WHEREAS, Notice of Intention to create said District was duly published.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF GRAND JUNCTION, COLORADO:

1. That the real property (also known as the "District Lands") to be assessed with a portion of the costs of the proposed services, labor, materials and improvements which the City may deem appropriate, is described as follows:

Lots 1 through 34, inclusive, Block 23, City of Grand Junction;
All in the City of Grand Junction, and Mesa County, Colorado.

2. That the proposed services, labor, materials and improvements necessary to accommodate the request of the owners of the District Lands shall include, but may not be limited to, the design, construction, installation, placement and inspection of base course material and concrete paving, together with any other services or facilities required to accomplish this request as deemed necessary by the City Engineer ("District

Improvements”), all of which shall be installed in accordance with the General Conditions, Specifications and Details for Public Works and Utility Projects of the City of Grand Junction.

3. That the assessments to be levied against and upon each respective property which is part of the District Lands shall be determined by multiplying the linear footage that each respective property abuts the alley right-of-way by the appropriate Residential Single-Family, Residential Multi-Family or Non-Residential assessment rate as defined by City Resolution No. 16-97, passed and adopted on the 17th day of February, 1997, and as established by City Resolution No. 57-99, passed and adopted on the 21st day of April, 1999, and as established by City Ordinance No. 4280, passed and adopted on the 20th day of August, 2008, as follows:

(a) The Residential Single-Family assessment rate shall be fifteen (15) percent of the total contracted construction costs for their abutting footage. The Residential Single-Family assessment rate shall apply to all properties having only one residential housing unit which is arranged, designed and intended to be occupied as a single housekeeping unit, and all vacant properties located within a residential single-family residential zone;

(b) The Residential Multi-Family assessment rate shall be twenty-five (25) percent of the total contracted construction costs for their abutting footage. The Residential Multi-Family assessment rate shall apply to all properties having a structure or structures which are arranged, designed and intended to be the residence of more than one housekeeping unit independent of other housekeeping units, and properties which are necessary for and appurtenant to the use and occupancy of multi-family residential uses, such as parking lots, clubhouses and recreation facilities, and all vacant properties located within a multi-family residential zone;

(c) The Non-Residential assessment rate shall be fifty (50) percent of the total contracted construction costs for their abutting footage. Except as provided in Section 3(d) below, the Non-Residential assessment rate shall apply to all properties which are used and occupied for any purpose other than single-family or multi-family residential purposes, and all vacant properties located within any zone other than residential;

(d) Properties from which a business or commercial use is conducted (“home occupation”) which also serve as a single-family or multi-family residence may be assessed the applicable single-family or multi-family assessment rate if such home occupation conforms with or has been authorized by the Zoning and Development Code of the City;

(e) Pursuant to City Resolution No. 61-90, passed and adopted on 19th day of September, 1990, properties having alley frontage on more than one side shall be assessed the applicable assessment rate for the frontage on the longest side only.

(f) The assessment rates described above shall be applicable as of the date of the final reading of the assessing ordinance.

4. That the assessments to be levied against the District Lands to pay a portion of the costs of the District Improvements shall be due and payable, without demand, within thirty (30) days after the ordinance assessing such costs against and upon the District Lands becomes final. The failure by any owner(s) to pay the whole assessment within said thirty (30) day period shall be conclusively considered as an election on the part of said owner(s) to pay such owner's assessment in ten (10) annual installments, in which event an additional six percent (6%) one-time charge for costs of collection and other incidentals shall be added to the principal amount of such owner's assessment. Assessments to be paid in installments shall accrue simple interest at the rate of eight percent (8%) per annum on the unpaid balance and shall be payable at the time the next installment of general taxes, by the laws of the State of Colorado, is payable, and each annual installment shall be paid on or before the same date each year thereafter until paid in full.

5. That the City Engineer is hereby authorized and directed to prepare full details, plans and specifications for the District Improvements, together with a map of the District depicting the District Lands to be assessed from which the amount of the assessments to be levied against each individual property may be readily ascertained, all as required by Ordinance No. 178, as amended, City of Grand Junction, Colorado.
