ADJOURN

Community Plan Update

April 16, 2007

watershedplan.org

Purpose of Meeting

- Discuss a serious public concern
- Provide an opportunity for us to work together to resolve it
- Review the plan contents
- Share options for comment/input
- Suggested meeting process

● ● ● | Plan Overview – what is in the plan?

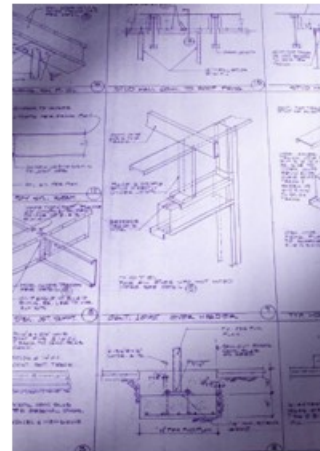

- Executive Summary
- Vision and Goals
- Background and Development
- Risk Management
- Best Practices
- Regulatory Agencies & their roles
- Plans of Development (PODs)
- Monitoring and Inspection

Appendix

- Maps
- Emergency Response Plan
- Storm Water Management Plan
- Ordinances
- NEPA process
- Green Fracturing
- Hydrological Studies
- Well information

Opportunities for comment or input

- o Public Forum on April 25th in Palisade
- o Web-site – watershedplan.org
- o Written or verbal comments to working group members who will then forward them to Genesis

Suggested Public Input Process

- Grand Junction to host focus meetings with “key” affected or interested groups –
- Grand Junction to host facilitated, combined “solution” meeting.
- Town of Palisade to host a public meeting May 9th for individuals to attend if they wish to comment in person rather than in writing.
