### PART 3

#### DIVISION OF COMMERCE AND DEVELOPMENT

**24-32-301. Creation of division - director - assistants.** There is hereby created a division in the department of local affairs to be known as the division of commerce and development, referred to in this part 3 as the "division". The division shall be in the charge of a director, who shall be appointed by the executive director of the department. The director shall appoint such assistants and clerical employees as may be deemed necessary to effectively administer this part 3. The director and such assistants and employees shall be appointed pursuant to section 13 of article XII of the state constitution.

**24-32-303. Authority and responsibility of the director.** (1) In furtherance of the policy expressed in section 24-32-302, the director, acting under the authority of the governor, has the following powers:

(a) Creation, within the appropriations and allocations given by the general assembly or the governor, of such subdivisions and positions within the division as the director may deem necessary to fulfill his responsibilities;

(b) Contracting, in accordance with existing law, for those services and materials required by the activities of the division;

(c) Promulgation of such rules and regulations as may be necessary to effectuate the purposes of the division;

(d) Expenditure of state funds, within the appropriations, allocations, and directives of the general assembly or the governor, for the encouragement and stimulation of local planning, promotion, and development activities;

(e) Any other authority, consistent with the purposes for which the division was created, which is reasonably necessary for the fulfillment of the assigned responsibilities.

(2) In furtherance of the policy expressed in section 24-32-302, the director has the following responsibilities:

(a) Development, promotion, and coordination of long-range plans for the economic development of the state;

(b) Stimulation and guidance of area redevelopment plans in those areas of the state with declining economies;

(c) Development and expansion of foreign and domestic markets for Colorado products;

(d) Conduct of a program to achieve a balance between commerce, industry, agriculture, professions, and the labor market in order to provide employment and economic well-being for all the people of Colorado, with particular emphasis on those rural and lesser populated areas of the state which desire to receive such assistance;

(e) and (f) Repealed.

(g) Conduct of a state economic research and information center for the use of state and local governmental agencies, private industry, labor, the professions, and other groups, both in and out of the state, interested in the economy of the state;

(h) Coordination and stimulation of and assistance to the efforts of governmental and private agencies engaged in the planning and development of a balanced economy for Colorado;

(i) Cooperation with the federal government and the other state governments to encourage such joint planning, agreements, and compacts as would serve the purposes of the division;

(j) Acceptance and administration of federal grant-in-aid funds and state trust funds devoted to state development and promotional activities;

(k) Representation of the governor in matters pertaining to the economic development of the state.

## PART 7

### DIVISION OF HOUSING - COLORADO HOUSING ACT OF 1970

**24-32-701. Short title.** This part 7 shall be known and may be cited as the "Colorado Housing Act of 1970".

**Source:** L. 70: p. 239, § 1. C.R.S. 1963: § 69-9-1.

**24-32-702. Legislative declaration.** (1) It is hereby declared that there exists in this state a need for additional adequate, safe, sanitary, and energy-efficient new and rehabilitated dwelling units; that a need exists for assistance to families in securing new or rehabilitated rental housing; and that, unless the supply of housing units is increased, a large number of residents of this state will be compelled to live under unsanitary, overcrowded, and unsafe conditions to the detriment of their health, welfare, and well-being and to that of the communities of which they are a part. It is further declared that coordination and cooperation among private enterprise and state and local government are essential to the provision of adequate housing, and to that end it is desirable to create a division of housing within the department of local affairs. The general assembly further declares that the enactment of these provisions as set forth in this part 7 are for the public and statewide interest.

(2) The general assembly further finds that, in an effort to meet the housing needs within the state, the private housing and construction industry has developed mass production techniques which can substantially reduce housing construction costs and that the mass production of housing, consisting primarily of factory manufacture of dwelling units, presents unique problems with respect to the establishment of uniform health and safety standards and inspection procedures. The general assembly further finds that by minimizing the problems of standards and inspection procedures it is demonstrating its intention to encourage the reduction of housing construction costs and to make housing and home ownership more feasible for all residents of the state.

(3) The general assembly further finds that, in an effort to meet the housing needs within the state through the use of manufactured housing units, it is necessary to require state supervision of compliance with government-approved codes of manufacture, such as the uniform building code and the federal regulations governing manufactured housing units. It is the intent of the general assembly that such supervision be accomplished primarily through the use of private inspection and certification entities to the extent allowed by the state constitution, the "State Personnel System Act", article 50 of this title, and the rules promulgated by the state personnel board.

(4) The general assembly further finds and declares that:

(a) Publicly-assisted rental housing that is affordable to low- and moderate-income persons should be preserved; and

(b) The division of housing should encourage property owners to notify the division when affordable housing units will be lost as housing for low- or moderate-income persons, so that the division may explore options for preserving the affordable housing resources.

**24-32-704. Division of housing - director.** (1) There is hereby created within the department of local affairs a division of housing, referred to in this part 7 as the "division". The division shall be headed by the state director of housing appointed by the executive director of the department of local affairs in accordance with section 13 of article XII of the state constitution.

(2) The division of housing shall exercise its powers and perform its duties and functions specified in this part 7 under the department of local affairs as if it were transferred to the department by a **type 1** transfer as such transfer is defined in the "Administrative Organization Act of 1968", being article 1 of this title.

**Source:** L. 70: p. 240, § 1. C.R.S. 1963: § 69-9-4.

**24-32-705. Functions of division.** (1) The division has the following functions:

(a) To encourage private enterprise and all public and private agencies engaged in the planning, construction, and acquisition of adequate housing or the rehabilitation or weatherization of existing housing in Colorado by providing research, advisory, and liaison services and rehabilitation, construction, acquisition, and weatherization grants and loans from appropriations made for this purpose by the general assembly. For the purposes of this subsection (1)(a), "weatherization" means the provision and installation of materials and devices that improve the thermal performance of a residence so as to conserve energy and reduce energy costs and includes those structural, heating, electrical, and plumbing repairs and improvements that are necessary to safely and effectively improve thermal performance. All such grants and loans to public and private agencies must be at least equally matched from a nonstate source unless sufficient local sources are not available because of other essential public functions and must be for providing energy-efficient housing to low- and moderate-income households. These grants or loans shall not be used for administration, which must be funded within the administrative budget of the division.

(b) To assist local communities in the development and operation of local housing authorities;

(c) To encourage and promote cooperation among counties and municipalities to jointly establish and operate housing authorities;

(d) Repealed.

(e) To conduct continuing research into new approaches to housing throughout the state including, but not limited to, the following:

(I) to (III) Repealed.

(IV) Transit-oriented development that includes increased housing density near employment, education, and town centers; and

(V) Advanced energy performance standards that minimize the total building operational costs during the affordability period as determined by the division;

(f) To investigate living, dwelling, and housing conditions in the state and the means and methods of correcting unsafe, unsanitary, or substandard conditions;

(g) To enter upon buildings or property in order to conduct investigations or to make surveys or soundings. In the event the division is unable to obtain permission for such entry, the director may petition the district court in which the property is located for an order authorizing such entry. Upon a finding by the court that the order requested is reasonably necessary to carry out the intent of this part 7, the order shall be granted.

(h) To make available to responsible agencies, boards, commissions, or other governmental agencies its findings and recommendations with regard to any building or property where conditions exist which are unsafe, unsanitary, or substandard;

(i) To accept and receive grants and services from the federal government and other sources and to process such grants and services for other public and private nonprofit agencies and corporations;

(j) To enforce the provisions of part 9 of this article and the rules and regulations adopted pursuant thereto;

(k) To provide training and technical assistance to counties and municipalities which have building codes in the development of energy efficiency construction and renovation performance standards by such local governments;

(l) and (m) Repealed.

(n) Pursuant to section 24-32-717, to administer loans to local governments, local housing authorities, and public and private corporations;

(o) Repealed.

(p) Pursuant to section 24-32-718, to maintain a database of affordable housing units to be lost as affordable housing;

(q) to (s) Repealed.

(t) To serve as the sole state agency for the purpose of administering and distributing financial housing assistance to persons in low- and moderate-income households and to persons with disabilities and assist such persons in obtaining housing, including, without limitation, rental assistance;

(u) To enforce the provisions of the "Mobile Home Park Act" created in part 2 of article 12 of title 38 and the "Mobile Home Park Act Dispute Resolution and Enforcement Program" created in part 11 of article 12 of title 38, and the rules and regulations adopted pursuant to section 38-12-1104 (2)(j).

(v) To collaborate with other state agencies to develop incentives that support:

(I) Local development near transit corridors;

(II) Increased housing density development within employment, education, and town centers; and

(III) Energy performance standards that minimize total building costs during the affordability period, as determined by the division.

(w) To prepare an annual public report on funding of affordable housing preservation and production in accordance with section 24-32-705.5 and to satisfy other requirements in section 24-32-705.5 pertaining to the preparation and dissemination of the report. In its presentation to the joint committees of reference pursuant to section 2-7-203, the department shall summarize the information contained in the report concerning affordable housing funding administered by the division since the department's prior presentation.

(2) The division, through the director thereof, shall serve in an advisory capacity to the state housing and finance authority, created by part 7 of article 4 of title 29, C.R.S., and shall provide information on the housing facility needs of low- and moderate-income families in the state of Colorado.

(3) Repealed.

(4) On a page on the website maintained by the department of local affairs that is dedicated to the division of housing, the division shall provide a link to the annual report that includes information on nondeveloped real property owned by or under the control of each state agency or institution of higher education pursuant to section 2-3-1304 (3). Not later than once annually by December 31 of each year, the division shall update the link it is required to maintain by this subsection (4).

(5) The division shall collaborate with other state agencies in connection with the disposition of state-owned assets to be used for low- and moderate-income housing.

(6) (a) The division shall maintain the confidentiality of all names, addresses, and personal identifying information of applicants, recipients, and former recipients of housing assistance, which forms of housing assistance include without limitation housing vouchers, emergency housing assistance, and homeless services.

(b) Notwithstanding any provision of this subsection (6), the division may publish or provide aggregate or de-identified data concerning applicants, recipients, and former recipients

of housing assistance to third parties and other governmental entities, and may enter into data-sharing agreements authorizing the transfer of names, addresses, and personal identifying information of applicants, recipients, and former recipients of such housing assistance.

(c) Any third party or governmental entity that receives names, addresses, and personal identifying information of applicants, recipients, and former recipients of housing assistance in accordance with this subsection (6) from the division pursuant to a data-sharing agreement shall maintain the confidentiality of all names, addresses, and personal identifying information obtained from such agreements.

(d) As used in this subsection (6), "governmental entity" and "personal identifying information" have the same meanings as specified in section 24-73-101 (4).

(7) The division shall administer the affordable housing guided toolkit and local officials guide program in accordance with section 24-32-721.5.

**24-32-705.5. Annual public report on funding of affordable housing preservation and production - definition.** (1) Commencing in 2021 and every year thereafter, as part of the department's presentation to its joint committees of reference at a hearing held pursuant to section 2-7-203 (2)(a) of the "State Measurement for Accountable, Responsive, and Transparent (SMART) Government Act", in accordance with this section, the division shall prepare a public report that specifies the total amount of money that:

(a) The division or the board was appropriated, awarded, allocated, or transferred from any federal, state, other public, or any private source during the prior fiscal year that may be used for the preservation or production of emergency or affordable housing;

(b) The division or the board has awarded from any federal, state, other public, or any private source during the prior fiscal year in the form of a grant, contract, or loan to promote the preservation or production of emergency or affordable housing; and

(c) The division expended during the prior fiscal year on administrative costs associated with each funding source identified in subsection (1)(a) of this section and the number of full-time employees supported by the funding source identified.

(2) With respect to any funding award made by the division or the board to promote the preservation or production of emergency or affordable housing in the form of a grant or loan, the report must identify the:

(a) Applicant for the award;

(b) Name of the project being funded by the award;

(c) Source of the award funding for the project;

(d) Amount of award funding that was requested for the project identified at the time the final application was submitted;

(e) Amount of funding awarded through the grant or loan;

(f) Total cost of the entire project being funded by the award;

(g) Municipality and county in which the project being funded by the award is located;

(h) Type of housing solution being funded by the award, such as homeownership, rental, emergency, or affordable housing;

(i) Purpose of the award, such as new construction of housing, preservation of existing housing, down payment assistance, land acquisition, or repairs of owner-occupied housing; and

(j) Number of housing units built, acquired, rehabilitated, or preserved by the award.

(3) Each report must also provide a summary describing the source and amount of all funding appropriated, re-appropriated, transferred, or otherwise made available to the division of housing that may be used for the preservation or production of emergency or affordable housing.

(4) The division shall post the most recent version of the annual public report it has prepared as required under subsection (1) of this section in a prominent place on the division's website. In addition, on an annual basis, the division shall deliver a copy of the most recent version of the report to the board as well as to the joint committees of reference for purposes of the hearing held pursuant to section 2-7-203 (2)(a) of the "State Measurement for Accountable, Responsive, and transparent (SMART) Government Act".

(5) Notwithstanding section 24-1-136 (11)(a)(I), the requirement to submit the report required by subsection (1) of this section continues indefinitely.

(6) As used in this section, "affordable housing" means any current or prospective structure that has benefitted from, or that may benefit from, the award of a place-based grant or loan by the division. For purposes of this section, "affordable housing" includes permanent

residences, such as rental or for-sale housing inhabited by low-, moderate-, and middle- income households, as well as temporary and emergency housing such as transitional housing and shelters and households that will benefit from down payment assistance.

**24-32-706. State housing board.** (1) There is created, within the division of housing, the state housing board. The board consists of seven members appointed by the governor for terms of four years each, except as provided in subsection (2) of this section. In making appointments to the board, the governor shall include representation by at least one member who is a person with a disability, as defined in section 24-34-301 (2.5), a family member of a person with a disability, or a member of an advocacy group for persons with disabilities.

(2) Appointments made to take effect January 1, 1983, shall be made in accordance with section 24-1-135. On and after January 1, 1983, and prior to June 15, 1987, their successors shall be appointed for terms of six years each. Persons holding office on June 15, 1987, are subject to the provisions of section 24-1-137. Thereafter members shall be appointed for terms of four years each. Members shall not serve more than two consecutive full terms. All members shall be appointed with the consent of the senate.

(3) At least one member shall be appointed from each congressional district and shall be a qualified elector thereof. A vacancy on the board occurs whenever any member moves out of the congressional district from which he was appointed. A member who moves out of such congressional district shall promptly notify the governor of the date of such move, but such notice is not a condition precedent to the occurrence of the vacancy. The governor shall fill the vacancy as provided in subsection (5) of this section.

(4) Not more than four members shall be from any one political party.

(5) Any vacancy shall be filled by the governor pursuant to subsection (1) of this section for the unexpired term.

(6) Members of the board shall serve without compensation but shall be reimbursed for necessary expenses incurred in the performance of their duties.

(7) The board shall meet upon call of the chairman or whenever directed by the governor.

(8) The governor may remove any appointed member of the board for malfeasance in office, for failure to regularly attend meetings, or for any cause that renders said member incapable or unfit to discharge the duties of his office, and any such removal, when made, shall not be subject to review.

**24-32-707. Powers of board.** (1) The board shall have the following powers:

- (a) To advise the general assembly, the governor, and the division on housing matters;
  - (b) To establish uniform construction and maintenance standards for hotels, motels, and multiple dwellings in those areas of the state where no such standards exist; and for factory-built housing;
  - (c) To develop and submit to the general assembly and units of local government recommendations for uniform housing standards and building codes;
  - (d) To conduct examinations and investigations and to take testimony and proof under oath at hearings;
  - (e) Through the division of housing, to act as agent for local governmental and private nonprofit entities in connection with federal, state, and local public and private nonprofit housing programs;
  - (f) (Deleted by amendment, L. 99, p. 440, § 4, effective August 4, 1999.)
  - (g) To promulgate rules and regulations establishing income limits for the determination of what constitutes a low- or moderate-income family pursuant to section 24-32-717 (4)(b).
  - (h) and (i) Repealed.
- (2) The board shall serve in an advisory capacity to the state housing finance authority, created by part 7 of article 4 of title 29, C.R.S., and shall provide information as to the need for development of housing facilities for low- and moderate-income families in Colorado.

**24-32-717. Housing investment trust fund - loans - definitions.** (1) (a) The division shall establish a housing investment trust fund, referred to in this section as the "trust fund". The division shall pay into the trust fund any moneys made available by the general assembly, all moneys collected by the division for purposes of this section from federal grants and from other contributions, gifts, grants, and donations received from any other organization, entity, or individual, public or private, and from any fees or interest earned on such moneys, which moneys the division is hereby authorized and directed to solicit, accept, expend, and disburse for the purpose of making loans or loan guarantees and for program administration as provided in this section. Any moneys in the trust fund at the end of any fiscal year do not revert to the general fund. The moneys in the trust fund are hereby continuously appropriated to the division for the purposes specified in this section. For any given state fiscal year, no more than three percent of the moneys appropriated from the trust fund may be expended for the administrative costs of the division in administering the trust fund.

(b) (Deleted by amendment, L. 2014.)

(2) Subject to the requirements of this section, upon the approval of the board, the division may make a loan from moneys in the trust fund for development or redevelopment costs incurred prior to the completion of low- or moderate-income housing or for the rehabilitation of such housing. The interest rate on such loan shall be determined by the board and set forth in the loan agreement signed by the applicant. In conjunction with the making of such loan, the division shall require the borrower to furnish collateral security in such amounts and in such form as the division shall determine to be necessary to assure the payment of such loan and the interest thereon as the same become due. The loan shall be subject to the terms and conditions imposed by the division and shall be repaid within the time and in the manner specified by the division in the loan agreement. In making loans of moneys from the trust fund, the division shall give priority to owners of property that was either destroyed or incurred substantial damage as a result of one or more state or federally declared natural disasters.

(3) As principal and interest payments are received by the division from the borrower, such moneys shall be deposited in the trust fund.

(3.5) Notwithstanding any other provision of this section, on or after May 29, 2014:

(a) The division may charge the borrower an origination fee for loans made from the trust fund. The fee must be used for direct and indirect costs associated with the administration of the trust fund.

(b) The division shall not guarantee any loan made to a for-profit organization or entity unless the loan is secured on a recourse basis; and

(c) The total amount of loan guarantees that may be made by the division against the trust fund shall not exceed either two million dollars for any one project or up to five million dollars for all such projects at any one time.

(4) For the purposes of this section, unless the context otherwise requires, the following definitions shall apply:

(a) "Family" means two or more persons related by blood, marriage, or adoption who live or expect to live together as a single household in the same home, a single person who is either at least sixty-two years of age or has a disability, or a single person whom the board may by regulation determine to be eligible for assistance under this part 7.

(b) "Low- or moderate-income family" means a family whose income is insufficient to secure decent, safe, and sanitary housing provided by private industry without public assistance and whose income is below the respective income limits established by the board by regulation, taking into consideration such factors as the following:

(I) The amount of the total income of such family available for housing needs;  
(II) The size of the family;  
(III) The cost and condition of housing facilities available;  
(IV) The ability of such family to compete successfully in the private housing market and to pay the amounts at which private enterprise is providing decent, safe, and sanitary housing; and

(V) Standards established by various programs of the federal government for determining eligibility based on the income of such family.

(c) "Low- or moderate-income housing" means a residential structure or structures occupied by one or more low- or moderate-income families.

(5) Repealed.

**24-32-718. Publicly assisted housing - notice of termination - database - high energy performance building standard program - definitions.** (1) As used in this section, unless the context otherwise requires:

(a) "Financial assistance" means any financial assistance administered by the division that is subject to affordability restrictions, including, but not limited to, grants and loans from the division and federally funded rental assistance contracts, loans, or insurance.

(b) "Publicly assisted housing project" means a property with five or more rental units that was developed, rehabilitated, purchased, or insured with financial assistance.

(2) (a) The division shall provide information about the database it maintains pursuant to subsection (3) of this section to owners of publicly assisted housing projects and shall encourage them to give notice to the division no less than one hundred twenty days before taking any action that will make the project no longer affordable, if the affordability restrictions on the project are still in effect at the time the notice is required.

(b) For purposes of this subsection (2), the following actions shall be considered actions that make a project no longer affordable:

(I) Converting the property to commercial use or increasing residential rent to an amount exceeding the amount permitted under the affordability restrictions in effect at the time of the notice; or

(II) Withdrawing from or electing not to renew an available federally funded project-based rental assistance contract.

(c) During the period of one hundred twenty days after notice is given to the division, the division may attempt to coordinate a purchase by a purchaser that is committed to maintaining the project as an affordable housing resource.

(3) The division shall maintain an updated database of publicly assisted housing projects on which it has received the notice required by subsection (2) of this section.

(4) The board, in consultation with the division, shall adopt and update from time to time a nationally recognized high energy performance building standard program for publicly assisted housing projects. The division shall present a report on the program annually to the general assembly for comment and review. The standard shall apply to all new applications for publicly assisted housing projects made to the division on or after January 1, 2009; except that the executive director of the department of local affairs may exempt a particular publicly assisted housing project from compliance with the standard upon a determination by the executive director that extenuating circumstances exist such as to preclude the implementation of this subsection (4).

**24-32-721. Colorado affordable housing construction grants and loans - housing development grant fund - creation - housing assistance for persons with behavioral, mental health, or substance use disorders - cash fund - appropriation - report to general assembly - rules - definitions - repeal.** (1) There is hereby created in the state treasury the housing development grant fund, which fund is administered by the division and is referred to in this section as the "fund". The fund consists of money credited to the fund in accordance with section 39-26-123 (3)(b); money transferred to the fund in accordance with section 24-22-118 (2); money appropriated to the fund by the general assembly; all money transferred to the fund from the marijuana tax cash fund created in section 39-28.8-501 (1) and any other cash fund

maintained by the state; all money transferred to the fund from the general fund pursuant to subsection (6) of this section; all money collected by the division for purposes of this section from federal grants, from other contributions, gifts, grants, and donations received from any other organization, entity, or individual, public or private; and from any fees or interest earned on such money. The division is hereby authorized and directed to solicit, accept, expend, and disburse all money collected for the fund from the sources specified in this subsection (1) for the purpose of making grants, loans, or other forms of assistance that may be awarded under section 24-32-721.5 and for program administration as provided in this section. All such money must be transmitted to the state treasurer to be credited to the fund. The money in the fund is continuously appropriated to the division for the purposes of this section.

(1.5) In addition to the other sources of money to be deposited into the fund that are specified in subsection (1) of this section, the fund also consists of money transferred by the state treasurer from the unclaimed property trust fund to the division in accordance with section 38-13-801 (3.5) to supplement existing funds to be expended for any of the purposes specified in subsection (2)(d) of this section.

(1.7) (a) The state treasurer shall transfer nineteen million six hundred fifty thousand dollars from the care subfund in the general fund to the housing development grant fund for the purpose of providing housing assistance as specified in this subsection (1.7). Money transferred pursuant to this subsection (1.7)(a) shall be maintained in a separate account. The division may use up to three percent of the money transferred pursuant to this subsection (1.7)(a) for the costs of administering this subsection (1.7).

(a.5) Within three days after December 7, 2020, the state treasurer shall transfer fifty-four million dollars from the general fund to the housing development grant fund for the purpose of providing housing assistance as specified in this subsection (1.7). Money transferred pursuant to this subsection (1.7)(a.5) shall be accounted for separately. The division may use up to three percent of the money transferred pursuant to this subsection (1.7)(a.5) for the costs of administering this subsection (1.7).

(b) The general assembly shall appropriate the money transferred to the fund pursuant to this subsection (1.7) to the division for use in providing individuals and households who, on or after March 1, 2020, have experienced financial need due to the COVID-19 pandemic or second-order effects of the COVID-19 pandemic, with rental assistance, residential mortgage assistance, housing assistance that provides future housing stability, and guidance on how to access additional housing services. The division must use the money transferred to the fund pursuant to subsection (1.7)(a) of this section by December 30, 2020, for the purposes specified in this subsection (1.7). The division must use the money transferred to the fund pursuant to subsection (1.7)(a.5) of this section by June 30, 2021, for the purposes specified in this subsection (1.7).

(c) (I) In determining how to distribute the rental assistance under this subsection (1.7), the division shall prioritize:

(A) Homeless families with dependents or other children enrolled in preschool, elementary, or secondary schools;

(B) Medicaid clients in nursing homes who are able to live in their communities with in-home services;

(C) Family unification and related services;

(D) Homeless or disabled veterans;

(E) Low-income households with an income at or below one hundred percent of the area median income;

(F) Survivors of domestic violence;

(G) People experiencing homelessness who are at a higher risk of contracting COVID-19 according to the federal centers for disease control; and

(H) Entities that provide direct services to youth experiencing or at risk of experiencing homelessness.

(II) (A) In accordance with policies and procedures established by the division, a landlord may seek rental assistance pursuant to this subsection (1.7) on behalf of the landlord's tenants who have experienced financial need on or after March 1, 2020, due to the COVID-19 pandemic or second-order effects of the COVID-19 pandemic. This subsection (1.7) does not authorize a landlord to obtain information about a tenant that violates the tenant's right to privacy or any other law.

(B) In accepting rental assistance on behalf of a tenant in accordance with this subsection (1.7)(c)(II), the landlord is prohibited from commencing eviction proceedings against a tenant for whom the assistance was provided for the month for which the assistance was provided.

(C) A landlord receiving rental assistance on behalf of a tenant in accordance with this subsection (1.7)(c)(II) shall provide the tenant with a receipt acknowledging the payment of rent as required by section 38-12-802.

(d) (I) In determining how to prioritize the residential mortgage assistance under this subsection (1.7), the division shall prioritize households with an income at or below one hundred percent of the area median income.

(II) (A) In accordance with policies and procedures established by the division, a nonprofit lender may seek residential mortgage assistance pursuant to this subsection (1.7) on behalf of the nonprofit lender's mortgager who has experienced financial need on or after March 1, 2020, due to the COVID-19 pandemic or second-order effects of the COVID-19 pandemic. This subsection (1.7)(d)(II) does not authorize a nonprofit lender to obtain information about a mortgager that violates the mortgager's right to privacy or any other law.

(B) In accepting residential mortgage assistance on behalf of a mortgager in accordance with this subsection (1.7)(d)(II), the nonprofit lender is prohibited from issuing a notice of default, initiating a judicial or nonjudicial foreclosure, seeking a court order for a foreclosure judgment or order of sale, holding a foreclosure sale, or executing a foreclosure-related eviction against a mortgager for whom the assistance was provided for the month for which the assistance was provided.

(C) A nonprofit lender receiving residential mortgage assistance on behalf of a mortgager in accordance with this subsection (1.7)(d)(II) shall note the assistance as part of any monthly mortgage statement provided to the mortgager. If the nonprofit lender does not provide a monthly statement, the lender shall issue the mortgager a letter documenting the payment.

(e) The division may promulgate rules necessary to implement this subsection (1.7).

(f) An association or organization that receives assistance pursuant to this subsection (1.7) is not required to independently verify the tenant's or borrower's financial need if the tenant or borrower or landlord attests that the tenant or borrower, as appropriate, has experienced an adverse financial impact due to the COVID-19 pandemic or second-order effects of the COVID-19 pandemic.

(g) Housing assistance provided under this subsection (1.7) is short-term, noncash, in-kind emergency disaster relief.

(g.5) Housing assistance provided under this subsection (1.7) may include payment of arrears, including overdue rent payments and mortgage payments.

(h) The division shall not provide assistance under this subsection (1.7) for the purpose of housing development.

(h.5) Any full-time employee that the division hires or contracts with for the purpose of implementing this subsection (1.7) shall not be employed by the division for such purpose after September 1, 2022.

(i) During the second regular session of the seventy-third general assembly, the executive director of the department of local affairs shall report to the senate committee on local government and the house of representatives committee on transportation and local government, or any successor committees, under the "State Measurement for Accountable, Responsive, and Transparent (SMART) Government Act", part 2 of article 7 of title 2, on:

(I) Each association or organization that received assistance under this subsection (1.7), including the name of each association or organization, the amount of assistance each association or organization received, and the location of the association or organization;

(II) The number of households who received rental assistance under this subsection (1.7);

(III) The number of households who received residential mortgage assistance under this subsection (1.7); and

(IV) To the extent possible, the percentage of money distributed based on each of the following purposes:

(A) Rental assistance;

(B) Residential mortgage assistance; and

(C) Guidance on how to access additional housing services.

(j) As used in this subsection (1.7), "COVID-19" means the coronavirus disease 2019 caused by the severe acute respiratory syndrome coronavirus 2, also known as SARS-CoV-2.

(k) This subsection (1.7) is repealed, effective September 1, 2022.

(2) (a) Subject to the requirements of this section, upon the approval of the board, the division may make a grant or loan from money in the fund to improve, preserve, or expand the supply of affordable housing in Colorado as well as to fund the acquisition of housing and economic data necessary to advise the board on local housing conditions. In making loans or grants from the fund, the division shall give priority to owners of property that was either destroyed or incurred substantial damage as a result of one or more state or federally declared natural disasters where the property owner has received the maximum insurance proceeds and public disaster assistance. The division shall annually allocate, with or without board approval, at least one-third of the money credited to the fund in accordance with section 39-26-123 (3)(b) to improve, preserve, or expand affordable housing for households whose annual income is less than or equal to thirty percent of the area median income, as published annually by the United States department of housing and urban development. The division shall use at least five million dollars of the amount transferred to the fund in accordance with section 24-22-118 (2) to improve, preserve, or expand the supply of affordable housing in rural Colorado.

(b) and (c) (Deleted by amendment, L. 2014.)

(d) In addition to any other use authorized under this section, money may also be used for the following purposes, without limitation:

(I) Grants and loans for the acquisition, renovation, and construction of for-sale homes in nonurban areas for purchasers who reside in households with an annual income up to one hundred twenty percent of the area median income and down payment assistance programs that are financed in partnership with private and public entities for the development of housing and the delivery of services that assist persons in households with an annual income up to one hundred percent of the area median income;

(II) Programs for home rehabilitation;

(III) Repair, replacement, and disposal of mobile homes in conjunction with programs that are operated by local governments, local housing authorities, and private organizations;

(IV) Grants and loans for the financing of land acquisition and infrastructure costs associated with the provision of utilities to support development of a planned deed restricted rental or for-sale affordable housing development;

(V) Grants and loans to private and public entities to provide funding for the development, acquisition, and rehabilitation of affordable housing targeted at a specific area median income or income level; and

(VI) Rental assistance and tenancy support service programs that target one or more of the following persons or uses:

(A) Homeless families with dependents or other children enrolled in preschool, elementary, or secondary schools;

(A.5) Individuals experiencing homelessness;

(B) Medicaid clients in nursing homes who are able to live in their communities with in-home services;

(C) Family unification and related services;

(D) Homeless or disabled veterans;

(E) Low-income households with an annual income at or below sixty percent of the area median income; and

(F) Survivors of domestic violence.

(VII) Grants and loans to local governments and nonprofit organizations for the rental, acquisition, or renovation of underutilized hotels, underutilized motels, and other underutilized properties to provide noncongregate sheltering or affordable housing for people experiencing homelessness. The division shall define the terms "underutilized hotel", "underutilized motel", and "underutilized property" by policies and procedures. Local governments and nonprofit organizations that are awarded grants or loans under this subsection (2)(d)(VII) shall prioritize the rental, acquisition, or renovation of underutilized hotels, underutilized motels, and other underutilized properties that are minority-owned or women-owned businesses, that have annual revenues under five million dollars, that qualify as disadvantaged business enterprises as defined in part 26 of title 49 of the code of federal regulations, as amended, or that comply with the federal "Americans with Disabilities Act of 1990", 42 U.S.C. sec. 12101 et seq., as amended.

(e) In determining how best to allocate money to promote the various purposes specified in subsection (2)(d) of this section, the division shall consult with stakeholders from urban and rural communities and representatives from populations of different income levels with diverse housing needs and shall award funding to meet the needs of local communities that will optimize the return on money invested in a particular program or for a particular use, leverage other

available sources of money, address housing needs throughout the state, and serve populations with the greatest unmet need.

(f) As used in this subsection (2), "area median income" is determined in accordance with guidelines or other standards promulgated by the United States department of housing and urban development.

(g) (I) Within three business days of June 26, 2021, the state treasurer shall transfer thirty million dollars from the affordable housing and home ownership cash fund created in section 24-75-229, that originates from money the state received from the federal coronavirus state fiscal recovery fund, to the housing development grant fund and transfer fifteen million dollars from the general fund to the affordable housing and home ownership cash fund created in section 24-75-229.

(II) The division shall use money transferred from the affordable housing and home ownership cash fund created in section 24-75-229, that originates from money the state received from the federal coronavirus state fiscal recovery fund, pursuant to subsection (2)(g)(I) of this section for the purposes allowed under subsection (2)(d)(VI)(A.5) of this section that are related to subsection (2)(d)(VII) of this section and for the purposes allowed by subsection (2)(d)(VII) of this section.

(III) During the department of local affairs' annual presentation in 2022 and 2023 to the committees of reference pursuant to section 2-7-203, the department shall include a summarized report of the rental and tenancy support service programs provided by the division of housing pursuant to subsection (2)(d)(VI)(A.5) of this section that are related to underutilized hotels, underutilized motels, and other underutilized properties and the grants and loans awarded by the division of housing for the rental, acquisition, or renovation of underutilized hotels, underutilized motels, and other underutilized properties pursuant to subsection (2)(d)(VII) of this section.

(h) (I) Within three business days of June 26, 2021, the state treasurer shall transfer fifteen million dollars from the general fund to the housing development grant fund. Money transferred pursuant to this subsection (2)(h)(I) shall be maintained in a separate account. The division may use up to three percent of the money transferred pursuant to this subsection (2)(h)(I) for the costs of administering this subsection (2)(h).

(II) The division shall use the money transferred from the general fund pursuant to subsection (2)(h)(I) of this section for the purpose of awarding grants to nonprofit organizations for the issuance of direct assistance to individuals who are currently experiencing financial need and are not eligible for certain other types of assistance, such as:

(A) Unemployment insurance pursuant to the "Colorado Employment Security Act", articles 70 to 82 of title 8;

(B) The federal supplemental nutrition assistance program; or

(C) Federal stimulus payments pursuant to the federal "Coronavirus Aid, Relief, and Economic Security Act," also known as the "CARES Act", Pub.L. 116-36, as amended.

(III) The division may develop such policies and procedures as are necessary for the awarding of grants pursuant to this subsection (2)(h).

(IV) The state treasurer shall transfer all unexpended and unencumbered money in the fund, that was transferred pursuant to this subsection (2)(h), on June 30, 2022, to the general fund.

(V) This subsection (2)(h) is repealed, effective December 31, 2023.

(3) (a) Any money in the fund not expended or encumbered from any appropriation at the end of any fiscal year, including interest earned on the investment or deposit of money in the fund, remains in the fund and does not revert to the general fund or any other fund and remains available for expenditure by the division in subsequent fiscal years for the purposes specified in subsection (1.5) or (2) of this section without further appropriation.

(b) Notwithstanding any other provision of this section, the division, in its discretion, may transfer twenty percent of the balance of the money in the fund into the housing investment trust fund established in section 24-32-717 (1)(a), which balance is calculated as of July 1 of the state fiscal year in which the money is transferred. For any given state fiscal year, no more than three percent of the money appropriated or transferred to the fund may be expended for the administrative costs of the division in administering the fund.

(c) Subject to the limitation on the percentage of money appropriated from the fund that may be expended for the administrative costs of the division in administering the fund specified in subsection (3)(b) of this section, the division may expend money from the fund to hire and employ individuals in order to fulfill the purposes of House Bill 19-1322, enacted in 2019.

(4) (a) As used in this subsection (4), unless the context otherwise requires, "person with a behavioral or mental health disorder" means an individual who has or, at any time during the previous twelve months, had a diagnosable mental, behavioral, or emotional disorder of sufficient duration to meet diagnostic criteria specified within the diagnostic and statistical manual of mental disorders, resulting in functional impairment that interferes with or limits one or more major life activities.

(b) In conjunction with its other programs to provide assistance in obtaining housing and subject to available appropriations, the division of housing shall establish a program that provides vouchers and other support services for housing assistance for:

(I) An individual with a mental health disorder, substance use disorder, or co-occurring behavioral health disorder who is transitioning from the department of corrections, the division of youth services in the department of human services, a mental health institute, a psychiatric hospital, or a county jail into the community; or

(II) An individual who is homeless or in an unstable housing environment and is transitioning from a residential treatment program or is engaged in the community transition specialist program created pursuant to section 27-66.5-103.

(c) In addition to any other uses specified in this section, the division shall also provide grants or loans for the acquisition, construction, or rehabilitation of rental housing for persons with behavioral or mental health disorders.

(d) There is created in the state treasury the housing assistance for persons transitioning from the criminal or juvenile justice system cash fund, referred to in this subsection (4) as the "cash fund". The cash fund consists of money that the general assembly appropriates to the cash fund. Subject to annual appropriation by the general assembly, the division may expend money in the cash fund for the purposes set forth in this subsection (4). All interest earned from the investment of money in the cash fund is credited to the cash fund. All money not expended at the end of the fiscal year remains in the cash fund, does not revert to the general fund or any other fund, and remains available for expenditure by the division in the next fiscal year for the purposes of this subsection (4) without further appropriation.

(e) In addition to any money appropriated to the division of housing pursuant to subsection (4)(d) of this section, for the 2019-20 fiscal year, and for each of the following four

fiscal years, the general assembly shall annually appropriate one million dollars from the marijuana tax cash fund created in section 39-28.8-501 to the division of housing for the voucher program specified in subsection (4)(b) of this section.

(f) The executive director of the department of local affairs shall report to the senate committee on health and human services and the house of representatives committees on health and insurance and public health care and human services, or any successor committees, under the "State Measurement for Accountable, Responsive, and Transparent (SMART) Government Act", part 2 of article 7 of title 2, on:

(I) The number of projects funded under this section;

(II) The number of units in each project funded under this section;

(III) The number of qualified individuals housed as a result of this subsection (4); and

(IV) To the extent practicable, the number of individuals who, after receiving a voucher under subsection (4)(b) of this section, returned to the facilities from which the individuals were transitioning.

(5) Any principal or interest payments received by the division from a borrower pursuant to a loan originated using funds appropriated from the affordable housing and home ownership cash fund created in section 24-75-229 (3)(a) must be deposited in the housing investment trust fund created in section 24-32-717 (1).

(6) On June 27, 2021, the state treasurer shall transfer one million six hundred thousand dollars from the general fund to the housing development grant fund created in subsection (1) of this section. The division shall use the money transferred pursuant to this subsection (6) for the affordable housing guided toolkit and local officials guide program created in section 24-32-721.5.

**24-32-721.5. Emergency direct assistance grant program - created - purposes of grants - rules - applications - fund created - report - definition - repeal.** (1) There is hereby created in the division the emergency direct assistance grant program, referred to in this section as the "grant program", to provide grants to individuals who have experienced financial need due to the COVID-19 pandemic or second-order effects of the COVID-19 pandemic and who may not be eligible for certain other types of assistance, such as:

(a) Unemployment insurance pursuant to the "Colorado Employment Security Act", articles 70 to 82 of title 8;

(b) Food assistance; or

(c) Federal stimulus payments pursuant to the federal "Coronavirus Aid, Relief, and Economic Security Act," also known as the "CARES Act", Pub.L. 116-36, as amended.

(2) The division shall administer the grant program and, subject to available funding, shall contract with nonprofit organizations to award grants as provided in this section. Subject to available funding, grants shall be paid out of the fund created in subsection (5) of this section.

(3) The division shall implement the grant program in accordance with this section. Pursuant to article 4 of this title 24, the division may promulgate such rules as are required in this section and such additional rules as may be necessary to implement the grant program, including rules specifying the time frames for applying for grants, the form of the grant program application, and the time frames for distributing grant money.

(4) To receive a grant, an individual must apply to a nonprofit organization with which the division has contracted pursuant to subsection (2) of this section.

(5) (a) The emergency direct assistance grant program fund, referred to in this section as the "fund", is hereby created in the state treasury. The fund consists of money credited to the fund pursuant to subsection (7) of this section and any other money that the general assembly may appropriate or transfer to the fund.

(b) The state treasurer shall credit all interest and income derived from the deposit and investment of money in the fund to the fund.

(c) Except as provided in subsection (5)(e) of this section, any unexpended and unencumbered money remaining in the fund at the end of a fiscal year remains in the fund and does not revert to the general fund or any other fund.

(d) The money in the fund is continuously appropriated to the division to expend for the purposes described in this section.

(e) The state treasurer shall transfer all unexpended and unencumbered money in the fund on June 30, 2022, to the general fund.

(6) During the second regular session of the seventy-third general assembly, the executive director of the department of local affairs shall report to the senate local government committee and the house of representatives transportation and local government committee, or any successor committees, under the "State Measurement for Accountable, Responsive, and Transparent (SMART) Government Act", part 2 of article 7 of title 2, concerning the administration of the grant program.

(7) (a) Within three days after December 7, 2020, the state treasurer shall transfer five million dollars from the general fund to the fund for the purposes of this section.

(b) The division must use the money by June 30, 2021, for the purposes described in this section.

(c) The division may use up to three percent of the money transferred pursuant to this subsection (7) to pay the costs of administering the grant program.

(8) Any full-time employee that the division hires or contracts with for the purpose of implementing this section shall not be employed by the division for such purpose after September 1, 2022.

(9) As used in this section, "COVID-19" means the coronavirus disease 2019 caused by the severe acute respiratory syndrome coronavirus 2, also known as SARS-CoV-2.

(10) This section is repealed, effective June 30, 2022.

**Source: L. 2020, 1st Ex. Sess.:** Entire section added, (SB 20B-002), ch. 8, p. 41, § 2, effective December 7.

**24-32-721.7. Affordable housing guided toolkit and local officials guide program - creation.** (1) (a) There is hereby created within the division the affordable housing guided toolkit and local officials guide program, referred to in this section as the "housing toolkit program". The purpose of the housing toolkit program is to award funding to qualified counties, municipalities, and federally recognized tribes within the state selected in a competitive process who commit to the adoption of best land use practices with demonstrated success in the development of affordable housing. Under the housing toolkit program, technical assistance will be provided by consultants and related professionals to enable local governments to achieve an understanding of the housing needs of their communities, including the equity impacts of their land use policies and regulations, take steps to engage their entire communities in this process, make changes to their land use codes and related processes that provide incentives and reduce barriers to the development of affordable housing, obtain and support viable sites in their communities for the development of affordable housing, and attract developers committed to making such investments in their communities. The division shall administer the housing toolkit program.

(b) All funding of any assistance awarded under the housing toolkit program must be made entirely out of the money transferred from the general fund to the housing development grant fund created in section 24-32-721 (1) in accordance with section 24-32-721 (6). All costs incurred by the division in administering the housing toolkit program must be paid out of the money transferred in accordance with section 24-32-721 (6). The division may use up to eight percent of any money appropriated to it under this section to cover its administrative costs in administering the housing toolkit program. All money transferred to the housing development grant fund in accordance with section 24-32-721 (6) must be expended over the subsequent three state fiscal years.

(2) (a) In evaluating applications for technical assistance under the housing toolkit program, the division shall prioritize projects based upon whether the application will, in the discretion of the division, create the maximum impact on the development of affordable housing in the areas of greatest need across the state and will satisfy one or more of the factors specified in subsection (1) of this section. The division shall consult with the division of local government in connection with the creation and administration of the housing toolkit program.

(b) On or before September 1, 2021, the executive director of the department of local affairs or the executive director's designee shall adopt policies and procedures for the housing toolkit program that include, without limitation:

(I) Procedures and time lines by which an eligible recipient may apply for assistance under the housing toolkit program;

(II) Criteria for determining the amount or nature of the assistance awarded;

(III) Performance criteria for grant recipients' projects; and

(IV) Reporting requirements for grant recipients.

(c) On or before November 1, 2022, and on or before November 1, 2023, the executive director of the department or the executive director's designee shall publish a report summarizing the use of all assistance that was awarded from the housing toolkit program in the preceding fiscal year. In the report, the division shall also provide its recommendations concerning future administration of the housing toolkit program. The report must be shared with the general assembly and posted on the department's website.

(b) "Homeless youth" means a child or youth who is at least eleven years of age but is less than twenty-one years of age who:

(I) Lacks a fixed, regular, and adequate nighttime residence; or

(II) Has a primary nighttime residence that is:

(A) A supervised, publicly or privately operated shelter designed to provide temporary living accommodations; or

(B) A public or private place not designed for, nor ordinarily used as, a regular sleeping accommodation for human beings.

(III) "Homeless youth" shall not include any individual imprisoned or otherwise detained pursuant to an act of congress or a state law.

(3) There is hereby created the office of homeless youth services in the department of local affairs for the purpose of providing information, coordination, and support services to public and private entities serving the homeless youth of Colorado. The office of homeless youth services shall seek to:

(a) Identify and remove obstacles to the provision of services;

(b) Improve the quality of services provided to homeless youth;

(c) Reduce needless expenditures caused by the provision of overlapping services; and

(d) Identify housing and supportive services funding resources available to entities serving homeless youth.

(4) (a) In providing the services described in this section, the office of homeless youth services is strongly encouraged to work with the executive directors, or their designees, of the Colorado department of public health and environment, the judicial department, private nonprofit and not-for-profit organizations, appropriate federal departments, and other key stakeholders in the community.

(b) At a minimum, the office of homeless youth services shall have the following duties:

(I) To provide information, coordination, and technical assistance as may be necessary to reduce needless expenditures associated with the provision of overlapping services and to improve the quality of services provided to homeless youth;

(II) To identify both procedural and substantive obstacles to the provision of services and to make recommendations to the entities specified in this section concerning procedural, regulatory, or statutory changes necessary to remove such obstacles;

(III) To obtain information from service providers concerning known services available for the homeless youth population in the state of Colorado and to post such information on a website on the internet;

(IV) To develop, maintain, and make available a listing of all rights and organizations that may be relevant to the homeless youth population in the state of Colorado, including but not limited to a listing of legal, educational, and victims' rights and organizations related thereto;

(V) To obtain information concerning known funding sources available for the homeless youth population in the state of Colorado; and

(VI) To work with entities to identify issues concerning sharing of information in providing services to homeless youth and to facilitate resolution of such information-sharing issues.

(c) Repealed.

(1) Repealed.

(2) (a) A portion of the Fort Lyon property is designated as a supportive residential community for the homeless for the purpose of providing substance abuse supportive services, medical care, job training, and skill development for the residents.

(b) (I) The division of housing shall enter into a contract with a private contractor to establish the residential community. The contractor selected by the division must be experienced in providing statewide integrated housing, health care, and supportive service programs for homeless individuals.

(II) The division shall subtract an amount equal to three percent of the bid price from the bid of each contractor that certifies through employment records that at least fifteen percent of

employees who will perform the requirements of the contract were employed as correctional officers or as other employees at the Fort Lyon correctional facility within the last five years.

(3) The general assembly may enact legislation to repeal this section following its review of the study prepared in accordance with section 24-32-725.

## PART 8

### OFFICE OF RURAL DEVELOPMENT

**24-32-801. Legislative declaration.** (1) Rapid growth experienced by many communities in this state has caused many problems for local government and its citizens in providing necessary public services and desirable living areas.

(2) Lack of growth and development, however, in the less densely populated and rural areas of this state has caused another problem which adds to that of the urban areas.

(3) Migration of people, and youth in particular, to the urban areas because of lack of opportunity for employment and development of careers compounds the problems of governments already pressed to meet the demands of current growth.

(4) It is the responsibility of the state to assist rural areas with financial and technical assistance to provide economic opportunity and community amenities and to promote the general welfare of the people of this state.

**Source: L. 73:** p. 189, § 1. **C.R.S. 1963:** § 3-36-1.

**24-32-802. Office of rural development created.** (1) There is created in the department of local affairs the office of rural development, referred to in this part 8 as the "office". The executive director of the department of local affairs, subject to the provisions of section 13 of article XII of the state constitution, shall appoint the coordinator of rural development, which position is hereby created, who shall be the head of the office.

(2) The office and the coordinator of rural development shall exercise their powers and perform their duties and functions specified in this part 8 under the department of local affairs as if the same were transferred to the department by a **type 2** transfer, as such transfer is defined in the "Administrative Organization Act of 1968", article 1 of this title.

**Source:** L. 73: p. 189, § 1. C.R.S. 1963: § 3-36-2.

**24-32-803. Duties of the office.** (1) The office shall coordinate the activities of the various divisions within the department of local affairs for the purpose of:

(a) Cooperating with and providing technical assistance to local officials for the orderly development of rural Colorado;

(b) Encouraging and, when requested, assisting local governments to develop mutual and cooperative solutions to rural community development;

(c) Studying the legal provisions that affect rural development and recommending to the governor and the general assembly such changes and provisions as may be necessary to encourage rural development;

(d) Serving as a clearinghouse for rural development information, including state and federal programs designed for rural development;

(e) Carrying out studies and continuous analyses of rural development in the state with particular emphasis on its effect on population dispersion and economic opportunity;

(f) Encouraging and assisting, when requested, local governments to develop mutual and cooperative solutions to rural community development;

(g) Contracting with the federal government or any agency or instrumentality thereof and receiving any grants or moneys therefrom for purposes of rural development in Colorado.

## PART 12

### STATE CLEARINGHOUSE

**24-32-1201. Legislative declaration.** The provisions of this part 12 are enacted to establish a state clearinghouse in accordance with circular number A-95 of the United States office of management and budget. In order to avoid duplication with existing duties and functions of state and local governmental agencies and in order to preserve the policy of this state that the decision-making authority as to the character and use of land shall be at the lowest possible level of government, it is the intent of the general assembly that the state clearinghouse

shall be primarily a state central information center for the receipt and dissemination of federal assistance information and shall not be a policy-making or planning agency.

**Source: L. 81:** Entire part added, p. 1172, § 1, effective July 1.

**24-32-1202. Definitions.** As used in this part 12, unless the context otherwise requires:

(1) "Circular number A-95" means circular number A-95 of the United States office of management and budget, as published in the Federal Register of January 13, 1976, and as amended from time to time.

**24-32-1203. State clearinghouse designated - duties - limitations.** (1) The department of local affairs is hereby designated as the state clearinghouse for the state in accordance with circular number A-95. The executive director of the department of local affairs shall employ, within the appropriation as set forth by the general assembly, pursuant to the provisions of section 13 of article XII of the state constitution, such officers and employees as he deems necessary to carry out the provisions of this part 12.

(2) (a) The state clearinghouse shall perform the functions described for state clearinghouses in circular number A-95. The state clearinghouse is a central information center and shall not be a policy-making or planning agency.

(b) Every state agency whose area of responsibility may be affected by a proposed project involving federal assistance shall cooperate with the state clearinghouse in the project notification and review system as provided in circular number A-95.

(c) Comments made by the state clearinghouse and affected state agencies on applications for federal assistance under the project notification and review system described in circular number A-95 shall be limited to the subject matter items listed in section 5 of part I of attachment A of circular number A-95.

(d) In the absence of any provision of law authorizing centralized state-wide comprehensive planning, including land use or growth policies, any reference in circular number A-95 to state comprehensive plans or planning, state priorities or objectives, or the equivalent shall be construed by the state clearinghouse and affected state agencies to refer to the aggregate of local and regional plans and policies established pursuant to statute and the policies, purposes, and objectives expressed in the laws of the state.

PART 17

PRIVATE ACTIVITY BOND CEILING ALLOCATION

**24-32-1701. Short title.** This part 17 shall be known and may be cited as the "Colorado Private Activity Bond Ceiling Allocation Act".

**Source: L. 87:** Entire part added, p. 988, § 1, effective May 20.

**24-32-1702. Legislative declaration.** The "Internal Revenue Code of 1986", as amended, limits the total amount of tax-exempt private activity bonds which may be issued by any state and its political subdivisions in each year by imposing volume caps. Said code allows each state to provide by law a formula for allocating the state volume cap among the issuing authorities of the state. This part 17 is enacted to establish an allocation formula for the state of Colorado which maximizes the state's total tax-exempt private activity bond issuance authority and which provides an orderly and equitable process of allocating such authority among issuing authorities of this state.

**Source: L. 87:** Entire part added, p. 988, § 1, effective May 20.

**24-32-1703. Definitions.** As used in this part 17, unless the context otherwise requires:

(1) "Application" means the application submitted by an issuing authority to request from the department an allocation from the statewide balance, including any amendments to said application.

(1.5) "Board" means the state housing board created in section 24-32-706 (1).

(2) "Bond" means any bond or other obligation which may be issued by any issuing authority which constitutes a private activity bond, as defined in section 141 of the code but only to the extent that such bond or other obligation is subject to the state ceiling limitations of section 146 of the code.

(3) "Business day" means any normal day of business excluding Saturdays, Sundays, and legal holidays. Each business day begins at 8 a.m. and closes at 5 p.m.

(4) "Carryforward purpose" has the meaning ascribed to such term in section 146 (f)(5) of the code.

(5) "Code" means the "Internal Revenue Code of 1986", as amended.

(6) Repealed.

(7) "Department" means the department of local affairs.

(8) "Designated local issuing authority" means any city, town, county, or city and county which has a population in any year which would result in the local issuing authority having any allocation of the state ceiling in excess of one million dollars as calculated pursuant to section 24-32-1706 (1).

(8.5) "Direct allocation" means an allocation of the state ceiling made to state issuing authorities as specified in section 24-32-1705 (1)(a) or designated local issuing authorities as specified in section 24-32-1706 (1).

(9) "Executive director" means the executive director of the department.

(10) "Form 8038" means the federal department of the treasury tax form 8038 or any other federal tax form or other method of reporting required by the federal department of the treasury under section 149 of the code.

(11) "Inducement resolution" means a resolution, ordinance, or similar action adopted by an issuing authority for the purpose of taking official action regarding the issuance of, or otherwise stating the intent of the issuing authority to issue, bonds to finance a project.

(12) "Issuing authority" means any entity or person which has the authority to issue bonds or other obligations the interest on which is exempt from federal income taxation pursuant to section 103 (a) of the code. Such term includes any designated local issuing authority or any local or state issuing authority.

(13) "Local issuing authority" means any city, town, county, or city and county.

(14) "Mortgage credit certificate election" means an election pursuant to section 25 (a)(2)(ii) of the code, by any issuing authority, not to issue qualified mortgage bonds which the issuing authority is otherwise authorized to issue, including the receipt of allocations made pursuant to this part 17, in exchange for the authority under section 25 of the code to issue mortgage credit certificates in connection with a qualified mortgage credit certificate program within the meaning of section 25 (a)(2) of the code, so long as the implementation of the program is evidenced by the issuing authority to the satisfaction of the executive director, which satisfaction shall be evidenced by a certificate from the executive director certifying his determination that a qualified mortgage credit certificate program has been implemented, together with a certification of the issuing authority providing that such election shall not be revoked.

(15) "Population" means the population of the state of Colorado as determined by the most recent census estimate of the resident population of the state of Colorado published by the United States bureau of the census before the beginning of each year. "Population" also means the population of a local issuing authority as determined by the most recent census estimate of the resident population of the local issuing authority published by the state demographer before the beginning of each year. The department shall specify population data in the report issued pursuant to section 24-32-1706 (1).

(16) "Project" means the facility, facilities, or program to be financed in whole or in part with the proceeds of the bonds.

(17) "Qualified mortgage bond" means any bond or obligation which constitutes a qualified mortgage bond as defined in section 143 of the code.

(18) "State ceiling" means the bond ceiling for the state and its issuing authorities as computed under section 146 (d) of the code.

(19) "State issuing authority" means any of the entities listed in section 24-32-1705 (1).

(20) "Statewide balance" means the portion of the state ceiling that remains after the allocations made to the state issuing authorities and the local issuing authorities in sections 24-32-1705 and 24-32-1706, plus or minus any allocation from or relinquishment to the statewide balance pursuant to this part 17.

(21) "Statewide balance award period" means a period commencing on the date on which notification of an allocation from the statewide balance is mailed to an issuing authority and ending on a date to be determined by the executive director, which date is no later than December 23 each year.

(22) "Year" means each calendar year, beginning with the calendar year 1987.

**24-32-1704. Allocation of state ceiling.** The state ceiling shall be allocated among issuing authorities in accordance with the formulas and the procedures for assignment established in this part 17.

**Source: L. 87:** Entire part added, p. 990, § 1, effective May 20.

**24-32-1705. Allocations to state issuing authorities.** (1) (a) Within thirty days after May 20, 1987, and by January 15 of each year thereafter, fifty percent of the state ceiling shall be initially allocated among the following state issuing authorities in amounts established by the department:

(I) The Colorado agricultural development authority, created by section 35-75-104, C.R.S.;

(II) The Colorado health facilities authority, created by section 25-25-104, C.R.S.;

(III) The Colorado housing and finance authority, created by section 29-4-704, C.R.S.;

(IV) The Colorado educational and cultural facilities authority, created by section 23-15-104, C.R.S.; and

(V) Collegeinvest, created by section 23-3.1-203, C.R.S.

(b) Notwithstanding the provisions of paragraph (a) of this subsection (1), the department is not required to allocate any specific amount to any specific state issuing authority.

(2) State issuing authorities may assign amounts of their allocations to any issuing authority, and any assignment shall be effective upon receipt by the department of written notification of the assignment. The notification shall include the amounts assigned, the names of the assignor and the assignee, a representation by the assignor that the assignment was made by the assignor without receipt of monetary consideration, the date of the assignment, and a copy of the executed assignment. No assignee may elect to treat all or any portion of an assignment of an allocation from a state issuing authority as an allocation for a project with a carryforward purpose or make a mortgage credit certificate election with respect to all or any portion of such an assignment without the prior written consent of the assignor to the election. A record of each assignment shall be maintained by the assignee for each bond issued by the assignee for which the assignment applies.

(3) Any allocation of the state ceiling made or assigned pursuant to this section shall automatically be relinquished to the statewide balance on September 15 of each year, except to the extent that:

(a) Bonds are issued by the state issuing authority or its assigns prior to September 15 of each year; or

(b) A mortgage credit certificate election is made by the state issuing authority or its assignee prior to September 15 of each year; or

(c) The state issuing authority or its assignee notifies the department, by written notice which contains the information and attachments set forth in section 24-32-1709, prior to September 15 of each year, that the allocation has been made by the state issuing authority or its assignee to a project which has a carryforward purpose as such project is described in the inducement resolution attached and that the state issuing authority or its assignee desires to treat all or a portion of its initial allocation as an allocation to such project for such carryforward purpose.

(4) If the amount of an allocation of the state ceiling made to a state issuing authority pursuant to this section is in excess of the amount of bonds that the state issuing authority or its assignee issued or used for a carryforward purpose or the amount of qualified mortgage bonds that the state issuing authority or its assignee elected not to issue pursuant to a mortgage credit certificate election, the excess shall be relinquished to the statewide balance on September 15 each year. Any state issuing authority may voluntarily relinquish all or any part of its allocation to the statewide balance at any time by so notifying the department in writing.

**24-32-1706. Allocations to designated local issuing authorities.** (1) Within twenty days after May 20, 1987, and by January 15 of each year thereafter, that portion of the state ceiling that bears the same ratio to fifty percent of the state ceiling for such calendar year as the population of the designated local issuing authority bears to the population of the entire state shall be initially allocated to each designated local issuing authority. For the purposes of such allocation, the department shall provide a report within ten days after May 20, 1987, and by each January 15 thereafter, which report shall contain a statement of the population for the entire state and each designated local issuing authority.

(2) Designated local issuing authorities may assign the amounts of their allocations pursuant to this section to any issuing authority, and any assignment shall be effective upon receipt by the department of written notification of the assignment. The notification shall include the amounts assigned, the names of the assignor and assignee, a representation by the assignor that the assignment was made by the assignor without receipt of monetary consideration, the date of the assignment, and a copy of the executed assignment. No assignee may elect to treat all or any portion of an assignment of an allocation from a designated local issuing authority as an allocation for a project with a carryforward purpose or make a mortgage credit certificate election with respect to all or any portion of such an assignment without the prior written consent of the assignor to such election. A record of each assignment shall be maintained by the assignee for each bond issued by the assignee for which the assignment applies.

(3) Any allocation of the state ceiling made or assigned pursuant to this section shall automatically be relinquished to the statewide balance on September 15 of each year, except to the extent that:

(a) Bonds are issued by the designated local issuing authority or its assigns prior to September 15 of each year; or

(b) A mortgage credit certificate election is made by the designated local issuing authority or its assignee prior to September 15 of each year; or

(c) The designated local issuing authority or its assignee notifies the department, by written notice which contains the information and attachments set forth in section 24-32-1709, prior to September 15 of each year, that the allocation has been made by the designated local issuing authority or its assignee to a project which has a carryforward purpose as such project is described in the inducement resolution attached and that the designated local issuing authority or its assignee desires to treat all or a portion of its initial allocation as an allocation to such project for such carryforward purpose.

(4) If the amount of an allocation of the state ceiling made to a designated local issuing authority pursuant to this section is in excess of the amount of bonds that the designated local issuing authority or its assignee issued or used for a carryforward purpose or the amount of qualified mortgage bonds that the designated local issuing authority or its assignee elected not to issue pursuant to a mortgage credit certificate election, the excess shall be relinquished to the statewide balance on September 15 each year. Any designated local issuing authority may voluntarily relinquish all or any part of its allocation to the statewide balance at any time by so notifying the department in writing.

**24-32-1707. Statewide balance.** (1) Fifty percent of the state ceiling less any amount allocated to designated local issuing authorities pursuant to section 24-32-1706 shall be allocated within twenty days after May 20, 1987, and as of January 15 of each year thereafter, to the statewide balance. In addition, the statewide balance shall include any amounts relinquished thereto pursuant to section 24-32-1705 (3) or (4), section 24-32-1706 (3) or (4), subsection (8) of this section, section 24-32-1708, or section 24-32-1710 (3).

(2) (a) Until September 15 of each year, the statewide balance may be allocated only among:

(I) Issuing authorities that are not designated local issuing authorities;

(II) State issuing authorities that did not receive a direct allocation pursuant to section 24-32-1705; or

(III) Any designated local or state issuing authorities that have, prior to the date of receipt of an allocation from the statewide balance, relinquished to the statewide balance pursuant to section 24-32-1705 or 24-32-1706 any of their initial allocation remaining after any or all of their initial allocation has been used for the issuance of bonds in respect of which a form 8038 has been filed pursuant to section 24-32-1708.

(b) On and after September 15 each year, the statewide balance may be allocated among all issuing authorities. The executive director shall make all of the allocations from the statewide balance in his or her sole discretion with the advice of the board and in accordance with the priorities pursuant to this section.

(3) Repealed.

(4) The board shall review and recommend to the executive director statewide priorities for the allocation of the statewide balance. Prior to the making of such recommendations, the department shall hold one or more public meetings to obtain input from the public regarding statewide priorities for the current year, information regarding the use of all bond allocations in the prior year, and other appropriate matters.

(5) An issuing authority shall apply for an allocation from the statewide balance by submitting a completed application for an allocation which contains the information and attachments required by section 24-32-1709.

(6) (a) (Deleted by amendment, L. 2009, (SB 09-041), ch. 56, p. 199, § 4, effective March 25, 2009.)

(b) (I) (Deleted by amendment, L. 2009, (SB 09-041), ch. 56, p. 199, § 4, effective March 25, 2009.)

(II) Repealed.

(7) Allocations from the statewide balance shall be effective for a statewide balance award period which shall be determined and may be extended by the executive director for each allocation. Allocations from the statewide balance shall not be assignable.

(8) Any issuing authority may relinquish all or any part of its allocation to the statewide balance at any time by so notifying the department in writing.

(9) Repealed.

(10) Until October 31 of each year, no allocation of the statewide balance shall be made for carryforward purposes.

(11) The executive director is authorized to contract with a private person, corporation, or entity for the review of applications for bonding authority from the statewide balance for industrial development bonds.

**24-32-1708. Bond issuance and mortgage credit certificate election - reporting requirement.** (1) Each issuing authority shall, within five days after the issuance and delivery of any bonds or within five days after it has made a mortgage credit certificate election and in no case later than 5 p.m. on December 23 of each year, file a copy of form 8038 or a copy of the mortgage credit certificate election form with the department showing that the bonds have been sold and delivered or showing the amount of qualified mortgage bonds which the issuing authority has elected not to issue. Any allocation for which form 8038 or a copy of the mortgage credit certificate election form had not been received within the times stated in this section, other than an allocation relating to a carryforward purpose, shall expire and be relinquished to the statewide balance as of December 24 of each year.

(2) The executive director, for good cause, may extend the time for filing by no more than three days.

**Source: L. 87:** Entire part added, p. 994, § 1, effective May 20.

**24-32-1709. Application for allocation from statewide balance.** (1) An issuing authority may request an allocation from the statewide balance by filing with the department a separate application regarding each project for which an allocation is requested, signed by an officer of the issuing authority. Each application shall be filed on a form provided by the department, which shall contain the following information and attachments:

- (a) The name of the issuing authority;
- (b) The mailing address of the issuing authority;
- (c) The name and title of the official of the issuing authority and the name and address of the legal counsel of said authority to whom notices should be sent and from whom information may be obtained;
- (d) The principal amount of the bonds proposed to be issued;
- (e) The nature and the location or purpose of the project;
- (f) The initial owner, user, or beneficiary of the project;
- (g) A written, preliminary opinion of bond counsel, addressed to the department, that the bonds proposed to receive the allocation constitute private activity bonds as defined in section 141 of the code and stating the amount of such bonds requiring an allocation under the state ceiling and that the issuing authority is authorized under the laws and constitution of the state to issue such bonds. The written opinion required by this paragraph (g) may be based on the

assumption that an allocation will be made and the opinion shall cite the authority upon which it is based.

(h) A copy of the fully executed inducement resolution of the issuing authority relating to the project that is the subject of the application, certified as a true and correct copy by an authorized officer of the issuing authority; and

(i) Any information regarding the project to be financed with the proceeds of the bonds which are the subject of the requested allocation or regarding the financing which the issuing authority may want to provide to the department or which the department may request.

(2) To the extent that an issuing authority requests an allocation from the statewide balance in respect of which it expects to make an election for a carryforward purpose, such application, in addition to the application information and attachments set forth in subsection (1) of this section, shall be accompanied by the following:

(a) The classification of the carryforward purpose under section 146 (f)(5) of the code;

(b) Any information required by section 146 (f)(2) of the code;

(c) A certification signed by both an official of the issuing authority responsible for the supervision of the issuance of the bonds and, if applicable, a representative of the person or entity constructing, acquiring, or rehabilitating the project stating that they will proceed with diligence to insure the issuance of the bonds within the carryforward period provided by section 146 (f) of the code; and

(d) A written, preliminary opinion from bond counsel that the carryforward purpose qualifies for carryforward treatment under section 146 (f) of the code.

**24-32-1709.5. Administrative costs of the department - private activity bond allocation fund - creation.** (1) The department may charge and collect the following administrative fees for the costs associated with the administration of this part 17:

(a) **The direct allocation fee.** The department may charge an administrative fee for direct allocations. The executive director shall annually determine the amount of the fee. The fee charged shall only be borne by entities that use the direct allocation to issue private activity bonds or make a mortgage credit certificate election.

(b) **The statewide balance application fee.** No application for an allocation required by section 24-32-1707 shall be complete unless it is accompanied by an application fee. The executive director shall determine the amount of the fee.

(c) **The statewide balance issuance fee.** The department may charge an administrative fee to entities that receive bonding authority from the statewide balance as specified in section 24-32-1707. The executive director shall annually determine the amount of the fee based on the costs associated with the administration of this part 17.

(2) (a) The fees collected pursuant to this section shall be transmitted to the state treasurer, who shall credit the fees to the private activity bond allocations fund, which fund is hereby created in the state treasury and referred to in this subsection (2) as the "fund". The moneys in the fund shall be subject to appropriation by the general assembly for the direct and indirect costs associated with the administration of this part 17. All interest and income derived from the deposit and investment of moneys in the fund shall be credited to the fund. Any

unexpended and unencumbered moneys remaining in the fund at the end of a fiscal year shall remain in the fund and shall not be credited or transferred to the general fund or any other fund.

(b) For fiscal years prior to July 1, 2019, the fund is excluded from the limitations specified in section 24-75-402, and the fund's maximum reserve is three times the level of the prior year's spending authority from the fund. The uncommitted reserves of the fund shall not exceed the maximum reserve. If the amount of uncommitted reserves of the fund at the conclusion of any given fiscal year exceeds the maximum reserve, the executive director shall reduce the amount of one or more of the fees specified in subsection (1) of this section to an amount calculated to result in an amount of uncommitted reserves of the fund for the current fiscal year that does not exceed the maximum reserve. In calculating the reduction in fees, the executive director may take into account any increases in spending authority from the fund. If the executive director reduces the amount of a fee pursuant to this paragraph (b), the executive director may subsequently raise the amount of the fee so long as the projected amount of uncommitted reserves of the fund does not exceed the maximum reserve. The executive director shall not increase the fee beyond any limits specified in subsection (1) of this section. For fiscal years that begin on or after July 1, 2019, the fund is subject to the maximum reserve established in section 24-75-402.

(3) Repealed.

**24-32-1710. Notifications and validity of allocations from the statewide balance. (1)**

The department shall notify the issuing authority in writing of the amount allocated or not allocated from the statewide balance to the proposed project.

(2) The notification shall:

(a) Be of such format as determined by the department and as conforms to the code;

(b) Specify the amount of bonds that the issuing authority may issue based upon an allocation from the statewide balance;

(c) Specify the commencement date and the expiration date of the statewide balance award period; and

(d) Be mailed to the issuing authority and the legal counsel specified in the application at the address specified in the application.

(3) Any allocation of the statewide balance shall be valid only until the expiration of the statewide balance award period unless the bonds are issued and delivered or a mortgage credit certificate election is made within the statewide balance award period, in which event, the allocation shall be subtracted from the statewide balance on the date of the issuance and delivery of the bonds or the date of the mortgage credit certificate election. If no bonds are issued or if no mortgage credit certificate election is made before the expiration of the statewide balance award period, the allocation from the statewide balance shall be relinquished to the statewide balance.

**Source: L. 87:** Entire part added, p. 995, § 1, effective May 20.

**24-32-1711. Statewide balance carryforward allocations.** (1) Any portion of the statewide balance that has not been allocated to bonds that were issued on or before December 23 or that the issuing authority elected not to issue pursuant to a mortgage credit certificate election made on or before December 23 or that are not the subject of a proper carryforward election under section 24-32-1705 (3)(b) or 24-32-1706 (3)(b) shall be available for allocations to carryforward purposes on and after December 26.

(2) Any issuing authority may apply to the department for allocations from the statewide balance for carryforward purposes by delivering to the department the information and attachments required under section 24-32-1709.

(3) On or before December 29, the executive director of the department shall determine the allocations from the statewide balance to carryforward purposes. The executive director shall make such determinations in his sole discretion, taking into account the likelihood that the bonds will in fact be issued during the carryforward period and such other factors as the executive director deems relevant. The department shall notify the issuing authority of any such allocation to a carryforward purpose to be received by it by no later than 5 p.m. on December 29, which notice may be written, oral, or telephonic. Any such oral or telephonic notice shall be confirmed by a writing mailed no later than December 29.

**24-32-1712. Time period must end on business day.** If the last day of any period described in this part 17 is not a business day, then the last day of such period shall be the next business day thereafter; except that, if the last day of any period is December 23 or December 29, and December 23 or December 29 is not a business day, then the last day of such period shall be the next preceding business day.

**Source: L. 87:** Entire part added, p. 996, § 1, effective May 20.

**24-32-1713. Effect of mortgage credit certificate election or issuance of bonds without allocation.** Any issuing authority which issues bonds or makes a mortgage credit certificate election prior to the receipt by the issuing authority of a related allocation, or in excess of the allocation, or after the relinquishment of the allocation, or in respect of which a form 8038 or a mortgage credit certificate election form is not filed within the prescribed time period shall not have an allocation of the state ceiling pursuant to this part 17.

**Source: L. 87:** Entire part added, p. 996, § 1, effective May 20.

**24-32-1714. Severability.** This part 17 is subject to the severability provisions of section 2-4-204, C.R.S. To the extent this part 17 is unconstitutional, all allocations of the state ceiling previously made under this part 17 shall be treated as allocations made by the general assembly of the state of Colorado.

## PART 20

### COLORADO YOUTH CONSERVATION AND SERVICE CORPS

**24-32-2001. Legislative declaration.** (1) The general assembly finds and declares that:

(a) Central elements in the development of the state's youth should be the provision of meaningful work experience to teach the value of labor and membership in a productive society and the provision of basic education to address unemployment, undereducation, and lack of life-coping skills among young adults;

(b) It is the policy of this state to conserve and protect its natural resources, scenic beauty, historical and cultural sites, and other community facilities;

(c) An ever-growing number of this state's youth are dropping out of school before obtaining a high school diploma at a time when education is absolutely essential to the future employability, opportunities, and well-being of an individual;

(d) There are many unemployed young adults without hope or opportunities for entrance into the labor force who are unable to afford higher education and who create a serious strain on tax revenues in community services;

(e) The young men and women of the state should be given an opportunity to develop meaningful public service work and educational experience through programs that protect and conserve the valuable resources of the state and promote participation in other community enhancement projects;

(f) There exists a continuing need for the development and expansion of youth conservation and service programs and for involvement by young persons in public works and services, the provision of human services, and the enhancement of our natural resources;

(g) It is in the public interest to target employment projects to those activities which have the greatest benefit to the local economy;

(h) Severe cutbacks in the funding for community and human services leave many local community service agencies without the resources to provide necessary services to those in need; and

(i) The talent and energy of the state's unemployed young adults are an untapped resource which should be challenged to meet the serious shortage in community services and to promote and conserve the valuable resources of the state.

**Source: L. 91:** Entire part added, p. 918, § 1, effective May 31.

**24-32-2002. Definitions.** As used in this part 20, unless the context otherwise requires:

(1) "Colorado youth conservation corps" means the youth conservation corps program established by the governor's job training office.

(2) "Community-based agency" means a private nonprofit organization that is representative of a community or a significant segment of a community and that is engaged in meeting human, social, educational, or environmental needs, including churches and other religious entities and community action agencies.

(3) "Corps" means the Colorado youth service corps, the Colorado youth conservation corps, a local youth service corps, or a local youth conservation corps.

(4) "Corps member" means an individual enrolled in the Colorado youth service corps, the Colorado youth conservation corps, a local youth service corps, or a local youth conservation corps.

(5) "Council" means the Colorado youth conservation and service corps council.

(6) "Department" means the department of local affairs.

(7) "Director" means the director of the Colorado youth service corps.

(8) "Financial support" means any thing of value contributed by agencies, businesses, nonprofit organizations, or individuals to the corps for a project which is reasonably calculated to support directly the development and expansion of a particular project. "Financial support" includes, but is not limited to, funds, equipment, facilities, and training.

(9) "Local government agency" means a public agency that is engaged in meeting human, social, educational, or environmental needs.

(10) "Matching funds" means funding that is provided to the corps by agencies or individuals as financial support for a portion of the compensation paid to the corps members.

(11) "Program agency" means a federal or state agency designated to manage a youth corps program, the governing body of an Indian tribe that administers a youth corps program, or a community-based agency.

(12) "Project" means an activity that results in a specific identifiable service or product which otherwise would not be accomplished with existing funds and that does not duplicate the routine services or functions of the employer to which corps members are assigned.

(13) "Volunteer" means a person who gives services without any express or implied promise of remuneration.

(14) "Work agreement" means the written agreement between the youth service corps, the youth service corps member, and the local government agency or community-based agency.

(15) "Youth service corps" means the Colorado youth service corps established in section 24-32-2004.

(16) "Youth service corps member" means an individual enrolled in the Colorado youth service corps.

**24-32-2003. Colorado youth conservation and service corps council - creation - membership - duties.** (1) There is hereby established the Colorado youth conservation and service corps council, referred to in this part 20 as the "council".

(2) The council shall consist of the following fourteen members:

(a) The executive director of the department of local affairs or the executive director's designee;

(b) The executive director of the department of natural resources or the executive director's designee;

(c) The director of the governor's job training office or the director's designee;

(d) The director of the department of education's dropout prevention program or the director's designee;

(e) The director of the state board for community colleges and occupational education or the director's designee;

(f) The director, manager, or head of the Colorado youth conservation corps or such person's designee;

(g) The director of the Colorado youth service corps or such person's designee;

(h) One member appointed by the governor who is the director, manager, or head of a local agency administering a youth conservation corps or a youth service corps;

(i) One member appointed by the governor representing nonprofit organizations;

(j) One member appointed by the governor who is a current or former youth service or conservation corps member;

(k) Two members appointed by the governor from the private sector recognized for expertise in youth employment and development programs, environmental and resource conservation projects, job and basic skills training programs, youth conservation corps programs, and youth service corps programs; and

(1) One member from the house of representatives, appointed by the speaker of the house of representatives, and one member from the senate, appointed by the president of the senate.

(3) The term of each member appointed by the governor shall be four years; except that, of such members first appointed, two shall be appointed for terms of two years, and the youth services or conservation corps member appointed pursuant to paragraph (j) of subsection (2) of this section shall be appointed for a term of one year. A member appointed by the governor to fill the vacancy of another member arising other than by expiration of such other member's term shall be appointed for the unexpired term of such other member whom such appointee is to succeed. Any member appointed by the governor shall be eligible for reappointment for one four-year term.

(4) Members of the council shall serve without compensation.

(5) The council shall have the following powers, duties, and functions:

(a) To assist program agencies with the development of youth conservation corps programs or youth service corps programs, or any combination thereof;

(b) To assist program agencies with the preparation of proposals for grants to the commission on national and community service at such time, in such manner, and containing such information as the commission on national and community service may reasonably require, including, but not limited to:

(I) That enrollment in such program be limited to individuals who, at the time of enrollment, are not less than sixteen years of age nor more than twenty-five years of age; except that a summer program may include individuals who are not less than fifteen years of age nor more than twenty-one years of age at the time of enrollment of such individuals and who are citizens or nationals of the United States or lawful permanent resident aliens of the United States;

(II) That such program ensure that educationally and economically disadvantaged youth, including youth who are dropouts, youth who are in foster care but who are becoming too old for foster care, youth who have limited English proficiency, limited basic skills, or learning disabilities, and youth who are homeless, be offered opportunities to enroll;

(III) A comprehensive description of the objectives and performance goals for any such program to be conducted, a plan for managing and funding any such program, and a description of the types of projects to be carried out, including a description of the types and duration of training and work experience to be provided by any such program;

(c) To advise and consult with program agencies regarding certain training and education services required by the commission on national and community service in applying for grant moneys from the commission; and

(d) To appoint a technical advisory committee, if needed, to assist the council with specific issues and problems that may arise in connection with the council's duties.

(6) The council shall assist with the coordination and collaboration of program agencies with the executive and legislative branches of state government, the business community, school districts, state institutions of higher education, and local government and community-based agencies in the development of youth conservation corps and youth service corps programs.

**24-32-2004. Colorado youth service corps established - director's duties.** (1) There is hereby created in the department of local affairs, the office of the Colorado youth service corps. The youth service corps shall be a volunteer-based program in the charge of a director, who shall be a volunteer approved by the executive director of the department and who shall serve without compensation. The director shall appoint such assistants and clerical staff, to be chosen from volunteers and retirees, as may be deemed necessary to effectively administer this part 20. The provisions of Colorado law relating to civil service, hours of work, rate of compensation, sick leave, unemployment compensation, old age health and survivors' insurance, state retirement, and vacation leave shall not apply to corps members. Such assistants and clerical staff shall serve without compensation.

(2) The youth service corps shall exercise its powers and perform its duties and functions specified in this part 20 under the department as if the same were transferred to the department by a **type 2** transfer as such transfer is defined in the "Administrative Organization Act of 1968", article 1 of this title.

