E.SAWYER, CLK&REC MESA COUNTY CO

Dear Ms. Vandover:

The purpose of this letter is to respond to your request for consideration for repair of your existing septic system at the above-referenced address.

If the property is sold, subdivided, or redeveloped then you or the subsequent owners will be required to extend mains and connect to the Horizon Drive Interceptor. In the interim, however, you will not be required to connect to the sewer.

The Mesa County Health Department has the responsibility for approving permits for repair if conditions will allow for a workable repair.

The Health Department will be notified of my decision by copy of this letter.

Sincerely,

Greg Trainor
Utility Manager
