- 25. Benefits: The benefits of this Agreement to the Developer are personal and may

DIA 2003 6

Darter, LLC // Terry Lawrence

Dear Mr. Sawyer:

I am in receipt of an email from you to Chris Lawrence dated September 14, 2010 in which you request a letter from the City authorizing use of funds that have been set aside for security for the above-referenced development project. Mr. Lawrence forwarded that email to the City. This letter is the City's response.

First National Bank holds \$100,000 as a guarantee for warranty obligations to the City by Darter, LLC (Developer). The City has inspected the public improvements and generated a list of warranty defects. The estimated cost of repair of the defects is greater than the amount of security funds the City has available. Under normal circumstances, the City would retain such security funds as a guarantee for the repairs, but it is our understanding that in order to fund the repair work, the Developer needs a loan, and in order obtain a sufficient loan, some of the \$100,000 needs to be freed up for use now.

Based on that understanding, the City releases its claim to 80% of the existing security, or \$80,000. We require that the remaining \$20,000 continue to be set aside for the City as security for the Developer's obligations under the Maintenance Guarantee agreement between the City and the Developer.