**Source: L. 91:** Entire part added, p. 923, § 1, effective May 31.

**24-32-2005. Duties and functions of the youth service corps.** (1) The youth service corps, through the director, and with the advice of the Colorado youth conservation and service corps council established in section 24-32-2003, shall:

(a) Recruit individuals for the youth service corps who are residents of the state unemployed at the time of application and who are at least sixteen years of age but who have not reached their twenty-fifth birthday;

(b) Match youth service corps members with appropriate local government agencies and community-based agencies and available projects;

(c) Develop general employment guidelines for placement of youth service corps members in local government agencies and community-based agencies which establish appropriate authority for hiring, firing, grievance procedures, and employment standards consistent with state and federal law;

(d) Monitor youth service corps members' activities for compliance with this part 20 and compliance with work agreements;

(e) Establish a program for providing incentives to encourage successful completion of the terms of enrollment in the youth service corps and the continuation of educational pursuits by awarding a youth service corps member a scholarship to a state institution of higher education, private college or university, private occupational school, or vocational school, in an amount not to exceed five thousand dollars, upon such successful completion;

(f) Enter into agreements with the state's institutions of higher education, community college system, vocational schools, and private occupational schools and with other educational institutions or independent nonprofit agencies to provide special education in basic skills, including reading, writing, and mathematics, for those youth service corps members who may benefit by participation in such classes;

(g) Assist youth service corps members in transition to employment, higher education, or vocational school upon termination from the programs, including such activities as orientation to the labor market, on-the-job training, and placement in the private sector;

(h) Coordinate youth employment and training efforts under its jurisdiction and cooperate with other state agencies or departments and program agencies providing youth services to ensure that funds appropriated for the purposes of this part 20 will not be expended to duplicate existing services but will increase the services of youth to the state;

(i) Recruit local government agencies and community-based agencies to employ the youth service corps members in service activities;

(j) Assist local government agencies and community-based agencies in the development of scholarships and matching funds from private and public sources, individuals, and foundations in order to support a portion of the youth service corps member's compensation; and

(k) Determine appropriate financial support levels by private businesses, community-based agencies, foundations, local government agencies, and individuals which will provide matching funds for youth service corps members in projects under work agreements.

**Source: L. 91:** Entire part added, p. 923, § 1, effective May 31.

**24-32-2006. Colorado youth service corps - criteria for enrollment.** (1) The director may select and enroll in the youth service corps any person who is at least sixteen years of age but not yet twenty-five years of age, who is a resident of the state, and who is not for medical, legal, or psychological reasons incapable of service.

(2) In the selection of youth service corps members, preference shall be given to youths residing in areas, both urban and rural, in which there exists substantial unemployment above the state unemployment rate. Efforts shall be made to enroll youths who are economically, socially, physically, or educationally disadvantaged.

(3) The director may prescribe such additional standards and procedures in consultation with supervising agencies as may be necessary in conformance with this part 20.

**Source: L. 91:** Entire part added, p. 925, § 1, effective May 31.

**24-32-2007. Local youth employment opportunities.** The director shall use existing local offices of the department or contract with local government agencies or community-based agencies to establish the youth service corps program and to ensure coverage of the youth service corps program statewide. Each local office, local government agency, or community-based agency shall maintain a list of available youth employment opportunities and the appropriate forms or work agreements therefor in the jurisdiction covered by the local office, local government agency, or community-based agency.

**Source: L. 91:** Entire part added, p. 925, § 1, effective May 31.

**24-32-2008. Placement under work agreements.** (1) Placement of youth service corps members shall be made in local government agencies and community-based agencies, under work agreements, and shall include those assignments which provide for addressing unmet community needs and assisting the community in economic development efforts. Each work agreement shall:

(a) Demonstrate that the project is appropriate for the youth service corps members' interests, skills, and abilities and that the project is designed to meet unmet community needs;

(b) Include a requirement of regular performance evaluation, such evaluation to include clear work performance standards set by the local government agency or community-based agency and procedures for identifying strengths, recommended improvement areas, and conditions for probation or dismissal of any youth service corps member; and

(c) Include a commitment for partial financial support of each youth service corps member from a private business, a local government agency, a community-based agency, an individual, or a foundation. The director may establish additional standards for the development of placements for youth service corps members with local government agencies or community-based agencies and assure that the work agreements comply with those standards.

(2) State agencies may use the youth service corps for the purpose of employing youth qualifying under section 24-32-2007.

**Source: L. 91:** Entire part added, p. 925, § 1, effective May 31.

**24-32-2009. Youth service corps members - compensation - scholarship.** (1) The compensation received by the youth service corps members shall be considered a training and subsistence allowance.

(2) The provisions of law relating to civil service, hours of work, rate of compensation, sick leave, unemployment compensation, old age health and survivors' insurance, state retirement plans, and vacation leave shall not apply to the youth service corps members. The youth service corps member shall be awarded a scholarship, in an amount not to exceed five thousand dollars, to a state institution of higher education, private college or university, private occupational school, or vocational school, of such youth service corps member's choice upon successful completion of the terms of enrollment in the youth service corps.

**Source: L. 91:** Entire part added, p. 926, § 1, effective May 31.

**24-32-2010. Youth service corps members not to displace current workers.** The assignment of youth service corps members shall not result in the displacement of currently employed workers, including partial displacement such as reduction in hours of nonovertime work, wages, or other employment benefits. Participating local government agencies or community-based agencies may not terminate, lay off, or reduce the working hours of any employee for the purpose of utilizing a youth service corps member with funds available.

**Source: L. 91:** Entire part added, p. 926, § 1, effective May 31.

**24-32-2011. Acceptance and utilization of funds.** (1) The department is authorized, on behalf of the youth service corps, to accept, receive, and expend all donations, grants, contributions, gifts, bequests, federal funds, and funds from any source to be used by the youth service corps in performing its duties and functions under sections 24-32-2005 and 24-32-2009. The youth service corps shall make every effort to become self-supporting by accepting, receiving, and expending grants, gifts, and moneys from any other source.

(2) The youth service corps may accept, or provide, within the limitations of the budget of the youth service corps, matching funds whenever any grant, gift, bequest, or contractual assistance is available on such a matching-fund basis.

(3) The youth service corps may also accept contributions in the form of equipment or in-kind services.

**Source: L. 91:** Entire part added, p. 927, § 1, effective May 31.

**24-32-2012. Colorado youth service corps fund - created.** (1) There is hereby created in the state treasury a fund to be known as the Colorado youth service corps fund, which shall be administered by the executive director of the department of local affairs.

(2) All moneys received pursuant to section 24-32-2011 and any other moneys received by the youth service corps shall be placed in said fund.

(3) The general assembly shall make annual appropriations of the moneys in the fund to the department for allocation to the youth service corps for administering the provisions of this part 20. All interest derived from the deposit and investment of moneys in the fund shall be credited to the fund.

(4) Any moneys in the fund not appropriated shall remain in the fund and shall not be transferred or revert to the general fund of the state at the end of any fiscal year.

(5) The general assembly shall make no general fund appropriation to either the fund or the department of local affairs for payment of any deficiency in the fund in the event that moneys in the fund are not sufficient for the costs of administering the provisions of this part 20.

**Source: L. 91:** Entire part added, p. 927, § 1, effective May 31.

**24-32-2013. Conflict with federal requirements.** If any provision of this part 20 is found to be in conflict with federal requirements which are a prescribed condition to the allocation of federal funds to the state, such conflicting part of this part 20 is declared to be inoperative solely to the extent of the conflict, and such finding or determination shall not affect the operation of the remainder of this part 20.

PART 30

COMMUNITY-BASED ACCESS GRANT PROGRAM

**Editor's note:** Section 24-32-3001 was enacted by House Bill 99-1102 as § 23-11-104.5. It was relocated as a new part to this article because article 11 of title 23, concerning the Colorado advanced technology institute, was repealed by House Bill 99-1359. The program created in the section was the responsibility of the Colorado advanced technology institute in the introduced version of House Bill 99-1102, but subsequent amendments moved the responsibility to the department of local affairs, which is located in this article.

**24-32-3001. Community-based access grant program - powers and duties of department of local affairs - definitions - legislative declaration.** (1) As used in this section:

(a) "Aggregate" means to aggregate or consolidate the telecommunications service requirements of all or a substantial portion of the public offices within a community into a coordinated and rational network plan for the provision and procurement of telecommunications services so as to maximize economies of scale and combine the buying power of the entities operating such offices.

(b) "Community" means a geographically contiguous and distinct population, self-defined for the purposes of applying for the grant resources described in this section, and having a sponsoring fiscal agent that is a political subdivision of the state.

(c) "Connect" and "connection" refer to the establishment of a full-time, dedicated, digital network connection between a public office and the state network.

(d) "Department" means the department of local affairs, created in section 24-1-125.

(e) "Director" means the executive director of the department.

(f) "End-user equipment" means hardware and software that are identified with a specific public office or other physical location and that can operate independently of the state network. The term includes, without limitation, personal computers, network servers, local area networks, and video conferencing equipment.

(g) "Private-sector telecommunications provider" means a private corporation, whether or not operated for profit, that offers telephone, cable, wireless, or other telecommunications services to the public.

(h) "Public office" means any building, office, or facility that is physically located within the geographic boundaries of a community and is owned or operated by:

(I) An agency or political subdivision of the state or of any local government, including, but not limited to, a state administrative agency, a public school or college, a library, a county or municipal government, and a public hospital or health-care facility; or

(II) A nonprofit hospital.

(2) The department shall establish a community-based access grant program under which the department shall allocate capital construction funds appropriated to the department for this purpose to communities seeking to aggregate the telecommunications services required by the public offices within the community to connect to the digital network operated by the department of personnel pursuant to article 30 of this title. Said telecommunications services shall be procured by the communities from private-sector telecommunications providers.

(3) The use of moneys allocated under this section shall be limited as follows:

(a) Expenditures shall be made only in accordance with proposals that result in material improvements in the availability and competitive cost of advanced, digital telecommunications services to the community as compared to other communities of comparable size and characteristics.

(b) Expenditures shall be made only for services procured by the community from private-sector telecommunications service providers.

(c) Expenditures shall be made only for costs associated with:

(I) Terminating communications equipment at a public office;

(II) Leased digital telecommunications services associated with connecting a public office to the state's digital network; and

(III) Appropriate cost-recovery charges for the use of the state's digital network.

(d) No expenditures shall be made for costs associated with connecting public offices that already have connections; except that such public offices may be reimbursed for their net, new incremental costs incurred as a result of their inclusion in the community's plan for the aggregation of telecommunications services.

(e) No expenditures shall be made for end-user equipment, applications development, maintenance, training, or other similar costs incurred by a public office or organization.

(f) Moneys shall be disbursed only to the fiscal agent acting on behalf of a community.

(4) The department shall receive and evaluate proposals for funding under this section, subject to the following policy directives:

(a) The proposal process shall be conducted with the overall goal of providing funding to every community whose proposal is of high quality and competitive with those of communities of comparable size and characteristics.

(b) Priority shall be given to those communities proposing to aggregate the traffic of, and obtain participation from, the greatest proportion of the public offices within the community. To qualify for consideration, proposals shall list all public offices in the community and, as to each such public office, shall specify whether or not the public office is to be connected under the proposal. In addition, increased priority shall be given to those communities that show participation of private- and nonprofit-sector telecommunications consumers in the total aggregated demand.

(c) In accordance with measurable criteria established in advance by the department, the department shall consider the degree of cash and in-kind matching funds to be provided by the community, consistent with the community's resources.

(5) Notwithstanding the provisions of subsection (3) of this section, the department may allocate up to ten percent of the capital construction appropriation for technical assistance, training, engineering, and consulting to prepare plans, program documents, life-cycle cost studies, requests for proposals and other studies, and documents associated with and necessary for the development of proposals under this section.

(6) The department shall coordinate the allocation of the capital construction funds appropriated to it for the purposes of this section with the schedule of deployment for the state's digital networks.

(7) In the funding of aggregated access for communities, the department shall require that public entities participating in the aggregation of traffic locally demonstrate the ability to divert or separate local traffic, including but not limited to internet and voice traffic, from the point of aggregation to a local destination.

(8) The department shall allocate the capital construction funds appropriated to it for the purposes of this section in such a manner as to reduce geographic disparity throughout the state in the availability and cost of advanced communications services.

(9) The department shall report to and make an appearance before the capital development committee at the conclusion of each fiscal year of operation of this program.

(10) The general assembly hereby finds and declares that the aggregation of local public telecommunications services is a new state program and that administration of the program requires services of a specialized, technical nature that are not available within the state personnel system. The director is therefore authorized to contract with a private person, corporation, or entity for the administration of the community-based access grant program described in subsection (2) of this section if the contract otherwise complies with part 5 of article 50 of this title, concerning contracts for personal services.

(11) During the initial year of funding, the department of local affairs shall allocate the moneys made available for the purposes of this section in a manner that:

(a) Provides technical assistance for strategic telecommunications planning to communities that require help in preparing competitive proposals for future funding;

(b) Evaluates the relationship between the size of a community and the ability to successfully attract investment through aggregation; and

(c) Gives priority to proposals that demonstrate a high probability of success through sufficient prior strategic telecommunications planning, local managerial expertise, and technical feasibility of the chosen bid from the private vendor.

## PART 32

### OFFICE OF SMART GROWTH

**24-32-3201. Legislative declaration.** The general assembly hereby finds and declares that the purpose of this part 32 is to recognize and reward communities that cooperatively plan for and manage growth. By enacting this part 32, the general assembly intends that the state will be able to provide financial and other services to local governments to assist such governments in anticipating and responsibly addressing the unique public impacts caused by growth.

**Source: L. 2000:** Entire part added, p. 885, § 1, effective August 2.

**24-32-3202. Definitions.** As used in this part 32, unless the context otherwise requires:

- (1) "Colorado heritage planning grant" means a grant awarded by the office of smart growth pursuant to section 24-32-3203 (3)(c).
- (2) "Department" means the Colorado department of local affairs.
- (3) "Eligible participant" means one or more local governments that satisfy the requirements for grant eligibility pursuant to section 24-32-3203 (3).
- (4) "Executive director" means the executive director of the department of local affairs.

**24-32-3203. Office of smart growth - creation - powers and duties of executive director.** (1) (a) There is hereby created within the department of local affairs the office of smart growth. The office shall be established within an existing division of the department in the discretion of the executive director.

(b) The office shall be in the charge of a director who shall be appointed by the executive director. The director and any assistants and employees of the office shall be appointed in accordance with the provisions of section 13 of article XII of the state constitution.

(2) The office shall exercise its powers and perform its duties and functions specified by this part 32 under the department of local affairs and the executive director thereof as if the same were transferred to the department by a **type 2** transfer, as such transfer is defined in the "Administrative Organization Act of 1968", article 1 of this title.

(3) The executive director shall have the following powers and duties in administering this part 32:

- (a) Repealed.
- (b) To adopt and publicize criteria regarding grants made available by the office out of moneys in the fund pursuant to paragraphs (c) and (d) of this subsection (3);
- (c) To review and approve applications for Colorado heritage planning grants awarded by the office out of money in the fund in accordance with the requirements of this part 32, and to determine the amount of money to be awarded under each such grant. An application for such a grant must:
  - (I) (Deleted by amendment, L. 2021.)

(II) Address critical planning issues, including, without limitation, land use and development patterns, affordable housing, transportation planning, mitigation of environmental hazards, water banking pursuant to article 80.5 of title 37, and energy use.

(d) To review and approve applications for grants awarded by the office out of money in the fund to assist a local government, as applicable, in developing a master plan in conformity with section 30-28-106 or 31-23-206;

(e) To attend and participate in meetings of county, municipal, or regional planning bodies, interstate agencies, and other conferences of such bodies, agencies, or related entities;

(f) To advise the governor and the general assembly on matters involving growth, consult with other offices of state government with respect to growth issues affecting the duties of their offices, and, upon request of any local government, regional area, or group of adjacent communities having common or related problems arising from growth, recommend to the governor and the general assembly any proposals for legislation that would address the impact of growth; but nothing in this part 32 shall be construed to grant to the office or the executive director any authority over the land use or planning responsibilities of local governments; and

(g) To exercise all other powers necessary and proper for the discharge of the executive director's duties and the carrying out of the intent of this part 32, including the coordination of the provisions of article 28 of title 30 and article 23 of title 31, C.R.S.

(4) The director of the office of smart growth created by this section shall advise the executive director in connection with the exercise of the executive director's powers and duties in administering this part 32.

**24-32-3204. Powers and duties of the office of smart growth.** (1) The office shall have the following powers and duties:

(a) To serve as a clearing house, for the benefit of local governments, of information relating to the common problems faced by local governments in connection with growth and of state and federal resources available to assist in the resolution of problems caused by growth;

(b) To refer local governments to appropriate departments or agencies of the state or federal government for advice, assistance, or available services in connection with specific problems relating to growth;

(c) To perform such research as is necessary to carry out the functions of the office;

(d) To encourage and, when so requested, assist cooperative efforts among local governments toward the solution of common problems relating to growth;

(e) Upon request by local governments, to provide technical assistance to such governments in addressing problems caused by the impacts of growth in such areas as, without limitation, completion of comprehensive or master plans and the resolution of land use disputes involving other governmental entities; and

(f) To accept and receive grants and services relevant to the fulfillment of this part 32 from the federal government, other state agencies, local governments, or private and civic sources.

**24-32-3205. Qualifications.** (1) Subject to the requirements of this part 32, the governing body or bodies of any eligible participant or participants, as applicable, may submit an application to the executive director requesting a grant pursuant to this part 32. Any grant approved by the executive director in accordance with the requirements of this part 32 shall be awarded to the governing body or bodies that submitted the application.

(2) In order to obtain grant moneys under this part 32 and as a condition of the receipt of moneys under said part, each eligible participant shall agree to:

(a) Use any grant moneys in accordance with the criteria publicized by the executive director pursuant to section 24-32-3203 (3)(b); and

(b) Perform such other requirements as the executive director deems appropriate in the exercise of his or her discretion to further the purposes of this part 32.

(3) Eligible participants shall apply for grants made available pursuant to this part 32 on official application forms provided by the office. Eligible participants shall provide such information on the forms as the executive director may require in furtherance of the purposes of this part 32.

**24-32-3207. Colorado heritage communities fund - creation - source of funds.** (1) There is hereby created in the state treasury the Colorado heritage communities fund, which fund is administered by the director and which consists of all money appropriated to the fund by the general assembly, money transferred from the general fund and the affordable housing and home ownership cash fund created in section 24-75-229 (3)(a), that originates from money the state received from the federal coronavirus state fiscal recovery fund, to the fund pursuant to subsection (6) of this section, and all other money collected by the office for the fund from federal grants or other contributions, grants, gifts, bequests, or donations received from other agencies of state government, individuals, private organizations, or foundations. Such money shall be transmitted to the state treasurer to be credited to the fund.

(2) Repealed.

(3) Any moneys in the fund not expended or encumbered from any appropriation at the end of any fiscal year shall remain available for expenditure in the next fiscal year without further appropriation.

(4) All moneys, including interest earned on the investment or deposit of moneys in the fund, shall remain in the fund and shall not revert to the general fund of the state at the end of any fiscal year.

(5) Repealed.

(6) (a) On June 27, 2021, or as soon as practicable thereafter, the state treasurer shall transfer:

(I) Thirty million dollars from the affordable housing and home ownership cash fund created in section 24-75-229 (3)(a), that originates from money the state received from the federal coronavirus state fiscal recovery fund, to the Colorado heritage communities fund created in subsection (1) of this section; and

(II) Nine million three hundred thousand dollars from the general fund to the Colorado heritage communities fund created in subsection (1) of this section.

(b) The division of local government in the department shall use the money transferred pursuant to subsection (6)(a) of this section for the creation, implementation, and administration of the local government affordable housing development incentives grant program created in section 24-32-130 (2) in accordance with the requirements of section 24-32-130.

(c) On June 27, 2021, or as soon as practicable thereafter, the state treasurer shall transfer:

(I) Five million dollars from the affordable housing and home ownership cash fund created in section 24-75-229 (3)(a), that originates from money the state received from the federal coronavirus state fiscal recovery fund, to the Colorado heritage communities fund created in subsection (1) of this section; and

(II) Two million one hundred thousand dollars from the general fund to the Colorado heritage communities fund created in subsection (1) of this section.

(d) The division of local government in the department shall use the money transferred pursuant to subsection (6)(c) of this section for the creation, implementation, and administration of the local government planning grant program created in section 24-32-130 (5) in accordance with the requirements of section 24-32-130. With respect to any money transferred into the Colorado heritage communities fund pursuant to subsection (6)(c) of this section, the division may use any money that is unexpended or unencumbered as of June 30, 2024 for purposes of the local government affordable housing development incentives grant program created in section 24-32-130 (2) as needed in accordance with section 24-32-130.

**24-32-3208. Additional sources of funding.** (1) Notwithstanding any other provision of this part 32, grants to be made to eligible participants in accordance with this part 32 may be made from any combination of moneys in the Colorado heritage communities fund created in section 24-32-3207 and any other moneys collected by the executive director for such purposes consistent with the intent of this part 32.

(2) Any eligible participant may pursue additional sources of funding for purposes consistent with the intent of this part 32, including, without limitation, grants, donations, or contributions from any other public or private sources.

(3) As money becomes available, the office of smart growth created in section 24-32-3203 (1) may provide grants or other forms of assistance to counties and municipalities for purposes consistent with section 24-32-3203 (3)(c)(II), including, without limitation, the hiring of consultants and related forms of professional expertise; updating plans, policies, codes, and related land development review processes; and offering grants, loans, or other forms of assistance as incentives for the development of affordable housing, which forms of assistance may include the acquisition of property, the provision of infrastructure, or the development of community amenities. The office shall create guidelines to specify the activities on the part of local governments that will qualify for grant funding or other forms of assistance under this subsection (3). The office may also use available money to implement or facilitate grant and other incentive programs by hiring staff, creating technical resources for local governments, hiring consultants and related forms of professional expertise, and otherwise administering the Colorado heritage grant program in accordance with this part 32. The office may use a portion of any such money for hiring and maintaining staff, defraying operational expenses, and administration associated with the provision of grants and other forms of incentives under this subsection (3).

**24-32-3209. Comprehensive planning disputes - development plan disputes - mediation - list of qualified professionals to assist in mediating land use disputes - definitions.** (1) As used in this section, unless the context otherwise requires:

(a) "Comprehensive plan" means the master plan of a local government adopted pursuant to section 30-28-106 or 31-23-206, C.R.S., or an amendment to such plan.

(b) "Comprehensive planning dispute" means a dispute between two or more local governments regarding a comprehensive plan.

(c) "County" means a home rule or statutory county.

(c.5) "Development plan" means a mutually binding and enforceable development plan established pursuant to section 29-20-105 (2), C.R.S., by intergovernmental agreement between the county or counties in which land to be annexed is located and a municipality or between any two or more municipalities located within such county or counties.

(d) "Landowner" means any owner of record of state, municipal, or private land and includes an owner of any easement, right-of-way, or estate in the land.

(e) "Local government" means a municipality or a county.

(f) "Mediation" means an intervention in comprehensive planning dispute negotiations by a trained neutral third party with the purpose of assisting the local governments in reaching their own solution to the dispute.

(g) "Municipality" means a home rule or statutory city, town, territorial charter city, or city and county.

(h) "Neighboring jurisdiction" means the following:

(I) For a county, any adjacent county and any municipality that is wholly or partially located within the boundaries of the county or within three miles of any boundary of the county; and

(II) For a municipality, each county within which the municipality is wholly or partially located and any county or municipality that is located within three miles of any boundary of the municipality.

(2) (a) Each local government shall provide to each neighboring jurisdiction written notice of the public hearings at which the comprehensive plan of the local government is to be considered and a copy of the proposed comprehensive plan. Such neighboring jurisdiction may review the comprehensive plan and submit comments to the local government prior to the first hearing on such plan by the local government.

(b) A neighboring jurisdiction may file a written objection to a comprehensive plan with a local government at any time up to and including thirty days after the adoption of such plan. Such objection may include a request for the local government to participate in a mediation of the comprehensive planning dispute with the neighboring jurisdiction coordinated by the department through the office using a mediator from the list maintained pursuant to subsection (6) of this section. Such local government shall participate in the mediation upon the request of the neighboring jurisdiction.

(c) If a neighboring jurisdiction has more than one objection to a comprehensive plan, all such objections shall be considered together in the mediation conducted pursuant to this subsection (2). A neighboring jurisdiction requesting such dispute resolution or mediation process shall pay for the costs of the mediator's services.

(2.3) (a) The parties to an intergovernmental agreement establishing a development plan shall provide notice and a copy of the agreement, together with a map demonstrating the territory covered by the agreement, to each neighboring jurisdiction.

(b) Each municipality that has received a petition for annexation filed pursuant to section 31-12-107, C.R.S., which annexation covers territory included within the boundaries encompassed within a development plan to which the municipality is not a party, and that has received notice and a copy of the plan in accordance with the requirements of paragraph (a) of this subsection (2.3) shall provide to the parties to the development plan written notice of the petition for annexation, as well as a copy of the petition, prior to the referral of the petition by the municipal clerk to the governing body of the municipality pursuant to section 31-12-107 (1)(f), C.R.S. Where any portion of the area to be annexed under the petition is located within the boundaries of a development plan, each neighboring jurisdiction that is a party to such plan may file with the governing body of the annexing municipality a written objection to the petition no later than thirty days after receipt of the petition in accordance with the requirements of this paragraph (b). In the written objection filed, the neighboring jurisdiction may additionally request that the annexing municipality participate in a mediation of the dispute arising out of the

petition with the assistance of a qualified professional from the list of such professionals maintained by the department pursuant to subsection (6) of this section. Upon the request of any neighboring jurisdiction that is a party to the development plan, the annexing municipality shall participate in the mediation required by this paragraph (b).

(c) No petition for annexation shall be referred by a municipal clerk to the governing body of the municipality for any action pursuant to section 31-12-107 (1)(f), C.R.S., until:

(I) The mediation required by paragraph (b) of this subsection (2.3) is completed; or

(II) Not less than ninety days have passed from the date on which the municipality in receipt of the petition for annexation was notified of a request to mediate by a neighboring jurisdiction pursuant to paragraph (b) of this subsection (2.3).

(d) Notwithstanding any other provision of law, the costs of obtaining the assistance of a qualified professional in accordance with the requirements of paragraph (b) of this subsection (2.3) shall be assumed by the neighboring jurisdiction requesting the mediation. Where more than one neighboring jurisdiction requests the mediation, the costs of obtaining the assistance of a qualified professional shall be allocated pro rata between or among all such jurisdictions.

(3) In the alternative to a mediation conducted pursuant to this section, the parties to the dispute may use an existing intergovernmental agreement or a new agreement to resolve the disputes in whatever manner the local governments determine.

(4) In conducting a mediation pursuant to this section, the mediator shall consider information provided by any landowner in the land area that is subject to the dispute and may consider such other information as is presented by other interested persons.

(5) Any agreement or understanding reached between two or more local governments in the course of conducting a mediation in accordance with subsection (2) of this section shall not be binding in the event that such governments are ultimately unsuccessful in resolving their comprehensive planning or development plan dispute.

(6) To fulfill its role in coordinating a mediated solution to disputes between and among local governments, the department shall maintain a list of qualified professionals that are available to assist in resolving land use disputes arising between local governments. Such list shall include only those persons and organizations the department determines have professional expertise and skills in land use, planning, zoning, subdivision, annexation, real estate, public administration, mediation, arbitration, or related disciplines. Such list shall be made available to governmental entities and the public through the office created by this part 32 for the purpose of facilitating the resolution of disputes between or among local governments arising out of land use matters.

## PART 33

REGULATION OF FACTORY-BUILT STRUCTURES, MULTI-FAMILY STRUCTURES WHERE NO STANDARDS EXIST, MANUFACTURED HOME INSTALLATIONS, AND SELLERS OF MANUFACTURED HOMES

**24-32-3301. Legislative declaration.** (1) The general assembly hereby finds, determines, and declares that mobile homes, manufactured housing, and factory-built housing are important and effective ways to meet Colorado's affordable housing needs. The general assembly further finds and declares that, because of the housing crisis in Colorado, there is a need to promote the affordability and accessibility of new manufactured and factory-built housing. The general assembly encourages local governments to enact ordinances and rules that effectively treat factory-built housing certified through the state program and manufactured housing certified through the federal program the same as site-built homes. The general assembly further finds, determines, and declares that:

(a) The comprehensive regulation of the construction of factory-built structures to ensure safety, affordability, efficiency, and performance is a matter of statewide concern.

(b) The comprehensive regulation of the installation of manufactured homes to ensure safety, affordability, efficiency, and performance is a matter of statewide and local concern.

(c) The protection of Colorado consumers who purchase manufactured homes from fraud and other unfair business practices is a matter of statewide concern and consumers can best be protected by:

(I) Requiring registration of persons engaged in the business of selling manufactured homes;

(II) Imposing escrow and bonding requirements upon persons engaged in the business of selling manufactured homes; and

(III) Requiring persons engaged in the business of selling manufactured homes to include specified disclosures and provisions in any contract for the sale of a manufactured home.

(d) The imposition of registration requirements upon sellers of manufactured homes by both the state and political subdivisions of the state would impose an undue burden upon sellers of manufactured homes and discourage the sale of manufactured homes.

(e) The registration, escrow and bonding, and contract requirements imposed on sellers of manufactured homes by this part 33 are exclusive and no political subdivision of the state may impose any additional registration, escrow, and bonding, or contract requirements on the sellers.

(2) The general assembly further declares that in enacting this part 33, it is the intent of the general assembly that the division establish through the board rules as it deems necessary to ensure:

(a) The safety, affordability, efficiency, and performance of factory-built structures;

(b) Consumer safety in the purchase of manufactured homes;

(c) The registration of manufactured home installers and the creation of uniform standards for the installation of manufactured homes on a statewide basis; and

(d) The safety, affordability, and performance of hotels, motels, and multi-family structures in areas of the state where no construction standards for hotels, motels, and multi-family structures exist.

(3) The general assembly further declares that the factory-built structure programs administered and rules adopted pursuant to this part 33 apply only to work performed in a

factory or completed at a site using components shipped with the factory-built structure as reflected in the approved plans for the factory-built structure.

(4) The general assembly further declares that the regulations in this part 33 are separate and distinct from the "Mobile Home Park Act" and the "Mobile Home Park Act Dispute Resolution and Enforcement Program" under parts 2 and 11 of article 12 of title 38.

(17) "Installer" means any person who performs the installation of a manufactured home, which includes multi-family structures for those with knowledge, experience, and skills to do so.

(18) "Local government" means the government of a town, city, county, or city and county that is the designated authority charged with the administration and enforcement of local building codes.

(19) "Manufacture" means the process of making, fabricating, constructing, forming, or assembling a product from raw, unfinished, or semi-finished materials.

(20) "Manufactured home" means any preconstructed building unit or combination of preconstructed building units or closed panel systems that:

(a) Include electrical, mechanical, or plumbing services that are fabricated, formed, or assembled at a location other than the site of the completed home;

(b) Is designed for residential occupancy in either temporary or permanent locations;

(c) Is constructed in compliance with the federal act, factory-built residential requirements, including those for multi-family structures, or mobile home standards;

(d) Does not have motor power; and

(e) Is not licensed as a recreational vehicle.

(21) "Manufactured home construction" means all activities relating to the assembly, manufacture, major repair, or alteration of a manufactured home, including but not limited to activities relating to durability, quality, and safety.

(22) "Manufactured home safety" means the performance of a manufactured home in such a manner that the public is protected against any unreasonable risk of occurrence of accidents due to the design or construction of the manufactured home or any unreasonable risk of death or injury to the user or to the public if accidents do occur.

(23) "Manufacturer" means any person who constructs or assembles a manufactured residential or nonresidential structure in a factory or other off-site location.

(24) "Mobile home" means a manufactured home built prior to the adoption of the federal act.

(25) "Modular home" means a factory-built residential structure.

(26) "Owner" means the owner of a manufactured home.

(27) "Principal" means an officer of a corporation, a member of a limited liability company, a general partner of a partnership, the sole proprietor of a sole proprietorship, or any other person who has a financial interest of ten percent or more in any legal or commercial entity.

(28) "Production review" means an evaluation of a manufacturer and a facility's ability to follow approved plans, standards, codes, and quality control procedures during manufacture.

(29) "Purchaser" means the first person purchasing a manufactured home in good faith for purposes other than resale.

(30) "Quality assurance representative" means any state, firm, corporation, or other entity that proposes to conduct production reviews, evaluate a manufacturer's quality control procedures, and perform design evaluations for factory-built structures.

(31) "Registered installer" means an installer who has registered with the division, but who has not applied for and been approved by the division for certified status.

(32) "Secretary" means the secretary of the United States department of housing and urban development.

(32.5) "Seller" means any person engaged in the business of selling manufactured homes to be installed in Colorado.

(33) "Site" means the entire tract, subdivision, or parcel of land on which manufactured homes are installed.

**24-32-3303. Division of housing - powers and duties - rules.** (1) The division has the following powers and duties pursuant to this part 33:

(a) To administer and enforce construction and maintenance standards adopted by the board pursuant to this part 33, including the registration status of manufacturers;

(b) To conduct continuing research into new approaches to housing throughout the state, including but not limited to the following:

(I) The development of housing standards and construction codes based on performance; and

(II) Modular housing;

(c) To review and approve quality assurance representatives that intend to perform inspections and issue insignia of approval pursuant to this part 33;

(d) To promulgate rules in accordance with article 4 of this title 24 to implement and specify the installer and inspector education and testing requirements set forth in this part 33 and to oversee such education and testing;

(e) To enforce requirements concerning the installation of manufactured homes, including the registration and certification status of installers;

(f) To enforce requirements concerning the sale of manufactured homes, including the registration status of sellers; and

(g) To enforce requirements concerning the safety of hotels, motels, and multi-family structures in areas of the state where no construction standards for hotels, motels, and multi-family structures exist.

**24-32-3304. State housing board - powers and duties.** (1) The board has the following powers and duties pursuant to this part 33:

(a) To promulgate uniform construction and maintenance standards for hotels, motels, and multiple-family dwellings in those areas of the state where no standards exist;

(b) To promulgate uniform construction standards for factory-built residential and nonresidential structures;

(c) To develop and submit to the general assembly and local governments recommendations for uniform housing standards and building codes;

(d) To promulgate rules establishing standards for the installation and setup of manufactured housing units; and

(e) To promulgate rules establishing specific standards for the use of private inspection and certification entities to perform the division's certification and inspection functions with respect to in-state and out-of-state inspections of factory-built structures. The standards must allow, consistent with section 13 of article XII of the state constitution, the provisions of part 5 of article 50 of this title 24, and the rules of the state personnel board, for the use of private inspection and certification entities when the entities are available at a reasonable cost. The standards cannot prohibit a manufacturer from having the option to contract with the division or an authorized quality assurance representative to perform inspection and certification functions.

**24-32-3305. Rules - advisory committee - enforcement.** (1) The board must promulgate rules as it deems necessary to ensure:

(a) The safety of factory-built structures;

(b) The safety of consumers purchasing manufactured homes;

(c) The safety of manufactured home installations; and

(d) The safety of hotels, motels, and multi-family structures in areas of the state where no construction standards for hotels, motels, and multi-family structures exist.

(2) Rules promulgated by the board must include provisions imposing requirements reasonably consistent with recognized and accepted standards adopted by the international code council, the national fire protection association, and the Colorado state plumbing and electrical codes, or a combination thereof, except to the extent that the board finds that the standards and codes are inconsistent with this part 33. All rules promulgated by the board must be adopted pursuant to article 4 of this title 24.

(3) The board must consult with and obtain the advice of an advisory committee on residential and nonresidential structures in the drafting and promulgation of rules. The committee consists of twelve members appointed by the division from the following professional and technical disciplines: One from architecture, one from structural engineering, three from building code enforcement, one from mechanical engineering or contracting, one from electrical engineering or contracting, one from the plumbing industry, one from the construction design or producer industry, two from manufactured housing, and one from organized labor. Committee members shall be reimbursed for actual and necessary expenses incurred while engaged in official duties.

(4) The division must enforce the provisions of this part 33 and the rules adopted pursuant thereto.

(5) The division may act as agent for the federal government for the enforcement of manufactured home safety and construction standards relating to any issue with respect to which a federal standard has been established under the federal act.

**Source:** **L. 2003:** Entire part added, p. 537, § 2, effective March 5. **L. 2021:** IP(1), (2), (3), (4), and (5) amended, (HB 21-1019), ch. 122, p. 468, § 5, effective September 7.

**24-32-3306. Recognition of similar standards - compliance with standards.** (1) If the division determines that standards for factory-built or manufactured housing prescribed by statute or rule of another state or by the United States department of housing and urban development are reasonably consistent with, or equal to, standards required by this part 33, it may provide by rule that factory-built or manufactured housing approved by the other state or by the department meets the standards required by this part 33.

(2) No person, partnership, firm, corporation, or other entity may manufacture, sell, or offer for sale within this state any factory-built structure that is not manufactured in compliance with the applicable provisions of the construction standards adopted by the board.

**Source:** **L. 2003:** Entire part added, p. 538, § 2, effective March 5. **L. 2021:** Entire section amended, (HB 21-1019), ch. 122, p. 469, § 6, effective September 7.

**24-32-3307. Noncompliance with standards.** (1) The division may obtain injunctive relief from the appropriate court to enjoin the manufacture, sale, delivery, or installation of factory-built housing by filing an affidavit specifying the manner in which the housing does not conform to the requirements of this part 33 or to rules promulgated pursuant to section 24-32-3305. The division may suspend the issuance of insignias of approval while injunctive relief is being sought.

(2) If the division, acting as agent for the federal government, determines that any manufactured home does not conform to applicable state or federal manufactured home construction and safety standards or that it contains a defect that constitutes an imminent safety hazard after the sale of the manufactured home by a manufacturer to a seller and prior to the sale of the manufactured home by the seller to a purchaser, the manufacturer must provide for parts replacement and installation reimbursement as required under the federal act or rules adopted pursuant thereto.

**24-32-3308. Violation - penalty.** (1) A manufacturer who violates any of the provisions of this part 33 or any rule promulgated pursuant to section 24-32-3305 is subject to revocation or suspension of the manufacturer's registration, fines, or any other measures as prescribed by rule promulgated by the division or other applicable state law. The division may issue a fine of up to one thousand dollars for each violation. Multiple violations of this part 33 committed during the

construction of a single factory-built structure constitute one violation. A separate violation is deemed to have occurred with respect to each factory-built structure involved. A civil penalty collected pursuant to this section must be transmitted to the state treasurer who must credit the same to the building regulation fund created in section 24-32-3309.

(2) In the case of any unit certified under the federal act, civil and criminal penalties provided for in the federal act must be imposed. Any civil penalty collected pursuant to this section must be transmitted to the state treasurer, who must credit the same to the building regulation fund.

**Source:** **L. 2003:** Entire part added, p. 539, § 2, effective March 5. **L. 2021:** Entire section amended, (HB 21-1019), ch. 122, p. 470, § 8, effective September 7.

**24-32-3309. Fees - building regulation fund.** (1) (a) The board, by rule, must establish a schedule of fees designed to pay all direct and indirect costs incurred by the division in carrying out and enforcing the provisions of this part 33; except that the amount of the registration fee for installers of manufactured homes is the amount specified in section 24-32-3315 (5) and the amount of the registration fee for sellers of manufactured homes is the amount specified in section 24-32-3323 (3). Before establishing the schedule of fees, the division must gather information regarding the fees charged by Colorado local governments for the inspection and certification of improvements to residential real property that are not manufactured homes and the fees charged by governmental entities outside of Colorado for the inspection and certification of manufactured homes for the board's consideration. The fees must be paid to the division and transmitted to the state treasurer, who must credit the fees to the building regulation fund, which fund is hereby created in the state treasury and referred to in this section as the "fund". All interest derived from the deposit and investment of money in the fund must be credited to the fund. Except as otherwise provided in subsection (2) of this section, at the end of any fiscal year, all unexpended and unencumbered money in the fund must remain in the fund and must not be credited or transferred to the general fund or any other fund or used for any other purpose other than to offset the costs of implementing and administering and enforcing the provisions of this part 33.

(b) Notwithstanding any provision of this section to the contrary:

(I) On June 1, 2009, the state treasurer must deduct one million one hundred one thousand three hundred forty-nine dollars from the fund and transfer such sum to the general fund;

(II) On April 1, 2015, the state treasurer must deduct three hundred thousand dollars from the general fund and transfer such sum to the fund; and

(III) On July 1, 2016, the state treasurer must deduct two hundred thousand dollars from the general fund and transfer such sum to the fund.

(2) In addition to being used to offset the costs of implementing and administering this part 33 as specified in subsection (1) of this section, money in the fund may be expended:

(a) To provide education and training to manufacturers, sellers, installers, building department employees, elected officials, and, as appropriate, other persons affected by the mobile, manufactured, and factory-built structures industry regarding the building codes and state program requirements applicable to mobile, manufactured, and factory-built structures within the state;

(b) To provide consumer training throughout the state that will help a consumer make informed decisions when purchasing or considering the purchase of a mobile home, manufactured home, or factory-built structure; and

(c) To provide education and grants that will help manufacturers, sellers, installers, owners, and, as appropriate, other parties affected by the mobile, manufactured, and factory-built structures industry address safety issues that affect mobile, manufactured, and factory-built structures.

**24-32-3310. Local enforcement.** Nothing in this part 33 may interfere with the right of local governments to enforce local rules governing the installation of factory-built housing pursuant to section 24-32-3318 that bear the insignia of approval issued by the division pursuant to section 24-32-3311 (1)(a) if the local rules are not inconsistent with state rules adopted pursuant to section 24-32-3305.

**Source:** **L. 2003:** Entire part added, p. 539, § 2, effective March 5. **L. 2021:** Entire section amended, (HB 21-1019), ch. 122, p. 471, § 10, effective September 7.

**24-32-3311. Certification of factory-built residential and nonresidential structures.** (1) (a) Factory-built structures constructed, sold, or offered for sale within this state after the effective date of the rules promulgated pursuant to this part 33 must bear an insignia of approval issued by the division and affixed by the division or an authorized quality assurance representative.

(a.3) Manufacturers of factory-built structures to be installed in the state must register with the division as provided in board rules and are subject to enforcement action, including suspension or revocation of their registration for failing to comply with requirements contained in this part 33 and board rules.

(a.5) Factory-built structures constructed or sold for transportation to and installation in another state need not bear an insignia of approval issued by the division.

(a.7) The division must conduct a full design and plan review and inspection of the construction of factory-built structures to the extent the design and construction relates to work performed offsite or work that is completed onsite using components shipped with the factory-built structure as reflected in the approved plans for the factory-built structure. A local government may not duplicate efforts to review or approve the construction of a factory-built structure that is under review or approved by the division nor may it charge building permit fees to cover the cost of plan reviews or inspections performed by the division. A local government's jurisdiction is limited to work done onsite in compliance with section 24-32-3311 (6) and includes associated plan review, permits, inspections, and fees. The division may authorize a local government to inspect and approve work that is completed onsite using components shipped with the factory-built structure as reflected in the approved plans for the factory-built

structure. A local government may charge inspection fees if authorized to assist the division to inspect and approve work that is completed onsite using components shipped with the factory-built structure as reflected in the approved plans for the factory-built structure.

(b) Rented or leased factory-built structures that are occupied on or after March 1, 2009, must bear an insignia of approval issued by the division and affixed by the division or an authorized quality assurance representative.

(2) Factory-built residential structures constructed prior to March 31, 1971, are subject to any existing state or local government rules relating to the construction of the structures.

(3) Factory-built nonresidential structures constructed prior to July 1, 1991, are subject to any existing state or local government rules relating to the construction of the structures.

(4) A factory-built structure bearing an insignia of approval issued by the division and affixed by the division or an authorized quality assurance representative pursuant to this part 33 is deemed to be designed and constructed in compliance with the requirements of all codes and standards enacted or adopted by the state and accounting for any local government installation requirements adopted in compliance with sections 24-32-3310 and 24-32-3318 that are applicable to the construction of factory-built structures to the extent that the design and construction relates to work performed in a factory or work that is completed at a site using components shipped with the factory-built structure as reflected in the approved plans for the factory-built structure. The determination by the division of the scope of such approval is final. An insignia of approval affixed to the factory-built structure does not expire unless the design and construction of the factory-built structure has been modified from approved plans.

(5) No factory-built structures bearing an insignia of approval issued by the division and affixed by the division or an authorized quality assurance representative pursuant to this part 33 may be in any way modified contrary to the rules promulgated pursuant to section 24-32-3305 prior to or during installation unless approval is first obtained from the division.

(6) All work at a site that is unrelated to the installation of a factory-built structure or components shipped with the factory-built structure, including additions, modifications, and repairs to a factory-built structure, are subject to applicable local government rules.

**24-32-3312. Notification and correction of defects.** A manufacturer to be certified as meeting federal standards must furnish notification of any defect in a manufactured home produced by the manufacturer that the manufacturer determines, in good faith, relates to a manufactured home construction or safety standard or constitutes an imminent safety hazard to the purchaser of the manufactured home within a reasonable time after the manufacturer has discovered the defect in accordance with the provisions under the federal act or any board rule.

**24-32-3313. Injunctive relief.** The division may request the appropriate court to enjoin the sale or delivery of any factory-built structure upon an affidavit, specifying the manner in which the factory-built structure does not conform to the requirements of this part 33 or the rules promulgated pursuant to this part 33. The division may suspend the authority of a manufacturer to affix insignias while injunctive relief is being sought.

**24-32-3314. Cooperation with department of revenue.** The division may cooperate with the department of revenue in any manner feasible to ensure that the provisions of this part 33 are carried out.

**Source:** L. 2003: Entire part added, p. 541, § 2, effective March 5. L. 2021: Entire section amended, (HB 21-1019), ch. 122, p. 473, § 14, effective September 7.

**24-32-3315. Installers of manufactured homes - registration - educational requirements.** (1) (a) Any installer in this state must first register with the division. A registered installer is responsible for supervising all employees and for the proper and competent performance of all employees working under their supervision.

(b) Persons who are not required to register as an installer with the division include:

(I) A person employed by a registered or certified installer, as well as a person employed by a legal or commercial entity employing a registered or certified installer when performing installation functions under the direct on-site supervision of the registered or certified installer.

(II) (Deleted by amendment, L. 2021.)

(c) A homeowner who installs the owner's own manufactured home that is a one- or two-family dwelling intended for their own personal use is not required to register as an installer with the division but must comply with all provisions of this part 33 other than registration provisions. A homeowner is limited to the installation of one manufactured home in any twelve-month period and a total of no more than five during their lifetime. A homeowner installing their own home is required to do their own installation work. If the homeowner has another person perform installation work on their manufactured home, that person is required to be a registered or certified installer.

(2) Each registered installer must file with the division a letter of credit, certificate of deposit issued by a licensed financial institution, or surety bond issued by an authorized insurer in an amount and process established by the board through rule-making for the performance of an installation pursuant to the manufacturer's instructions or standards promulgated by the division. The letter of credit, certificate of deposit, or surety bond must be filed with the division at the same time the initial application for registration is filed.

(3) An application for registration or certification as a manufactured home installer, whether initial or renewal, must be submitted on a form provided by the division and verified by a declaration dated and signed under penalty of perjury by the applicant. The application must contain, in addition to any other information the division may reasonably require, the name, address, and telephone number of the applicant. The division shall make the application and declaration available for public inspection.

(4) On and after July 1, 2008, in order to be registered initially as a manufactured home installer, an applicant must:

(a) Be at least eighteen years of age;

(b) Furnish written evidence of twelve months of installation experience under direct supervision of a registered or certified installer or equivalent training or experience as determined by the division;

(b.5) Furnish written evidence of completion of eight hours of division-approved installation education;

(b.7) Pass a division-approved installation test; and

(c) Carry and provide proof of liability insurance in an amount and process established by the board through rulemaking.

(5) A registration issued pursuant to this section is valid for one year from the date of issuance and cannot be transferred or assigned to another person. The amount of the registration fee must be no more than two hundred fifty dollars. If any of the application information for the registered installer changes after the issuance of a registration, the registered installer must notify the division in writing within thirty days from the date of the change. The division may suspend, revoke, or deny renewal of a registration if the registered installer fails to notify the division of any change in the application.

(6) Any registered installer seeking to renew registration must, at the time of applying for renewal, provide proof of liability insurance, proof of completion of division-approved installation education as established by the board through rule-making, and a letter of credit, certificate of deposit, or surety bond for the registration term in compliance with subsections (2) and (4) of this section.

(7) (a) Any registered installer who has performed five installations that have passed inspection by the division may apply to the division for certification. The division will issue certification to qualified registered installers. The division cannot charge a fee for certification of installers.

**24-32-3315.5. Contract for the installation of manufactured homes - requirements.**

(1) A registered or certified installer must provide a contract for the installation of each manufactured home and make the following disclosures in any contract for the installation of a manufactured home:

(a) That the installer has a letter of credit, certificate of deposit, or surety bond filed with the division for the performance of the installation of the manufactured home;

(b) That an aggrieved person may file a complaint with the division concerning the performance of the installation of the manufactured home, including making a claim against the letter of credit, certificate of deposit, or surety bond filed with the division; and

(c) That an aggrieved person may bring a civil action pursuant to the "Colorado Consumer Protection Act", section 6-1-105 (1)(ss), to remedy violations of the installation

requirements in this part 33. However, damages are limited in accordance with section 6-1-113 (2.7).

(2) Any installer who fails to provide a contract as required by this section, including all disclosures is subject to the suspension or revocation of the registration by the division.

**Source: L. 2021:** Entire section added, (HB 21-1019), ch. 122, p. 475, § 16, effective September 7.

**24-32-3316. Compliance with manufacturer's installation instructions.** (1) Except as provided by subsection (2) or (3) of this section, any installation of a manufactured home in this state shall be performed in strict accordance with the applicable manufacturer's installation instructions. A copy of the manufacturer's instructions or the standards promulgated by the division must be available at the time of installation and inspection.

(2) If, in the exercise of reasonable professional judgment, the installer identifies any reason why strict compliance with the manufacturer's installation instructions would cause harm or would otherwise be unsuited to the particular circumstances, the installer must contact the division about how to proceed.

(3) If a manufacturer's installation instructions are not available or applicable to a particular installation, the installation must proceed in compliance with standards promulgated by the division.

**Source: L. 2003:** Entire part added, p. 542, § 2, effective March 5. **L. 2021:** Entire section amended, (HB 21-1019), ch. 122, p. 476, § 17, effective September 7.

**24-32-3317. Installation of manufactured homes - certificates - inspections - inspector qualification and education requirements - rules.** (1) Before beginning the installation of a manufactured home, the owner or registered installer of a manufactured home must submit a request to the division and receive an installation authorization from the division on a division-approved form, unless the installation is occurring in a jurisdiction where a local government is participating as an independent contractor, in which case the owner or registered installer is to follow the local government's process for receiving authorization to install a manufactured home.

(2) The division may certify any installer who provides evidence of five or more installations of manufactured homes performed by the installer for which installation authorizations have previously been issued pursuant to this section when, in the judgment of the division, the installer has demonstrated the ability to successfully complete installations of manufactured homes in accordance with the requirements of this part 33.

(2.3) An installer certified by the division is not required to obtain an installation authorization from the division, but is required to obtain authorization to install a manufactured home from any local government participating as an independent contractor. An installation insignia issued by the division is to be affixed on the manufactured home by the certified installer upon completion of the installation of the manufactured home in accordance with the requirements of this part 33 and board rules in any jurisdiction not participating as an independent contractor.

(2.5) The division or independent contractor will affix an installation insignia upon passing an inspection of an installation that was completed in accordance with the requirements of this part 33 and board rules. A local government participating as an independent contractor is to authorize, inspect, and certify all installations occurring in its jurisdiction on behalf of the division, including any performed by a certified installer.

(2.7) Any installations certified on behalf of the division by a certified installer or independent contractor must be reported to the division in a manner specified by the division.

(2.9) The division or independent contractor at the request of the division may, at the division's sole discretion, inspect the installation of any manufactured home performed by a certified installer pursuant to this subsection (2.9) and may require the certified installer to correct, within a period established by rule promulgated by the board, any defects or deficiencies in the installation. The division may revoke the certification of any installer certified pursuant to this subsection (2.9) when, in the judgment of the division, the installer has performed installations of a manufactured home in violation of the requirements of this part 33. Any installer whose certification has been so revoked may apply for recertification in accordance with rules promulgated by the division.

(3) (a) The division may fine, suspend, or revoke the registration of a registered installer if the installer fails to:

(I) Comply with the registration requirements of section 24-32-3315; or

(II) Otherwise pay to the owner or occupant of a manufactured home:

(A) The cost of an inspection that fails to meet the requirements of the manufacturer's instructions or the standards promulgated by the division or any subsequent required inspection;

(B) The cost of any subsequent repairs that are necessary to bring the installation into compliance with the manufacturer's instructions or the standards promulgated by the division; or

(C) A refund of any money paid up front that did not result in a complete installation of the manufactured home or the cost of completing the installation by a different registered installer.

(b) A financial institution or authorized insurer is required to make payment to the division making a claim against the letter of credit, certificate of deposit, or surety bond if a court of competent jurisdiction has rendered a final judgment in favor of the division based on a finding that the registered installer failed to perform on the installation of the manufactured home as required by this part 33 or board rules or upon a ceasing of business operations or a bankruptcy filing by the registered installer. Any installer who fails to provide a letter of credit, certificate of deposit, or surety bond as required by section 24-32-3315 (2) and (6) or who otherwise fails to pay any judgment by a court of competent jurisdiction in favor of the division is subject to the suspension or revocation of the registration by the division.

(c) The division may also take enforcement action on the registration of an installer for failing to comply with any other installation requirements contained in this part 33 and any board rules.

(4) An owner or a registered installer must display an installation authorization at the site of a manufactured home to be installed until an installation insignia is issued by the division or independent contractor, unless the installation is occurring in a jurisdiction where a local government is participating as an independent contractor, in which case the owner or registered installer is to follow the local government's process for identifying a manufactured home to be installed until the division's installation insignia is issued by the local government.

(5) (a) The division shall adopt rules that specify a standard form to be used statewide by the division or an independent contractor as a certificate of installation certifying that a manufactured home was installed in compliance with the provisions of this part 33. However, the certificate of installation applies only to installation of a manufactured home built in a factory and components shipped with the manufactured home as reflected in the approved plans for the manufactured home. The certificate of installation must include but not be limited to the following:

(I) The name, address, and telephone number of the division;  
(II) The date the installation was completed; and  
(III) The name, address, telephone number, and registration number of the registered installer who performed the installation.

(b) If a vacant manufactured home fails an installation inspection because of conditions that endanger the health or safety of the occupant, the manufactured home cannot be occupied. If a manufactured home fails an installation inspection because of conditions that do not endanger the health or safety of the occupant, the manufactured home may be occupied pending the correction of those defects or deficiencies that served as the basis of the failed inspection.

(6) In addition to inspections performed pursuant to subsection (2.9) of this section, the division or the independent contractor that performs inspections and enforcement of proper installation of manufactured homes may inspect the installation of a manufactured home upon request filed by the owner, installer, manufacturer, or seller of the manufactured home. The inspection must be paid for by the party that requested the inspection.

(7) If the installation of a manufactured home by an installer has failed the inspection conducted by the division or the independent contractor and it is determined by the division or the independent contractor that the installer has violated any of the installation standards promulgated by the division, the installer must reimburse the party requesting the inspection for the cost of the failed inspection and must pay for any subsequent repairs necessary to bring the installation into compliance with the manufacturer's instructions or standards promulgated by the division. The installer must also pay for any subsequent inspections required by the division or the independent contractor. Failure of the installer to pay for any inspections or subsequent repairs deemed necessary by the division or the independent contractor shall result in the forfeiture of the installer's performance bond on behalf of the owner of the manufactured home.

(8) The division may authorize an independent contractor to perform inspections and enforcement of proper installation of manufactured homes. The division may provide training for independent contractors. Independent contractors must be certified by the division to perform installation inspections. The division must establish by rule the qualifications of an inspector and the areas of expertise necessary for inspecting manufactured homes. On and after July 1, 2008, a new inspector must pass a division-approved installation test. The qualifications for an inspector include but are not limited to those of a professional civil engineer or local housing inspector or independent contractor. Commencing in 2009, inspectors must also complete, and maintain records of the completion of division-approved education as established by the board through rulemaking.

(9) If an installation or subsequent repair of an installation by an installer fails to meet the standards promulgated by the division within a period determined by the division, the division must investigate the actions of the installer. The division may revoke, suspend, or refuse to renew the registration or certification of the installer for failing to comply with the division's

standards regarding installation of a manufactured home. Any independent contractor that knows of an installer whose installations fail inspection and have not been cured by subsequent repair must request that the division investigate the installer.

(10) The board must adopt rules concerning:

(a) A standard installer inspection form to be used statewide by the division or an independent contractor that performs manufactured home installation inspection and enforcement activities;

(b) Certification requirements for independent contractors to use to inspect installations;

(c) Proper installation inspection and enforcement standards;

(d) A standard certificate of installation to be used statewide by the division; and

(e) Any other rule necessary for the implementation of manufactured home installation requirements in this part 33.

**24-32-3318. Local installation standards preempted.** A local government may not adopt less stringent standards for the installation of a manufactured home than those promulgated by the division. A local government may not, without express consent by the division, adopt different standards than the standards for the installation of a manufactured home promulgated by the division. Nothing in this section may preclude a local government from enacting standards for mobile or modular homes concerning unique public safety requirements related to geographic or climatic conditions, such as weight restrictions for roof snow loads or wind shear factors, as otherwise permitted by law. A local government may not impose weight restrictions for roof snow loads or wind shear factors on a manufactured home built to the federal manufactured home construction and safety standards that are different from what has been zoned for the state of Colorado by the United States department of housing and urban development pursuant to the federal act or impose any other requirements that would impact the design and construction of the home, unless an exemption has been granted for that jurisdiction by the United States department of housing and urban development. Nothing in this section prohibits a local government from requiring onsite mitigation to address unique public safety requirements related to geographic and climatic conditions, such as weight restrictions for roof snow loads and wind shear factors, on a manufactured home built to the federal manufactured home construction and safety standards, so long as there is no interference with the federal standards for the design and construction of the manufactured home.

**24-32-3319. Prohibited acts.** It shall be unlawful for any person to perform an installation without regard to whether the person receives compensation, except as provided in this part 33. Any intentional violation of the installation provisions of this part 33 constitutes a deceptive trade practice subject to section 6-1-105 (1)(ss) and the "Colorado Consumer

Protection Act", article 1 of title 6. However, damages must be limited in accordance with section 6-1-113 (2.7).

**24-32-3320. Penalty for violation.** Any person found to have performed an installation in a manner contrary to the requirements of this part 33 is subject to revocation or suspension of an installer's registration, fines, or any other measures as prescribed by rule promulgated by the division or other applicable Colorado law. The division may issue a fine of up to one thousand dollars for each violation. Multiple violations of this part 33 committed during a single installation constitutes one violation. Each installation performed in violation of this part 33 will constitute a separate violation. Fines must be paid to the division and transmitted to the state treasurer who must credit the fees to the building regulation fund created in section 24-32-3309.

**24-32-3321. Investigations of consumer complaints.** The division may investigate complaints filed by owners, occupants, or other consumers relating to the construction of factory-built structures and manufactured homes, and the sale or installation of manufactured homes as necessary to enforce and administer this part 33.

**24-32-3322. Training of inspectors - acceptance of gifts, grants, and donations.** (1) On and after July 1, 2000, the division must train independent contractors to perform installation inspections for manufactured homes. The training must enable independent contractors who successfully complete the training to become certified by the division.

(2) On and after July 1, 2000, the division may accept gifts, grants, or donations for the training of independent contractors. The gifts, grants, or donations received must be transmitted to the state treasurer who must credit the money to the building regulation fund created in section 24-32-3309.

**24-32-3323. Sellers of manufactured homes - registration.** (1) Any seller is required to register with the division before engaging in the business of selling manufactured homes to be installed in Colorado.

(2) An application for a registration or renewal required by this section must be submitted on a form provided by the division and must be verified by a declaration signed and dated, under penalty of perjury, by a principal of the manufactured home seller. The application must contain, in addition to such other information regarding the conduct of the manufactured

home seller's business as the division may reasonably require, the name, address, and position of each principal of the manufactured home seller and each person who exercises management responsibilities as part of the manufactured home seller's business activities. The application must also contain the address and telephone number of each retail location operated by the applicant as well as the location and account number of the separate fiduciary account required by section 24-32-3324 (1) and any board rules. The division must preserve the application and declaration and make them available for public inspection.

(3) A registration issued pursuant to subsection (2) of this section is valid for one year after the date of issuance. The amount of the registration fee cannot be more than two hundred dollars. If, after issuance of a registration, any of the required information submitted with the application for the registration pursuant to subsection (2) of this section becomes inaccurate, a principal of the manufactured home seller must notify the division in writing of the inaccuracy within thirty days and provide the division with accurate updated information.

(4) For purposes of this section, a person is not a seller if the person:

(a) Is a natural person acting personally in selling a manufactured home owned or leased by the person;

(b) Sells a manufactured home in the course of engaging in activities that are subject to the provisions of article 10 of title 12, or activities that would be subject to the provisions but for a specific exemption set forth in article 10 of title 12;

(c) Sells a manufactured home for salvage or nonresidential use;

(d) Directly or indirectly sells, in any calendar year, three or fewer previously occupied manufactured homes that are owned by a manufactured home park owner and are located within one or more manufactured home parks in Colorado; or

(e) For a salary, commission, or compensation of any kind, is employed directly or indirectly by any registered manufactured home seller to sell or negotiate for the sale of manufactured homes.

**24-32-3324. Escrow and bonding requirements.** (1) Any person required to register with the division pursuant to section 24-32-3323 must comply with any escrow requirements as established by the board through rulemaking.

(2) A seller must provide a letter of credit, certificate of deposit issued by a licensed financial institution, or surety bond issued by an authorized insurer in an amount and process established by the board through rulemaking. A financial institution or authorized insurer is required to make payment to the division making a claim against the letter of credit, certificate of deposit, or surety bond if a court of competent jurisdiction has rendered a final judgment in favor of the division based on a finding that the registered seller failed to deliver the manufactured home or refund payments made toward the purchase of the manufactured home pursuant to this part 33 or board rules or provide a reasonable per diem living expense in violation of the contractual provisions required by section 24-32-3325 or upon a ceasing of business operations or a bankruptcy filing by the registered seller. Any seller who fails to

provide a letter of credit, certificate of deposit, or surety bond as required by this subsection (2) or who otherwise fails to pay any judgment by a court of competent jurisdiction in favor of the division is subject to the suspension or revocation of the registration by the division.

**24-32-3325. Contract for sale of manufactured home - requirements.** (1) A seller must provide a contract with the sale of each manufactured home and make the following disclosures in any contract for the sale of a manufactured home:

(a) That the purchaser may have no legal right to rescind the contract absent delinquent delivery of the manufactured home or the existence of a specific right of rescission set forth in the contract;

(b) If required to maintain an escrow account by the division, the seller has a separate fiduciary account in compliance with board rules and a letter of credit, certificate of deposit, or surety bond in an amount required in board rules;

(c) That an aggrieved person may file a complaint for a refund of any payment held in escrow by a seller of manufactured homes against the seller with the division; and

(d) That an aggrieved person may bring a civil action pursuant to the provisions of the "Colorado Consumer Protection Act", section 6-1-709, to remedy violations of manufactured home seller requirements in this part 33. However, damages are limited in accordance with the provisions of section 6-1-113 (2.5).

(2) A contract for the sale of a manufactured home by a seller must also contain the following provisions:

(a) A date certain for the delivery of the manufactured home or a listing of specified delivery preconditions that must occur before a date certain for delivery can be determined;

(b) A statement that if delivery of the manufactured home is delayed by more than sixty days after the delivery date specified in the contract of sale or by more than sixty days after the delivery preconditions set forth in the contract of sale have been met if no date certain for delivery has been set, the seller will either refund the manufactured home sale down payment or provide a reasonable per diem living expense to the buyer for the days between the delivery date specified in the contract or the sixty-first day after the delivery preconditions set forth in the contract have been met, whichever is applicable, and the actual date of delivery, unless the delay in delivery is unavoidable or caused by the buyer; and

(c) An agreed upon location for delivery of the manufactured home to the purchaser.

(3) Any seller who fails to provide a contract as required by this section, including all disclosures and provisions is subject to the suspension or revocation of the registration by the division.

**24-32-3326. Unlawful manufactured home sale practices.** (1) A seller engages in an unlawful manufactured home sale practice when the person:

(a) Fails to comply with the registration requirements of section 24-32-3323;

(b) Fails to comply with the escrow and bonding requirements of sections 24-32-3323 (2.5) and 24-32-3324, or board rules;

(c) Fails to provide and include in any contract for the sale of a manufactured home any of the disclosures or contract provisions required by section 24-32-3325; or

(d) Fails to refund any payments made toward the purchase of the home or provide a reasonable per diem living expense in violation of the contractual provisions required by section 24-32-3325 (2)(b).

(2) Any person found to be selling or have sold a manufactured home in a manner contrary to the requirements of this part 33 is subject to revocation or suspension of a seller's registration, fines, or any other measures as prescribed by rule promulgated by the division or other applicable Colorado law. The division may issue a fine of up to ten thousand dollars for each violation. Multiple violations of this part 33 committed during a single sale constitute one violation. Each sale performed in violation of this part 33 constitutes a separate violation. Fines must be paid to the division and transmitted to the state treasurer who must credit the fees to the building regulation fund created in section 24-32-3309.

**24-32-3327. Inspections.** (1) For the purposes of enforcement of this part 33, persons duly designated by the division, upon presenting appropriate credentials to the owner, operator, or agent in charge, are authorized:

(a) To enter at reasonable times and without advance notice any factory, warehouse, or establishment in which manufactured homes or factory-built structures are manufactured, stored, or held for sale;

(b) To inspect at reasonable times, within reasonable limits, and in a reasonable manner, any factory, warehouse, or establishment in which manufactured homes or factory-built structures are manufactured, stored, or held for sale and to inspect any books, papers, records, and documents that relate to the safety of manufactured homes or factory-built structures. Each inspection must be commenced and completed with reasonable promptness.

(c) To enter and inspect, at reasonable times and without advance notice any site on which manufactured housing is or has been installed or reinstalled at or near the time of installation or reinstallation; and

(d) To inspect any books, papers, records, and documents that relate to the proper installation of manufactured housing.

(2) In addition to any other inspection responsibilities, the division has the responsibility for the electrical inspections of any factory-built structures in plants that are certified by the division pursuant to this part 33.

(3) When acting as agent for the federal government, the division is authorized to conduct inspections and investigations pursuant to this section as may be necessary to promulgate or enforce federal manufactured home construction and safety standards established under the federal act or otherwise to carry out its duties under its agreement as agent. The division must furnish the secretary any information obtained indicating noncompliance with the standards for appropriate action.

(4) The state director of housing is authorized to contract, as an agent for the federal government to:

- (a) Conduct inspections, hearings, and building plan approvals;
- (b) Keep records;
- (c) Report inspections; and
- (d) Perform all other necessary activities to fulfill federal functions under the federal act.

## PART 34

### COMPREHENSIVE STRATEGIC ACTION PLAN ON AGING POPULATION IN COLORADO

**24-32-3401. Short title.** This part 34 shall be known and may be cited as the "Colorado Comprehensive Strategic Action Plan on Aging Act".

**Source: L. 2015:** Entire part added, (HB 15-1033), ch. 275, p. 1117, § 1, effective June 4.

**24-32-3402. Legislative declaration.** (1) The general assembly finds and declares that:

(a) Both the United States and Colorado face a historic demographic shift over the next fifty years. As unprecedented numbers of workers retire and longevity increases, the percentage of the population fifty years of age and older will increase rapidly and significantly.

(b) This aging of our population will have wide-ranging economic, workforce, and social effects on all sectors of our society. A great many families, communities, businesses, public agencies, and programs are insufficiently prepared to meet these challenges effectively.

(c) The aging of our population creates opportunities for using this population's experience and wisdom in the workplace and through volunteer opportunities;

(d) The aging of our population will place significant financial pressure on all families, but especially middle- and lower-income families, who will be challenged to provide long-term care, services, and supports for loved ones. Few of these families are fully aware of or prepared for the challenges of aging, retirement, and caregiving.

(e) The aging of Colorado's population will have significant long-term impacts, both positive and negative, on the state's workforce, businesses, and economy, including private-pay long-term care services and infrastructure, creating both challenges and opportunities;

(f) The aging of our population will place unprecedented long-term demands on public sector programs and budgets, including social security, medicare, medicaid, housing, transportation, and health at the federal, state, and local levels;

(g) The aging of Colorado's population could significantly impact future state income and sales tax revenues as well as local sales and property tax revenues; and

(h) Colorado families, communities, businesses, and public agencies would all benefit from more comprehensive research into the issues related to the broad challenges of aging and

from the development of a long-term strategic action plan and set of recommendations for addressing those challenges.

(2) It is therefore the intent of the general assembly to establish a multi-disciplinary private and public sector stakeholders' group to develop a comprehensive strategic action plan on aging in Colorado through the year 2030. The group shall provide to the governor and general assembly comprehensive data on and specific recommendations regarding private and public options for addressing this demographic shift for the state to consider.

(3) It is the intent of the general assembly that the recommendations of the group created in this part 34 will lead to the implementation of programs, services, projects, policies, and procedures starting by November 1, 2016, in both the public and private sectors.

**Source: L. 2015:** Entire part added, (HB 15-1033), ch. 275, p. 1117, § 1, effective June 4.

**24-32-3403. Definitions.** As used in this part 34, unless the context otherwise requires:

(1) "Fund" means the strategic action plan on aging cash fund established pursuant to section 24-32-3407.

(2) "Older adult population" means persons fifty years of age and older.

(3) "Strategic action plan" or "plan" means the comprehensive action plan on aging in Colorado developed by the planning group pursuant to section 24-32-3405.

(4) "Strategic action planning group on aging" or "planning group" means the strategic action planning group on aging established pursuant to section 24-32-3404.

**Source: L. 2015:** Entire part added, (HB 15-1033), ch. 275, p. 1118, § 1, effective June 4.

**24-32-3404. Strategic action planning group on aging.** (1) (a) There is established a strategic action planning group on aging for the purpose of studying and producing a comprehensive strategic action plan on aging in Colorado through the year 2030. The planning group shall examine the impacts, both positive and negative, of the aging demographic shift through the year 2030 on:

(I) The economy, workforce, and businesses and market-based products and services;

(II) State and local revenue budgets and fiscal policies;

(III) Medicaid and other safety-net programs and the collateral impact on other nonrelated state programs;

(IV) Family caregiving and private and public options for long-term care, services, and supports;

(V) The effects of potential federal entitlement reforms on Colorado; and

(VI) Transportation services and infrastructure.

(b) The planning group shall consider or incorporate information, recommendations, and best practices from past and current study groups, foundations, state agencies, local governments, and initiatives proposed or implemented in other states, as well as from state and national commissions and study groups on aging and long-term care, services, and supports.

(2) (a) The planning group consists of twenty-three voting members appointed by the governor on or before August 1, 2015, as follows:

- (I) Four members who represent consumers. Consumer representatives must include:
  - (A) Two persons from nonprofit organizations representing or advocating for older adult populations;
  - (B) A representative of an area agency on aging as described in section 26-11-204, C.R.S.; and
  - (C) Three persons who are actual consumers of services for older adult populations.
- (II) Five members who represent private, public, and community-based health care and long-term care, service, or support providers for older adults such as representatives of:
  - (A) Skilled nursing care;
  - (B) Assisted living facilities;
  - (C) Adult day care and home care;
  - (D) Hospice and palliative care;
  - (E) Geriatric health care, including care of persons with dementia diseases and related disabilities, as defined in section 25-1-502 (2.5);
  - (F) Mental health; or
  - (G) Oral, vision, and audiological health;
- (III) One member who has extensive knowledge and expertise in long-term care, services, and supports who is not a provider of such services;
- (IV) One member who is a county commissioner;
- (V) One member who represents the business community in Colorado;
- (VI) Three members who have extensive knowledge of or experience with state and local budgets and fiscal policy or who are representatives from nonprofit organizations that have experience with fiscal and statewide policy issues;
- (VII) One member who is a representative of institutions of higher education in a field related to older adult populations; and
- (VIII) Five members from the executive branch, including:
  - (A) The executive director of the department of human services or the director's designee;
  - (B) The executive director of the department of health care policy and financing or the director's designee;
  - (C) The executive director of the department of public health and environment or the director's designee;
  - (D) The chair of the commission on aging or the director's designee; and
  - (E) The executive director of the department of transportation or the director's designee.
- (b) (I) The governor shall consult with the president of the senate, the speaker of the house of representatives, and minority leaders about appointments to ensure:
  - (A) At least one appointment from a rural region of the state;
  - (B) Representation from at least five different congressional districts in the state; and
  - (C) Not more than ten of the twenty-one voting members are from the same political party and the state's two major political parties have an equal number of members on the commission.
- (II) In making appointments to the planning group, the governor will consider representation for members of diverse racial, cultural, income, gender, and ability groups.
- (c) Any person interested in serving as a member of the planning group shall submit an application to the governor's office.

(d) The planning group shall elect a chair and vice-chair from the members of the planning group to coordinate the work of the planning group.

(e) Members of the planning group serve without compensation but may receive reimbursement for actual and necessary expenses incurred in the performance of their duties as members of the planning board.

(f) (I) The term of each member of the planning group is four years, except that the governor shall select:

(A) One person appointed pursuant to subparagraph (I) of paragraph (a) of this subsection (2); two persons appointed pursuant to subparagraph (II) of paragraph (a) of this subsection (2); the person appointed pursuant to subparagraph (IV) of paragraph (a) of this subsection (2); one of the persons appointed pursuant to subparagraph (VI) of paragraph (a) of this subsection (2); and two of the persons appointed pursuant to subparagraph (VIII) of paragraph (a) of this subsection (2) to serve an initial term of two years; and

(B) One person appointed pursuant to subparagraph (I) of paragraph (a) of this subsection (2); two persons appointed pursuant to subparagraph (II) of paragraph (a) of this subsection (2); the person appointed pursuant to subparagraph (V) of paragraph (a) of this subsection (2); one of the persons appointed pursuant to subparagraph (VI) of paragraph (a) of this subsection (2); and two of the persons appointed pursuant to subparagraph (VIII) of paragraph (a) of this subsection (2) to serve an initial term of three years.

(II) The governor may reappoint a member for only one additional four-year term after a member's initial term.

(III) If there is a vacancy on the planning group for any reason, the governor shall appoint a new member from the appropriate representative group to serve the remainder of the member's term.

(IV) Members of the planning group may remove a member of the planning group, for cause, if approved by a two-thirds majority of all members of the planning group.

(g) The planning group shall meet as necessary, as determined by the members of the planning group, as soon as practicable after the governor makes the appointments.

(h) (I) The planning group shall establish special purpose subcommittees to consider and evaluate issues as it deems necessary to fulfill its goals, objectives, and duties, which may include but are not limited to:

(A) Transportation;

(B) Housing;

(C) Workforce development;

(D) Access to health care;

(E) Long-term care and other human services; and

(F) Retirement security.

(II) The special purpose subcommittees may include persons who are not members of the planning group. In appointing members of a special purpose subcommittee, the planning group shall pay special attention to appointing representatives from subject areas not otherwise represented on the planning group. Members of a special purpose subcommittee serve without compensation or reimbursement of expenses.

(III) The planning group shall establish a technical advisory committee to advise and assist the planning group, which committee consists of the state demographer and subject matter experts from local governments and nongovernmental organizations. The governor may also

identify and provide subject matter experts as members of the technical advisory committee from state departments or agencies as identified and requested by the planning group.

(3) Subject to available appropriations, the planning group may identify and contract with any third-party organization for the purpose of data analysis and projection reporting.

(4) The planning group shall contract with a third party for staffing services including:

(a) A project administrator whose duties include:

(I) Meeting organization and coordination;

(II) Public relations and external distribution of information;

(III) Coordination between third-party contractors and the planning group;

(IV) Coordination between state departments and other organizations and the planning group;

(V) Management of report production;

(VI) Management of the planning group website; and

(VII) Any other function to be assigned by the planning group;

(b) A project assistant who is responsible for tasks assigned by the project administrator.

**24-32-3405. Operation.** (1) The planning group shall exercise its powers and perform its duties and functions as specified by this part 34 independently from the department. The department acts solely as the fiscal agent for the planning group.

(2) The planning group may establish bylaws as appropriate for its effective operation.

(3) The chair of the planning group shall establish a schedule for planning group meetings. The planning group must meet at least twelve times each calendar year.

(4) Members of the planning group, staff, and consultants are not liable for an act or omission in their official capacity performed in good faith in accordance with this part 34.

(5) (a) The planning group is exempt from the "Procurement Code", articles 101 to 112 of this title.

(b) (I) Except as provided in subparagraph (II) of this paragraph (b), the planning group is subject to the open meetings law, part 4 of article 6 of this title, and to the "Colorado Open Records Act", part 2 of article 72 of this title.

(II) Members of the planning group may convene in groups of no more than five members for the following purposes without complying with the open meetings law as long as no formal action is taken at the meeting:

(A) To gather and understand data; or

(B) To organize and plan for the business of the planning group.

**Source: L. 2015:** Entire part added, (HB 15-1033), ch. 275, p. 1123, § 1, effective June 4; (3) amended, (SB 15-264), ch. 259, p. 969, § 99, effective August 5.

**24-32-3406. Duties of strategic action planning group.** (1) (a) The planning group shall develop a comprehensive strategic action plan on aging in Colorado through the year 2030 to be completed by November 1, 2016. In developing the strategic action plan, the planning group shall review and incorporate past recommendations and findings from previous studies

and commissions that the planning group considers relevant and necessary to its duties. Previous recommendations must be reviewed in conjunction with the latest demographic and economic projections specified in the analysis conducted pursuant to paragraph (c) of this subsection (1) in order to assess their long-term fiscal viability.

(b) The strategic action plan must address at least the following three areas:

(I) Demographic, economic, fiscal, and budget data analysis through the year 2030;

(II) Actionable recommendations; and

(III) Plans for updates to the strategic action plan.

(c) **Data analysis.** The strategic action plan must include the following areas of data analysis:

(I) Statewide and regional demographic analysis of Colorado's older adult population;

(II) Analysis of the impacts, both positive and negative, of the demographic shift on the state economy and workforce participation;

(III) Analysis of the impacts, both positive and negative, of the demographic shift on state and local revenues including income, sales, and property tax;

(IV) Projected effects of the demographic shift on state and local revenues and identification of possible revenue shortfalls;

(V) Projected state budget impact of the demographic shift on Colorado's medicaid program;

(VI) Projected state budget impact of the demographic shift on other state departments and programs;

(VII) Analysis of the financial security of Colorado's older adult population that are in or approaching retirement in order to determine projected future demand on medicaid and other state-funded safety net programs;

(VIII) Analysis of the retirement savings gap and retirement security for the state's older adult population;

(IX) Analysis of projected cost trends of private long-term care, services, and supports;

(X) Analysis of the number of persons in the older adult population who would benefit from receiving additional community-based services and the types of services and supports required for members of this population to remain in their own residences and communities for as long as possible;

(XI) Analysis of any federal spending actions relative to medicaid, social security, medicare, and other federal programs the planning group considers relevant and their effect on general fund expenditures and reserves as well as nonrelated state expenditures;

(XII) Analysis of existing and proposed private sector initiatives to address retirement preparedness and long-term care, services, and supports for the older adult population; and

(XIII) Economic impact of caregiving on Colorado families, businesses, and the state economy.

