

Grand Junction, Colorado

November 18, 1959

**ROLL CALL**

The City Council of the City of Grand Junction, Colorado, met in regular session at 7:30 o'clock P. M., November 18, 1959. Councilmen present and answering roll call were Meacham, Hadden, Dean, Colescott, Strnad, Wright and President Orr. Also present were City Manager Cheever, City Attorney Ashby and City Clerk Tomlinson.

**MINUTES**

It was moved by Councilman Strnad and seconded by Councilman Hadden that the minutes of the regular meeting held November 4, 1959 be approved as written. Motion carried.

**RESIGNATION** of R. E. Cheever, City Mgr. accepted 1-1-60

The resignation of Mr. R. E. Cheever, City Manager, effective as of January 1, 1960, was presented. It was moved by Councilman Strnad and seconded by Councilman Dean that the resignation be accepted as presented.

Councilman Wright stated that he took a dim view of the way this matter had been handled. He said he was not sure that there was a good basis for the feeling that a new City Manager was needed. Normally speaking, if a person had an employee, he would advise him of his duties and in the event he did not carry them out, there would be justification for making a change. He said he did not feel that the Council had done that. He felt that this matter should have been discussed in Council meetings where the facts could have been discussed by all members of the Council. He felt that it would be hard to get a good City Manager to come to Grand Junction at this time. He definitely opposed the method which was used in asking for Mr. Cheever's resignation and felt that it might have been done in haste and might not be a sound move on the Council's part, and that the Council should consider very carefully the facts of this move.

Instr. #3995

Councilman Wright presented a petition, which had been handed to him just before Council meeting, asking the Council to consider carefully the question of the resignation of the City Manager. This petition contained the names of 112 people, and the petition stated that the signers did not necessarily hold any brief for the incumbent but felt that termination at this time without an

adequate replacement could upset the city organization and result in additional cost in its operation.

Councilman Meacham stated that he concurred with Councilman Wright, and also wished to call the attention of the Council to the meeting which they had held on June 2nd at which time they asked Mr. Cheever to stop acting like a Mayor and act like a City Manager; to stop going to so many conventions and clubs, and to attend to business more. That at that time they had given Mr. Cheever a vote of confidence. He also stated that he was not aware of the meetings in which the resignation of Mr. Cheever had been discussed, and that he felt they were not acting for the good of the community.

Roll was called on the motion with the following result:

Councilmen voting "AYE:" Hadden, Dean, Colescott, Strnad and Pres. Orr

Councilmen voting "NAY:" Meacham and Wright

A majority of Councilmen voting "AYE," the President declared the motion carried.

#### **DISCUSSION OF RESIGNATION**

Councilman Wright stated that he wished to get something off his chest so that he could forget it and that he would like to say three things; one, he felt very badly that something in the nature of this resignation was decided without a full and complete Council discussion; not necessarily a public one, but one open to the press but at least discussion to the satisfaction of each and every Council member. He thought there were many items, many routine items, that is, that this is not necessary - to be discussed, but he felt that he had not had a chance to put in his two bits worth, so to speak, prior to this meeting. As a matter of fact, he had only heard of this, that action was being taken, late in the afternoon prior to the meeting as he was coming back from Glenwood. He stated that this one thing he did not like. The other, was the method of doing it publicly.

He stated that it would appear to him to get publicity had shafted a person unnecessarily, and he hoped everybody would sleep well because of it. He also addressed Mr. Orr as President, and stated that he thought it was his responsibility to have done this differently. He again stated that he wanted to state this and get it off his chest and forget it.

Mr. Cheever then stated that he would like to say that when Mr. Orr first informed him that they wanted his resignation, he asked for a hearing before the entire Council, and that this had not been allowed. In fact they tried to have a meeting Saturday night and could not have it as they couldn't get all the members of the Council together; finally they had a meeting on Sunday night with four present. He remarked that he had a clear conscience on this and would leave it rest with those who had voted as they had.

Councilman Wright then stated that he thought they had voted that way and thought that they needed to do what they had to now and again reiterated that he just wanted to say this so that he could get this off his chest, so to speak, so that he could forget about it.

President Orr then stated that he was accepting the responsibility, and that perhaps he was not in complete agreement with, perhaps, the manner in which, as had been said, this thing came up. He particularly disliked the publicity that accompanied it in advance of any Council action, but that he was also a believer in the fact that no man can work if he does not have the backing of his Council; and that he had been aware, as other members had been, for sometime, that there was not a majority of Councilmen in favor of Mr. Cheever's policies so that that explained in some way the reason for his action, and stated that he would get that off his chest.

Councilman Meacham then asked if the President would explain, since he was in town and was available, why he was not called in on the initial part of this about a month ago when he expressed his objections. He said he understood that Mr. Wright was not notified as he was out of town.

President Orr stated that Mr. Meacham had been advised and Councilman Meacham replied that he was not. He found out the day after or the afternoon after this happened. President Orr stated that there was no action taken or contemplated at that time. Councilman Meacham then stated "then it was after you had gone to the City Manager and had asked for Mr. Cheever's resignation?" President Orr stated that he had not asked for Mr. Cheever's resignation; that he had informed him that he did not have a majority of the Council in his favor. Mr. Cheever stated "I will have to differ with you, Bill. You asked me and asked if I would be sure and have it in by the 18th and have it effective by January 1, 1960." President Orr replied, "I will have to differ with you, but then you and I were the only ones in the office. It is your word against mine; but that was the message I intended to convey."

Councilman Wright then stated that he did not think there was any point to all of this, and Councilman Strnad stated, "That is right. Let's don't clean any linen around here. It is done. It is completed. It is my turn to talk. I have nothing to say."

#### **WATER COMMITTEE**

Councilman Colescott reported that the Water Committee had held a meeting and were working on plans for the development of more Kannah Creek Water, and that the members of the Council would receive a full report in the near future.

It was moved by Councilman Strnad, duly seconded and carried that the meeting adjourn.
