This meeting was called in order that the Board might consider the request of James L. Gale for variance from the zoning ordinance to permit a caretaker's apartment in the basement of his apartment house at 2226 North 6th Street.

After discussion, motion was made and seconded that the Board allow the variance so that the apartment for caretaker may be put in the basement of the apartment house at 2226 North 6th Street, PROVIDED it meets the sanitary code of the City of Grand Junction.

Meeting adjourned.

R. E. Cheever, Secretary