(d) **Actionable recommendations.** Recommendations shall include at least:

(I) Options to address the long-term impact of the demographic shift on Colorado citizens, state government, and the private sector;

(II) Options to address disproportional regional demographic shifts in older adult populations;

(III) Options to improve financial security and retirement preparation for the older adult population;

(IV) Recommendations to enhance access to services and public education on aging issues;

(V) Options to strengthen and improve service quality and infrastructure for long-term services and supports to better enable the services and supports to meet future demand;

(VI) Options to reduce administrative and service delivery costs of public and private long-term services and supports while maintaining service quality;

(VII) Administrative and regulatory reforms needed to more cost-effectively organize state agencies to implement state programs and services;

(VIII) Private sector options for state-based long-term care, services, and supports;

(IX) Options to extend and improve other services and supports that would allow individuals to remain in their residences and communities for as long as possible;

(X) Options to improve the accessibility and sustainability of affordable housing and transportation services;

(XI) Options to improve caregiver supports and mitigate both the financial and nonfinancial impacts of caregiving on patients, caregivers, businesses, and the state;

(XII) Projections on the economic, fiscal, and personal impacts of implementing or not implementing the recommendations. This analysis should also consider the nonfinancial and quality-of-care impacts of the recommendations on Colorado's long-term care, services, and supports; health-care infrastructure and workforce; aging; and caregiver populations.

(XIII) Possible legislation for consideration by the general assembly in order to implement the planning group's recommendations and achieve its stated goals; and

(XIV) Possible regulatory changes to be offered to state departments in order to implement the planning group's recommendations and achieve its stated goals.

(2) **Reports.** (a) During the 2016 and 2017 legislative sessions, the planning group shall submit an oral report summarizing its work and any preliminary findings or recommendations to the joint budget committee.

(b) (I) By November 30, 2016, the planning group shall submit to the governor, the general assembly, and any affected state agency its strategic action plan detailing the work of the planning group and its final recommendations.

(II) (A) If the strategic action plan identifies programs, services, projects, policies, or procedures that would result in cost savings, without adversely affecting the quality of care and services, and do not require legislation, the governor and the affected state agencies are encouraged to pursue the necessary actions to implement the recommendations, including, as necessary, requesting adequate funding through the state budget process.

(B) If the strategic action plan identifies programs, services, projects, policies, or procedures that would result in cost savings, without adversely affecting the quality of care and services, that require legislation, the planning group shall recommend legislation to implement the changes to the governor and the general assembly. In its plan, the planning group shall specify the laws that need to be created, amended, or repealed to implement the recommendations.

(c) **Strategic plan updates.** (I) The planning group shall submit two updates to the strategic action plan, one by November 1, 2018, and one by November 1, 2020, to update the planning group's analysis and recommendations.

(II) (A) These updates shall include new economic and demographic data as well as respond to new state and national public and private initiatives and must address a time period for analysis and recommendation that extends fifteen years after the delivery of the update.

(B) The process for creating these updates shall be determined by the planning group as part of its strategic action plan.

(C) New legislative or regulatory recommendations may be offered in order to address new or changing circumstances.

(III) The initial planning group shall determine the staffing and process for updating the initial strategic action plan. The planning group will only undertake the plan updates if sufficient funding is secured through additional appropriations, gifts, grants, or donations.

**24-32-3407. Strategic action plan on aging cash fund.** (1) There is created in the state treasury the strategic action plan on aging cash fund consisting of any moneys that may be appropriated to the fund by the general assembly together with any gifts, grants, or donations received by the planning group. The planning group may seek and accept gifts, grants, or donations for the purpose of funding the planning group's operations and development of the strategic action plan. The moneys in the fund are continuously appropriated to the planning group for the direct and indirect costs associated with implementing this part 34.

(2) The state treasurer may invest any moneys in the fund not expended for the purpose of this part 34 as provided by law. The state treasurer shall credit all interest and income derived from the investment and deposit of moneys in the fund to the fund. Any unexpended and unencumbered moneys remaining in the fund at the end of a fiscal year remain in the fund and shall not be credited or transferred to the general fund or another fund.

## PART 35

### PEACE OFFICERS MENTAL HEALTH SUPPORT GRANT PROGRAM

**24-32-3501. Peace officers behavioral health support and community partnerships grant program - created - report - rules - fund - definitions - repeal.** (1) There is created in the department of local affairs, referred to in this section as the "department", the peace officers behavioral health support and community partnerships grant program to provide grants to law

enforcement agencies, behavioral health entities, county or district public health agencies, community-based social service and behavioral health providers, peace officer organizations, and public safety agencies for the purposes identified in subsection (2) of this section.

(2) Grant recipients may use money received through the grant program for the following purposes:

- (a) Co-responder community responses;
- (b) Community-based alternative responses;
- (c) Counseling services for peace officers and their immediate family members, including reimbursing peace officers who have paid the costs of their own counseling services;
- (d) Assistance for law enforcement agencies' development and implementation of policies to support peace officers who are involved in a shooting or a fatal use of force;
- (e) Training and education programs that teach peace officers and their immediate family members the symptoms of job-related mental trauma and how to prevent and treat such trauma; and
- (f) Peer support programs for peace officers.

(2.5) (Deleted by amendment, L. 2021.)

(3) Public safety agencies, law enforcement agencies, and peace officer organizations that apply for grants pursuant to subsection (2) of this section are encouraged to do so, to the extent possible, in collaboration with the community mental health centers and other community-based social service or behavioral health providers in their regions.

(4) The department shall administer the grant program and, subject to available appropriations, shall award grants as provided in this section from the fund created in subsection (7) of this section.

(5) The executive director of the department, or the executive director's designee, shall develop policies and procedures as may be necessary to implement and administer the grant program. At a minimum, the policies and procedures must specify:

- (a) The time frames for applying for grants, the form of the grant program application, and the time frames for distributing grant money;
- (b) The criteria for the department to use in awarding and denying grants;
- (c) That a public safety agency may apply for a grant for the purpose outlined in subsection (2)(a) or (2)(b) of this section;
- (d) That a law enforcement agency or peace officer organization may apply for a grant for the purposes outlined in subsections (2)(a) to (2)(f) of this section; and
- (e) That a behavioral health entity, county or district public health agency, or community-based social service or behavioral health provider may apply for a grant in partnership with a law enforcement agency or public safety agency for the purposes outlined in subsection (2)(a) or (2)(b) of this section.

(6) (a) In accordance with a schedule to be determined pursuant to policies and procedures developed by the executive director of the department, each grant recipient shall submit to the department a report that describes and includes documentation of the grant recipient's use of the grant money. The report must also include any information required by the department pursuant to the policies or procedures developed by the department pursuant to subsection (5) of this section. In preparing the report, each grant recipient shall redact the names and any other personal identifying information of each peace officer who received services, training, or education with grant money.

(b) (I) The department shall include a summarized report of the activities of the grant program beginning in fiscal year 2017 through fiscal year 2021 in the department's annual presentation to the committees of reference pursuant to section 2-7-203 for the 2022 legislative session. This subsection (6)(b)(I) is repealed, effective November 1, 2021.

(II) Beginning with the 2023 regular legislative session and each regular legislative session thereafter, the department shall include a summarized report of the activities of the grant program in the department's annual presentation to the committees of reference pursuant to section 2-7-203. Notwithstanding section 24-1-136 (11)(a)(I), the reporting requirements set forth in this section continue indefinitely.

(7) (a) The peace officers behavioral health support and community partnership fund, referred to in this section as the "fund", is created in the state treasury. The fund consists of gifts, grants, and donations credited to the fund pursuant to subsection (7)(b) of this section and any other money that the general assembly may appropriate or transfer to the fund. Subject to annual appropriation by the general assembly, the department may expend money from the fund for the purposes of this section. The department may use up to five percent of the money annually appropriated to the fund to pay the direct and indirect costs that the department incurs in administering the grant program.

(b) The department may seek, accept, and expend gifts, grants, or donations from private or public sources for the purposes of this section. The department shall transmit all money received through gifts, grants, or donations to the state treasurer, who shall credit the money to the fund.

(c) The state treasurer shall credit all interest and income derived from the deposit and investment of money in the fund to the fund. At the end of any fiscal year, all unexpended and unencumbered money in the fund remains therein and shall not be credited or transferred to the general fund or any other fund.

(d) (Deleted by amendment, L. 2021.)

(8) As used in this section, unless the context otherwise requires:

(a) "Behavioral health entity" means a behavioral health entity licensed pursuant to article 27.6 of title 25.

(b) "Community-based alternative response" means a person-centered crisis response to community members who are experiencing problems related to poverty, homelessness, behavioral health, food insecurity, and other social issues, that directs certain calls for police service to more appropriate support providers in lieu of a police response.

(c) "Community-based social services and behavioral health providers" means providers of community-based alternative response and co-responder community response.

(d) "Co-responder community response" means a model of criminal justice diversion that pairs law enforcement and behavioral health providers to intervene and respond to behavioral health-related calls for police service, utilizing the combined expertise of the law enforcement officer and behavioral health specialist to de-escalate situations and help link individuals with behavioral health issues to appropriate services.

(e) "County or district public health agency" means a county or district public health agency created pursuant to section 25-1-506.

(f) "Law enforcement agency" means the Colorado state patrol, the Colorado bureau of investigation, the department of corrections, the department of revenue, a county sheriff's office,

a municipal police department, a campus police department, a town marshal's office, or the division of parks and wildlife.

(g) "Peace officer organization" means:

(I) A statewide association of police officers and former police officers; or

(II) An organization within the state that provides services and programs that promote the mental health wellness of peace officers and that has at least one peace officer or former peace officer serving on its board of directors or in a comparable capacity.

(h) "Public safety agency" means an agency providing law enforcement, fire protection, emergency medical, emergency response services, or emergency dispatch services in response to 911 calls, as defined in section 29-11-103 (3).

## PART 36

### RURAL ECONOMIC ADVANCEMENT OF COLORADO TOWNS

**24-32-3601. Short title.** The short title of this part 36 is the "Rural Economic Advancement of Colorado Towns (REACT) Act".

**Source:** **L. 2018:** Entire part added, (SB 18-005), ch. 53, p. 496, § 1, effective August 8.

**24-32-3602. Legislative declaration.** (1) The general assembly hereby finds and determines that:

(a) Certain significant economic events, such as plant closures and layoffs, including industry-wide layoffs, cause substantial job losses, which can have an especially detrimental impact when such job losses occur in rural communities;

(b) These events may create a sudden need for increased capacity for workforce, community, or economic development that cannot reasonably be accommodated through a rural community's ongoing operations and budget; and

(c) A rural community experiencing a significant economic event might not have the staffing capacity and ability to find and coordinate all of the resources available from various state agencies to assist the community with economic development and revitalization.

(2) Therefore, the general assembly determines and declares that a single state department should coordinate economic assistance for rural communities that have experienced significant economic events that have led to substantial job losses by coordinating nonmonetary resources and services offered by various state agencies to help rural communities with economic development and revitalization.

**Source: L. 2018:** Entire part added, (SB 18-005), ch. 53, p. 496, § 1, effective August 8.

**24-32-3603. Definitions - rules.** As used in this part 36, unless the context otherwise requires:

- (1) "Department" means the department of local affairs.
- (2) "Executive director" means the executive director of the department or the executive director's designee.
- (3) (a) "Rural" means:
  - (I) A county with a population of fewer than fifty thousand; or
  - (II) A municipality with a population of fewer than twenty thousand if the municipality is not contiguous to a municipality with a population of twenty thousand or more.
- (b) The executive director may modify, by rule, the definition of "rural" as necessary to implement this part 36.
- (4) "Significant economic event" or "event" means an economic event occurring within a rural community or region, such as a plant closure or layoffs, including industry-wide layoffs, that may have a significant, quantifiable impact on the total number of jobs within the rural community, as determined by the executive director when considering applications for nonmonetary assistance pursuant to section 24-32-3604.

**Source: L. 2018:** Entire part added, (SB 18-005), ch. 53, p. 497, § 1, effective August 8.

**24-32-3604. Rural economic advancement of Colorado towns - coordination of nonmonetary assistance - application - rules.** (1) For the purpose of assisting rural communities with job retention and creation, the executive director shall coordinate the provision of available state nonmonetary resources and assistance to rural communities impacted by a significant economic event or an anticipated event that has been announced. Any staff support needed for the coordination of nonmonetary resources and assistance must be provided within the department's staffing structure as it existed on August 8, 2018, without additional full-time equivalent employees (FTE).

(2) (a) If a rural community has experienced a significant economic event or anticipates an event that has been announced, a person may apply to the executive director on behalf of the rural community for the provision and coordination of available state nonmonetary resources and other nonmonetary assistance. The executive director shall determine the form and manner of application for nonmonetary resources and assistance and shall publish application instructions and any necessary forms on the department's website.

(b) If a person applying on behalf of a rural community has sufficiently demonstrated to the executive director's satisfaction that the rural community qualifies for assistance under this section, the executive director shall coordinate the resources and assistance with the department of labor and employment created in section 24-1-121, the Colorado office of economic development created in section 24-48.5-101, and the regional manager of the region covering the rural community for the department of local affairs created in section 24-1-125. The executive director and the executive directors of the department of labor and employment and the Colorado office of economic development shall each determine whether such assistance requires any staffing support. If practicable within the agencies' existing resources, the executive director may

coordinate nonmonetary resources and assistance from all relevant state agencies to the rural community, including the following types of assistance:

(I) Capacity-building resources and services such as job training and other workforce development;

(II) Technical assistance; and

(III) Other nonmonetary resources.

(3) The executive director may promulgate rules as necessary for the implementation of this section.

### **ARTICLE 33**

#### Department of Natural Resources

#### PART 1

#### DEPARTMENT OF NATURAL RESOURCES

**24-33-101. Department of natural resources.** (1) There is hereby created the department of natural resources, the head of which is the executive director of the department of natural resources.

(2) Whenever any law of this state refers to the division of natural resources, said law shall be construed as referring to the department of natural resources, and whenever any law of this state refers to the natural resources coordinator, said law shall be construed as referring to the executive director of the department of natural resources.

**Source: L. 57:** p. 123, § 2. **CRS 53:** § 3-15-1. **L. 63:** p. 139, § 1. **C.R.S. 1963:** § 3-15-1. **L. 68:** p. 128, § 138.

**24-33-102. Powers and duties of the executive director and deputy director.** (1) The commissioner of mines, who shall be appointed and act pursuant to section 34-21-102, C.R.S., may be the executive director of the department.

(2) The executive director shall require of the head of each subordinate agency assigned to the department of natural resources an annual report containing such information and submitted at such time as the executive director decides.

(3) The executive director shall exercise control over publications of the department and any division thereof. He shall cause such publications as are approved for circulation in quantity outside the executive branch to be issued in accordance with the provisions of section 24-1-136.

(4) The executive director may request from the board of governors of the Colorado state university system such information and statistics concerning forests and forestry in the state and other reports at such times and on such matters as the executive director may require.

(5) The executive director has the power and duty to develop, encourage, promote, and implement programs for the prevention, abatement, and control of litter within the state of Colorado. The executive director may enter into such contracts as may be appropriate for the implementation of any such program.

(5.5) The executive director shall have such other powers, duties, and functions as are prescribed for heads of principal departments in the "Administrative Organization Act of 1968", article 1 of this title.

(6) The executive director may appoint the deputy director of the department of natural resources, pursuant to section 13 of article XII of the state constitution. Subject to the supervision of the executive director, the deputy director shall have all of the powers, duties, and responsibilities of the executive director as provided by law and shall exercise such powers, duties, and responsibilities in the absence of the executive director and when so instructed by the executive director.

(7) No later than ninety days following confirmation by the senate of the public members of the state board of the great outdoors Colorado trust fund, the executive director shall secure a memorandum of understanding among the joint budget committee of the general assembly, the department of natural resources, and the state board of the great outdoors Colorado trust fund establishing policies and procedures which will facilitate cooperation and coordination of efforts concerning investment in and development, operation, and management of the state's parks and wildlife systems.

**24-33-107. Acquisition of state lands by department - interests in land.** (1) Certain state lands under control and supervision of the state board of land commissioners have unique economic or environmental value for the public, but they are legally subject to being sold into private ownership. It is the purpose of this section to authorize interests in such lands other than agricultural or grazing rights therein to be transferred to and held by the department of natural resources in exchange for fair and adequate consideration being transferred to the appropriate trust fund.

(2) (a) Whenever the executive director of the department of natural resources is informed that a specific piece of land held by the state board of land commissioners has a characteristic that is alleged to have a unique economic or environmental value for the public, including land under the control of the division of parks and wildlife that has the potential to

support renewable energy generation development as contemplated in section 24-33-114, as that section existed prior to its repeal in 2011, and that such characteristic allegedly would be damaged or destroyed if the land passed to private ownership, the executive director may, with the written consent of either the president of the state board of land commissioners or the commissioner of agriculture, give written notification to the board that said land, other than agricultural or grazing rights, is subject to acquisition by the department of natural resources. The notification by the executive director must identify the lands by their appropriate legal description and specify the characteristic of the land that is alleged to have unique economic or environmental value for the public. Not later than during the next regular session of the general assembly, the executive director shall request the necessary authorization and appropriation to enable the department to acquire said land or an interest therein in accordance with this section.

(b) Within sixty days after receipt of such notification, the state board of land commissioners shall meet in public session after fifteen days' public notice and hear and receive testimony and evidence concerning the proposed acquisition. Within thirty days after the completion of the hearing, said board shall submit its written findings and recommendations concerning such acquisition to the joint budget committee and to the executive directors of the departments of agriculture and natural resources. Such recommendations may include recommendations for compensation to insure the continued use of grazing and agricultural rights as they existed at the time of the acquisition.

(c) Within thirty days following completion of such written findings and recommendations, the president of the state board of land commissioners, the executive director of the department of natural resources, and the commissioner of agriculture shall meet and review said findings and recommendations and may then modify or withdraw the notification given to said board of land commissioners pursuant to paragraph (a) of this subsection (2). To the extent of such withdrawal, all procedures initiated by such notification shall be deemed terminated.

(3) All acquisitions from the state board of land commissioners pursuant to this section shall be:

(a) By the exercise of eminent domain in the name of the state of Colorado through condemnation proceedings pursuant to article 1 of title 38, C.R.S.; or

(b) At any public sale.

(4) (a) In acquisitions under this section the department may not acquire any agricultural or grazing rights but otherwise may acquire the full fee interest or any and all rights and interests in land less than the full fee interest, including but not limited to future interests, easements, covenants, and contractual rights. Every such interest in land held by the department when properly recorded shall be deemed to run with the land to which it pertains for the benefit of the citizens of this state and may be protected and enforced by the department in the district court of the county in which the land, or any portion thereof, is located.

(b) No acquisition of any interest in any tract of land, as authorized by this section, shall preclude the state board of land commissioners from leasing said tract of any portion thereof for grazing or agricultural purposes.

**24-33-108. Gifts, grants, and donations to the department - Colorado natural resources gifts, grants, and donations fund.** (1) The department of natural resources is authorized to receive or reject gifts, grants, and donations of money or property and, subject to the terms of any gift, grant, or donation and to the provisions of any applicable law, to hold the money or property in trust or invest, sell, expend, or exchange the money or property and use either principal or interest or the proceeds of sale or the exchanged property received for the benefit of the department and the public.

(2) The department of natural resources may cooperate with and assist any donor or foundation or similar organization intending to make gifts, grants, or donations to or for use by the department. The acceptance of any gift, grant, or donation must not commit the state to any expenditure of state funds.

(3) Any money or property received under this section and any money received from the investment of the money or property must be credited to a special fund known as the Colorado natural resources gifts, grants, and donations fund. The fund and any gifts, grants, or donations received by the department of natural resources pursuant to this section must not diminish any appropriations made to the department. Money in the fund shall not be expended in such a manner as to commit expenditures from the general fund or any cash fund that is designated for regulatory purposes within the division of water resources. The use of gifts, grants, and donations is subject to audit by the state auditor or the state auditor's designee, the cost of which audit shall be borne by the department.

**24-33-109. Educational programs - youth educational programs.** (1) (a) The executive director of the department and the directors of the divisions within the department shall have the authority to direct and manage an integrated natural resources and environmental educational program.

(b) Natural resource and environmental education for the purposes of this article shall include but not be limited to scientific concepts underlying natural resource and environmental management, the history of natural resource development and management in Colorado, and natural resource public policy concepts such as private property rights and the interdependence between private and public resource management, an appreciation for the economic benefits and costs associated with natural resource management decisions, and an understanding of the role which land-based industries, such as agriculture, mining, and timbering, play in preserving and managing natural resources.

(2) (a) The department shall develop and conduct an educational program for the youth in this state. The goals of the youth educational program are to foster an interest in and a sense of stewardship toward the natural resources of the state, to provide summer jobs for students interested in pursuing careers in natural resources, and to provide career and educational development opportunities for students participating in these programs.

(b) As part of the educational programs of the department mandated in paragraph (a) of this subsection (2), a youth in natural resources summer work program shall be established. To the greatest extent possible, such work program shall incorporate opportunities for seasonal work with the department including, but not limited to, parks maintenance and wildlife field work. Any such seasonal work opportunities shall be geared toward disadvantaged youth with a particular emphasis on including youth who are disadvantaged as a result of economic circumstances, race, national origin, ethnicity, or gender.

(3) Any funds received or expended for the educational programs pursuant to this section shall be in accordance with section 24-33-108. Funds from other sources including, but not limited to, federal funds and any appropriation made by the general assembly to the department may be accepted and used for the purposes of this section.

**24-33-109.5. Colorado kids outdoors grant program - created - fund created - rules - report - definitions.** (1) As used in this section, unless the context otherwise requires:

(a) Repealed.

(b) "Eligible entity" means:

(I) A school district; a board of cooperative services created pursuant to article 5 of title 22, C.R.S.; a district charter school authorized by a school district pursuant to part 1 of article 30.5 of title 22, C.R.S.; an institute charter school authorized by the state charter school institute pursuant to part 5 of article 30.5 of title 22, C.R.S., or an approved facility school as defined in section 22-2-402 (1), C.R.S.; or

(II) A nonprofit organization or an agency of the state or a local government, which organization or agency provides outdoor activities for youth that emphasize the environment and experiential, field-based learning.

(c) "Executive director" means the executive director of the department of natural resources.

(d) "Fund" means the Colorado kids outdoors grant program fund created in subsection (6) of this section.

(e) "Grant program" means the Colorado kids outdoors grant program created in subsection (2) of this section.

(2) There is hereby created in the office of the executive director the Colorado kids outdoors grant program to fund opportunities for Colorado youth to participate in outdoor activities in the state, including but not limited to programs that emphasize the environment and experiential, field-based learning. The grant program shall be funded through public or private gifts, grants, or donations received by the department of natural resources for said purpose pursuant to subsection (6) of this section. In addition, the executive director may use moneys

received by the department of natural resources for the purposes of section 24-33-109 (2) to make awards through the grant program to eligible entities that provide outdoor activities that meet the criterion specified in subparagraph (V) of paragraph (b) of subsection (3) of this section. The grant program shall not receive appropriations of general fund moneys.

(3) The executive director shall promulgate rules in accordance with the "State Administrative Procedure Act", article 4 of this title, to implement the grant program. At a minimum, the rules shall specify:

(a) The procedures, timelines, and form for applying for a grant; and

(b) Criteria for selecting grant recipients, which criteria shall address, at a minimum:

(I) Providing outdoor activities for youth who reside in the metropolitan, urban, and rural areas of the state;

(II) Encouraging youth to participate with their parents or legal guardians in outdoor activities;

(III) Providing outdoor activities for youth from low-income families;

(IV) Whether the outdoor activity will occur in a state park, a national park or monument, county open space, or some other natural area of the state that is either developed for outdoor recreational activities or undeveloped; and

(V) Whether the outdoor activity is designed to foster an interest in and a sense of stewardship toward the natural resources of the state by providing summer jobs for youth interested in careers in natural resources or providing other career development opportunities; except that this criterion is applicable only to grants awarded from moneys received by the department of natural resources for the purposes of section 24-33-109 (2).

(4) Repealed.

(5) An eligible entity that seeks a grant through the grant program shall submit an application to the office of the executive director in accordance with rules promulgated by the executive director. Subject to the availability of funding, the executive director shall select grant recipients, specifying the amount to be awarded, taking into account the criteria established in rule.

(6) (a) The department of natural resources is authorized to seek, accept, and expend public or private gifts, grants, or donations for the implementation of the grant program; except that the department of natural resources may not accept a gift, grant, or donation for the grant program that is subject to conditions that are inconsistent with this section or any other law of the state. The department of natural resources shall transmit all private and public moneys received through gifts, grants, or donations to the state treasurer, who shall credit the same to the Colorado kids outdoors grant program fund, which fund is hereby created. The moneys in the fund are continuously appropriated to the department of natural resources for the direct and indirect costs associated with implementing this section.

(b) Any moneys in the fund not expended for the purpose of this section may be invested by the state treasurer as provided by law. All interest and income derived from the investment and deposit of moneys in the fund shall be credited to the fund. The department of natural resources may expend up to two percent of the moneys annually credited to the fund to offset the costs incurred in implementing the grant program. Any unexpended and unencumbered moneys remaining in the fund at the end of a fiscal year shall remain in the fund and shall not be credited or transferred to the general fund or another fund.

(7) On or before February 1, 2011, and on or before February 1 each year thereafter in which the executive director awards grants pursuant to the grant program, the executive director shall submit to the agriculture, livestock, and natural resources committee of the house of representatives, or any successor committee, the agriculture and natural resources committee of the senate, or any successor committee, and the education committees of the house of representatives and the senate, or any successor committees, a report summarizing the following information for the preceding fiscal year:

(a) The amount received for implementation of the grant program and the sources of said amount;

(b) The eligible entities that received grants and the amounts awarded to each recipient; and

(c) The activities funded with the grant awards.

**24-33-110. Applications for licenses - authority to suspend licenses - rules.** (1) Every application by an individual for a license issued by the department of natural resources or any authorized agent of such department shall require the applicant's name, address, and social security number; except that the division of parks and wildlife shall not collect applicants' social security numbers on license applications unless required by federal law or mandated as a condition of the state receiving federal funds. No license issued by the department of natural resources or any authorized agent of such department shall display the holder's social security number.

(2) The department of natural resources or any authorized agent of the department shall deny, suspend, or revoke any license pursuant to the provisions of section 26-13-126, C.R.S., and any rules promulgated in furtherance thereof, if the department or agent thereof receives a notice to deny, suspend, or revoke from the state child support enforcement agency because the licensee or applicant is out of compliance with a court or administrative order for current child support, child support debt, retroactive child support, child support arrearages, or child support when combined with maintenance or because the licensee or applicant has failed to comply with

a properly issued subpoena or warrant relating to a paternity or child support proceeding. Any such denial, suspension, or revocation shall be in accordance with the procedures specified by rule of the department of natural resources, rules promulgated by the state board of human services, and any memorandum of understanding entered into between the department of natural resources or an authorized agent thereof and the state child support enforcement agency for the implementation of this section and section 26-13-126, C.R.S.

(3) (a) The department of natural resources shall enter into a memorandum of understanding with the state child support enforcement agency, which memorandum shall identify the relative responsibilities of the department of natural resources and the state child support enforcement agency in the department of human services with respect to the implementation of this section and section 26-13-126, C.R.S.

(b) The appropriate rule-making body of the department of natural resources is authorized to promulgate rules to implement the provisions of this section.

(4) For purposes of this section, "license" means any recognition, authority, or permission that the department of natural resources or any authorized agent of such department is authorized by law to issue for an individual to practice a profession or occupation or for an individual to participate in any recreational activity. "License" may include, but is not necessarily limited to, any license, certificate, certification, letter of authorization, or registration issued for an individual to practice a profession or occupation or for an individual to participate in any recreational activity.

**24-33-111. Conservation of native species - fund created.** (1) **Legislative declaration.** The general assembly hereby recognizes the importance of conserving native species that have been listed as threatened or endangered under state or federal law, or are candidate species or are likely to become candidate species as determined by the United States fish and wildlife service. The general assembly hereby declares and determines that the Colorado department of natural resources and the division of parks and wildlife are responsible for the development, implementation, or approval of appropriate programs to address the conservation of such species and for negotiating agreements with federal agencies and other states to avoid regulatory conflicts pursuant to section 24-33-103.

(2) **Species conservation trust fund - creation.** (a) (I) (A) There is hereby created in the state treasury the species conservation trust fund, which is subject to annual authorization by the general assembly to carry out the purposes of this section. The fund consists of all money transferred by the treasurer as specified in subsection (2)(a)(I)(B) of this section and all money appropriated to the fund pursuant to section 39-29-109 (1)(g)(I)(A). All income derived from the deposit and investment of money in the fund is credited to the fund. At the end of any fiscal year, all unexpended money in the fund remains in the fund and shall not be credited or transferred to

the general fund or any other fund. To the maximum extent practical, only interest from the fund shall be expended for activities pursuant to this section.

(B) On July 1, 2017, the state treasurer shall transfer four million ninety thousand nine hundred nine dollars from the general fund to the species conservation trust fund. On July 1, 2018, the state treasurer shall transfer three million dollars from the general fund to the species conservation trust fund.

(C) Notwithstanding subsection (2)(a)(I)(A) of this section, on April 30, 2021, the state treasurer shall transfer one million nine hundred ninety-eight thousand two hundred five dollars from the species conservation trust fund to the severance tax operational fund created in section 39-29-109 (2)(b)(I).

(II) Beginning with the state fiscal year commencing on July 1, 2009, the general assembly shall appropriate an amount not to exceed five hundred thousand dollars from the species conservation trust fund to the department of natural resources for the purpose of acquiring water for instream flows. Moneys appropriated for this purpose shall be used to preserve or improve the natural environment of species that have been listed as threatened or endangered under state or federal law, or are candidate species or are likely to become candidate species. The executive director of the department of natural resources, in preparing the species conservation eligibility list pursuant to this section, shall provide a list of the specific instream flow acquisitions that would be financed pursuant to this subparagraph (II). Such list shall include the species that would benefit from each proposed instream flow acquisition. Prior to obligating revenues from the fund, the list of specific instream flow acquisitions is subject to modification and adoption by the general assembly through passage of a bill.

(III) Repealed.

(b) to (e) Repealed.

(3) **Species conservation eligibility list and annual report.** (a) The executive director of the department of natural resources, after consultation with the Colorado water conservation board and its director, the parks and wildlife commission, and the director of the division of parks and wildlife, shall annually prepare a species conservation eligibility list describing programs and associated costs that are eligible to receive funding pursuant to this section. The species conservation eligibility list is subject to modification and adoption through passage of a bill. Notwithstanding section 24-1-136 (11)(a)(I), at the same time as the species conservation eligibility list is submitted, the director of the department of natural resources, after consultation with the Colorado water conservation board and its director, the parks and wildlife commission, and the director of the division of parks and wildlife, shall also provide a detailed report to the general assembly on the progress and status of activities to date and their effectiveness in the recovery of the species and identify proposed future activities. The report shall include an assessment of habitat benefits, both public and private, attributable to such activities.

(b) Funding shall be distributed by the executive director of the department of natural resources among projects included in the species conservation eligibility list for the following purposes:

(I) Cooperative agreements, recovery programs, and other programs that are designed to meet obligations arising under the federal "Endangered Species Act of 1973", 16 U.S.C. 1531, et seq., and that provide regulatory certainty in accordance with subsection (4) of this section;

(II) Studies and programs established or approved by the division of parks and wildlife and the executive director of the department of natural resources regarding:

(A) Species placed on the state endangered or threatened list in accordance with section 33-2-105, C.R.S.;

(B) Candidate species in order to assist in the recovery or protection of the species to avoid listing of the species;

(C) Scientific research relating to listing or delisting any species; or

(D) If a species that is not on the federal endangered or threatened species list is proposed to be added to the state endangered or threatened species list, the evaluation of the species pursuant to this sub-subparagraph (D) shall include: Scientific evaluation of genetic data that proves the species is a separate and distinct species in the ecosystem; evaluation of the species habitat that encompasses the entire geographic area of the species habitat not just portions of such habitat; and the reliable scientific baseline data used to ascertain that the number of the species in the habitat is rapidly declining over time.

(c) In no event shall moneys from the species conservation trust fund, created in subsection (2) of this section, be used to acquire any property through the exercise of eminent domain.

(4) **Agreement requirements.** In order to be eligible for funding under subsection (3) of this section, agreements entered into by or on behalf of the state with any person, entity, organization, political subdivision, state, or the federal government relating to the conservation of native species that have been listed as threatened or endangered under federal or state law or that are candidate species or are likely to become candidate species, species at risk and species of special concern, or species the decline or extinction of which may affect the welfare of the citizens of the state, must be voluntary, shall protect private property rights, and shall assist in meeting the regulatory requirements that currently exist or that may become applicable in the future pertaining to the conservation of species. Funds allocated for the purpose of implementing such agreements through the species conservation list process shall be utilized, to the maximum extent possible, for the purchase or construction of capital assets that shall be owned by the state and that may be sold or utilized for other purposes in the event that the agreement is terminated unless the state elects not to own such assets and for the implementation of activities the division of parks and wildlife has determined may eliminate the need to list a species as threatened or endangered or, in the case of previously listed species, may hasten delisting.

(5) **Maximization of funds.** The Colorado water conservation board and the parks and wildlife commission shall maximize the species conservation trust fund by applying for available grants consistent with the purposes of the fund. Federal grants and voluntary contributions may be accepted and expended as provided in this section. Such grants and contributions shall, upon acceptance, be placed in the species conservation trust fund created in subsection (2) of this section. Nothing in this section limits the authority of the Colorado division of parks and wildlife to manage or regulate game, nongame, or threatened or endangered species. No funding shall be accepted, approved, or used to initiate the listing of species as threatened or endangered under federal law. Nothing in this section is intended to be construed as a mechanism to substitute funding that would otherwise be available for expenditure by the division of wildlife or to replace or reduce the obligation of the division to carry out nongame programs under title 33, C.R.S.

#### **24-33-113. Landowner incentive conservation programs - definition - report. (1)**

The general assembly finds, determines, and declares that current federal programs exist in which Colorado landowners, in exchange for monetary compensation or other financial assistance, abide by various practices related to conservation for lands enrolled in the programs. The general assembly further declares that lands, waters, and wildlife in Colorado have derived enormous benefits as a result of such programs. However, such federal programs may be reduced or eliminated, and similar federal or state programs may exist or be created, in the near future. Therefore, the general assembly declares that a study conducted by the department of natural

resources concerning such programs, including the types of lands desirable for the programs, the cost to administer the programs, and the value of the programs to public and private interests, would assist the general assembly in assessing whether and how the implementation of such programs in Colorado can be improved and, where possible, supplemented through new federal or state programs.

(2) (a) The department shall compile information regarding participation by Colorado landowners in landowner incentive conservation programs. As used in this section, "landowner incentive conservation program", also referred to in this section as a "program", means any federal or state program that provides monetary compensation to landowners who agree to set aside lands or apply land management strategies or conservation practices to lands enrolled in the program. A program may also directly or incidentally protect, enhance, or otherwise provide benefits to the environment, wildlife, or wildlife habitat. In gathering information pursuant to this paragraph (a), the department shall review any federal or state programs that currently exist or are created prior to February 1, 2010. The information gathered by the department shall include data regarding the amount and types of Colorado lands enrolled in a program, methods and costs to administer the programs, and the benefits to lands, the environment, or wildlife realized through the programs.

(b) The department shall study the information obtained pursuant to paragraph (a) of this subsection (2) in order to assess the feasibility of administering such a program in Colorado if the federal programs are eliminated or reduced. In assembling this information, the department shall consult with any potentially affected groups or entities, including:

- (I) Federal agencies that administer programs;
- (II) Any potentially affected state agencies;
- (III) Landowners or entities representing landowner interests;
- (IV) Groups organized for the purpose of wildlife conservation; and
- (V) The agriculture industry task force created pursuant to section 35-1-107 (8), C.R.S.

(c) The data compilation and study efforts required by this subsection (2) shall be funded with moneys appropriated to the department from the operation and maintenance account of the species conservation trust fund created in section 24-33-111 (2) for the fiscal year beginning July 1, 2009.

(3) On or before February 1, 2010, the department shall report to the house of representatives committee on agriculture, livestock, and natural resources and the senate committee on agriculture and natural resources, or their successor committees, regarding the feasibility of administering a landowner incentive conservation program in Colorado. If possible, such report shall be made at the same time as the report described in section 24-33-111 (3)(a).

(4) Information gathered by the department pursuant to this section that allows any Colorado landowner or land to be specifically identified shall be exempt from inspection pursuant to section 24-72-204 (3)(a)(XXI), provided, however, that summary or aggregate data that does not specifically identify individual landowners or specific parcels of land shall not be subject to such exemption.

**24-33-116. Colorado avalanche information center - creation - duties - fund - repeal.** (1) There is hereby created in the department of natural resources the Colorado avalanche information center to promote safety by reducing the impact of avalanches on recreation, industry, and transportation in the state through a program of avalanche forecasting and education.

(2) (a) The Colorado avalanche information center is authorized to enter into agreements to provide training and materials to the general public, industries, and units of local government and to recover the direct costs of providing the training and materials. The Colorado avalanche information center is also authorized to establish and collect fees for training programs and materials that approximate the direct costs of providing the training and materials.

(b) The Colorado avalanche information center is authorized to contract with agencies of state government for the provision of services and may establish and collect fees to recover the direct costs of those services.

(c) (I) (A) The department of natural resources shall transmit all money collected pursuant to this section to the state treasurer, who shall credit it to the Colorado avalanche information center fund, which fund is hereby created and referred to in this section as the "fund". Except as otherwise provided in subsection (2)(c)(I)(B) of this section, money in the fund is subject to annual appropriation by the general assembly to the department of natural resources for the direct and indirect costs associated with the Colorado avalanche information center.

(B) For state fiscal year 2021-22 and for each succeeding state fiscal year, all state highway fund money that is credited to the fund pursuant to an intergovernmental agreement between the department of transportation and the department of natural resources and all interest and income derived from the deposit and investment of that money is continuously appropriated to the department of natural resources for the direct and indirect costs incurred by the Colorado avalanche information center in operating the highway avalanche safety program for the purpose of reducing avalanche risk on state highways.

(II) The state treasurer may invest any moneys in the fund not expended for the purpose of this section as provided by law. The state treasurer shall credit all interest and income derived from the investment and deposit of moneys in the fund to the fund. Any unexpended and unencumbered moneys remaining in the fund at the end of a fiscal year remain in the fund and shall not be credited or transferred to the general fund or another fund.

(3) (a) Within three days after June 21, 2021, the state treasurer shall transfer seven hundred fifty thousand dollars from the general fund to the fund for use by the Colorado avalanche information center to support backcountry avalanche safety programs.

(b) This subsection (3) is repealed, effective September 1, 2023.

**24-33-117. Wildfire mitigation capacity development fund - established - financing - legislative intent - repeal.** (1) The wildfire mitigation capacity development fund is hereby created in the state treasury. The fund consists of money transferred to the fund pursuant to subsection (5) of this section and any other money that the general assembly may appropriate or transfer to the fund.

(2) The state treasurer shall credit all interest and income derived from the deposit and investment of money in the wildfire mitigation capacity development fund to the fund.

(3) Money in the wildfire mitigation capacity development fund is continuously appropriated to the department of natural resources and may be used by the department for the following purposes:

(a) Initiating a federal national incident management organization comprehensive risk analysis by June 15, 2021, to identify the most strategic landscapes in the state for wildfire mitigation and fuel reduction projects;

(b) Supporting wildfire mitigation workforce development including the engagement of conservation corps and the department of corrections state wildland inmate fire teams in priority wildfire mitigation projects including those projects identified by the federal national incident management organization comprehensive risk analysis conducted pursuant to subsection (3)(a) of this section;

(c) Hiring staff resources to coordinate cross-boundary wildfire mitigation efforts, facilitate engagement, and connect priority wildfire mitigation projects with available resources. These staff shall consult with stakeholders including federal and state agencies, local governments, tribes, communities, forest collaborative groups, and other entities to identify and implement priority wildfire mitigation projects on municipal, county, tribal, state, state-operated, federal, and private lands, as appropriate.

(d) Conducting an assessment of wildfire mitigation efforts undertaken or supported by the state to determine the most efficient and effective organizational structure for those efforts;

(e) Funding projects or grants to support the planning and implementation of fuel reduction and wildfire mitigation projects at landscape-scale to reduce the risk of catastrophic wildfire in priority areas, including those identified by the analysis in subsection (3)(a) of this section; and

(f) Funding the direct and indirect costs of administering the activities described in this subsection (3).

(4) To the extent practicable, when supporting or funding projects or grants for the planning and implementation of fuel reduction and wildfire mitigation projects in accordance with subsections (3)(b) and (3)(e) of this section, the department of natural resources shall prioritize those projects with the greatest potential to protect life, property, and infrastructure.

(5) On June 15, 2021, if possible, or as soon as possible thereafter, the state treasurer shall transfer seventeen million five hundred thousand dollars from the general fund to the wildfire mitigation capacity development fund. The money transferred pursuant to this subsection (5) must be allocated to supported areas administered by the department of natural resources as follows:

(a) Up to two hundred thousand dollars for the federal national incident management organization statewide risk assessment described in subsection (3)(a) of this section;

(b) For the wildfire mitigation workforce development described in subsection (3)(b) of this section;

(c) Up to five hundred fifty thousand dollars for the wildfire mitigation project coordination described in subsection (3)(c) of this section;

(d) Up to five hundred thousand dollars for the wildfire mitigation organizational planning described in subsection (3)(d) of this section;

(e) For the landscape wildfire mitigation projects described in subsection (3)(e) of this section;

(f) Up to five percent of the funds transferred pursuant to subsection (5)(b) of this section may be used for both the direct and indirect administrative costs associated with the wildfire mitigation workforce development funded by subsection (5)(b) of this section; and

(g) Up to five percent of the funds transferred pursuant to subsection (5)(e) of this section may be used for both the direct and indirect administrative costs associated with the landscape wildfire mitigation projects funded by subsection (5)(e) of this section.

(6) On June 30, 2023, the state treasurer shall transfer any unexpended and unencumbered money in the wildfire mitigation capacity development fund that was transferred by the state treasurer to the wildfire mitigation capacity development fund pursuant to subsection (5) of this section to the general fund, except for the money allocated by the department of natural resources pursuant to subsections (5)(c), (5)(f), and (5)(g) of this section.

(7) To implement this section, the department of natural resources shall coordinate with the division of fire prevention and control in the department of public safety and with the Colorado state forest service at the department of higher education and enter into a memorandum of understanding with such agencies to direct the implementation of this section.

## PART 2

## DIVISION OF FORESTRY

**24-33-201. Division of forestry - creation - state forest service agreement.** (1) There is hereby created the division of forestry in the department of natural resources. The executive director of the department of natural resources shall enter into an agreement with Colorado state university, through the board of governors of the Colorado state university system, to cooperate in the state's efforts to improve the management and health of Colorado's forests and to provide staff for the division of forestry.

(2) The division of forestry's powers and duties shall include:

(a) Strengthening natural resource policy formulation and coordination concerning public and private forest land in Colorado by:

(I) Producing an annual forest health report for all forest land in Colorado;

(II) Addressing cooperative management of forest land across jurisdictions;

(III) Mitigating the natural and urban interface fire hazard;

(IV) Restoring critical watersheds;

(V) Assisting in the management of forest lands under the jurisdiction of the agencies within the department of natural resources.

(b) Preparing and updating the memorandum of understanding between the department of natural resources and Colorado state university that provides for the staffing of the division of forestry by the Colorado state forest service;

(c) Preparing the annual joint work plan for the division of forestry and Colorado state forest service for submittal to and approval by the department of natural resources and Colorado state university;

(d) Repealed.

(e) Reviewing and approving all Colorado state forest service publications that are issued as a result of the memorandum of understanding between the department of natural resources and Colorado state university;

(f) Promoting cooperation with the federal land management agencies to facilitate collaboration across boundaries warranted by forest land conditions;

(g) Incorporating rural development through forestry in program delivery;

(h) Assuring that state water quality best management practices are available and understood; and

(i) Preparing an annual report on the accomplishments of the division of forestry.

(3) The division of forestry, the state forester, and the Colorado state forest service shall enforce and administer the provisions of law conferred upon the division of forestry, state forester, and Colorado state forest service.

### PART 1

#### DEPARTMENT OF PUBLIC SAFETY

**24-33.5-101. Legislative declaration.** (1) The general assembly finds and declares that:

(a) The various agencies of this state concerned with public safety have functioned independently and without central direction or focus;

(b) Consolidation of these agencies under a single department would provide the state with greater responsibility for and direction of the several aspects of the public safety system without creating a new bureaucracy; and

(c) The several state agencies thus brought together would benefit from such an association.

**Source: L. 83:** Entire article added, p. 918, § 1, effective July 1, 1984.

**24-33.5-102. Definitions.** As used in this article, unless the context otherwise requires:

(1) "County" means any county in this state and includes a city and county.

(1.5) "Department" means the department of public safety.

(2) "Executive director" means the executive director of the department.

(3) "ICON" means the computerized database of court records known as the integrated Colorado online network used by the state judicial department.

(4) "Lifesaver program" or "program" means a search and rescue program designed to quickly find a wandering, lost, and missing person, as described in section 24-33.5-415.9 (2).

**Source: L. 83:** Entire article added, p. 918, § 1, effective July 1, 1984. **L. 2001:** (3) added, p. 613, § 3, effective May 30. **L. 2007:** (1) amended and (1.5) and (4) added, p. 1395, § 1, effective May 30.

**24-33.5-103. Department created - divisions.** (1) There is hereby created the department of public safety, the head of which shall be the executive director of the department of public safety, which office is hereby created. The executive director shall be appointed by the governor with the consent of the senate and shall serve at the pleasure of the governor. The

reappointment of an executive director after initial election of a governor shall be subject to the provisions of section 24-20-109. The executive director has those powers, duties, and functions prescribed for the heads of principal departments in the "Administrative Organization Act of 1968", article 1 of this title.

(2) The department consists of the following divisions:

(a) Colorado state patrol;

(b) Repealed.

(c) Colorado bureau of investigation;

(d) Division of criminal justice;

(e) Repealed.

(f) (Deleted by amendment, L. 2002, p. 1205, § 2, effective June 3, 2002.)

(g) Repealed.

(h) Division of homeland security and emergency management; and

(i) Division of fire prevention and control.

(3) The executive director shall prepare and transmit annually, in the form and manner prescribed by the heads of the principal departments pursuant to the provisions of section 24-1-136, a report accounting to the governor for the efficient discharge of all responsibilities assigned by law or directive to the department and the divisions thereof.

(4) Publications by the executive director circulated in quantity outside the executive branch shall be issued in accordance with the provisions of section 24-1-136.

(5) The executive director may appoint the deputy director of the department of public safety pursuant to section 13 of article XII of the state constitution. Subject to the supervision of the executive director, the deputy director has the same powers, duties, and responsibilities of the executive director as provided by law and shall exercise such powers, duties, and responsibilities in the absence of the executive director and when so instructed by the executive director.

**24-33.5-105. Transfer of functions.** (1) The department shall, on and after July 1, 1984, execute, administer, perform, and enforce the rights, powers, duties, functions, and obligations vested in the department of local affairs, the department of military affairs, and the state department of highways prior to July 1, 1984, concerning the duties and functions transferred to the department. On July 1, 1984, all employees of the department of local affairs, the department of military affairs, and the state department of highways whose principal duties are concerned with the duties and functions transferred to the department and whose employment in the department of public safety is deemed necessary by the executive director to carry out the purposes of this article shall be transferred to the department of public safety and shall become employees thereof. Such employees shall retain all rights to state personnel system and retirement benefits under the laws of this state, and their services shall be deemed to have been continuous. All transfers and any abolishment of positions in the state personnel system shall be made and processed in accordance with state personnel system laws and rules and regulations.

(2) Repealed.

(3) Whenever the department of local affairs, the department of military affairs, or the state department of highways is referred to or designated by any contract or other document in connection with the duties and functions transferred to the department, such reference or designation shall be deemed to apply to the department of public safety. All contracts entered into by the said departments prior to July 1, 1984, in connection with the duties and functions transferred to the department are hereby validated, with the department of public safety succeeding to all the rights and obligations of such contracts. Any appropriations of funds from prior fiscal years open to satisfy obligations incurred under such contracts are hereby transferred and appropriated to the department of public safety for the payment of such obligations.

**Source: L. 83:** Entire article added, p. 919, § 1, effective July 1, 1984. **L. 2006:** (2) repealed, p. 144, § 19, effective August 7.

**24-33.5-106. Witness protection board - creation - Javad Marshall-Fields and Vivian Wolfe witness protection program - witness protection fund.** (1) There is hereby created in the department of public safety the witness protection board, which shall consist of the attorney general, the executive director of the department of public safety, and the executive director of the Colorado district attorneys council or their respective designees.

(2) The witness protection board shall exercise its powers and perform its duties and functions as if the same were transferred to the department of public safety by a **type 1** transfer, as such transfer is defined in the "Administrative Organization Act of 1968", article 1 of this title.

(3) The board shall create a witness protection program that shall be referred to as the Javad Marshall-Fields and Vivian Wolfe witness protection program, through which the board may fund or provide for the security and protection of a prosecution witness or potential prosecution witness during or subsequent to an official proceeding or investigation that involves great public interest or as a result of which the board determines that an offense such as intimidating a witness as described in section 18-8-704 or 18-8-705, C.R.S., tampering with a witness as described in section 18-8-707, C.R.S., or retaliating against a witness as described in section 18-8-706, C.R.S., is likely to be committed. The board may also fund or provide for the security and protection of the immediate family of, or a person otherwise closely associated with, such witness or potential witness if the family or person may also be endangered.

(4) In connection with the security and protection of a witness, a potential witness, or an immediate family member or close associate of a witness or potential witness, the board may fund any action the board determines to be necessary to protect such person from bodily injury or to assure the person's health, safety, and welfare for as long as, in the judgment of the board, such danger exists. In an emergency situation requiring immediate attention, any member of the board is authorized to distribute an amount not to exceed five hundred dollars in order to protect a witness, a potential witness, or an immediate family member or close associate of a witness or potential witness.

(5) Any district attorney or the attorney general may request funding from the board for the purpose of providing witness security and protection, or for contracting or arranging for security provided by other local, state, or federal agencies such as the United States marshal's service. Requests shall be made and approved in a timely and equitable manner as established by the board.

(6) Any moneys distributed by the board shall be made from the witness protection fund, which fund is hereby created in the state treasury. The general assembly may make appropriations from the general fund for purposes of the witness protection program when the witness protection board demonstrates that there is a need to replenish the fund. In order to receive consideration for additional appropriations to the witness protection fund, the witness protection board shall submit information to the general assembly detailing how much money has been allocated out of the fund in the prior year, how many witnesses have received witness security and protection from allocations out of the fund, and how many requests for witness security and protection are anticipated in the next fiscal year. The department of public safety is authorized to accept, receive, use, and expend gifts, grants, donations, services, or assistance

from any source to provide for the security or protection of a witness as specified in this section. All interest derived from the deposit and investment of moneys in the fund shall be credited to the fund. At the end of any fiscal year, all unexpended and unencumbered moneys in the fund shall remain therein and shall not be credited or transferred to the general fund or any other fund.

(7) The state, the witness protection board, and the individual board members shall not be liable for injury or damages in any civil action brought by or on behalf of any person who was provided or denied security and protection pursuant to this section.

(8) (a) The Colorado district attorneys and law enforcement agencies shall provide at least annual training for district attorneys, victims' advocates employed in or working with law enforcement agencies, and law enforcement personnel related to witness protection. The witness protection board shall develop program materials, including a model witness protection risk assessment instrument, which shall be made available to Colorado's district attorneys and law enforcement agencies.

(b) Any witness protection curriculum developed by the witness protection board shall be provided to the peace officers standards and training board. The peace officers standards and training board shall provide the training curriculum to any law enforcement agency upon request and may include the curriculum in the training it provides. Any law enforcement agency in the state that develops its own witness protection curriculum may provide the curriculum to the peace officers standards and training board which shall make that curriculum available to any law enforcement agency in the state upon request.

**24-33.5-106.5. Confidentiality of materials - definitions.** (1) For purposes of this section, unless the context otherwise requires:

(a) "In camera review" means an inspection of materials by the court, in chambers, to determine what, if any, materials are discoverable. Any materials excised pursuant to a judicial order following the in camera review shall be sealed and preserved in the records of the court, to be made available to the appellate court in the event of an appeal.

(b) "Materials" means any records, claims, writings, documents, or information.

(2) (a) Any materials received, made, or kept by a witness protection board, the department, or a prosecuting attorney concerning a witness protection matter shall be confidential. The materials shall not be discoverable unless the court conducts an in camera review of the materials sought to be discovered and determines that the materials are necessary for the resolution of an issue then pending before the court. The attorney general acting on behalf of the witness protection board shall have standing in any action to oppose the disclosure of materials in the custody of the witness protection board.

(b) A person who knowingly or intentionally discloses confidential materials in violation of the provisions of this subsection (2) commits a class 1 misdemeanor and shall be punished as provided in section 18-1.3-501, C.R.S. Notwithstanding any provision of law to the contrary, a criminal prosecution brought pursuant to the provisions of this subsection (2) shall be brought within five years after the date upon which the violation occurred.

**24-33.5-107. Applications for licenses - authority to suspend licenses - rules. (1)**

Every application by an individual for a license issued by the department or any authorized agent of the department shall require the applicant's name, address, and social security number.

(2) The department or any authorized agent of the department shall deny, suspend, or revoke any license pursuant to the provisions of section 26-13-126, C.R.S., and any rules promulgated in furtherance thereof, if the department or agent thereof receives a notice to deny, suspend, or revoke from the state child support enforcement agency because the licensee or applicant is out of compliance with a court or administrative order for current child support, child support debt, retroactive child support, child support arrearages, or child support when combined with maintenance or because the licensee or applicant has failed to comply with a properly issued subpoena or warrant relating to a paternity or child support proceeding. Any such denial, suspension, or revocation shall be in accordance with the procedures specified by rule of the department, rules promulgated by the state board of human services, and any memorandum of understanding entered into between the department or an authorized agent thereof and the state child support enforcement agency for the implementation of this section and section 26-13-126, C.R.S.

(3) (a) The department shall enter into a memorandum of understanding with the state child support enforcement agency, which memorandum shall identify the relative responsibilities of the department and the state child support enforcement agency in the department of human services with respect to the implementation of this section and section 26-13-126, C.R.S.

(b) The appropriate rule-making body of the department is authorized to promulgate rules to implement the provisions of this section.

(4) For purposes of this section, "license" means any recognition, authority, or permission that the department or any authorized agent of the department is authorized by law to issue for an individual to practice a profession or occupation or for an individual to participate in any recreational activity. "License" may include, but is not necessarily limited to, any license, certificate, certification, letter of authorization, or registration issued for an individual to practice a profession or occupation or for an individual to participate in any recreational activity.

**24-33.5-109. Cold case task force - creation - rules - repeal.** (1) (a) There is hereby created in the department of public safety the cold case task force, referred to in this section as the "task force", to review general cold case homicide investigation tactics and practices.

(b) The task force shall exercise its powers and perform its duties and functions as if the same were transferred to the department of public safety by a **type 2** transfer, as such transfer is defined in the "Administrative Organization Act of 1968", article 1 of this title.

(2) The task force shall consist of sixteen members, as follows:

(a) The executive director of the department of public safety, or his or her designee, who shall chair the task force;

(b) The attorney general, or his or her designee;

(c) Three district attorneys, or their designees, who shall be appointed by the executive director of the Colorado district attorneys council, one of whom shall be from an urban judicial district, one of whom shall be from a suburban judicial district, and one of whom shall be from a rural judicial district;

(d) Two members who represent a statewide victims advocacy organization and who shall be appointed by the governor;

(e) One sheriff and one police chief who shall be appointed by the speaker of the house of representatives;

(f) One sheriff and one police chief who shall be appointed by the president of the senate;

(g) Two representatives from victims' families who shall be appointed by the speaker of the house of representatives;

(h) Two representatives from victims' families who shall be appointed by the president of the senate; and

(i) A forensic pathologist who is appointed by the governor.

(3) (a) The members of the task force appointed pursuant to paragraphs (c) to (h) of subsection (2) of this section shall serve terms of three years; except that the members first appointed by the speaker of the house of representatives and the president of the senate shall each serve a two-year term. The member of the task force appointed pursuant to paragraph (i) of subsection (2) of this section shall serve a three-year term.

(b) The initial members shall be appointed by their appointing authority within thirty days after June 1, 2007; except that the governor shall appoint the initial member described in paragraph (i) of subsection (2) of this section by September 1, 2012. An appointed member shall not serve more than two consecutive full terms, in addition to any partial term. In the event of a vacancy in an appointed position by death, resignation, removal for misconduct, incompetence, or neglect of duty, or otherwise, the appointing authority shall appoint a member within sixty days to fill the position for the remainder of the unexpired term.

(4) The members of the task force shall serve without compensation but are entitled to reimbursement for actual and necessary expenses incurred in the performance of their duties pursuant to this section.

(5) The task force shall meet at least four times a year beginning October 1, 2007.

(6) The task force shall review cold case homicide investigation strategies and practices and make recommendations on best practices.

(7) Members of the task force, employees, and consultants shall be immune from suit in any civil action based upon any official act performed in good faith pursuant to this section.

(8) On or before October 1, 2008, and annually each year thereafter, the task force shall report to the judiciary committees of the senate and the house of representatives, or any successor committees, on the implementation of this section.

(9) (a) This section is repealed, effective September 1, 2026.

(b) Before its repeal, the department of regulatory agencies shall review the task force in accordance with section 24-34-104.

**24-33.5-112. State law enforcement agencies to provide identification cards to retired peace officers upon request - definitions.** (1) As used in this section, unless the context otherwise requires:

(a) "Law enforcement agency of the state" means the department and any agency that exists within the department and employs at least one peace officer, including but not limited to the Colorado state patrol created in part 2 of this article, the Colorado bureau of investigation created in part 4 of this article, and the division of criminal justice created in part 5 of this article.

(b) "Peace officer" means a certified peace officer described in section 16-2.5-102, C.R.S.

(c) "Photographic identification" means a photographic identification that satisfies the description at 18 U.S.C. sec. 926C (d).

(2) Except as described in subsection (3) of this section, on and after August 7, 2013, if a law enforcement agency of the state has a policy, on August 7, 2013, of issuing photographic identification to peace officers who have retired from the agency, and the agency discontinues said policy after August 7, 2013, the agency shall continue to provide such photographic identification to peace officers who have retired from the agency if:

(a) The peace officer requests the identification;

(b) The peace officer retired from the law enforcement agency before the date upon which the agency discontinued the policy; and

(c) The peace officer is a qualified retired law enforcement officer, as defined in 18 U.S.C. sec. 926C (c).

(3) Before issuing or renewing a photographic identification to a retired law enforcement officer pursuant to this section, a law enforcement agency of the state shall complete a criminal background check of the officer through a search of the national instant criminal background check system created by the federal "Brady Handgun Violence Prevention Act" (Pub.L. 103-159), the relevant portion of which is codified at 18 U.S.C. sec. 922 (t), and a search of the state integrated criminal justice information system. If the background check indicates that the officer is prohibited from possessing a firearm by state or federal law, the law enforcement agency shall not issue the photographic identification.

(4) A law enforcement agency of the state may charge a fee for issuing a photographic identification to a retired peace officer pursuant to subsection (2) of this section, which fee shall not exceed the direct and indirect costs assumed by the agency in issuing the photographic identification.

(5) Notwithstanding any provision of this section to the contrary, a law enforcement agency of the state shall not be required to issue a photographic identification to a particular peace officer if the chief administrative officer of the agency elects not to do so.

(6) If a law enforcement agency of the state denies a photographic identification to a retired peace officer who requests a photographic identification pursuant to this section, the law enforcement agency shall provide the retired peace officer a written statement setting forth the reason for the denial.

**24-33.5-113. Forensic medical evidence in sexual assault cases - rules - testing - confidentiality.** (1) **Rules.** (a) On or before thirty days after June 5, 2013, the executive director shall begin the process of promulgating rules for forensic medical evidence collected in connection with an alleged sexual assault. Not less than ninety days prior to the promulgation of the rules, the division shall convene a representative group of participants as defined in section 24-4-102 (14.5) to solicit input into the development of the rules. The representative group must include persons affected by the rules and persons responsible for implementation of the rules. The division may convene as many meetings of the representative group as is necessary.

(b) On or before six months after June 5, 2013, the executive director shall promulgate the rules. The rules must include:

(I) A requirement that forensic evidence must be collected if a victim of an alleged sexual assault requests it to be collected;

(II) Standards for what evidence must be submitted to the Colorado bureau of investigation or another accredited crime laboratory;

(III) Time frames for when the evidence must be submitted, analyzed, and compared to DNA databases. The rules on time frames must indicate that, once the backlog described in subsection (4) of this section is resolved, evidence that meets the criteria for mandatory submission must be submitted within twenty-one days after receipt by a law enforcement agency.

(IV) Standards for consent for the collection, testing, and release of test results of the forensic medical evidence, including but not limited to:

(A) Information to be contained in consent forms that notify persons of the potential effects of each step of the process, including collection, testing, and release of test results and require acknowledgment of consent for each step of the process;

(B) Who may give consent and when is it required;

(C) Who may withdraw consent and when it may be withdrawn; and

(D) When and how results of tests may be released and for what purposes;

(V) A plan for prioritizing the testing of the backlog of forensic medical evidence to be forwarded to the Colorado bureau of investigation pursuant to subsection (4) of this section and a plan for testing newly collected forensic medical evidence once the backlog is resolved; and

(VI) The date, as soon as practicable, by which a law enforcement agency must analyze its backlog of forensic medical evidence if it does not forward such evidence to the Colorado bureau of investigation for analysis.

(2) Law enforcement and medical personnel shall not, for any reason, discourage a victim of an alleged sexual assault from receiving a forensic medical examination.

(3) **Compliance.** (a) (I) On and after ninety days after the promulgation of the rules authorized by paragraph (b) of subsection (1) of this section, all law enforcement agencies in the state shall comply with the promulgated rules.

(II) The failure of a law enforcement agency to comply with the rules promulgated pursuant to paragraph (b) of subsection (1) of this section does not affect:

(A) The authority of the agency to submit the evidence to the Colorado bureau of investigation or other accredited crime laboratory;

(B) The authority of the Colorado bureau of investigation or other accredited crime laboratory to analyze the evidence or provide results of the analysis to appropriate persons; or

(C) The admissibility of the evidence in any court.

(b) On and after ninety days after the promulgation of the rules described in paragraph (b) of subsection (1) of this section, all personnel at a medical facility performing a forensic medical examination and all other persons having custody of forensic medical evidence collected in connection with an alleged sexual assault or the results of tests conducted on the evidence shall comply with the promulgated rules.

(c) A person who receives evidence or results of tests under this section shall not disclose the evidence or test results except to the extent that disclosure is consistent with the authorized purpose for which the person obtained the evidence.

(4) Repealed.

(5) The department of public safety shall include within its budget requests and supplemental budget requests submitted to the joint budget committee funding requests to analyze as soon as practicable the backlog of forensic medical evidence of any alleged sexual assaults forwarded to the Colorado bureau of investigation pursuant to subsection (4) of this section and to analyze newly collected forensic medical evidence as soon as practicable.

**24-33.5-114. Disclosure of knowing misrepresentation by a peace officer required - disclosure waivers - reports - definitions.** (1) Subject to the limitations of this section, any state or local law enforcement agency that employs, employed, or deputized on or after January 1, 2010, a peace officer who applies for employment with another Colorado law enforcement agency shall disclose to the hiring agency information, if available, indicating whether the peace officer's employment history included any instances in which the peace officer had a sustained violation for making a knowing misrepresentation:

(a) In any testimony or affidavit relating to the arrest or prosecution of a person or to a civil case pertaining to the peace officer or to the peace officer's employment history; or

(b) During the course of any internal investigation by a law enforcement agency, which investigation is related to the peace officer's alleged criminal conduct; official misconduct, as described in section 18-8-404 or 18-8-405, C.R.S.; or use of excessive force, regardless of whether the alleged criminal conduct, official misconduct, or use of excessive force occurred while the peace officer was on duty, off duty, or acting pursuant to a service contract to which the peace officer's employing agency is a party.

(2) The disclosure described in subsection (1) of this section is required only upon the presentation of a written waiver to a state or local law enforcement agency, which waiver explicitly authorizes the agency to disclose the information described in said subsection (1), has been signed by the applicant peace officer, and identifies the Colorado law enforcement agency that is considering the applicant peace officer for employment. A state or local law enforcement agency that receives such a waiver shall provide the disclosure to the Colorado law enforcement agency that is considering the applicant peace officer for employment not more than seven days after such receipt.

(3) A state or local law enforcement agency is not required to provide the disclosure described in subsection (1) of this section if the agency is prohibited from providing such disclosure pursuant to a binding nondisclosure agreement to which the agency is a party, which agreement was executed before August 5, 2015.

(4) (a) A state or local law enforcement agency shall notify the local district attorney whenever the agency determines there is a sustained finding that any peace officer of the agency has made a knowing misrepresentation:

(I) In any testimony or affidavit relating to the arrest or prosecution of a person or to a civil case pertaining to the peace officer or to the peace officer's employment history; or

(II) During the course of any internal investigation by a law enforcement agency, which investigation is related to the peace officer's alleged criminal conduct; official misconduct, as described in section 18-8-404 or 18-8-405, C.R.S.; or use of excessive force, regardless of whether the alleged criminal conduct, official misconduct, or use of excessive force occurred while the peace officer was on duty, off duty, or acting pursuant to a service contract to which the peace officer's employing agency is a party.

(b) A law enforcement agency of the department shall provide the notice described in paragraph (a) of this subsection (4) not more than seven days after the agency determines there is a sustained finding that a peace officer of the agency has made a knowing misrepresentation, as described in said paragraph (a).

(5) A state or local law enforcement agency is not liable for complying with the provisions of this section.

(6) As used in this section, unless the context requires otherwise, "state or local law enforcement agency" means:

- (a) The Colorado state patrol created pursuant to section 24-33.5-201;
- (b) The Colorado bureau of investigation created pursuant to section 24-33.5-401;
- (c) A county sheriff's office;
- (d) A municipal police department;
- (e) The division of parks and wildlife within the department of natural resources created pursuant to section 24-1-124; or
- (f) A town marshal's office.

**24-33.5-115. Peace officer hiring - required use of waiver - definitions.** (1) A state or local law enforcement agency, including higher education law enforcement agencies and public transit law enforcement agencies, shall require each candidate that it interviews for a peace officer position who has been employed by another law enforcement agency or governmental agency to execute a written waiver that explicitly authorizes each law enforcement agency or governmental agency that has employed the candidate to disclose the applicant's files, including internal affairs files, to the state or local law enforcement agency and releases the interviewing agency and each law enforcement agency or governmental agency that employed the candidate from any liability related to the use and disclosure of the files. A law enforcement agency or governmental agency may disclose the applicant's files by either providing copies or allowing the interviewing agency to review the files at the law enforcement agency's office or governmental agency's office. A candidate who refuses to execute the waiver shall not be considered for employment by the interviewing agency. The agency interviewing the candidate shall, at least twenty-one days prior to making the hiring decision, submit the waiver to each law enforcement agency or governmental agency that has employed the candidate. A state or local law enforcement agency or governmental agency that receives such a waiver shall provide the disclosure to the agency that is considering the candidate for employment not more than twenty-one days after such receipt.

(2) A state or local law enforcement agency is not required to provide the disclosures described in subsection (1) of this section if the agency is prohibited from providing the disclosure pursuant to a binding nondisclosure agreement to which the agency is a party, which agreement was executed before June 10, 2016.

(3) A state or local law enforcement agency or governmental agency is not liable for complying with the provisions of this section or participating in an official oral interview with an investigator regarding the candidate.

(4) As used in this section, unless the context otherwise requires:

(a) "Files" means all performance reviews, any other files related to job performance, administrative files, grievances, previous personnel applications, personnel-related claims, disciplinary actions, and all complaints, early warnings, and commendations, but does not include nonperformance or conduct-related data, including medical files, schedules, pay and benefit information, or similar administrative data or information.

(b) "State or local law enforcement agency" means:

- (I) The Colorado state patrol created pursuant to section 24-33.5-201;
- (II) The Colorado bureau of investigation created pursuant to section 24-33.5-401;
- (III) A county sheriff's office;
- (IV) A municipal police department;
- (V) The division of parks and wildlife within the department of natural resources created pursuant to section 24-1-124; or
- (VI) A town marshal's office.

## PART 2

### COLORADO STATE PATROL

**Editor's note:** Prior to the enactment of this article, the substantive provisions of this part 2 were contained in part 1 of article 5 of title 43.

**24-33.5-201. Colorado state patrol created.** (1) There is hereby created as a division of the department of public safety the Colorado state patrol, which division shall consist of a chief as its executive head and of such officers and employees as may be appointed under the provisions of this part 2. The policies and procedures of the Colorado state patrol shall be approved by the executive director.

(2) The Colorado state patrol and the office of the chief shall exercise their powers and perform their duties and functions under the department of public safety and the executive director as transferred to the department by a **type 2** transfer, as such transfer is defined in the "Administrative Organization Act of 1968", article 1 of this title.

**Source: L. 83:** Entire article added, p. 920, § 1, effective July 1, 1984.

**24-33.5-202. Definitions.** As used in this part 2, unless the context otherwise requires:

(1) "Chief" means the executive and administrative head or chief of the Colorado state patrol.

(2) "Civilian employee" means any member of the Colorado state patrol who is not authorized to wear a uniform and has not been designated the authority to perform the duties as set forth in this part 2 for a uniformed member of the Colorado state patrol.

(3) "Commissioned officer" means any member of the Colorado state patrol with the rank of lieutenant to colonel.

(4) "Member" means any employee of the Colorado state patrol, whether a commissioned officer, noncommissioned officer, trooper, or civilian employee.

(5) "Noncommissioned officer" means any member of the Colorado state patrol with the rank of corporal to master sergeant.

(6) "Officer" means the chief and any commissioned or noncommissioned officer and trooper of the Colorado state patrol.

(7) "Trooper" means a uniformed member of the Colorado state patrol other than commissioned or noncommissioned officers.

**Source: L. 83:** Entire article added, p. 920, § 1, effective July 1, 1984. **L. 2013:** (4), (6), and (7) amended, (HB 13-1300), ch. 316, p. 1682, § 54, effective August 7.

**24-33.5-203. Duties of executive director and patrol.** (1) (a) The executive director has the power, authority, and responsibility to approve policies governing the activities of the Colorado state patrol so as to secure the proper and efficient enforcement of all laws of the state delegating enforcement, authority, and responsibility to the Colorado state patrol.

(b) Except as otherwise provided in section 40-10.1-108 (1), C.R.S., the executive director has the duty to establish, for motor carriers as defined in section 42-4-235, C.R.S., reasonable requirements to promote safety of operation and, to that end, to prescribe qualifications and maximum hours of service of employees and minimum standards of equipment and for the operation of commercial vehicles as defined in section 42-4-235, C.R.S. For the purpose of carrying out the provisions of this section pertaining to safety, the executive director may enlist the assistance of any agency of the United States or of this state having special knowledge of any matter as may be necessary to promote the safety of operation and equipment of motor vehicles as provided in this section. In adopting such rules, the executive director shall use as general guidelines the standards contained in the current rules of the United States department of transportation relating to explosives and other dangerous articles, safety regulations, qualifications of drivers, driving of motor vehicles, parts and accessories, recording and reporting of accidents, hours of service of drivers, and inspection and maintenance of motor vehicles. The state patrol shall enforce or aid in enforcing all of such rules.

(2) The Colorado state patrol shall enforce or aid in enforcing all state laws pertaining to motor and all other vehicles, their equipment, weight, cargoes, and licenses, vehicle operators, and other operations including checking for brand inspection certificates or official bills of sale or acceptable trucking waybills on livestock or agricultural products upon the highways of Colorado and for the use thereof. The Colorado state patrol shall also aid in the enforcement of the collection of all motor and other vehicle taxes and license fees, motor fuel taxes, and highway compensation taxes (with respect to the transportation of persons and property over

public highways) as provided by law and shall otherwise promote safety, protect human life, and preserve the highways of this state by the courteous and strict enforcement of laws of this state which relate to highways and traffic upon such highways, notwithstanding any provisions of law charging any other department or agency in the state with the enforcement of such laws. The Colorado state patrol shall also establish and operate port of entry weigh stations pursuant to article 8 of title 42, C.R.S. The Colorado state patrol shall also aid in the enforcement of other laws of this state as specifically authorized by the provisions of this part 2.

**24-33.5-204. Departmental cooperation.** (1) Nothing in this part 2 shall be construed as repealing any laws or depriving any department or agency of the state of its power and duty to enforce the laws, enforcement of which has been delegated to any such department or agency. The Colorado state patrol shall cooperate with all such departments of the state in enforcing such laws.

(2) In the event that any department regulating and controlling motor vehicles or the taxation thereof is aggrieved at any rules or regulations promulgated for the control of traffic or collection of taxes or any other rule or regulation governing vehicles or motor vehicles upon the highways of this state by the Colorado state patrol and desires to resist the same, such department, within five days of such promulgation, shall serve written notice upon the executive director for a hearing on the question, and the decision of the executive director shall be conclusive and binding on any department and all persons concerned.

**Source:** **L. 83:** Entire article added, p. 921, § 1, effective July 1, 1984.

**24-33.5-205. Chief - appointment - qualifications.** Pursuant to section 13 of article XII of the state constitution and state personnel system laws, the executive director shall appoint a chief. The chief shall be the executive head and senior administrative officer of the Colorado state patrol. He shall supervise and direct the administration and all activities of the Colorado state patrol. The chief shall set forth, with the approval of the executive director, rules and regulations governing all operating procedures of the Colorado state patrol and courtesies and customs for the good order of the service. He shall have been an officer of the Colorado state patrol for at least seven years immediately preceding his appointment, four years of which must have been served in an administrative capacity as a commissioned officer. The chief may designate an officer as acting chief to act in his stead at any time he is unable to perform his duties. He shall fulfill all requirements which are in effect at the time of his appointment, as are set forth in the job specification for the position by the state personnel director. He shall receive

such compensation as is commensurate with the specific grade assigned his position by the state personnel director.

**24-33.5-207. Personnel - qualifications - salary.** (1) All commissioned and noncommissioned officers and troopers of the Colorado state patrol, before promotion, shall be required to serve the designated period of time in each grade as provided in this section. A trooper shall serve a period of three years as such before the trooper is eligible to compete in the examination for promotion to a noncommissioned officer's rank. All commissioned and noncommissioned officers shall serve a period of one year in a grade before they are eligible to compete in promotional examinations. All commissioned and noncommissioned officers and troopers shall fulfill all requirements as set forth in the job specifications for their particular positions by the state personnel director.

(2) In addition to the compensation provided by section 24-33.5-206 and by the provisions of other laws concerning the state personnel system and because of the number of hours and the extraordinary service performed by members of the Colorado state patrol, each member of such patrol and each member of the administrative staff of such patrol shall be reimbursed for maintenance and ordinary expenses incurred in the performance of his or her duties in an amount to be determined by the executive director, but the amount so authorized for any such member of the patrol or staff shall not exceed the sum of one hundred dollars per month.

**24-33.5-211. Divisions - publications.** (1) The chief may establish such divisions as are necessary for adequate patrolling of the highways of this state. He shall place in the field such members of the Colorado state patrol as are necessary to carry out the activities and operations of the Colorado state patrol.

(1.5) The chief shall establish a division to address human smuggling and human trafficking on the highways of this state. For the fiscal year beginning July 1, 2006, this division shall include twelve full-time employees, and, for the fiscal year beginning July 1, 2007, this division shall include twenty-four full-time employees. The chief shall appoint these employees as well as any additional employees to the division.

(2) The chief may establish, staff, and maintain a division of safety and education to cooperate with the various schools, civic organizations, and other bodies interested in the teaching and promotion of safety upon the streets and highways of this state, to distribute safety information, tabulations, and data to the officers of the Colorado state patrol, as well as to other interested persons and organizations, to furnish speakers, data, and programs for safety meetings, and to cooperate in the organization and functioning of all highway safety organizations within the state. The chief is authorized to obtain motion picture projectors, safety film, and other material essential to the promotion of a safety education program in this state.

(3) The chief may establish a school for the training and education of the members of the Colorado state patrol. Attendance at such school may include officers of other police agencies

and departments of the state if attendance is deemed beneficial to the interests of the general law enforcement program of this state.

(4) Repealed.

(5) Any publications of the Colorado state patrol circulated in quantity outside the executive branch shall be issued in accordance with the provisions of section 24-1-136.

**24-33.5-212. Powers and duties of officers.** (1) All officers of the Colorado state patrol have all the powers of any peace officer to:

(a) (I) Make arrest upon view and with or without warrant for any violation of any law of this state regulating the operation of vehicles and use of the highways or concerning motor vehicle registration; motor fuel tax laws; public utility laws, rules, and regulations, insofar as they pertain to motor carriers as defined in section 42-4-235, C.R.S.; the inspection laws of this state; and any criminal law of this state if, during an officer's exercise of powers or performance of duties under this section, probable cause is established that a violation of said criminal law has occurred;

(II) Enforce the automobile theft law, article 5 of title 42, C.R.S.;

(III) Inspect, examine, investigate, impound, or hold any vehicle for violation of said laws of this state;

(b) Require the operator of any vehicle to stop and, upon demand, exhibit his driver's license and registration card issued for such vehicle and submit to a complete inspection of such vehicle and the equipment, interior, cargo, license plates, and any other paper or document required by law to be in his possession or to an inspection and test of the equipment of such vehicle when there is reasonable cause to believe that the vehicle is being operated in violation of any law of this state regulating the operation of vehicles or use of the highways or any other law mentioned in this part 2;

(c) Inspect any vehicle of a type required to be registered or licensed under a provision of law in any public place where such vehicles are held for sale or wrecking for the purpose of locating stolen vehicles, or parts thereof, and investigate the title and registration thereof;

(d) Serve all warrants, notices, summonses, or other processes relating to the enforcement of laws regulating the operation of the vehicles or the use of the highways and serve distraint warrants issued by the public utilities commission or department of revenue of the state of Colorado;

(e) Investigate traffic accidents and make reports thereof to the chief and make such reports to the department of transportation and department of revenue as these departments may require, but the reports required to be made to the chief in this paragraph (e) shall not be public records and shall be for the confidential use of the Colorado state patrol;

(f) Direct, control, and regulate all traffic at any intersection or any portion of streets or highways or elsewhere in this state when it is deemed necessary in the interest of public safety and for the safe and speedy movement of persons and property;

(g) Investigate reported thefts of vehicles, motor vehicles, trailers, and semitrailers and take and hold any stolen vehicles or parts thereof discovered in any such investigation;

(h) Stop any truck, automobile, or other vehicle found carrying or suspected of carrying any kind of livestock or poultry or the carcasses thereof or any hides of cattle for the purpose of examining and checking said load for permits, written statements, or livestock inspectors' certificates and make arrest for any violation of the law in this state relating to livestock theft and the transportation thereof. At the request of the state board of stock inspection commissioners, the Colorado state patrol shall cooperate with said board in the enforcement of any law within the jurisdiction of said state board of stock inspection commissioners or any rule or regulation issued by said board.

(i) Enforce all of the laws of this state with respect to grounds and buildings owned by the state or any agency or institution thereof. Such enforcement shall not supersede the jurisdiction of the sheriff or other peace officers of the county, city, or city and county within which such enforcement may be required but shall be in addition thereto. In any such activity, officers have and are hereby granted all powers of sheriffs and other peace officers.

(2) The powers specified in subsection (1) of this section are vested in the chief and every officer of the Colorado state patrol, and it is their primary duty to promote safety, protect human life, and preserve the highways of this state by the courteous and strict enforcement of the laws and regulations of this state relating to highways and the traffic on such highways and all other laws of this state concerning inspection, registration, and regulation of all vehicles and the cargoes transported therein and to assist other state departments in the collection of motor vehicle license fees and taxes, motor fuel taxes, and highway compensation taxes.

