AUTHORIZATION OF UP TO \$4,000 FROM CENTENNIAL-BICENTENNIAL CONTINGENCY FUND TO APPOINT STAFF DIRECTOR TO COMMITTEE

Chairman of the Centennial-Bicentennial Committee, Ted Ford, appeared before Council and outlined activities for the coming year: (1) working an up-date to the calendar for the Daily Sentinel; (2) established the first week of August as "Festival Week;" name to be determined in the future; (3) set up machinery to appoint a chairman of "Festival Week" - asked Council's suggestions as to who might chair "Festival Week" (4) approved the JC's to run a beard-growing contest; (5) approved the Air Force band appearance at Two Rivers Plaza, May 3, 1976.

In order to make the program successful, Mr. Ford stated that a central location needs to be established as headquarters with a director who can make contacts for matching funds, receive calls from people with ideas, general correspondence and records management. Mr. Ford recommended the appointment of some person to act as Staff Director to the Centennial-Bicentennial Committee. It is estimated this will cost \$4,000 through August. Mr. Ford said

he is working through the County to obtain clerical assistance.

It was moved by Councilwoman Quimby and seconded by Councilman Brown that a person be hired to act as Staff Director to the Centennial-Bicentennial Commission and authorized up to \$4,000 from the Centennial-Bicentennial Contingency Fund for salary. Motion carried unanimously.

PROPOSED FOR OLD-FASHIONED 4TH OF JULY AT LINCOLN PARK

President of the Recreation Board, Rich Baca, appeared before Council to present a proposal for an "Old-Fashioned Fourth of July" at Lincoln Park. Some of the things considered: an old-fashioned picnic with ice cream, sack races, horse races, music from different bands, old-timers parade, bicycle rodeos, with a fire-works display culminating the day's activities. They propose to work in conjunction with the Centennial Bicentennial Committee. The Recreation Board wants to act as the committee to coordinate the activities and requested Council's endorsement. Council consensus was to approve the concept and volunteered to help individually or collectively as may be determined.

RENEWAL OF 3.2 BEER LICENSES

7-2-11 FOOD STORE NO. 18, 2355 BELFORD

PIZZA HUT OF GRAND JUNCTION , INC. 1440 NORTH AVENUE

COUNCIL HEARING ON ALLEGED VIOLATION BY PIZZA HUT TO BE SCHEDULED IN NEAR FUTURE

Submitted for consideration were the applications by Hobby Frazer, 7-2-11 Food Store No. 18, 2355 Belford and Pizza Hut of Grand Junction, Inc. 1440 North Avenue, for the renewal of 3.2 beer licenses. A report from the Police Department with respect to 7-2-11 Food Store No. 18, 2355 Belford, indicated that during the past licensing period there have been no violations or complaints made in connection with the operation of this establishment concerning the sale of 3.2 beer. It noted that management is always cooperative and operates well within the limits of the law.

It was moved by Councilman Tufly and seconded by Councilman Colescott that the application be approved and the license issued when the State license has been received.

It was noted there has been an alleged violation by the Pizza Hut of Grand Junction, Inc., 1440 North Avenue. The City Attorney recommended Council approve the application subject to a hearing being scheduled by Council after the completion of court hearings. It was moved by Councilman Johnson and seconded by Councilman Tufly that the application by Pizza Hut of Grand Junction, Inc., 1440 North Avenue, be approved and the license issued when the State license has been received subject to a hearing on the alleged violation after the completion of court hearing. Motion

carried unanimously.

HEARING - APPLICATION FOR 3.2 BEER LICENSE FOR ON-PREMISE  
CONSUMPTION AT 2825 NORTH AVENUE - BRUCE E. TROY, DOING BUSINESS  
AS "SUDS AND SOUND"

Advertised for hearing on this date was the application by Bruce E. Troy for 3.2% fermented malt beverage license to serve by the drink for consumption on the premises at 2825 North Avenue. Submitted for the record were the results of the survey of the area between 28 Road to Harris Road, Elm Avenue to Teller Avenue. Results were:

(1) I favor the issuance of the license as I believe the needs of the neighborhood are not being met by other outlets. 116

