

CITY OF GRAND JUNCTION
SOLE SOURCE JUSTIFICATION FORM

Date: 08/18/2026 Requested By: Deputy Chief Shawn Hasty
 Department: Police Division: Operations
 Vendor Name: Crash Data Group, Inc. Net Cost Delivered: \$ 22,560.00

Provide G/L Account where funds are budgeted: 100-430-704-7202
 Project code, if applicable 01037

SOLE SOURCE JUSTIFICATION

(INITIAL ALL ENTRIES THAT APPLY)

Material/Service Description: Crash Data Retrieval Tool/Software.

1. SH - Uniqueness: Is unique and unavailable from any other source due to proprietary rights, patents, copyrights, secret processes, or monopoly control;
2. SH - Compatibility: There is a need for compatibility with existing equipment, technologies, or processes, and only a specific product or service can satisfy that need;
3. _____ - Urgency: Delay would lead to serious injury, death, or significant financial loss;
4. _____ - Expertise: The vendor has unique experience, expertise, or capabilities unavailable elsewhere;
5. _____ - Standardization: There is a need to standardize specific equipment or supplies to reduce training, inventory, or maintenance costs, and only one vendor can meet this need;
6. _____ - Written demonstration and justification is available which reasonably and practicably establishes that the selection of a sole source vendor is in the best interest of the City.

Attach Justification Memo and Pricing Documentation, then proceed with signatures below.
After Dept Head approval, forward to Purchasing.

Department Director Approval:

I recommend that competitive procurement be waived and that the service or material described herein be purchased as a sole source.

Signed: Jay Valentine 8/19/2026
DocuSigned by: 09BA36D53ED04B7 Department Head Signature Date

Purchasing Approval:

Based on the above and attached documents, I have determined this to be a sole source with no other vendor practicably available.

Signed: Matt Smith 8/20/2026
DocuSigned by: 2FFFDAB3E8BE478... Purchasing Manager Signature Date

Final Authorization

City Manager Approval Required (\$25K to \$50K) yes / no

Signed: _____, _____
 City Manager Signature Date

City Council Approval Required (over \$50K) yes / no

Memorandum

TO: Kassy Nelson, Buyer

FROM: Shawn Hasty, Police Deputy Chief

DATE: August 18, 2026

SUBJECT: Sole Source Justification – Crash Data Retrieval, Inc.

The Grand Junction Police Department (GJPD) currently uses Bosch Crash Data Retrieval (CDR) products, purchased through Crash Data Group, Inc. to retrieve and analyze vehicle crash data for multiple vehicle makes and models. These products are currently used by personnel as part of the department's crash investigation process.

The proposed purchase will expand the GJPD's existing Bosch CDR capabilities by adding software supporting Hyundai, Kia, and Tesla vehicles. These products will supplement the Bosch CDR products already in use and allow personnel to maintain consistency in equipment, software, training, technical support, and investigative procedures.

Crash Data Group, Inc. is also the sole distributor of the Bosch products being purchased. Because the required products are manufactured by Bosch and are available through Crash Data Group, Inc. as the sole product distributor, obtaining competitive quotations from other vendors for the same products is not practicable.

EDR Tool Distributor

2026 EDR Sole Source Letter

This letter valid through December 31, 2026

BOSCH Automotive Service Solutions

The Bosch Crash Data Retrieval Tool (CDR), including units, accessories and software are products of Bosch Automotive Service Solutions, Inc. Bosch is the sole manufacturer of the Bosch Crash Data Retrieval Tool products. The CDR products are only available for retail purchase in the United States, Canada, and Jamaica through our sole product distributor, Crash Data Group Inc.

The Bosch CDR Tool is the premier choice for EDR data readout. Its core strength lies in its foundation of authentic information directly from OEMs, rigorously tested by those OEMs, and explicitly licensed and approved by all supported OEMs. This is critically important. Unlike tools that might attempt to reverse engineer proprietary data or guess at translations using outdated specifications, the CDR Tool operates with the precise protocols and algorithms provided by the vehicle manufacturers themselves. This direct OEM relationship ensures unrivaled accuracy, preventing data misinterpretation or incompleteness that can fundamentally alter accident reconstruction and minimize doubt and ambiguity about the data's integrity and admissibility in any legal or expert review.

TESLA Motors

The EDR Hardware Kit for Tesla vehicles consists of genuine Tesla in-car and direct-to-module cables and is available for retail purchase in the United States and Canada exclusively through Crash Data Group, Inc., Tesla's authorized EDR hardware distributor. Crash Data Group, in coordination with Tesla, manufactures the in-car and direct-to-module cables included in the Tesla EDR Hardware Kit. This equipment is proprietary and has not been licensed for manufacture or distribution by any other entity.

GIT of America (Hyundai and Kia)

The Hyundai EDR Tool Kit and Kia EDR Tool Kit, including all direct-to-module cables, power supplies, adapters, and required software, are available for retail purchase exclusively through Crash Data Group, Inc., an authorized distributor of GIT America, Inc. Crash Data Group offers these Hyundai and Kia EDR Tool Kits in proprietary configurations and packaging that are available only through Crash Data Group in North America.

All EDR hardware, accessories, and software are developed and manufactured by Hyundai Motor Group and Kia Corporation. GIT America, Inc. works directly with Hyundai and Kia to facilitate the distribution of this proprietary equipment through Crash Data Group, Inc. This equipment is not licensed for manufacture or distribution by any other entity.

GIT America, Inc. is the North American subsidiary of GIT Co., Ltd., a global provider of automotive diagnostic and connectivity solutions. In addition to delivering these solutions, GIT America develops automotive service and quality-related IT systems for the North American market.

Sincerely,

A handwritten signature in black ink, appearing to read "S. B. Baker".