(3) The chief and all the officers appointed under the provisions of this part 2, subject to the exceptions stated in this subsection (3), shall not be used at any time, nor under any circumstances, by any authority of the state in any manner in the enforcement of any law other than that specifically provided in this part 2 or as may be otherwise specifically provided in any other law of this state; except that they are empowered to assist or aid any sheriff or other peace officer in the performance of his duties upon his request or the request of other local officials having jurisdiction, and, on such occasions while so acting, they have the powers of any sheriff or other peace officer. Furthermore, they shall not be deputized as deputy sheriffs or as other peace officers by any local or state authority, nor shall they be permitted to serve or act on strike duty, lockouts, or other labor disputes.

(4) The highway users tax fund, created in section 43-4-201, C.R.S., shall be reimbursed out of the general fund or the governor's contingency fund or from any other appropriation for the purpose for all expenses of the Colorado state patrol incurred pursuant to paragraph (i) of subsection (1) and subsection (3) of this section.

**24-33.5-216.5. Patrol services furnished to the general assembly.** (1) The Colorado state patrol shall provide protection for the members of the general assembly when they are present in the state capitol buildings group and shall respond to all complaints relating to criminal activity or security threats against a member of the general assembly. For purposes of

this subsection (1), "state capitol buildings group" shall have the same meaning as set forth in section 24-82-105 (1)(a).

(2) The Colorado state patrol shall provide law enforcement services for the buildings, grounds, and other facilities in which the general assembly designates and assigns space in accordance with section 2-2-321, C.R.S. The state patrol shall coordinate such law enforcement efforts, when appropriate, with local law enforcement agencies and with the security officers of each house of the general assembly appointed in accordance with section 2-2-402, C.R.S.

(3) (a) In addition to the requirements of subsections (1) and (2) of this section, the state patrol may render other protection and security services as may be requested by the president of the senate, the minority leader of the senate, the speaker of the house of representatives, or the minority leader of the house of representatives.

(b) The state patrol may provide protection and security services as described in paragraph (a) of this subsection (3) for any function held in Colorado at which a member of the general assembly is in attendance in an official capacity with appropriate coordination with local law enforcement. Factors to be considered when determining the need for providing these services include, but are not limited to, the location of the function, the estimated level of threat associated with the function, and staffing requirements.

**24-33.5-219. Badges - uniforms - unauthorized use.** (1) The chief shall issue to each officer of the Colorado state patrol a badge of authority with the seal of the state in the center thereof and the words "Colorado State Patrol" encircling said seal and, below, the designation of the position held by the officer to whom issued. Such badge shall be serially numbered, or each member shall otherwise display a distinctive serial number.

(2) [*Editor's note: This version of subsection (2) is effective until March 1, 2022.*] All officers of the Colorado state patrol, when on duty, shall be dressed in full distinctive uniform and display the official badge of their office except when they are authorized by the chief to

work in plain clothes. Neither the chief nor any other person shall issue a badge or like uniform to any person who is not a duly authorized, classified, and regularly paid officer of the Colorado state patrol. Any person who, without authority, wears the badge of a member of the Colorado state patrol or in any manner attempts to duplicate the official uniform or equipment with the intent of representing himself or herself as a member of the Colorado state patrol commits a class 1 misdemeanor and shall be punished as provided in section 18-1.3-501, C.R.S.

(2) *[Editor's note: This version of subsection (2) is effective March 1, 2022.]* All officers of the Colorado state patrol, when on duty, shall be dressed in full distinctive uniform and display the official badge of their office except when they are authorized by the chief to work in plain clothes. **24-33.5-220. Costs of administration.** Except as otherwise provided in section 24-33.5-226 (3)(c), the cost of administration of this part 2 and of all payrolls and salaries of the chief, commissioned and noncommissioned officers, troopers, and office personnel and the cost of clerical work, stationery, postage, uniforms, badges, all supplies and equipment, and necessary travel and subsistence allowances shall be appropriated by the general assembly out of the moneys in the highway users tax fund. The expenses and salaries provided for in this section are declared to be for the administration and enforcement of the several statutes referred to in this part 2 and for the construction, maintenance, and supervision of the public highways. Expenses and salaries shall be paid by the state treasurer upon warrants of the controller issued upon vouchers provided by the chief and shall be charged against net collection of highway users taxes as an expense of construction, maintenance, and supervision of public highways and the administration of the laws of the state governing the public highways and their use. The expenditures of the Colorado state patrol shall be audited and approved from time to time by the executive director and the state auditor.

**24-33.5-221. Provisional appointments - veterans' rights.** Any members, at any time, holding provisional appointments in the Colorado state patrol who were, at the time of their appointment, within the age limits fixed by this part 2 or by the law in effect at the time of their appointment shall be construed to be in compliance with the age limitations of this part 2. Members who left the Colorado state patrol to go directly into the armed services or merchant marine of the United States shall not be deprived of holding their positions or of taking any future state personnel system examinations, if such members are and have remained in continuous service with the Colorado state patrol and met all age requirements upon entering the Colorado state patrol, said continuous service to include military service. All time accrued by members of the patrol while in the armed services, when on military leave from the patrol, shall be deemed as continuous service in the Colorado state patrol; and members shall be entitled to all service benefits which would have accrued to them had they remained in continuous service with the Colorado state patrol.

**24-33.5-222. Officers incapacitated.** In the event that any officer of the Colorado state patrol becomes incapacitated, by reason of service on the Colorado state patrol, to the extent that he is unable to perform the usual duties of an officer of the Colorado state patrol, he may be transferred, at the discretion of the chief, to duty in any of the offices of the Colorado state patrol in whatever capacity the chief may deem advisable. Any officer who is transferred to office duty, as set out in this section, shall not be deprived of any benefits as to pay because of such transfer or partial disability. A vacancy in the ranks of officers on Colorado state patrol duty caused by such transfer shall be filled in the usual manner, although such appointment would otherwise be in excess of the statutory limitations.

**24-33.5-224. Duties during state fair at Pueblo.** (1) In addition to the duties and powers of officers of the Colorado state patrol enumerated in this part 2, such officers are granted all powers of sheriffs and other peace officers with respect to the enforcement of all of the laws of this state during and in connection with the Colorado state fair and industrial exposition held annually at Pueblo, Colorado, but such powers shall be exercised only within the grounds and buildings utilized for fair purposes and at the request of the board of commissioners of the Colorado state fair authority.

(2) The powers and jurisdiction granted officers of the Colorado state patrol under the provisions of subsection (1) of this section shall not supersede the jurisdiction of the sheriff or other peace officers of the county or city within which such activity takes place but shall be in addition thereto; and such powers and jurisdiction so granted shall commence not more than ten days in advance of said events and continue until not more than ten days after the conclusion thereof as may be determined necessary by the executive director.

(3) The highway users tax fund shall be reimbursed by the board of commissioners of the Colorado state fair authority, within the amount appropriated by the general assembly for this purpose, and such reimbursement is authorized, as an administrative expense of said board, for any expenditures incurred from such fund resulting from the activities of the Colorado state patrol under subsection (1) of this section, such reimbursement to be made immediately following the termination of the service performed by the Colorado state patrol.

**24-33.5-226. Athletic or special events - closure of highways by patrol or municipality or county - payment of costs.** (1) (a) Subject to the provisions of this section, highways or designated portions of highways may be partially or completely closed or restricted for the purpose of conducting athletic or special events thereon or for the purpose of ensuring the safe and efficient movement of traffic to and from or around an athletic event or special event

which is in such proximity to a highway that the event or any traffic attendant thereto will have a significant effect on the normal traffic flow.

(b) When the term "close" or "closure" is used in this section, it shall be deemed to include the partial closure of any lane or other portion of a highway or the restriction or regulation of traffic on the highway by the Colorado state patrol, members of the department of transportation, or authorized agents of a municipality or county.

(c) (I) The chief has the authority to close a state highway or portion thereof for the purposes of paragraph (a) of this subsection (1) when an athletic or special event is proposed to be held on such highway or when a proposed event may cause a significant disruption to the normal flow of traffic on a state highway and such highway is outside the boundaries of a municipality.

(II) The chief or his designee shall coordinate any closure of a state highway with the executive director of the department of transportation or his designee.

(III) The chief shall not approve an event which the state does not have sufficient resources to properly manage in a manner consistent with the preservation of the public peace, health, and safety.

(d) Notwithstanding the provisions of paragraph (c) of this subsection (1), a municipality has the exclusive authority to close a highway or portion thereof for the purposes of paragraph (a) of this subsection (1) if the highway or portion to be closed is contained entirely within the boundaries of the municipality and any attendant disruption of traffic is contained within the boundaries of the municipality; except that, if such closure is on a state highway, the municipality shall coordinate the closure with the executive director of the department of transportation or his designee and shall provide for adequate traffic control and an alternate route where applicable.

(e) Notwithstanding the provisions of paragraphs (c) and (d) of this subsection (1), a board of county commissioners or the duly authorized sheriff, county division of public works, or other county division or department authorized and designated by the board of county commissioners shall have the authority to close a highway or portion thereof for the purposes of paragraph (a) of this subsection (1) when such highway is not a state highway and the highway or portion to be closed does not extend within the boundaries of a municipality. When a proposed event may cause a significant disruption to the normal flow of traffic on a state highway or to any municipal highway, such closure shall be approved by and coordinated among all agencies involved.

(f) In the event that a closure or disruption of traffic resulting from a closure crosses jurisdictional boundaries, such closure shall be coordinated among all agencies involved. If the event requires the active participation of the patrol and if the event may cause a significant disruption to the normal flow of traffic, the chief's authority under paragraph (c) of this subsection (1) shall apply.

(2) A closure by the chief may be authorized only if:

(a) A written application therefor is submitted to the chief, containing such information as the chief deems necessary, and the application is approved by the chief; and

(b) The applicant pays to the Colorado state patrol at the time he submits the application the amount estimated by the chief to be the actual costs of said patrol for processing the application and the applicant agrees to pay in accord with subsection (3) of this section the actual

costs of the patrol and the department of transportation in providing any services for the conduct of the closure. Such costs shall include any regular or overtime salaries, equipment, and fuel; and

(c) The applicant agrees to pay for and provide evidence of liability coverage in those amounts specified in section 24-10-114 (1) to protect the state from any liability for any injuries or damages which may arise out of the closure or the Colorado state patrol's or the department of transportation's assistance in ensuring the safe conduct of the closure. Such insurance shall provide coverage which corresponds to the requirements of article 10 of this title. Liability claims resulting from the closure of a highway pursuant to this section shall be first paid from the liability insurance required by this paragraph (c) prior to any payment from the risk management fund created in section 24-30-1510. Nothing in this paragraph (c) shall alter or affect the application of article 10 of this title; and

(d) A local jurisdiction approves the closure if the closure of the highway would restrict the use of any road, street, or highway of the affected jurisdiction; and

(e) The closure is implemented in a manner that will cause the least inconvenience to the driving public consistent with the requirements of the athletic or special event and the event can be conducted in a manner consistent with the preservation of the public peace, health, and safety.

(2.5) (a) No liability shall attach to the state of Colorado for any injuries or damages which are caused solely by the use of a state highway for an athletic or special event when such event has not been approved by the chief. Claims for such injuries or damages shall be subject to the limitations of article 10 of this title.

(b) **[Editor's note: This version of subsection (2.5)(b) is effective until March 1, 2022.]** Any person who conducts an athletic or special event on a state highway when a permit for said event has not been issued or any person conducting said event who violates the terms of a permit which has been issued for an athletic or special event commits a class 1 misdemeanor and shall be punished as provided in section 18-1.3-501, C.R.S.

(b) **[Editor's note: This version of subsection (2.5)(b) is effective March 1, 2022.]** Any person who conducts an athletic or special event on a state highway when a permit for said event has not been issued or any person conducting said event who violates the terms of a permit which has been issued for an athletic or special event commits a class 2 misdemeanor and shall be punished as provided in section 18-1.3-501.

(3) (a) If a closure application is approved, the applicant shall pay, when applicable, to the Colorado state patrol and the department of transportation prior to the closure the amounts the chief and executive director of the department of transportation estimate to be the costs of the patrol and the department of transportation in conducting the closure and shall provide the chief with evidence of the acquisition of the insurance provided for in paragraph (c) of subsection (2) of this section.

(b) Moneys paid to the Colorado state patrol pursuant to this section shall be transmitted to the state treasurer, who shall credit the same to the Colorado state patrol closure fund created in paragraph (c) of this subsection (3).

(c) There is hereby created in the state treasury the Colorado state patrol closure fund. The moneys in the fund shall be subject to annual appropriation by the general assembly for the purpose of paying salaries for officers performing duties in accord with the provisions of this section and for all other expenses incurred by the Colorado state patrol in carrying out the provisions of this section, and such moneys shall not be transferred to or revert to the general fund of the state at the end of any fiscal year. Such salaries and other expenses shall be paid at

the direction of the chief, and, notwithstanding section 24-33.5-207 (2), the chief may authorize payment of such overtime salaries as he deems necessary for officers performing any duties pursuant to this section.

(d) All moneys paid to the department of transportation pursuant to this section shall be transmitted to the state treasurer, who shall credit the same to the state highway supplementary fund.

(4) The chief and executive director of the department of transportation are authorized to use such equipment and personnel as they deem necessary to ensure the safe conduct of the closure.

Alternative municipal traffic enforcement mechanisms study group - report - repeal.** (1) On or before September 1, 2021, the chief shall convene a study group to study methods to encourage persons who have received a traffic citation and fail to appear in court to contest the citation or to pay any default judgment associated with the citation.

(2) (a) The study group consists of seven members as follows:

(I) A representative of the Colorado department of revenue, appointed by the executive director of the department of revenue; and

(II) The following members appointed by the chief:

(A) A representative of the Colorado state patrol;

(B) A representative of a statewide association representing municipal court judges;

(C) A representative of a statewide organization representing municipalities;

(D) A representative of a statewide organization of chiefs of police; and

(E) Representatives of two statewide organizations advocating criminal justice or sentencing reform.

(b) The appointing authorities shall make appointments no later than August 16, 2021.

(c) The members of the study group shall serve without compensation.

(3) The study group shall:

(a) Survey evidence-based policy and national best practices to achieve compliance with traffic citations that are equitable and encourage individuals to resolve their traffic violations, but do not involve the use of licensing sanctions to force compliance;

(b) Review the efficacy of municipal practices for encouraging timely court appearances and payment of any fines, with a special focus on procedures that increase clear communication and expectations between local governments and individuals regarding fines, fees, and court dates;

(c) Survey policies and procedures in municipal courts that take into account each person's ability to pay traffic fines and fees and that provide courts with flexibility to adjust amounts due or extend the time for payment in appropriate circumstances;

(d) Gather stakeholder feedback on the effectiveness of existing enforcement mechanisms for collection of unpaid fines;

(e) Study the cost of implementing improved systems for encouraging defendants to appear in court and for collection of any fines and fees from those who fail to appear in court; and

(f) Develop recommendations for potential state legislation that may assist municipal courts to reduce the incidence of failures to appear on traffic tickets and to increase the likelihood of payment of fines and fees after a judgment has been entered on a traffic citation.

(4) The study group shall report its findings and recommendations to the department on or before December 31, 2021.

(5) The department shall include the study group's findings in its annual report before the house of representatives and senate committees of reference pursuant to section 2-7-203 made during the 2022 legislative session.

**24-33.5-412. Functions of bureau - legislative review - interagency cooperation with reporting functions - processing time for criminal history record checks - computer crime - synthetic cannabinoids enforcement.** (1) The bureau has the following authority:

(a) (I) When assistance is requested by any sheriff, chief of police, district attorney, head of a state agency, or chief law enforcement officer and with the approval of the director, to assist such state agency or law enforcement authority in the investigation and detection of crime and in the enforcement of the criminal laws of the state.

(II) For purposes of subparagraph (I) of this paragraph (a), "state agency" means any department or agency of the executive branch and the office of the state auditor.

(b) When assistance is requested by any district attorney and upon approval by the director, to assist the district attorney in preparing the prosecution of any criminal case in which the bureau had participated in the investigation under the provisions of this part 4;

(c) To establish and maintain fingerprint, crime, criminal, fugitive, stolen property, and other identification files and records; to operate the statewide uniform crime reporting program; and to arrange for scientific laboratory services and facilities for assistance to law enforcement agencies, utilizing existing facilities and services wherever feasible;

(c.5) To maintain a computerized data file of motor vehicle information received from the department of revenue accessible to law enforcement agencies through the telecommunications network operated by the bureau, and, by January 1, 2001, to allow law enforcement agencies to search multiple fields in the motor vehicle files including but not limited to vehicle license plate numbers, vehicle identification numbers, manufacturers, models, years, tab, and primary body colors, or any combinations thereof;

(d) To investigate suspected criminal activity when directed to do so by the governor;

(e) To procure any records furnished by any law enforcement agency of this state, including local law enforcement agencies, at the expense of the bureau;

(f) To enter into and perform contracts with the department of human services for the investigation of any matters arising under the "Uniform Interstate Family Support Act", article 5 of title 14, C.R.S., or a substantially similar enactment of another state;

(g) Repealed.

(h) To compile, maintain, and distribute a list of missing children as required by section 24-33.5-415.1;

(i) To develop and maintain a computerized database for tracking gangs and gang members both within the state and among the various states;

(j) When assistance is requested by the P.O.S.T. board, to investigate the backgrounds of applicants for certification as peace officers by the P.O.S.T. board, by a review of fingerprint files or records;

(k) To carry out the duties described in article 22 of title 16, C.R.S., including but not limited to promptly transmitting to the federal bureau of investigation upon receipt any fingerprints and conviction data concerning a person convicted of unlawful sexual behavior, as defined in section 16-22-102 (9), C.R.S.;

(l) To carry out the duties set forth in section 24-33.5-424 concerning the national instant criminal background check system ("NICS") in connection with the transfer of firearms;

(m) To carry out the duties described in section 18-6-803.7, C.R.S.;

(n) To carry out the duties of maintaining information related to crimes involving acts of domestic violence or sexual assault as required by article 21 of title 16, C.R.S.;

(o) To carry out the duties set forth in part 2 of article 12 of title 18, C.R.S.;

(p) Repealed.

(q) To locate and apprehend persons who are fugitives from the law;

(r) To conduct criminal history records checks pursuant to section 24-72-305.3; and

(s) When requested by the chief of a fire department or his or her designee, and approved by the director or his or her designee, the bureau may assist in the investigation of a possible crime related to arson. When such a request is made by a fire department, the fire department shall notify the appropriate law enforcement agency that a request for assistance from the bureau has been made.

(2) In order to enable the bureau to carry out the functions enumerated in this section, it shall establish and maintain statewide telecommunications programs consistent with telecommunications programs and policies of the state telecommunications director.

(3) (a) Any other provision of law to the contrary notwithstanding and excluding title 19, C.R.S., except as provided in paragraph (b) of this subsection (3), on and after July 1, 1971, in accordance with a program to be established by the bureau, every law enforcement, correctional, and judicial entity, agency, or facility in this state shall furnish to the bureau all arrest, identification, and final charge dispositional information on persons arrested in Colorado for federal, state, or out-of-state criminal offenses and on persons received for service of any sentence of incarceration. The department of corrections shall furnish its information to the bureau within twenty-four hours of the time a person is received into the custody of the department for service of sentence and prior to twenty-four hours of the time of the person's final discharge from supervision. The department shall also report to the bureau a person's release to parole or to a community correctional facility or program prior to twenty-four hours of such

release. The provision of information required by this subsection (3) shall be made in a manner prescribed by the bureau; except that the provision of information by judicial entities, agencies, and facilities shall be under procedures to be established jointly by the state court administrator and the director.

(b) On or after July 1, 1983, the bureau may establish a program under which every entity, agency, or facility specified in paragraph (a) of this subsection (3) shall furnish to the bureau the information specified in section 19-1-306 (3), C.R.S.

(c) For purposes of improving the performance of criminal background checks and the implementation of the integrated criminal justice information system established in article 20.5 of title 16, C.R.S.:

(I) The criminal justice information program task force created in section 16-20.5-103, C.R.S., shall establish and require the use of uniform identifiers in the information required by this subsection (3) in order to facilitate the matching of criminal records in the bureau's databases and in the ICON system at the state judicial department, and such identifiers may be any identifiers existing on or after May 30, 2001; and

(II) Except as otherwise provided in this subsection (3), every law enforcement, correctional, and judicial entity, agency, or facility in this state shall forward to the bureau the information required by this subsection (3) within seventy-two hours after receiving such information; except that the time period shall not include Saturdays, Sundays, or legal holidays. The information forwarded to the bureau shall include, but need not be limited to, the fingerprints of said arrested persons.

(d) The bureau shall electronically forward the information required by this subsection (3) to the judicial department through the integrated criminal justice information system program established by article 20.5 of title 16, C.R.S., within twenty-four hours after the receipt of:

(I) An electronic version of the suspect's arrest and fingerprint information by the bureau; or

(II) A paper copy of the suspect's arrest and fingerprint information by the bureau if the information is from a jurisdiction that does not use an electronically-based fingerprint transmission system.

(4) The bureau is charged with the responsibility to investigate organized crime which cuts across jurisdictional boundaries of local law enforcement agencies, subject to the provisions of section 24-33.5-410.

(5) (a) To assist the bureau in its operation of the uniform crime reporting program, every law enforcement agency in this state shall furnish such information to the bureau concerning crimes, arrests, and stolen and recovered property as is necessary for uniform compilation of statewide reported crime, arrest, and recovered property statistics. In cases involving child abuse or sexual assault on a child and in all other cases involving murder, sexual assault, or robbery, the law enforcement agency shall furnish information to the bureau concerning the modus operandi of such crimes in order to facilitate the identification of cross-jurisdictional offenders. Information required to be submitted pursuant to this section shall be submitted in a form specified by the bureau; except that the bureau shall adopt a form and reporting standards consistent with the development of the strategic plan for an integrated criminal justice information system, in accordance with article 20.5 of title 16, that shall be consistent with applicable federal and state laws and regulations such as the national criminal justice information system standards. The cost to the law enforcement agency of furnishing such

information shall be reimbursed out of appropriations made therefor by the general assembly; except that the general assembly shall make no such reimbursement if said cost was incurred in a fiscal year during which the Colorado crime information center was funded exclusively by state or federal funds.

(b) Beginning in 2018, and every year thereafter, the department shall include as part of its "State Measurement for Accountable, Responsive, and Transparent (SMART) Government Act" hearing required by section 2-7-203 information concerning the reports submitted by law enforcement agencies pursuant to subsection (5)(a) of this section, including but not limited to information concerning reports of bias-motivated crimes, as described in section 18-9-121.

(6) The bureau is charged with the responsibility of implementing, administering, complying with the terms of, and serving as the state's criminal history record repository as defined in the "National Crime Prevention and Privacy Compact" established in accordance with the provisions of part 27 of article 60 of this title. For purposes of said compact, the compact officer for the state of Colorado shall be the director of the bureau or a designee of the director.

(7) Notwithstanding any provision of law to the contrary, if a department or agency of the executive branch is required by statute to request a fingerprint-based criminal history record check from or through the bureau and obtain and process the results within a specified time, whether for purposes of issuance of a professional license or for any other reason, and, due to a backlog in requests pending with the bureau or due to other factors beyond the control of the department or agency, the department or agency is unable to act within the time required by statute:

(a) The department or agency is allowed an extension of time within which to obtain and process the results of the record check;

(b) The department or agency shall notify the applicant and other interested persons of the reason for the delay; and

(c) The status of the person whose criminal history is the subject of the record check, and his or her rights and responsibilities as specified in the statute that set forth the original period for agency action, do not change as a result of the delay.

(8) (a) The bureau has the authority to conduct criminal investigations relating to cybercrime violations pursuant to section 18-5.5-102, when violations are reported or investigations requested by law enforcement officials or the governor or when violations are discovered by the bureau. All investigations conducted by the bureau must be in cooperation and coordination with local, state, or federal law enforcement authorities, subject to the provisions of section 24-33.5-410.

(b) The bureau shall develop and collect information with regard to cybercrime in an effort to identify, charge, and prosecute criminal offenders and enterprises that unlawfully access and exploit computer systems and networks, impact functionality, and access sensitive data and shall report such information to the appropriate law enforcement organizations. The bureau must also provide awareness training and information concerning cyber-security and security risks to the information technology critical infrastructure industry.

(c) The bureau shall prepare reports at least annually concerning any activities of cybercrime in Colorado for use by local or federal law enforcement officials or the governor. The reports are available for public inspection unless the material in the reports is exempt under article 72 of this title 24.

(d) The director of the bureau may enter into any contract that is necessary to carry out the duties and responsibilities set forth in this subsection (8).

(9) On and after September 1, 2014, the bureau shall purchase and maintain materials and equipment to be made available by the bureau to law enforcement agencies and to the liquor enforcement division in the department of revenue, for the presumptive identification of synthetic cannabinoids or any other designer drugs.

**24-33.5-415. Temporary agents - qualifications - term - tenure.** In addition to and apart from any other appointment provisions of this part 4, the director, with the approval of the appropriate law enforcement agency or agencies, may appoint peace officers of law enforcement agencies outside the bureau as temporary agents of the bureau. Such temporary agents shall have all the powers, protections, defenses, and immunities provided by statute or otherwise to agents of the bureau. Such temporary agents, if from outside the state personnel system, shall not have the protection of tenure afforded by part 1 of article 50 of this title to certified employees. Except for overtime payments authorized by the bureau, the compensation of temporary agents shall not be paid out of state funds allocated to the bureau. During such special assignments as temporary agents, the compensation and employment benefits of such temporary agents shall continue to be paid by their employing law enforcement agencies. The bureau may pay the reasonable expenses of such temporary agents pursuant to the same criteria it uses to pay the reasonable expenses of agents of the bureau. The bureau, upon request by the employing law enforcement agencies of such temporary agents and prior to any such temporary appointment, shall provide the employing law enforcement agencies with a statement detailing the expenses, if any, of such temporary agents that will be the financial responsibility of the employing law enforcement agency and those that will be the financial responsibility of the bureau.

**24-33.5-415.1. List of missing children.** (1) For the purposes of this section, "missing child" means a child whose whereabouts are unknown, whose domicile at the time he was first reported missing was Colorado, and whose age at the time he was first reported missing was seventeen years of age or younger.

(2) (a) To aid in the identification and location of missing children, the bureau shall compile, maintain, and distribute a list of missing children. Such list shall be compiled from

missing children reports submitted by law enforcement agencies pursuant to subsection (3) of this section.

(b) The bureau shall keep records of statistics on all missing children reports which it receives. Such records shall include the following information:

- (I) The number of cases of missing children reported in Colorado;
- (II) The number of missing children cases which have been solved in Colorado;
- (III) The approximate physical location at which each child was last seen;
- (IV) The time of day each child was last seen;
- (V) The age, gender, and physical description of each child reported missing;
- (VI) The activity the child was engaged in at the time he was last seen;
- (VII) The number of reported sightings of missing children; and
- (VIII) Any other pertinent information regarding a missing child.

(b.1) The bureau shall obtain, if available, the dental records of any child who has been missing thirty or more days, and any custodian of such records shall comply with the bureau's request for the records.

(c) The bureau shall release general statistical information to the public at least once each calendar year and shall report such statistics and other information the bureau deems appropriate to the governor at least once each calendar year.

(3) To assist the bureau in compiling the list of missing children, every law enforcement agency in this state shall, upon receipt of information that a child is believed to be missing, send a missing child report containing identifying and descriptive information about the child to the bureau as soon as possible but no later than twenty-four hours after obtaining such information. If, at a later time, the law enforcement agency determines that the missing child has been located, the agency shall send notification to the bureau no later than twenty-four hours after making such determination.

(4) To assist the bureau in identifying missing children, a county coroner shall report to the bureau any unidentified or unclaimed dead human body which is found within his jurisdiction and which could be the body of a missing child. Such report shall be made within five days of the time the coroner takes charge of the unidentified or unclaimed dead human body and shall include fingerprints, dental information, and a physical description of the body with respect to approximate age, height, weight, hair and eye color, deformities, and scars or other identifying marks. If the bureau determines that the information submitted on an unidentified or unclaimed dead human body matches the information for a missing child, the bureau shall immediately notify the law enforcement agency that submitted the missing child report.

(5) A timely list of missing children shall be distributed on a regular basis to all school districts in this state, except those school districts which have elected to provide the names of all new or transfer students to the bureau, and each school district shall distribute such information to the individual schools within the district in whatever manner deemed appropriate. The list shall include the names of missing children together with whatever information the bureau determines would be helpful in making identification. A school district shall either immediately notify the bureau if it comes in contact with a child whose name appears on the list of missing children or send the names of all new or transfer students to the bureau on a regular basis, and, if a missing child is identified, the bureau shall, in turn, notify the law enforcement agency that submitted the missing child report. All information received or transmitted pursuant to this subsection (5) shall be confidential and shall only be used for law enforcement purposes.

(6) In addition to distributing the list of missing children to school districts, the bureau may distribute such list to any other person or entity that the bureau determines might be instrumental in the identification and location of missing children. The bureau shall also list the name of every missing child with appropriate nationally maintained missing children lists. The bureau shall provide identifying and descriptive information about children determined to be missing immediately after receipt of reports from law enforcement agencies pursuant to subsection (3) of this section for entry into the national crime information center computer operated by the federal bureau of investigation. Immediately after a missing child is located, the law enforcement agency which located or returned the child shall notify the law enforcement agency having jurisdiction over the investigation and the bureau, and the bureau shall cancel the entry from the national crime information center computer.

(7) In order to accomplish the purposes of this section, the bureau is authorized to accept, receive, and expend assistance in the form of grants, gifts, grants-in-aid, bequests, and contributions from any agency, organization, or person. Such assistance shall be in addition to moneys appropriated to the bureau by the general assembly. Assistance received by the bureau in the form of money shall not revert to the general fund.

**24-33.5-415.2. Receipt of proceeds from forfeited property.** The division of the Colorado bureau of investigation is authorized to accept, receive, and expend proceeds allocated to the division after sale of forfeited property pursuant to part 3 or 5 of article 13 of title 16 or article 17 of title 18, and such funds shall be in addition to the money appropriated to the division by the general assembly. Notwithstanding section 24-1-136 (11)(a)(I), the executive director shall submit an annual report to the joint budget committee at the time the annual budget request is submitted providing information on the amounts received under this section, if any, and the uses made thereof.

**24-33.5-415.3. Information on gangs - legislative declaration.** (1) The general assembly hereby finds and declares that:

(a) The proliferation of gangs and gang-related crimes is no longer merely a matter facing urban communities, and has become a matter of statewide concern;

(b) Gang activity involves a multitude of crimes, and illegal drug use and drug-trafficking constitute common factors associated with all gang-related activities and in the continuing pattern of gang-related violence;

(c) While the primary responsibility for law enforcement rests with local police and sheriffs' departments, drugs and drug-related crimes and gang-related criminal activity resulting therefrom have placed an overwhelming burden on the existing resources of all law enforcement

agencies, especially rural departments. Therefore, the state has an obligation to make additional support available to local law enforcement through increased assistance in the investigation of narcotics and dangerous drug law violations; expanded training of local officers to improve their ability to interdict the sale and use of drugs in their communities; increased ability to assist in seizing moneys and properties utilized in drug transactions; improved forensic laboratory capability for the quantification and qualitative analysis of narcotics and dangerous drugs; and enhanced capability to collect, analyze, and disseminate information on drug and gang-related criminal activity.

(d) In order to contain the spread of gang violence, the development of a computerized data base tracking system is necessary to improve the consistency of data shared by the different law enforcement and judicial elements of the criminal justice system, both within the state and among various states confronted with similar gang violence.

(2) For the purposes of this section, unless the context otherwise requires, "gang" means a group of three or more individuals with a common interest, bond, or activity characterized by criminal or delinquent conduct.

(3) To aid in the identification and location of gangs and gang members and to prevent recruitment of new gang members from both the population in general and persons in the custody of the department of corrections and the department of human services, the Colorado bureau of investigation shall develop and maintain a computerized database system which tracks the whereabouts of identified gang members. Such database shall be compiled from reports submitted to the bureau pursuant to section 16-21-103, C.R.S. Such information shall include the following:

- (a) The person's name, along with any aliases;
- (b) The person's last-known address;
- (c) The person's date of birth;
- (d) The date of any arrest and the arrest numbers, the investigating agency's case number, the final disposition of any criminal case filed with a court, and the court number;
- (e) Any information relevant to the person's association or affiliation with a gang or with gang activities.

(4) The bureau shall make every reasonable effort to locate and cooperate with other such databases in the United States in order to track gangs and gang members involved in interstate activities.

**24-33.5-415.4. Security guard clearance - criminal history record checks.** (1) As used in this section, unless the context otherwise requires:

- (a) "Contract security agency" means any business which, for a fee or other consideration, agrees to furnish a uniformed security guard to protect persons, property, information, or other assets.

(b) "Proprietary security organization" means any internal functional organizational unit of a company which provides uniformed security guards for the exclusive use of such employing company.

(c) "Security guard" means any private uniformed security officer, armored car service officer, alarm response runner, watchman, lobby attendant, or other private uniformed person who is engaged in the protection of persons, property, information, or other assets.

(2) After January 1, 1992, any contract security agency or proprietary security organization may submit fingerprints of security guards to the bureau for purposes of a fingerprint-based criminal history record check pursuant to part 3 of article 72 of this title. The information obtained from the criminal history record check conducted pursuant to this section may be used by the contract security agency or proprietary security organization to determine whether or not to employ a person as a security guard. Nothing in this section shall be used as a basis for discrimination banned by section 24-34-402 (1)(a). The bureau shall charge a fee for record checks conducted pursuant to this section. The bureau shall set such fee at a level sufficient to cover the direct and indirect costs of processing requests made pursuant to this section. Moneys collected by the bureau pursuant to this section shall be subject to annual appropriation by the general assembly for the administration of criminal history record checks of security guards pursuant to this section.

**24-33.5-415.6. Offender identification - fund.** (1) There is created in the state treasury the offender identification fund, referred to in this section as the "fund". The fund consists of costs and surcharges levied pursuant to this section and payments for genetic testing received from offenders pursuant to sections 16-11-102.4 and 19-2.5-1119. Subject to annual appropriations by the general assembly, the executive director and the state court administrator are authorized to expend money in the fund to pay for genetic testing of offenders pursuant to sections 16-11-102.4 and 18-1.3-407. At the end of any fiscal year, all unexpended and unencumbered money remains in the fund and shall not be credited or transferred to the general fund or any other fund.

(2) (Deleted by amendment, L. 2006, p. 1692, § 14, effective July 1, 2007.)

(3) (a) A cost of two dollars and fifty cents is hereby levied on each criminal action resulting in a conviction or in a deferred judgment and sentence, as provided in section 18-1.3-102, C.R.S., for a felony, a misdemeanor, or misdemeanor traffic offense, charged pursuant to state statute. The defendant shall pay the costs to the clerk of the court. Each clerk shall transmit the moneys to the state treasurer, who shall credit the same to the fund.

(b) The provisions of sections 18-1.3-701 and 18-1.3-702, C.R.S., shall apply to the collection of costs levied pursuant to this subsection (3).

(4) A surcharge of two dollars and fifty cents is hereby levied against each penalty assessment notice issued pursuant to section 42-4-1701, C.R.S., for a misdemeanor or a class 1 or class 2 misdemeanor traffic offense under state statute that results in payment of the penalty assessment without the commencement of a criminal action. All moneys collected by the department of revenue pursuant to this subsection (4) shall be transmitted to the state treasurer, who shall credit the same to the fund.

(5) A cost of two dollars and fifty cents is hereby levied against each civil action resulting in an admission of liability or a judgment against the defendant for a class A or class B traffic infraction charged pursuant to state statute. The defendant shall pay the cost to the clerk of the court. Each clerk shall transmit the moneys to the state treasurer, who shall credit the same to the fund.

(6) A surcharge of two dollars and fifty cents is hereby levied against each penalty assessment notice issued pursuant to section 42-4-1701, C.R.S., for a class A or class B traffic infraction under state statute that results in payment of the penalty assessment without the commencement of a civil action. All moneys collected by the department of revenue pursuant to this subsection (6) shall be transmitted to the state treasurer, who shall credit the same to the fund.

(7) A surcharge of two dollars and fifty cents is hereby levied against each penalty assessment issued pursuant to section 33-6-104 or 33-15-102, C.R.S., that results in payment of the penalty assessment without the commencement of a criminal action. All moneys collected by the division of parks and wildlife in the department of natural resources pursuant to this subsection (7) shall be transmitted to the state treasurer, who shall credit the same to the fund.

(8) (Deleted by amendment, L. 2011, (SB 11-208), ch. 293, p. 1389, § 14, effective July 1, 2011.)

(9) The court may waive a cost or surcharge levied pursuant to this section if the court determines the defendant is indigent.

**24-33.5-415.7. Amber alert program.** (1) The general assembly hereby finds that, in the case of an abducted child, the first few hours are critical in finding the child. To aid in the identification and location of abducted children, there is hereby created the Amber alert program, referred to in this section as the "program", to be implemented by the bureau. The program shall be a coordinated effort among the bureau, local law enforcement agencies, and the state's public and commercial television and radio broadcasters.

(2) For the purposes of this section, "abducted child" means a child:

(a) Whose whereabouts are unknown;

(b) (I) Whose domicile at the time he or she was reported missing was Colorado; or

(II) About whom credible information is received from a law enforcement agency located in another state that the abducted child is traveling to or in the state of Colorado;

(c) Whose age at the time he or she was first reported missing was seventeen years of age or younger, including a newborn; and

(d) Whose disappearance poses a credible threat as determined by local law enforcement to the safety and health of the child.

(3) The program must consist of the following:

(a) A procedure established by rule that a local law enforcement agency may follow to verify a child has been abducted. Once the local law enforcement agency verifies an abduction has occurred, the local law enforcement agency may notify the bureau.

(b) Upon receipt of a notice of a child abduction from a local law enforcement agency, the bureau shall confirm the accuracy of the information and then issue an alert via the state emergency alert system. In the case of an abducted newborn, the bureau need not have complete identification information on the newborn in order to issue an alert.

(c) The bureau shall send the alert utilizing technological applications that promote the largest reach of community notifications. Participating radio and television stations shall issue the alert at designated intervals as specified in rule.

(d) The alert shall include all appropriate information the local law enforcement agency has that may assist in the safe recovery of the abducted child and a statement instructing anyone with information related to the abduction to contact his or her local law enforcement agency.

(e) The alert shall be canceled upon bureau notification that the child has been found or at the end of the notification period, whichever occurs first. When applicable, the bureau shall use the same technological applications described in subsection (3)(c) of this section. Any local law enforcement agency that locates a child who is the subject of an alert shall notify the bureau as soon as possible that the child has been located.

(4) The executive director of the department of public safety shall promulgate rules in accordance with the "State Administrative Procedure Act", article 4 of this title, for the implementation of the program. The rules shall include, but need not be limited to:

(a) Procedures for a local law enforcement agency to use to verify whether a child abduction has occurred and the circumstances under which the agency shall report the abduction to the bureau;

(b) The process to be followed by the bureau in confirming the local law enforcement agency's information;

(c) The process for reporting the information to the federal communications commission's designated state emergency alert system broadcaster in Colorado; and

(d) Any additional processes concerning implementation of the program.

**24-33.5-415.8. Missing persons alert program - definitions - rules.** (1) The general assembly hereby finds that, in the case of a missing senior citizen, missing person with developmental disabilities, or missing person with a dementia disease and related disability, the first few hours are critical in finding the person. To aid in the identification and location of missing persons, there is hereby created the missing senior citizen, missing person with developmental disabilities, and missing person with a dementia disease and related disability alert program, referred to in this section as the "program", to be implemented by the bureau. The program shall be a coordinated effort among the bureau, local law enforcement agencies, and the state's public and commercial television and radio broadcasters.

(2) For the purposes of this section:

(a) "Missing person with a dementia disease and related disability" means a person:

(I) Whose whereabouts are unknown;

(II) Whose domicile at the time he or she is reported missing is Colorado;

(III) Who has a dementia disease or related disability, as defined in section 25-1-502 (2.5); and

(IV) Whose disappearance poses a credible threat to the safety and health of the person, as determined by a local law enforcement agency.

(a.5) "Missing person with developmental disabilities" means a person:

(I) Whose whereabouts are unknown;

(II) Whose domicile at the time he or she is reported missing is Colorado;

(III) Who has a verified developmental disability; and

(IV) Whose disappearance poses a credible threat to the safety and health of himself or herself, as determined by a local law enforcement agency.

(b) "Missing senior citizen" means a person:

(I) Whose whereabouts are unknown;

(II) Whose domicile at the time he or she is reported missing is Colorado;

(III) Whose age at the time he or she is first reported missing is sixty years of age or older and who has a verified impaired mental condition; and

(IV) Whose disappearance poses a credible threat to the safety and health of the person, as determined by a local law enforcement agency.

(3) (a) The bureau shall implement the program as provided in this subsection (3) and pursuant to rules promulgated as provided in subsection (4) of this section.

(b) (I) When a local law enforcement agency receives notice that a senior citizen or person with a dementia disease and related disability is missing, the agency shall require the person's family or legal guardian to provide documentation of the person's impaired mental condition. The agency may follow a procedure established by rule to verify the person is missing and has an impaired mental condition. Once the local law enforcement agency verifies the person is missing and has a verified impaired mental condition, the local law enforcement agency may notify the bureau.

(II) When a local law enforcement agency receives notice that a person with developmental disabilities is missing, the agency shall require the family, legal guardian, or service provider of the missing person with developmental disabilities to provide documentation of the person's developmental disability. The agency may follow a procedure established by rule to verify the person is missing and has a developmental disability. Once the local law enforcement agency verifies the person with developmental disabilities is missing, the local law enforcement agency may notify the bureau.

(c) When notified by a local law enforcement agency that a senior citizen or person with a dementia disease and related disability is missing and has a verified impaired mental condition, or a person with documented developmental disabilities is missing, the bureau shall confirm the accuracy of the information and then issue an alert.

(d) The alert shall be sent to designated media outlets in Colorado. Participating radio stations, television stations, and other media outlets may issue the alert at designated intervals as specified by rule.

(e) The alert shall include all appropriate information from the local law enforcement agency that may assist in the safe recovery of the missing person and a statement instructing anyone with information related to the missing person to contact his or her local law enforcement agency.

(f) The alert shall be canceled upon bureau notification that the missing person has been found or at the end of the notification period, whichever occurs first. A local law enforcement agency that locates a missing person who is the subject of an alert shall notify the bureau as soon as possible that the missing person has been located.

(4) The executive director of the department of public safety shall promulgate rules in accordance with the "State Administrative Procedure Act", article 4 of this title 24, for the implementation of the program. The rules shall include, but need not be limited to:

(a) Procedures for a local law enforcement agency to use to verify whether a senior citizen, person with developmental disabilities, or person with a dementia disease and related disability is missing and to verify whether a senior citizen or person with a dementia disease and related disability has an impaired mental condition or whether a person has a developmental disability and the circumstances under which the agency shall report the missing person to the bureau;

(b) The process to be followed by the bureau in confirming the local law enforcement agency's information;

(c) The process for reporting the information to designated media outlets in Colorado; and

(d) Any additional processes concerning implementation of the program.

**24-33.5-415.9. Local lifesaver programs - legislative declaration - administration - rules - grants to counties - program requirements - cash fund.** (1) The general assembly hereby finds, determines, and declares that:

(a) There are currently millions of people in the United States with medical conditions that cause wandering, with many of these individuals becoming lost and missing.

(b) In Colorado, there are currently estimated to be approximately seventy-nine thousand people with medical conditions, such as Alzheimer's disease, autism, Down syndrome, and other mental impairments, that cause wandering.

(c) It is estimated that the number of people in Colorado with Alzheimer's disease alone will increase to approximately one hundred forty thousand by 2025.

(d) Local law enforcement agencies currently expend significant resources searching for individuals with medical conditions who wander and become lost and missing.

(e) Technology enabling the quick location of missing and lost individuals now exists, and the use of this technology would be beneficial to the citizens of Colorado by allowing lost and missing individuals to be located quickly and safely in a manner that is more cost-effective for the citizens of Colorado.

(f) Establishing a grant program to encourage county sheriffs' departments to establish lifesaver programs pursuant to this section will be beneficial to the citizens of Colorado by saving the lives of lost and missing persons.

(2) The general assembly encourages each county or any combination of counties to implement a lifesaver program, under which a participant wears a small transmitter on his or her wrist to allow the county sheriffs' departments to electronically locate the participant if necessary using a radio receiver.

(3) The executive director shall serve as the liaison to lifesaver programs in counties that choose to implement them and shall administer the state grant moneys awarded for the purpose of starting the programs. The executive director may promulgate such rules as are necessary for the administration of this section, including but not limited to annual deadlines for submitting applications, reporting of search and rescue statistics using technology obtained under this section, and implementation policies for programs. The maximum amount that a county may receive for startup is ten thousand dollars.

(4) (a) If a county initiates a lifesaver program, it may submit a written application in a form specified by the executive director. Counties may submit applications jointly. The application shall include, but not be limited to:

(I) An estimate of the number of people who might qualify for assistance in the county;

(II) An estimate of the startup cost; and

(III) A statement of the number of personnel available for tracking lost individuals.

(b) The executive director shall prioritize the grant awards in accordance with the respective needs of each county for tracking services and the availability of local funding sources, as documented in the applications submitted pursuant to paragraph (a) of this subsection

(4). Awards to qualifying counties shall be prorated in accordance with the availability of state grant funds.

(5) (a) If a county accepts a grant under this section, the county shall use such grant moneys to purchase emergency response kits, which shall include equipment necessary to track and triangulate searches, as well as transmitters, and shall provide such training as is necessary for search personnel. Grant moneys awarded under this section shall be used for startup capital equipment costs and initial training of search personnel and inventory including transmitters or any other related equipment or training required in order to implement the program. Counties accepting grant moneys under this section shall manage and provide ongoing costs associated with lifesaver programs once implemented.

(b) For all counties establishing a lifesaver program under this section, the Alzheimer's association Colorado chapter, or its successor organization, shall provide free training for law enforcement and families about the dangers of wandering and other potentially hazardous behavior secondary to Alzheimer's disease, as well as follow-up with families when a wandering incident has occurred. The training shall delineate the course of the disease and the potential for problematic behavior that exists in each stage, and shall provide families and the law enforcement community with the tools for handling difficult situations when they arise and strategies for warding off behavior before it threatens the life and safety of an individual with Alzheimer's disease.

(6) There is hereby created in the state treasury the lifesaver program cash fund. The moneys in the cash fund shall be subject to annual appropriation by the general assembly for the direct and indirect costs of the administration of this section, including grants to counties to implement lifesaver programs. Any interest earned on the investment of moneys in the cash fund shall remain in the cash fund and shall not revert to the general fund of the state at the end of any fiscal year. It is the intent of the general assembly that the maximum amount of state moneys made available to implement lifesaver programs under this section shall be three hundred eighty thousand dollars.

**24-33.5-416.5. Blue alert program - definitions - rules.** (1) The general assembly hereby finds that:

(a) A person who kills or inflicts a life-threatening injury upon a peace officer poses a serious and imminent threat to the safety of the public;

(b) When a person kills or inflicts a life-threatening injury upon peace officer, the first few hours after the act are critically important to apprehending the person; and

(c) It is therefore necessary to create an alert system to facilitate the immediate apprehension of such persons by law enforcement agencies of the state.

(2) As used in this section, unless the context otherwise requires:

(a) "Blue alert" means an alert issued by the bureau pursuant to the provisions of this section.

(b) "Designated broadcaster" means a broadcaster that is designated by rules promulgated pursuant to paragraph (e) of subsection (4) of this section to receive and broadcast a blue alert.

(c) "Notification period" means the period of time established by rules promulgated pursuant to paragraph (c) of subsection (4) of this section, during which time a blue alert shall remain effective unless it is canceled by the bureau as described in paragraph (g) of subsection (3) of this section.

(d) "Peace officer" means:

(I) Any peace officer described by the provisions of part 1 of article 2.5 of title 16, C.R.S.; and

(II) A federal law enforcement officer who is authorized to carry a firearm and make arrests for violations of federal law.

(e) "Program" means the blue alert program created pursuant to paragraph (a) of subsection (3) of this section.

(3) (a) To facilitate the immediate apprehension of persons who kill or inflict life-threatening injuries upon peace officers, there is hereby created the blue alert program to be implemented by the bureau on and after January 1, 2012. The program shall be a coordinated effort among the bureau, law enforcement agencies, and the state's public and commercial television and radio broadcasters.

(b) Using procedures established by rules promulgated pursuant to subsection (4) of this section, a law enforcement agency may notify the bureau after verifying that a peace officer has been killed or has received a life-threatening injury and the suspect or suspects have fled the scene of the offense.

(c) Upon receipt of a notice from a law enforcement agency that a peace officer has been killed or has received a life-threatening injury and the suspect or suspects have fled the scene of the offense, the bureau, using procedures established by rules promulgated pursuant to subsection (4) of this section, shall confirm the accuracy of the information and issue a blue alert.

(d) The bureau shall send the blue alert, including the notification period associated with the blue alert, to each designated broadcaster to be broadcast at designated intervals as specified in rules promulgated pursuant to subsection (4) of this section.

(e) A blue alert shall include:

(I) All appropriate information that the reporting law enforcement agency has that may assist in the apprehension of the suspect or suspects;

(II) A statement instructing anyone with information related to the killing or injuring of the peace officer to contact his or her local law enforcement agency; and

(III) A warning that the suspect or suspects are dangerous and that members of the public should not attempt to apprehend the suspect or suspects themselves.

(f) A federal, state, or local law enforcement agency that locates or apprehends the suspect or suspects shall notify the bureau as soon as practicable of such fact.

(g) A blue alert shall be canceled when the bureau notifies the designated broadcaster that the suspect or suspects have been apprehended or at the end of the notification period, whichever occurs first.

(4) On or before November 1, 2011, the executive director of the department of public safety shall promulgate rules in accordance with the "State Administrative Procedure Act", article 4 of this title, for the implementation of the program. The rules shall include, but need not be limited to:

(a) Procedures for a law enforcement agency to use to notify the bureau that a peace officer has been killed or has received a life-threatening injury and the suspect or suspects have fled the scene of the offense;

(b) Procedures for the bureau to follow in confirming the reporting law enforcement agency's information and reporting the information to each designated broadcaster;

(c) The establishment of a notification period to be used for each blue alert;

(d) The intervals at which designated broadcasters shall issue a blue alert; and

(e) A list of designated broadcasters who have volunteered to participate in the broadcasting of blue alerts.

**24-33.5-416.7. Medina alert program - legislative declaration - definitions - rules.**

(1) The general assembly hereby finds that:

(a) A person who kills or inflicts a serious bodily injury upon a person during a motor vehicle accident and flees the scene poses a serious and imminent threat to the safety of the public;

(b) When a person kills or inflicts a serious bodily injury upon a person during a motor vehicle accident and flees the scene, the first few hours after the act are critically important to apprehending the person; and

(c) It is therefore necessary to create an alert system to facilitate the immediate apprehension of such persons by law enforcement agencies of the state.

(2) As used in this section, unless the context otherwise requires:

(a) "Designated broadcaster" means a broadcaster that is designated by rules promulgated pursuant to paragraph (e) of subsection (4) of this section to receive and broadcast a Medina alert.

(b) "Hit-and-run accident" means an incident when the driver of a vehicle involved in an accident fails to stop at the scene of the accident as required by section 42-4-1601, C.R.S.

(c) "Medina alert" means an alert issued by the bureau pursuant to the provisions of this section.

(d) "Notification period" means the period of time established by rules promulgated pursuant to paragraph (c) of subsection (4) of this section, during which time a Medina alert must remain effective unless it is canceled by the bureau as described in paragraph (g) of subsection (3) of this section.

(e) "Program" means the Medina alert program created pursuant to paragraph (a) of subsection (3) of this section.

(f) "Serious bodily injury" has the same meaning as defined in section 42-4-1601 (4)(b), C.R.S.

(3) (a) To facilitate the immediate apprehension of persons who kill or cause serious bodily injury to another person during a hit-and-run accident, there is created the Medina alert program to be implemented by the bureau on and after January 1, 2015. The program is a coordinated effort among the bureau, law enforcement agencies, and the state's public and commercial television and radio broadcasters.

(b) Using procedures established by rules promulgated pursuant to subsection (4) of this section, a law enforcement agency may notify the bureau after verifying that:

(I) A person has been killed or has suffered serious bodily injury during a hit-and-run accident; and

(II) The law enforcement agency has additional information concerning the suspect or the suspect's vehicle, including but not limited to:

(A) A complete license plate number of the suspect's vehicle;

(B) A partial license plate number and the make, style, and color of the suspect's vehicle;

or

(C) The identity of the suspect.

(c) Upon receipt of a notice from a law enforcement agency that a person has been killed or has suffered serious bodily injury during a hit-and-run accident and there is additional information concerning the suspect or the suspect's vehicle, the bureau, using procedures established by rules promulgated pursuant to subsection (4) of this section, shall confirm the accuracy of the information and issue a Medina alert.

(d) The bureau shall send the Medina alert, including the notification period associated with the Medina alert, to each designated broadcaster to be broadcast at designated intervals as specified in rules promulgated pursuant to subsection (4) of this section.

(e) A Medina alert must include:

(I) All appropriate information that the reporting law enforcement agency has that may assist in the apprehension of the suspect or suspects;

(II) A statement instructing anyone with information related to the hit-and-run accident to contact his or her local law enforcement agency; and

(III) A warning that the suspect or suspects are dangerous and that members of the public should not attempt to apprehend the suspect or suspects themselves.

(f) A federal, state, or local law enforcement agency that locates or apprehends the suspect or suspects shall notify the bureau as soon as practicable of such fact.

(g) A Medina alert is canceled when the bureau notifies the designated broadcaster that the suspect or suspects have been apprehended or at the end of the notification period, whichever occurs first.

(4) On or before January 1, 2015, the executive director of the department of public safety shall promulgate rules in accordance with the "State Administrative Procedure Act", article 4 of this title, for the implementation of the program. The rules shall include but need not be limited to:

(a) Procedures for a law enforcement agency to use to notify the bureau that a person has been killed or has suffered serious bodily injury during a hit-and-run accident and there is additional information concerning the suspect or the suspect's vehicle;

(b) Procedures for the bureau to follow in confirming the reporting law enforcement agency's information and reporting the information to each designated broadcaster;

(c) The establishment of a notification period to be used for each Medina alert;

(d) The intervals at which designated broadcasters shall issue a Medina alert; and

(e) A list of designated broadcasters who have volunteered to participate in the broadcasting of Medina alerts.

(5) The bureau and the department of transportation shall coordinate the priority of other messages for the public when determining whether to issue a Medina alert on the department of transportation's variable message signs.

**24-33.5-424. National instant criminal background check system - state point of contact - fee - grounds for denial of firearm transfer - appeal - rule-making - unlawful acts - instant criminal background check cash fund - creation.** (1) For purposes of this section:

(a) "18 U.S.C. sec. 922 (t)" means 18 U.S.C. sec. 922 (t) as it exists as of March 7, 2000, or as it may be amended.

(b) "Firearm" has the same meaning as set forth in 18 U.S.C. sec. 921 (a)(3), as amended.

(c) "NICS system" means the national instant criminal background check system created by Public Law 103-159, known as the federal "Brady Handgun Violence Prevention Act", the relevant portion of which is codified at 18 U.S.C. sec. 922 (t).

(d) "Transfer" means the sale or delivery of any firearm in this state by a transferor to a transferee. "Transfer" shall include redemption of a pawned firearm by any person who is not licensed as a federal firearms licensee by the federal bureau of alcohol, tobacco, firearms, and explosives, or any of its successor agencies. "Transfer" shall not include the return or replacement of a firearm that had been delivered to a federal firearms licensee for the sole purpose of repair or customizing.

(e) "Transferee" means any person who is not licensed as a federal firearms licensee by the federal bureau of alcohol, tobacco, firearms, and explosives, or any of its successor agencies, in accordance with the federal "Gun Control Act of 1968", chapter 44 of title 18 U.S.C., as amended, and to whom a transferor wishes to sell or deliver a firearm.

(f) "Transferor" means any licensed importer, licensed manufacturer, or licensed dealer as defined in 18 U.S.C. sec. 921 (a)(9), (a)(10), and (a)(11), as amended, respectively.

(2) The bureau is hereby authorized to serve as a state point of contact for implementation of 18 U.S.C. sec. 922 (t), all federal regulations and applicable guidelines adopted pursuant thereto, and the NICS system.

(3) (a) The bureau, acting as the state point of contact for implementation of 18 U.S.C. sec. 922 (t), shall transmit a request for a background check in connection with the prospective transfer of a firearm to the NICS system and may also search other databases. The bureau shall

deny a transfer of a firearm to a prospective transferee if the transfer would violate 18 U.S.C. sec. 922 (g) or (n) or result in the violation of any provision of state law, including but not limited to section 18-12-108 (4)(c), C.R.S., involving acts which, if committed by an adult, would constitute a burglary, arson, or any felony involving the use of force or the use of a deadly weapon.

(b) (I) In addition to the grounds for denial specified in paragraph (a) of this subsection (3), the bureau shall deny a transfer of a firearm if, at any time the bureau transmits the request or searches other databases, information indicates that the prospective transferee:

(A) Has been arrested for or charged with a crime for which the prospective transferee, if convicted, would be prohibited under state or federal law from purchasing, receiving, or possessing a firearm and either there has been no final disposition of the case or the final disposition is not noted in the other databases; or

(B) Is the subject of an indictment, an information, or a felony complaint alleging that the prospective transferee has committed a crime punishable by imprisonment for a term exceeding one year as defined in 18 U.S.C. sec. 921 (a)(20), as amended, and either there has been no final disposition of the case or the final disposition is not noted in the other databases.

(II) Repealed.

(b.3) In addition to the grounds for denial specified in subsections (3)(a) and (3)(b) of this section, the bureau shall deny a transfer of a firearm if the prospective transferee has been convicted of any of the following offenses committed on or after June 19, 2021, if the offense is classified as a misdemeanor, or if the prospective transferee has been convicted in another state or jurisdiction, including a military or federal jurisdiction, of an offense that, if committed in Colorado, would constitute any of the following offenses classified as a misdemeanor offense, within five years prior to the transfer:

(I) Assault in the third degree, as described in section 18-3-204;

(II) Sexual assault, as described in section 18-3-402 (1)(e);

(III) Unlawful sexual contact, as described in section 18-3-404;

(IV) Child abuse, as described in section 18-6-401;

(V) Violation of a protection order, as described in section 18-6-803.5 (1)(a) and (1)(c)(I);

(VI) A crime against an at-risk person, as described in section 18-6.5-103;

(VII) Harassment, as described in section 18-9-111 (1)(a);

(VIII) A bias-motivated crime, as described in section 18-9-121;

(IX) Cruelty to animals, as described in section 18-9-202 (1)(a) and (1.5);

(X) Possession of an illegal weapon, as described in section 18-12-102 (4); or

(XI) Unlawfully providing a firearm other than a handgun to a juvenile, as described in section 18-12-108.7 (3).

(b.5) The bureau shall not approve a transfer of a firearm until the bureau determines that its background investigation is complete and that the transfer would not violate 18 U.S.C. sec. 922 (g) or (n) or result in the violation of state law.

(c) The bureau is authorized to cooperate with federal, state, and local law enforcement agencies to perform or assist any other law enforcement agency in performing any firearm retrievals, and to assist in the prosecution of any rescinded transfers.

(3.5) (a) On and after March 20, 2013, the bureau shall impose a fee for performing an instant criminal background check pursuant to this section. The amount of the fee shall not

exceed the total amount of direct and indirect costs incurred by the bureau in performing the background check.

(b) The bureau shall transmit all moneys collected pursuant to this subsection (3.5) to the state treasurer, who shall credit the same to the instant criminal background check cash fund, which fund is hereby created and referred to in this subsection (3.5) as the "fund".

(c) The moneys in the fund shall be subject to annual appropriation by the general assembly for the direct costs associated with performing background checks pursuant to this section. The state treasurer may invest any moneys in the fund not expended for the purpose of this section as provided by law. The state treasurer shall credit any interest and income derived from the deposit and investment of moneys in the fund to the fund.

(d) Any unexpended and unencumbered moneys remaining in the fund at the end of a fiscal year shall remain in the fund and shall not be credited to any other fund. To the extent practicable, the bureau shall use any such remaining funds to reduce the amount of the fee described in paragraph (a) of this subsection (3.5).

(e) The bureau is authorized to contract with a public or private entity for services related to the collection of the fee described in paragraph (a) of this subsection (3.5).

(f) Notwithstanding section 24-1-136 (11)(a)(I), on January 15, 2014, and on January 15 of each calendar year thereafter, the bureau shall report to the joint budget committee concerning:

(I) The number of full-time employees used by the bureau in the preceding year for the purpose of performing background checks pursuant to this section; and

(II) The calculations used by the bureau to determine the amount of the fee imposed pursuant to this subsection (3.5).

(g) Repealed.

(4) Pursuant to section 16-21-103 (4)(c), C.R.S., and section 19-1-304 (1)(b.8), C.R.S., the bureau shall receive and process information concerning final case disposition data of any cases prosecuted in a court in this state within seventy-two hours after the final disposition of the case for purposes of carrying out its duties under this section.

(5) (a) Upon denial of a firearm transfer, the bureau shall notify the transferor and send notice of the denial to the NICS system, pursuant to 18 U.S.C. sec. 922 (t). In addition, the bureau shall immediately send notification of such denial and the basis for the denial to the federal, state, and local law enforcement agencies having jurisdiction over the area in which the transferee resides and in which the transferor conducts any business.

(b) Upon denial of a firearm transfer, the transferor shall provide the transferee with written information prepared by the bureau concerning the procedure by which the transferee, within thirty days after the denial, may request a review of the denial and of the instant criminal background check records that prompted the denial. Within sixty days after receiving such a request, the bureau shall:

(I) Perform a thorough review of the instant criminal background check records that prompted the denial; and

(II) Render a final administrative decision regarding the denial.

(c) Repealed.

(d) If the bureau reverses a denial, the bureau shall immediately request that the agency that provided the records prompting the denial make a permanent change to such records if necessary to reflect accurate information. In addition, the bureau shall provide immediate

notification of such reversal to all agencies and entities that had been previously notified of a denial pursuant to paragraph (a) of this subsection (5).

(6) If in the course of conducting any background check pursuant to this section, whether the firearms transaction is approved or denied, the bureau obtains information that indicates the prospective transferee is the subject of an outstanding warrant, the bureau shall immediately provide notification of such warrant to the federal, state, and local law enforcement agencies having jurisdiction over the area in which the transferee resides and in which the transferor conducts any business.

(7) (a) The executive director or his or her designee shall adopt such rules as are necessary to:

(I) Carry out the duties of the bureau as the state point of contact, as those duties are set forth in federal law, and assist in implementing 18 U.S.C. sec. 922 (t), all federal regulations and applicable guidelines adopted pursuant thereto, and the NICS system; and

(II) Ensure the proper maintenance, confidentiality, and security of all records and data provided pursuant to this section.

(b) The rules adopted pursuant to paragraph (a) of this subsection (7) shall include, but need not be limited to:

(I) Procedures whereby a prospective transferee whose transfer is denied may request a review of the denial and of the instant criminal background check records that prompted the denial;

(II) Procedures regarding retention of records obtained or created for purposes of this section or for implementation of 18 U.S.C. sec. 922 (t); except that the bureau shall not retain a record for more than forty-eight hours after the day on which the bureau approves the transfer;

(III) Procedures and forms adopted by the bureau that request information from and establish proper identification of a prospective transferee and that may correspond with any firearms transaction record required by 18 U.S.C. sec. 922 (t). Such procedures and forms shall not preclude any person from making a lawful firearm transfer under this section.

(IV) Procedures for carrying out the duties under this section, including at a minimum:

(A) That the bureau shall be open for business at least twelve hours per day every calendar day, except Christmas day and Thanksgiving day, in order to transmit the requests for a background check to the NICS system and search other databases;

(B) That the bureau shall provide a toll-free telephone number for any person calling from within the state that is operational every day that the office is open for business for the purpose of responding to requests from transferors in accordance with this section; and

(C) That the bureau shall employ and train personnel at levels that ensure prompt processing of the reasonably anticipated volume of inquiries received under this section.

(8) Nothing in this section shall be construed to create any civil cause of action for damages in addition to that which is available under the "Colorado Governmental Immunity Act", article 10 of this title.

(9) No act performed by the bureau or its agents in carrying out their lawful duties under this section shall be construed to be a violation of any provision of title 18, C.R.S.

(10) (a) It is unlawful for:

(I) Any person, in connection with the acquisition or attempted acquisition of a firearm from any transferor, to willfully make any false or fictitious oral or written statement or to furnish or exhibit any false, fictitious, or misrepresented identification that is intended or likely

to deceive such transferor with respect to any fact material to the lawfulness of the sale or other disposition of such firearm under federal or state law;

(II) Any transferor knowingly to request criminal history record information or a background check under false pretenses or knowingly to disseminate criminal history record information to any person other than the subject of such information;

(III) Any agent or employee or former agent or employee of the bureau knowingly to violate the provisions of this section.

(b) [*Editor's note: This version of subsection (10)(b) is effective until March 1, 2022.*] Any person who violates the provisions of paragraph (a) of this subsection (10) commits a class 1 misdemeanor and shall be punished as provided in section 18-1.3-501, C.R.S.

(b) [*Editor's note: This version of subsection (10)(b) is effective March 1, 2022.*] Any person who violates the provisions of subsection (10)(a) of this section commits a class 2 misdemeanor and shall be punished as provided in section 18-1.3-501.

(11) Any transferor who complies with the provisions of this section shall not be subject to any civil or criminal liability or regulatory sanction that may arise from the lawful transfer or lawful denial of the transfer of a firearm.

**24-33.5-425. Cold case homicide team.** (1) There is hereby created a cold case homicide team in the bureau, referred to in this section as the "team".

(2) (a) The team shall develop a database that shall contain information related to each homicide investigation that is open in a Colorado jurisdiction for more than three years from the date of the commission of the crime and was committed since 1970. The bureau shall adopt rules

that specify the information that shall be collected and maintained in the database, including the information required pursuant to paragraph (b) of subsection (3) of this section.

(b) Each law enforcement agency in the state shall provide the information required for inclusion in the database for each homicide investigation that is open in a Colorado jurisdiction for more than three years from the date of the commission of the crime and was committed since 1970. The law enforcement agency shall maintain the physical evidence and investigation file for each such case unless otherwise agreed by the law enforcement agency and the bureau.

(3) (a) The team may provide assistance to local law enforcement agencies, upon request and within existing appropriations, on homicide investigations. If the team declines to provide assistance to a local law enforcement agency after a request is made pursuant to this subsection (3), the team shall provide the local law enforcement agency with a written explanation for its decision, which may include but need not be limited to lack of resources and shall include the written explanation in the database created in subsection (2) of this section.

(b) A family member of a homicide victim may request that the local law enforcement agency investigating the homicide ask the team for assistance in investigating the homicide. The local law enforcement agency shall decide whether to ask the team for assistance. Within thirty days after receiving a request from a family member, the local law enforcement agency shall notify the family member whether it will seek the assistance of the team. If the local law enforcement agency decides not to seek the assistance of the team, it shall inform the family member of its reasons for the decision in writing and provide that same information in writing to the bureau for inclusion in the database created in subsection (2) of this section. If the local law enforcement agency decides to seek the assistance of the team, it shall contact the team and request the assistance. Within thirty days after receiving a request from a local law enforcement agency, the team shall notify the local law enforcement agency regarding whether it will offer assistance to the local law enforcement agency. If the team decides not to offer assistance to the local law enforcement agency, it shall inform the local law enforcement agency of the reasons for its decision in writing and include those reasons in the database created in subsection (2) of this section.

**24-33.5-426. Colorado bureau of investigation identification unit fund.** All moneys collected by the department for the purposes of fingerprint criminal history record checks and name criminal history record checks shall be transmitted to the state treasurer, who shall credit the same to the Colorado bureau of investigation identification unit fund, which fund is hereby created and referred to in this section as the "fund". In addition, the fund may consist of moneys that may be appropriated to the fund by the general assembly. The moneys in the fund shall be subject to annual appropriation by the general assembly for the direct and indirect costs associated with conducting criminal history record checks. Any moneys in the fund not expended for the purpose of criminal history record checks may be invested by the state treasurer as provided by law. All interest and income derived from the investment and deposit of moneys in the fund shall be credited to the fund. Any unexpended and unencumbered moneys remaining in the fund at the end of a fiscal year shall remain in the fund and shall not be credited or transferred to the general fund or another fund.

**24-33.5-427. Colorado bureau of investigation grants and donations fund.** The department is authorized to seek, accept, and expend grants or donations from private or public sources for the purposes of this part 4; except that the department may not seek, accept, or expend a grant or donation that is subject to conditions that are inconsistent with this part 4 or any other law of the state. The department shall transmit all private and public moneys received through grants or donations to the state treasurer, who shall credit the same to the Colorado bureau of investigation grants and donations fund, which fund is hereby created and referred to in this section as the "fund". The moneys in the fund are subject to annual appropriation by the general assembly to the department for the purposes of this part 4. The state treasurer shall credit all interest derived from the deposit and investment of moneys in the fund to the fund. At the end of any fiscal year, all unexpended and unencumbered moneys in the fund remain therein and shall not be credited or transferred to the general fund or any other fund. Moneys received pursuant to this section are not subject to the provisions of part 13 of article 75 of this title.

**24-33.5-428. State toxicology laboratory - fund.** (1) On or before July 1, 2015, and thereafter, the bureau shall operate a state toxicology laboratory for the purpose of assisting law enforcement agencies in executing their duties, including but not limited to the enforcement of laws pertaining to driving under the influence of alcohol or drugs.

(2) (a) The bureau is authorized to impose a fee for performing the work of the laboratory pursuant to this section. The amount of the fee shall not exceed the total amount of direct and indirect costs incurred by the bureau in performing the work of the laboratory. The bureau shall transmit all moneys collected pursuant to this subsection (2) to the state treasurer, who shall credit the same to the state toxicology laboratory fund, referred to in this section as the "fund", which fund is hereby created.

(b) The moneys in the fund are subject to annual appropriation by the general assembly to the bureau to pay the direct and indirect costs associated with performing the work of the laboratory pursuant to this section. The state treasurer may invest any moneys in the fund not expended for the purpose of this section as provided by law. The state treasurer shall credit any interest and income derived from the deposit and investment of moneys in the fund to the fund.

(c) Any unexpended and unencumbered moneys remaining in the fund at the end of a fiscal year remain in the fund and shall not be credited to any other fund.

**24-33.5-430. Enhance effective investigation and prosecution of computer-facilitated sexual exploitation of children - rules.** (1) The bureau shall develop and acquire, and may assist other law enforcement agencies with developing and acquiring, necessary technological or expert resources to investigate and prosecute computer-facilitated crimes of sexual exploitation of a child as described in section 18-6-403.

(2) The costs of performing the functions of this section are funded pursuant to the sexual exploitation of children surcharge fund created in section 18-21-103 (3.7).

(3) The bureau may apply for gifts, grants, or donations from the federal government and any public or private source. The bureau shall transmit any money received to the state treasurer for deposit in the sexual exploitation of children surcharge fund created in section 18-21-103 (3.7). The bureau shall perform the functions of this section from general fund money appropriated to the bureau by the general assembly for the performance of the functions of this section and money appropriated from the sexual exploitation of children surcharge fund.

(4) The bureau may promulgate rules as necessary to perform the functions of this section.

## PART 5

### DIVISION OF CRIMINAL JUSTICE

**Editor's note:** Prior to the enactment of this article, the substantive provisions of this part 5 were contained in part 5 of article 32 of this title.

**Cross references:** For provisions relating to the authority of the division of criminal justice to administer the juvenile diversion program, see § 19-2-303.

**24-33.5-501. Legislative declaration.** In enacting this part 5, the general assembly declares that its purpose is to improve all areas of the administration of criminal justice in Colorado, both immediately and in the long term, regardless of whether the direct responsibility

for action lies at the state level or with the many units of local government. The implementation of this policy is facilitated by the availability of federal funds, but the policy itself is not dependent thereon.

**Source: L. 83:** Entire article added, p. 935, § 1, effective July 1, 1984.

**24-33.5-502. Division of criminal justice created.** (1) There is hereby created as a division of the department of public safety the division of criminal justice, referred to in this part 5 as the "division". The executive director, subject to the provisions of section 13 of article XII of the state constitution, shall appoint the director of the division, referred to in this part 5 as the "director", which office is hereby created.

(2) The division of criminal justice and the office of the director shall exercise their powers and perform their duties and functions under the department of public safety and the executive director as transferred to the department by a **type 2** transfer, as such transfer is defined in the "Administrative Organization Act of 1968", article 1 of this title.

**Source: L. 83:** Entire article added, p. 935, § 1, effective July 1, 1984.

**24-33.5-503. Duties of division.** (1) The division has the following duties:

(a) In cooperation with other agencies, to collect and disseminate information concerning crime and criminal justice for the purpose of assisting the general assembly and of enhancing the quality of criminal justice at all levels of government in this state;

(b) To analyze this state's activities in the administration of criminal justice and the nature of the problems confronting it and to make recommendations and to develop comprehensive plans of action for the improvement of criminal justice and for crime and delinquency control and related matters for consideration and implementation by the appropriate agencies of state and local government. In developing such plans, the division shall draw upon the planning capabilities of other agencies, particularly the judicial department and the department of corrections.

(c) To advise and assist law enforcement agencies in this state to improve their law enforcement systems and their relationships with other agencies and the statewide system;

(d) To act as the state planning agency under the federal "Crime Control Act of 1973", Pub.L. 93-83;

(e) To do all things necessary to apply for, qualify for, accept, and expend any state, federal, or other moneys made available or allotted under said Public Law 93-83 and under any other law or program, including the Colorado community policing program described in part 6 of this article, designed to improve the administration of criminal justice, court systems, law enforcement, prosecution, corrections, probation and parole, juvenile delinquency programs, and related fields;

(f) To administer a statistical analysis center for the purpose of collecting and analyzing statewide criminal justice statistics;

(g) To establish and maintain a jail health-care project to assist detention facilities in acquiring accreditation from the American medical association, provide technical assistance to jails relating to the development, upgrading, and evaluation of inmate health-care delivery systems, act as an educational clearinghouse for information related to jail health care, assist in

the development of specialized training programs for detention personnel, provide technical assistance in the planning and construction of new jail facilities relating to inmate health-care delivery systems, and implement cooperation between community and state agencies to improve detention health care;

(h) Repealed.

(i) To promulgate rules and regulations which set minimum standards for temporary holding facilities as defined in section 19-1-103;

(j) To carry out the duties specified in article 27.8 of title 17, C.R.S.;

(k) To carry out the duties prescribed in article 11.5 of title 16, C.R.S.;

(l) To carry out the duties prescribed in article 11.7 of title 16, C.R.S.;

(m) To provide information to the director of research of the legislative council concerning population projections, research data, and other information relating to the projected long-range needs of correctional facilities and juvenile detention facilities and any other related data requested by the director;

(n) To carry out the duties prescribed in section 16-11-101.7 (3), C.R.S.;

(o) To develop, in consultation with the sex offender management board and the judicial branch by January 1, 1999, the risk assessment screening instrument that will be provided to the sentencing courts to determine the likelihood that a sex offender would commit one or more of the offenses specified in section 18-3-414.5 (1)(a)(II), C.R.S., under the circumstances described in section 18-3-414.5 (1)(a)(III), C.R.S.;

(p) To implement, in consultation with the judicial branch, by July 1, 1999, the risk assessment screening instrument developed pursuant to paragraph (o) of this subsection (1);

(q) To review existing policies relating to the issuance and use of no-knock search warrants pursuant to part 3 of article 3 of title 16, C.R.S.;

(r) To inspect secure juvenile facilities and collect data on juveniles that are held in secure juvenile facilities, jails, and lockups throughout the state;

(r.5) To administer the juvenile diversion program created and authorized in section 19-2-303, including the allocation of money for the program;

(s) Repealed.

(t) To analyze the data from the state board of parole provided to the division pursuant to section 17-22.5-404 (6), C.R.S., and to provide training to the board, pursuant to section 17-22.5-404 (6), C.R.S., regarding how to use the data obtained and analyzed to facilitate the board's decision-making;

(u) Repealed.

(v) Notwithstanding section 24-1-136 (11)(a)(I), to provide to the judiciary committees of the senate and the house of representatives, or any successor committees, a status report on the effect on parole outcomes and use of any money allocated pursuant to House Bill 10-1360, enacted in 2010;

(w) To develop the administrative release guideline instrument for use by the state board of parole as described in section 17-22.5-107 (1), C.R.S.;

(x) To develop the Colorado risk assessment scale as described in section 17-22.5-404 (2)(a), C.R.S.;

(y) To develop, in cooperation with the department of corrections and the state board of parole, a parole board action form;

(z) To provide training on the Colorado risk assessment scale and the administrative release guideline instrument as required by section 17-22.5-404 (2)(c);

(aa) To receive the information reported to the division by law enforcement agencies pursuant to section 22-32-146, C.R.S., and by district attorneys pursuant to section 20-1-113, C.R.S., and provide the information, as submitted to the division, to any member of the public upon request, in a manner that does not include any identifying information regarding any student. If the division provides the information to a member of the public upon request pursuant to this paragraph (aa), the division may charge a fee to the person, which fee shall not exceed the direct and indirect costs incurred by the division in providing the information.

(bb) To develop the certificate of compliance required by section 16-4-102 (2)(j)(III) that includes specific certifications for:

(I) Posting the notices required by section 16-4-102 (2)(h)(I)(A) and (2)(i) for inmates and the public to see;

(II) Creation and provision of the notice required by section 16-4-102 (2)(h);

(III) Creation and training on the written policies required by section 16-4-102 (2)(j)(I);

and

(IV) Timely updates required by section 16-4-102 (2)(j)(II); and

(cc) Maintain a publicly accessible database of the certificates of compliance, policies, and notices filed by a sheriff pursuant to section 16-4-102 (2)(j)(III).

(2) (a) (I) On or before April 1, 2016, and every April 1 thereafter, the division has the duty to compile and analyze the data reported by law enforcement agencies and prepare a report, without identifying information, concerning the total number of tickets, summonses, or arrests that occurred on school grounds, in school vehicles, or at a school activity or sanctioned event and describe the final disposition of those tickets, summonses, or arrests by reporting agency, school, and location. The report must analyze the data by race, age, gender, ethnicity, and the specific type of offense with all national crime information center crime codes. The division of criminal justice shall support law enforcement agencies in their efforts to submit the required data, actively reach out to agencies that have failed to submit the required data, and provide a reasonable degree of training if necessary.

(II) Notwithstanding section 24-1-136 (11)(a)(I), the division shall submit the report to the education and judiciary committees of the house of representatives and the senate, or any successor committees. The division shall provide the report to any member of the public upon request, in a manner that does not include any identifying information regarding any student. If the division provides the information to a member of the public upon request pursuant to this subsection (2)(a), the division may charge a fee to the person, which fee shall not exceed the direct and indirect costs incurred by the division in providing the information. If the division adheres to all state and federal privacy and confidentiality laws concerning student information, the division may provide the aggregate data gathered by a law enforcement agency to any independent research or community-based organization working to analyze school-based criminal behavior and the response to that behavior by the juvenile and criminal justice systems. The data provided must not include any information that would identify any individual student.

(III) The division shall annually post the report on its website.

(b) The division has the duty to prepare a retroactive report meeting the requirements of paragraph (a) of this subsection (2) using existing data sources for the 2013-14 and 2014-15 school years.

(c) The division is only required to perform the duties of this subsection (2) if existing appropriations or resources are available.