(2) I believe the needs of the neighborhood are being met by existing outlets. 76

(3) Otherwise Opposed. 5

(4) No Opinion. 29

Total 226

Also entered for the record was Mr. Troy's Statement of Intent and three character reference letters. A letter from Jean R. McLaren and Georgia R. McLaren, owners of the Columbine Motel, 2824 North Avenue, opposing this license, was also entered for the record. A petition from the trade area containing 598 signatures was filed which favored the issuance of a license at this location. A report from the Police Department advised that a background investigation has been conducted concerning the application of Bruce Troy for the sale of 3.2 beer on the premises at 2825 North Avenue. During the course of the investigation nothing of a derogatory nature was disclosed which would make Mr. Troy ineligible to hold a 3.2 beer license in this state. The map showing similar outlets was outlined at this time.

Mr. Bruce Troy appeared before Council and outlined his plans for this type of business. He presented architect's drawings showing the parking lot, the exterior of the building and the interior of the building. He noted he will plan to have security policement on premises Friday and Saturday nights. His attorney, Mr. Ed Distil, was present, as well as a representative from CBW Builders.

Mr. Steve Ellinwood, 1423 Bunting, and Mr. John Barnes, 409 North Sherwood, spoke for the issuance of the license.

Mr. Romaine Stein, 516 Compton, indicated a problem with heavy traffic flow behind the Eastgate Shopping Center. The City Administration is to work with the merchants in that area to take care of the problem as outlined by Mr. Romaine Stein. Mr. Stein indicated that by eliminating this problem the three opponents

listed on Compton Street would remove their opposition.

Mrs. Georgia McLaren, Columbine Motel, indicated traffic and access onto North Avenue as one of the factors in their opposition to the issuance of this license. Mrs. Betty Gerdeman, 1460 North Avenue (which was noted as being outside the immediate neighborhood) indicated the traffic along North Avenue as a factor in this consideration.

The President of the Council stated that it is Council policy to table at this meeting and a decision will be offered on February 4. The President closed the hearing.

Councilman Johnson stated that Council cannot declare a moratorium on new development just because of traffic on North Avenue.

CONSIDERATION OF BIDS AWARD OF CONTRACT FOR WATER & SEWER SYSTEM ADDITIONS, 1975 - KIPP CONSTRUCTION, INC. \$69,388.15

Bids were received and opened for Water and Sewer System Additions, 1975, on January 15. The project includes water and sewer lines to serve the Wellington Avenue area between 7th Street and Little Bookcliff Drive, North 26 water line replacement, and an extension of sewer to serve the new Landing Heights Health Care Center on Patterson Road. Eight bids were received. They were:

Dye Construction Co. \$127,313.00  
Schmidt-Tiago Construction Co. 118,235.25  
DACO Construction Co., Inc. 116,168.88  
Scheierman Construction 94,372.70  
Kelran Constructors, Inc. 91,691.60  
Parkerson Construction 85,963.55  
Industrial Co. of Steamboat Springs 84,439.25  
Kipp Construction, Inc. 69,388.15  
Engineer's Estimate 129,146.00

The Engineering Department recommended that the low bid of Kipp Construction be accepted and that the contract be awarded contingent on the approval of the request by Utilities Director Jim Patterson for additional monies to cover this project above the amount that has already been encumbered.

Utilities Director Jim Patterson appeared before Council and stated that in the 1975 Budget there was an amount of \$100,000 in Budget Item 054. 36-901 for capital improvements to the sewage system. Items that were to be done included the installation of sewer lines on Wellington Avenue and on Patterson Road for the Landing Heights area. The Wellington Avenue sewer includes a pumping station. Specifications for bids were prepared for the above projects as well as the water lines on Wellington and on 26 Road. The material for the water lines and the lift station were purchased from the 1975 budget. With Council approving the encumbrance of \$35,000 from the 1975 budget for the installation of the water line on 26 Road. The remaining construction work was

not encumbered because there was not sufficient information or cost projections to request an encumbrance before the end of the year. As a result, the carryover from 1975 to 1976 was higher than shown in the budget projections. The budgeted carryover was \$425,000. The actual carryover was \$537,000. Kipp's low bid for the above project was \$69,388.15. With the addition of 15% for Engineering costs encumbered in 1975 leaves a total needed of \$44,796.67. Mr. Patterson requested Council authorize an account to be set up in the amount of \$45,000 to cover this expenditure.

