COMMITTEES, BOARDS, RE-AFFIRMED

President McCormick asked if all the Councilmen were happy with the present appointments to various Boards on which they are serving. No one objected. Councilman Colescott asked if the other members of the Council thought there was any need for a water and sewer board to assist with future planning for these departments. City Manager Lacy stated that breaking the Council down into small committees leads to a bad situation but at the present time, there might possibly be a need for an interim financial committee for water and sewer.
