

CITY OF GRAND JUNCTION
Resolution No. 111-01

A RESOLUTION ADOPTING THE TRANSPORTATION
ENGINEERING DESIGN STANDARDS (TEDS) MANUAL

RECITALS:

The City of Grand Junction Public Works Department, Traffic Engineering Division has completed a comprehensive revision to the Transportation Engineering Design Standards (TEDS) manual. Among other things TEDS is now consistent with Chapter 6 of the Zoning and Development Code.

The revised TEDS manual has been referred to various public and private agencies and design consultation and engineering firms for their review and comments; those comments have been incorporated and resulted in revisions to the document as appropriate.

Grand Junction Planning Commission, at it's October 16, 2001 hearing, recommended that the City Council adopt the revised TEDS. The Planning Commission amended the process concerning the Design Exception review process and also to provide reports on the exceptions that are granted.

The TEDS manual was first adopted by reference in Chapter 6 of the Zoning and Development Code by the City Council on March 7, 2000. Because the manual being adopted by this resolution is the latest edition of the document the adoption may occur by resolution.

NOW, THEREFORE BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF GRAND JUNCTION THAT:

The revised TEDS manual dated October 2001 is hereby approved and in shall be in full force and affect, together with the amendments recommended by the Planning Commission.

PASSED and ADOPTED this 7th day of November 2001.

ATTEST:

/s/ Stephanie Tuin
City Clerk

/s/ Cindy Enos-Martinez
President of City Council