At the same time Mr. Patterson requested that a new budget item be set up in the amount of \$6,085. In 1971 this amount was withheld from the contractor who did the work on Sanitary Sewer District 28-71. The money was withheld because of money the contractor, Dye Construction Co., owed United Sand & Gravel, United Redi-Mix, and Drive Line Service for materials used the project. These accounts have just been paid by Dye, but the money withheld was not encumbered from 1971.

After discussion regarding the carryover, it was moved by Councilman Johnson and seconded by Councilman Brown that the \$51,000 that is needed for these projects be authorized contingent upon a rapid review of the other funds to be sure of the carryover. Motion carried unanimously.

It was moved by Councilman Brown and seconded by Councilwoman Quimby that the bids for Water and Sewer System Additions, 1975, be accepted and that the contract be awarded to Kipp Construction in the amount of \$69,388.15. Motion carried unanimously.

Recommended from the Planning Commission and advertised for hearing on this date was the proposed rezoning from R-1C to R-2-A the area at approximately 2865 Elm Avenue. There was discussion of the traffic situation on 7th Street, and it was determined that the traffic ingress and egress on 7th Street will be designed to fit city street project for that area. No letters having been filed and no one in the audience indicating a desire to speak, the President closed the hearing.

ORDINANCES OF THE CITY OF GRAND JUNCTION, COLORADO, BY ADDING THE ZONING OF CERTAIN LAND WITHIN THE CITY. It was moved by Councilman Colescott and seconded by Councilman Tufly that the proposed ordinance be passed for publication. Motion carried unanimously.

PROP. ORD. - REQUEST BY HOUSING AUTHORITY FOR VACATION OF 16 FEET OF 19TH STREET

Advertised for hearing on this date and recommended from the Planning Commission was the request by the Housing Authority for vacation of 16 feet of 19th Street. Senior Planner Don Warner outlined the proposed vacation; he stated that 19th Street has been used for some time as an alley rather than a street as there has never been a full-sized right of way. He presented the proposed development plan of the Housing Authority property showing the proposed parking bays along 19th Street. He noted that at Monterey Park nor all the parking space is used. No letters had been filed and no one in the audience indicated a desire to speak on this matter. The President closed the hearing.

Councilman Johnson stated he has serious reservation about creating another situation such as the one behind Grand Junction Senior High School where there is an alley that is used a street. He said he is not in favor of narrowing down a thoroughfare to 20 feet requiring the people back into it in order to have access to the thoroughfare while doubling or more than doubling the traffic volume the thoroughfare would normally have.

After Mr. Warner pointed out the other parking areas inside the development, there was a question as to whether the parking along 19th was really necessary. Mr. Warner said that the regulations require two parking spaces per living unit and this plan is designed to meet that requirement. He noted there is no provision to waive that requirement. Mr. Warner said the Planning Commission is in favor of vacating this thoroughfare regardless of whether there is parking along there or not as it does not want to be put in a position where they open up a street and double front the lots to the east and encourage a street which is only one lot deep away from another full street. Mr. Warner said that since this is the preliminary plat, a review of the parking space would be made and perhaps waive the requirement for two parking spaces per unit if Council so desired. Councilman Van Houten stated the regulation of two spaces of parking per unit was established in order to provide off-street parking in the development; therefore, he would not be in favor of waiving this and setting a precedent.

President Kozisek noted that a decision by Council is necessary so the Housing Authority can present the proposed development plan in Denver on January 26 in it application for funds.

Councilman Tufly questioned who is going to pay for the paving.

The following entitled proposed ordinance was read: AN ORDINANCE VACATING A PORTION OF STREET WITHIN THE CITY OF GRAND JUNCTION. It

was moved by Councilman Colescott to pass the proposed ordinance for publication, which motion was seconded by Councilwoman Quimby. The majority of Council having voted NO, the President declared the motion lost.