**24-33.5-503.5. Training programs - assess fees - cash fund created.** (1) The division may charge a fee in exchange for providing a training program. The fees charged shall be deposited into the criminal justice training fund created in subsection (2) of this section.

(2) There is hereby created in the state treasury the criminal justice training fund, referred to in this section as the "fund". All moneys collected pursuant to this section shall be transmitted to the state treasurer, who shall credit the same to the fund. The moneys in the fund shall be subject to annual appropriation by the general assembly for the direct and indirect costs associated with providing training. Any moneys in the fund not expended for the purpose of this section may be invested by the state treasurer as provided by law. All interest and income derived from the investment and deposit of moneys in the fund shall be credited to the fund. Any

unexpended and unencumbered moneys remaining in the fund at the end of a fiscal year shall remain in the fund and shall not be credited or transferred to the general fund or another fund.

**24-33.5-504. Policy guidelines for state plans and fund distribution.** (1) In addition to the plans developed under section 24-33.5-503 (1)(b), separate plans may be developed for each region designated by the division of planning in the department of local affairs. The state plan shall take into account the regional plans but shall not be a mere compilation of them. Separate county or municipal plans shall also be developed as necessary within a metropolitan region.

(2) The state plan shall provide for the distribution of financial grants to local law enforcement and other agencies in such a way that each grant is of sufficient size to make a significant impact. Grants should be used to encourage coordination and consolidation of law enforcement agencies where appropriate and shall not be used in such a way as to perpetuate unnecessary fragmentation of the criminal justice system.

(3) In the distribution of planning funds and action grants, the state plan shall give due regard to the relative needs of different areas for planning and program help and encouragement, shall consider population and the incidence of major crime, and shall weigh the probable contribution of the grant to the improvement of law enforcement and justice through conventional programs and through new, innovative, or pilot approaches.

**24-33.5-506. Victims assistance and law enforcement fund - creation.** (1) There is hereby created in the state treasury a fund to be known as the victims assistance and law enforcement fund, referred to in this section as the "fund". The state treasurer shall credit to the fund all moneys deposited with the state treasurer pursuant to section 24-4.2-105 (1) and voluntary victim assistance payments from inmates pursuant to article 24 of title 17, C.R.S. The general assembly shall make annual appropriations of the moneys in the fund to the division:

(a) For payment of the direct and indirect costs incurred by said division in administering the provisions of this section and section 24-33.5-507 and in administering any victims program authorized by federal or state law;

(b) For distribution as determined by the division, with recommendations from the crime victim services advisory board, created in section 24-4.1-117.3 (1) and referred to in this section as the "advisory board", to the department of public safety, the department of corrections, the department of human services, and the office of the state court administrator to implement and coordinate statewide victim services. Subject to available appropriations, the amount of moneys distributed by the division to each agency each fiscal year shall be no less than the total of the amount distributed to the agency in the prior fiscal year minus any moneys budgeted for one-time projects or evaluations and minus any additional grant moneys that the agency received through the grant process described in section 24-33.5-507.

(c) For allocation to the department of law for the position of victims' services coordinator created pursuant to section 24-31-106. The amount allocated to the department of law pursuant to this paragraph (c) may be increased by up to five percent annually.

(c.5) Repealed.

(d) For distribution by the division, based on recommendations from the advisory board, through the awarding of grants.

(1.5) (a) In addition to the annual appropriations specified in subsection (1) of this section, the general assembly shall make annual appropriations of the money in the victims assistance and law enforcement fund for payment of the direct and indirect costs of implementing the provisions of section 17-2-201 (5)(g).

(b) In addition to the money paid into the fund pursuant to this subsection (1.5) and subsection (1) of this section, the general assembly shall appropriate money from the economic recovery and relief cash fund, created in section 24-75-228, as enacted by Senate Bill 21-291, enacted in 2021, to the division of criminal justice in the department of public safety to be used for the programs and purposes described in subsection (1) of this section.

(c) Money appropriated pursuant to this subsection (1.5) from the economic recovery and relief cash fund, created in section 24-75-228, as enacted by Senate Bill 21-291, enacted in 2021, must only fund programs and purposes that also conform with the allowable purposes set forth in the federal "American Rescue Plan Act of 2021", Pub.L. 117-2, as the act may be subsequently amended. The division of criminal justice in the department of public safety may use up to ten percent of any money appropriated pursuant to this subsection (1.5) for development and administrative costs incurred pursuant to this section in the provision of programs and services allowed pursuant to the federal "American Rescue Plan Act of 2021", Pub.L. 117-2, as the act may be subsequently amended.

(2) Any unexpended balance of moneys appropriated by the general assembly in the fund at the end of each fiscal year shall not revert to the general fund but shall remain in the fund for allocation pursuant to subsection (1) of this section.

(3) The priority use for moneys in the fund shall be for the implementation of the rights afforded to crime victims pursuant to section 24-4.1-302.5 and the provision of services and programs for crime victims. The advisory board may set additional priorities for the use of moneys in the fund.

**24-33.5-510. Victim prevention programs - legislative declaration - grants - criteria.**

(1) The general assembly hereby declares that there is a great need to create innovative approaches to prevent persons from becoming victims of crime. In order to encourage the development of such innovative approaches for the primary prevention of crime and to encourage the integration of such innovative approaches with victim prevention methods which have been demonstrated to be effective, the general assembly hereby enacts this section.

(2) The division of criminal justice is hereby authorized to do all things necessary to apply for, qualify for, accept, and distribute any moneys made available from federal, state, or private entities which are to be used for the development of victim prevention programs.

(3) The division of criminal justice shall allocate the moneys obtained pursuant to subsection (2) of this section for the development of victim prevention programs which meet the following criteria:

(a) The program shall have as its principal purpose the reduction or prevention of the incidence of crime in the community.

(b) The program shall be community-based and shall encourage the development of a public-private partnership to achieve the goals of the program.

(c) The program shall concentrate especially on the prevention of the commission of crime by persons between the ages of ten and eighteen years.

(d) The program may employ recognized victim prevention methods, including but not limited to victim impact panels, but shall be encouraged to develop new and innovative victim prevention methods.

(e) The program shall be operated by agencies or entities which are local in nature, and the program shall be local in administration and application. The grants of moneys pursuant to this section are intended to be used as a match for federal grant moneys provided pursuant to 42 U.S.C. sec. 3701.

(4) The division of criminal justice shall accept and evaluate applications from local agencies or entities requesting grants of moneys to develop victim prevention programs in accordance with this section. In evaluating such requests, the division shall consider the degree of community participation in each proposed program in determining whether to make any grant.

**24-33.5-514. Evidence-based practices implementation for capacity program - EPIC fund - creation - repeal.** (1) There is hereby created the evidence-based practices implementation for capacity resource center in the division, referred to in this section as the "center". The intent of the center is to assist agencies serving juvenile and adult populations to develop and sustain effective implementation frameworks to support the use of evidence-based practices. The center is a collaborative effort to increase the efficacy of individuals who work with various offender and victim populations by establishing an educational, skill-building, and consultation resource center to support practitioners in the implementation of evidence-based practices.

(2) (a) There is hereby created in the division the EPIC advisory board, referred to in this section as the "board".

(b) The board shall exercise its powers and perform its duties and functions under the department of public safety.

(c) (I) The board shall consist of, at a minimum, the following five members:

(A) The executive director of the department of public safety or his or her designee;

(B) The executive director of the department of corrections or his or her designee;

(C) The executive director of the department of human services or his or her designee;

(D) The director of the division of criminal justice in the department of public safety;  
and

(E) The director of the division of probation services in the judicial department or his or her designee.

(II) The director of the division of criminal justice may appoint additional members to ensure adequate representation and oversight.

(d) The members of the board shall serve without compensation and without reimbursement for expenses.

(e) The board shall meet at least four times per calendar year. The director of the division of criminal justice may call such additional meetings as may be necessary for the board to complete its duties.

(f) The board shall support the center to create and maintain internal, sustainable structural implementation components of evidence-based practices.

(g) The department shall provide office space, equipment, and staff services as may be necessary to implement the provisions of this section.

(h) (I) This subsection (2) is repealed, effective September 1, 2023.

(II) Prior to said repeal, the board shall be reviewed as provided for in section 2-3-1203, C.R.S.

(3) (a) The division is authorized to seek and accept gifts, grants, or donations from private or public sources for the purposes of this section; except that the division may not accept a gift, grant, or donation that is subject to conditions that are inconsistent with this section or any other law of the state. The division shall transmit all private and public moneys received through gifts, grants, or donations to the state treasurer, who shall credit the same to the EPIC fund, which fund is hereby created and referred to in this section as the "fund". The moneys in the fund are subject to annual appropriation by the general assembly to the division for the direct and indirect costs associated with implementing this section.

(b) The general assembly finds that the implementation of this section does not rely entirely or in any part on the receipt of adequate funding through gifts, grants, or donations. Therefore, the division is not subject to the notice requirements specified in section 24-75-1303 (3).

(4) By July 1, 2014, and July 1 every three years thereafter, the division shall provide a report to the members of the general assembly regarding the status of the center. The report must include quantitative measures identified by the advisory board that describe the center's impact.

**24-33.5-515. Statewide automated victim information and notification system - legislative declaration.** (1) The general assembly finds and declares that:

(a) The federal department of justice offered grants to help establish statewide automated victim information and notification systems;

(b) A Colorado statewide association of county sheriffs applied for and received grants to establish a statewide automated victim information and notification system and recently received an additional grant to upgrade the system;

(c) The system allows crime victims and other concerned citizens to access timely and reliable information about criminal cases and the custody status of offenders twenty-four hours a day over the telephone, through the internet, or by electronic mail;

(d) The system is available for any county that wishes to participate and also includes the division of youth services;

(e) Although the federal grants were sufficient to establish the system, there is no funding source for the ongoing expenses of operating the system; and

(f) The division is in the best position to distribute funding for the system and to monitor its effectiveness.

(2) The general assembly may annually appropriate from the general fund to the division money for the operation of the statewide automated victim information and notification system. The division must distribute money appropriated to the division by the general assembly for the operation of the statewide automated victim information and notification system to be used by the county sheriffs, the division of youth services, and other departments or agencies.

**24-33.5-516. Study marijuana implementation.** (1) The division shall gather data and undertake or contract for a scientific study of law enforcement's activity related to the implementation of section 16 of article XVIII of the state constitution over the two-year period beginning January 1, 2006, and over the two-year period beginning January 1, 2014, and each two-year period thereafter. The studies conducted after July 1, 2016, may include relevant comparisons to law enforcement's activity before the legalized sale of retail marijuana.

(2) To be included in the study, the division or contractor must have data for each of the two-year periods described in subsection (1) of this section. The study must include information concerning:

(a) Marijuana-initiated contacts by law enforcement, broken down by judicial district and by race and ethnicity, to the extent available, and the feasibility of collecting data regarding marijuana-initiated contacts by law enforcement, including a description of efforts being made by local law enforcement to establish consistent definitions and any proposals for a system of reporting such data to the division;

(b) Comprehensive school data, both statewide and by individual school, including suspensions, expulsions, and police referrals related to drug use and sales, broken down by specific drug categories;

(c) Marijuana arrest data, including amounts of marijuana with each arrest, broken down by judicial district and by race and ethnicity;

(d) Traffic accidents, including fatalities and serious injuries related to being under the influence of marijuana;

(e) Diversion of marijuana to persons under twenty-one years of age;

(f) Diversion of marijuana out of Colorado;

- (g) Crime occurring in and relating to the operation of marijuana establishments;
  - (h) Utilization of parcel services for the transfer of marijuana;
  - (i) Data related to drug-endangered children, specifically for marijuana;
  - (j) Probation data;
  - (k) Data on emergency room visits related to the use of marijuana and the outcomes of those visits, including information from Colorado poison control center;
  - (l) Outdoor marijuana cultivation facilities;
  - (m) Money laundering relating to both licensed and unlicensed marijuana; and
  - (n) The role of organized crime in marijuana.
- (3) The division is not required to perform the duties required by this section until the marijuana cash fund, created in section 44-10-801, has received sufficient revenue to fully fund the appropriations made to the department of revenue related to article 10 of title 44, and the general assembly has appropriated sufficient money from the fund for such duties.
- (4) The division shall issue a report of each scientific study and provide it to the judiciary committees of the senate and house of representatives, or any successor committees, the joint budget committee, and the department of revenue and shall post a copy on the division's website.

**24-33.5-517. Criminal justice data collection - definitions - repeal.** (1) Any state or local law enforcement agency that employs a peace officer who is involved in an officer-involved shooting that results in a person suspected of criminal activity being shot at by the officer shall report the following information to the division, in a format specified by the division:

- (a) If known, the age, gender, sexual orientation, gender identity, gender expression, race, ethnicity, and medically documented physical or mental disability of the suspect;
- (b) If known, the age, gender, race, and ethnicity of the peace officer;
- (c) The officer's basis for the contact or stop that led to the officer-involved shooting;
- (d) The officer's basis for the shooting;
- (e) Whether the officer or any other officer responding to the scene conducted a search and, if so, whether the search was conducted pursuant to probable cause, with consent, or pursuant to any other lawful exception to the warrant requirement, and whether contraband was found and, if so, the nature of the contraband;
- (f) Whether the officer or any other officer responding to the scene issued a verbal warning before shooting; and
- (g) Whether the officer or any other officer responding to the scene arrested or issued a citation to anyone and, if so, the crimes charged as a result of the arrest or citation.

(2) (a) (I) If a state or local law enforcement agency employed or employs a peace officer as described in section 16-2.5-101, C.R.S., who is involved in an officer-involved shooting from January 1, 2010, through June 30, 2015, it shall report, if available, the information required by subsection (1) of this section to the division by September 1, 2015.

(II) The division shall compile and report the data received pursuant to subparagraph (I) of this paragraph (a) by March 1, 2016. The report shall be provided to the judiciary committees of the house of representatives and senate, or any successor committees, and shall be posted on the division's website.

(b) (I) If a state or local law enforcement agency employs a peace officer as described in section 16-2.5-101, C.R.S., who is involved in an officer-involved shooting during fiscal year 2015-16, or any successive fiscal year through fiscal year 2019-20, it shall report the information required by subsection (1) of this section to the division by September 1 of the following fiscal year.

(II) The division shall compile and report the data received pursuant to subparagraph (I) of this paragraph (b) by March 1 of the following year. The report shall be provided to the judiciary committees of the house of representatives and senate, or any successor committees, and shall be posted on the division's website.

(3) As used in this section, unless the context requires otherwise, "state or local law enforcement agency" means:

- (a) The Colorado state patrol created pursuant to section 24-33.5-201;
  - (b) The Colorado bureau of investigation created pursuant to section 24-33.5-401;
  - (c) A county sheriff's office;
  - (d) A municipal police department;
  - (e) The division of parks and wildlife within the department of natural resources created pursuant to section 24-1-124; or
  - (f) A town marshal's office.
- (4) This section is repealed, effective July 1, 2021.

**24-33.5-518. Criminal justice data collection - report - repeal.** (1) This section shall be known and may be cited as the "Community Law Enforcement Action Reporting Act" or the "C.L.E.A.R. Act".

(2) Each law enforcement agency in the state shall report the data reported pursuant to section 24-33.5-412 (5), including offense and arrest information disaggregated by summons, custody, and on view, to the division for each calendar year by March 31 of the following calendar year.

(3) The judicial department shall collect and report the following data to the division for each calendar year by March 31 of the following calendar year:

(a) The number and types of charges that resulted from the arrests reported pursuant to subsection (2) of this section, the race and gender of the defendants, and the associated incident report numbers;

(b) The disposition of the charges reported pursuant to paragraph (a) of this subsection (3), including convictions at trial, acquittals, plea agreements, and dismissals; the race and gender of the defendants; and the associated incident report numbers;

(c) The sentences imposed for all convictions and plea agreements reported pursuant to paragraph (b) of this subsection (3), the race and gender of the defendants, and the associated incident report numbers; and

(d) If a sentence reported pursuant to paragraph (c) of this subsection (3) is a sentence to probation, whether a petition to revoke probation was filed against the defendant, the disposition of the petition, the race and gender of the defendant, and the associated incident report number.

(4) The state board of parole shall collect and report the following data to the division for each calendar year by March 31 of the following calendar year:

(a) The number of parole hearings held and the race, ethnicity, and gender of the inmates who received parole hearings;

(b) The number of inmates granted parole and the race, ethnicity, and gender of the inmates; and

(c) The number of inmates denied parole and the race, ethnicity, and gender of the inmates.

(4.5) (a) Beginning January 1, 2020, each jail facility shall report data required to be collected pursuant to section 17-26-118 to the division in accordance with the schedule described in section 17-26-118 (4). Within one month after each reporting deadline, the division shall collect, compile, and publish all data received pursuant to this subsection (4.5) in a searchable and sortable format containing both statewide data and data for each individual jail facility. If possible, the division shall make the data available online in an interactive format.

(b) This subsection (4.5) is repealed, effective March 31, 2023.

(5) The division shall compile and report the data received in subsections (2) to (4.5) of this section by September 30 of each year. The report shall be provided to the judiciary committees of the house of representatives and senate, or any successor committees, and the Colorado commission on criminal and juvenile justice created in section 16-11.3-102.

**24-33.5-519. Body-worn cameras for law enforcement officers - grant program - study group - fund - repeal.** (1) (a) There is created in the division the body-worn camera grant program, referred to in this section as the "grant program", to award grants to law enforcement agencies to purchase body-worn cameras, for associated data retention and management costs, and to train law enforcement officers on the use of body-worn cameras. The division shall administer the grant program pursuant to this section. The division may apply for gifts, grants, or donations from the federal government and any public or private source. The division shall transmit any moneys received to the state treasurer for deposit in the fund created pursuant to subsection (2) of this section. The division shall make grant payments from general fund moneys

appropriated to the division by the general assembly for the program and moneys appropriated from the fund.

(b) The division shall:

(I) Solicit and review applications for grants from law enforcement agencies; and

(II) Select law enforcement agencies to receive grants from agencies that have adopted policies, giving preference to agencies that otherwise lack moneys to pay for body-worn cameras, for associated data retention and management costs, and to train law enforcement officers on the use of body-worn cameras, and determine the amount of each grant.

(2) (a) There is created in the state treasury the body-worn camera fund, referred to in this section as the "fund", consisting of any moneys received by the division from gifts, grants, or donations for the grant program. The moneys in the fund are subject to annual appropriation by the general assembly to the division for the direct and indirect costs associated with implementing the grant program.

(b) The state treasurer may invest any moneys in the fund not expended for the purpose of this section as provided by law. The state treasurer shall credit all interest and income derived from the investment and deposit of moneys in the fund to the fund. Any unexpended and unencumbered moneys remaining in the fund at the end of a fiscal year remain in the fund and shall not be credited or transferred to the general fund or another fund.

(c) (I) The general assembly shall appropriate two million dollars in fiscal year 2021-22 for the grant program.

(II) This subsection (2)(c) is repealed, effective July 1, 2022.

(3) Repealed.

**24-33.5-520. Study on drugged driving - substance-affected driving data-analysis cash fund created - report - definitions.** (1) On or before March 1, 2018, and on or before March 1 each year thereafter, the division shall submit a report to the judiciary committees of the house of representatives and senate, or to any successor committees, that includes, to the extent possible, the following information:

(a) The total number of citations made for suspected substance-affected driving violations during the reporting period;

(b) Of the total number of citations made for suspected substance-affected driving during the reporting period, the total number of such citations that resulted in the filing of a substance-affected driving charge against the driver, including an indication of how many such cases involved alcohol, one or more drugs, or a combination of alcohol and one or more drugs;

(c) Of the filed cases, how many resulted in at least one conviction for substance-affected driving;

(d) Of the cases that resulted in at least one conviction for substance-affected driving, and for which evidentiary test results are available, which drugs, including alcohol, or combination of drugs were present in the defendants' bodies, and, for alcohol and marijuana, the laboratory values;

(e) The total number of DUI and DWAI cases during the reporting period that involved:

(I) Alcohol;

(II) Marijuana;

(III) Schedule I drugs, as described in section 18-18-203, other than marijuana; or

(IV) Other drugs; and

(f) For those cases in which evidentiary test results are available, for each type of biological sample taken, the time that elapsed between the time that each traffic stop or traffic incident occurred and the time at which the biological sample was taken.

(2) (a) For the purpose of producing the report described in subsection (1) of this section, the division shall collect and analyze substance-affected driving violation data as follows:

(I) From the state judicial branch and from the Denver county court, the division shall collect case-identifier data, event data, filing dates, data identifying law enforcement agencies, demographic data relating to each defendant, data indicating the cause of each substance-affected driving citation, court findings, and sentences;

(II) From forensic toxicology laboratories only, and from no other source, the division, to the extent possible, shall collect case-identifier data, event dates and times, collection dates and times, and confirmatory laboratory values from reports created for law enforcement agencies and prosecutors and shall specify the name of each drug that was confirmed and its laboratory value;

(III) From the department of public health and environment, the division shall collect evidentiary breath alcohol test results, including case-identifier data, event dates and times, and the results obtained on evidentiary breath alcohol testing devices certified by the department of public health and environment; and

(IV) From the division of probation services, the division shall collect case-identifier data and, to the extent possible, data concerning the classes and types of drugs that were involved in each substance-affected driving incident.

(b) The database compiled by the division containing personal identifying information relating to the test results of persons' biological samples, and all personal identifying information thereof, are not public information and are not subject to the provisions of the "Colorado Open Records Act", part 2 of article 72 of this title 24. The division shall disclose information only by means of the report described in subsection (1) of this section, which must not include any personal identifying information.

(3) A public or private laboratory carrying out analysis of evidentiary samples that were taken by a law enforcement agency and submitted to the laboratory pursuant to section 42-4-1301.1 shall collect and share test results with the division for the purposes of this section. The division shall not disclose any personal identifying information that is included in such test results.

(4) (a) There is created in the state treasury the substance-affected driving data-analysis cash fund, referred to in this section as the "fund", to include money collected from surcharges assessed pursuant to section 42-4-1307 (10)(e) and any money credited to the fund pursuant to subsection (4)(b) of this section. The money in the fund is subject to annual appropriation by the

general assembly to the division for the purpose described in subsection (1) of this section. All interest derived from the deposit and investment of money in the fund remains in the fund. Any unexpended or unencumbered money remaining in the fund at the end of a fiscal year remains in the fund and may not be transferred or credited to the general fund or another fund.

(b) The division may accept any gifts, grants, or donations from any private or public source on behalf of the state for purposes of this section. The division shall transmit all private and public money received through grants, gifts, or donations to the state treasurer, who shall credit the same to the fund.

(c) The division may use money in the fund to reimburse and provide advance payments to state, municipal, and private agencies and laboratories that apply to the division for payment of costs they incur in complying with this section.

(5) Notwithstanding section 24-1-136 (11)(a)(I), the report described in subsection (1) of this section is not subject to the expiration date described in said section 24-1-136 (11)(a)(I).

(6) As used in this section, unless the context requires otherwise:

(a) "Forensic toxicology laboratory" means a forensic toxicology laboratory that is certified by the department of public health and environment to perform testing of samples collected from individuals suspected of DUI, DUI per se, or DWAI.

(b) "Reporting period" means the calendar year ending fourteen months before the March 1 due date of the report.

(c) "Substance-affected driving" means driving in violation of section 42-4-1301 (1)(a), (1)(b), or (2)(a); section 18-3-106 (1)(b); or section 18-3-205 (1)(b).

(7) The department of public safety shall include the report described in subsection (1) of this section in the department's annual presentation to the committees of reference pursuant to section 2-7-203.

**Source: L. 2017:** Entire section added, (HB 17-1315), ch. 280, p. 1526, § 1, effective August 9.

**24-33.5-521. Community corrections - training - annual report.** (1) (a) The division shall provide annual training to department of corrections staff involved in making community corrections transition placement referrals.

(b) The division shall provide ongoing annual training to community corrections boards on structured decision-making and other relevant issues.

(2) The division shall create and publish an annual report by February 1 of each year describing key data trends for community corrections providers and boards including process measures, outcome measures, referral trends, acceptance data, and the status of structured decision-making implementation.

**Source: L. 2018:** Entire section added, (HB 18-1251), ch. 272, p. 1672, § 4, effective August 8.

**24-33.5-522. Law enforcement assistance grant program - reports.** (1) (a) There is created in the division the law enforcement assistance grant program, referred to in this section as the "grant program", to award grants to seizing agencies, as defined in section 16-13-301 (2.7), to reimburse them for money that the agency would have received except for section 16-

13-306.5 or 16-13-504.5. The division shall administer the grant program pursuant to this section. Subject to available appropriations, the division shall make grant payments from money appropriated to the division by the general assembly for the program.

(b) The executive director, or his or her designee, shall:

(I) Develop policies and procedures:

(A) For seizing agencies to apply for grants up to the amount of money that the agency can establish that it would have received except for section 16-13-306.5 or 16-13-504.5;

(B) Related to how money is disbursed to seizing agencies;

(C) Related to how money is allocated among seizing agencies;

(D) To ensure that grant money is only used for operations and investigations, training and education, equipment and supplies, joint law enforcement and public safety operations, support of community-based programs, or any other purpose that would have been permissible under federal equitable sharing guidelines; and

(E) To ensure that grant money be used only to supplement and not supplant money received by the seizing agency from other sources.

(II) Review applications for grants from seizing agencies; and

(III) Select seizing agencies to receive grants and the amount of the grants.

(c) Repealed.

(d) On or before August 1, 2019, and each August 1 thereafter, each local law enforcement agency that receives a grant shall provide a final report to the division describing how the grant funds were utilized. Notwithstanding the provisions of section 24-1-136 (11)(a)(I), on or before October 1, 2019, and each October 1 thereafter, the division shall submit a summary of the reports to the judiciary committees of the house of representatives and senate, or to any successor committees.

**24-33.5-523. Human trafficking prevention training - repeal.** (1) The division shall serve as an additional resource to provide training related to human trafficking. The training may include:

(a) Train-the-trainer programs;

(b) Direct trainings; and

(c) Online training programs.

(2) Upon request, the following entities may receive training from the division:

(a) Law enforcement agencies;

(b) Organizations that provide direct services to victims of human trafficking;

(c) School personnel and parents or guardians of students; and

(d) Any other organization, agency, or group that would benefit from such training.

(3) Training curricula provided by the division must be developed in collaboration with the Colorado human trafficking council created in section 18-3-505.

(4) When evaluating requests for training, the division shall give priority to requests from areas of the state that have limited access to other training resources.

(5) On or before January 17, 2020, and each year thereafter, the division shall include an update on trainings provided by the division in the annual human trafficking report required by section 18-3-505 (4)(b).

(6) The division may accept and expend money, gifts, grants, donations, services, and in-kind donations from any public or private entity for any direct or indirect costs associated with the duties of this section; except that the division may not accept money, gifts, grants, donations, services, or in-kind donations if acceptance is subject to conditions that are inconsistent with state law or requires a predetermined conclusion or result from the division. The division shall request that the entity offering the money, gift, grant, donation, services, or in-kind donation submit a letter prior to the offer specifying the amount of money, gift, grant, or donation offered, or the estimated value of the services or in-kind donation offered; the period for which the money, gift, grant, donation, services, or in-kind donation is available; and the specific purposes for which the money, gift, grant, donation, services, or in-kind donation is to be used. The division shall not provide training until sufficient money is available from gifts, grants, and donations to cover the costs associated with implementing and providing the training.

(7) This section is repealed, effective September 1, 2023. Before its repeal, this section is scheduled for review in accordance with section 24-34-104.

**Source: L. 2019:** Entire section added, (HB 19-1051), ch. 404, p. 3575, § 1, effective August 2.

**24-33.5-524. Trusted interoperability platform advisory committee - creation - strategic plan - repeal.** (1) (a) There is created the trusted interoperability platform advisory committee, referred to in this section as the "committee". The intent of the committee is to develop a strategic plan to implement a trusted interoperability platform that securely exchanges information between criminal and juvenile justice systems and community health agencies to improve the health, stability, and prosocial adjustment of individuals in the criminal and juvenile justice systems; decrease recidivism; and evaluate system needs and programs.

(b) The committee shall exercise its powers and perform its duties and functions under the department of public safety.

(c) The committee consists of the following eleven members:

(I) The executive director of the department of public safety or the executive director's designee;

(II) The executive director of the department of corrections or the executive director's designee;

(III) The executive director of the department of human services or the executive director's designee;

(IV) The chief information officer of the office of information technology or the chief information officer's designee;

(V) The director of the division of youth services in the department of human services or the director's designee;

(VI) The state court administrator or the state court administrator's designee; and

(VII) The following five members appointed by the executive director of the department of public safety:

(A) One county sheriff representing a statewide association of county sheriffs;

(B) One member of a nonprofit organization representing a network of community behavioral health providers;

(C) One member representing the Colorado integrated criminal justice information system, created in section 16-20.5-103; and

(D) Two members representing a health information exchange in Colorado.

(d) The members of the committee shall serve without compensation and without reimbursement for expenses.

(e) The committee shall meet at least four times per calendar year. The executive director of the department of public safety or the executive director's designee shall serve as chair of the committee and may call such additional meetings as may be necessary for the committee to complete its duties.

(2) No later than May 1, 2021, the committee shall submit an initial strategic plan to implement a trusted interoperability platform to the chief information officer, appointed pursuant to section 24-37.5-103. No later than September 1, 2021, the committee shall submit a final strategic plan to the legislative council; the joint budget committee of the general assembly; the legislative oversight committee concerning the treatment of persons with mental health disorders in the criminal and juvenile justice systems; and the judiciary committees of the senate and the house of representatives, or any successor committees. The strategic plan must:

(a) Enable agencies to exchange legally authorized and secure information to improve the management and care of individuals served by the agency systems;

(b) Provide uniform data and comply with national criminal justice and health information standards;

(c) Comply with applicable federal and state laws and regulations;

(d) Use identity and access management to allow users to access authorized information based on the user's credentials and agency role;

(e) Use a federated information system, consistent with a statewide approach, as an integrating layer over existing legacy applications and databases;

(f) Allow each agency to retain its own information database;

(g) Allow continuous monitoring of the system by establishing user access and reporting requirements;

(h) Minimize current and future costs by building an agile system that connects existing agency systems when cost effective and creates system interfaces that are flexible enough to accommodate future information-sharing needs in a cost-effective manner; and

(i) Result in a system that accomplishes the following goals:

(I) Facilitating uniform and maximum interfacing among criminal and juvenile justice state agencies, county jails, community behavioral health centers, and health information exchanges to provide information that is relevant to the management and care of individuals who are currently under an agency's purview; and

(II) Making data available for research analysis and de-identified data reporting to policymakers for system needs identification, policy initiatives, and evaluations in accordance with applicable laws.

(3) This section is repealed, effective October 1, 2021.

PART 6

COLORADO COMMUNITY POLICING ACT

**Cross references:** For the legislative declaration contained in the 2006 act enacting this part, see section 1 of chapter 246, Session Laws of Colorado 2006.

**24-33.5-601. Short title.** This part 6 shall be known and may be cited as the "Colorado Community Policing Act".

**Source: L. 2006:** Entire part added, p. 1124, § 3, effective May 25.

**24-33.5-602. Definitions.** As used in this part 6, unless the context otherwise requires:

(1) "At-risk neighborhood" means an urban or rural neighborhood or community in which there are incidences of:

(a) Poverty, unemployment and underemployment, substance abuse, crime, school dropouts, illiteracy, teen pregnancies and teen parents, domestic violence, or other conditions that put families at risk; or

(b) Alcohol abuse, public intoxication, or repetitive disturbances of the peace.

(2) "Local law enforcement agency" means a police department in incorporated municipalities, the office of the county sheriff, or a campus police agency.

**Source: L. 2006:** Entire part added, p. 1124, § 3, effective May 25.

**24-33.5-603. Colorado community policing program - creation.** There is hereby created in the division of criminal justice the Colorado community policing program for the purpose of providing grants to local law enforcement agencies for the implementation of community policing plans that are designed to proactively prevent crime in cooperation with residents of communities and at-risk neighborhoods and providing training and education related to the program.

**Source: L. 2006:** Entire part added, p. 1124, § 3, effective May 25.

**24-33.5-604. Colorado community policing program - administration.** (1) The Colorado community policing program shall be administered through the division of criminal justice. The division shall establish procedures and timelines for the submittal of grant applications by local law enforcement agencies seeking to implement a community policing plan or to continue the operation of an existing community policing program.

(2) To be eligible for moneys from the community policing program cash fund created in section 24-33.5-605, a local law enforcement agency shall apply to the division of criminal justice in accordance with the procedures and timelines developed by the division pursuant to subsection (1) of this section. The application of a local law enforcement agency shall include a community policing plan that meets the criteria for such plans developed by the division. A plan may include, but not be limited to, the following:

(a) The creation of a partnership or collaboration between the local law enforcement agency and the families, individuals, children, and youth who live in at-risk neighborhoods for the purpose of crime prevention activities and strategies;

(b) The utilization of public or private facilities for regular interaction between the local law enforcement agency and the community, including, but not limited to, community centers, gymnasiums, and libraries or other reading areas;

(c) The support of and participation in local youth educational and recreational programs by the local law enforcement agency;

(d) Regularly scheduled neighborhood meetings between local law enforcement professionals and the residents of the community or at-risk neighborhood;

(e) The enhanced and regularized presence of the local law enforcement agency in a community or at-risk neighborhood through the use of foot patrols, bicycles, motorcycles, and participation in activities and events; and

(f) The process or measurement for evaluating whether the Colorado community policing program is reducing or preventing the incidence of crime in a community or at-risk neighborhood.

(3) Subject to available appropriations, the division of criminal justice shall select those local law enforcement agencies that will receive grants through the Colorado community policing program. The division shall determine the amount of each grant awarded to a local law enforcement agency.

**Source: L. 2006:** Entire part added, p. 1124, § 3, effective May 25.

**24-33.5-605. Community policing program cash fund - creation.** (1) There is hereby created in the state treasury the community policing program cash fund. The moneys in the fund shall be subject to annual appropriation by the general assembly to award grants to local law enforcement agencies and for the direct and indirect costs associated with the implementation of this part 6. The division of criminal justice is authorized to accept on behalf of the state any grants, gifts, or donations from any private or public source for the purpose of this part 6 pursuant to section 24-33.5-503 (1)(e). All private and public funds received through grants, gifts, or donations shall be transmitted to the state treasurer, who shall credit the same to the fund. All investment earnings derived from the deposit and investment of moneys in the fund shall remain in the fund and shall not be transferred or revert to the general fund of the state at the end of any fiscal year.

(2) Notwithstanding the provisions of subsection (1) of this section, the division of criminal justice shall not implement the Colorado community policing program until sufficient grants, gifts, or donations are obtained to cover the costs of implementing the program.

## PART 7

### EMERGENCY MANAGEMENT

**Editor's note:** This part 7 was added in 1983. It was repealed in 1992 and was subsequently recreated and reenacted with relocations in 2012, resulting in the addition, relocation, or elimination of sections as well as subject matter. For amendments to this part 7 prior to 1992, consult the Colorado statutory research explanatory note beginning on page vii in the front of this volume. Former C.R.S. section numbers prior to 2012 are shown in editor's notes following those sections that were relocated.

**Cross references:** For the legislative declaration in the 2012 act recreating and reenacting this part 7, see section 1 of chapter 240, Session Laws of Colorado 2012.

**24-33.5-701. Short title.** The short title of this part 7 is the "Colorado Disaster Emergency Act".

**Source: L. 2012:** Entire part RC&RE with relocations, (HB 12-1283), ch. 240, p. 1070, § 10, effective July 1. **L. 2018:** Entire section amended, (HB 18-1394), ch. 234, p. 1458, § 1, effective August 8.

**Editor's note:** This section is similar to former § 24-32-2101 as it existed prior to 2012.

**24-33.5-702. Purposes and limitations.** (1) The purposes of this part 7 are to:

(a) Reduce vulnerability of people and communities of this state to damage, injury, and loss of life and property resulting from all-hazards, including natural catastrophes or catastrophes of human origin, civil disturbance, or hostile military or paramilitary action;

(b) Prepare for prompt and efficient search, rescue, recovery, care, and treatment of persons lost, entrapped, victimized, or threatened by disasters or emergencies;

(c) Provide a setting conducive to the rapid and orderly recovery, restoration, and rehabilitation of persons and property affected by disasters;

(d) Clarify and strengthen the roles of the governor, state agencies, and local governments in prevention of, preparation for, response to, and recovery from disasters;

(e) Authorize and provide for cooperation in disaster prevention, preparedness, response, and recovery;

(f) Authorize and provide for coordination of activities relating to disaster prevention, preparedness, response, and recovery by agencies and officers of this state and similar state-local, interstate, federal-state, and foreign activities in which the state and its political subdivisions may participate;

(g) Provide a disaster and emergency management system embodying all aspects of pre-disaster and pre-emergency preparedness, prevention, mitigation, and post-disaster and post-emergency response and recovery; and

(h) Assist in prevention of disasters caused or aggravated by inadequate planning for regulation of public and private facilities and land use.

(2) Nothing in this part 7 shall be construed to:

(a) Interfere with the course or conduct of a labor dispute; except that actions otherwise authorized by this part 7 or other laws may be taken when necessary to forestall or mitigate imminent or existing danger to public health or safety;

(b) Interfere with dissemination of news or comment on public affairs; except that any communications facility or organization, including but not limited to radio and television stations, wire services, and newspapers, may be required to transmit or print public service messages furnishing information or instructions in connection with a disaster emergency;

(c) Affect the jurisdiction or responsibilities of police forces, fire-fighting forces, or units of the armed forces of the United States, or of any personnel thereof, when on active duty; except that state, local, and interjurisdictional disaster emergency plans shall place reliance upon the forces available for performance of functions related to disaster emergencies; or

(d) Limit, modify, or abridge the authority of the governor to proclaim martial law or exercise any other powers vested in the governor under the constitution, statutes, or common law of this state independent of, or in conjunction with, any provision of this part 7.

**Source: L. 2012:** Entire part RC&RE with relocations, (HB 12-1283), ch. 240, p. 1070, § 10, effective July 1. **L. 2018:** (1)(a), (1)(c), and (1)(g) amended, (HB 18-1394), ch. 234, p. 1458, § 2, effective August 8.

**Editor's note:** This section is similar to former § 24-32-2102 as it existed prior to 2012.

**24-33.5-703. Definitions.** As used in this part 7, unless the context otherwise requires:

(1) "Bioterrorism" means the intentional use of microorganisms or toxins of biological origin to cause death or disease among humans or animals.

(2) "Committee" means the governor's expert emergency epidemic response committee created in section 24-33.5-704.5.

(3) "Disaster" means the occurrence or imminent threat of widespread or severe damage, injury, or loss of life or property resulting from any natural cause or cause of human origin, including but not limited to fire, flood, earthquake, wind, storm, wave action, hazardous substance incident, oil spill or other water contamination requiring emergency action to avert danger or damage, volcanic activity, epidemic, air pollution, blight, drought, infestation, explosion, civil disturbance, hostile military or paramilitary action, or a condition of riot, insurrection, or invasion existing in the state or in any county, city, town, or district in the state.

(3.5) "Emergency" means an unexpected event that places life or property in danger and requires an immediate response through the use of state and community resources and procedures.

(4) "Emergency epidemic" means cases of an illness or condition, communicable or noncommunicable, caused by bioterrorism, pandemic influenza, or novel and highly fatal infectious agents or biological toxins.

(4.3) "Emergency management" means the actions taken to prepare for, respond to, and recover from emergencies and disasters and mitigate against current and future risk.

(4.5) "Mitigation" means the sustained action to reduce or eliminate risk to people and property from hazards and their effects.

(5) "Pandemic influenza" means a widespread epidemic of influenza caused by a highly virulent strain of the influenza virus.

(6) "Political subdivision" means any county, city and county, city, or town and may include any other agency designated by law as a political subdivision of the state.

(7) (a) "Publicly funded safety net program" means a program that is administered by a state department and that:

(I) Is funded wholly or in part with state, federal, or a combination of state and federal funds; and

(II) Provides or facilitates the provision of medical services to vulnerable populations, including children, disabled individuals, and the elderly.

(b) The term includes a program of medical assistance, as defined in section 25.5-1-103 (5), C.R.S.

(7.3) "Recovery" means the short, intermediate, and long-term actions taken to restore community functions, services, vital resources, facilities, programs, continuity of local government services and functions, and infrastructure to the affected area.

(7.5) "Resiliency" means the ability of communities to rebound, positively adapt to, or thrive amidst changing conditions or challenges, including human-caused and natural disasters, and to maintain quality of life, healthy growth, durable systems, economic vitality, and conservation of resources for present and future generations.

(7.7) "Response" means the actions taken directly following the onset of an emergency or disaster to provide immediate assistance to maintain life, improve health, protect property, restore essential functions, and ensure the security of the affected population.

(8) "Search and rescue" means the employment, coordination, and utilization of available resources and personnel in locating, relieving distress and preserving life of, and removing survivors from the site of a disaster, emergency, or hazard to a place of safety in case of lost, stranded, entrapped, or injured persons.

**Source: L. 2012:** Entire part RC&RE with relocations, (HB 12-1283), ch. 240, p. 1071, § 10, effective July 1. **L. 2018:** (2) amended and (3.5), (4.3), (4.5), (7.3), (7.5), and (7.7) added, (HB 18-1394), ch. 234, p. 1459, § 3, effective August 8.

**Editor's note:** This section is similar to former § 24-32-2103 as it existed prior to 2012.

**24-33.5-704. The governor and disaster emergencies - response - duties and limitations.** (1) The governor is responsible for meeting the dangers to the state and people presented by disasters.

(2) Under this part 7, the governor may issue executive orders, proclamations, and regulations and amend or rescind them. Executive orders, proclamations, and regulations have the force and effect of law.

(3) Repealed.

(4) A disaster emergency shall be declared by executive order or proclamation of the governor if the governor finds a disaster has occurred or that this occurrence or the threat thereof is imminent. The state of disaster emergency shall continue until the governor finds that the threat of danger has passed or that the disaster has been dealt with to the extent that emergency conditions no longer exist and the governor terminates the state of disaster emergency by executive order or proclamation, but no state of disaster emergency may continue for longer than thirty days unless renewed by the governor. The general assembly, by joint resolution, may terminate a state of disaster emergency at any time. Thereupon, the governor shall issue an executive order or proclamation ending the state of disaster emergency. All executive orders or

proclamations issued under this subsection (4) shall indicate the nature of the disaster, the area threatened, and the conditions that brought it about or that make possible termination of the state of disaster emergency. An executive order or proclamation shall be disseminated promptly by means calculated to bring its contents to the attention of the general public and, unless the circumstances attendant upon the disaster prevent or impede, shall be promptly filed with the office of emergency management in the division of homeland security and emergency management, the secretary of state, the county clerk and recorder, and emergency management agencies in the area to which it applies.

(5) An executive order or proclamation of a state of disaster emergency shall activate the disaster response and recovery aspects of the state, local, and interjurisdictional disaster emergency plans applicable to the political subdivision or area in question and shall be authority for the deployment and use of any forces to which the plans apply and for use or distribution of any supplies, equipment, and materials and facilities assembled, stockpiled, or arranged to be made available pursuant to this part 7 or any other provision of law relating to disaster emergencies.

(6) During the continuance of any state of disaster emergency, the governor is commander-in-chief of the organized and unorganized militia and of all other forces available for emergency duty. To the greatest extent practicable, the governor shall delegate or assign command authority by prior arrangement embodied in appropriate executive orders or regulations, but nothing in this section restricts the governor's authority to do so by orders issued at the time of the disaster emergency.

(6.5) (a) During the response to or recovery from any state of disaster emergency, the governor may convene a disaster policy group if needed to effectively and efficiently coordinate policy-level decision-making and to advise the governor on the response to and recovery from the event. The policy group must include a representative from the department of local affairs and appropriate state agencies involved in the response and recovery effort.

(b) If the governor convenes a disaster policy group pursuant to subsection (6.5)(a) of this section, the governor shall appoint a chair and shall delegate to the chair the authority to manage cross-departmental and interjurisdictional coordination for recovery efforts.

(7) In addition to any other powers conferred upon the governor by law, the governor may:

(a) Suspend the provisions of any regulatory statute prescribing the procedures for conduct of state business or the orders, rules, or regulations of any state agency, if strict compliance with the provisions of any statute, order, rule, or regulation would in any way prevent, hinder, or delay necessary action in coping with the emergency;

(b) Utilize all available resources of the state government and of each political subdivision of the state as reasonably necessary to cope with the disaster emergency;

(c) Transfer the direction, personnel, or functions of state departments and agencies or units thereof for the purpose of performing or facilitating emergency services;

(d) Subject to any applicable requirements for compensation under section 24-33.5-711, commandeer or utilize any private property if the governor finds this necessary to cope with the disaster emergency;

(e) Direct and compel the evacuation of all or part of the population from any stricken or threatened area within the state if the governor deems this action necessary for the preservation of life or other disaster mitigation, response, or recovery;

(f) Prescribe routes, modes of transportation, and destinations in connection with evacuation;

(g) Control ingress to and egress from a disaster area, the movement of persons within the area, and the occupancy of premises therein;

(h) Suspend or limit the sale, dispensing, or transportation of alcoholic beverages, firearms, explosives, or combustibles;

(i) Make provision for the availability and use of temporary emergency housing; and

(j) Determine the percentage at which the state and a local government will contribute moneys to cover the nonfederal cost share required by the federal "Robert T. Stafford Disaster Relief and Emergency Assistance Act", as amended, 42 U.S.C. sec. 5121 et seq., required by the federal highway administration pursuant to 23 U.S.C. sec. 125, or required by any other federal law in order to receive federal disaster relief funds. After making such a determination, the governor may amend the percentage at which the state and local government will contribute moneys to the nonfederal cost share based on the needs of the individual local governments. As soon as practicable after making or amending such a determination, the governor shall notify the joint budget committee of the source and amount of state moneys that will be contributed to cover a nonfederal cost share pursuant to this paragraph (j).

(8) and (9) Repealed.

**Editor's note:** (1) This section is similar to former § 24-32-2104 as it existed prior to 2012.

(2) Subsections (8) and (9) were relocated to § 24-33.5-704.5 in 2018.

**24-33.5-704.3. Temporary prohibition on extraordinary collection actions - definitions - repeal.** (1) As used in this section, unless the context otherwise requires:

(a) "Debt" has the same meaning as set forth in section 5-16-103 (8). "Debt" does not include any debt arising out of a past or present child support obligation.

(b) "Extraordinary collection action" means any action or proceeding in the nature of an attachment, garnishment, levy, or execution to collect or enforce a judgment on a debt.

(2) In order to protect Colorado residents during the public health crisis caused by COVID-19, for the time period beginning on June 29, 2020, and ending on June 1, 2021, a judgment creditor shall not initiate or maintain a new extraordinary collection action except in accordance with the requirements of this section. A court of record shall deny without prejudice any request for issuance of a writ or legal process to effect an extraordinary collection action if the court finds that the action does not comply with the requirements of this section. During the time period described in this subsection (2), the use of an extraordinary collection action not in accordance with this section constitutes an unfair and unconscionable means of collecting a debt under section 5-16-108.

(3) Repealed.

(4) For the duration of the period established in subsection (2) of this section, prior to the execution or service of a writ or legal process intended to effect an extraordinary collection action, the judgment creditor shall provide a written notice to the judgment debtor. The notice must be sent to the judgment debtor at least ten days, but not more than sixty days, prior to the execution or service of a writ or legal process intended to effect the extraordinary collection action during the duration of the period established in accordance with subsection (2) of this section.

(5) (a) (I) The notice required by subsection (4) of this section must be in at least sixteen point type face, and must include the following:

**"YOU HAVE THE RIGHT TO TEMPORARILY SUSPEND THIS  
COLLECTION ACTION IF YOU ARE FACING FINANCIAL  
HARDSHIP DUE TO THE COVID-19 EMERGENCY.**

Judgment Creditor Name:

Judgment Creditor Address:

Case Number:

Phone:

The above judgment creditor intends on executing a collection action against you. If you have experienced financial hardship due to the COVID-19 emergency, directly or indirectly, you have the right to suspend temporarily this extraordinary collection action. The suspension is effective until June 1, 2021.

**To exercise this right**, you must notify the judgment creditor that you are experiencing financial hardship due to the COVID-19 emergency. You can provide this notice by phone call or by writing to the creditor at the address shown in this notice. Your notification to the judgment creditor must include your full name (first and last), the case number identified above and at least one (1) additional piece of the following information: your date of birth, social security number, physical and mailing addresses, or the judgment creditor's internal account number or identifier, if different from the case number designated above. You are not required to provide documentation to support your request.

NOTE: Requesting the temporary suspension of this extraordinary debt collection action is not a waiver of the obligation to pay or debt forgiveness. Interest may continue to accrue on the judgment debt even while extraordinary collection actions are suspended.

You may enter into a voluntary repayment plan with the judgment creditor, but you are not required to do so."

(II) A notice issued by a bank to a judgment debtor must also include all necessary federal regulatory language.

(b) The notice requirements under this section terminate once the period proscribed in subsection (2) of this section expires. The notice must be sent to a judgment debtor at the

debtor's last known address to the judgment creditor. An additional copy of the notice must also be served with the writ of garnishment. In the case of a writ of continuing garnishment for wages, the notice must accompany the writ served upon the garnishee. The failure of the garnishee or its agent to provide the notice to the judgment debtor required by this subsection (5) does not create a cause of action or remedy against a judgment creditor.

(c) If, before January 21, 2021, a judgment creditor provided a notice to a judgment debtor stating that the period of suspension is effective until November 1, 2020, or February 1, 2021:

(I) If the judgment debtor notified the judgment creditor that the judgment debtor was experiencing financial hardship in accordance with the requirements of the notice, the period of suspension is extended to June 1, 2021.

(II) If the judgment debtor did not respond to the notice and the judgment creditor did not execute or serve a writ or legal process intended to effect the extraordinary collection action before January 21, 2021, the judgment creditor shall provide a new notice prior to the execution or service of a writ or legal process in accordance with subsections (4) and (5)(a)(I) of this section.

(6) This section is repealed, effective September 1, 2022.

**24-33.5-704.5. Governor's expert emergency epidemic response committee - creation.** (1) (a) There is hereby created a governor's expert emergency epidemic response committee. The committee shall:

(I) Meet at least annually to review and amend, as necessary, the supplement to the state comprehensive emergency management program created in section 24-33.5-705 (2) that is concerned with the public health response to acts of bioterrorism, pandemic influenza, and epidemics caused by novel and highly fatal infectious agents; and

(II) Provide expert public health advice to the governor in the event of an emergency epidemic.

(b) (I) State members of the committee include:

(A) The executive director of the department of public health and environment;

(B) The chief medical officer of the department of public health and environment;

(C) The chief public information officer of the department of public health and environment;

(D) The emergency response coordinator for the department of public health and environment;

(E) The state epidemiologist for the department of public health and environment;

(F) The attorney general or the attorney general's designee;

(G) The president of the state board of health or the president's designee;

(H) The president of the state medical society or the president's designee;

(I) The president of the Colorado health and hospital association or the president's designee;

(J) The state veterinarian of the department of agriculture;

(K) The director of the division of homeland security and emergency management; and

(L) The executive director of the department of local affairs or the executive director's designee.

(II) In addition to the state members of the committee, the governor shall appoint to the committee an individual from each of the following categories:

(A) A licensed physician who specializes in infectious diseases;

(B) A licensed physician who specializes in emergency medicine;

(C) A medical examiner;

(D) A specialist in post-traumatic stress management;

(E) A director of a county, district, or municipal public health agency;

(F) A hospital infection control practitioner;

(G) A wildlife disease specialist with the division of wildlife; and

(H) A pharmacist member of the state board of pharmacy.

(III) The executive director of the department of public health and environment shall serve as the chair of the committee. A majority of the membership of the committee, not including vacant positions, constitutes a quorum.

(IV) The executive director of the department of public safety or the executive director's designee shall serve as an ex officio member of the committee and is not able to vote on decisions of the committee. He or she shall serve as a liaison between the committee and the emergency planning subcommittee of the homeland security and all-hazards senior advisory committee created in section 24-33.5-1614 (3.5) in the event of an emergency epidemic.

(c) The committee shall include in the supplement to the state disaster plan a proposal for the prioritization, allocation, storage, protection, and distribution of antibiotic medicines, antiviral medicines, antidotes, and vaccines that may be needed and in short supply in the event of an emergency epidemic.

(d) The committee shall convene at the call of the governor or the executive director of the department of public health and environment to consider evidence presented by the department's chief medical officer or state epidemiologist that there is an occurrence or imminent threat of an emergency epidemic. If the committee finds that there is an occurrence or imminent threat of an emergency epidemic, the executive director of the department of public health and environment shall advise the governor to declare a disaster emergency.

(e) In the event of an emergency epidemic that has been declared a disaster emergency, the committee shall convene as rapidly and as often as necessary to advise the governor, who shall act by executive order, regarding reasonable and appropriate measures to reduce or prevent spread of the disease, agent, or toxin and to protect the public health. Such measures may include:

(I) Procuring or taking supplies of medicines and vaccines;

(II) Ordering physicians and hospitals to transfer or cease admission of patients or perform medical examinations of persons;

(III) Isolating or quarantining persons or property;

(IV) Determining whether to seize, destroy, or decontaminate property or objects that may threaten the public health;

(V) Determining how to safely dispose of corpses and infectious waste;  
(VI) Assessing the adequacy and potential contamination of food and water supplies;  
(VII) Providing mental health support to affected persons; and  
(VIII) Informing the citizens of the state how to protect themselves, what actions are being taken to control the epidemic, and when the epidemic is over.

(2) Each department that administers a publicly funded safety net program shall develop a continuity of operations plan. The plan shall establish procedures for the response by, and continuation of operations of, the department and the program in the event of an emergency epidemic. Each department shall file its plan with the executive director of the department of public health and environment and shall update the plan at least annually. In addition, notwithstanding section 24-1-136 (11), each department shall submit a report by March 1 of each year to the health and human services committee of the senate and the public health care and human services committee of the house of representatives, or any successor committees, regarding the status of the department's plan, as well as the status of any other plans or procedures of the department regarding emergency and disaster preparedness.

**Editor's note:** Subsection (1) is similar to former § 24-33.5-704 (8), and subsection (2) is similar to former § 24-33.5-704 (9), as they existed prior to 2018.

**24-33.5-705. Office of emergency management - creation.** (1) The office of emergency management is created within the division of homeland security and emergency management in the department of public safety. The office of emergency management exercises its powers, duties, and functions as a **type 2** entity, as defined in section 24-1-105. Pursuant to section 13 of article XII of the state constitution, the director of the division of homeland security and emergency management shall appoint a director as head of the office of emergency management.

(2) The office of emergency management shall create a comprehensive emergency management program that includes policies, plans, and procedures that address the preparation, prevention, mitigation, response, and recovery from emergencies and disasters. The office shall prepare, maintain, and keep the program current in order to meet the needs of the state.

(3) The office of emergency management shall take part in the development and revision of local and interjurisdictional emergency management plans prepared under section 24-33.5-707. To this end the office of emergency management shall employ or otherwise secure the services of professional and technical personnel capable of providing expert assistance to political subdivisions, their emergency management agencies, and interjurisdictional planning agencies. Such personnel shall consult with political subdivisions and emergency management agencies and shall make field examinations.

(4) In preparing and revising the state emergency management program, the office of emergency management shall ensure a participatory process that includes the assistance of local government, business, labor, industry, agriculture, civic and volunteer organizations, academia, other state government agencies, and community leaders.

(5) The state emergency management program or any part thereof may be incorporated in regulations of the office of emergency management or executive orders that have the force and effect of law.

(6) The office of emergency management may do all things necessary for the implementation of this section, including:

- (a) Hiring personnel;
- (b) Contracting with federal, state, local, and private entities;
- (c) Accepting and expending federal funds.

(7) Whenever the office of emergency management or the division of emergency management in the department of local affairs is referred to or designated by any contract or other document, such reference or designation shall be deemed to apply to the office of emergency management in the division of homeland security and emergency management in the department of public safety.

(8) (a) Effective July 1, 2012, the office of emergency management in the division of homeland security and emergency management in the department of public safety shall execute, administer, perform, and enforce the rights, powers, duties, functions, and obligations vested previously in the division of emergency management in the department of local affairs.

(b) (I) On July 1, 2012, all positions of employment in the division of emergency management in the department of local affairs shall be transferred to the office of emergency management in the division of homeland security and emergency management in the department of public safety and shall become employment positions therein.

(II) On July 1, 2012, all employees of the division of emergency management in the department of local affairs shall be considered employees of the office of emergency management in the division of homeland security and emergency management in the department of public safety. Such employees shall retain all rights under the state personnel system and to retirement benefits pursuant to the laws of this state, and their services shall be deemed to have been continuous.

(III) On July 1, 2012, all items of property, real and personal, including office furniture and fixtures, books, documents, and records of the division of emergency management in the department of local affairs are transferred to the office of emergency management in the division of homeland security and emergency management in the department of public safety and shall become the property thereof.

(c) Unless otherwise specified, whenever any provision of law refers to the division of emergency management, that law shall be construed as referring to the office of emergency management in the division of homeland security and emergency management in the department of public safety.

(d) No suit, action, or other proceeding, judicial or administrative, lawfully commenced, or which could have been commenced, by or against the division of emergency management in the department of local affairs, or any officer thereof in such officer's official capacity or in relation to the discharge of the official's duties, is abated by reason of the transfer of duties and functions in this section.

**24-33.5-705.3. Statewide all-hazards resource database - creation - definitions.** (1) For purposes of this section:

(a) "Private sector agencies and organizations" means any private sector or nonprofit agency or organization that has resources useful in a disaster or emergency that it desires to list in the private sector portion of the database.

(b) "Tribal, state, and local all-hazards response agency" means any all-hazards response agency of a tribe, the state and any of its subdivisions, and any town, city, and city and county, regardless of whether the personnel serving such department, district, or agency are volunteers or are compensated for their services.

(2) (a) Not later than June 30, 2013, the office of emergency management, using existing computer resources, shall develop and maintain a centralized computer database that includes a listing of all all-hazards response resources located within Colorado.

(a.5) Not later than June 30, 2019, the office of emergency management, using existing computer resources, shall update the centralized response computer database created pursuant to subsection (2)(a) of this section to include a listing of all-hazards recovery resources located in Colorado. The office shall continue to maintain and update the database regularly.

(b) The database created pursuant to this subsection (2) must contain resource inventories, personnel counts, resource status, such other information relevant to the efficient tracking and allocation of all-hazards response and recovery resources, and a listing of all supplemental funding sources available to tribal, state, and local all-hazards response and recovery agencies. The information in this database shall be included with the information required to be collected and maintained pursuant to section 25-1.5-101 (1)(p). The data gathered for or stored in this database must not contain personally identifying information without prior notice to the involved individual. The database shall be used in conjunction with the existing interagency dispatch system.

(3) (a) The office of emergency management shall encourage tribal, state, and local response agencies to enter the information described in subsection (2) of this section into the database via the internet and provide a means for such data entry. All data entered into the database must be verifiable by the office of emergency management. The office of emergency management shall encourage participating tribal, state, regional, and local response agencies to update the data as necessary.

(b) The database must be accessible via the internet to all tribal, state, regional, and local response agencies for the purpose of efficiently tracking and allocating response and recovery resources in the event of a disaster or local incident that requires more resources than those available under any existing interjurisdictional or mutual aid arrangement.

(4) The office of emergency management shall establish guidelines for the development and maintenance of the database created pursuant to subsection (2) of this section so that tribal, state, regional, and local response and recovery agencies can easily access the database. The office shall develop the guidelines with input from tribal, state, regional, and local response and recovery agencies and private sector agencies and organizations.

**Editor's note:** This section is similar to former § 24-33.5-108 as it existed prior to 2012.

**24-33.5-705.4. All-hazards resource mobilization system - creation - plan - duties - reimbursement for expenses incurred by mobilized entities - eligibility - resource mobilization fund - creation - definitions - legislative declaration.** (1) (a) The general assembly hereby finds, determines, and declares that the statewide all-hazards resource mobilization system, which provides for efficient mobilizing, tracking, allocating, and demobilizing of emergency and disaster resources and ensures that a requesting unit of government receives proper equipment and qualified personnel, is necessary to provide resources to any emergency incident beyond local capabilities and thus necessary to protect life, property, the environment, and cultural and economic resources. The general assembly further finds and declares that the need to ensure that the state is adequately prepared and able to address large-scale emergencies and disasters requires a mechanism to reimburse state agencies, tribal governments, and local jurisdictions that respond to requests for help from other jurisdictions in times of need. It is therefore necessary to:

(I) Formulate the policy and organizational structure for large-scale mobilization of emergency resources in the state through creation of a statewide all-hazards resource mobilization system;

(II) Establish the means by which state agencies and tribal and local jurisdictions may be reimbursed for expenses they incur when mobilized by the executive director pursuant to the mobilization plan; and

(III) Provide a procedure to reimburse a host jurisdiction when it has exhausted or will exhaust all of its own resources and the resources of its local mutual aid network available under a mutual aid or interjurisdictional agreement.

(b) In accordance with section 24-33.5-713, it is the intent of the legislature to encourage political subdivisions to enter into mutual aid and other interjurisdictional agreements. Such agreements produce enhanced emergency response and recovery and are thus essential to protecting the public peace, safety, health, and welfare, including the lives and property, of the people of the state of Colorado.

(2) As used in this section, unless the context otherwise requires:

(a) "Director" means the director of the office of emergency management created in section 24-33.5-705.

(b) "Emergency manager" means the director or coordinator of the local or interjurisdictional emergency management agency, as described in section 24-33.5-707 (4), or

other person responsible for local or interjurisdictional disaster preparedness, prevention, mitigation, response, and recovery.

(c) "Executive director" means the executive director of the department or the executive director's designee.

(d) "Host jurisdiction" means the jurisdiction having authority over the disaster or emergency.

(e) "Incident command system" has the meaning set forth in section 29-22.5-102 (3), C.R.S.

(f) "Jurisdiction" means state and tribal authorities and county, city, city and county, town, special district, or other political subdivisions of the state.

(g) "Mobilization" means the process of providing, upon request and subject to availability, resources beyond those available through existing interjurisdictional or mutual aid agreements in response to a request from a jurisdiction in which an emergency or disaster situation or local emergency incident that has exceeded or will exceed the capabilities of available local resources. The term includes the nonhost jurisdiction's authorization and approval for redistribution of resources either to direct emergency incident assignments or to assignment in communities where resources are needed to provide coverage when those communities' resources have been mobilized to assist other jurisdictions.

(h) "Mobilization plan" means the statewide all-hazards resource mobilization plan developed and utilized pursuant to this section.

(i) "Mobilization system" means the statewide all-hazards resource mobilization system created under this section, which system includes the mobilization plan and the technology and personnel necessary to mobilize resources according to the plan.

(j) "Mutual aid" means emergency interagency assistance rendered pursuant to an agreement between the jurisdictions rendering and receiving assistance.

(k) "Nonhost jurisdiction" means a jurisdiction providing disaster or emergency resources to a host jurisdiction.

(l) "Unified command" has the meaning set forth in section 29-22.5-102 (8), C.R.S.

(3) **Powers and duties.** (a) The director, in consultation with the director of the division of fire prevention and control in the department of public safety created in section 24-33.5-1201 (1)(a), shall develop and maintain a statewide all-hazards resource mobilization plan that sets forth procedures for mobilization, allocation, deployment, coordination, tracking, cost accounting, and demobilization of resources during disasters and other large-scale emergencies and local incidents that require more resources than those available under any existing interjurisdictional or mutual aid agreement. In developing the mobilization plan, the director shall consult with and solicit recommendations from the homeland security and all-hazards senior advisory committee created in section 24-33.5-1614 and other appropriate representatives of state, tribal, and local governmental and private sector emergency management organizations. The director shall ensure that the mobilization plan is consistent with, and incorporated into, the Colorado state comprehensive emergency management program described in section 24-33.5-705 (2) and the Colorado coordinated regional and statewide mutual aid system created in section 24-33.5-1235 (3).

(a.3) The director shall ensure that resources in the Colorado coordinated regional and statewide mutual aid system created in section 24-33.5-1235 (3)(a) are included in the all-hazards resource mobilization system described in this section.

(a.5) The director shall coordinate with the state coordination center created in section 24-33.5-1235 (3)(b) to ensure sufficient and effective implementation and integration of the resource mobilization plan required by subsection (3)(a) of this section and state and local emergency operations plans, as appropriate.

(b) (I) The executive director is responsible for implementing the mobilization plan, coordinating the mobilization of resources, and making a determination as to post-mobilization reimbursement to state and nonhost jurisdictions, in accordance with this section, other applicable laws, and the mobilization plan, when the executive director determines it is necessary to do so to protect life, property, the environment, and cultural and economic resources.

(II) The executive director shall serve as state resource mobilization liaison when the mobilization plan is implemented.

(4) **Mobilization.** (a) (I) The executive director may order the implementation of the state resource mobilization plan pursuant to this section only if he or she receives a request to do so from the governor, sheriff, emergency manager, or other authorized person identified in the state resource mobilization plan.

(II) The executive director shall grant a mobilization request made pursuant to subparagraph (I) of this paragraph (a) if the executive director determines that the request is in response to a large-scale emergency, disaster, or other local incident that exceeds or will exceed the capabilities of available local resources and those resources available through existing mutual aid agreements.

(III) Upon receiving a request for mobilization and finding that the request complies with the approval requirements established in the mobilization plan and that either the local jurisdiction has exhausted or will exhaust all available resources, or that the complexity or severity of the incident requires resources not otherwise available to the local jurisdiction, the executive director shall determine whether to implement mobilization in accordance with the mobilization plan. If so, the executive director shall mobilize state and nonhost jurisdictions in accordance with the mobilization plan.

(IV) The executive director may consider resources that have already been deployed to address an incident to be mobilized for the purpose of reimbursement or cost sharing under the mobilization plan.

(b) Upon and for the duration of mobilization:

(I) The executive director or the executive director's designee shall serve as a resource mobilization agency administrator to the local unified coordination group, incident commander, or the host jurisdiction's emergency management agency to support the mobilization effort consistent with the local jurisdictional incident command system and mobilization plan and procedures;

(II) The resources, including those of the host jurisdiction and those of nonhost jurisdictions that responded earlier under an existing interjurisdictional or mutual aid or other agreement, may remain mobilized, based on capability to do so and pursuant to agreement between the executive director, the incident commander, emergency manager, and the host jurisdiction or nonhost jurisdiction that provided the resources;

(III) The reassignment or reallocation of resources due to multiple concurrent incidents or other situations of resource scarcity shall be prioritized pursuant to the policies and procedures specified in the mobilization plan;

(IV) Any limits on or exemption from liability to which the jurisdictions providing resources in response to a mobilization effected under this section are entitled under law apply as though the jurisdictions were operating under their normal statutory authorities within their jurisdictional boundaries.

(c) The executive director, in consultation with the local incident commander or emergency manager, as appropriate, shall determine when mobilization is no longer required and, at that time, shall declare the end to the mobilization.

(5) **Reimbursement.** (a) The director, in consultation with the office of state planning and budgeting created in section 24-37-102, shall develop procedures to facilitate reimbursement to state agencies and jurisdictions from appropriate federal and state funds when state agencies and jurisdictions are mobilized by the executive director pursuant to the mobilization plan. The director shall ensure that these procedures provide reimbursement in as timely a manner as possible.

(b) (I) In order to be eligible for support under the mobilization plan, a jurisdiction must be mobilized pursuant to subparagraph (III) of paragraph (a) of subsection (4) of this section and must be participating in an interjurisdictional or mutual aid agreement entered into pursuant to this part 7.

(II) All mobilized nonhost jurisdictions are eligible for expense reimbursement from the time of the mobilization declaration through demobilization.

(6) **Resource mobilization fund.** (a) There is hereby created in the state treasury the resource mobilization fund, which fund shall be administered by the executive director, in accordance with paragraph (b) of this subsection (6), to provide reimbursement to state agencies and jurisdictions mobilized by the executive director pursuant to this section. The executive director is authorized to seek and accept gifts, grants, reimbursements, or donations from private or public sources for the purposes of this section. The fund consists of all moneys that may be appropriated thereto by the general assembly, moneys that may be transferred pursuant to section 24-33.5-706 (4.5), and all private and public funds received through gifts, grants, reimbursements, or donations that are transmitted to the state treasurer and credited to the fund. All interest earned from the investment of moneys in the fund shall be credited to the fund. The moneys in the fund are hereby continuously appropriated for the purposes indicated in this section. Any moneys not expended at the end of the fiscal year shall remain in the fund and shall not be transferred to or revert to the general fund.

(b) The executive director shall use the moneys in the resource mobilization fund to provide reimbursement to state agencies and jurisdictions for incidents in accordance with the terms of the mobilization plan.

(c) Repealed.

(7) (a) Nothing in this section limits the powers of the governor during a disaster under 24-33.5-704.

(b) Except as expressly provided in this section, nothing in this section limits the eligibility of any nonhost jurisdiction for reimbursement of expenses incurred in providing resources for mobilization.

(c) Nothing in this section precludes a state or local governmental entity from seeking public assistance funding pursuant to the federal "Robert T. Stafford Disaster Relief and Emergency Assistance Act", as amended, 42 U.S.C. sec. 5121 et seq.

**24-33.5-705.5. Auxiliary emergency communications unit - powers and duties of unit and office of emergency management regarding auxiliary communications - definitions.** (1) As used in this section:

(a) "Auxiliary emergency communicator" means an amateur radio operator licensed by the United States federal communications commission pursuant to 47 CFR 97 who meets the training requirements and is credentialed by the office. An auxiliary emergency communicator meeting the requirements of this paragraph (a) serves as an authorized volunteer of the office for purposes of article 10 of this title.

(b) "Division" means the division of homeland security and emergency management created in section 24-33.5-1603.

(c) "Office" means the office of emergency management created in section 24-33.5-705 (1).

(d) "Unit" means the auxiliary emergency communications unit of the office.

(2) The auxiliary emergency communications unit is hereby established within the office. The unit is in the charge of the director of the office.

(3) The unit has the following powers and duties:

(a) Establish programs for the training and credentialing of auxiliary emergency communicators across the state, which training and credentialing is declared to be a matter of statewide concern. In connection with such training and credentialing, the use of the term "auxiliary emergency communications" within the state is limited to individuals, entities, associations, and units of local government that have been certified by the director of the office as meeting the training and credentialing requirements established by the department for auxiliary emergency communicators.

(b) Assume all of the duties and possess all of the authority and responsibilities of the radio amateur civil emergency service, referred to in this section as "RACES", 47 CFR 97.407, within the state. Any reference to RACES in any federal law or regulation, and any federal, state, or local government emergency or disaster plans is to be interpreted as referring to the unit, and the unit is the successor entity to any state RACES organization referenced in any such law, regulation, or plan. No other individual, entity, association, or government agency may represent that it is a state RACES organization.

(c) Ensure that auxiliary emergency communicators are authorized volunteers entitled to the protections and benefits of part 8 of this article 33.5 when assisting with the installation, maintenance, or demolition of communication facilities of any county sheriff, local government, local emergency planning committee, local emergency management agency, or state agency,

whether or not such activities occur during a disaster; except that sections 24-33.5-825 and 24-33.5-826 do not apply to a training exercise, drill, or class without the express prior consent and approval of the volunteer's employer.

(4) In connection with the powers and duties of the unit as specified in this section, the director of the office may:

(a) Develop and issue a credential that is recognized throughout the state for the purpose of granting access to government facilities, emergency operations centers, incident command posts, and disaster scenes;

(b) Conduct criminal background investigations on candidates for credentialing as auxiliary emergency communicators in accordance with the security needs of the department. When the results of a fingerprint-based criminal history record check of an applicant performed pursuant to this section reveal a record of arrest without a disposition, the director shall require that applicant to submit to a name-based criminal history record check, as defined in section 22-2-119.3 (6)(d). The unit may deny credentialing to any candidate based upon the results of a background check.

(c) Reimburse auxiliary emergency communicators for necessary travel and other reasonable expenses incurred in the performance of their duties, including projects, training, drills, exercises, and disaster response activities;

(d) Expend state moneys, including but not limited to grant moneys or moneys otherwise budgeted to the office, to enhance the communication infrastructure as necessary to supplement or reinforce the existing amateur radio systems and networks within the state for the purposes of maximizing disaster preparedness and response.

**24-33.5-706. Disaster emergency fund - established - financing - legislative intent - repeal.** (1) It is the intent of the general assembly and declared to be the policy of the state that funds to meet disaster emergencies shall always be available.

(2) (a) A disaster emergency fund is hereby established. The fund consists of any moneys appropriated by the general assembly, moneys transferred pursuant to subsections (2.5) and (4)(b) of this section, and moneys to reimburse expenditures from the fund that are transmitted to the state treasurer and credited to the fund. Moneys in the disaster emergency fund shall remain in the fund until expended or until transferred pursuant to subsection (2.5)(c), (4.3), or (4.5) of this section.

(b) Repealed.

(2.5) (a) The 2013 flood recovery account is hereby created in the disaster emergency fund. The account consists of money transferred in accordance with subsection (2.5)(b) of this section and any money that the general assembly specifically appropriates to the account. The money that is transferred or appropriated to the account is to be used for the costs associated

with the response and recovery from the flood that occurred in the state in 2013. The governor shall not use the money in the account for any other purpose.

(b) On July 1, 2017, the state treasurer shall transfer twelve million five hundred thousand dollars from the general fund to the 2013 flood recovery account in the disaster emergency fund.

(c) This subsection (2.5) is repealed, effective June 30, 2021. The state treasurer shall transfer any unexpended money remaining in the 2013 flood recovery account as of that date to the general fund.

(3) Repealed.

(4) (a) It is the legislative intent that first recourse be to money regularly appropriated to state and local agencies. If the governor finds that the demands placed upon this money in coping with a particular disaster are unreasonably great, the governor may make money available from the disaster emergency fund.

(b) If money available from the disaster emergency fund is insufficient, the governor may transfer to the fund and expend money appropriated for other purposes.

(4.3) If the disaster emergency fund is credited with reimbursements of moneys previously expended to cope with a particular disaster, to the extent that all or a portion of those moneys were transferred and expended by the governor pursuant to paragraph (b) of subsection (4) of this section, the governor may transfer moneys to the funds as repayment for the amounts the governor originally transferred from said funds to the disaster emergency fund.

(4.5) (a) The governor may, from time to time as the governor deems necessary based on his or her determination that a disaster emergency is imminent, direct the state treasurer to transfer, and the state treasurer shall transfer, moneys from the disaster emergency fund to the resource mobilization fund created in section 24-33.5-705.4 (6).

(b) The governor may, from time to time as the governor deems necessary based on his or her determination that a wildfire-related disaster emergency is imminent, direct the state treasurer to transfer, and the state treasurer shall transfer, moneys from the disaster emergency fund to the wildfire emergency response fund created in section 24-33.5-1226 (1).

(5) The director of the division of homeland security and emergency management is authorized to establish, pursuant to article 4 of this title 24, the rules that govern the reimbursement of funds to state agencies and political subdivisions and to promulgate such rules.

(6) Nothing in this section limits the governor's authority to apply for, administer, and expend grants, gifts, or payments in aid of disaster prevention, preparedness, response, or recovery.

(7) (a) No later than September 20, 2020, the office of state planning and budgeting shall submit a report to the joint budget committee of the expenditures from the fund during the last twelve months. Notwithstanding section 24-1-136 (11)(a), no later than the twentieth day of every third month thereafter, the office shall submit a report to the joint budget committee of the expenditures from the fund since the last report. The office shall separately identify expenditures by disaster, if there is more than one to be included in the report, and, for each disaster, the office shall identify:

- (I) Amounts and sources of any money transferred to the fund related to the disaster;
- (II) Total encumbrances for disasters at the time of the disaster emergency declaration;
- (III) State agencies that received funds and amounts received;
- (IV) Total expenditures by state agency; and

(V) A breakdown of expenditures.

(b) The office of state planning and budgeting shall post the reports required by subsection (7)(a) of this section on the office's website.

(8) The state auditor shall conduct or cause to be conducted a performance audit of the fund that is completed on December 1, 2022. On or before December 1, 2024, and December 1 of every second year thereafter, the state auditor shall conduct a financial audit of the fund for the two most recently completed fiscal years as of the date of the audit report.

(2) Amendments to subsection (2)(a) by Senate Bill 13-270 and House Bill 13-1282 were harmonized.

(3) Section 10(2)(b) of chapter 250, Session Laws of Colorado 2013, provides that amendments to subsection (4.5) take effect upon passage or the effective date of House Bill 13-1031, whichever is later, only if House Bill 13-1031 becomes law. Senate Bill 13-270 (chapter 250) was signed by the governor on May 23, 2013, and House Bill 13-1031 was signed by the governor on June 5, 2013.

**24-33.5-706.5. Hazard mitigation fund - established - financing - legislative intent.**

(1) The hazard mitigation fund is hereby created in the state treasury. The fund consists of money transferred to the fund pursuant to subsection (4) of this section and any other money that the general assembly may appropriate or transfer to the fund.

(2) The state treasurer shall credit all interest and income derived from the deposit and investment of money in the hazard mitigation fund to the fund.

(3) Money in the hazard mitigation fund is continuously appropriated to the department to assist local jurisdictions in obtaining the matching funds required for certain federal hazard mitigation grants.

(4) On June 15, 2021, if possible, or as soon as possible thereafter, the state treasurer shall transfer three million dollars from the wildfire preparedness fund established in section 24-33.5-1227 to the hazard mitigation fund.

**24-33.5-707. Local and interjurisdictional emergency management agencies and services.** (1) Each political subdivision is within the jurisdiction of and served by the office of emergency management and by a local or interjurisdictional emergency management agency responsible for the coordination of disaster preparedness, prevention, mitigation, response, and recovery.

(2) Each county shall maintain an emergency management agency or participate in a local or interjurisdictional emergency management agency that, except as otherwise provided under this part 7, has jurisdiction over and serves the entire county.

(3) The governor shall determine which municipal corporations need emergency management agencies of their own and require that they be established and maintained. The governor shall make such determination on the basis of the municipality's disaster vulnerability and capability of response and recovery related to population size and concentration. The emergency management agency of a county shall cooperate with the emergency management agencies of municipalities situated within its borders but shall not have jurisdiction within a municipality having its own emergency management agency. The office of emergency management shall publish and keep current a list of municipalities required to have emergency management agencies under this subsection (3).

(4) The minimum composition of an emergency management agency is a director or coordinator appointed and governed by the chief executive officer or governing body of the appointing jurisdiction. The director or coordinator is responsible for the planning, coordination, and execution of the local pre- and post-disaster services.

(5) Any provision of this part 7 or other law to the contrary notwithstanding, the governor may require a political subdivision to establish and maintain an emergency management agency jointly with one or more contiguous political subdivisions if the governor finds that the establishment and maintenance of an agency or participation therein is made necessary by circumstances or conditions that make it unusually difficult to provide disaster prevention, preparedness, mitigation, response, or recovery services under other provisions of this part 7.

(6) (Deleted by amendment, L. 2018.)

(7) The mayor, chairman of the board of county commissioners, or other principal executive officer of each political subdivision in the state shall notify the office of emergency management of the manner in which the political subdivision is providing or securing disaster preparedness, prevention, mitigation, response, and recovery services, identify the person who heads the agency or agencies from which the services are obtained, and furnish additional information relating thereto as the office of emergency management requires.

(8) Each local and interjurisdictional emergency management agency shall prepare and keep current a locally defined or interjurisdictional emergency management plan for its area, including provisions for the preparation, prevention, mitigation, response, and recovery from emergencies and disasters. Existing locally adopted recovery plans, plans approved by the office of emergency management or the federal emergency management agency, and other relevant emergency plans may be incorporated by reference, but only if those plans are specifically identified and publicly available.

(9) The local or interjurisdictional emergency management agency, as the case may be, shall prepare and distribute to all appropriate officials in written form a clear and complete statement of the emergency responsibilities of all local agencies and officials and of the disaster chain of command.

