provided by the successful firm. The City of Grand Junction's survey staff will not provide surveying services.

4.3.3. Geotechnical: The professional engineering consultant should provide a scope of work for any geotechnical services needed to support design. Geotechnical services will be provided by the City's on-call geotechnical services firm under a separate contract to the City.

4.3.4. Electrical & SCADA: Engineering design services for electrical and SCADA systems and components shall be provided by the successful firm for the projects listed.

4.3.5. Permitting: Permitting services should include documentation and permit applications needed for the new wastewater treatment plant process projects listed above in Section 4.3. In addition, the consultant should identify any other permits that will be necessary for construction. The City is responsible for paying permit fees associated with design of the projects listed.

4.3.6. Bidding Assistance: The City anticipates utilizing a Construction Manager/General Contractor (CM/GC) project delivery method to accelerate project delivery, solicit constructability and value engineering input during the design phase, develop a Risk-Register, identify long-lead items, and coordinate project sequencing with operational constraints. The design engineer will assist the City with preparing a request for proposal (RFP) for the CM/GC near the 30% engineering design milestone. The design engineer will also provide a Phase 2 project opinion of probable construction costs (OPCC) at or near the 30% design stage.

4.3.7. Project Management: Project Management should include biweekly progress meetings and monthly progress reports. In addition, the design engineer should be available to participate in workshops with the CM/GC at the 30%, 60%, and 90% milestones to review value engineering concepts, constructability issues, risk management plans, and cost estimates. An electronic file sharing platform should be established for all project documents.

4.3.8. Design Support during Construction: Design services during construction will include responding to CM/GC requests for information (RFI's) regarding design, issuing Field Orders for changed field conditions, reviewing the CM/GC's methods of procedures (MOPs), and attending construction progress meetings.

Services during construction will also include construction inspection services, as needed depending upon the availability of City staffing resources. The design engineer will provide construction inspection services as needed to supplement city staffing and to provide specialty inspection services. The duration and schedule for construction inspection services will depend upon the construction sequencing developed by the CM/GC.

4.4. Timeline: It is expected that the design of this work will be completed in approximately twelve (12) months from date of contract.

4.5. Attached Documents: Click Link Below:

1. [2020 Wastewater Treatment Facilities Master Plan](#)
2. [10-Year Capital Improvement Plan Update](#)
3. Specific Persigo As-Built Drawings available upon request (if available) (No link provided).

4.6. RFP Tentative Time Schedule:

- Request for Proposal available: March 27, 2026
- Non-Mandatory Site Visit: April 15, 2026, 10:00 am
- Inquiry deadline, no questions after this date: April 23, 2026
- Addendum Posted: April 30, 2026
- Submittal deadline for proposals: May 11, 2026, 2:00 pm
- Owner evaluation of proposals: May 12 - 19, 2026
- Interviews (if necessary): Week of June 1, 2026
- Final Selection: June 3, 2026
- City Council Approval: June 17, 2026
- Contract Execution: June 22, 2026
- 30% design complete by: November 30, 2026
- 60% design complete by: TBD*
- 90% design complete by: TBD*

- 100% design complete by: TBD*
- Permitting: TBD*
- Construction: 2027-2029

*Design phasing will be developed in conjunction with the CM/GC. Detailed design for all projects may be completed in parallel or sequenced based on construction sequencing schedule and CM/GC recommendations.

4.7. Questions Regarding Scope of Services:

Dolly Daniels – Senior Buyer

dollyd@gjcity.org

Section 5.0: Preparation and Submittal of Proposals

Submission: Each proposal shall be submitted in electronic format only, adhering to HB21-1110 and only through BidNet Direct Rocky Mountain E-Purchasing System website link: (<https://www.bidnetdirect.com/colorado/city-of-grand-jection>). This site offers both “free” and “paying” registration options which allow for full access to the City’s documents and electronic submission of proposals. (Note: “free” registration may take up to 24 hours to process. Please Plan accordingly.) Please view the **“Electronic Vendor Registration Guide”** at <https://www.gjcity.org/501/Purchasing-Bids> for details. (The purchasing agent does not have access to or control the vendor side of RMEPS. If there are website or other problems that arise during response submission, the Proposer **MUST** contact RMEPS to resolve the issue before the response deadline **800-835-4603**).