Councilman Johnson moved that the Planning Department come back with a review of the parking needs for this development and if it can be determined that less parking is required, an alternate plan be submitted, which motion was seconded by Councilman Tufly.

Discussion was had regarding a variance and treating the Housing Authority differently from any other developer. Additionally, the time frame the Housing Authority has to present its application for funding was considered. Consideration was given to waiving the requirement for the greenery which would affect this particular development only. Discussion then came back to the required parking spaces per unit and the notation that elderly housing seldom use the required number of spaces.

Councilman Colescott noted that the justification for the parking spaces is that sometime in the future the use of the development may change.

The majority of Council having voted NO, the President declared the motion lost.

Councilman Van Houten moved to table this item until the completion of agenda items, which motion was seconded by Councilman Brown. Motion carried unanimously.

It was moved by Councilman Brown and seconded by Councilman Johnson that the Proof of Publication be accepted for filing. Motion carried.

REPORT ON LIQUOR LICENSE VIOLATIONS

City Attorney Ashby reported on liquor license violations. He stated there will be a hearing on Pizza Hut which has been mentioned earlier. There will be a hearing before the State Licensing people with respect to "Oliver's" to determine whether to grant or deny the license. Mr. Ashby stated that Mr. Jim Gilliam, State Liquor Enforcement Officer, had reported that D & D Liquors, 401 North Avenue, was caught selling at 12:10 a.m., which is after hours. They received a warning only. Ski Lu, doing business as the Ivanhoe, had been investigated. Certain liquor in the back had been sampled and found not to meet the proof on the bottle. There was an administrative hearing before Mr. Dolan and a warning only was issued. Mr. Ashby recommended that the last two items not be brought before Council as some administrative action

has been taken.

\$200,000 HOME RECONSTRUCTION GRANT REQUEST - HEARING

City Manager Rose reminded Council he would be conducting hearings at 8:00 a.m. and 7:30 p.m. Thursday, January 22, 1976, for the \$200,000 Home Reconstruction Grant request.

REQUEST TO PURCHASE HOUSE AT 26 1/2 Road, north of the Dallas-Henry property. The proposal is to purchase the house for \$75, move it, and clean up the lot, except for the foundation. It was moved by Councilman Johnson and seconded by Councilman Colescott that the offer of \$75 for this house be accepted. The majority of Council having voted NO, the President declared the motion lost. The Administration will include this structure along with other structures and offer for bid.

HOUSING AUTHORITY REQUEST TO VACATE 19TH STREET

Discussion was had regarding paving of 19th Street. City Manager Rose said the City can pay for that half of the street or the Housing Authority can voluntarily provide an amount equal to what the assessment would be had they been assessed. Councilman Johnson asked if the street could be forced into a district with their inclusion. General agreement was that it could not. It would be dependent upon the property owners on the east to petition for improvements. Councilwoman Quimby said it was the original intent of the Housing Authority to "pay as you go" as much as it possibly can. At the moment, she does not know what it can and cannot do. It was only recently that the Housing Authority learned it could not be a part of an improvement district. City Attorney Ashby commented that this was one thing needing to be checked out. He is not sure the Housing Authority cannot be a part of an improvement district if the Authority voluntarily agrees to it. Councilman Brown said he feels the people on the east side of the street should be asked if they are willing to enter into an improvement district, as he did not feel he could endorse forcing them into such district.

Councilman Brown moved that the City not vacate the alley; that the City authorize the Housing Authority to run angle parking using part of the alley; that the alley remain a two-way alley; and that the survey of Monterey Park and its parking use be offered the Housing Authority as an option for later use. Motion lost for lack of a second.

Councilman Colescott moved to recess for five minutes, which motion was duly seconded and carried.

Upon reconvening Councilman Brown moved to table this item until Thursday evening, January 22, so a survey can be completed on Monterey Park, and a survey of the owners of property on the east to determine whether they are willing to enter into an improvement district and one-waying of the street, and giving the Housing

Authority consultants and all interested persons an opportunity to be present, which motion was seconded by Councilman Johnson. Motion carried.

HUMAN RELATIONS COUNCIL

Councilman Johnson reported that he attended a meeting with the Human Relations Council on January 20.