(10) The sheriff of each county shall:

(a) Be the official responsible for coordination of all search and rescue operations within the sheriff's jurisdiction;

(b) Make use of the search and rescue capability and resources available within the county and request assistance from the office of emergency management only when and if the sheriff determines such additional assistance is required.

(11) When authorized by the governor and executive director and approved by the director of the office of emergency management, expenses incurred in meeting contingencies and emergencies arising from search and rescue operations may be reimbursed from the disaster emergency fund.

(12) Any person providing information to a local or interjurisdictional emergency management agency may request, in writing, that such information be disseminated only to persons connected with or involved in the preparation, update, or implementation of any emergency management plan, and said information shall thereafter not be released to any person without the expressed written consent of the person providing the information.

**24-33.5-708. Establishment of interjurisdictional emergency management service area.** (1) If the governor finds that two or more adjoining counties would be better served by an interjurisdictional arrangement than by maintaining separate emergency management agencies and services, the governor may delineate by executive order an interjurisdictional area adequate to plan for, prevent, or respond to and recover from disasters in that area and direct steps to be taken as necessary, including the creation of an interjurisdictional relationship, a joint emergency management plan, mutual aid, or an area organization for emergency planning and services.

(2) A finding of the governor pursuant to subsection (1) of this section shall be based on one or more factors related to the difficulty of maintaining an efficient and effective disaster prevention, preparedness, response, and recovery system on a separate basis, such as:

(a) Small or sparse population;

(b) Limitations on public financial resources severe enough to make maintenance of a separate emergency management agency and services unreasonably burdensome;

(c) Unusual vulnerability to disaster as evidenced by a past history of disasters, topographical features, drainage characteristics, disaster potential, and presence of disaster-prone facilities or operations;

(d) The interrelated character of the counties in a multicounty area; and

(e) Other relevant conditions or circumstances.

(2.5) Nothing in this section limits a county's authority to enter into an interjurisdictional arrangement with one or more adjoining counties without action by the governor.

(3) If the governor finds that a vulnerable area lies only partly within this state and includes territory in another state or territory in a foreign jurisdiction and that it would be desirable to establish an interstate or international relationship or mutual aid or an area organization for disaster, the governor shall take steps to that end as desirable. If this action is taken with jurisdictions that have enacted the interstate civil defense and disaster compact, any resulting agreements may be considered supplemental agreements pursuant to article VI of such compact.

(4) Repealed.

**Editor's note:** This section is similar to former § 24-32-2108 as it existed prior to 2012.

**24-33.5-709. Local disaster emergencies.** (1) A local disaster may be declared only by the principal executive officer of a political subdivision. It shall not be continued or renewed for a period in excess of seven days except by or with the consent of the governing board of the political subdivision. Any order or proclamation declaring, continuing, or terminating a local disaster emergency shall be given prompt and general publicity and shall be filed promptly with the county clerk and recorder, city clerk, or other authorized record-keeping agency and with the office of emergency management.

(2) The effect of a declaration of a local disaster emergency is to activate the response and recovery aspects of any and all applicable local and interjurisdictional disaster emergency plans and to authorize the furnishing of aid and assistance under such plans.

(3) No interjurisdictional emergency management agency or official thereof may declare a local disaster emergency unless expressly authorized by the agreement pursuant to which the agency functions. An interjurisdictional emergency management agency shall provide aid and services in accordance with the agreement pursuant to which it functions.

**Editor's note:** This section is similar to former § 24-32-2109 as it existed prior to 2012.

**24-33.5-710. Disaster prevention, mitigation, and recovery.** (1) In addition to disaster prevention and mitigation measures as included in the state, local, and interjurisdictional emergency management plans, the governor shall consider steps that could be taken on a continuing basis to prevent or reduce the harmful consequences of and effectively recover from disasters. At the governor's direction, and pursuant to any other authority and competence they have, state agencies, including those charged with responsibilities in connection with floodplain management, stream encroachment and flow regulation, weather modification, fire prevention

and control, hazard mitigation, air quality, public works, land use and land-use planning, and construction standards, shall make studies of matters related to disaster prevention. The governor and the executive director, from time to time, shall make recommendations to the general assembly, local governments, and such other appropriate public and private entities as may facilitate measures for prevention or reduction of the harmful consequences of disasters.

(2) All state departments shall conduct studies and adopt measures to reduce the impact of, and actions contributory to, a disaster. The studies shall concentrate on means of reducing or avoiding the dangers caused by such occurrences or the consequences thereof. State departments shall provide information about the accomplishments and successes of these projects when requested by the office of emergency management or the Colorado resiliency office for reporting purposes.

(3) If the director of the office of emergency management believes, on the basis of the studies or other competent evidence, that an area is susceptible to a disaster of catastrophic proportions without adequate warning, that existing building standards and land-use controls in that area are inadequate and could add substantially to the magnitude of the disaster, and that changes in zoning regulations, other land-use regulations, or building requirements are essential in order to further the purposes of this section, the director shall specify the essential changes to the executive director and to the governor. If the governor, upon review of the recommendations, finds after public hearing that the changes are essential, the governor shall so recommend to the agencies or local governments with jurisdictions over the area and subject matter. If no action or insufficient action pursuant to the governor's recommendations is taken within the time specified by the governor, the governor shall so inform the general assembly and request legislative action appropriate to mitigate the impact of disaster.

(4) The governor, at the same time that the governor makes recommendations pursuant to subsection (3) of this section, may suspend the standard or control which the governor finds to be inadequate to protect the public safety and by regulation place a new standard or control in effect. The new standard or control shall remain in effect until rejected by joint resolution of both houses of the general assembly or amended by the governor. During the time it is in effect, the standard or control contained in the governor's regulation shall be administered and given full effect by all relevant regulatory agencies of the state and local governments to which it applies. The governor's action is subject to judicial review but shall not be subject to temporary stay pending litigation.

**Editor's note:** This section is similar to former § 24-32-2110 as it existed prior to 2012.

**24-33.5-711. Compensation - liability when combating grasshopper infestation.** (1) Each person within this state shall conduct himself or herself and keep and manage such person's affairs and property in ways that will reasonably assist and will not unreasonably detract from the ability of the state and the public successfully to meet disasters or emergencies. This obligation includes appropriate personal service and use or restriction on the use of property in time of disaster emergency. This part 7 neither increases nor decreases these obligations but

recognizes their existence under the constitution and statutes of this state and the common law. Compensation for services or for the taking or use of property shall be only to the extent that the obligations recognized in this subsection (1) are exceeded in a particular case and then only to the extent that the claimant has not volunteered such claimant's services or property without compensation.

(2) No personal services may be compensated by the state or any subdivision or agency thereof, except pursuant to statute or local law or ordinance.

(3) Compensation for property shall be made only if the property was commandeered or otherwise used in coping with a disaster emergency and its use or destruction was ordered by the governor or a member of the disaster emergency forces of this state.

(4) The amount of compensation shall be calculated in the same manner as compensation due for taking of property pursuant to eminent domain procedures, as provided in articles 1 to 7 of title 38, C.R.S.

(5) Nothing in this section applies to or authorizes compensation for the destruction or damaging of standing timber or other property in order to provide a firebreak or applies to the release of waters or the breach of impoundments in order to reduce pressure or other danger from actual or threatened flood.

(6) The state and its agencies and political subdivisions and the officers and employees of the state and its agencies and political subdivisions shall not be liable for any claim based upon the exercise or performance or the failure to exercise or perform an act relating to the combating of grasshopper infestation of this state except for negligence or willful disregard of the rights of others, and then only to the extent of one hundred thousand dollars for any injury to or damage suffered by one person and the sum of three hundred thousand dollars for an injury to or damage suffered by two or more persons in any single occurrence; except that, in such latter instance, no person may recover in excess of one hundred thousand dollars. This subsection (6) is the total extent of liability of the state and its agencies and political subdivisions and the officers and employees of the state and its agencies and political subdivisions with regard to the combating of grasshopper infestation of the state and abrogates any common-law cause of action thereto. Except to the extent of insurance coverage, no person acting as a contractor with the state or any of its political subdivisions, or any officer or employee of such contractor, shall be liable on any claim alleging strict liability on contract or tort for actions taken relating to combating grasshopper infestation of the state under this part 7 or under House Bill No. 1001, enacted at the second extraordinary session of the fifty-first general assembly in 1978.

**24-33.5-711.5. Governor's expert emergency epidemic response committee - compensation - liability.** (1) Neither the state nor the members of the expert emergency epidemic response committee designated or appointed pursuant to section 24-33.5-704.5 are liable for any claim based upon the committee's advice to the governor or the alleged negligent exercise or performance of, or failure to exercise or perform an act relating to an emergency epidemic. Liability against a member of the committee may be found only for wanton or willful

misconduct or willful disregard of the best interests of protecting and maintaining the public health. Damages awarded on the basis of such liability shall not exceed one hundred thousand dollars for any injury to or damage suffered by one person or three hundred thousand dollars for an injury to or damage suffered by three or more persons in the course of an emergency epidemic.

(2) The conduct and management of the affairs and property of each hospital, physician, health insurer or managed health-care organization, health-care provider, public health worker, or emergency medical service provider shall be such that they will reasonably assist and not unreasonably detract from the ability of the state and the public to successfully control emergency epidemics that are declared a disaster emergency. Such persons and entities that in good faith comply completely with board of health rules regarding the emergency epidemic and with executive orders regarding the disaster emergency shall be immune from civil or criminal liability for any action taken to comply with the executive order or rule.

(3) No personal services may be compensated by the state or any subdivision or agency of the state, except pursuant to statute or local law or ordinance.

(4) Compensation for property shall be made only if the property was commandeered or otherwise used in coping with an emergency epidemic that is declared by the governor or a member of the disaster emergency forces of this state.

(5) The amount of compensation shall be calculated in the same manner as compensation due for taking of property pursuant to eminent domain procedures, as provided in articles 1 to 7 of title 38, C.R.S.

**24-33.5-712. Telecommunications - intent.** The state telecommunications director, working in coordination with the division of homeland security and emergency management, shall ascertain what means exist for rapid and efficient telecommunications in times of disaster emergencies. Operational characteristics of the available systems of telecommunications shall be evaluated by the office, and recommendations for modifications shall be made to the state telecommunications director. It is the intent of this section that adequate means of telecommunications be available for use during disaster emergencies.

**24-33.5-713. Mutual aid.** (1) Political subdivisions not participating in interjurisdictional arrangements pursuant to this part 7 nevertheless shall be encouraged and assisted by the office of emergency management to conclude suitable arrangements for

furnishing mutual aid in coping with disasters. The arrangements shall include provision of aid by persons and units in public employ.

(2) In passing upon local disaster plans, the governor shall consider whether such plans contain adequate provisions for the rendering and receipt of mutual aid.

(3) It is a sufficient reason for the governor to require an interjurisdictional agreement or arrangement pursuant to section 24-33.5-708 that the area involved and political subdivisions therein have available equipment, supplies, and forces necessary to provide mutual aid on a regional basis and that the political subdivisions have not already made adequate provision for mutual aid; except that, in requiring the making of an interjurisdictional arrangement to accomplish the purpose of this section, the governor need not require establishment and maintenance of an interjurisdictional agency or arrangement for any other disaster purposes.

**24-33.5-714. Weather modification.** The office of emergency management shall keep continuously apprised of weather conditions that present danger of precipitation or other climatic activity severe enough to constitute a disaster. If the office of emergency management determines that precipitation that may result from weather modification operations, either by itself or in conjunction with other precipitation or climatic conditions or activity, would create or contribute to the severity of a disaster, it shall recommend to the executive director of the department of natural resources, empowered to issue permits for weather modification operations under article 20 of title 36, C.R.S., to warn those organizations or agencies engaged in weather modification to suspend their operations until the danger has passed or recommend that said executive director modify the terms of any permit as may be necessary.

**24-33.5-716. Interoperable communications among public safety radio systems - statewide plan - regional plans - governmental immunity - needs assessment - definitions.**

(1) As used in this section, unless the context otherwise requires:

(a) "Interoperable communications" means the ability of public safety agencies in various disciplines and jurisdictions to communicate on demand and in real time by voice or data using compatible radio communication systems or other technology.

(b) "Public safety agency" means an agency providing law enforcement, fire protection, emergency medical, or emergency response services.

(c) "Region" means an all-hazards emergency management region established by executive order of the governor.

(2) The executive director of the department of local affairs shall transfer to the executive director the tactical and long-term interoperable communications plan developed pursuant to former section 24-32-1116, as said section existed on June 30, 2012, to improve the ability of the public safety agencies of state government to communicate with public safety agencies of the federal government, regions, local governments, and other states. The executive director shall update and revise the plan no less than once every three years. The plan shall include measures to create and periodically test interoperability interfaces, provisions for training on communications systems and exercises on the implementation of the plan, and deadlines for implementation.

(3) (a) The executive director of the department of local affairs shall transfer to the executive director the tactical and long-term interoperable communications plan, adopted by each region pursuant to former section 24-32-1116, as said section existed on June 30, 2012, to improve communications among public safety agencies in the region and with public safety agencies of other regions, the state and federal governments, and other states. The plans shall include measures to create and periodically test interoperability interfaces, provisions for training on communications systems and exercises on the implementation of the plan, a strategy for integrating with the state digital trunked radio system, deadlines for implementation, and other elements required by the executive director. Each region shall submit to the executive director revised plans as such are updated.

(b) Each local government agency or private entity that operates a public safety radio system shall collaborate in the development and, as necessary, periodic revision of the tactical and long-term interoperable communications plan of the region in which it is located. Such tactical plans, and revisions thereto, shall be submitted to the executive director.

(c) A region that timely fails to submit a tactical and long-term interoperable communications plan or revisions thereto, or a local government agency that fails to collaborate in the development of or timely submit the plan, or a region or local government agency that fails to maintain current plans, shall be ineligible to receive homeland security or public safety grant moneys administered by the department of local affairs, department of public safety, or department of public health and environment until the region submits a plan to the executive director.

(4) A public safety agency shall not expend moneys received through the department on a mobile data communication system unless the system is capable of interoperable communications.

(5) The executive director shall not require a public safety agency to acquire the communications equipment of a particular manufacturer or provider as a condition of awarding grant moneys administered by the department.

(6) A public safety agency or an employee of a public safety agency acting in collaboration with another agency or person to create and operate an interoperable communications system shall have the same degree of immunity under the "Colorado Governmental Immunity Act", article 10 of this title, as the public safety agency or employee would have if not acting in collaboration with another agency or person.

(7) Repealed.

Reporting of federal funds.** (1) No later than December 1, 2021, and each December 1 thereafter, the state controller shall submit a report to the joint budget committee of all expenditures of federal funds received by the state that are used for costs associated with a disaster during the prior state fiscal year, excluding any federal funds included in the report required by section 24-33.5-706 (7). The state controller shall separately identify expenditures by disaster, if there is more than one in the prior fiscal year, and, for each disaster, the office shall identify:

(a) State agencies that received funds and amounts received;  
(b) Total expenditures by state agency;  
(c) A breakdown of expenditures for each state agency by fund source and program; and  
(d) If applicable, the fund designated by the general assembly as part of the state emergency reserve in accordance with section 24-77-104, in which the federal funds were deposited.

(2) The state controller may combine the report required by this section with the report required by section 24-33.5-706 (7).

(3) The state controller shall post the reports required by this section on the state controller's website.

## PART 8

## COMPENSATION BENEFITS TO VOLUNTEER CIVIL DEFENSE WORKERS

**Editor's note:** This part 8 was added in 1983. It was repealed in 1992 and was subsequently recreated and reenacted with relocations in 2012, resulting in the addition, relocation, or elimination of sections as well as subject matter. For amendments to this part 8 prior to 1992, consult the Colorado statutory research explanatory note beginning on page vii in the front of this volume. Former C.R.S. section numbers prior to 2012 are shown in editor's notes following those sections that were relocated.

**Cross references:** For the legislative declaration in the 2012 act recreating and reenacting this part 8, see section 1 of chapter 240, Session Laws of Colorado 2012.

**24-33.5-801. Legislative declaration.** It is the policy and purpose of this part 8 to provide a means of compensating volunteer civil defense workers who may suffer any injury as defined in section 24-33.5-802 (6) as a result of participation in civil defense service.

**Source: L. 2012:** Entire part RC&RE with relocations, (HB 12-1283), ch. 240, p. 1089, § 10, effective July 1.

**Editor's note:** This section is similar to former § 24-32-2201 as it existed prior to 2012.

**24-33.5-802. Definitions.** As used in this part 8, unless the context otherwise requires:

(1) "Accredited local organization for civil defense" means a local organization for civil defense that is certified by the office of emergency management as conforming with the "Plan and Program for the Civil Defense of this State" prepared by the governor of Colorado or under the governor's direction. A local organization for civil defense remains accredited only while the certificate of the Colorado state civil defense agency is in effect and is not revoked.

(1.5) "Adjusting agent" means the third-party workers' compensation insurer with which the office of emergency management contracts, in accordance with section 24-33.5-809, for the adjustment and disposition of claims and provision of compensation pursuant to this part 8.

(2) "Civil defense service" means all activities authorized by and carried on pursuant to the provisions of the "Colorado Disaster Emergency Act", part 7 of this article, including training necessary or proper to engage in such activities.

(3) "Civil defense worker" means any natural person who is registered with the office of emergency management or with a local organization for civil defense for the purpose of engaging in civil defense service pursuant to the provisions of this part 8 without pay or other consideration or is a physician, health-care provider, public health worker, or emergency medical service provider who is ordered by the governor or a member of the disaster emergency forces of this state to provide specific medical or public health services during and related to an emergency epidemic and who complies with such an order without pay or other consideration.

(4) "Disaster" has the meaning set forth in section 24-33.5-703.

(5) "Emergency volunteer service" means all activities authorized and carried out by a volunteer who is a member of a qualified volunteer organization as directed by a county sheriff, local government, local emergency planning committee, or state agency in the event of disaster

or during a training exercise, drill, or class conducted in preparation for a disaster, which exercise, drill, or class is organized or under the direction of such county sheriff, local government, local emergency planning committee, or state agency.

(6) "Injury" means and includes all accidental injuries and all occupational diseases recognized and compensated by the "Workers' Compensation Act of Colorado", articles 40 to 47 of title 8, C.R.S., as well as any illness that is caused by an emergency epidemic declared to be a disaster emergency.

(7) "Local emergency planning committee" means a committee that meets the criteria specified in section 24-33.5-1504.

(8) "Local organization for civil defense" means a public agency which is empowered to register and direct the activities of civil defense workers within the area of the county or city or any part thereof and is thus, because of such registration and direction, acting as an instrumentality of the state in aid of the carrying out of the general governmental functions and policy of the state and includes a local organization for civil defense established by ordinance.

(9) "Qualified volunteer" means a volunteer who meets the criteria specified in section 24-33.5-824 (1).

(10) "Volunteer" means a volunteer who is a member of a volunteer organization and provides volunteer services through the organization in the event of a disaster.

(11) "Volunteer organization" means an organization that provides emergency services on a state or local level pursuant to this part 8.

**Cross references:** For the legislative declaration in HB 16-1040, see section 1 of chapter 233, Session Laws of Colorado 2016.

**24-33.5-803. Compensation for injury limited.** Except as provided in this part 8, a civil defense worker and such civil defense worker's dependents have no right to receive compensation from the state, from the office of emergency management, from the local organization for civil defense with which such civil defense worker is registered, or from the county or city which has empowered the local organization for civil defense to register such civil defense worker and direct such civil defense worker's activities for an injury arising out of and occurring in the course of such civil defense worker's activities as a civil defense worker.

**Editor's note:** This section is similar to former § 24-32-2203 as it existed prior to 2012.

**24-33.5-804. Compensation provided is exclusive.** Compensation provided by this part 8, as limited by this part 8, is the exclusive remedy of a civil defense worker or such civil

defense worker's dependents for injury or death arising out of and in the course of such civil defense worker's activities as a civil defense worker as against the state, the office of emergency management, the local organization for civil defense with which such civil defense worker is registered, and the county or city that has empowered the local organization for civil defense to register such civil defense worker and direct such civil defense worker's activities. Liability for the compensation provided by this part 8, as limited by this part 8, is in lieu of any other liability whatsoever to a civil defense worker or such civil defense worker's dependents or any other person on the part of the state, the office of emergency management, the local organization for civil defense with which the civil defense worker is registered, and the county or city that has empowered the local organization for civil defense to register such civil defense worker and direct such civil defense worker's activities for injury or death arising out of and in the course of such civil defense worker's activities as a civil defense worker.

**Editor's note:** This section is similar to former § 24-32-2204 as it existed prior to 2012.

**24-33.5-805. Compensation for death or injury.** (1) Compensation shall be furnished to a civil defense worker either within or without the state for any injury arising out of and occurring in the course of such civil defense worker's activities as a civil defense worker and for the death of any such worker if the injury proximately causes death in those cases where the following conditions occur:

(a) Where, at the time of the injury, the civil defense worker is performing services as a civil defense worker and is acting within the course of such civil defense worker's duties as a civil defense worker;

(b) Where, at the time of the injury, the local organization for civil defense with which the civil defense worker is registered is an accredited local organization for civil defense. If the civil defense worker is registered with the office of emergency management and is at the time of the injury performing services for said office and is acting within the course of such civil defense worker's duties as a civil defense worker for said office, registration with an accredited local organization for civil defense is not required.

(c) Where the injury is proximately caused by such civil defense worker's service as a civil defense worker, either with or without negligence;

(d) Where the injury is not caused by the intoxication of the injured civil defense worker;

(e) Where the injury is not intentionally self-inflicted.

**Editor's note:** This section is similar to former § 24-32-2205 as it existed prior to 2012.

**24-33.5-806. Benefits limited to appropriation.** No compensation or benefits shall be paid or furnished to civil defense workers or their dependents pursuant to this part 8 except from

moneys appropriated for the purpose of furnishing compensation and benefits to civil defense workers and their dependents. Liability for the payment or furnishing of compensation and benefits is dependent upon and limited to the availability of moneys so appropriated.

**24-33.5-806.5. Auxiliary emergency communications unit of the office of emergency management - qualified volunteers - protections and benefits.** Notwithstanding any other provision of this part 8, any credentialed member of the auxiliary emergency communications unit of the office of emergency management created by section 24-33.5-705 (1) is a qualified volunteer for purposes of this part 8 and article 10 of this title and is eligible to receive the protections and benefits specified in this part 8 and in article 10 of this title.

**Cross references:** For the legislative declaration in HB 16-1040, see section 1 of chapter 233, Session Laws of Colorado 2016.

**24-33.5-807. Benefits depend on reserve.** After all moneys appropriated are expended or set aside in bookkeeping reserves for the payment or furnishing of compensation and benefits and reimbursing the adjusting agent for its services, the payment or furnishing of compensation and benefits for an injury to a civil defense worker or such civil defense worker's dependents is dependent upon there having been a reserve set up for the payment or furnishing of compensation and benefits to such civil defense worker or such civil defense worker's dependents for that injury, and liability is limited to the amount of the reserve. The excess in a reserve for the payment or furnishing of compensation and benefits or for reimbursing the adjusting agent for its services may be transferred to reserves of other civil defense workers for the payment or furnishing of compensation and benefits and reimbursing the adjusting agent fund or may be used to set up reserves for other civil defense workers.

**Editor's note:** This section is similar to former § 24-32-2207 as it existed prior to 2012.

**24-33.5-808. Workers' compensation law applies.** Insofar as not inconsistent with this part 8, the "Workers' Compensation Act of Colorado" applies to civil defense workers and their dependents and to the furnishing of compensation and medical, dental, and funeral benefits to them or their dependents. "Employee", as used in said act, includes a civil defense worker when liability for the furnishing of the compensation and benefits exists pursuant to this part 8 and as limited by this part 8. Where liability for compensation and benefits exists, such compensation

and benefits shall be provided in accordance with the applicable provisions of the "Workers' Compensation Act of Colorado" and at the maximum rate provided therein, subject to the limitations set forth in this part 8.

**Source: L. 2012:** Entire part RC&RE with relocations, (HB 12-1283), ch. 240, p. 1091, § 10, effective July 1.

**Editor's note:** This section is similar to former § 24-32-2208 as it existed prior to 2012.

**24-33.5-809. Agreement for disposition of claims.** The office of emergency management and the adjusting agent shall enter into an agreement requiring the adjusting agent to adjust and dispose of claims and furnish compensation to civil defense workers and their dependents. The agreement must authorize the adjusting agent to make all expenditures, including payments to claimants for compensation or for the adjustment or settlement of claims. Nothing in this part 8 means that the adjusting agent or its officers or agents have the final decision with respect to the compensability of any case or the amount of compensation or benefits due. Any civil defense worker or the civil defense worker's dependents have the same right to hearings before the division of labor standards and statistics in the department of labor and employment and its referees, and to appeal from awards of the division and referees to the industrial claim appeals panel and to the courts, as is provided in the hearing and review procedures of the "Workers' Compensation Act of Colorado", article 43 of title 8, C.R.S., subject to the limitations prescribed in this part 8.

**Editor's note:** This section is similar to former § 24-32-2209 as it existed prior to 2012.

**24-33.5-810. Reimbursement of fund.** The agreement entered into pursuant to section 24-33.5-809 shall provide that the adjusting agent shall be reimbursed for its expenditures made as adjusting agent and for the cost of services rendered, which reimbursement shall be made out of moneys appropriated for the purpose of furnishing compensation to civil defense workers. The reimbursement for cost of services rendered shall not exceed twelve and one-half percent of the total expenditures for medical and dental treatment and disability and death payments made by the adjusting agent in the adjustment of claims arising under this part 8. The agreement shall provide for the setting up of bookkeeping reserves in order that provisions may be made for the reimbursement of the adjusting agent and that liability for the payment or furnishing of compensation may be determined. The agreement shall also provide that the adjusting agent shall be notified promptly by the office of emergency management when a local organization for civil defense is certified as an accredited local organization for civil defense and when the certification is revoked.

**24-33.5-811. Parties to agreement.** An accredited local organization for civil defense and the county, town, or city which has empowered the local organization for civil defense to register and direct activities of civil defense workers automatically become parties to the agreement entered into pursuant to section 24-33.5-809 upon the local organization for civil defense becoming an accredited local organization for civil defense.

**24-33.5-812. Other provisions of agreement.** The agreement entered into pursuant to section 24-33.5-809 may also contain any other provision not inconsistent with this part 8 deemed necessary by the office of emergency management and the adjusting agent for the furnishing of compensation to civil defense workers and their dependents in accordance with the provisions of this part 8 and the services provided by the adjusting agent. The agreement may be modified by action of the office of emergency management and the adjusting agent.

**Editor's note:** This section is similar to former § 24-32-2212 as it existed prior to 2012.

**24-33.5-813. Power of recovery - use of recovered amounts.** The adjusting agent may, in its own name or in the name of the office of emergency management, or both, do any and all things necessary to recover on behalf of the office of emergency management any and all amounts that an employer or insurance carrier might recover under section 8-41-203, C.R.S. All amounts so recovered shall be used for the furnishing of compensation benefits, and the agreement entered into pursuant to section 24-33.5-809 shall provide for the reimbursing of the adjusting agent for expenses incurred in recovering such amounts and the manner in which such amounts shall be applied to the furnishing of compensation.

**24-33.5-814. Federal benefits deducted.** Should the United States government or any agent thereof, in accordance with any federal statute or rule or regulation, furnish monetary assistance, benefits, or other temporary or permanent relief to civil defense workers or their dependents for injuries arising out of and occurring in the course of their activities as civil defense workers, the amount of compensation which any civil defense worker or such civil defense worker's dependents are otherwise entitled to receive from the state of Colorado as

provided in this part 8 shall be reduced by the amount of monetary assistance, benefits, or other temporary or permanent relief such civil defense worker or such civil defense worker's dependents have received and will receive from the United States or any agent thereof as a result of the injury.

**24-33.5-815. State medical aid denied - when.** If, in addition to monetary assistance, benefits, or other temporary or permanent relief, the United States government or any agent thereof furnishes medical, surgical, or hospital treatment or any combination thereof to an injured civil defense worker, such civil defense worker has no right to receive similar medical, surgical, or hospital treatment as provided in this part 8; except that the adjusting agent, as adjusting agent of the office of emergency management, may furnish medical, surgical, or hospital treatment as part of the compensation provided under this part 8.

**Editor's note:** This section is similar to former § 24-32-2215 as it existed prior to 2012.

**24-33.5-816. Medical benefits as part of compensation.** If, in addition to monetary assistance, benefits, or other temporary or permanent relief, the United States government or any agent thereof will reimburse a civil defense worker or such civil defense worker's dependents for medical, surgical, or hospital treatment or any combination thereof furnished to such injured civil defense worker, the civil defense worker has no right to receive similar medical, surgical, or hospital treatment as provided in this part 8; except that the adjusting agent, as adjusting agent of the office of emergency management, may furnish medical, surgical, or hospital treatment as part of the compensation provided under this part 8 and apply to the United States government or its agent for the reimbursement that will be made to the civil defense worker or such civil defense worker's dependents. As a condition to the furnishing of such medical, surgical, or hospital treatment, the adjusting agent shall require the civil defense worker and such civil defense worker's dependents to assign to the state of Colorado, for the purpose of reimbursing for any medical, surgical, or hospital treatment furnished or to be furnished by the state, any privilege or right the civil defense worker or such civil defense worker's dependents may have to reimbursement from the United States government or any agent thereof.

**24-33.5-818. Classes of workers - registration - duties.** The division of homeland security and emergency management shall establish by rule various classes of civil defense workers and the scope of the duties of each class. The division of homeland security and emergency management shall also adopt rules prescribing the manner in which civil defense workers of each class are to be registered. All such rules shall be designed to facilitate the paying of workers' compensation.

**24-33.5-820. Accredited status lost - when.** If an accredited local organization for civil defense fails to comply with the rules of the division of homeland security and emergency management in any material degree, the division of homeland security and emergency management may revoke the certification, and upon the act of revocation the local organization for civil defense shall lose its accredited status. It may again become an accredited local

organization for civil defense in the same manner as is provided for a local organization for civil defense that has not had its certificate revoked.

**24-33.5-822. County sheriff - local government - local emergency planning committee - memorandum of understanding with volunteer organizations.** (1) Any county sheriff, the director of any local government, any local emergency planning committee, or any state agency may develop and enter into a memorandum of understanding with one or more volunteer organizations, including but not limited to the Colorado mounted rangers, to assist the county sheriff, local government, local emergency planning committee, or state agency in providing services as required.

(2) A memorandum of understanding between a county sheriff, a local government, a local emergency planning committee, or a state agency and a volunteer organization may include the following information:

(a) The circumstances under which the county sheriff, local government, local emergency planning committee, or state agency may request the services of the volunteer organization;

(b) The circumstances under which the volunteer organization may accept or refuse the request for assistance by the county sheriff, local government, local emergency planning committee, or state agency;

(c) The party that will be responsible for any costs incurred by the volunteer organization in the course of assisting the county sheriff, local government, local emergency planning committee, or state agency;

(d) The specific training or certification required for volunteers who are members of the volunteer organization to be authorized to assist the county sheriff, local government, local emergency planning committee, or state agency;

(e) The duration of the memorandum of understanding;

(f) Provisions for amending the memorandum of understanding; and

(g) Any other information deemed necessary by the county sheriff, local government, local emergency planning committee, or state agency or by the volunteer organization.

(3) If national or statewide training and certification standards exist for a certain organization or certain type of volunteer, the existing standards shall be used in a memorandum of understanding created pursuant to this section.

(4) The most current version of the state of Colorado intergovernmental agreement for emergency management may be used as the memorandum of understanding pursuant to this section.

(5) A member of the Colorado mounted rangers and any other volunteer organization lending assistance to a county sheriff, local government, local emergency planning committee, or state agency pursuant to this section is an authorized volunteer for the purposes of article 10 of this title.

(6) The executive director of the department of public safety created in section 24-33.5-103, the director of the Colorado bureau of investigation created in section 24-33.5-401, the executive director of the department of corrections created in section 24-1-128.5, the division of emergency management created by part 21 of this article, the division of homeland security created in section 24-33.5-1603, and a county sheriff, police chief, town marshal, or any other law enforcement organization certified pursuant to the provisions of article 2.5 of title 16, C.R.S., who enters into a memorandum of understanding pursuant to this section with the Colorado mounted rangers or a member of the Colorado mounted rangers is solely responsible for, and in direct control of, the performance of any Colorado mounted ranger, including incurring any and all liabilities for misconduct, and is responsible for addressing any misconduct as if the Colorado mounted ranger was a full-time employee of the organization.

**24-33.5-823. Qualified volunteer organization list - creation - nomination of organizations.** (1) Any volunteer who is associated with a qualified volunteer organization pursuant to this section may be eligible to receive the protections and benefits specified in this

part 8 and in article 10 of this title. The executive director of the department or the executive director's designee shall create and maintain a list of volunteer organizations that shall be known as the "qualified volunteer organization list".

(2) Any county sheriff, local government, local emergency planning committee, or state agency may nominate a volunteer organization with which it enters into a memorandum of understanding pursuant to section 24-33.5-822 to be included on the qualified volunteer organization list created and maintained pursuant to subsection (1) of this section.

**24-33.5-824. Volunteers - provision of emergency services - protections - benefits.**

(1) A volunteer shall be allowed to receive the benefits and protections specified in this part 8 and pursuant to article 10 of this title if the volunteer is determined to be a qualified volunteer pursuant to this section. A volunteer shall be deemed a qualified volunteer if:

(a) The volunteer is a member of a volunteer organization that enters into a memorandum of understanding with a county sheriff, local government, local emergency planning committee, or state agency pursuant to section 24-33.5-822;

(b) The volunteer organization of which the volunteer is a member is included on the qualified volunteer organization list created and maintained by the department pursuant to section 24-33.5-823;

(c) The volunteer is called to service through the volunteer organization under the authority of the county sheriff, local government, local emergency planning committee, or state agency to volunteer in a disaster or during a training exercise, drill, or class conducted in preparation for a disaster, which exercise, drill, or class is organized or under the direction of such county sheriff, local government, local emergency planning committee, or state agency; except that the provisions of sections 24-33.5-825 and 24-33.5-826 do not apply to a training exercise, drill, or class without the express prior consent and approval of the volunteer's employer; and

(d) The volunteer receives the appropriate verification pursuant to subsection (2) of this section.

(2) The executive director of the department or the executive director's designee shall create a system whereby a volunteer may obtain proof to provide to his or her employer that specifies:

(a) The volunteer was called to service by a volunteer organization for the purpose of assisting in a disaster or during a training exercise, drill, or class conducted in preparation for a disaster, which exercise, drill, or class is organized or under the direction of such county sheriff, local government, local emergency planning committee, or state agency; except that the provisions of sections 24-33.5-825 and 24-33.5-826 do not apply to a training exercise, drill, or class without the express prior consent and approval of the volunteer's employer;

(b) The volunteer reported for service and performed the activities required of him or her by the volunteer organization; and

(c) The number of days of service that the volunteer provided.

**24-33.5-825. Qualified volunteers - leave of absence - public employees.** (1) Any qualified volunteer who is an officer or employee of the state or of any political subdivision, municipal corporation, or other public agency of the state and who is called into service by a volunteer organization is entitled to a leave of absence from the qualified volunteer's employment for the time when the qualified volunteer is serving, without loss of pay, seniority, status, efficiency rating, vacation, sick leave, or other benefits. The leave without loss of pay that is allowed pursuant to this section shall not exceed a total of fifteen workdays in any calendar year; except that such leave without loss of pay shall be allowed only if the required volunteer service is satisfactorily performed, which shall be presumed unless the contrary is established.

(2) The leave allowed pursuant to subsection (1) of this section shall be allowed only if the qualified volunteer returns to his or her public position the next scheduled workday after being relieved from emergency volunteer service; except that leave shall be allowed pursuant to subsection (1) of this section if the employee is unable to return to work due to injury or circumstances beyond the employee's control and the employee notifies the employer as soon as practicable, but prior to the next scheduled workday.

(3) A state agency or any political subdivision, municipal corporation, or other public agency of the state may hire a temporary employee to fill a vacancy created by a leave of absence allowed pursuant to subsection (1) of this section.

(4) Upon returning from a leave of absence allowed pursuant to this section, a qualified volunteer is entitled to return to the same position and classification held by the qualified volunteer before the leave of absence for the emergency volunteer service or to the position, including the geographic location of the position, and classification that the qualified volunteer would have been entitled to if the qualified volunteer did not take a leave of absence for the emergency volunteer service.

(5) A qualified volunteer who is an officer or employee of the state or of any political subdivision, municipal corporation, or other public agency of the state, receiving a leave of absence pursuant to this section, and having rights in any state, municipal, or other public pension, retirement, or relief system shall retain all of the rights accrued up to the time of taking the leave and shall have all rights subsequently accruing under such system as if the qualified volunteer did not take the leave. Any increase in the amount of money benefits accruing with respect to the time of the leave is dependent upon the payment of any contributions or assessments, and the right to the increase is dependent upon the payment of contributions or assessments within a reasonable time after the termination of the leave and upon such terms as the authorities in charge of the system may prescribe.

(6) Notwithstanding this section, an employer shall not be required to provide leave pursuant to this section to more than twenty percent of the employer's employees on any workday.

(7) Notwithstanding this section, an employer shall not be required to allow leave pursuant to this section for any employee designated as an essential employee. For the purposes of this subsection (7), "essential employee" means an employee who the employer deems to be essential to the operation of the employer's daily enterprise and whose absence would likely cause the employer to suffer economic injury.

**Editor's note:** This section is similar to former § 24-32-2225 as it existed prior to 2012.

**24-33.5-826. Qualified volunteers - leave of absence - private employees.** (1) Any qualified volunteer who is employed by a private employer and who is called into service by a volunteer organization for a disaster is entitled to a leave of absence from the qualified volunteer's employment, other than employment of a temporary nature, for the time when the qualified volunteer is serving. The leave allowed for a qualified volunteer pursuant to this section shall not exceed a total of fifteen workdays in any calendar year, and the leave shall be allowed only if the volunteer is called into service for a disaster and provides proof that he or she is a qualified volunteer pursuant to section 24-33.5-824 (2).

(2) The leave of absence allowed pursuant to this section shall be construed as an absence with leave and without pay and shall not affect the qualified volunteer's rights to vacation, sick leave, bonus, advancement, or other employment benefits or advantages relating to and normally to be expected for the qualified volunteer's particular employment.

(3) The leave of absence pursuant to subsection (1) of this section shall be allowed only if the qualified volunteer returns to his or her employment as soon as practicable after being relieved from emergency volunteer service.

(4) The employer of a qualified volunteer who takes a leave of absence from employment to engage in emergency volunteer service shall, upon the qualified volunteer's completion of the emergency volunteer service, restore the qualified volunteer to the position the volunteer held prior to the leave of absence or to a similar position.

(5) Notwithstanding this section, an employer shall not be required to provide leave pursuant to this section to more than twenty percent of the employer's employees on any workday.

(6) Notwithstanding this section, an employer shall not be required to allow leave pursuant to this section for any employee designated as an essential employee. For the purposes of this subsection (6), "essential employee" means an employee who the employer deems to be essential to the operation of the employer's daily enterprise, whose absence would likely cause the employer to suffer economic injury, or whose duties include assisting in disaster recovery for the employer.

## PART 9

### CIVIL DEFENSE LIABILITY - PUBLIC OR PRIVATE

**Editor's note:** This part 9 was added in 1983. It was repealed in 1992 and was subsequently recreated and reenacted with relocations in 2012, resulting in the addition, relocation, or elimination of sections as well as subject matter. For amendments to this part 9 prior to 1992, consult the Colorado statutory research explanatory note beginning on page vii in the front of this volume. Former C.R.S. section numbers prior to 2012 are shown in editor's notes following those sections that were relocated.

**Cross references:** For the legislative declaration in the 2012 act recreating and reenacting this part 9, see section 1 of chapter 240, Session Laws of Colorado 2012.

**24-33.5-901. Short title.** This part 9 shall be known and may be cited as the "Civil Defense Liability Act".

**Source: L. 2012:** Entire part RC&RE with relocations, (HB 12-1283), ch. 240, p. 1099, § 10, effective July 1.

**Editor's note:** This section is similar to former § 24-32-2301 as it existed prior to 2012.

**24-33.5-902. Legislative declaration - no private liability.** (1) It is declared to be the policy of the general assembly to encourage the owners of any building, mine, structure, or other real estate to make such property available, without compensation, for civil defense, and for that purpose this section is enacted.

(2) No person, limited liability company, partnership, corporation, or association shall be civilly liable, except for willful and wanton acts, for the death or injury of any person or the injury to or loss of any property which may occur in or on the property of such person, limited liability company, partnership, corporation, or association resulting from any preparation, drill, exercise, use in an official alert, or inspection incidental to a civil defense activity. This exemption from liability extends to any owner, tenant, lessee, assignee, or successor in interest of any property used for civil defense purposes, together with his or her personal representatives, heirs, successors, and assigns.

**Editor's note:** This section is similar to former § 24-32-2302 as it existed prior to 2012.

**24-33.5-903. State liability.** All legal liabilities for damages, not only to property under the constitution of the state of Colorado but also for death or injury to any person, except a civil defense worker regularly enrolled and acting as such, caused by acts done or attempted under the color of the "Colorado Disaster Emergency Act", part 7 of this article, in a bona fide attempt to comply therewith, shall be the obligation of the state of Colorado. Permission is given for suits against the state for recovery of compensation in that behalf, and for the indemnification of any person appointed and regularly enrolled as a civilian defense worker while actually engaged in civil defense duties or as a member of any agency of the state or political subdivision thereof engaged in civilian defense activity, or such person's dependents, as an aspect of damage done to such person's private property, or judgment against such person for acts done in good faith attempts in compliance with this part 9. The foregoing shall not be construed to result in indemnification in any case of willful misconduct, gross negligence, or bad faith on the part of any agent of civilian defense. Should the United States government or any agency thereof, in accordance with any federal statute, rule, or regulation, provide for the payment of damages to property or for death or injury as provided for in this section, then and in that event, there shall be no liability or obligation whatsoever upon the part of the state of Colorado for any such damage, death, or injury for which the United States government assumes liability.

**Editor's note:** This section is similar to former § 24-32-2303 as it existed prior to 2012.

**24-33.5-904. Recovery for personal injury.** (1) Recovery for the injury or death of persons appointed and regularly enrolled in a civil defense organization as contemplated by the "Colorado Disaster Emergency Act", part 7 of this article, while actually engaged in civil defense duties shall be limited to the provisions of the "Workers' Compensation Act of Colorado", articles 40 to 47 of title 8, C.R.S. If such persons are regularly employed by the state of Colorado or its political subdivisions, and, if such persons are volunteer civil defense workers, shall be limited as otherwise provided by statute.

(2) Subsection (1) of this section shall not affect the right of any person to receive benefits or compensation to which such person might be entitled under any workers' compensation or pension law or any act of congress.

**24-33.5-1104. Temporary housing for disaster victims.** (1) Whenever the governor has proclaimed a disaster emergency under the laws of this state or the president of the United States has declared an emergency or a major disaster to exist in this state, the governor is authorized:

(a) To enter into purchase, lease, or other arrangements with any agency of the United States for temporary housing units to be occupied by disaster victims and to make such units available to any political subdivision of the state;

(b) To assist any political subdivision of the state which is the locus of temporary housing for disaster victims to acquire sites necessary for such temporary housing and to do all things required to prepare such sites to receive and utilize temporary housing units by:

(I) Advancing or lending funds available to the governor from any appropriation made by the general assembly or from any other source;

(II) Passing through funds made available by any agency, public or private; or

(III) Becoming a copartner with the political subdivision for the execution and performance of any temporary housing project for disaster victims; and

(c) Under such rules as the governor shall prescribe, to temporarily suspend or modify for not to exceed sixty days any public health, safety, zoning, transportation within or across the state, or other requirement of law or regulation within this state when by proclamation the governor deems such suspension or modification essential to provide temporary housing for disaster victims.

(2) Any political subdivision of the state is expressly authorized to acquire, temporarily or permanently, by purchase, lease, or otherwise, sites required for installation of temporary housing units for disaster victims and to enter into whatever arrangements, including purchase of temporary housing units and payment of transportation charges, which are necessary to prepare or equip such sites to utilize the housing units.

**24-33.5-1105. Debris removal.** (1) Whenever the governor has declared a disaster emergency to exist under the laws of this state or the president of the United States, at the request of the governor, has declared a major disaster or emergency to exist in this state, the governor is authorized:

(a) Notwithstanding any other law, through the use of state departments or agencies or the use of any of the state's instrumentalities, to clear or remove from publicly or privately owned land or water debris and wreckage which may threaten public health or safety or public or private property; and

(b) To accept funds from the federal government and to utilize such funds to make grants to any local government for the purpose of removing debris or wreckage from publicly or privately owned land or water.

(2) Authority under this part 11 shall not be exercised unless the affected local government, corporation, organization, or individual first presents an unconditional authorization for removal of such debris or wreckage from public or private property and, in the case of removal of debris or wreckage from private property, first agrees to indemnify the state government against any claim arising from such removal.

(3) Whenever the governor provides for clearance of debris or wreckage pursuant to subsections (1) and (2) of this section, employees of the designated state agencies or individuals appointed by the state are authorized to enter upon private land or water and perform any tasks necessary to removal or clearance operations.

**24-33.5-1107. Community loans.** (1) Whenever, at the request of the governor, the president of the United States has declared a major disaster to exist in this state, the governor is authorized:

(a) Upon the governor's determination that a local government of the state will suffer a substantial loss of tax and other revenues from a major disaster and has demonstrated a need for

financial assistance to perform its governmental functions, to apply to the federal government, on behalf of the local government, for a loan and to receive and disburse the proceeds of any approved loan to any local government making application therefor;

(b) To determine the amount needed by any local government making application therefor to restore or resume its governmental functions and to certify the same to the federal government; except that no application shall exceed twenty-five percent of the annual operating budget of the applicant for the fiscal year in which the major disaster occurs;

(c) To recommend to the federal government, based upon the governor's review, the cancellation of all or any part of repayment when, in the first period of three full fiscal years following the major disaster, the revenues of the local government are insufficient to meet its operating expenses, including additional disaster-related expenses of a municipal character; and

(d) To determine the percentage at which the state and a local government will contribute moneys to cover the nonfederal cost share required by the federal "Robert T. Stafford Disaster Relief and Emergency Assistance Act", as amended, 42 U.S.C. sec. 5121 et seq., required by the federal highway administration pursuant to 23 U.S.C. sec. 125, or required by any other federal law in order to receive federal disaster relief funds. After making such a determination, the governor may amend the percentage at which the state and local government will contribute moneys to the nonfederal cost share based on the needs of the individual local governments. As soon as practicable after making or amending such a determination, the governor shall notify the joint budget committee of the source and amount of state moneys that will be contributed to cover a nonfederal cost share pursuant to this paragraph (d).

## PART 12

### DIVISION OF FIRE PREVENTION AND CONTROL

**Editor's note:** Prior to the enactment of this article, the substantive provisions of this part 12 relating to a voluntary certification program for firefighters were located in part 11 of article 32 of this title.

**24-33.5-1201. Division of fire prevention and control - creation - public school construction and inspection section - health facility construction and inspection section - legislative declaration.** (1) (a) There is hereby created within the department the division of fire prevention and control. The head of the division is the director of the division of fire prevention and control. The executive director shall appoint the director pursuant to section 13 of article XII of the state constitution. Only those persons meeting the qualifications described in paragraph (b) of this subsection (1) are eligible for appointment.

(b) Pursuant to this part 12, the director is responsible for the delivery, management, and administration of fire protection and life safety-related codes and standards, fire investigations, fire safety education for the public, and fire prevention services for the state. In order to be eligible for appointment as director, a person must be qualified in both structural and wildland fire suppression, mitigation, and prevention, have at least ten years of experience in an organized career fire department, and meet, or will meet within one year of hire, the job performance requirements specified in the national fire protection association's standard 1037 as the professional qualifications for fire marshal.

(c) (I) Whenever the division of fire safety is referred to or designated by any contract or other document, the reference or designation applies to the division of fire prevention and control.

(II) (A) Whenever any law refers to the division of fire safety, that law shall be construed as referring to the division of fire prevention and control.

(B) The revisor of statutes is authorized to change all references in the Colorado Revised Statutes to the division of fire safety from such reference to the division of fire prevention and control. In connection with such authority, the revisor of statutes is hereby authorized to amend or delete provisions of the Colorado Revised Statutes so as to make the statutes consistent with the powers, duties, and functions transferred pursuant to this article.

(2) The division, the office of the director, the advisory board created by section 24-33.5-1204, and the board of appeals created by section 24-33.5-1213.7 shall exercise their powers and perform their duties and functions under the department of public safety and the executive director as if the same were transferred to the department by a **type 2** transfer, as such transfer is defined in the "Administrative Organization Act of 1968", article 1 of this title.

(3) (a) There is hereby created within the division the public school construction and inspection section to implement the provisions of sections 22-32-124 (2) and 23-71-122 (1)(v), C.R.S., and to administer and enforce the codes in accordance with sections 24-33.5-1213 and 24-33.5-1213.3. The public school construction and inspection section shall perform its duties and functions under the division and the executive director as if the same were transferred to the department by a **type 2** transfer, as such transfer is defined in the "Administrative Organization Act of 1968", article 1 of this title.

(b) The executive director shall appoint such employees as are necessary to carry out the duties and exercise the powers specified in sections 22-32-124 and 23-71-122 (1)(v), C.R.S., and in this part 12. The executive director may delegate appointing authority as appropriate.

(c) and (d) Repealed.

(4) (a) (I) Effective July 1, 2012, the division of fire prevention and control shall execute, administer, perform, and enforce the rights, powers, duties, functions, and obligations relating to fire and wildfire preparedness, response, suppression, coordination, or management vested previously in the board of governors of the Colorado state university system or the state forest service thereunder, as those rights, powers, duties, functions, and obligations existed on June 30, 2012.

(II) There is hereby created in the division of fire prevention and control the wildland fire management section to implement this subsection (4) and sections 24-33.5-1217 to 24-33.5-1226.5. The wildland fire management section shall perform its duties and functions under the division of fire prevention and control as if the same were transferred by a **type 2** transfer, as such transfer is defined in the "Administrative Organization Act of 1968", article 1 of this title 24.

(b) (I) On July 1, 2012, all positions of employment in the state forest service of the board of governors of the Colorado state university system that are principally related to fire and wildfire preparedness, response, suppression, coordination, or management shall be transferred to the division of fire prevention and control in the department of public safety and shall become employment positions in the wildland fire management section therein.

(II) On July 1, 2012, all employees of the board of governors of the Colorado state university system or the state forest service thereunder who are employed in a capacity principally related to and wildfire preparedness, response, suppression, coordination, or management shall be considered employees of the wildland fire management section in the division of fire prevention and control in the department of public safety. Such employees shall retain all rights under the state personnel system and to retirement benefits pursuant to the laws of this state, and their services shall be deemed to have been continuous.

(III) On July 1, 2012, all moneys previously received or appropriated to the board of governors of the Colorado state university system relating principally to fire and wildfire preparedness, response, suppression, coordination, and management, including office furniture and fixtures, books, documents, and records of the board, are transferred to the wildland fire management section in the division of fire prevention and control and shall become the property thereof.

(IV) On July 1, 2012, all items of personal property of the board of governors of the Colorado state university system relating principally to fire and wildfire preparedness, response, suppression, coordination, and management, including office furniture and fixtures, books, documents, and records of the board, are transferred to the wildland fire management section in the division of fire prevention and control and shall become the property thereof.

(V) Any and all claims and liabilities, including costs and attorneys' fees, relating in any way to the performance of any fire and wildfire preparedness, response, suppression, coordination, or management duties that were performed by the board or its employees on or before June 30, 2012, are transferred to and assumed by the state exclusively through the division, and such claims or liabilities, if any, are the sole responsibility of the state by and through the department of public safety, and no other public entity or agency, including the

board and its employees, shall be responsible or liable for any such claims, liabilities, or damages.

(5) (a) There is hereby created within the division the health facility construction and inspection section to implement section 24-33.5-1212.5 and to administer and enforce the codes in accordance with sections 24-33.5-1212.5 and 24-33.5-1213. The health facility construction and inspection section shall perform its duties and functions under the division and the executive director as if the same were transferred to the department by a **type 2** transfer, as such transfer is defined in the "Administrative Organization Act of 1968", article 1 of this title.

(b) On and after July 1, 2013, all positions of employment in the department of public health and environment for which principal duties are concerned with life safety inspection and that are determined by the director to be necessary to carry out the purposes of the health facility construction and inspection section are transferred to the division and are employment positions therein. The executive director shall appoint such employees as are necessary to carry out the duties and exercise the powers specified in this part 12. The executive director may delegate appointing authority as appropriate.

(c) On and after July 1, 2013, all employees of the department of public health and environment carrying out the duties principally relating to life safety code compliance are employees of the health facility construction and inspection section in the division. The employees retain all rights under the state personnel system and to retirement benefits pursuant to the laws of this state, and their services are deemed to have been continuous.

(d) On July 1, 2013, all items of property, real and personal, including office furniture and fixtures, books, documents, and records of the department of public health and environment used in carrying out the duties principally relating to life safety code compliance are transferred to the health facility construction and inspection section in the division and become the property of that section.

(e) On December 10, 2012, the division and the governor received approval from the secretary of the United States department of health and human services, pursuant to section F3 of the revised agreement, dated October 1, 1985, entered into between the secretary and the state of Colorado pursuant to section 1864 of the federal "Social Security Act", 42 U.S.C. sec. 1395aa, dated October 1, 1985, and pursuant to section 4006A of the related state operation manual, for the division of fire prevention and control in the department of public safety to fulfill the duties under that law associated with the assessment of compliance with the federal fire safety code requirements for health facilities, and a modification to waivers for residential medicaid provider types to allow the division to conduct construction plans and inspections.

(f) The general assembly hereby finds, determines, and declares that, in discharging its duties under this article, as they pertain to health facility buildings and structures, the health facility construction and inspection section is encouraged to cooperate with local authorities, especially in regard to plan reviews and whether such plans comport with local requirements.

(2.5) "Certified fire inspector" means a person with fire safety plan review or inspection responsibilities who is employed by or volunteers services to the state or a governing body as a fire inspector and who is certified by the division to conduct fire safety plan reviews and inspections pursuant to section 24-33.5-1211.

(3) "Certified fire suppression systems inspector" means a person certified as provided in section 24-33.5-1206.4.

(3.1) Repealed.

(3.2) "Cigarette" means any roll for smoking, whether made wholly or partly of tobacco or any other substance, irrespective of size or shape, and whether or not such tobacco or substance is flavored, adulterated, or mixed with any other ingredient, the wrapper or cover of which is made of paper or any other substance or material except tobacco.

(3.3) "Controlled agricultural burn" means a technique used in farming or livestock production on a parcel of land that meets the definition of agricultural land, as that term is defined in section 39-1-102 (1.6)(a), C.R.S., to clear the land of any existing native vegetation or crop residue or kill weeds and weed seeds.

(3.4) "Controlled ditch burn" means a technique using fire to clear and remove vegetation, debris, or other material from ditches, canals, and other water transportation structures, including banks and access roads.

(3.5) "Cross-connection control device" means an installation, device, or assembly located between the water supply and fire suppression piping to prevent the undesirable reversal in the flow of water from a real or potential source of contamination back to the potable water supply. A cross-connection control device is also referred to as a back flow preventer.

(3.6) "Director" means the director of the division.

(3.7) "Division" means the division of fire prevention and control in the department of public safety created in this article.

(3.8) "Emergency fire fund" means the emergency fire fund created in section 24-33.5-1220 that was first established in 1967 with voluntary contributions from counties and the Denver water board; administered by a nine-person committee composed of county commissioners, sheriffs, fire chiefs, and the director; and used for the purpose of paying costs incurred as a result of controlling a wildfire by any of the parties contributing moneys to the fund, in accordance with the intergovernmental agreement for participation in the emergency fire fund.

(3.9) "Fire department" means the duly authorized fire protection organization of a town, city, county, or city and county, a fire protection district, or a metropolitan district or county improvement district that provides fire protection. "Fire department" also includes volunteer fire departments organized under section 24-33.5-1208.5.

(4) "Firefighter" means any person, whether paid or a volunteer, who is actively participating in or employed by a public or private fire service unit in this state.

(5) "Fire suppression contractor" means any individual, firm, corporation, association, or organized group of persons, that, individually or through others, offers to undertake, represents itself as being able to undertake, or does undertake to sell, layout, fabricate, install, modify, alter, repair, maintain, or perform maintenance inspections of any fire suppression system.

(6) "Fire suppression system" means an assembly of any or all of the following: Piping valves, conduits, dispersal openings, sprinkler heads, orifices, and other similar devices that convey extinguishing agents for the purpose of controlling, confining, or extinguishing fire, with the exception of multipurpose residential fire sprinkler systems in one- and two-family dwellings and townhouses that are part of the potable water supply, pre-engineered range hoods, duct systems, and portable fire extinguishers.

(6.5) and (7) Repealed.

(7.5) "Governing body" means:

(a) The city council, town council, board of trustees, or other governing body of a city, town, or city and county;

(b) The board of directors of a fire protection district organized pursuant to part 1 of article 1 of title 32, C.R.S.;

(c) The governing body of an improvement district that provides fire protection services organized pursuant to part 5 of article 20 of title 30, C.R.S.; or

(d) The board of county commissioners with respect to the area within a county outside the corporate limits of a city or town and outside the boundaries of a fire protection district.

(7.6) "Hazardous materials responder" means any person, whether such person is paid or a volunteer, actively participating in or employed by a public or private agency whose duties include response to hazardous materials incidents in this state.

(7.7) "Health facility" means a general hospital, hospital unit as defined in section 25-3-101 (2), C.R.S., psychiatric hospital, community clinic, rehabilitation center, convalescent center, community mental health center, acute treatment unit, facility for persons with developmental disabilities, habilitation center for children with brain damage, chiropractic center and hospital, maternity hospital, nursing care facility, rehabilitative nursing facility, hospice care facility, dialysis treatment clinic, ambulatory surgical center, birthing center, home care agency, assisted living residence, or other facility of a like nature; except that "health facility" does not include a facility at which health services are not provided to individuals.

(7.9) "Manufacturer" means any one or more of the following:

(a) An entity that manufactures or otherwise produces cigarettes or causes cigarettes to be manufactured with the intent that such cigarettes be sold in Colorado, regardless of where the cigarettes are manufactured or produced and regardless of whether they are imported from outside the United States;

(b) The first purchaser anywhere that intends to resell, in the United States, cigarettes manufactured anywhere that the original manufacturer or producer does not intend to be sold in the United States; or

(c) An entity that becomes a successor to an entity described in paragraph (a) or (b) of this subsection (7.9).

(8) "Masticated fuels" means fuels, such as brush, small-diameter trees, and slash, that have been ground or chewed into small pieces of woody material through a mechanical wildland fuels treatment process, and generally left to carpet the ground.

(8.2) "Post-9/11 era veteran" means a veteran who served on active duty during the military campaign period that started after the September 11, 2001, terrorist attacks on the United States, and continuing until the date of the end of hostilities as determined by the government of the United States, and who has received an honorable discharge, a general discharge under honorable conditions, or a general discharge.

(8.3) "Prescribed burning" means the application of fire, in accordance with a written prescription for vegetative fuels, under specified environmental conditions while following appropriate precautionary measures that ensure public safety and that is confined to a predetermined area to accomplish public safety or land management objectives. The term excludes controlled agricultural burns and controlled ditch burns.

(8.4) "Principal" means an individual having a position of responsibility in any entity acting as a fire suppression contractor, including any manager, director, officer, partner, owner, or shareholder owning ten percent or more of the stocks of any such entity.

(8.5) "Qualified volunteer firefighter" means a volunteer firefighter as defined in section 31-30-1102 (9), C.R.S., in active service and maintaining the minimum amount of training in a fire department of thirty-six hours each year.

(9) "Quality control and quality assurance program" means a set of laboratory procedures implemented to ensure that:

(a) Operator bias, systematic and nonsystematic methodological errors, and equipment-related problems do not affect the results of cigarette testing; and

(b) The testing repeatability remains within the required repeatability values stated in section 24-33.5-1214 (2)(a)(II)(F) for all test trials used to certify cigarettes in accordance with section 24-33.5-1214 (3).

(10) "Repeatability", with respect to a cigarette test trial, refers to the range of values within which the repeat results of cigarette test trials from a single laboratory will fall ninety-five percent of the time.

(10.5) "Rescuer" means any person seeking certification under this part 12, whether such person is paid or a volunteer, actively participating in or employed by a public or private agency whose duties include response incidents in this state relating to nationally recognized fire service standards.

(10.7) "Residential fire suppression contractor" means a fire suppression contractor that, individually or through others, offers to undertake, represents itself as being able to undertake, or does undertake to sell, lay out, fabricate, install, modify, alter, repair, maintain, or perform maintenance inspections of a residential fire suppression system.

(10.8) "Residential fire suppression system" means a fire suppression system designed for or installed in a one- or two-family dwelling or townhouse that is not regulated by the Colorado board of plumbers.

(11) "Retail dealer" means any person, other than a manufacturer or wholesale dealer, engaged in selling cigarettes or tobacco products.

(12) "Sale" means any transfer of title, possession, or both, or exchange or barter, conditional or otherwise, in any manner or by any means or any agreement. In addition to cash and credit sales, the giving of cigarettes as samples, prizes, or gifts, and the exchanging of cigarettes for any consideration other than money, are considered sales.

(12.5) "Seasonal wildland firefighter" means a temporary employee of a governing body or a state agency, or a volunteer member of a nongovernmental volunteer fire department, who is trained and qualified as a wildland firefighter and whose duties include responding to wildland fire emergency incidents and assisting in wildland fire suppression.

(13) "Sell" means to sell or to offer or agree to sell.

(13.3) "Sprinkler fitter" means a person other than an apprentice who is registered with the administrator and who installs fire suppression systems. "Sprinkler fitter" does not include a person who performs maintenance and repair on fire suppression systems as a part of his or her employment. A sprinkler fitter does not include a person who performs work exclusively on cross-connection control devices or a person who performs work exclusively on an underground system. "Sprinkler fitter" does not include a person performing work on his or her own home.

(13.7) "Sprinkler fitter apprenticeship program" means an apprenticeship training program that is registered with either the office of apprenticeship in the employment and training administration in the United States department of labor or a state apprenticeship agency in accordance with the requirements of 29 CFR 29.1 et seq., or other similar apprentice program approved by the administrator, and consists of a minimum of eight thousand hours of documented practical work experience on fire suppression systems, combined with a minimum of seven hundred hours of related instruction, including classroom or shop instruction, in the sprinkler fitter trade.

(13.9) "Underground system" means the system of below-ground piping, valves, appliances, and appurtenances that physically connect the water supply to a fire suppression system.

(14) "UPC symbol" means the symbol signifying the universal product code.

(14.3) "Veterans' fire corps program" means a program that is organized by a conservation corps or youth corps accredited by the Colorado youth corps association and that provides training and on-the-job experience for post-9/11 era veterans interested in entering into careers and gaining experience in natural resource management and wildland fire control.

(14.5) "Volunteer fire department" means a nongovernmental unit organized in accordance with section 24-33.5-1208.5 as a nonprofit organization with a primary purpose of firefighting, fire protection, or other emergency services to a defined service area that is recognized by the appropriate governmental entity with jurisdiction for the area the unit services.

(15) "Wholesale dealer" means:

**24-33.5-1203.5. Powers and duties of director - report.** (1) In addition to any other duties prescribed by law, the director of the division shall perform the following duties:

(a) Exercise general supervisory control over and coordinate the activities, functions, and employees of the division; and

(b) Adopt such rules as the director of the division deems necessary to carry out the purposes and provisions of this part 12 and amend such rules from time to time as necessary. Such rules and amendments shall be adopted in accordance with article 4 of this title.

(2) In order to carry out the purposes and provisions of this part 12 and part 14 of article 20 of title 30, the director of the division shall promulgate rules in accordance with article 4 of this title 24:

(a) Adopting codes, which shall be identical to or modeled on the international codes published by the international code council; and

(b) Adopting nationally recognized standards that the director reasonably finds necessary to carry out the purposes and provisions of this part 12, sections 24-33.5-2008 and 44-30-515, and part 14 of article 20 of title 30.

(3) Commencing in 2014, the director shall report annually to the wildfire matters review committee created in section 2-3-1602, C.R.S., regarding the current nature and magnitude of the state's wildfire situation, the status of wildfire preparedness and prescribed burns in the state, including available resources, and the challenges to addressing the state's wildfire threat. The report required by this subsection (3) is exempt from the automatic expiration described in section 24-1-136 (11).

**24-33.5-1204. Voluntary education and training program - voluntary certification of firefighters and hazardous materials responders - advisory board.** (1) For the purposes of advising the director on the administration of the voluntary fire service education and training program within the division of fire prevention and control, the local firefighter safety and disease prevention grant program created in section 24-33.5-1231, and the voluntary firefighter and hazardous materials responder certification programs, there is hereby created in the division of fire prevention and control the fire service training and certification advisory board, referred to in this part 12 as the "advisory board", to serve as an advisory board to the director.

(2) (a) The advisory board consists of fourteen members, eleven of whom are voting members appointed by the governor as follows:

(I) Four of the eleven members appointed by the governor shall represent each of the following organizations:

- (A) Colorado state fire fighters association;
  - (B) Colorado state fire chiefs association;
  - (C) Colorado fire training officers association; and
  - (D) Colorado professional fire fighters association;
- (II) The other seven members appointed by the governor are:

(A) A fire chief or training officer from a volunteer fire department participating in the certification program;

(B) A fire chief or training officer from a career fire department participating in the certification program;

(C) A representative of the property and casualty insurance industry;

(D) A hazardous materials responder team leader;

(E) A person experienced in the transportation industry;

(F) A representative of local law enforcement; and

(G) A representative of a fixed facility dealing with hazardous materials.

(b) The remaining three ex officio nonvoting members are the following persons or their designees:

(I) The president of the Colorado community college and occupational education system;

(II) The chief of the emergency medical and trauma services section within the health facilities and emergency medical services division in the department of public health and environment; and

(III) The chief of the state patrol.

(c) The eleven advisory board members appointed by the governor shall be geographically apportioned, and at least one of those members must have wildland fire expertise.

(d) At least three members of the advisory board shall be from a community or communities with a resident population of fifteen thousand persons or less.

(e) The governor shall initially appoint six members described in paragraph (a) of this subsection (2) for terms of four years each and the remaining five members for terms of two years each. Thereafter, the governor shall appoint their successors for terms of four years each. If any appointee vacates his or her office during the term for which appointed to the advisory board, the governor shall, by appointment, fill the vacancy for the unexpired term. The advisory board shall annually elect from its members a chairperson and a secretary.

(3) The advisory board shall meet as determined necessary by the chairperson or the director. The members of the advisory board shall receive no compensation but shall be reimbursed for necessary travel and other expenses actually incurred in the performance of their official duties. The expenses shall be paid from the firefighter, hazardous materials responder, and prescribed fire training and certification fund created in section 24-33.5-1207.

**24-33.5-1204.5. Powers and duties of administrator - rules.** (1) In addition to any other duties and powers granted by this section or sections 24-33.5-1206.2 and 24-33.5-1206.4, the administrator has the following duties and powers:

(a) To establish a program for registration of fire suppression contractors and to adopt such rules and regulations as may be necessary to administer the fire suppression program for the registration of fire suppression contractors and the inspection and maintenance of fire suppression systems pursuant to article 4 of this title;

(b) To establish fees and charges in amounts necessary to defray the anticipated costs of administration of this article. The fees and charges may be adjusted by the administrator from time to time as necessary or appropriate.

(c) In the discretion of the administrator, to receive, investigate, and act upon complaints against those persons who violate any of the provisions of section 24-33.5-1206.6 or any rule or regulation adopted by the administrator pursuant to this section;

(d) (I) To maintain records of all applications, complaints, investigations, disciplinary or other actions, and registrants.

(II) The administrator shall keep records of all fire suppression system working plans and hydraulic calculations, searchable by both the applicable fire suppression contractor and the signing professional engineer or engineering technician, for projects that the administrator or any certified local fire suppression inspector, as applicable, identifies as containing significant or repeated design or installation deficiencies pursuant to section 24-33.5-1206.2 (2)(b).

(e) To conduct hearings upon charges for discipline of a fire suppression contractor or a certified fire suppression systems inspector, issue subpoenas, compel attendance of witnesses, compel the production of books, records, papers, and documents, administer oaths to persons giving testimony at hearings, and recommend prosecution of persons violating this article;

(f) To establish and adopt such rules as may be necessary to administer the public school construction and inspection program for the inspection of public school and local district college buildings and a program for certification of public school and local district college building inspectors;

(f.5) To establish and adopt rules necessary to administer the health facility construction and inspection program for:

(I) Where there is no local building department or fire department, the inspection of health facility buildings and structures and performance of plan reviews; and

(II) The development of a program for certification of health facility life safety inspectors;

(g) To conduct hearings upon charges for discipline of a school building inspector, health facility life safety code inspector, or third-party inspector; issue subpoenas; compel

attendance of witnesses; compel the production of books, records, papers, and documents; administer oaths to persons giving testimony at hearings; and recommend prosecution of persons violating this part 12.

(2) (a) The administrator shall implement a tracking system, separate from the individual records of fire suppression contractors and inspectors, regarding the disposition of complaints.

(b) The administrator shall provide an online complaint form and internet access to the tracking system implemented pursuant to paragraph (a) of this subsection (2).

**24-33.5-1205. Duties of the director and the advisory board.** (1) The director has the following duties relating to the voluntary firefighter and hazardous materials responder certification programs and the fire service education and training program:

(a) To establish a fire service education and training program, setting forth minimum standards for training and instructors;

(b) To promulgate rules establishing standards for the firefighter and hazardous materials responder certification programs and for determining whether a firefighter or an applicant for first responder or hazardous materials responder certification meets the established standards;

(c) (Deleted by amendment, L. 99, p. 332, 2, effective April 15, 1999.)

(d) To certify firefighters and applicants for hazardous materials responder certification or withhold or revoke certification in the manner provided for by rules adopted by the director pursuant to the provisions of article 4 of this title;

(e) To issue a certificate to any firefighter or rescuer who presents evidence that the minimum firefighter certification standards have been met and to issue a certificate to any applicant who presents evidence that the minimum standards of the hazardous materials responder certification program have been met;

(f) (Deleted by amendment, L. 99, p. 332, 2, effective April 15, 1999.)

(g) To establish fees for the actual direct and indirect costs of the administration of the firefighter and hazardous materials responder certification programs, which fees shall be assessed against any person participating in such programs. All fees collected shall be credited to the firefighter, first responder, hazardous materials responder, and prescribed fire training and certification fund created in section 24-33.5-1207.

(h) To establish fees for the actual direct and indirect costs of the administration of the fire service education and training program, which fees shall be assessed against any person

participating in such program. All fees collected shall be credited to the fire service education and training fund created in section 24-33.5-1207.5.

(2) The advisory board has the following duties relating to the voluntary firefighter and hazardous materials responder certification programs and the fire service education and training program:

(a) To advise the director on the promulgation of rules enacting standards for the certification of firefighters and rescuers and procedures for determining whether a firefighter or rescuer meets the established standards;

(b) To advise the director on the promulgation of rules enacting standards for the certification of hazardous materials responders and procedures for determining whether an applicant meets such standards;

(c) To advise the director on the promulgation of rules enacting standards for fire service education and training for volunteer firefighters, the qualification of instructors, and procedures to ensure that the quality of the program is adequate to meet the minimum training requirements for volunteer firefighters as set forth in section 31-30-1122, C.R.S.;

(d) To advise the director on the establishment of fees for the actual direct and indirect costs of the administration of the firefighter and hazardous materials responder certification programs;

(e) To advise the director on the establishment of fees for the actual direct and indirect costs of the administration of the fire service education and training program.

(3) (Deleted by amendment, L. 99, p. 332, 2, effective April 15, 1999.)

(4) Nothing in this section shall be construed as creating mandatory certification programs for firefighters or hazardous materials responders or creating a mandatory fire service education and training program. All fire departments in the state shall have the option of whether or not to participate in the firefighter or hazardous materials responder certification programs or the fire service education and training program.

(5) The advisory board shall advise the director on the promulgation of rules governing the local firefighter safety and disease prevention grant program created in section 24-33.5-1231.

(6) The advisory board shall review the curriculum for training concerning interactions with persons with disabilities recommended by the commission on improving first responder interactions with persons with disabilities pursuant to section 24-31-1004 and advise the director on whether to include that curriculum or similar curriculum in the fire service education and training program.

(2) Section 23 of the act amending subsection (1)(b) (chapter 254, Session Laws of Colorado 1995) provides the following:

(a) This act shall not affect the terms of members of the boards of trustees created to administer volunteer firemen's pension funds under part 4 of article 30 of title 31, Colorado Revised Statutes, as in effect before June 5, 1995, in any municipality, fire protection district, or county improvement district in this state that maintains a regularly organized volunteer fire department. On and after June 5, 1995, these board members shall continue their terms and duties on the applicable boards of trustees of the volunteer firefighter pension funds under part 11 of article 30 of title 31, Colorado Revised Statutes, created in this act.

(b) This act shall not terminate or require transfers of moneys from volunteer firemen's pension funds governed by part 4 of article 30 of title 31, Colorado Revised Statutes, in effect before June 5, 1995. On and after June 5, 1995, these funds shall remain in effect and be governed by part 11 of article 30 of title 31, Colorado Revised Statutes, created in this act.

**24-33.5-1206.1. Registration required.** (1) A person shall not act, assume to act, or advertise as a fire suppression contractor unless the person is registered as a fire suppression contractor with the administrator. A person shall not act, assume to act, or advertise as a

residential fire suppression contractor unless the person is registered as either a fire suppression contractor or a residential fire suppression contractor with the administrator.

(2) Any registered fire suppression contractor shall obtain any locally required licenses or permits and comply with local building and fire codes.

(3) Any registered fire suppression contractor shall be responsible for the acts of its agents and employees while acting on behalf of the contractor to sell, advertise, layout, fabricate, install, add to, alter, service, repair, or inspect fire suppression systems of any kind.

(4) Every registered fire suppression contractor shall assure that:

(a) A responsible person in the management or employment of the contractor is qualified in the layout, fabrication, installation, alteration, servicing, repair, and inspection of fire suppression systems; except that, with regard to residential fire suppression systems only, the responsible person need only be qualified in the layout, fabrication, installation, alteration, servicing, repair, and inspection of residential fire suppression systems;

(b) Each job is supervised by an on-site installer who is qualified in the layout, fabrication, installation, alteration, servicing, repair, and inspection of fire suppression systems;

(c) Any layout, fabrication, installation, alteration, servicing, repair, or inspection of fire suppression systems is done according to applicable standards adopted by the administrator by rule promulgated pursuant to section 24-33.5-1206.3 (1) and applicable local codes and ordinances;

(d) Actual fabrication, installation, alteration, servicing, or repair of any fire suppression system is done in accordance with approved plans, layout, or design;

(e) All interim and final inspections and system tests are completed according to standards adopted by the administrator or requirements laid out by local fire safety inspectors and the administrator and that any required logs, reports, or results of said inspections and system tests are accurately kept and conveyed to the appropriate fire safety inspectors.

(5) No registration shall be granted to any fire suppression contractor who has as a principal any person who, within the past two years, has violated any provision of this part 12 or any rule or regulation of the administrator pursuant thereto.

**Editor's note:** Section 24-33.5-1209 (2) provides for the repeal of this section, effective September 1, 2026.

**24-33.5-1206.2. Job registration and plan review.** (1) Except for minor alterations, modifications, repairs, or maintenance work that does not affect the integrity of the system, no installation, modification, alteration, or repair of a fire suppression system shall be started until:

(a) Any required local permits have been obtained;

(b) (I) The job, including the name and registration number of the contractor, the address and description of the premises where the job will be done, and the name and address of the general contractor or the name and address of the owner if no general contractor is involved, has been registered with the administrator.

(II) If the local fire safety agency requests job registration and plan review authority, and the administrator determines that said local fire safety agency has the capability and qualifications to conduct plan review, then the administrator shall accept job registration with local fire safety officials in satisfaction of the job registration requirement imposed by subparagraph (I) of this paragraph (b).

(c) (I) The working plans and hydraulic calculations for the job have been reviewed and approved by the administrator or a certified local fire suppression inspector in compliance with the standards established in subparagraph (II) of this paragraph (c).

(II) The administrator shall establish standards of review and approval and shall, where appropriate, accept review and approval by certified local fire suppression inspectors in satisfaction of the requirements of this paragraph (c).

(2) (a) Any working plans and hydraulic calculations submitted for review by the administrator or by a certified local fire suppression inspector pursuant to subparagraph (II) of paragraph (b) of subsection (1) of this section must bear the signature and certification number of either a licensed professional engineer or a level three or higher engineering technician (fire suppression engineering technology - automatic sprinkler design or fire suppression engineering technology - special hazards system layout), whichever is relevant to the particular job or design, certified by the national institute for the certification of engineering technologists. Such licensed professional engineer or engineering technician shall certify that he or she has reviewed the plan and design and finds that it meets the applicable standards adopted by the administrator for fire safety and that it is adequately designed to meet the system requirements.

(b) If a certified local fire suppression inspector identifies significant or repeated design or installation deficiencies with regard to a fire suppression system, the certified local fire suppression inspector shall notify the administrator of the deficiencies and the identifying information for the applicable fire suppression contractor and the signing professional engineer or engineering technician.

**24-33.5-1206.3. Requirements for installation, inspection, and maintenance of fire suppression systems - rules.** (1) Fire suppression contractors shall design and install fire suppression systems in accordance with the applicable standards adopted by the administrator by rule, manufacturer's specifications, and applicable local codes and ordinances. In adopting standards, the administrator may consider and adopt the standards of the national fire protection association and shall adopt, by January 1, 2015, a separate set of design and installation standards and a separate registration category applicable only to residential fire suppression systems.

(2) The contractor shall furnish the user with operating instructions for all equipment installed, together with as-built diagrams of the final installation.

(3) Contractor inspections and tests, where required, shall be conducted by qualified personnel or certified fire safety inspectors and in compliance with applicable standards adopted by the administrator. Complete records shall be kept of the tests and operations of each system. The records shall be available for examination by the local certified fire safety inspector or the fire suppression administrator.

**Editor's note:** Section 24-33.5-1209 (2) provides for the repeal of this section, effective September 1, 2026.

**24-33.5-1206.4. System approval, inspection, and inspectors.** (1) No installation, modification, alteration, or repair of a fire suppression system shall be completed and cleared for use, and no structure or partial structure in which such fire suppression system is installed, modified, altered, or repaired shall be cleared for occupancy, until such fire suppression system has been approved by a certified fire suppression systems inspector. Approval shall include review of approved working plans and hydraulic calculations, installation inspections, and final tests.

(2) (a) Each county, municipality, and special district that has fire suppression systems enforcement responsibilities shall, as needed, provide a certified fire suppression systems inspector. Such inspector shall conduct all fire suppression systems inspections that are required by this part 12. The governing body of the county, municipality, or special district that has fire suppression systems enforcement responsibilities may provide a schedule of fees to pay the costs of plan review and inspections conducted pursuant to this subsection (2) and related administrative expenses, and collect said fees from the fire suppression contractor.

(b) Two or more counties, municipalities, or special districts that have fire safety enforcement responsibilities may jointly employ or contract with a fire safety inspector.

(c) The administrator or his agent shall be available to provide such fire safety inspections to any county, municipality, or special district on a contractual or job-by-job basis. The county, municipality, or special district shall pay the actual costs of such inspections by the administrator or his agents.

