1 The Objective

K2 Enterprises will place a new Hyosung 1800 CE ATM machine within the locations of Lincoln Park & Tiara Rado golf courses. This machine will be operated with a wireless modem rather than a hardwired phone line. This will allow the ATM to connect to customers banking establishments without the shared use of a phone line through local POS.

2 Costs

There are *no costs and no hassle* to your establishment. K2 Enterprises will place, maintain and service each ATM, allowing your business to operate without interruption.

3 Breakdown

Revenue Sharing:

- Surcharge activity from 1-100 (per machine)
(Establishment will receive .0 cents per transaction)
- Surcharge activity from 101-200 (per machine)
(Establishment will receive .50 cents per transaction)
- Surcharge activity from 201-500 (per machine)
(Establishment will receive .75 cents per transaction)
- All surcharge amounts are negotiable

4 Maintenance

- K2 Enterprises is a locally owned and operated ATM sales and service company here in Grand Junction. We monitor our machines both online (24/7) as well as receive up to the minute status alerts via cell phone, if problems arise.
