

ADDENDUM NO. 1

Date: July 17, 2026

From: City of Grand Junction Purchasing Division

To: All Proposers

RE: On-Demand Landscape, Irrigation, Vegetation Management, Restoration, and Urban Forestry Services RFP-5957-26-KF

Proposers responding to the above-referenced solicitation are hereby advised that certain requirements have been **clarified, modified, or supplemented** as of the date of this Addendum, as outlined below.

Please take note of the following:

1. **Question:** May a Proposer submit a proposal for one or more service categories, or is a proposal required for all service categories?

Answer: Yes. Please refer to Section 4.3 – Overview, which states: *"Proposers may submit proposals for one, two, or all service categories."*

2. **Question:** Will Contractors have access to municipal water sources for weed management activities, or will the Contractor be responsible for supplying all water required to perform the Services?

Answer: The City may, at its discretion and where reasonably available, provide access to municipal water sources for certain work assignments. However, access to municipal water cannot be guaranteed for every project or location. Proposers should identify in their proposal and pricing any assumptions regarding the use of City-provided water and, if applicable, the cost implications if the Contractor is required to self-source water. This information will assist the City in understanding the value and operational impacts associated with the availability of municipal water.

3. **Non-Mandatory Pre-Proposal Conference Information (For Reference Only)**

The City conducted a non-mandatory virtual pre-proposal conference on **July 16, 2026**. For the convenience of Proposers, the City is providing the following link to the conference.
