An application for a permit to construct a pre-cut garage on lots 10, 11, and 12, Block 5, which are the Hugh Pinger lots on 7th and North, and had been rejected by the Building Inspector because of the fact that no sanitary facilities were provided. This building is to be mounted on skids instead of a permanent foundation and used as an advertising display and a temporary part-time office. Sanitary facilities are available at the service station across the street. It was explained to the Council that these young men were selling these garages which were built entirely in accordance with the building code and are being cut at a local lumber yard. This office building at 7th and North would be removed at any time the City Council thought it necessary and advisable. It was moved by Councilman Bagby and seconded by Councilman Harper that permission be granted to James Brunton to establish a temporary building on 7th and North, to be used as part-time office headquarters for a period of six months or to be removed at any time the Council deems it advisable. Motion carried. It was moved by Councilman Bagby and seconded by Councilman Harper that the meeting adjourn. Motion carried.