To ensure accurate comparison and evaluation, proposals must adhere to the format outlined in Section 5.0 “Preparation and Submittal of Proposals.” The uploaded response to this RFP should be a single PDF document containing all necessary information. Proposers must demonstrate an interest in this Project, highlight relevant experience, and address its capability to fulfill the Scope of Service(s) stated herein. Proposals must follow the specified formatting from **A** to **H** as required by the Owner for proper comparison and evaluation:

Proposals should be limited to a maximum of 50 pages

- A. Cover Letter:** The Proposer(s) must submit a cover letter that succinctly explains its interest and expertise in providing the services outlined in this Solicitation. The letter shall include a summary of the Proposer's relevant qualifications and experience.

The cover letter must include the name, address, phone number, and email address of the Consultant's principal contact person, as well as identify the individual(s) authorized to make presentations and formal commitments on behalf of the Consultant. The letter shall bear the signature of the person having proper authority to commit the Consultant and specify its role and signature authority.

By submitting a response to this Solicitation, the Proposer agrees to all requirements outlined herein, including compliance with all contractual, legal, and ethical standards related to the project.

- B. Solicitation Response Form:** The Proposer shall complete and submit the attached Solicitation Response Form with its proposal
- C. Qualifications/Experience/Credentials:** Proposer(s) must submit a detailed overview of its qualifications, with a focus on expertise, relevant experience, and credentials that demonstrate its ability to successfully deliver the services outlined in the Scope of Services.

The proposal should emphasize:

Experience in meeting project timelines, maintaining high-quality standards, and ensuring engagement from participants.

Proposers should provide any other relevant information that illustrates its capacity to deliver the required services effectively. This could include testimonials from previous clients, performance evaluations, or metrics demonstrating the success of prior similar services. In addition to Section 4.1 Scope of Work, Offerors shall also provide the following information with its proposal submittal:

Information provided shall include but is not limited to:

- Organizational chart of company and/or project team
- Identification of key personnel
- Professional qualifications, resumes and functions of personnel who will be assigned to the Project.
- Specific related Project experience of personnel
- Personnel availability and time commitment proposed to meet the Project schedule.

Key personnel will be committed to this Project and can only be changed by approval of the City.

Provide a summary of key personnel experience information. List the most recent projects first. Include Project owner and contact reference, Project location, scope of Project, construction cost, project duration and completion date. Additional discussion of Key Personnel experience can be provided as a narrative in the RFP.

Discuss experience of the key personnel Working together on past similar projects. List previous projects and roles of the key personnel. Provide client references and resumes of key personnel including:

Discuss goals and challenges on previous Projects that the team was involved in and how goals were met, and challenges were addressed by key personnel.

D. Strategy and Implementation Plan: Describe your (the firm's) interpretation of the Owner's objectives with regard to this RFP. Describe the proposed strategy and/or plan for achieving the objectives of this RFP. The Firm may utilize a written narrative or any other printed technique to demonstrate their ability to satisfy the Scope of Services. Provide examples of control systems proposed to use in the execution of this project:

- Cost Control and Cost Estimating
- Schedule control
- Quality Control
- Value Engineering, Methodology
- Constructability Reviews

The Offeror may utilize a written narrative or any other printed technique to demonstrate its ability to satisfy the Scope of Work. The narrative should describe a

logical progression of tasks and efforts starting with the initial steps or tasks to be accomplished and continuing until all proposed tasks are fully described and the RFP objectives are accomplished. Include a detailed **time schedule** for completion of Firm's implementation plan and an estimate of time commitments from Owner staff.

Specific elements of the strategy and implementation plan shall include: value engineering workshops, CM/GC project delivery method, integration of design with existing operational processes, and developing maintenance of operations plans.

- E. References:** Proposer(s) must provide at least five (5) references from the past two years, who can attest to the Consultant's experience in projects of similar scope and size.