(3) Every inspection of a fire suppression system conducted pursuant to this part 12 shall be by a person certified as having met the inspection training requirements set by the administrator. Such person shall:

(a) Be at least eighteen years of age;

(b) Not have been engaged in any of the activities specified in section 24-33.5-1206.6 (2); and

(c) (I) Have satisfactorily completed the fire suppression systems inspector certification examination as prescribed by the administrator; or

(II) Have demonstrated to the administrator that the applicant has met such other equivalent qualifications, including but not limited to education and experience, as may be prescribed by rule and regulation. If the head of a county, municipality, or special district that has fire suppression system enforcement responsibility determines that the applicant has met the

qualifications adopted pursuant to this subparagraph (II), then he shall notify the administrator, who shall certify the applicant; or

(III) Have received in another state training which is determined by the administrator to be at least equivalent to that required by the administrator for approved certified fire safety inspector education and training programs in this state.

(4) Every certificate issued by the administrator is valid for a period of three years from the date of issuance. Renewal of certification shall require the affected person to complete a proper application for renewal and meet any other requirements for renewal as prescribed by the administrator, including successful passage of an examination as established by the administrator.

**24-33.5-1206.5. Unlawful acts - criminal penalties.** [*Editor's note: This version of this section is effective until March 1, 2022.*] (1) Any person who violates any of the provisions of section 24-33.5-1206.1 commits a class 3 misdemeanor and, if a natural person, shall, upon conviction thereof, be punished as provided in section 18-1.3-501, C.R.S., and, if a corporation, shall be punished by a fine of not more than five thousand dollars. Any natural person who violates any provision of section 24-33.5-1206.1 subsequent to a prior conviction for such a violation commits a class 2 misdemeanor and shall, upon conviction thereof, be punished as provided in section 18-1.3-501, C.R.S.

(2) Any person who knowingly and willfully makes any false statement whatsoever or who conceals a material fact in any application, form, claim, advertisement, contract, warranty, guarantee, or statement, either written or oral, with the intent to influence the actions or decisions of any owner or contractor negotiating or contracting for the installation, alteration, or repair of any fire suppression system, or to any bonding agent, commits a class 1 misdemeanor and shall, upon conviction thereof, be punished as provided in section 18-1.3-501, C.R.S.

**24-33.5-1206.5. Unlawful acts - criminal penalties.** [*Editor's note: This version of this section is effective March 1, 2022.*] (1) Any person who violates any of the provisions of section 24-33.5-1206.1 commits a petty offense and, if a natural person, shall, upon conviction thereof, be punished as provided in section 18-1.3-503, and, if a corporation, shall be punished by a fine of not more than five thousand dollars.

(2) Any person who knowingly and willfully makes any false statement whatsoever or who conceals a material fact in any application, form, claim, advertisement, contract, warranty, guarantee, or statement, either written or oral, with the intent to influence the actions or decisions of any owner or contractor negotiating or contracting for the installation, alteration, or repair of any fire suppression system, or to any bonding agent, commits a class 2 misdemeanor and shall, upon conviction thereof, be punished as provided in section 18-1.3-501.

**24-33.5-1206.6. Unlawful acts - civil penalties - disciplinary actions.** (1) Any person, firm, association, or corporation which violates any of the provisions of sections 24-33.5-1206.1 to 24-33.5-1206.3 or any rule or regulation promulgated by the administrator pursuant to this part 12 may be punished upon a finding of such violation by the administrator as follows:

(a) In any first administrative proceeding against a licensee, a fine of not less than one hundred dollars nor more than one thousand dollars;

(b) In any subsequent administrative proceeding against a licensee for transactions occurring after a final agency action determining that any violation of sections 24-33.5-1206.1 to 24-33.5-1206.3 or any rule or regulation of the administrator has occurred, a fine of not less than one thousand dollars nor more than ten thousand dollars.

(2) In addition to the penalties provided in subsection (1) of this section, the administrator may withhold, deny, suspend, or revoke the registration or certification of any registered fire suppression contractor or certified fire safety inspector or applicant therefor if the administrator finds, upon proof, that any such person has committed any of the following:

(a) Fraud or material deception in the obtaining or renewing of a registration;

(b) Professional incompetence as manifested by poor, faulty, or dangerous workmanship;

(c) Engaging in conduct that is likely to deceive, defraud, or harm the public in the course of professional services or activities;

(d) Performing any services in a negligent manner or permitting any of his agents or employees to perform services in a grossly negligent manner, regardless of whether actual damage or damages to the public is established;

(e) Directly or indirectly, willfully receiving compensation for any professional services not actually rendered;

(f) Failing to comply with any provision of this part 12 or the standards or rules promulgated by the administrator pursuant thereto;

(g) Contracting or assisting unregistered persons to perform services for which registration is required under this part 12.

(3) All fines imposed by the administrator pursuant to this section shall be credited to the general fund.

(4) A person acting as a fire suppression contractor may not bring any legal action to collect compensation due for performing any act for which registration is required pursuant to

section 24-33.5-1206.1 unless such contractor alleges and proves that he was duly registered under said section at the time the alleged cause of action arose.

(5) (a) Any person who provides testimony with respect to a disciplinary matter and any person who lodges a complaint pursuant to this section shall be immune from liability in any civil action brought against such person for acts occurring while acting in his or her capacity as a witness or complainant.

(b) The immunity provided in paragraph (a) of this subsection (5) shall apply to a person only if the person made a reasonable effort to obtain the facts of the matter and acted in the reasonable belief that the action taken was warranted by the facts.

(6) (a) When a complaint or investigation discloses an instance of misconduct that, in the opinion of the administrator, does not warrant formal action but that should not be dismissed as being without merit, the administrator may issue a letter of admonition by certified mail to the fire suppression contractor or inspector.

(b) The letter of admonition shall notify the fire suppression contractor or inspector of the right to request in writing, within twenty days after receipt of the letter, that formal disciplinary proceedings be initiated to adjudicate the propriety of the conduct upon which the letter of admonition is based. If the request for adjudication is timely made, the letter of admonition shall be deemed vacated and the matter shall be processed by means of formal disciplinary proceedings.

**24-33.5-1206.7. Sprinkler fitters - registration required - rules.** (1) No person shall act, assume to act, or advertise as a sprinkler fitter who is not registered with the administrator.

(2) A registered sprinkler fitter shall obtain any locally required licenses or permits and comply with local building codes.

(3) In order to register with the administrator, a sprinkler fitter shall pay a fee as determined by the administrator and shall:

(a) Provide evidence demonstrating that he or she successfully completed a sprinkler fitter apprenticeship program and take and pass an examination established and approved by the administrator;

(b) Complete an application for registration by reciprocity established by rules of the administrator that demonstrates competent evidence that the applicant is currently authorized to practice as a sprinkler fitter in another state that has established qualification requirements substantially similar to, or greater than, the requirements established in this section or by rule of the administrator;

(c) Provide evidence demonstrating that he or she performed at least eight thousand hours of documented practical work experience on fire suppression systems within the past five years; or

(d) Otherwise demonstrate competency as a sprinkler fitter as determined by the administrator.

(4) Notwithstanding the provisions of subsection (3) of this section, a person who is enrolled in a sprinkler fitter apprenticeship program may perform work on a fire suppression system under the direct supervision of and in the immediate presence of a sprinkler fitter.

(5) (a) A registered sprinkler fitter shall complete continuing education requirements established by rule of the administrator.

(b) A sprinkler fitter shall apply to renew his or her registration annually. The administrator shall renew, for a period of one year, a sprinkler fitter registration upon receipt of a completed renewal application and a renewal fee as determined by the administrator. In years that the fire and safety code is revised, a sprinkler fitter shall also successfully complete a revised examination in order to renew his or her registration.

(6) The administrator may promulgate rules as necessary for the implementation of this section.

**24-33.5-1208.5. "Volunteer Fire Department Organization Act" - areas without fire protection - state assistance for creation of volunteer fire departments - eligibility for grants - short title - legislative declaration.** (1) This section shall be known and may be cited as the "Volunteer Fire Department Organization Act".

(2) (a) The general assembly hereby finds, determines, and declares that:

(I) While the county sheriff is the fire warden and is responsible for wildland fire in unincorporated areas outside of fire protection districts, there is significant land area in Colorado that does not have organized fire protection;

(II) The existence of areas without organized fire protection adversely impacts adjacent fire protection districts and other entities that provide fire protection and related emergency services; and

(III) Fire prevention, fire suppression, and related emergency services provided by not-for-profit, nongovernmental volunteer fire departments are vital to the protection of the safety of the citizens of the state.

(b) The general assembly therefore:

(I) Finds that it is in the public interest to establish and maintain a complete, cooperative, and coordinated fire protection and suppression program for the state; and

(II) Declares that the purpose of this section is to create a framework for the organization of not-for-profit, nongovernmental volunteer fire departments and to promote, encourage, and support their creation in areas of the state where there is no organized fire protection.

(3) (a) In order to be recognized under this section and be considered in good standing, the volunteer fire department must:

(I) Be organized under and in compliance with the "Colorado Revised Nonprofit Corporation Act", articles 121 to 137 of title 7, C.R.S.; and

(II) Enter into an agreement to provide fire fighting, fire protection, or other emergency services with:

(A) The town, city, county, city and county, fire protection district, metropolitan district, or county improvement district providing fire protection services and having jurisdictional authority over the area the unit services;

(B) The appropriate county sheriff for the unincorporated area of the county outside the boundaries of a fire protection district, metropolitan district, or county improvement district providing fire protection services; or

(C) The division for the detection, prevention, or suppression of forest and range fires where state responsibility has been determined pursuant to section 24-33.5-1221.

(b) (I) At a minimum, the agreement required by subparagraph (II) of paragraph (a) of this subsection (3) must specify the types of services to be provided by the volunteer fire department and the boundaries of its service area.

(II) For volunteer fire departments created prior to March 11, 2015, the agreement required by subparagraph (II) of paragraph (a) of this subsection (3) may be replaced by a letter from the jurisdictional authority recognizing the existence of the volunteer fire department and specifying the boundaries of its service area and the services it provides.

(c) A volunteer fire department shall complete and file with the division a fire department registration form specified by the division within sixty days after January 1, 2016, and annually thereafter. The division may issue a fire department identification number to the volunteer fire department based upon the registration filed under this paragraph (c).

(4) A volunteer fire department recognized under this section and considered in good standing that provides services within a jurisdiction may establish a schedule of charges for the services that the volunteer fire department provides.

(5) A volunteer fire department recognized under this section and considered in good standing may enter into agreements with the state or any political subdivision of the state.

(6) (a) The general assembly intends this subsection (6) to provide the division with a means by which the state can encourage and support the creation of volunteer fire departments in areas of the state where there is no organized fire protection.

(b) A group of individuals wishing to establish a volunteer fire department may petition the director for technical or funding assistance.

(c) Prior to providing assistance in the creation of a new volunteer fire department under this subsection (6), the director shall first consult with local officials and consider the question of the appropriateness and viability of:

(I) Inclusion of the proposed service area into one or more existing fire protection districts or metropolitan districts providing fire protection; and

(II) The provision of fire protection by an adjacent or nearby fire department.

(d) Nothing in this subsection (6) permits state assistance in the creation of a volunteer fire department within the boundaries of a fire protection district, metropolitan district, or county improvement district providing fire protection services without permission from such district.

(e) A volunteer fire department recognized under this section and considered in good standing is eligible to receive state funding assistance, including state grant awards, to the extent that a fire department is eligible, unless specifically excluded.

(7) Nothing in this section prohibits a private entity from organizing, training, or equipping itself as a private fire department or providing fire protection services.

**24-33.5-1211. Inspector certification.** (1) The division shall certify a person with fire safety responsibilities who is employed by, under contract to, or volunteers services to the state or a governing body as a fire inspector if the person files an application with the division for certification on forms provided by the division, pays the required certification fee, is at least eighteen years of age, and:

(a) Passes the fire code certification examination as prescribed by the director of the division; or

(b) Holds a valid and current fire code certification from the international code council; or

(c) Demonstrates to the director of the division that the person meets other equivalent qualifications, including, but not limited to, the education and experience prescribed by rules

adopted by the director of the division in accordance with article 4 of this title and obtains an attestation on a form provided by the division from the head of the governing body or a designee that the person has the knowledge, skills, and ability to conduct fire safety plan reviews and inspections using the rules and codes adopted pursuant to sections 8-1-107 (2)(p) and 24-33.5-1203.5 (2)(b), C.R.S.

(2) An inspector certification issued pursuant to subsection (1) of this section shall be valid for a period of three years; except that such certification shall become invalid if:

(a) The certified inspector's employment relationship or contract with the state or governing body is terminated; or

(b) The certified inspector ceases to provide volunteer fire safety plan review or inspection services to the state or governing body.

(3) The requirements and process for renewal of an inspector certification shall be the same as for initial certification.

(4) The director of the division shall establish a fee to cover the actual direct and indirect costs of processing applications and issuing and renewing certifications pursuant to this section. Certification fees collected by the division shall be credited to the firefighter, first responder, hazardous materials responder, and prescribed fire training and certification fund created in section 24-33.5-1207.

**24-33.5-1212. Training for directors of fire protection districts - pilot program - advisory board - training fund.** (1) The division shall establish a pilot program to offer training courses to directors of fire protection districts whose territory includes wildland-urban interface areas, as defined by the Colorado state forest service.

(2) The division shall offer courses pursuant to this section on subjects including but not necessarily limited to:

(a) Strategic planning; and

(b) Community outreach on wildland-urban interface issues.

(3) Repealed.

(4) The division shall issue a certificate of wildland-urban interface fire safety to a director who successfully completes the courses offered pursuant to this section.

(5) (a) (I) The division shall offer courses to directors of fire protection districts in accordance with this section at no charge and shall seek gifts, grants, and donations to fund the pilot program created pursuant to this section. Except for the money transferred in accordance with subsection (5)(a)(II) of this section, no general fund money shall be expended for the implementation of the program. Notwithstanding any other provision of this section, the division shall not implement the program until the division receives sufficient appropriations, gifts, grants, or donations to cover the costs of implementing the program. The division shall transmit

gifts, grants, and donations received in accordance with this subsection (5) to the state treasurer, who shall credit the moneys, along with any moneys appropriated by the general assembly, to the wildland-urban interface training fund, which fund is hereby created in the state treasury. Any money in the fund in excess of those needed for the training of directors of fire protection districts shall be used for the purpose of providing firefighters with basic wildland firefighting and wildland-urban interface firefighting training through existing wildland fire training programs. All interest derived from the deposit and investment of money in the fund is credited to the fund. Money not expended at the end of a fiscal year shall remain in the fund and shall not be transferred or revert to the general fund.

(II) On July 1, 2017, and July 1, 2018, the state treasurer shall transfer forty-five thousand four hundred fifty-five dollars from the general fund to the wildland-urban interface training fund.

(b) and (c) Repealed.

(6) The director shall report to the general assembly on the results of the pilot program established pursuant to this section no later than July 1, 2010.

**24-33.5-1212.5. Health facility fire and building codes - third-party inspections authorized - temporary certificate of occupancy - fees - rules - board of appeals.** (1) (a) This section applies to health facility buildings or structures, including the construction or substantial remodeling and ongoing compliance with this article thereof, when there is no local building department or fire department to perform such functions. The division shall conduct the necessary plan reviews and inspections and issue certificates of compliance to certify that such buildings or structures are constructed or maintained in conformity with the codes adopted by the director.

(b) On and after July 1, 2013, health facility buildings and structures shall be maintained in accordance with their local building and fire codes or, if no such local building and fire codes exist, with the building and fire codes adopted by the director pursuant to section 24-33.5-1203.5.

(c) Notwithstanding paragraph (a) of this subsection (1), upon request of the local fire authority, the director of the division shall provide technical assistance in the review of health facility plans and, if appropriate, conduct inspections on behalf of the local fire authority.

(2) Except as specified in subsection (3) of this section, in the absence of a local building department or fire department, the division shall conduct the necessary plan reviews, issue building permits, cause the necessary inspections to be performed, perform final inspections, and issue certificates of occupancy to assure that a health facility building or structure has been

constructed in conformity with the building and fire codes adopted by the director and that the health facility has complied with this section.

(3) **Third-party inspectors.** (a) The division may contract with third-party inspectors who are certified in accordance with section 24-33.5-1213.5 to perform inspections.

(b) (I) A health facility may hire and compensate third-party inspectors under contract with the division or hire and compensate other third-party inspectors who are certified in accordance with section 24-33.5-1213.5 to perform inspections.

(II) If a third-party inspector is used, the division shall require a sufficient number of third-party inspection reports to be submitted by the inspector to the division based upon the scope of the project to ensure quality inspections are performed. Except as specified in subsection (4) of this section, the third-party inspector shall attest that inspections are complete and all violations are corrected before the health facility is issued a certificate of occupancy. Inspection records shall be retained by the third-party inspector for two years after the certificate of occupancy is issued. If the division finds that inspections are not completed satisfactorily, as determined by rule of the division, or that all violations are not corrected, the division shall take enforcement action against the appropriate health facility pursuant to section 24-33.5-1213.

(4) **Temporary certificate of occupancy.** If inspections are not completed and a building or structure requires immediate occupancy, and if the health facility has passed the appropriate inspections that indicate there are no life safety issues, the division may issue a temporary certificate of occupancy. The temporary certificate of occupancy expires ninety days after the date of occupancy. If no renewal of the temporary certificate of occupancy is issued or a permanent certificate of occupancy is not issued, the building or structure shall be vacated upon expiration of the temporary certificate. The division shall enforce this subsection (4) pursuant to section 24-33.5-1213.

(5) **Division fees.** If the division conducts the necessary plan reviews and performs the necessary inspections to determine that a building or structure has been constructed in conformity with the building and fire codes adopted by the director, the division shall charge fees as established by the director by rule, based on the direct and indirect cost of providing the service. The fees shall cover the actual, reasonable, and necessary expenses of the division. The director, by rule or as otherwise provided by law, may increase or reduce the amount of the fees as necessary to cover the actual, reasonable, and necessary costs of the division. Any fees collected by the division pursuant to this subsection (5) shall be transmitted to the state treasurer, who shall credit the same to the health facility construction and inspection cash fund created in section 24-33.5-1207.8.

(6) **Rules.** Rules promulgated pursuant to this section shall be adopted in accordance with article 4 of this title.

(7) **Board of appeals.** (a) (I) There is hereby created in the division the health facility construction and inspection program board of appeals, referred to in this section as the "board of appeals". The board of appeals consists of seven members appointed by the executive director and one ex officio nonvoting member appointed in accordance with sub-subparagraph (C) of subparagraph (II) of this paragraph (a).

(II) The members of the board of appeals shall be persons who are qualified by experience and training to pass upon matters pertaining to health facility building construction, including one member with experience and knowledge of the life safety code, and shall include:

(A) The four members of the board of appeals created in section 24-33.5-1213.7 who represent the Colorado chapter of the international code council, the fire marshal's association of Colorado, the Colorado state fire chiefs' association, and Colorado counties, incorporated, or any member appointed from a successor to any of these organizations representing comparable interests;

(B) One representative from each of the following organizations or a successor to any of such organizations representing comparable interests: The Colorado association of healthcare engineers and directors; the American society for healthcare engineering; and the Colorado chapter of the American institute of architects; and

(C) One ex officio nonvoting member, appointed by the executive director of the department of public health and environment, who is employed by that department as a health surveyor.

(III) The members of the board of appeals serve at the pleasure of the executive director.

(IV) For the initial appointments to the board of appeals:

(A) The members serving pursuant to sub-subparagraph (A) of subparagraph (II) of this paragraph (a) serve terms coextensive with the terms to which they were appointed under section 24-33.5-1213.7; and

(B) For the members appointed pursuant to sub-subparagraph (B) of subparagraph (II) of this paragraph (a), the executive director shall appoint one member for a one-year term, one member for a two-year term, and one member for a three-year term. Each term for the member appointed pursuant to sub-subparagraph (C) of subparagraph (II) of this paragraph (a) is two years. All subsequent appointments are for three-year terms; except that an appointment to fill a vacancy on the board shall be for the remainder of the predecessor's term.

(V) The members of the board of appeals shall not be compensated for their service on the board and shall not be reimbursed for expenses.

(b) The board of appeals shall select a chair from among its members and shall adopt reasonable procedures for conducting its deliberations.

(c) (I) A health facility representative may appeal to the board of appeals a final written decision of a division inspector or third-party inspector that conducts a plan review or inspection pursuant to this section. The appeal shall be filed with the division within thirty days after the date of the decision. The division shall specify the form on which an appeal shall be made and shall provide the form to a health facility representative upon request.

(II) Upon receipt of an appeal, the division shall notify the chair of the board of appeals and schedule a hearing no more than fifteen days after the date on which the appeal was filed.

(III) The board of appeals may review a final written decision by an inspecting entity that is based on the codes or standards adopted by the director. The board of appeals shall not waive any requirement of the codes or standards. The board of appeals may recommend alternative materials as provided in the codes or standards. The final written decision of the board is final agency action for purposes of section 24-4-106.

(d) In addition to hearing appeals as provided in this section, the board of appeals shall advise the director in promulgating rules and enacting standards for the health facility construction and inspection program.

**24-33.5-1213. Fire and building code - violations - enforcement - inspections. (1)**

The director shall enforce sections 22-32-124 (2), 23-71-122 (1)(v), 24-33.5-1212.5, 24-33.5-1213.3, and 24-33.5-1213.5, C.R.S., by appropriate actions in courts of competent jurisdiction.

(2) (a) The director may issue a notice of violation to a person who is believed to have violated the codes as determined by an inspection pursuant to section 22-32-124 (2), 23-71-122 (1)(v), 24-33.5-1212.5, or 24-33.5-1213.3, C.R.S. The notice shall be delivered to the alleged violator by certified mail, return receipt requested, or by any means that verifies receipt as reliably as certified mail, return receipt requested.

(b) The notice of violation shall allege the facts that constitute a violation.

(c) The notice of violation may require the alleged violator to act to correct the alleged violation.

(d) Within ten working days after delivery of the notice of violation, the alleged violator may request in writing an informal conference with the director concerning the notice of violation. If the alleged violator fails to request the conference within ten days, the notice of violation is final and not subject to further review by the director, and any requirement to correct the alleged violation pursuant to paragraph (c) of this subsection (2) becomes a binding enforcement order.

(e) Upon receipt of a request for an informal conference, the director shall set a reasonable time and place for the conference and shall notify the alleged violator of the time and place of the conference. At the conference, the alleged violator may present evidence and arguments concerning the allegations in the notice of violation.

(f) Within twenty working days after the informal conference, the director shall uphold, modify, or strike the allegations within the notice of violation and may issue an enforcement order. The decision and, if applicable, enforcement order shall be delivered to the alleged violator by certified mail, return receipt requested, or by any means that verifies receipt as reliably as certified mail, return receipt requested.

(3) (a) A person who is the subject of and is adversely affected by a notice of violation or an enforcement order issued pursuant to subsection (2) of this section may appeal such action to the executive director. The executive director shall hold a hearing to review such notice or order and take final action in accordance with article 4 of this title and may either conduct the hearing personally or appoint an administrative law judge from the department of personnel.

(b) Final agency action shall be subject to judicial review pursuant to article 4 of this title.

(c) An alleged violator who is required to correct an action pursuant to paragraph (c) of subsection (2) of this section shall be afforded the procedures set forth in section 24-4-104 (3), to the extent applicable.

(4) (a) An enforcement order issued pursuant to this section may impose a civil penalty, depending on the severity of the alleged violation, not to exceed five hundred dollars per violation for each day of violation; except that the director may impose a civil penalty not to exceed one thousand dollars per violation for each day of violation that results in, or may reasonably be expected to result in, serious bodily injury.

(b) A civil penalty collected pursuant to this subsection (4) shall be deposited in the public school construction and inspection cash fund created in section 24-33.5-1207.7 or the health facility construction and inspection cash fund created in section 24-33.5-1207.8, as appropriate.

(5) The director may file suit in the district court in the judicial district in which a violation is alleged to have occurred to judicially enforce an enforcement order issued pursuant to this section.

(6) In addition to the remedies provided in this section, the director is authorized to apply to the district court, in the judicial district where the violation has occurred, for a temporary or permanent injunction to restrain any person from violating any provision of section 22-32-124 (2) or 23-71-122 (1)(v), C.R.S., or section 24-33.5-1213.3 or 24-33.5-1213.5 regardless of whether there is an adequate remedy at law.

**24-33.5-1213.3. Building and structure fire code maintenance - rules.** (1) (a) This section applies to building and structure maintenance for fire safety. The fire department providing fire protection service for the buildings and structures of a school district or of a local college district or for a charter school may inspect the buildings and structures when deemed necessary to ensure that they are maintained in accordance with the fire code adopted by the director of the division. If the local fire department does not perform the inspections authorized by this section, the division has the authority and duty to conduct the inspections.

(b) An inspection conducted pursuant to this section within the preceding twelve months satisfies the inspection requirement of a child care center that provides child care exclusively to school-age children and operates on the property of a school district, district charter school, or institute charter school. The fire department or division that conducts the inspection pursuant to this section shall provide a copy of the inspection report to a child care center official.

(2) The division is authorized to charge a fee for inspections conducted by the division to cover the actual, reasonable, and necessary costs of the inspections. The amount of the fee shall be determined by the director of the division by rule. In accordance with section 24-33.5-1213, the division shall enforce the fire code adopted by the director of the division.

(3) A fire department that chooses to conduct fire code inspections pursuant to this section may refer notices of deficiencies to the division for evaluation or enforcement in accordance with section 24-33.5-1213. The division shall promulgate rules to establish procedures for fire departments to refer notices of deficiencies for evaluation or enforcement to the division.

(4) Nothing in this section shall prohibit the fire department from correcting violations that pose an immediate threat to life safety. Nothing in this section shall prohibit the fire department from seeking enforcement action in a court of competent jurisdiction.

**24-33.5-1213.4. School all-hazard emergency planning and response.** (1) The school response framework created in section 22-32-109.1 (4), C.R.S., sets forth the framework for school emergency incident response and emergency preparedness, including emergency

communications and the responsibilities of school resource officers. Pursuant to the school response framework, emergency response personnel are community partners with schools. As part of its duty to regularly inspect school buildings to ensure compliance with the fire code, the division, local fire departments, and certified fire inspectors may partner with schools in assessing each school's implementation of NIMS, the interoperability of the school's emergency communications equipment with state and local emergency response agencies, and the implementation of a school resource officer program.

(2) (a) As part of the division's duty, as set forth in section 24-33.5-1213, to enforce the provisions of section 22-32-124 (2), C.R.S., and section 24-33.5-1213.3, the division:

(I) Shall inquire of each school as to the number and type of any all-hazard drills conducted by the school, in addition to regular fire drills; and

(II) May inquire concerning:

(A) The school safety, readiness, and incident management plan developed pursuant to section 22-32-109.1 (4)(d), C.R.S.;

(B) The school's progress toward implementing NIMS and the incident command system pursuant to section 22-32-109.1, C.R.S., and in achieving communications interoperability with state and local emergency personnel;

(C) The nature and location of the school's emergency equipment, including communications equipment, and whether the communications equipment's interoperability with state and local emergency personnel has been tested separately or as part of an all-hazard drill; and

(D) Any other issues related to the school response framework, including but not limited to NIMS implementation, incident management, and communications interoperability with state and local emergency personnel.

(b) Inquiries made by the division pursuant to paragraph (a) of this subsection (2) that do not relate to the fire code shall not be the basis for a notice of deficiency or enforcement action.

(3) (a) Pursuant to its role as a community partner with schools, the division may, as part of its regular correspondence with schools, provide information to school safety personnel in school districts and schools, including but not limited to information related to NIMS and interoperable communications, courses and training on NIMS and interoperable communications, representation of schools at meetings held by community partners, best practices in incident management, and funding or grant opportunities related to emergency preparedness.

(b) The division shall collaborate with the office of information technology, created in section 24-37.5-103, the school safety resource center created in section 24-33.5-1803, and any other government entities and community partners as determined by the division to collect and disseminate information to school districts and schools as described in paragraph (a) of this subsection (3).

**24-33.5-1213.5. Certification for building inspectors - rules.** (1) The director of the division shall implement a building inspector and plans examiner certification program to comply with the provisions of sections 22-32-124 (2) and 23-71-122 (1)(v), C.R.S., that evaluates the education, training, and experience of each inspector and ensures that the inspectors hold current national certifications that require continuing education. The director of the division shall require that each inspector be recertified every three years.

(2) Plans examiners for plan review and building inspectors for construction inspections shall be certified in their respective fields by the international code council, or another similar national organization, and have demonstrated education, training, and experience in their respective fields.

(3) If a plans examiner or building inspector is not certified in his or her respective field, the plans examiner or building inspector shall have at least five years of demonstrated education, training, and experience in his or her respective field and receive national certification within one year after the date of hire.

(4) The director of the division shall outline, by rule, the criteria for the revocation of inspector certifications. If the division finds that inspections are not complete or that all violations are not corrected, the division shall take enforcement action against the third-party inspector pursuant to section 24-33.5-1213.

**24-33.5-1213.7. Board of appeals.** (1) (a) There is hereby created in the division a board of appeals, referred to in this section as the "board of appeals". The board of appeals shall consist of seven members appointed by the executive director.

(b) The members of the board of appeals shall be persons who are qualified by experience and training to pass upon matters pertaining to building construction and shall include one representative nominated by each of the Colorado association of school boards, the Colorado association of school executives, the Colorado chapter of the international code council, the fire marshal's association of Colorado, the Colorado state fire chiefs' association, the rocky mountain chapter of the council for educational facilities planners international, and Colorado counties, incorporated, or from a successor to any of these organizations representing comparable interests.

(c) The members of the board of appeals shall serve at the pleasure of the executive director. For the initial board, the executive director shall appoint one member for a one-year term, two members for two-year terms, and three members for three-year terms. Subsequent appointments shall be for three-year terms; except that an appointment to fill a vacancy on the board shall be for the remainder of the predecessor's term.

(d) The members of the board of appeals shall not be compensated for their service on the board and shall not be reimbursed for expenses.

(e) The board of appeals shall adopt reasonable procedures for conducting its deliberations.

(2) A board of education, the state charter school institute, a charter school, or a local district college board of trustees may appeal to the board of appeals a final written decision of an entity that conducts a plan review or inspection pursuant to section 22-32-124 or 23-71-122 (1)(v), C.R.S. The appeal shall be filed with the division within thirty days after the date of the decision. The division shall specify the form on which an appeal shall be made and shall provide the form to a board of education, a charter school, the state charter school institute, or a local district college board of trustees upon request.

(3) Upon receipt of an appeal, the division shall notify the chair of the board of appeals and schedule a hearing no more than fifteen days after the date on which the appeal was filed.

(4) The board of appeals may review a final written decision by an inspecting entity that is based on the provisions of the codes or standards adopted by the director of the division. The board shall not waive any requirement of the codes or standards. The board may recommend alternative materials as provided in the codes or standards. The final written decision of the board is final agency action for purposes of section 24-4-106.

(5) In addition to hearing appeals as provided in this section, the board of appeals shall advise the director in promulgating rules and enacting standards for the public school construction and inspection program.

(6) This section only applies to matters related to school reviews and inspections.

**24-33.5-1214. Cigarettes - reduced ignition propensity standards - repeal.** (1) **Short title.** This section shall be known and may be cited as the "Reduced Cigarette Ignition Propensity Standards and Firefighter Protection Act".

(2) **Testing - performance standard.** (a) (I) Except as otherwise provided in paragraph (g) of this subsection (2), no cigarettes shall be sold or offered for sale in this state, or offered for sale or sold to persons located in this state, after July 31, 2009, unless:

(A) The cigarettes have been tested in accordance with the test method and meet the performance standard specified in this subsection (2);

(B) A written certification has been filed by the manufacturer with the director in accordance with subsection (3) of this section; and

(C) The cigarettes have been marked in accordance with subsection (4) of this section.

(II) The following conditions shall apply to testing and certification:

(A) Testing of cigarettes shall be conducted in accordance with ASTM international standard E2187-04, "standard test method for measuring the ignition strength of cigarettes".

(B) Testing shall be conducted on ten layers of filter paper.

(C) No more than twenty-five percent of the cigarettes tested in a test trial in accordance with this subsection (2) shall exhibit full-length burns. Forty replicate tests shall constitute a complete test trial for each cigarette tested.

(D) The performance standard required by this subsection (2) shall be applied only to a complete test trial.

(E) Written certifications shall be based upon testing conducted by a laboratory that has been accredited pursuant to standard ISO/IEC 17025 of the international organization for standardization or another comparable accreditation standard specified by the division.

(F) A laboratory conducting testing in accordance with this subsection (2) shall implement a quality control and quality assurance program that includes a procedure that will determine the repeatability of the testing results and limit the repeatability value to no greater than nineteen percent.

(G) This subsection (2) shall not require additional testing of cigarettes that have been tested for other purposes in a manner consistent with this section.

(H) Testing performed or sponsored by the division in order to determine a cigarette's compliance with the performance standard required by this subsection (2) shall be conducted in accordance with this subsection (2).

(b) Each cigarette listed in a certification submitted pursuant to subsection (3) of this section that uses lowered permeability bands in the cigarette paper to achieve compliance with the performance standard set forth in this subsection (2) shall have at least two nominally identical bands on the paper surrounding the tobacco column. At least one complete band shall be located at least fifteen millimeters from the lighting end of the cigarette. For cigarettes on which the bands are positioned by design, there shall be at least two bands fully located at least fifteen millimeters from the lighting end and ten millimeters from the filter end of the tobacco column or ten millimeters from the labeled end of the tobacco column for nonfiltered cigarettes.

(c) A manufacturer of a cigarette that the division determines cannot be tested in accordance with the test method prescribed in paragraph (a) of this subsection (2) shall propose a test method and performance standard for the cigarette to the division. Upon approval of the proposed test method and a determination by the division that the performance standard proposed by the manufacturer is equivalent to the performance standard prescribed in subparagraph (II) of paragraph (a) of this subsection (2), the manufacturer may employ such test method and performance standard to certify such cigarette pursuant to this subsection (2). If the division determines that another state has enacted reduced cigarette ignition propensity standards that include a test method and performance standard that are substantially similar to those contained in this subsection (2), and the division finds that the officials responsible for implementing those requirements have approved the proposed alternative test method and performance standard for a particular cigarette proposed by a manufacturer as meeting the reduced cigarette ignition propensity standards of such state's laws or rules under a legal provision comparable to this subsection (2), then the division shall authorize the manufacturer to employ the alternative test method and performance standard to certify such cigarette for sale in Colorado unless the division demonstrates a reasonable basis why the alternative test should not be accepted. All other applicable requirements of this subsection (2) shall apply to the manufacturer.

(d) Each manufacturer shall maintain copies of the reports of all tests conducted on all cigarettes offered for sale for a period of three years and shall make copies of these reports available to the division and the attorney general upon written request. Any manufacturer who fails to make copies of such reports available within sixty days after receiving a written request shall be subject to a civil penalty not to exceed ten thousand dollars for each day after the sixtieth day that the manufacturer does not make such copies available.

(e) The division may adopt a subsequent ASTM international standard test method for measuring the ignition strength of cigarettes upon a finding that such subsequent method does not result in a change in the percentage of full-length burns exhibited by any tested cigarette when compared to the percentage of full-length burns the same cigarette would exhibit when tested in accordance with ASTM international standard E2187-04 and the performance standard in subparagraph (II) of paragraph (a) of this subsection (2).

(f) On or before June 30, 2012, and on or before June 30 of every third year thereafter, the division shall review the effectiveness of this subsection (2) and report to the general assembly the division's findings and, if appropriate, recommendations for legislation to improve the effectiveness of this section.

(g) The requirements of paragraph (a) of this subsection (2) shall not be construed to prohibit:

(I) Wholesale or retail dealers from selling their existing inventory of cigarettes on or after July 31, 2009, if a wholesale or retailer dealer can establish that state tax stamps were affixed to the cigarettes before said date and that the inventory was purchased before said date in comparable quantity to the inventory purchased during the same period of the immediately preceding year; or

(II) The sale of cigarettes solely for the purpose of consumer testing. As used in this subparagraph (II), "consumer testing" means an assessment of cigarettes that is conducted by, or under the control and direction of, a manufacturer for the purpose of evaluating consumer acceptance of such cigarettes, utilizing only the quantity of cigarettes that is reasonably necessary for such assessment.

(h) The division shall implement this section in accordance with the implementation in New York of the New York fire safety standards for cigarettes.

(3) **Certification.** (a) Each manufacturer shall submit to the director a written certification attesting that each cigarette listed in the certification:

(I) Has been tested in accordance with subsection (2) of this section; and

(II) Meets the performance standard set forth in subsection (2) of this section.

(b) Each cigarette listed in the certification submitted pursuant to paragraph (a) of this subsection (3) shall be described with the following information:

(I) Brand or trade name on the package;

(II) Style, such as light or ultra light;

(III) Length in millimeters;

(IV) Circumference in millimeters;

(V) Flavor, such as menthol or chocolate if applicable;

(VI) Filter or nonfilter;

(VII) Package description, such as soft pack or box;

(VIII) Marking pursuant to subsection (4) of this section;

(IX) The name, address, and telephone number of the laboratory that conducted the tests, if different from that of the manufacturer; and

(X) The date that the testing occurred.

(c) Certifications under this subsection (3) shall be made available to the attorney general for purposes consistent with this section and to the department of revenue for the purpose of ensuring compliance with this subsection (3).

(d) Each cigarette certified under this subsection (3) shall be subject to recertification every three years.

(e) At the time it submits a written certification under this subsection (3), a manufacturer shall pay to the department of public safety a fee of one thousand dollars for each brand family of cigarettes listed in the certification. The fee paid shall apply to all cigarettes within the brand family certified and shall include any new cigarette certified within the brand family during the three-year certification period.

(f) There is hereby established, in the state treasury, the reduced cigarette ignition propensity standards and firefighter protection act enforcement fund, also referred to in this section as the "fund". The fund shall consist of all certification fees and civil penalties collected pursuant to this section and shall, in addition to any other moneys made available for such purpose, be available to the division to support processing, testing, enforcement, and oversight activities under this section. Any moneys in the fund in excess of the amounts needed for such purposes may be used by the division, subject to annual appropriation, for fire safety and prevention programs, including without limitation firefighter training and certification.

(g) If a manufacturer has certified a cigarette pursuant to this subsection (3), and thereafter makes any change to such cigarette that is likely to alter its compliance with the reduced cigarette ignition propensity standard required by this section, such cigarette shall not be sold or offered for sale in this state until the manufacturer retests the cigarette in accordance with the testing standards set forth in subsection (2) of this section and maintains records of the retesting as required by said subsection (2). Any altered cigarette that does not meet the performance standard set forth in said subsection (2) may not be sold in this state.

(4) **Labeling.** (a) Effective July 31, 2009, cigarettes that are certified by a manufacturer in accordance with subsection (3) of this section shall be marked to indicate compliance with the requirements of this section. Such marking shall be in eight-point type or larger and shall consist of one or more of the following:

(I) Modification of the package's UPC symbol to include a visible mark printed at or around the area of the UPC symbol. The mark may consist of alphanumeric or symbolic characters permanently stamped, engraved, embossed, or printed in conjunction with the UPC symbol.

(II) Any visible combination of alphanumeric or symbolic characters permanently stamped, engraved, embossed, or printed on the cigarette package or cellophane wrap; or

(III) Stamped, engraved, embossed, or printed text that indicates that the cigarettes meet the standards of this section.

(b) A manufacturer shall use only one marking and shall apply the marking uniformly to all brands and packages, including but not limited to packs, cartons, and cases, marketed by the manufacturer.

(c) The manufacturer shall notify the division as to the marking selected by the manufacturer.

(d) Prior to the certification of any cigarette, the manufacturer shall present its proposed marking to the division, which shall have discretion to approve or disapprove the marking; except that:

(I) The division shall approve:

(A) Any marking in use and approved for sale in New York pursuant to the New York fire safety standards for cigarettes; or

(B) The letters "FSC", signifying "fire standards compliant", appearing in eight-point type or larger and permanently stamped, engraved, embossed, or printed on the package at or near the UPC symbol; and

(II) Proposed markings shall be deemed approved if the division fails to act within ten business days after receiving a request for approval.

(e) A manufacturer shall not modify its approved marking unless the modification has been approved by the division in accordance with this subsection (4).

(f) Manufacturers certifying cigarettes in accordance with subsection (3) of this section shall provide a copy of the certifications to all wholesale dealers and agents to which they sell cigarettes and shall also provide sufficient copies of an illustration of the package marking utilized by the manufacturer pursuant to this subsection (4) for each retail dealer to which the wholesale dealers or agents sell cigarettes. Wholesale dealers and agents shall provide copies of these package markings received from manufacturers to all retail dealers to which they sell cigarettes. Wholesale dealers, agents, and retail dealers shall permit the director, the department of revenue, the attorney general, and employees thereof to inspect markings of cigarette packaging marked in accordance with this subsection (4).

(5) **Penalties - forfeiture.** Effective July 31, 2009:

(a) A manufacturer, wholesale dealer, agent, or other person or entity who knowingly sells or offers to sell cigarettes, other than at retail, in violation of subsection (2) of this section shall be subject to a civil penalty not to exceed one hundred dollars for each pack of such cigarettes sold or offered for sale; except that the penalty against any such person or entity shall not exceed one hundred thousand dollars during any thirty-day period.

(b) A retail dealer who knowingly sells or offers to sell cigarettes in violation of subsection (2) of this section shall be subject to a civil penalty not to exceed one hundred dollars for each pack of such cigarettes sold or offered for sale; except that the penalty against any such retail dealer shall not exceed twenty-five thousand dollars for sales or offers to sell during any thirty-day period.

(c) In addition to any other penalty prescribed by law, a corporation, partnership, sole proprietor, limited partnership, or association engaged in the manufacture of cigarettes that knowingly makes a false certification pursuant to subsection (3) of this section shall be subject to a civil penalty of at least seventy-five thousand dollars, not to exceed two hundred fifty thousand dollars for each such false certification.

(d) A person who violates any provision of this section for which a penalty is not specifically provided shall be subject to a civil penalty of up to one thousand dollars for a first violation and up to five thousand dollars for a second or subsequent violation.

(e) Cigarettes that have been sold or offered for sale and that do not comply with the performance standard required by subsection (2) of this section shall be subject to forfeiture as provided in the "Colorado Contraband Forfeiture Act", part 5 of article 13 of title 16, C.R.S. Cigarettes forfeited pursuant to this paragraph (e) shall be destroyed; except that, before such destruction, the true holder of the trademark rights in the cigarette brand shall be permitted to inspect the cigarettes if desired.

(f) In addition to any other remedy provided by law, the director or the attorney general may file an action in district court for a violation of this section, including petitioning for injunctive relief or to recover any costs or damages suffered by the state and enforcement costs, including attorney fees, relating to the specific violation. Each violation of this section or of rules

adopted under this section constitutes a separate civil violation for which the director or attorney general may obtain relief under this paragraph (f).

(g) Whenever a law enforcement officer or duly authorized agent of the director discovers cigarettes that have not been marked as required by subsection (4) of this section, such officer or agent is hereby authorized and empowered to seize and take possession of such cigarettes. Such cigarettes shall be turned over to the department of revenue and shall be forfeited to the state. Cigarettes seized pursuant to this paragraph (g) shall be destroyed; except that, before such destruction, the true holder of the trademark rights in the cigarette brand shall be permitted to inspect the cigarettes if desired.

(6) **Rules.** (a) The director may promulgate rules in accordance with the "State Administrative Procedure Act", article 4 of this title, as necessary to administer this section.

(b) The department of revenue, in the regular course of conducting inspections of wholesale dealers, agents, and retail dealers as authorized by law, may inspect cigarettes to determine whether the cigarettes are marked as required by subsection (4) of this section. If the cigarettes are not marked as required, the department of revenue shall notify the division.

(7) **Enforcement.** To enforce this section, the attorney general, the department of revenue, the division, all duly authorized employees and agents thereof, and all law enforcement personnel are hereby authorized to examine the books, papers, invoices, and other records of any person in possession, control, or occupancy of any premises where cigarettes are placed, stored, sold, or offered for sale, as well as any cigarettes on the premises. Every person in the possession, control, or occupancy of any premises where cigarettes are placed, stored, sold, or offered for sale is hereby directed and required to give the attorney general, the department of revenue, the division, all duly authorized employees and agents thereof, and all law enforcement personnel the means, facilities, and opportunity for the examinations authorized by this subsection (7).

(8) **Exceptions.** Nothing in this section shall be construed to prohibit any person or entity from manufacturing or selling cigarettes that do not meet the requirements of subsection (2) of this section if:

(a) The cigarettes are or will be stamped for sale in another state or are packaged for sale outside the United States; and

(b) The person or entity has taken reasonable steps to ensure that such cigarettes will not be sold or offered for sale to persons located in Colorado.

(9) **Repeal.** (a) The general assembly intends that this section shall cease to be effective upon the effective date of a federal reduced cigarette ignition propensity standard that preempts this section. The division, upon receiving notice of the effectiveness of such federal standard, shall forward such notice to the revisor of statutes.

(b) This section is repealed, effective 12:01 a.m. the day after the revisor of statutes receives notice from the division as described in paragraph (a) of this subsection (9).

(c) Notwithstanding any other provision of law, the local governmental units of this state may neither enact nor enforce any ordinance or other local law or rule conflicting with, or preempted by, any provision of this section or with any policy of this state expressed by this section.

**Source: L. 2008:** Entire section added, p. 1485, § 2, effective January 1, 2009.

**24-33.5-1215. Volunteer firefighter tuition voucher fund - created.** There is hereby created in the state treasury the volunteer firefighter tuition voucher fund, which shall be administered by the division and shall consist of any gifts, grants, or donations from private or public sources that the division is hereby required to seek and accept. All moneys in the fund are continuously appropriated to the division to be used for the purposes set forth in section 24-33.5-1216. All moneys in the fund at the end of each fiscal year shall be retained in the fund and shall not revert to the general fund or any other fund.

**Source: L. 2009:** Entire section added, (SB 09-021), ch. 414, p. 2289, § 4, effective August 5.

**24-33.5-1216. Volunteer firefighters - tuition vouchers - community and technical colleges.** (1) The division shall collaborate with the state board for community colleges and occupational education created in section 23-60-104 (1)(b), C.R.S., and the board of the trustees for each local community college as specified in section 23-71-122, C.R.S., to develop a system to provide a tuition voucher for three credits per academic year to a qualified volunteer firefighter who is a full-time or part-time student at an institution in the state system of community and technical colleges or a local community college and who agrees to serve as a volunteer firefighter for no less than four years after completing his or her education at the institution.

(2) For purposes of this section, "local community college" includes Aims community college and Colorado mountain college.

(3) The division shall fund the tuition vouchers specified in subsection (1) of this section from the volunteer firefighter tuition voucher fund created in section 24-33.5-1215; except that, if the volunteer firefighter tuition voucher fund does not have sufficient moneys to fund the tuition vouchers, the division may use any existing appropriation.

**Source: L. 2009:** Entire section added, (SB 09-021), ch. 414, p. 2289, § 4, effective August 5.

**24-33.5-1217. Prescribed burning program - training and certification of certified burners - rules - fees.** (1) The director shall establish training and certification standards for users of prescribed fire in consultation with the Colorado prescribed fire council or an analogous successor organization. The director may also consult with local fire jurisdictions.

(2) The training and certification standards adopted under this section shall:

(a) Create certified burner and noncertified burner designations for users of prescribed fire on private and nonfederal land;

(b) Establish requirements for certified burners to conduct lawful activities pursuant to authorization under section 18-13-109 (2)(b)(IV), C.R.S., regarding firing of woods or prairie;

- (c) Identify processes and procedures for certified burners to conduct a prescribed fire;
- (d) Recommend organizational structures for prescribed burn operations;
- (e) Establish training standards for certified burners and utilize all means available to make the certified burner training as accessible as possible; and
- (f) Clearly identify preexisting fees, permit requirements, liabilities, liability exemptions, and penalties for prescribed burn personnel and landowners, including those specified in sections 25-7-106 (7) and (8) and 25-7-123, C.R.S.

(3) (a) Except as otherwise provided in this section, on and after December 1, 2013, a prescribed fire must be attended by a person certified by the division pursuant to this section and rules promulgated thereto or otherwise authorized under section 24-33.5-1217.5 (1)(c).

(b) (I) Nothing in this section requires a private landowner to be certified by the division as a certified burner or qualified by national wildfire coordinating group standards as a prescribed burn boss to conduct prescribed fire on the landowner's own property.

(II) A private landowner or the landowner's designee who is certified by the division as a certified burner or qualified by national wildfire coordinating group standards as a prescribed burn boss is not liable for any civil damages for acts or omissions made in good faith resulting in damage or injury caused by fire or smoke resulting from prescribed burns they conduct on the landowner's own property and in compliance with applicable state laws and local ordinances, unless such private landowner's or designee's acts or omissions are grossly negligent or willful and wanton.

(III) Nothing in this section exempts private landowners from complying with any other applicable local, state, or federal requirements pertaining to open burning.

(4) The director, by rule, may establish a fee at an amount not to exceed the amount required to recover all direct costs that the division incurs in providing training to and processing applications for persons seeking certification as certified burners pursuant to this section. Any fees so collected shall be deposited into the firefighter, first responder, hazardous materials responder, and prescribed fire training and certification fund created in section 24-33.5-1207.

(5) (a) The director, in consultation with the Colorado state forest service described in part 3 of article 31 of title 23, C.R.S., and in accordance with article 4 of this title:

(I) May adopt any such rules as the director deems necessary to administer the prescribed burning program within the division; and

(II) Shall adopt rules and standards:

(A) Pertaining to the training and certification of certified burners, including training components; application processes; qualification for and terms and durations of certification; types of certification, if applicable; grounds and processes for renewal, suspension, and revocation of certifications; and training, certification, and renewal fees; and

(B) For the use of prescribed burning occurring on state lands or conducted by state agencies on private lands, pursuant to section 24-33.5-1217.5.

(b) The rules and standards promulgated pursuant to sub-subparagraph (B) of subparagraph (II) of paragraph (a) of this subsection (5) constitute the minimum standards for all prescribed burning conducted in the state, except for prescribed burning conducted by an agency of the federal government. To be exempt from these standards, other users of prescribed fire, including local governments and nongovernmental organizations must adopt or have already adopted guidelines or standards that are in substantial compliance with the intent of section 24-33.5-1217.5 for prescribed burning under their control.

(6) (a) Subject to the provisions of paragraph (c) of this subsection (6), the director may enter into an agreement with an owner or other person having legal control of property, including a public agency with regulatory or natural resource management authority over any such property, for the use of prescribed burning consistent with this article to prevent high-intensity wildland fires by reducing the volume and continuity of wildland fuels or to achieve other goals, including forest improvement, consistent with this article.

(b) The director shall not enter into an agreement for prescribed burning pursuant to paragraph (a) of this subsection (6) unless the director first determines that the property owner or other person having legal control of the property has both evaluated all alternatives to prescribed burning and concluded that prescribed burning is an appropriate hazardous fuel reduction method for the property.

(c) Nothing in this section compels any person to enter into an agreement with the director.

(d) (I) Where an agency of the federal government assumes primary responsibility for conducting a prescribed burn in the state, neither the agency nor any other agency of the federal government is required to comply with the rules and standards promulgated pursuant to subparagraph (B) of subparagraph (II) of paragraph (a) of subsection (5) of this section.

(II) If the director has entered into an agreement with an agency of the federal government as of May 23, 2013, of the type described in paragraph (a) of this subsection (6), nothing in this section shall be construed to require a new agreement or modification of an existing agreement.

(7) (a) The division shall cooperate with and provide advisory services to any person desiring to use prescribed burning, the objective of which is the prevention of high-intensity wildland fires, watershed management, vegetation management, forest improvement, wildlife habitat improvement, or any other objective that is deemed to be in the public interest, or any combination of such objectives.

(b) The division shall provide information and technical assistance to units of local government, upon request from the local government, concerning prescribed burning.

(c) The division may provide standby fire protection to any person using prescribed burning in a manner deemed to be in the public interest, to such extent as personnel, fire crews, and firefighting equipment are requested and available.

(8) The division shall, subject to sufficient funding, institute a public information campaign to promote to the general public the benefits of prescribed burning.

(9) Nothing in this article grants the division authority over any hazardous fuel reduction other than prescribed burning. Forest health, forest improvement, vegetation and watershed management, and hazardous fuel reduction other than prescribed burning remain responsibilities vested in the state forest service.

(10) Notwithstanding any other provision of law:

(a) In performing the duties assigned to him or her under subsections (5) and (6) of this section, the director shall consult with the Colorado state forest service as described in part 3 of article 31 of title 23, C.R.S.

(b) The prescribed burning standards adopted by the director pursuant to subparagraph (B) of subparagraph (II) of paragraph (a) of subsection (5) of this section shall be consistent with existing laws and processes that ban, regulate, or have developed recommendations concerning open burning, including sections 18-13-109, 18-13-109.5, 23-31-

312, 23-31-313 (6)(a)(II) and (6)(a)(III), 25-7-106 (7) and (8), 25-7-123, 29-20-105.5, and 30-11-124, C.R.S.

(c) Nothing in this section or section 24-33.5-1217.5 or 24-33.5-1217.7 shall be construed to affect the authority of a county government to develop or administer an open burning permit system for the purpose of safely disposing of slash in accordance with the provisions of section 30-15-401 (1)(n.5), C.R.S.

(11) Except as otherwise provided for the fees established and collected pursuant to subsection (4) of this section, all moneys received by the division pursuant to this section shall be credited to the wildland fire cost recovery fund created in section 24-33.5-1220 (4).

**24-33.5-1217.5. Minimum prescribed burning standards.** (1) The prescribed burning standards adopted by the director pursuant to section 24-33.5-1217 (5)(a)(II)(B) must, at a minimum:

(a) Ensure that prescribed burning is the controlled application of fire to vegetative fuels under specified environmental conditions in accordance with a written prescription plan, which plan:

(I) Is designed to confine the fire to a predetermined area;

(II) Is designed to accomplish planned land management objectives, as those objectives are determined by the property owner or natural resource management authority; and

(III) Conforms to this article and the rules and standards adopted in accordance with this article;

(b) Include information on planning, preparing, and implementing safe, effective prescribed burning, which information:

(I) Is based on the "interagency prescribed fire planning and implementation procedures guide", as amended, published by the national wildfire coordinating group, or by any successor group; and

(II) Contains specific criteria with respect to masticated fuels;

(c) Require at least one person, who must be qualified by national wildfire coordinating group standards as a prescribed burn boss at the level commensurate with the complexity of the burn, to be present on site:

(I) During the conduct of the prescribed burn; and

(II) (A) Until the fire is adequately confined to reasonably prevent escape of the fire from the area intended to be burned; or

(B) Until the prescribed burning is completed and all fire is declared to be out;

(d) Establish appropriate guidelines sufficient to:

(I) Conduct the burn in accordance with the prescription plan; and

(II) Provide adequate protection for the safety of persons and of adjacent property;

(e) Evaluate alternatives to prescribed burning, such as mechanical treatment, and guide the user through the safe and prudent application of prescribed burning, when it is determined to be an appropriate method; and

(f) Set forth requirements for record keeping; public information campaigns; and timely notice of prescribed burning to adjacent landowners, local authorities, and, to the extent practicable, potentially affected neighbors.

(2) All users of prescribed fire shall comply with the applicable provisions of the "Colorado Air Pollution Prevention and Control Act", part 1 of article 7 of title 25, C.R.S., and its implementing regulations, and shall obtain a permit for prescribed fire pursuant to section 25-7-123, C.R.S.

(3) The rules and standards adopted by the director must be promulgated in consultation with the Colorado state forest service as described in part 3 of article 31 of title 23, C.R.S., the Colorado prescribed fire council, or an analogous successor organization, and other subject matter experts as the director deems appropriate. In promulgating such rules and standards, the director shall consider the current state of research and best management practices for prescribed burning.

**24-33.5-1217.7. Escaped prescribed fires.** (1) If a prescribed fire exceeds the control capability of on-site resources, the fire is deemed to be escaped, and suppression actions shall be taken immediately to bring the escape under control.

(2) The division shall conduct or cause to be conducted a formal review following escape of a prescribed fire. The purpose of the review is to identify the factors that contributed to the escape, including compliance with policy requirements, in an effort to reduce the occurrence or prevent future escapes.

(3) Wildfires burning uncontrolled on forested, brush, or grassland areas that pose a hazard to life and property constitute a public nuisance. Employees or agents of the division have the right to enter land to control, suppress, or investigate wildfires without liability for trespass.

(4) In order to prevent high-intensity or catastrophic wildland fires, local, state, or federal firefighters may enter lands and construct fire lines or fire breaks to prevent further spread of wildfires, without liability for trespass.

**24-33.5-1218. Cooperation with governmental units.** In connection with its powers and duties concerning the protection of the forest lands of the state from fire, the division may cooperate and coordinate with the United States forest service, the United States secretary of the interior, the United States secretary of agriculture, the state board of land commissioners, and the counties for such protection and may advise and aid in preventing forest fires on state and private lands in the national forests in the state, including coordinating with the United States secretary of the interior and the United States secretary of agriculture to develop management plans for federal lands within the state of Colorado pursuant to 16 U.S.C. sec. 530, 16 U.S.C. sec. 1604, and 43 U.S.C. sec. 1712; but nothing contained in this section shall be construed as transferring to the division the duties or responsibilities of the sheriffs of the various counties with respect to forest fire control laws.

**24-33.5-1220. Funds available - emergency fire fund - wildland fire equipment repair fund - wildland fire cost recovery fund - creation - gifts, grants, and donations authorized.** (1) The governor's emergency fund may be used for the purpose of preventing and suppressing forest and wildland fires, in accordance with part 7 of this article.

(2) (a) There is hereby created in the state treasury the emergency fire fund, which fund shall be administered by the division, in accordance with paragraph (b) of this subsection (2), to fund emergency responses to wildfires. The division is authorized to seek and accept gifts, grants, reimbursements, or donations from private or public sources for the purposes of this section. The fund consists of all moneys that may be appropriated thereto by the general assembly and all private and public funds, including from counties and the Denver water board, received through gifts, grants, reimbursements, or donations that are transmitted to the state treasurer and credited to the fund. All interest earned from the investment of moneys in the fund shall be credited to the fund. The moneys in the fund are hereby continuously appropriated for the purposes indicated in this section. Any moneys not expended at the end of the fiscal year shall remain in the fund and shall not be transferred to or revert to the general fund.

(b) The division shall use the moneys in the emergency fire fund to provide funding or reimbursement for wildfires in accordance with memoranda of understanding with participating public entities.

(3) There is hereby created in the state treasury the wildland fire equipment repair cash fund, which fund shall be administered by the division to fund the costs of fire equipment maintenance and repair. The division is authorized to seek and accept gifts, grants, reimbursements, or donations from private or public sources for the purposes of this section. The fund consists of all moneys that may be appropriated thereto by the general assembly and all private and public funds, including from counties and the Denver water board, received through gifts, grants, reimbursements, or donations that are transmitted to the state treasurer and credited to the fund. All interest earned from the investment of moneys in the fund shall be credited to the fund. The moneys in the fund are hereby continuously appropriated for the purposes set forth in this section. Any moneys not expended at the end of the fiscal year shall remain in the fund and shall not be transferred to or revert to the general fund.

(4) (a) There is hereby created in the state treasury the wildland fire cost recovery fund, to be administered by the division for personnel and operating expenses associated with wildland

fire suppression activities. The division is authorized to seek and accept gifts, grants, reimbursements, or donations from private or public sources for the purposes of this subsection (4). The fund consists of all moneys recovered for the division's expenditures for wildland fire suppression, moneys that may be appropriated thereto by the general assembly, and all private and public funds, including from counties and the Denver water board, received through gifts, grants, reimbursements, or donations that are transmitted to the state treasurer and credited to the fund. The fund is noninterest-bearing. The moneys in the fund are hereby continuously appropriated for the purposes set forth in this subsection (4). Any moneys not expended at the end of the fiscal year shall remain in the fund and shall not be transferred to or revert to the general fund.

(b) Notwithstanding any limitation on the amount of advances set forth in section 24-75-203 (2), the controller may authorize an advance without interest in any amount to be made to the division to provide it with working capital for the operation of wildland fire suppression activities to which wildland fire cost recovery fund moneys are allocated pursuant to this subsection (4).

(5) Notwithstanding any provision of law to the contrary, the funds established under subsections (2), (3), and (4) of this section are exempt from the limitations set forth in section 24-75-402.

**24-33.5-1221. State responsibility - determination by the director - intergovernmental agreements required - terms included - definitions - legislative declaration.** (1) The director shall determine, in consultation with local authorities and with the approval of the governor, geographic areas of the state, including wildland-urban interface areas, in which the state has a financial responsibility for managing forest and wildland fires. The management of fires in all other areas is primarily the responsibility of local or federal agencies, as the case may be. The director may exclude all lands owned or controlled by the federal government or any agency thereof, and the director shall exclude all lands within the exterior boundaries of incorporated cities or towns.

(2) (a) The general assembly hereby finds, determines, and declares that:

(I) Because wildland fires so often traverse the territorial boundaries of political subdivisions, the full cooperation of governmental entities within whose territorial boundaries forest lands, rangelands, or wildland areas are located is necessary to ensure adequate protection against those fires;

(II) Because wildland fires cross territorial boundaries, particularly if cooperative fire mitigation policies are not established and maintained, protecting the public from the dangers of

such fires, especially fires occurring in wildland-urban interface areas, is a necessary endeavor and a matter of statewide concern; and

(III) This subsection (2) is enacted for the purpose of requiring intergovernmental cooperation between a county and any state agency that owns wildland areas located within the county to mitigate the harm caused by wildland fires affecting land areas in the interest of protecting the public health and safety.

(b) As used in this subsection (2), unless the context otherwise requires:

(I) "Forest land" means land of which at least ten percent is stocked by forest trees of any size and includes land that formerly had such tree cover and that will be naturally or artificially regenerated. "Forest land" includes roadside, streamside, and shelterbelt strips of timber that have a crown width of at least one hundred twenty feet. "Forest land" includes unimproved roads and trails, streams, and clearings that are less than one hundred twenty feet wide.

(II) "Rangeland" means an expanse of land that is unforested and on which it is suitable for livestock to wander and graze.

(III) "State agency" has the meaning set forth in section 24-18-102.

(IV) "Wildland area" means an area in which development is essentially nonexistent, except for roads, railroads, power lines, and similar infrastructure, and in which structures, if present, are widely scattered.

(V) "Wildland fire" means an unplanned or unwanted fire in a forest land, rangeland, or wildland area, including an unauthorized human-caused fire, an out-of-control prescribed fire, and any other fire in a forest land, rangeland, or wildland area where the objective is to extinguish the fire.

(c) (I) (A) On or before January 1, 2017, each state agency that owns any land constituting forest land, rangeland, or wildland area shall enter into an intergovernmental agreement with each county in which the land is located to mitigate wildland fires affecting the land areas of the state agency and county. In making such intergovernmental agreement, the parties to the agreement shall consult with any utility providers that have facilities in the areas subject to the agreements to the extent that the agreements will affect the providers.

(B) Sub-subparagraph (A) of this subparagraph (I) does not apply to rights-of-way, conservation easements, or state trust lands. However, the department of natural resources and the state land board shall evaluate the feasibility of entering into intergovernmental agreements similar to those required under sub-subparagraph (A) of this subparagraph (I) for state trust lands. Prior to September 1, 2014, the department of natural resources shall report to the wildfire matters review committee created in section 2-3-1602, C.R.S., regarding any conclusions reached subsequent to this evaluation, including reasonable alternatives to address wildland fire mitigation and suppression costs with counties in which state trust lands are located.

(II) Any agreement required by subparagraph (I) of this paragraph (c) must address the following matters:

(A) The identification of all parties to the agreement and their respective roles and responsibilities regarding the mitigation and management of wildland fires;

(B) The procedures for cooperation and coordination among the parties to the agreement;

(C) Management objectives for forest land and wildland fire prevention, preparedness, mitigation, suppression, reclamation, or rehabilitation, and the designation of the state agency with fiscal and operational authority for each objective;

(D) A description of available emergency or mutual aid resources in the event of wildland fires;

(E) Identification of the party or parties responsible for paying the costs of suppression of wildfires occurring on state-owned lands;

(F) The specification that reimbursement and billing procedures will be handled through the division's existing billing process; and

(G) Action that may be undertaken by one party to the agreement if another party to the agreement fails to satisfy its duties or responsibilities under the agreement.

(d) The agreement required under paragraph (c) of this subsection (2) must be executed by all parties to the agreement.

(e) Nothing in this subsection (2) alters or affects the manner in which suppression costs are handled:

(I) During an agreed-upon mutual aid period; or

(II) Pursuant to an existing agreement.

**24-33.5-1225. Emergencies.** When the governor finds that conditions of extreme fire hazard exist, he or she may by proclamation close such land as he or she may find to be in such condition of extreme hazard to the general public and prohibit or limit burning thereon to such a degree and in such ways as he or she deems necessary to reduce the danger of forest fire. The governor shall declare the end of any such emergency only upon a finding that the conditions of extreme fire hazard no longer exist.

**24-33.5-1226. Wildfire emergency response fund - creation - gifts, grants, and donations authorized.** (1) (a) There is hereby created in the state treasury the wildfire emergency response fund, which fund shall be administered by the division. The division is authorized to seek and accept gifts, grants, reimbursements, or donations from private or public sources for the purposes of this section. The fund consists of all moneys that may be appropriated thereto by the general assembly, any moneys transferred to the fund by the state

treasurer pursuant to section 24-33.5-706 (4.5) or transferred pursuant to section 10-3-209 (4), C.R.S., and all private and public funds received through gifts, grants, reimbursements, or donations that are transmitted to the state treasurer and credited to the fund. All interest earned from the investment of moneys in the fund shall be credited to the fund. The moneys in the fund are hereby continuously appropriated for the purposes indicated in this section. Any moneys not expended at the end of the fiscal year remain in the fund and do not transfer or revert to the general fund.

(b) The general assembly finds that the implementation of this section does not rely on the receipt of adequate funding through gifts, grants, or donations. Therefore, the notice requirements specified in section 24-75-1303 (3) are inapplicable to the wildfire emergency response fund.

(2) At a minimum, the division shall use the moneys in the wildfire emergency response fund to provide funding or reimbursement for:

(a) The first aerial tanker flight or the first hour of a firefighting helicopter operating on a wildfire at the request of any county sheriff, municipal fire department, or fire protection district; and

(b) The employment of wildfire hand crews to fight a wildfire for the first two days of a wildfire at the request of any county sheriff, municipal fire department, or fire protection district, with a preference for the use of wildfire hand crews from the inmate disaster relief program created in section 17-24-124, C.R.S.

(2.5) In addition to any other purpose for the use of money in the wildfire emergency preparedness fund specified in this section, the division may use money in the fund to provide wildfire suppression assistance to county sheriffs, municipal fire departments, or fire protection districts throughout the state at no cost to such entities pursuant to annual guidelines published by the division in the wildfire preparedness plan required by section 24-33.5-1227 (2)(a).

(3) On an annual basis, the governor may authorize the division to increase the use of the wildfire emergency response fund to provide funding or reimbursement for additional aerial tanker flights or additional usage of wildfire hand crews to fight a wildfire. The director shall include a request for such authorization in, and in accordance with, the annual wildfire preparedness plan recommendations developed pursuant to section 24-33.5-1227 (2).

(4) Nothing in this section precludes or prevents the governor, in his or her discretion, from authorizing additional increases or decreasing the use of the wildfire emergency response fund if the actual wildfire situation is more or less severe than anticipated at the time the wildfire preparedness plan required under section 24-33.5-1227 (2) was prepared.

(5) (Deleted by amendment, L. 2013.)

(6) (a) On June 15, 2021, if possible, or as soon as possible thereafter, the state treasurer shall transfer six hundred thousand dollars from the wildfire preparedness fund created in section 24-33.5-1227 and one million two hundred thousand dollars from the Colorado firefighting air corps fund created in section 24-33.5-1228 to the wildfire emergency response fund.

(b) On July 1, 2021, the state treasurer shall transfer six hundred thousand dollars from the wildfire preparedness fund created in section 24-33.5-1227 and one million two hundred thousand dollars from the Colorado firefighting air corps fund created in section 24-33.5-1228 to the wildfire emergency response fund.

**24-33.5-1226.5. Career and education information - peer mentor program - inmate disaster relief program participants.** (1) (a) On or before July 1, 2022, the division shall develop informational materials to increase awareness of wildland fire career opportunities for persons who acquired experience in wildland fire services through the inmate disaster relief program, described in section 17-24-124.

(b) The informational materials must include a description of wildland fire career opportunities, minimum qualifications for wildland fire career opportunities, and how a person may pursue and acquire minimum qualifications for wildland fire career opportunities.

(c) The division shall make the informational materials available to the department of corrections. The department of corrections shall distribute the informational materials to persons who have experience in wildland fire services through the inmate disaster relief program.

(2) The division is encouraged to hire persons who acquired experience in wildland fire services through the inmate disaster relief program, described in section 17-24-124, for positions performing wildland fire services.

(3) The division shall develop and implement a peer mentor program for persons hired who acquired experience in wildland fire services through the inmate disaster relief program. The program must provide to the participant a resource for developing and sustaining professional skills.

**24-33.5-1227. Wildfire preparedness fund - creation - gifts, grants, and donations authorized - wildfire preparedness plan - report.** (1) (a) (I) There is hereby created in the state treasury the wildfire preparedness fund. The fund consists of all money that may be appropriated thereto by the general assembly, all private and public money received through gifts, grants, reimbursements, or donations that are transmitted to the state treasurer and credited to the fund, all money transferred to the fund from the healthy forests and vibrant communities fund created in section 23-31-313 (10), money transferred pursuant to subsection (1.5)(a) of this section, and money transferred pursuant to subsections (1)(a)(II) and (1)(a)(III) of this section. All interest earned from the investment of money in the fund shall be credited to the fund. The money in the fund is hereby continuously appropriated for the purposes indicated in this section.

Any money not expended at the end of the fiscal year shall remain in the fund and shall not be transferred to or revert to the general fund.

(II) On July 1, 2017, and July 1, 2018, the state treasurer shall transfer eighty-six thousand three hundred sixty-four dollars from the general fund to the wildfire preparedness fund.

(III) On March 21, 2021, the state treasurer shall transfer three million dollars from the general fund to the wildfire preparedness fund.

(b) By executive order or proclamation, the governor may access and designate money in the wildfire preparedness fund for wildfire preparedness activities; except that money in the wildfire preparedness fund that has been transferred from the healthy forests and vibrant communities fund created in section 23-31-313 (10) may be used only for the purposes set forth in subsection (1)(c)(II) of this section, and except as set forth in subsection (1)(c)(IV) of this section. The division shall implement the directives set forth in such executive order or proclamation. As soon as practicable after issuing the executive order or proclamation, the governor shall notify the joint budget committee of any money so accessed and designated.

(c) (I) Except as provided in subparagraph (II) of this paragraph (c), the division may use the moneys in the wildfire preparedness fund to provide funding or reimbursement for the purchase of fire shelters by volunteer fire departments in order to comply with applicable federal requirements.

(II) The division shall use money in the wildfire preparedness fund transferred from the healthy forests and vibrant communities fund created in section 23-31-313 (10) to:

(A) Increase upgrades to fire engines acquired through the federal excess personal property program that are on loan to local fire departments;

(B) Increase technical assistance in wildland fire preparedness to counties, municipalities, and fire protection districts; and

(C) Ensure, in conjunction with the wildfire preparedness plan developed pursuant to subsection (2) of this section, that state firefighting equipment is fully operational and both available to and coordinated with the equipment capacities of fire protection districts and that county, municipality, and fire protection districts personnel are fully trained in the use of such equipment.

(III) The division may use moneys in the wildfire preparedness fund for the purpose of training, equipping, or supervising one or more hand crews employed by veterans' fire corps programs in Colorado for wildland fire mitigation and suppression.

(IV) The division of homeland security and emergency management shall use the money transferred to the wildfire preparedness fund in accordance with subsection (1)(a)(III) of this section:

(A) As the state match for federal hazard mitigation assistance grants to local governments that are used to mitigate wildland fire hazards; and

(B) To provide local governments that are eligible to receive the federal grants specified in subsection (1)(c)(IV)(A) of this section with strategic planning assistance for wildland fire hazard mitigation.

(d) The general assembly finds that the implementation of this section does not rely on the receipt of adequate funding through gifts, grants, or donations. Therefore, the notice requirements specified in section 24-75-1303 (3) are inapplicable to the wildfire preparedness fund.

(1.5) (a) At the end of any state fiscal year commencing with the 2022 state fiscal year, the state treasurer shall transfer any money in the aviation resources line of the annual general appropriation act for that same state fiscal year that would otherwise revert to the general fund into the wildfire preparedness fund created in subsection (1)(a) of this section. Money transferred by the state treasurer into the wildfire preparedness fund in accordance with this subsection (1.5)(a) must be used for the purpose of traditional mitigation efforts including but not limited to maintaining staff and necessary equipment for prescribed fire projects; mechanical and other fuels treatment projects; project planning, coordination, and agreements; and community assistance and planning efforts. As long as money transferred into the wildfire preparedness fund pursuant to this subsection (1.5)(a) is being expended for one of the purposes specified in this subsection (1.5)(a), the division may allocate the money to any such purpose as will maximize the impact of such funding as the division may determine in its sole discretion.

(b) Not less than once every three years commencing January 15, 2025, the division shall report to the joint budget committee concerning the amount of money transferred into the wildfire preparedness fund pursuant to subsection (1.5)(a) of this section during the prior three-year period, the amount expended by the division from the money transferred into it, and the purposes for which the money has been expended.

(2) (a) To effectively implement section 24-33.5-1226 and to provide recommendations to the governor related to use of the disaster emergency fund pursuant to section 24-33.5-706 and the wildfire preparedness fund created in subsection (1) of this section, the director, a representative of the county sheriffs of Colorado, a representative of the Colorado state fire chiefs' association, the director of the office of emergency management created in part 7 of this article, and the adjutant general or his or her designee shall collaborate to develop a wildfire preparedness plan designed to address the following:

(I) The amount of aerial firefighting resources necessary for the state of Colorado at times of high and low wildfire risk;

(II) The availability of appropriate aerial firefighting equipment and personnel at times of high fire risk to respond to a wildfire;

(III) The availability of state wildfire engines and staffing of the engines at different levels of wildfire risk;

(IV) The availability of wildfire hand crews, including state inmate wildfire hand crews, at different levels of wildfire risk; and

(V) A process for ordering and dispatching aerial firefighting equipment and personnel that is consistent with, and supportive of, the statewide all-hazards resource mobilization plan prepared pursuant to section 24-33.5-705.4.

(b) The wildfire preparedness plan recommendations developed pursuant to paragraph (a) of this subsection (2) shall be updated each March 15. Notwithstanding section 24-1-136 (11), the director shall submit a written report of the wildfire preparedness plan to the governor and the members of the general assembly no later than each April 1.

(c) The director, the representative of the county sheriffs of Colorado, the representative of the Colorado state fire chiefs' association, the director of the office of emergency management created in part 7 of this article, and the adjutant general or his or her designee shall not receive additional compensation for the collaboration required by this subsection (2) for the development of the wildfire preparedness plan.

(3) The director may enter into agreements to provide firefighting services, including personnel or firefighting aircraft, engines, or other vehicles to federal, state, or local agencies. Any moneys received pursuant to such agreements shall be credited to the wildland fire cost recovery fund created in section 24-33.5-1220 (4).

(4) Procedures governing the development, adoption, and implementation of community wildfire protection plans by county governments are specified in section 30-15-401.7, C.R.S. Nothing in this section affects section 30-15-401.7, C.R.S.

**24-33.5-1228. Colorado firefighting air corps - creation - powers - aircraft acquisitions required - center of excellence - unmanned aircraft systems study and pilot program - Colorado firefighting air corps fund - creation - report - rules.** (1) There is hereby created in the division the Colorado firefighting air corps, also referred to in this section as the "C-FAC".

(2) (a) The division may:

(I) Purchase, acquire, lease, or contract for the provision of firefighting aircraft, facilities, equipment, and supplies for aerial firefighting; and

(II) Retrofit, maintain, staff, operate, and support the firefighting aircraft or contract for the provision of those services.

(b) (I) The director may enter into agreements with federal agencies or other states for the provision of the C-FAC's firefighting aircraft when the aircraft are not being utilized for fires or other emergencies in Colorado.

(II) The director shall establish reimbursement rates for the direct and indirect costs of providing aircraft from the C-FAC that are requested through the interagency dispatch system or pursuant to an agreement described in subparagraph (I) of this paragraph (b). All

reimbursements shall be credited to the Colorado firefighting air corps fund created in subsection (3) of this section.

(c) The director may fulfill any of the duties contained in paragraph (a) of this subsection (2) through the use of public-private partnerships with one or more private or public entities.

(2.5) (a) Within eighteen months after May 12, 2014, the division shall operate a center of excellence for advanced technology aerial firefighting, also referred to in this section as the "center of excellence", based on the innovations proposed, analyzed, reviewed, evaluated, or implemented by the C-FAC in the technology, tactics, and economics of aerial resources, particularly in connection with the activities described in subparagraphs (I) and (II) of paragraph (a) of subsection (2) of this section. The executive director shall include in his or her annual report required under section 2-7-203, C.R.S., an update regarding the center of excellence, including the center's activities, findings, and needs.

(b) The center of excellence shall perform, but is not limited to, the following functions:

(I) Serve as an integrated repository for science-based evaluation of the three fundamental contributing factors to successful aerial firefighting: Effectiveness, efficiency, and sustainability;

(II) Review current regular research and assessment projects to evaluate:

(A) New and existing technologies for integration into tactical fire scenarios in a variety of settings, such as initial attack, night operations, and operations in wildland urban interface areas; and

(B) Sustainable contracting and value propositions to determine which technologies and contract vehicles are most advantageous and cost-effective to entities performing or providing aerial firefighting;

(III) Review current data and documentation on science and technology relevant to aerial firefighting and make the results of the center of excellence's research and assessment projects available to persons interested in aerial firefighting effectiveness, efficiency, and sustainability, including fire managers, policy decision-makers, scientists, students, and any other requesting persons; and

(IV) Establish and support a Colorado wildland fire prediction and decision support system in accordance with section 24-33.5-1232.

(c) (I) In addition to performing the functions described in subsection (2.5)(b) of this section, upon receiving sufficient money in the form of gifts, grants, and donations, the center of excellence shall conduct a study concerning the integration of unmanned aircraft systems within state and local government operations that relate to certain public-safety functions. At a minimum, the study must:

(A) Identify the most feasible and readily available ways to integrate unmanned aircraft systems technology within local and state government functions relating to firefighting, search and rescue, accident reconstruction, crime scene documentation, emergency management, and emergencies involving significant property loss or potential for injury or death; and

(B) For each application of unmanned aircraft systems that the center of excellence identifies pursuant to subsection (2.5)(c)(I)(A) of this section, include consideration of privacy concerns, costs, and timeliness of deployment.

(II) Not later than one month after completing the study described in subsection (2.5)(c)(I) of this section, the center of excellence shall submit a report describing the results of

its study to the wildfire matters review committee created in section 2-3-1602 and the house agriculture, livestock, and natural resources committee and the senate agriculture, natural resources, and energy committee, or any successor committees. The report must address each item described in subsection (2.5)(c)(I) of this section, as well as the results of the unmanned aircraft system pilot program described in subsection (2.5)(d) of this section.

(d) (I) As part of the study described in subsection (2.5)(c)(I) of this section, upon receiving sufficient money in the form of gifts, grants, and donations, on and after June 5, 2017, the center of excellence shall operate an unmanned aircraft system pilot program, referred to within this section as the "pilot program", to integrate unmanned aircraft systems within state and local government operations that relate to certain public-safety functions.

