THE CITY SHALL NOT ORDER THE CONSTRUCTION OF ANY IMPROVEMENT WHERE ASSESSMENTS ARE TO BE LEVIED AGAINST PROPERTY OWNERS AS PROVIDED UNDER C.R.S. 31-25-503 EXCEPT AFTER APPROVAL BY A MAJORITY OF THE PROPERTY OWNERS TO BE ASSESSED WITHIN THE IMPROVEMENT DISTRICT TO BE CREATED.

	<u>A-1</u>	<u>A-2</u>	<u>B-3</u>	<u>C-4</u>	<u>D-5</u>	<u>E-6</u>	<u>7</u>	<u>TOTAL</u>
FOR THE ORDINANCE	92	322	651	525	928	524	74	3,116
AGAINST THE ORDINANCE	33	47	251	133	322	120	26	932

DISTRICT B - TERM TO EXPIRE MAY, 1987

The grounds for demanding the recall of the incumbent are that:

- a. Said officer has failed to represent the will of the electors of the City of Grand Junction in the creation of special road improvement districts ST-84 and ST-85 (7th Street, 15th Street and Patterson Road) causing the assessment of property owners in said districts and resulting in an excessive tax burden and general hardship on said taxpayers.
- b. Said actions were arbitrary, an abuse of discretion and against the will of the electors, the people of the City of Grand Junction.

Justification of course in office by James Leland; Councilman - District B:

The Grand Junction City Council has addressed the problems of the citizens affected by the establishment of special improvement districts. New policy has been formulated which provides the citizens a variety of payment methods of assessments while remaining consistent with previous improvement districts and assessments.

Additional fiscal responsibility has been displayed in providing efficient, top-quality services to city residents, while reducing city mill levy 33% since 1982.

The current City Council has also taken an active part in working with the Mesa County Economic Development Council to solicit and attract new businesses. The Council participated with other local agencies in Mesa County in securing designated enterprise zones. The Council is continuing with plans to improve the quality of life as evidenced by construction of the Lincoln Park Pool. Currently under construction is a plan to highlight the confluence of the Colorado and Gunnison Rivers, "Confluence Park."

Retention of the current City Council will insure that the progress initiated by the Council will continue and that the four-year commitment made by the electorate and the Councilman can be honored.

Shall James Leland be recalled from the office of Councilman, District B?

CITY AT LARGE - TERM TO EXPIRE MAY, 1989

The grounds for demanding the recall of the incumbent are that:

- a. Said officer has failed to represent the will of the electors of the City of Grand Junction in the creation of special road improvement districts ST-84 and ST-85 (7th Street, 15th Street and Patterson Road) causing the assessment of property owners in said districts and resulting in an excessive tax burden and general hardship on said taxpayers.
- b. Said actions were arbitrary, an abuse of discretion and against the will of the electors, the people of the City of Grand Junction.

Justification of course in office by Timothy V. Mannion, Councilman - City at Large:

What is a "fair" assessment. The residents of Patterson Road feel that fair is for the citizens of Grand Junction to pay their assessment through taxes. Many people have paid assessments, and those of us who already had a street are paying for the street in the price of the house. The residents on Patterson Road have never paid an assessment for the street before.

The assessments were based on the cost of one-third of a residential street. If these people had their house anywhere else in the city their assessments would have been \$46 per front foot. The Council held special meetings where these residents said that this road was different in that they would have more traffic, more noise, and no on-street parking. Taking these concerns into account the City Council reduced the \$46 assessments to \$25 per front foot. This was done months before this recall election was ever started, but the residents will still wanted "no" assessment. Just before the recall petitions were turned in the City Council made one last attempt to compromise by changing the assessments to charge only for the sidewalk and/or curb which improved the resident's property. But even this greatly reduced assessment was still an assessment so the residents pursued this recall. A lot of attention has been given to the amounts of the assessments; unfortunately, the residents have chosen to quote their legal limit of assessment not the actual assessment, and no mention is ever made of the money the city paid to them for right-of-way in an attempt to use misinformation to create sympathy for their cause.

Recalls are usually reserved for someone who has broken a law, not because we disagree with the way they voted.

For Grand Junction, vote NO on recall.