Please also summarize the projects completed with these references including:

- (a) Client's name and address
- (b) Point of contact (name, telephone number, and email address)
- (c) Project Dates
- (d) Project Description
- (e) Original Budget and final project cost
- (f) Explanation of any variations from expected outcomes or discrepancies in the project scope or cost

This information will allow the Owner to thoroughly evaluate the Consultant's effectiveness, reliability, and transparency in providing similar services.

- F. Fee Proposal:** Provide an all-inclusive, not-to-exceed cost using Solicitation Response Form found in Section 7.0, accompanied by a complete list of costs breakdown.
- G. Additional Data (optional):** Provide any additional information that will aid in evaluation of your qualifications with respect to this Project.

Section 6.0. Evaluation Criteria and Factors

- 6.1. Overview:** An evaluation committee, appointed by the Owner, will assess all qualified responses. Proposal(s) will be selected based on the ability to demonstrate the necessary expertise and capability essential for delivering the scope of services. Additionally, the committee will consider the integrity and reliability of the proposals, to ensure the highest degree of confidence in full faith and performance.
- 6.2. Intent:** Only Respondents who meet the qualification criteria will be considered. Therefore, it is imperative that the submitted proposal clearly indicates the firm's ability to provide the services described herein.
- 6.3. Evaluation Summary:** Proposals will be prioritized based on the criteria, categories, and values described below. The Owner reserves the right to reject any portions of proposals and take into consideration past performance of previous awards and contracts with the Owner of any Offeror or Consultant in determining a final award(s), if any.

The following collective criteria shall be worth 90 %

- **Responsiveness of Submittal to the RFP (10) %**
Proposer has submitted a proposal that is fully comprehensive, inclusive, and conforms in all respects to the Request for Proposal (RFP) and all of its requirements, including all forms and substances.
- **Understanding of the Project and Objectives (30) %**
Assessment of the Proposer's demonstrated understanding of the Owner's specific goals and objectives for the project, including its ability to articulate how its proposed approach aligns with the objectives.
- **Qualifications, Experience, Credentials (30) %**
The Proposer's demonstrated expertise in the successful execution and delivery of comparable Services. The Proposer showcased the ability to exhibit the requisite skill levels, certifications, and all other essential competencies necessary to deliver the services.
- **Strategy & Implementation (20) %**
Proposer has provided a clear interpretation of the Owner's objectives regarding the project, and a fully comprehensive plan to achieve successful completion. See Section 5.0. Item D – Strategy and Implementation Plan for details.

The following Criteria shall be worth 10%

- **Fees (10) %**
All fees associated with the Services are provided and are complete and comprehensive.

- 6.4. Shortlisting Proposers:** The Owner expects to follow the process below to shortlist proposals. The Owner reserves the right to modify this process if it is in the best interest of the City.
- All proposals will be reviewed for compliance with mandatory requirements as outlined in this RFP. Proposals deemed non-responsive will be eliminated from consideration. The Purchasing Agent may contact Proposers for clarification of its proposal.
 - Committee members will independently evaluate and score proposals and submit scores back to the Purchasing Agent. Scores will be entered into an Evaluation Matrix to assist in analyzing and prioritizing the responsive Proposals.
- 6.5. Negotiations:** The City reserves the right to negotiate with the highest-rated Proposer(s) and will not engage in negotiations with lower-rated Proposer(s) unless negotiations with higher-rated Proposer(s) have been unsuccessful and are subsequently terminated. The selected Consultant may submit revisions to its proposal, including but not limited to adjustments to price, best and final offer, and technical aspects, because of negotiations, if deemed in the best interest of the City.
- 6.6. Interview(s):** The Owner reserves the right to invite the highest ranked Proposer(s) to participate in a virtual, or in-person interview(s) if needed. Shortlisted Proposer(s) will be notified of the interview process, including format, duration, and location, following the RFP shortlist selection process.
- 6.7. Reference Checks:** The City reserves the right to conduct reference checks with the top-ranked Proposer(s) to verify its past performance, experience, and ability to deliver the services outlined in this solicitation. These reference checks will help confirm the Proposer's qualifications, reliability, and adherence to project timelines and budgets, ensuring a successful relationship.
- 6.8. Award:** Proposer(s) shall be ranked based on the criteria listed in Section 6.3. The City reserves the right to consider all of the information submitted and/or presentations, if required, in selecting the Project Consultant.

Section 7.0. Solicitation Response Form

RFP-5892-26-DD

“Professional Engineering Services Consultant for Phase 2 Wastewater Treatment Plant Expansion Project”

The Proposer must submit the entire form, either typed or printed, fully completed, dated, and signed

Task	Description	Costs
1	Engineering Design	
2	Permitting	
3	Bidding Assistance	
4	Project Management	
5	Design Support during Construction	
	Construction Inspection	Hourly Rates
	Total Not to Exceed Cost	

NOTE: A detailed breakdown of labor and other direct costs by task should be included.

The Owner reserves the right to accept any portion of the services to be performed at its discretion.

The undersigned has thoroughly examined the entire Request for Proposal and therefore submits the proposal and schedule of fees and services attached hereto.

This Proposal is firm and irrevocable for sixty (60) days after the time and date set for receipt of proposals.

The undersigned Proposer accepts and agrees, by the *terms and conditions contained in this Request for Proposal*, that it is prepared, ready, and willing to perform and provide services as described in the attached Proposal if the same is accepted by the Owner.

The undersigned Proposer acknowledges the right of the Owner to reject any and all Proposal(s) submitted and to waive any informality(ies) and irregularity(ies) therein in the Owner's sole discretion.

By submission of the Proposal, each Proposer certifies, and in the case of a joint Proposal, each party thereto certifies as to its own capability that the Offer has been arrived at independently, without collusion, consultation, communication, or agreement as to any matter relating to the Proposal with any other Proposer or with any competitor.

Prices in the Proposal have not knowingly been disclosed with another Proposer and will not be prior to award.

- Prices in the Proposal have been arrived at independently, without consultation, communication, or agreement to restrict competition.
- No attempt has been made nor will be to induce any other person or Consultant to submit a proposal to restrict competition.
- The individual signing the Proposal certifies that it is a legal agent of the Consultant, authorized to represent the Consultant, and is legally responsible for the offer concerning supporting documentation and fees/prices provided.
- Direct purchases by the City of Grand Junction are tax-exempt from Colorado Sales or Use Tax. Tax-exempt No. 98-903544. The undersigned certifies that no Federal, State, County, or Municipal tax will be added to the above-quoted prices.
- The City of Grand Junction payment terms shall be Net 30 days.
- Prompt payment discount of _____ percent of the net dollar will be offered to the Owner if the invoice is paid within _____ days after the receipt of the invoice. The Owner reserves the right to consider any such discounts when determining the bid award that are no less than Net 10 days.

RECEIPT OF ADDENDA: The undersigned Consultant acknowledges receipt of the Addenda to the Solicitation, Specifications, and other Contract Documents.

State number of Addenda received: _____

The Proposer is responsible for ensuring all Addenda has been received and acknowledged.

Submit a letter signed by the entity Owner or a Statement of Authority delegating authority to act on behalf of the Proposer. Before executing a Contract, the Proposer must furnish a completed W-9 form.

Entity Name

Authorized Agent Name, & Title

Authorized Agent Signature

Telephone Number

Address of Proposer

E-mail Address of Agent

City, State, and Zip Code

Date

The undersigned Proposer proposes to subcontract the following portion of Services:

<u>Name, address, city, and state of Subcontractor</u>	<u>Description of Service(s) to be performed</u>	<u>Est. Value & % of Service(s)</u>
_____	_____	_____
_____	_____	_____
_____	_____	_____
_____	_____	_____

The undersigned Proposer acknowledges the right of the Owner to reject any Offers submitted and to waive informalities and irregularities therein in the Owner's sole discretion.

By submission of the Proposal, each Proposer certifies, and in the case of a joint Proposal, each party thereto certifies as to its own organization, that this Offer has been arrived at independently, without collusion, consultation, communication, or agreement as to any matter relating to this Proposal with any other Proposer or with any competitor.