(II) As part of the pilot program, the department of public safety shall deploy at least one team of unmanned aircraft system operators to a region within the state that has been designated by the division as a fire hazard. The pilot program must train the unmanned aircraft system operators to operate unmanned aircraft systems in various contexts relating to firefighting, search and rescue, accident reconstruction, crime scene documentation, emergency management, and emergencies involving significant property loss or potential for injury or death. Unmanned aircraft system operators may be compensated by the center during their training.

(III) In operating the pilot program, the center of excellence shall not interfere with any active wildfire suppression effort unless the center is granted permission to assist in such effort by a supervising agency with the authority to grant such permission.

(e) Subject to available appropriations, the center of excellence shall study and, if feasible, implement a system to patrol the airspace above a wildland fire. The patrol system must be capable of determining whether the airspace above wildland fires is clear of obstacles, including private unmanned aircraft systems, that may interfere with aerial firefighting.

(3) (a) The division shall administer the Colorado firefighting air corps fund, which fund is hereby created in the state treasury. The division may seek and accept gifts, grants, reimbursements, investments, bond revenues, sales proceeds, commissions for services, sponsorships, advertising fees, licensing fees, profits, or donations from private or public sources for the purposes of this section. The fund consists of money transferred in accordance with subsection (3)(c) of this section; all money that may be appropriated to the fund by the general assembly; and all private and public funds received through gifts, grants, reimbursements, investments, bond revenues, sales proceeds, commissions for services, sponsorships, advertising fees, licensing fees, profits, or donations that are transmitted to the state treasurer and credited to the fund. All interest earned from the investment of money in the fund is credited to the fund. The money in the fund is continuously appropriated for the purposes indicated in subsection (3)(c) of this section. Any money not expended at the end of the fiscal year remains in the fund.

(b) The general assembly finds that the implementation of this section does not rely entirely on the receipt of adequate funding through gifts, grants, or donations. Therefore, the division is not subject to the notice requirements specified in section 24-75-1303 (3).

(c) (I) The division shall use the money in the Colorado firefighting air corps fund for the purposes of subsection (2.5) of this section and for paying the direct and indirect costs of maintaining the Colorado firefighting air corps, including expenses associated with acquisition, retrofitting, labor, equipment, supply, transportation, air, mobilization, repair, maintenance, and demobilization.

(II) On March 21, 2021, the state treasurer shall transfer thirty million eight hundred thousand dollars from the general fund to the Colorado firefighting air corps fund created in subsection (3)(a) of this section. The division shall use the money transferred pursuant to this subsection (3)(c)(II) for the following purposes:

(A) The purchase by the division of a fire hawk helicopter configured for wildfire and other public safety response needs; and

(B) The leasing by the division of a type 1 helicopter or other available and appropriate aviation resource configured for wildfire mitigation in advance of the 2021 wildfire season and for the operational costs associated with the use of the leased and purchased aviation resources.

(d) The Colorado firefighting air corps fund is exempt from the limitations set forth in section 24-75-402.

(4) The director shall include, in his or her annual report to the wildfire matters review committee required under section 24-33.5-1203.5 (3), an update regarding the division's activities under this section, including the number and type of aerial firefighting resources acquired or contracted for during the fire season in which the committee meets, an assessment of the effectiveness of the aerial firefighting program, an estimate of anticipated budget and other resource needs to sustain or improve the C-FAC's operations, and other information related to aerial firefighting that the director deems pertinent.

(5) (a) As soon as practicable after May 12, 2014, the division shall acquire or contract for firefighting aircraft for use during the 2014 fire season. In making such acquisitions or contracts, the division shall adhere, as nearly as feasible and appropriate and within available appropriations, to the recommendations made in the division's "special report: Colorado firefighting air corps, report to the governor and general assembly on strategies to enhance the state's aerial firefighting capabilities", dated March 28, 2014; except that nothing in this subsection (5):

(I) Requires the director to contract for exclusive use of any aircraft; or

(II) Limits the director's ability to determine the actual number, kind, type, and location of aviation assets based on preparedness levels, wildfire risk and activity, weather, location of other aerial assets, available appropriations, and other appropriate criteria.

(b) Nothing in this subsection (5) abrogates, reduces, or otherwise affects the division's powers under subsection (2) of this section with regard to subsequent fire seasons, including the authority to obtain or arrange for suitable aircraft and associated resources.

(c) In addition to the acquisitions or contracts made pursuant to paragraph (a) of this subsection (5), the division may use any appropriations for the Colorado firefighting air corps for the center of excellence described in subsection (2) of this section.

(6) The division shall seek to maximize its aerial firefighting capacity consistent with the recommendations of the director and within the division's available budget.

(7) The director may establish general statements of policy or promulgate rules as he or she deems necessary or convenient to implement this section, including specifying additional functions to be performed by, or methods of operation of, the center of excellence created in subsection (2) of this section. Rules shall be adopted in accordance with article 4 of this title.

**24-33.5-1229. Lump-sum death benefits for seasonal wildland firefighters - definition - rules.** (1) If the director determines that an eligible seasonal wildland firefighter has died as the direct and proximate result of a personal injury sustained in the line of duty in Colorado, the division shall pay a benefit of ten thousand dollars as follows, if the payee indicated is living on the date on which the determination is made:

(a) If there is no child who survived the seasonal wildland firefighter, to the surviving spouse of the seasonal wildland firefighter;

(b) If there is at least one child who survived the seasonal wildland firefighter and a surviving spouse of the seasonal wildland firefighter, fifty percent to the surviving child or children, in equal shares, and fifty percent to the surviving spouse;

(c) If there is no surviving spouse of the seasonal wildland firefighter, to the surviving child or children, in equal shares;

(d) If there is no surviving spouse of the seasonal wildland firefighter and no surviving child:

(I) To the surviving individual or individuals designated by the seasonal wildland firefighter in the most recently executed designation of beneficiary on file at the time of death with the governing body or state agency, apportioned in accordance with the designation of beneficiary or, if apportionment is not indicated, in equal shares; or

(II) If there is no individual qualifying under subparagraph (I) of this paragraph (d), to the surviving beneficiaries under the most recently executed life insurance policy of the seasonal wildland firefighter on file at the time of death with the governing body or state agency, apportioned in accordance with the insurance policy or, if apportionment is not indicated, in equal shares;

(e) If there is no individual qualifying under paragraph (a), (b), (c), or (d) of this subsection (1), to the surviving parent or parents, in equal shares, of the seasonal wildland firefighter.

(2) (a) Eligibility for payment in accordance with subsection (1) of this section also extends to the survivor or survivors of a seasonal wildland firefighter who dies after separation from service with the governing agency body or state agency if the death resulted from an injury sustained in the line of duty in Colorado.

(b) For purposes of this section, notwithstanding section 24-33.5-1202 (12.5), while not employees or volunteers of the department of corrections or the state, "seasonal wildland firefighter" also includes members of the Colorado correctional industries' state wildland inmate fire team crews, also known as "SWIFT" crews. Any compensation made for the death of a "SWIFT" crew member shall be the exclusive remedy from the state, any state entity, or any state employee for the death.

(3) No benefit shall be paid under this section if:

(a) The fatal or catastrophic injury was caused by the intentional misconduct of the seasonal wildland firefighter or by his or her intention to bring about his or her own death, disability, or injury; or

(b) The seasonal wildland firefighter was voluntarily intoxicated or under the influence of an illegal substance at the time of his or her fatal or catastrophic injury.

(4) (a) The director may make payments under this section from any fund the director administers, and that fund will be reimbursed by a regular or supplemental appropriation by the general assembly. The division is also authorized to purchase a group life insurance policy to provide benefits in accordance with this section.

(b) A payment under this section cannot be used to offset or reduce payments available from any other source, including a public disability plan or insurance plan, private disability plan or insurance plan, or benefits provided under Colorado's workers' compensation law.

(5) The director may adopt rules as necessary to implement this section.

**24-33.5-1230. Wildfire information and resource center.** (1) (a) In order to improve protection of the public by enhancing access to information by homeowners, wildland fire professionals, the media, and educators, there is hereby created in the division the wildfire information and resource center, also referred to in this section as the "center".

(b) The center must be operational within sixty days of May 14, 2014.

(2) (a) The center is an online source of wildfire information for homeowners, wildland fire professionals, the media, and educators.

(b) The center's website must include information, or hyperlinks to information, regarding:

(I) Current wildfires in Colorado;

(II) How to prevent and prepare for a wildfire;

(III) Statewide fire danger and current burning restrictions;

(IV) Current prescribed burn activity, with contact information for the responsible agency;

(V) Wildland and prescribed fire training;

(VI) Sources of funding for wildfire mitigation activities; and

(VII) Other information that the director deems pertinent, such as results of local, state, or national research related to wildfire.

(3) The director may fulfill any of the duties contained in subsection (2) of this section through the use of public-private partnerships with one or more private or public entities.

(4) (a) The division is authorized to seek and accept gifts, grants, donations, or reimbursements from private or public sources for the purposes of this section.

(b) The general assembly finds that the implementation of this section does not rely entirely or in any part on the receipt of adequate funding through gifts, grants, or donations. Therefore, the division is not subject to the notice requirements specified in section 24-75-1303 (3).

**Source: L. 2014:** Entire section added, (SB 14-008), ch. 178, p. 651, § 2, effective May 14.

**24-33.5-1231. Local firefighter safety and disease prevention fund - creation - grants - rules.** (1) There is hereby created in the state treasury the local firefighter safety and disease prevention fund. The fund consists of all moneys that may be appropriated to the fund by the general assembly and all private and public moneys received through gifts, grants, or donations that are transmitted to the state treasurer and credited to the fund. The state treasurer shall credit all interest earned from the investment of moneys in the fund to the fund. The moneys in the fund are hereby continuously appropriated to the division for the purposes indicated in this section. Any moneys not expended at the end of each fiscal year remain in the fund and shall not be transferred to or revert to the general fund.

(2) The division shall use the moneys in the fund to award need-based grants to governing bodies and volunteer fire departments to provide funding or reimbursement for equipment and training designed to increase firefighter safety and prevent occupation-related diseases. The division may expend up to three percent per year from the fund for its direct and indirect costs in administering the grant program. The general assembly intends that the need-based grants from the fund are in addition to, and do not supplant, other sources of funding regarding firefighting.

(3) The director shall promulgate rules governing the award of grants pursuant to subsection (2) of this section, including consideration of:

(a) The recommendations of the fire service training, certification, and firefighter safety advisory board, created in section 24-33.5-1204 (1), concerning the grant application process, funding priorities, and the criteria for awarding grants;

(b) How to structure the grant application process, which must include a merit-based, peer-review process with grant reviewers from the Colorado state fire chiefs, Colorado professional fire fighters association, and the Colorado state fire fighters association, in equal representation. The peer reviewers shall make recommendations to the director on the award of grants under the program.

(c) The findings of the Colorado fire service needs assessment, which the division shall conduct at least every other year; and

(d) An applicant's efforts to finance equipment and training designed to increase firefighter safety other than through an award of a grant pursuant to this section.

(4) On July 1, 2018, the state treasurer shall transfer two hundred fifty thousand dollars from the general fund to the fund. The division shall use this money to make grants under

subsection (2) of this section. In no event shall any individual grant be in excess of the amount of twenty-five thousand dollars.

**24-33.5-1232. Colorado wildland fire prediction and decision support system - definitions - development - contract.** (1) As used in this section, unless the context otherwise requires:

(a) "Organization" means an organization that is organized as a not-for-profit entity or has obtained tax-exempt status under section 501 of the federal "Internal Revenue Code of 1986", as amended, and is a Colorado-based research organization focused on research, education, and advanced technology development for atmospheric and related earth sciences. The organization must have the ability to provide environmental predictions and conduct a wide range of hydrologic and weather science. The organization must also have strong environmental modeling and related applied research functionality, including robust ties to the state and national university and science community so as to obtain additional expertise and partnering as needed.

(b) "System" means the Colorado wildland fire prediction and decision support system.

(c) "Users" means all government entities.

(2) (a) Beginning with the 2015-16 state fiscal year, the division, through its center of excellence for advanced technology aerial firefighting created in section 24-33.5-1228 (2.5), shall establish and support a Colorado wildland fire prediction and decision support system.

(b) The system must be science based and able to:

(I) Improve the ability of the division to predict wildland fire behavior by taking advantage of technologies emerging from an organization;

(II) Improve the safety and efficiency of the division's operations;

(III) Improve flight operations of the Colorado firefighting air corps created in section 24-33.5-1228 by providing aviation weather hazard information such as updrafts, downdrafts, rotors, and wind shear;

(IV) Enhance mechanisms for communicating wildland fire hazard information to users; and

(V) Integrate wildland fire behavior information with prediction technologies into information infrastructures that serve users.

(c) The division shall assist in the coordination of users across the state to further refine the system.

(d) Notwithstanding the requirements of articles 101 to 112 of this title, no later than December 1, 2015, the director of the division shall enter into a contract to partner with an organization for the establishment and support of the system. The division may not be required to perform work or provide assistance that is outside of the division's scope of responsibilities as established in the contract.

(e) After the contract is entered into, the division and the organization shall further develop the system by including detailed user requirements and user-centric verification metrics and methods and shall build a Colorado-specific framework that includes:

(I) Data ingestion of real-time weather, up-to-date fuel information, and fire detection data;

(II) The capability to easily configure a fire's location, domain size, grid resolution, and fire ignition time; and

(III) Data interfaces and display applications that allow users to view the output on a variety of platforms, including mobile devices and existing applications and systems.

(3) The division may solicit and accept monetary and in-kind gifts, grants, and donations from private or public sources for the purposes of this section. All private and public moneys received by the division through gifts, grants, or donations must be transmitted to the state treasurer, who shall credit the same to the Colorado firefighting air corps fund created in section 24-33.5-1228. The gifts, grants, or donations credited to the fund for the purposes of this section are continuously appropriated to the division for the direct and indirect costs associated with the implementation of this section.

**24-33.5-1233. Colorado fire commission - creation - powers and duties - report - legislative declaration - repeal.** (1) **Legislative declaration.** (a) The general assembly hereby finds that:

(I) The division has engaged in a two-year, stakeholder-driven strategic planning effort to evaluate fire programs throughout the state and identify areas in which the state can better support its partners;

(II) A commission structure will ensure accountability and create an efficient and streamlined statewide process for issuing recommendations, driving implementation of specific actions and policies, and reporting on progress and lessons learned;

(III) A commission will also help the state to be proactive on wildfire issues, and to develop a comprehensive approach that embraces mitigation, prevention, and preparedness; and

(IV) Establishing a fire commission will allow the state to continue to develop long-term strategies and recommendations on complex fire issues.

(b) Therefore, the general assembly declares that establishing a Colorado fire commission serves the interests of the state and local communities in developing effective strategies for fire prevention, mitigation, preparedness, and suppression.

(2) **Commission created.** There is hereby created in the division the Colorado fire commission, referred to in this section as the "commission".

(3) **Membership.** (a) The commission consists of twenty-four voting members as follows:

(I) The executive director, or the executive director's designee;

(II) The director, or the director's designee;

(III) The chief of the wildland fire management section in the division, or the chief's designee;

(IV) The state forester, or the state forester's designee, to include relevant information pursuant to section 23-31-316;

(V) The director of the division of homeland security and emergency management, or the director's designee;

(VI) The executive director of the department of natural resources, or the executive director's designee; and

(VII) Eighteen members appointed by the executive director as follows:

(A) Two members appointed from nominees submitted by a statewide organization representing fire chiefs, with one such member representing the western slope and one such member representing the eastern part of the state;

(B) Two members appointed from nominees submitted by a statewide organization representing professional firefighters;

(C) Two members appointed from nominees submitted by a statewide organization representing volunteer firefighters;

(D) Four members appointed from nominees submitted by a statewide organization representing county sheriffs, with at least one such member representing the western slope and at least one such member representing the eastern part of the state;

(E) Two members appointed from nominees submitted by a statewide organization representing counties, with one such member representing the western slope and one such member representing the eastern part of the state;

(F) Two members appointed from nominees submitted by a statewide organization representing municipalities;

(G) Two members appointed from nominees submitted by a statewide organization representing special districts;

(H) One member appointed from nominees submitted by a statewide organization representing emergency managers; and

(I) One member of the 9-1-1 advisory task force established by the public utilities commission.

(b) (I) The executive director shall appoint one nonvoting ex officio member who represents a nonprofit organization with expertise in nationally recognized safety standards.

(II) The executive director shall appoint two nonvoting ex officio members who represent water providers, with one such member representing the western slope and one such member representing the eastern part of the state.

(III) The executive director shall appoint one nonvoting ex officio member who represents the insurance industry.

(IV) The executive director may, in the executive director's discretion, appoint additional nonvoting ex officio members with expertise in the commission's areas of study to aid the commission in fulfilling its duties.

(c) The commission includes the following nonvoting ex officio members:

(I) One representative from the United States forest service;

(II) One representative from the bureau of land management; and

(III) One representative from the national park service.

(d) The executive director shall make initial appointments no later than August 5, 2019. The executive director shall consider geographic representation in appointing members of the commission. The executive director shall ensure, to the extent practicable, that the appointed members represent a balance of expertise in the areas of fire mitigation, prevention, preparedness, local community resiliency, and suppression.

(e) The term of appointments is four years; except that the term of each member initially appointed pursuant to subsections (3)(a)(VII)(C) to (3)(a)(VII)(F) of this section is two years. A member may be reappointed for additional terms. The executive director shall fill any vacancy by appointment for the remainder of the unexpired term. An appointment to fill a vacancy is subject to the requirements set forth for the vacant position in subsection (3)(a)(VII) or (3)(b) of this section, as applicable.

(f) Each member of the commission serves without compensation, but each voting member and each ex officio member appointed pursuant to subsection (3)(b) of this section is entitled to reimbursement for actual and necessary travel expenses incurred in the performance of his or her duties as a member of the commission.

(g) The executive director or his or her designee is the chair of the commission.

(h) The commission shall meet at least once every three months. The chair may call such additional meetings as are necessary for the commission to complete its duties.

(4) **Powers and duties.** (a) The mission of the commission is to enhance public safety in Colorado through an integrated statewide process focused on the fire service's capacity to conduct fire management and use, preparedness, prevention, and response activities to safeguard lives, property, including utility and communication infrastructure, and natural resources, and increase the resiliency of local and regional communities.

(b) In furtherance of its mission, the commission shall consider the following issues:

(I) Developing an accurate understanding of Colorado's fire problems, including the number of injuries and fatalities, overall fire losses, and the causes and origins of structural and wildland fires;

(II) Reviewing the current emergency fire fund program and providing recommendations to make it more inclusive of counties throughout the state;

(III) Evaluating funding mechanisms for effective response to large fires, with consideration given to appropriate cost-share agreements, financial contributions, mitigation and preparedness, mutual aid participation, and local actions and plans;

(IV) Assessing the capacity of the state to provide emergency fire support and technical expertise to local communities;

(V) Developing performance measures of overall response effectiveness and identifying recommended improvement areas;

(VI) Strengthening regional and statewide coordination of mutual aid resources and initial attack capabilities for fires and other hazards;

(VII) Developing best practice recommendations related to high-risk occupancies for consideration by local jurisdictions and communities, including recommendations related to minimum cooperative agreements and mutual aid resources;

(VIII) In cooperation with the Colorado state forest service and other affected stakeholders, developing and publishing an assessment of fire treatment costs and cost distribution, including the costs of mitigation under emergent and nonemergent circumstances, retreatment costs, and post-recovery costs;

(IX) Developing methodical approaches to and recommendations on Colorado's fire service concerns and issues; and

(X) Forecasting upcoming funding and resource challenges and trends that affect fire services and the ability of the state and of local jurisdictions to respond to fire and mitigate hazards in the short and long term.

(c) (I) The commission may establish task forces to study and make recommendations to the commission on specific subject matter areas within the commission's area of study.

(II) When establishing a task force, the commission shall set forth the purpose of the task force and its membership, area of study, duties, and duration.

(III) The chair shall appoint the members of a task force, with the advice and consent of the commission. The chair may appoint individuals who are not members of the commission to serve on a task force. Members of a task force serve for the duration of the task force. Members of a task force who are not voting members of the commission or ex officio members of the commission appointed pursuant to subsection (3)(b) of this section serve without compensation and without reimbursement for expenses.

(5) **Staff support.** The division shall provide office space, equipment, and staff services as may be necessary to implement this section.

(6) **Reports.** (a) On or before August 31, 2020, and on or before August 31 each year thereafter, the commission shall submit a written report to the rural affairs and agriculture committee of the house of representatives and the agriculture and natural resources committee of the senate, or any successor committees. Notwithstanding the requirement in section 24-1-136 (11)(a)(I), the requirement to submit the report required in this subsection (6)(a) continues until the commission is repealed.

(b) On or before August 31, 2021, and on or before August 31 each year thereafter, the commission shall report to the wildfire matters review committee on its activities and recommendations.

(7) **Repeal.** This section is repealed, effective September 1, 2024. Before its repeal, this section is scheduled for review in accordance with section 2-3-1203.

**Source: L. 2019:** Entire section added, (SB 19-040), ch. 429, p. 3731, § 1, effective August 2. **L. 2020:** (6)(b) amended, (SB 20-214), ch. 200, p. 981, § 5, effective June 30.

**24-33.5-1234. Training restrictions with certain firefighting foams - penalty - exemptions - definitions - repeal.** (1) Beginning August 2, 2019, a person or fire department may not discharge or otherwise use for training purposes or for testing firefighting foam fire systems class B firefighting foam that contains intentionally added perfluoroalkyl and polyfluoroalkyl substances. As used in this subsection (1), "firefighting foam fire systems" means a system designed to provide protection from fire, or for the suppression of fire, through the use of firefighting foam.

(2) A person or fire department who administers a training program which violates subsection (1) of this section is subject to a civil penalty not to exceed five thousand dollars for each violation in the case of a first offense. A person or fire department who administers a training program which violates subsection (1) of this section repeatedly is subject to a civil penalty not to exceed ten thousand dollars for each repeat offense. Penalties collected under this

section must be deposited in the local firefighter safety and disease prevention fund created in section 24-33.5-1231.

(3) For purposes of this section, "class B firefighting foam", "fire department", and "perfluoroalkyl and polyfluoroalkyl substances" have the same meaning as they are defined in section 25-5-1302.

(4) As of August 2, 2019, any testing at a structure that is used for the storage or maintenance of aircraft is exempt from the firefighting foam fire system testing restrictions in subsection (1) of this section, so long as:

(a) The structure is located in an airport that:

(I) Is a federal aviation administration-designated public-use airport;

(II) Is within the state of Colorado; and

(III) Has constructed containment systems capable of capturing all discharged firefighting foam for subsequent disposal in accordance with applicable state and federal regulations; and

(b) The firefighting foam testing occurs:

(I) As required by the standards of the national fire protection association, as stated in the standard on aircraft hangars NFPA 409, 2016 edition, revised 2011, as amended;

(II) As referenced in the applicable building codes;

(III) As required by insurance carriers;

(IV) In accordance with manufacturer recommendations for the maintenance of firefighting foam systems; and

(V) In accordance with the rules for the capture and disposal of perfluoroalkyl and polyfluoroalkyl substances promulgated by the solid and hazardous waste commission under section 25-15-302 (3.2), to the extent that the commission has promulgated such rules.

(5) Any person or fire department who possesses a certificate of registration issued in accordance with section 25-15-302 (3.2) is exempt from the firefighting foam testing restrictions in subsection (1) of this section.

(6) Subsections (4) and (5) of this section are repealed, effective January 1, 2023.

**24-33.5-1235. Regional and statewide mutual aid system - powers and duties of division director - rules - legislative declaration - definitions.** (1) (a) The general assembly hereby finds, determines, and declares that:

(I) Natural and manmade emergencies that overwhelm or have the potential to overwhelm local fire and EMS resources pose a serious threat to life, property, critical infrastructure, the economy, and the environment across the state;

(II) A systematic, proactive approach to the initial response to such incidents, regardless of cause, location, or complexity, is needed in order to protect life, property, critical infrastructure, the economy, and environment across the state; and

(III) It is essential to the proper management of such incidents to develop a regional and statewide mutual aid system among the various local fire and emergency medical response agencies to ensure rapid coordinated initial response.

(b) The general assembly intends this section to establish a regional and statewide mutual aid system to be administered by the division.

(2) As used in this section, unless the context otherwise requires:

(a) "Colorado coordinated regional mutual aid system" or "CCRMAS" means the coordinated regional mutual aid system created in subsection (3) of this section.

(b) "Division of fire prevention and control" or "DFPC" means the division of fire prevention and control in the department of public safety created in section 24-33.5-1201.

(c) "Emergency incident" means a natural or manmade emergency incident that overwhelms or has the potential to overwhelm local fire and EMS resources, which incidents include, without limitation, wildland fires, fires occurring in wildland-urban interface areas, structural fires, tornadoes, floods, explosions, weapons of mass destruction, mass casualty, hazardous materials incidents, technical rescue and extrication, emergency medical transport, and emergency medical services.

(d) (I) "Emergency responder" means a county improvement district providing fire protection services or other county departments or agencies providing fire or emergency medical services, municipal fire departments, fire protection districts, metropolitan districts providing fire protection services, fire authorities, hazardous material authorities, volunteer fire departments recognized under the "Volunteer Fire Department Organization Act" in section 24-33.5-1208.5, health services districts providing ambulance services, and ambulance districts.

(II) "Emergency responder" also includes other public, private, nonprofit, or government organizations that have been accepted into the RSMAS by the director of the division and that provide one or more of the following services in the state of Colorado: Fire suppression; technical rescue; emergency extrication; hazardous materials; or all-hazards emergency response, ambulance, or emergency medical services.

(e) "EMS" means emergency medical services.

(f) "Regional and statewide mutual aid system" or "RSMAS" means a regional and statewide system that provides for the coordinated initial response of emergency responders to emergency incidents.

(3) The director of the division shall establish, implement, and maintain the RSMAS, which authority encompasses the following additional powers and duties, without limitation:

(a) Implementing the Colorado coordinated regional mutual aid system. The CCRMAS establishes geographic areas within the state to be known as DFPC districts. Each DFPC district must be operated by a regional mutual aid coordinator, who shall ensure that a competent mutual aid plan for fire, EMS, and emergency responders exists in each DFPC district and who shall serve as the point of contact within the DFPC district and coordinate mutual aid requests. The duties of each regional mutual aid coordinator shall include without limitation:

(I) Gathering and providing information for a statewide common operating picture;

(II) Coordinating, assisting, and bridging gaps with the interagency dispatch system;

(III) Coordinating with the office of emergency management created in section 24-33.5-705 (1) to ensure efficient and effective implementation and integration of the mobilization plan required by section 24-33.5-705.4 (3)(a) and other state and local emergency operations plans, as appropriate.

(IV) Facilitating transition from initial attack and mutual aid response to extended attack and large scale resource mobilization;

(V) Developing mutual aid plans where none exist;

(VI) Ensuring an accurate inventory of resources in the region and ensuring the inventory is included in the mobilization system described in section 24-33.5-705.4;

(VII) Ensuring the participation of all agencies;

(VIII) Exercising existing and newly developed mutual aid plans; and

(IX) Activating mutual aid plans within a region in response to requests;

(b) Establishing, staffing, and maintaining a state coordination center, which center is responsible for the overall coordination of the RSMAS and CCRMAS, including the oversight and coordination with the DFPC districts and the regional mutual aid coordinators;

(c) Establishing the mechanisms by which an emergency responder can activate the RSMAS and CCRMAS; and

(d) Promulgating rules for the appropriate implementation, operation, and maintenance of the RSMAS and CCRMAS.

(4) (a) Unless an emergency responder has opted out of the RSMAS and CCRMAS in accordance with subsection (4)(c) of this section, all emergency responders are part of the RSMAS and CCRMAS. An emergency responder is relieved from any duty to make its equipment and personnel available if the emergency responder determines that such equipment and personnel:

(I) Are needed within the emergency responder's service area;

(II) Are not available because of their prior use at another location; or

(III) Are not available because of equipment mechanical break down, insufficient personnel, or otherwise.

(b) An emergency responder shall determine whether any personnel and equipment must be provided and, if so, the specific personnel and equipment that will be provided.

(c) An emergency responder, including an emergency responder that the director of the division has previously accepted into the RSMAS and CCRMAS, may opt out of the RSMAS and CCRMAS by submitting to the director of the division written notice of the emergency responder's intent to opt out of the RSMAS and CCRMAS. An emergency responder that opts out of the RSMAS and CCRMAS is only eligible for reimbursement to the extent authorized in the rules promulgated by the director of the division.

(d) Nothing in this section affects any other mutual aid agreement that may be entered into by one or more emergency responders.

(e) An emergency responder's provision of personnel under the RSMAS and CCRMAS does not constitute a temporary assignment and section 29-5-105 and sections 29-5-107 to 29-5-110 do not apply to an emergency responder's provision of personnel under the RSMAS and CCRMAS.

(f) Notwithstanding any rule or regulation adopted by the Colorado department of health and environment or any federal or state statute, an emergency responder that is duly licensed to operate an ambulance in a county within the state and is providing such ambulance services pursuant to the RSMAS and CCRMAS is not required to be licensed in any county in which it responds.

(5) The division may seek and accept gifts, grants, reimbursements, or donations from any public or private source for the purpose of this section.

**Editor's note:** Prior to its repeal, this section was similar to former § 24-32-2603 as it existed prior to 2012.

**24-33.5-1503.5. Powers and duties of the director - legislative intent - rules.** (1) It is the intent of the general assembly that the director, with the advice of the subcommittee, promulgate rules pursuant to this part 15 that encourage:

(a) Consistency between information requested by the director and the purposes of implementation of the federal act; and

(b) Cost-effective reporting and the consideration of reasonable reporting threshold levels and reporting formats.

(2) Consistent with the powers and duties imposed upon him or her by the federal act, or granted to it in this part 15, the director has the following powers and duties:

(a) To adopt all reasonable rules necessary for the administration of this part 15. Such rules shall be promulgated in accordance with article 4 of this title.

(b) To establish a uniform system for reporting and management of information required by the federal act;

(c) To create and adopt such forms as are necessary for the uniform reporting and management of information required by the federal act, including:

(I) A standardized tier II reporting form to replace the tier II form which is required under the federal act, and which shall be accepted by local emergency planning committees in reporting the information contained therein; and

(II) A standardized facility contingency plan form as an addendum to the form required in subparagraph (I) of this paragraph (c), which shall be used for the collection of emergency planning information from facilities by local emergency planning committees. This form shall include space in which local emergency planning committees may require additional information of local concern.

(d) To coordinate his or her activities with those of the Colorado state patrol relating to the transportation of hazardous materials.

**24-33.5-1504. Local emergency planning committees - creation and duties.** (1) The subcommittee shall designate local emergency planning districts to develop emergency response and preparedness capabilities in accordance with the federal act. The boundaries of such districts shall be the same as the boundaries of either a county, municipality, or a combination thereof.

(2) Upon the request of the subcommittee, the primary governing body having jurisdiction over the local emergency planning district, the county commissioners, or the city council, as the case may be, shall provide nominations for membership on the local emergency planning committee. The subcommittee shall appoint members of a local emergency planning committee for each emergency planning district in accordance with the federal act. For local emergency planning districts for which no nominations have been submitted by the governing body, the subcommittee may designate either the county commissioners or city council, as the case may be, to serve as the local emergency planning committee.

(3) Local emergency planning committees shall perform the duties described under the federal act.

(4) Unless another entity is so designated by the governor, the subcommittee is the state emergency response commission required under the federal act.

**Editor's note:** This section is similar to former § 24-32-2604 as it existed prior to 2012.

**24-33.5-1505. Immunity.** (1) Except for willful and wanton acts or omissions, no state commission or agency or county or municipal agency, including local emergency planning committees, citizen corps councils, fire protection districts, and volunteer fire, ambulance, or emergency service and rescue groups, nor their officers, officials, directors, employees, or volunteers, when engaged in emergency planning, service, or response activities regarding a hazardous material release, threat of release, or act of terrorism, shall be liable for:

(a) The death of or injury to any person or for the loss of or damage to property or the environment resulting from the hazardous material release, threat of release, or act of terrorism; or

(b) The acts of an insurer or insurance company, corporation, association, or partnership, including any employees, contractors, or agents, engaged in activities intended to protect the insurable private property interests of the insurer's policyholders from harm, loss, damage, or destruction.

(1.5) (a) No private organization or any of its officers, officials, directors, employees, or volunteers, when working under the direction of a local emergency planning committee or state or local fire or law enforcement agency and when engaged in emergency planning, training, or response activities regarding a hazardous material release, threat of release, or act of terrorism, shall be liable for the death of or injury to any person or for the loss of or damage to property or the environment resulting from the hazardous material release, threat of release, or act of terrorism, except for willful and wanton acts or omissions.

(b) An insurer, insurance company, corporation, association, or partnership, including any employees, contractors, or agents, engaged in activities intended to protect the insurable private property interests of the insurer's policyholders from harm, loss, damage, or destruction does not constitute a private organization entitled to immunity from liability under the provisions of this section, and an employee, contractor, or agent of the insurer is not a volunteer as that term is defined or construed in accordance with the provisions of the "Colorado Governmental Immunity Act", article 10 of this title, regardless of whether such activities may be subject to the direction of a local emergency planning committee or a state or local fire or law enforcement agency.

(2) (a) No state commission or agency or county or municipal agency, including local emergency planning committees, incident management teams, citizen corps councils, citizen emergency response teams, medical reserve corps, fire protection districts, and volunteer fire, ambulance, or emergency service and rescue groups, nor their officers, officials, directors, employees, trainees, or volunteers, when engaged in planning, training, or response activities

regarding a natural disaster, hazardous material release, public health emergency, or act of terrorism or the threat of any such disaster, release, emergency, or act, shall be liable for the death of or injury to any person or for the loss of or damage to property or the environment except for gross negligence or willful and wanton acts or omissions.

(b) Notwithstanding paragraph (a) of this subsection (2), a plaintiff may sue and recover civil damages from a person or entity specified in said paragraph (a) based upon a negligent act or omission involving the operation of a motor vehicle; except that the amount recovered from such person or entity shall not exceed the limits of applicable insurance coverage maintained by or on behalf of such person or entity with respect to the negligent operation of a motor vehicle in such circumstances. However, nothing in this section shall be construed to limit the right of a plaintiff to recover from a policy of uninsured or underinsured motorist coverage available to the plaintiff as a result of a motor vehicle accident.

(c) The general assembly intends that the provisions of this subsection (2) and of the "Colorado Governmental Immunity Act", article 10 of this title, be read together and harmonized. If any provision of this subsection (2) is construed to conflict with a provision of the "Colorado Governmental Immunity Act", the provision that grants the greatest immunity shall prevail.

(3) Neither the director nor any member of the subcommittee or any local emergency planning committee shall be liable for the death of or any injury to persons or loss or damage to property or the environment or any civil damages resulting from any act or omission arising out of the performance of the functions, duties, and responsibilities of the director or subcommittee or local emergency planning committee, except for acts or omissions which constitute willful misconduct.

(4) Nothing in this section abrogates or limits the immunity or exemption from civil liability of any agency, entity, or person under any statute, including the "Colorado Governmental Immunity Act", article 10 of this title, or section 13-21-108.5, C.R.S.

## PART 16

### DIVISION OF HOMELAND SECURITY AND EMERGENCY MANAGEMENT

**24-33.5-1601. Legislative declaration.** (1) The general assembly hereby finds and declares that:

(a) The threat of terrorism in Colorado is a matter of great concern to the people of the state and affects the public interest. Therefore, this part 16 is enacted for the purpose of protecting the health, peace, safety, and welfare of the people of this state.

(b) The terrorist attacks of September 11, 2001, in New York, Washington, D.C., and Pennsylvania, along with the subsequent sending of anthrax through the mail, the previous attempt to destroy the world trade center, and the bombing of the Alfred P. Murrah federal building in Oklahoma City, and the arson attacks in Vail, Colorado, demonstrate that no part of the United States is immune from the threat of terrorism;

(c) Responsible public agencies must anticipate and protect against new forms of terrorism, including suicide hijacking, use of biological toxins and hazardous materials, arson, and sabotage of telecommunications networks, the food and water supply, and other critical infrastructure;

(d) In response to the threat of terrorism, the federal government and several state governments are creating specialized agencies to coordinate efforts to prevent, protect against, respond to, recover from, and prosecute acts of terrorism. Colorado currently has no such agency, and few of Colorado's criminal laws address terrorism specifically.

(e) In 2005, hurricane Katrina emphasized and reinforced the importance of robust emergency management systems and the need for an all-hazards approach to homeland security, increased autonomy, and responsibility for emergency management;

(f) Coordination across disciplines, among levels of government, and with private and nongovernmental sectors is the best way to ensure that government can deliver, to the best of its collective ability, the most effective and efficient services regardless of the cause of any disaster;

(g) A state agency should be established to coordinate Colorado's response to the threat of terrorism and other threats; facilitate tribal, state, local, and regional homeland security activities; direct homeland security-related federal funding to local governments; and share homeland security information among entities participating in homeland security activities.

**24-33.5-1602. Definitions.** As used in this part 16, unless the context otherwise requires:

(1) "Act of terrorism" has the same meaning set forth in 18 U.S.C. sec. 3077 (1) and 28 CFR 0.85 (l).

(2) "Biological agent" has the same meaning set forth in 18 U.S.C. secs. 178 (1) and 175 (b).

(3) "Chemical weapon" has the same meaning set forth in 18 U.S.C. sec. 229F (1).

(4) "Critical infrastructure" means those systems and assets, whether physical or virtual, that are vital to the state of Colorado so that the incapacity or destruction of such systems and assets would have a debilitating impact on public safety, public health, or economic security.

(5) "Destructive device" has the same meaning set forth in 18 U.S.C. sec. 921 (a)(4).

(6) "Director" means the director of the division.

(7) "Division" means the division of homeland security and emergency management created in section 24-33.5-1603.

(8) "Fusion center" means the program administered by the office of prevention and security, created in section 24-33.5-1606, that serves as the primary focal point within the state for receiving, analyzing, gathering, and sharing threat-related information among federal, state, local, tribal, nongovernmental, and private sector partners.

(9) "Homeland security advisor" means a person appointed by the governor to serve as counsel to the governor on homeland security issues and who may also serve as a liaison between the governor's office, the department of homeland security, and other homeland security and related organizations both inside and outside of the state.

(10) "Radioactive material" means a material that produces radiation at a level that is dangerous to human health or life.

(11) "Toxin" has the same meaning set forth in 18 U.S.C. secs. 178 (2) and 175 (b).

**24-33.5-1603. Division of homeland security and emergency management - creation - director.** (1) There is hereby created within the department the division of homeland security and emergency management, the head of which is the director of the division. The executive director shall appoint the director pursuant to section 13 of article XII of the state constitution.

(2) The division includes the following agencies, which shall exercise their powers and perform their duties and functions under the department as if the same were transferred thereto by a **type 2** transfer:

- (a) The office of emergency management, created in section 24-33.5-705;
- (b) The office of prevention and security, created in section 24-33.5-1606; and
- (c) The office of preparedness, created in section 24-33.5-1606.5.

**Source:** L. 2002: Entire part added, p. 1207, § 6, effective June 3. L. 2012: Entire section amended, (HB 12-1283), ch. 240, p. 1120, § 20, effective July 1.

**Cross references:** For the legislative declaration in the 2012 act amending this section, see section 1 of chapter 240, Session Laws of Colorado 2012.

**24-33.5-1604. Duties and powers of the division.** (1) The division has the following duties and powers:

- (a) To inquire into the threat of terrorism in Colorado and the state of preparedness to respond to that threat and to make recommendations to the governor and the general assembly;
- (b) To cooperate with the United States department of homeland security and other agencies of the federal government and other states in matters related to terrorism;
- (c) To do all things necessary for the implementation of this part 16, including but not limited to the power:

- (I) To hire personnel;
- (II) To contract with federal, state, local, and private entities; and
- (III) To accept and expend federal and private funds.

(2) (a) The division shall create and implement terrorism preparedness plans. The plans shall include the following:

- (I) State protocols and procedures concerning the prevention of, preparation for, response to, and recovery from any terrorist threat, terrorist act, or other terrorist-related activity;
- (II) Establishment and issuance of protocols to guide state and local law enforcement and emergency response officials in responding to any case involving a suspected terrorist training activity described in section 18-9-120, C.R.S.;

(III) Coordination with appropriate governmental agencies, educational institutions, and private sector entities to develop protocols concerning access and security measures at biotechnology laboratories and facilities;

(IV) Coordination with appropriate state agencies to develop protocols concerning the handling, storage, and disposal of biological agents, chemical weapons, destructive devices, radioactive materials, and toxins when any such materials are obtained as evidence of a suspected terrorist training activity as described in section 18-9-120, C.R.S., act of terrorism, suspected act of terrorism, threat to commit an act of terrorism, or conspiracy to commit an act of terrorism.

(b) (I) In creating the terrorism preparedness plans, the division shall seek the advice and assistance of other federal, state, and local government agencies; business, labor, industrial, agricultural, civic, and volunteer organizations; and community leaders.

(II) The terrorism preparedness plans constitute specialized details of security arrangements for purposes of section 24-72-204 (2)(a)(VIII).

(3) (a) The division shall provide advice, assistance, and training to state and local government agencies in the development and implementation of terrorism preparedness plans and in conducting periodic exercises related to the plans.

(b) The division shall provide oversight of terrorism preparedness plans developed and implemented by state and local government agencies. The oversight does not usurp the authority of state and local government agencies, but will only provide peer review and comment in order to promote standardized methods of operation and to facilitate integration with plans adopted by other state and local government agencies throughout the state.

(c) State and local government agencies that develop terrorism preparedness plans shall submit copies of current, new, or amended plans to the division.

(4) The division may distribute to local government agencies any federal or other funds that become available for distribution.

(5) The division shall also:

(a) Build partnerships with first responders, agencies, and citizens in the public and private sectors;

(b) Coordinate activities with other state agencies and the all-hazards emergency management regions created by executive order of the governor;

(c) Develop and update a state strategy for homeland security;

(d) Facilitate, coordinate, and conduct capabilities assessments as necessary;

(e) Facilitate improvements in overall preparedness by developing coordinating mechanisms among Colorado's emergency management, homeland security, public safety, and public health agencies in order to deliver the capabilities necessary for all domestic disasters, whether natural or man-made, including acts of terror; and

(f) Coordinate protection activities among owners and operators of critical infrastructure and other tribal, state, local, regional, and federal agencies in order to help secure and protect critical infrastructure within the state.

**24-33.5-1605. Director - duties and powers - rules.** (1) The director shall perform duties in connection with:

(a) The creation and implementation of the terrorism preparedness plan described in section 24-33.5-1604; and

(b) The prevention and detection of terrorist training activities described in section 18-9-120, C.R.S.

(2) The director may promulgate, in accordance with article 4 of this title, any rules necessary to implement part 15 of this article and sections 24-33.5-1604 (2)(a), 24-33.5-1608, and 24-33.5-1609.

(3) The powers vested in the director in this part 16 do not usurp or supersede the powers of fire chiefs, sheriffs, chiefs of police, or other law enforcement or fire protection agencies.

(4) The director is entitled to all protections, defenses, and immunities provided by statute to safeguard a peace officer in the performance of official acts.

**24-33.5-1606. Office of prevention and security - creation - duties.** (1) (a) There is hereby created within the division an office of prevention and security, the head of which is the manager of the office of prevention and security. The director shall appoint the manager of the office of prevention and security pursuant to section 13 of article XII of the state constitution.

(b) The manager of the office of prevention and security is hereby designated to be a peace officer and has jurisdiction to act as such in the performance of his or her duties anywhere within the state and is entitled to all protections, defenses, and immunities provided by statute to safeguard a peace officer in the performance of official acts.

(2) The duties of the office of prevention and security include:

(a) Enhancing interagency cooperation through information sharing;

(b) Operating the state's fusion center; and

(c) Developing and maintaining, through cooperation with other tribal, state, local, regional, and federal agencies, a standardized crisis communication and information-sharing process.

**24-33.5-1606.5. Office of preparedness - creation - duties - posting of notice of NIMS classes - definition.** (1) There is hereby created within the division the office of preparedness, the head of which is the manager of the office of preparedness. The director shall appoint the manager of the office of preparedness pursuant to section 13 of article XII of the state constitution. The office of preparedness is responsible for creating and implementing a state preparedness goal and system to improve state capabilities to prevent, mitigate the effects of, respond to, and recover from threats to Colorado.

(2) The duties of the office of preparedness include:

(a) Improving community preparedness and citizen involvement through external outreach;

(b) Identifying and reducing duplicative homeland security-related training needs and efforts, coordinating homeland security-related training among tribal, state, local, and regional agencies, and creating a single training and exercise calendar with identified points of contact that is accessible via the internet;

(c) Coordinating and updating homeland security plans;

(d) Coordinating all-hazard public risk communication products among state agencies; and

(e) Administering federal homeland security grants, in accordance with subsection (3) of this section, providing technical assistance to grantees, and coordinating grant funding opportunities with other state agencies.

(3) (a) Unless otherwise authorized under this article 33.5, the grant programs for which the office of preparedness has authority to administer are limited to:

(I) The state homeland security program, or its successor program;

(II) The Denver urban areas security initiative, or its successor program;

(III) The metropolitan medical response system, or its successor program;

(IV) The citizens corp program, or its successor program;

(V) The urban areas security initiative nonprofit security grant program, or its successor program;

(VI) The buffer zone protection program, or its successor program;

(VII) The interoperable emergency communications grant program, or its successor program;

(VIII) Any grant programs previously administered by the former division of emergency management in the department of local affairs, as of June 30, 2012; and

(IX) Any other grant programs authorized by the governor, which programs shall not be inconsistent with the division's purposes.

(b) As used in this subsection (3), "successor program" means a federal homeland security grant program that the manager of the office of preparedness reasonably determines is similar in purpose and scope to its predecessor program, regardless of the particular name of the successor program.

(4) The office of preparedness shall place on its website a description of the national incident management system, developed by the federal emergency management agency and referred to in this section as "NIMS", and a listing, with any applicable links, of online courses

required to become NIMS-certified and courses related to NIMS at institutions within the state system of community and technical colleges.

**24-33.5-1608. Building security and occupant protection.** (1) The director shall adopt rules concerning safety and security to protect state personnel and property owned or leased by the state, including, but not limited to, facilities, buildings, and grounds. Unless under a state of emergency or alert as defined by the rules, such facilities, buildings, and grounds shall remain open to the public.

(2) In adopting such rules, the director shall use as general guidelines the building security and occupant protection standards in federal statutes, presidential directives, and the rules promulgated thereunder, as amended from time to time.

**Source: L. 2002:** Entire part added, p. 1210, § 6, effective June 3. **L. 2006:** (1) amended, p. 145, § 23, effective August 7.

**24-33.5-1609. Continuity of state government operations.** (1) The director shall adopt rules concerning the continuity of state government operations to provide guidance to state departments and agencies in developing viable and executable contingency plans for continuity of operations.

(2) In adopting such rules, the director shall use as general guidelines the plans published by the federal emergency management agency in federal preparedness circulars 65, 66, and 67, and in the rules promulgated thereunder, as amended from time to time.

(3) The rules adopted pursuant to this section shall be incorporated as part of the state emergency operations plan.

**Source: L. 2002:** Entire part added, p. 1210, § 6, effective June 3. **L. 2006:** (1) amended, p. 145, § 24, effective August 7.

**24-33.5-1610. Compliance with standards.** (1) The executive director of each state department and agency shall ensure compliance with the rules adopted pursuant to sections 24-33.5-1608 and 24-33.5-1609.

(2) (a) State departments and agencies shall be required to comply with any such rule that requires funding only if funds are available to the department or agency.

(b) If adequate funding is not available to fund compliance with any such rule by a state department or agency, the department or agency shall take appropriate measures to provide alternate interim solutions to protect the safety and security of persons and property and to ensure the continuity of the department or agency's critical functions during a state of emergency. Any alternate interim solution shall be approved by the division.

**24-33.5-1614. Homeland security and all-hazards senior advisory committee - composition - duties - emergency planning subcommittee - public safety communications subcommittee - creation - definitions - repeal.** (1) To help develop and guide the division's efforts and advise the homeland security advisor, there is hereby created the homeland security and all-hazards senior advisory committee, referred to in this section as the "advisory committee". The advisory committee shall assist the state in becoming better able to predict, prevent, mitigate the effects of, respond to, and recover from those threats posing the greatest risk to Colorado.

(2) (a) The advisory committee consists of at least the director of the division, who is a nonvoting member, and the following twenty-one voting members:

(I) The executive director, who is the chair of the advisory committee;

(II) The director of the division of fire prevention and control created in part 12 of this article, or his or her designee;

(III) One member with specialized knowledge in local government assistance who represents the department of local affairs, created in section 24-1-125, to be appointed by the executive director of the department of local affairs;

(IV) One member with specialized knowledge in emergency preparedness and response who represents the department of public health and environment, created in section 25-1-102, C.R.S., to be appointed by the executive director of the department of public health and environment;

(V) One member with specialized knowledge in homeland defense who represents the department of military and veterans affairs created in section 24-1-127 to be appointed by the adjutant general;

(VI) One member with specialized knowledge in emergency communications systems who represents the governor's office of information technology created in section 24-37.5-103, to be appointed by the chief information officer;

(VII) The chief of the Colorado state patrol appointed pursuant to section 24-33.5-205, or his or her designee;

(VIII) The following fourteen members, to be appointed by the executive director in consultation with the adjutant general of the department of military and veterans affairs and the executive directors of the department of local affairs and the department of public health and environment:

(A) A representative of Colorado counties, incorporated, or its successor entity;

(B) A representative of the Colorado emergency management association, or its successor entity;

(C) A representative of private industry;

(D) A representative of the Colorado municipal league, or its successor entity;

(E) A representative of the county sheriffs of Colorado, incorporated, or a successor sheriffs' organization;

(F) A representative of the emergency medical services association of Colorado, or its successor organization;

(G) A representative of the Colorado state fire chiefs' association, or its successor organization;

(H) A representative of the Colorado association of chiefs of police, or its successor organization;

(I) A representative of tribal government;

(J) A representative of Colorado voluntary organizations active in disaster;

(K) A regional state homeland security coordinator, representing an all-hazards emergency management region established by executive order of the governor;

(L) A representative of the special districts association of Colorado, or its successor organization;

(M) A representative from the state all-hazards advisory committee formed under the department, or any successor entity; and

(N) A representative of the Denver urban area security initiative, as recognized by the United States department of homeland security.

(b) Additional advisory committee members may be added to the advisory committee as necessary upon:

(I) Approval by the executive director; and

(II) A majority vote of approval by the advisory committee members serving pursuant to paragraph (a) of this subsection (2).

(c) The advisory committee shall select annually a vice-chairperson and secretary from among its members.

(d) (I) Except as otherwise provided in subparagraph (II) of this paragraph (d), advisory committee member terms are for two years each.

(II) One-half of the initial members of the advisory committee shall be appointed to one-year terms, and the other half of the initial members shall be appointed to two-year terms.

(e) If a member of the advisory committee appointed under paragraph (a) of this subsection (2) vacates his or her office prior to the expiration of his or her term, the executive director or, for those members described under subparagraph (VII) of paragraph (a) of this subsection (2), the appropriate appointing authority shall fill the vacancy by appointment for the unexpired term.

(f) (I) (A) The advisory committee shall meet as necessary, as determined by the executive director.

(B) Advisory committee members may attend meetings and vote via teleconference.

(II) The advisory committee shall establish by-laws as appropriate for its effective operation.

(III) The members of the advisory committee shall receive no compensation; except that advisory committee members are entitled to receive reimbursement for necessary travel and other reasonable expenses incurred in the performance of their official duties under this section.

(3) The advisory committee shall:

(a) Provide policy guidance to the division;

(b) Annually review the state strategy for homeland security developed by the division pursuant to section 24-33.5-1604 (5)(c) and make recommendations on the strategy's goals, policies, and priorities;

(c) Advise the governor, through his or her homeland security advisor, regarding the planning and implementation of tasks and objectives to achieve goals contained in the Colorado homeland security strategy;

(d) Review homeland security grant applications and make recommendations to the homeland security advisor regarding grant distributions;

(e) Identify opportunities to consolidate existing state-level advisory boards, while ensuring that local and tribal entities have latitude in determining their needs in program areas; and

(f) Establish subcommittees, as necessary, that focus on specific issues or subject matters and make recommendations to the full advisory committee. The executive director shall select the chairpersons for any subcommittees as well as the advisory committee members to serve on the subcommittees. The chairperson of a subcommittee may select nonadvisory committee members from interested members of the community to serve on the subcommittee. Each subcommittee shall make findings and recommendations for consideration by the full advisory committee. Nonadvisory committee members of a subcommittee serve without compensation and without reimbursement for expenses.

(3.3) (a) In addition to any subcommittees created pursuant to paragraph (f) of subsection (3) of this section, there is hereby created the public safety communications subcommittee to the advisory committee, referred to in this subsection (3.3) as the "subcommittee".

(b) The purposes of the subcommittee are to:

(I) Promote interoperable communications among public safety organizations throughout the state;

(II) Represent the advisory committee in matters concerning public safety communications and interoperability of communication systems; and

(III) Inform the advisory committee on the development, maintenance, upgrade, and operation of the statewide digital trunked radio system.

(c) The duties of the subcommittee are to:

(I) Present an annual report to the joint budget committee in writing no later than each December 31 that includes operational and capital infrastructure needs to maintain the system;

(II) Provide policy-level direction and promote efficient and effective use of resources for matters related to public safety communications interoperability;

(III) Promote cooperation among local, tribal, state, and federal public safety agencies, as well as nongovernmental organizations that are in the business of providing public safety in addressing statewide radio interoperability needs in the state;

(IV) Assist public safety entities in the development of projects, plans, policies, standards, priorities, guidelines, and training for radio interoperability;

(V) Coordinate with other communications oversight groups to ensure adequate wireless spectrum to accommodate all users;

(VI) Research statewide interoperable communications best practices of other states, tribes, and municipalities;

(VII) Provide recommendations to the advisory committee, when appropriate, concerning issues related to statewide interoperable radio communications for public safety in Colorado, which recommendations may relate to relevant topics including governance, standard operating procedures, technology, training, and funding;

(VIII) Consider specifically, and report to the executive director prior to December 31, 2014, regarding:

(A) The long-term sustainability, adaptability, and evolution of technology used in public safety communications; and

(B) The bandwidth needed for present and future emergency communications; and

(IX) Assist the department in performing the needs assessment required under section 24-33.7-716 (7).

(d) (I) The members of the consolidated communications system authority, as that body existed prior to its repeal pursuant to Senate Bill 14-127, are the initial members of the subcommittee. The terms of such initial members continue and expire according to the dates for which such members were originally appointed.

(II) (A) Upon expiration of the terms of the initial members serving pursuant to subparagraph (I) of this paragraph (d), and upon the creation of any other vacancy or term expiration, the appropriate appointing authority shall appoint a member representing the same interest, as described in subparagraphs (I) and (III) of paragraph (e) of this subsection (3.3), as the vacating member.

(B) Any vacancy appointment is for the remainder of the unexpired term of the vacating member.

(e) The subcommittee consists of at least the following twenty-three members:

(I) Members representing local government, including:

(A) Two members representing public radio systems that are not part of the statewide digital trunked radio system, who are appointed as specified in paragraph (f) of this subsection (3.3);

(B) One member representing the licensed ambulance or emergency medical service and the licensed hospital or trauma center, who is selected by the state emergency medical and trauma services advisory council created in section 25-3.5-104, C.R.S.;

(C) Two members representing the nine all-hazard regions, who are appointed as specified in paragraph (f) of this subsection (3.3);

(D) Two members selected by the Colorado state fire chiefs' association, one of whom represents a metropolitan fire department and the other of whom represents a rural fire department;

(E) One representative of Colorado professional fire fighters, or a successor labor organization that represents firefighters;

(F) One representative of Colorado's counties, appointed by Colorado counties, incorporated, or a successor organization that represents Colorado's counties;

(G) Five representatives of the consolidated communications network of Colorado, incorporated, or a successor nonprofit organization comprised of participating user agencies using the Colorado digital trunked radio system; and

(H) Two members representing the law enforcement agencies, one who is selected by the Colorado association of chiefs of police and one who is selected by the county sheriffs of Colorado;

(II) Five members representing state government as follows:

(A) The chief information officer of the governor's office of information technology, or his or her designee;

(B) The chief of the Colorado state patrol, or his or her designee;

(C) The executive director of the department of corrections, or the executive director's designee;

(D) The executive director of the department of transportation, or the executive director's designee; and

(E) The executive director of the department of natural resources, or the executive director's designee;

(III) Two members representing the two tribal nations in the state, one selected by each of the two tribal nations.

(f) (I) For the entities described in sub-subparagraphs (A) and (C) of subparagraph (I) of paragraph (e) of this subsection (3.3), each entity may nominate one or more persons to the executive director for appointment to the positions. The executive director, in consultation with the advisory committee, shall consider geographic representation and technical expertise in choosing appointees. The executive director shall notify the entities in writing regarding the appointments made. Each appointee appointed pursuant to this paragraph (f) serves at the pleasure of the executive director.

(II) The members of the subcommittee appointed or selected pursuant to subparagraphs (I) and (III) of paragraph (e) of this subsection (3.3) serve at the pleasure of the appointing or selecting authority.

(g) In addition to the members described in paragraph (f) of this subsection (3.3), the executive director, in consultation with the advisory committee, may appoint additional members to the subcommittee. The terms of such members are for a period, not to exceed two years, identified by the executive director when making the appointments. The executive director shall ensure that such appointments maintain, to the greatest extent possible, the geographic diversity and expertise of the subcommittee.

(h) The subcommittee members are entitled to receive reimbursement for necessary travel and other reasonable expenses incurred in the performance of their official duties.

(i) Repealed.

(3.5) (a) In addition to any subcommittees created pursuant to paragraph (f) of subsection (3) of this section, there is hereby created the emergency planning subcommittee, also referred to in this subsection (3.5) as the "subcommittee", to the advisory committee.

(b) (I) The subcommittee consists of twelve members.

(II) Five of the twelve members are the following ex officio representatives of state government or their designees:

(A) The director;

(B) The director of the division of fire prevention and control in the department of public safety;

(C) The director of the division of local government in the department of local affairs;

(D) The director of the division in the department of public health and environment responsible for hazardous materials and waste management; and

(E) A representative of the Colorado state patrol in the department of public safety.

(III) The remaining seven members of the subcommittee are appointed by the executive director for two-year terms, and may be reappointed for additional terms. Of those seven members, two shall represent local governments, two shall be from either public interest groups or community groups, one shall represent a local emergency planning committee, and two shall represent industries affected by implementation of the federal "Emergency Planning and

Community Right-to-Know Act of 1986", 42 U.S.C. sec. 11001 et seq., Title III of the federal "Superfund Amendments and Reauthorization Act of 1986", Pub.L. 99-499.

(c) (I) The members of the Colorado emergency planning commission, as such existed prior to its repeal pursuant to House Bill 14-1004, are the initial members of the subcommittee. The terms of such initial members continue and expire according to the dates for which such members were originally appointed.

(II) (A) Upon expiration of the terms of the initial members serving pursuant to subparagraph (I) of this paragraph (c), and upon the creation of any other vacancy or term expiration, the executive director shall appoint a member representing the same interest, as described in subparagraph (III) of paragraph (b) of this subsection (3.5), as the vacating member.

(B) A vacancy appointment is for the remainder of the unexpired term of the vacating member.

(d) Members of the subcommittee do not receive compensation or per diem for their services on the subcommittee; except that members may be reimbursed for travel expenses incurred in connection with activities other than attending meetings of the subcommittee.

(e) In addition to any other duties and functions described in part 15 of this article, the subcommittee shall advise the advisory committee on matters pertaining to implementation of the federal "Emergency Planning and Community Right-to-Know Act of 1986", 42 U.S.C. sec. 11001 et seq., Title III of the federal "Superfund Amendments and Reauthorization Act of 1986", Pub.L. 99-499. The subcommittee shall also keep the advisory committee informed of actions it takes under section 24-33.5-1504 regarding local emergency planning committees or districts.

(f) Repealed.

(4) (a) This section is repealed, effective September 1, 2031.

(b) Prior to repeal, the department of regulatory agencies shall review the advisory committee in accordance with section 2-3-1203, C.R.S.

**24-33.5-1617. Law enforcement, public safety, and criminal justice information sharing grant program - rules - fund created - definitions - repeal.** (1) **Definitions.** As used in this section, unless the context otherwise requires:

(a) "CISC" means the Colorado information sharing consortium created through an intergovernmental agreement effective April 7, 2014, in accordance with section 29-1-203, or its successor organization.

(b) "Fund" means the law enforcement, public safety, and criminal justice information sharing grant program fund created in subsection (5) of this section.

(c) "Grant program" means the law enforcement, public safety, and criminal justice information sharing grant program created in subsection (2) of this section.

(d) "Intelligence information" means evaluated data relevant to the identification of criminal activity engaged in by an individual or organization reasonably suspected of involvement in criminal activity that meets criminal intelligence system submission criteria as set forth in part 23 of title 28 of the code of federal regulations.

(e) "Law enforcement data" means facts, detailed information, police report narratives, supplemental police report narratives, and other text-related information related to law enforcement activities.

(f) "Local law enforcement agency" means a county sheriff's office, a municipal police department, or a town marshal's office.

(2) **Program created - rules.** (a) There is hereby created in the division the law enforcement, public safety, and criminal justice information sharing grant program to provide grants to assist local law enforcement agencies in gaining access to CISC's information-sharing systems.

(b) Grant recipients may use the money received through the grant program to pay for costs associated with connecting to CISC's information-sharing systems, including computer hardware, software, or programming costs that are necessary to allow the recipient to share law enforcement data and intelligence information through CISC.

(c) The division shall administer the grant program, and, subject to available appropriations, shall award grants as provided in this section. Subject to available appropriations, grants shall be paid out of the fund created in subsection (5) of this section.

(d) Not later than nine months after May 28, 2019, the director shall promulgate such rules as may be necessary to implement the grant program. At a minimum, the rules must specify the time frames for applying for grants, the form of the grant program application, the criteria for

evaluating the financial need of grant applicants, the time frames for distributing grant money, and requirements for reports from grant recipients.

(e) Not later than nine months after May 28, 2019, the division shall begin accepting applications in accordance with the rules promulgated in accordance with subsection (2)(d) of this section.

(3) **Application - criteria - awards.** (a) To receive a grant, a local law enforcement agency shall submit an application to the division in accordance with rules promulgated in accordance with subsection (2)(d) of this section.

(b) The division shall review the applications received in accordance with this section. In awarding the grants, the division shall consider the following criteria:

(I) The financial need of the applicant, as determined in accordance with the rules promulgated in accordance with subsection (2)(d) of this section;

(II) The applicant's commitment to share all accessible and relevant law enforcement and intelligence information in the applicant's custody; and

(III) The applicant's commitment to assume fiscal responsibility for the ongoing annual costs of maintaining data sharing through CISC after the grant money is no longer available.

(c) As a condition of each grant awarded under this section, the grant recipient and CISC shall comply with the following requirements for as long as the grant recipient participates in information sharing through CISC:

(I) Each grant recipient remains the custodian of the law enforcement data and intelligence information that it shares through the CISC information-sharing system for the purposes of parts 2 and 3 of article 72 of this title 24;

(II) If CISC receives a request for records pursuant to part 2 or part 3 of article 72 of this title 24, it shall not provide the records and shall refer the requester to the appropriate custodian of records;

(III) CISC and each grant recipient shall ensure that the information-sharing systems comply with the current federal bureau of investigation criminal justice information services security policy in order to ensure the security of the law enforcement data and intelligence information shared by law enforcement agencies;

(IV) CISC and each grant recipient are prohibited from selling any data or information shared through CISC's information-sharing system;

(V) CISC and each grant recipient shall comply with the requirements of 28 CFR 23, as amended;

(VI) Each grant recipient shall not share and maintain criminal intelligence information concerning an individual unless there is reasonable suspicion that the individual is involved in criminal conduct or activity and the information is relevant to that criminal conduct or activity;

(VII) CISC and each grant recipient shall not collect or maintain criminal intelligence information about the political, religious, or social views, associations, or activities of any individual or any group, association, corporation, business, partnership, or other organization unless such information directly relates to criminal conduct or activity and there is reasonable suspicion that the subject of the information is or may be involved in criminal conduct or activity;

(VIII) Reasonable suspicion or criminal predicate is established when information exists that establishes sufficient facts to give a trained law enforcement or criminal investigative agency officer, investigator, or employee a basis to believe that there is a reasonable possibility

that an individual or organization is involved in a definable criminal activity or enterprise. Each grant recipient is responsible for establishing the existence of reasonable suspicion of criminal activity either through examination of supporting information submitted by a participating agency or by delegation of this responsibility to a properly trained participating agency, which is subject to routine inspection and audit procedures established by CISC or the grant recipient.

(IX) Each grant recipient shall not share or maintain information that has been obtained in violation of any applicable federal, state, or local law or ordinance. Each grant recipient is responsible for establishing that no information is entered in violation of federal, state, or local laws, either through examination of supporting information submitted by a participating agency or by delegation of this responsibility to a properly trained participating agency, which is subject to routine inspection and audit procedures established by CISC or the grant recipient.

(X) CISC and each grant recipient shall not share criminal intelligence information except where there is a need to know and a right to know the information in the performance of a law enforcement activity; and

(XI) CISC and each grant recipient shall not disseminate criminal intelligence information except to law enforcement authorities who agree to follow procedures regarding information receipt, maintenance, security, and dissemination that are consistent with these principles; except that this subsection (3)(c)(XI) does not limit the dissemination of an assessment of criminal intelligence information to a government official or to any other individual when necessary to avoid imminent danger to life or property.

(d) Any employee of the department who is affiliated in any way with a grant applicant is prohibited from participating in the administration of the grant program, including the evaluation of grant applications and the awarding of grants.

(e) Subject to available appropriations, the division shall award grants as provided in this section. The division shall announce grant awards on its website within five business days after making the awards. The division shall distribute the grant money within thirty days after awarding the grants.

(4) **Reporting requirements.** Each grantee shall submit a report to the division on or before July 30 of each year in which it receives or expends grant money. The report must comply with the rules promulgated in accordance with subsection (2)(d) of this section.

(5) **Law enforcement, public safety, and criminal justice information sharing grant program fund.** (a) The law enforcement, public safety, and criminal justice information sharing grant program fund is hereby created in the state treasury. The fund consists of money appropriated to the fund pursuant to subsection (6) of this section and any other money that the general assembly may appropriate or transfer to the fund.

(b) The state treasurer shall credit all interest and income derived from the deposit and investment of money in the fund to the fund.

(c) Except as provided in subsection (5)(d) of this section, any unexpended and unencumbered money remaining in the fund at the end of a fiscal year remains in the fund and is not credited to the general fund.

(d) The state treasurer shall transfer all unexpended and unencumbered money in the fund on July 1, 2022, to the general fund.

(e) Subject to annual appropriation by the general assembly, the division may expend money from the fund for the purpose of awarding grants in accordance with this section. The

division may use up to five percent of the money annually appropriated to the fund to pay for the direct and indirect costs that the division incurs to administer the grant program.

(6) **Funding for grant program.** For the 2019-20 fiscal year, the general assembly shall appropriate five hundred thousand dollars to the fund from the marijuana tax cash fund created in section 39-28.8-501.

(7) **Repeal.** This section is repealed, effective July 1, 2022.

**Source: L. 2019:** Entire section added, (HB 19-1073), ch. 300, p. 2764, § 2, effective May 28.

**Cross references:** For the legislative declaration in HB 19-1073, see section 1 of chapter 300, Session Laws of Colorado 2019.

**24-33.5-1618. Nurse intake of 911 calls - pilot grant program - reporting - definitions - legislative declaration - repeal.** (1) The general assembly hereby finds and declares that:

(a) All citizens of Colorado deserve access to high-quality health care without having their economic security and well-being jeopardized;

(b) Increasing health-care costs continue to be a top concern for Colorado families and the state continues to explore opportunities to lower those costs;

(c) The Colorado Health Institute in its 2015 "Colorado Health Access Survey" reported that roughly forty percent of emergency department visits in Colorado occur for nonemergency reasons;

(d) The Center for Improving Value in Health Care reports that more than eight hundred million dollars could be saved each year in Colorado by treating nonemergency health-care issues through visits to a doctor's office, a clinic, or an urgent care setting instead of through emergency department visits;

(e) The office of the assistant secretary for preparedness and response in the United States department of health and human services determined that the implementation of innovative programs that focus on treating individuals with nonemergency health-care needs in health-care settings other than emergency departments can save up to five hundred sixty million dollars in medicare costs;

(f) By implementing a program that allows emergency medical service providers to adopt protocols and strategies to triage patients and redirect nonemergency patients to health-care settings other than an emergency department, Colorado can lead the nation in reducing health-care costs and unnecessary utilization of emergency departments; and

(g) Piloting a program that reimagines the emergency medical services system in this manner:

(I) Will result in additional health-care cost savings;

(II) Will help reduce the burden on first responders and emergency departments by redirecting individuals with nonemergency health-care needs to alternative health-care providers; and

(III) Is more important than ever in light of the COVID-19 pandemic.

(2) On or before January 1, 2022, the division shall implement a pilot grant program to help finance and coordinate technical support for public safety answering points that apply for

and are approved to participate in the pilot grant program for the operation of nurse intake of 911 calls.

(3) (a) (I) The division shall establish:

(A) An application process for public safety answering points to apply to participate in the pilot grant program, including a requirement that an applicant include a clearly stated financial goal of anticipated cost savings in its initial grant application; and

(B) Program requirements, including scope of practice requirements, for the pilot grant program.

(II) To be eligible to apply, a public safety answering point must agree that, if approved to participate in the pilot grant program, the public safety answering point will:

(A) Operate a program for nurse intake of 911 calls or a substantially comparable 911 triage system that complies with the program requirements that the division establishes pursuant to subsection (3)(a)(I)(B) of this section or enter into a contract with an entity that employs or contracts with nurses who are trained and equipped to provide nurse intake of 911 calls; and

(B) Utilize the grant money for the payment of costs associated with the intake of 911 calls that do not result in the dispatch of ambulance service or treatment in an emergency room.

(b) Before entering into a contract pursuant to subsection (3)(a)(II)(A) of this section, a public safety answering point must:

(I) Get direction regarding the contract from both:

(A) The medical director in the jurisdiction that the public safety answering point serves; and

(B) The chief of the fire department in the jurisdiction that the public safety answering point serves; and

(II) Seek input from community stakeholders in the jurisdiction that the public safety answering point serves, including:

(A) Other public safety entities such as the police;

(B) Recognized employee organizations whose members provide emergency medical services; and

(C) Community health organizations, community mental health providers, and other medical providers whose services might be used as part of the pilot grant program.

(c) (I) Of the public safety answering points that apply to participate in the pilot grant program pursuant to subsection (3)(a) of this section, the division shall designate four public safety answering points to participate in the pilot grant program. Of the four public safety answering points designated to participate:

(A) One must be located within a county that has a population of sixty thousand or more residents; and

(B) Three must be located within a single county that has or separate counties that have a population of fewer than sixty thousand residents.

(II) Once the division receives proof from a designated public safety answering point that it has entered into a contract with an entity described in subsection (3)(a)(II)(A) of this section, the division shall award the public safety answering point grant money.

(d) The division, in coordination with the public utilities commission created in section 40-2-101, the state board of nursing created in section 12-255-105, the Colorado 911 Resource Center or its successor entity, and the Colorado chapter of the National Emergency Number

Association or its successor entity, shall provide technical support to the designated public safety answering points regarding their operation of nurse intake of 911 calls.

(4) The division shall require that the designated public safety answering points report on the operation of nurse intake of 911 calls, including reporting on the number of calls for which nurse intake of 911 calls was used and the disposition of those calls. On or before September 1, 2023, the division shall publish the report on its public website and submit copies of the report to the judiciary committees in the senate and the house of representatives or their successor committees.

(5) (a) As part of the reporting required under subsection (4) of this section, the division shall require that the designated public safety answering points submit information to the division regarding:

(I) Individual patient satisfaction scores obtained from individuals who received alternative treatment other than the emergency department as part of the pilot grant program and clinical outcomes for those patients; and

(II) Annual cost savings to the state's health-care system that result from the pilot grant program. To quantify and verify its reported annual cost savings, a designated public safety answering point must use performance metrics that are based on the diversion of calls to the nurse intake of 911 calls for which alternative treatment other than the emergency department was offered or provided.

(b) The division shall evaluate the need for continued funding of the pilot grant program based on the patient satisfaction scores and their clinical outcomes and on annual cost savings submitted.

(6) As used in this section, unless the context otherwise requires:

(a) "COVID-19" means the coronavirus disease 2019 caused by the severe acute respiratory syndrome coronavirus 2, also known as SARS-CoV-2.

(b) "Emergency telephone service" means a telephone system utilizing the single three-digit number 911 for reporting police, fire, medical, or other emergency situations.

(c) "Medical director" has the meaning set forth in section 25-3.5-205 (5)(a).

(d) "Nurse" means a registered nurse, as defined in section 12-255-104 (11) or an advanced practice registered nurse, as defined in section 12-255-104 (1).

(e) "Nurse intake of 911 calls" means a public safety answering point's use of a nurse to assist 911 dispatchers in providing emergency telephone service whereby the nurse helps determine which incoming calls may be diverted to a type of medical care that does not require ambulance service or treatment in an emergency room.

(f) "Public safety answering point" means a publicly funded facility equipped and staffed on a twenty-four-hour basis to receive and process 911 calls.

(7) This section is repealed, effective July 1, 2024.

**Source: L. 2021:** Entire section added, (SB 21-156), ch. 261, p. 1524, § 1, effective June 18.

**24-33.5-1619. Natural disaster mitigation enterprise - fund - goals - grant program - gifts, grants, or donations - legislative declaration - definitions - repeal.** (1) **Legislative declaration.** The general assembly hereby:

(a) Finds and determines that:

(I) Increased greenhouse gas emissions and rapidly rising temperatures resulting from human activity are changing the climate in ways that threaten Colorado's economy, the health of its residents, and its natural landscape;

(II) These temperature increases are already having an impact on Colorado's environment, with extreme wildfires, floods, drought, extreme weather events, and heat waves dramatically increasing in recent years;

(III) The economic impacts of these increasingly frequent and severe disasters are enormous, for example with the 2020 wildfires costing seventy-seven million dollars to fight through August, and the 2012 drought resulting in losses of seven hundred twenty-six million dollars for the agriculture sector alone;

(IV) Local governments are on the forefront of responding to these challenges and possess significant experience and expertise in addressing them;

(V) Although state and federal funding is routinely made available to help local communities with immediate disaster response needs, there is no long-term, consistent source of funds to support the investments needed to prevent disasters from happening and to make local communities more resilient against future disasters;

(VI) Making these investments will decrease losses that would otherwise be largely paid by insurers;

(VII) As documented by a 2019 report from the National Institute of Building Science, the benefit of these investments significantly exceed their costs, in some cases by ratios as high as ten to one;

(VIII) Accordingly, funding for ongoing disaster mitigation efforts should be related to property and casualty insurance products; and

(b) Declares that:

(I) The natural disaster mitigation enterprise provides valuable services, benefits, and useful business services to insurers, when, in exchange for payment of the fee described in subsection (4) of this section, the enterprise uses the fees to:

(A) Provide grants to local governments to implement resilience and natural disaster mitigation measures;

(B) Assist entities that apply for federal grants dedicated to assisting in the implementation of pre-disaster natural disaster mitigation measures by issuing grants to help the entities provide the matching funds required for the federal grants; and

(C) Provide local governments technical assistance on natural disaster mitigation;

(II) By providing the benefits and services specified in subsection (1)(b)(I) of this section, the natural disaster mitigation enterprise engages in an activity conducted in the pursuit of a benefit, gain, or livelihood and therefore operates as a business;

(III) Consistent with the determination of the Colorado supreme court in *Nicholl v. E-470 Public Highway Authority*, 896 P.2d 859 (Colo. 1995), that the power to impose taxes is inconsistent with enterprise status under section 20 of article X of the state constitution, it is the conclusion of the general assembly that the fee collected by the enterprise is a fee, not a tax, because the fee is imposed for the specific purpose of allowing the enterprise to defray the costs of providing the business services specified in subsection (1)(b)(I) of this section to insurers that pay the fee and the fee is collected at a rate that is reasonably calculated based on the benefits received by those insurers;

(IV) So long as the natural disaster mitigation enterprise qualifies as an enterprise for purposes of section 20 of article X of the state constitution, the revenue from the fee collected by the enterprise is not state fiscal year spending, as defined in section 24-77-102 (17), or state revenues, as defined in section 24-77-103.6 (6)(c), and does not count against either the state fiscal year spending limit imposed by section 20 of article X of the state constitution or the excess state revenues cap, as defined in section 24-77-103.6 (6)(b)(I)(B); and

(V) No other enterprise created simultaneously or within the preceding five years serves primarily the same purpose as the natural disaster mitigation enterprise and the natural disaster mitigation enterprise will generate revenue from fees and surcharges of less than one hundred million dollars total in its first five fiscal years. Accordingly, the creation of the natural disaster mitigation enterprise does not require voter approval pursuant to the provisions of section 24-77-108.

(2) **Definitions.** As used in this section, unless the context otherwise requires:

(a) "Board" means the board of directors of the enterprise.

(b) "Eligible entity" means a governing subdivision of the state, including counties, municipalities, school districts, and special districts, that implements or intends to implement natural disaster mitigation measures, or that is applying for a federal grant that both requires matching funds and is dedicated to assisting in the implementation of pre-disaster natural disaster mitigation measures.

(c) "Enterprise" means the natural disaster mitigation enterprise created in subsection (3) of this section.

(d) "Fee" means the fee described by subsection (4) of this section;

(e) "Fund" means the natural disaster mitigation cash fund created in subsection (5) of this section.

(f) "Grant program" means the natural disaster mitigation grant program created in subsection (7) of this section.

(g) "Natural disaster mitigation" means taking measures that reduce the risk of loss of life and property from future natural hazard disasters and decreasing costs associated with disaster recovery.

(3) **Enterprise.** (a) There is hereby created in the department the natural disaster mitigation enterprise. The enterprise is and operates as a government-owned business within the department for the business purpose of collecting the fee charged to certain insurers, and utilizing the fee revenue to administer the grant program and to provide local governments technical assistance on natural disaster mitigation. The enterprise exercises its powers and performs its duties and functions under the department as if transferred to the department by a **type 2** transfer, as defined in the "Administrative Organization Act of 1968", article 1 of this title 24.

(b) The enterprise constitutes an enterprise for purposes of section 20 of article X of the state constitution so long as it retains the authority to issue revenue bonds and receives less than ten percent of its total revenues in grants from all Colorado state and local governments combined. So long as it constitutes an enterprise pursuant to this subsection (3)(b), the enterprise is not subject to section 20 of article X of the state constitution.

(c) The enterprise's primary powers and duties are to:

(I) Collect the fee described in subsection (4) of this section;

(II) Promote natural disaster mitigation by issuing grants as specified in subsection (7) of this section;

(III) Provide local governments technical assistance on natural disaster mitigation;

(IV) By resolution, authorize and issue revenue bonds that are payable only from the money in the fund, which revenue bonds may be issued to promote the hazard mitigation purposes specified in this subsection (3)(c);

(V) Adopt, amend, or repeal policies for the regulation of its affairs and the conduct of its business consistent with this section, including establishing application, review, approval, reporting, and other requirements for grants; and

(VI) Engage the service of contractors, consultants, and legal counsel, including the department and the attorney general's office, for professional and technical assistance and advice and to supply other services related to the conduct of the affairs of the enterprise, without regard to the "Procurement Code", articles 101 to 112 of title 24. The board shall encourage diversity in applicants for contracts and shall generally avoid using single-source bids.

(d) The enterprise is governed by a board of directors. The board consists of the following thirteen members appointed by the executive director of the department of public safety:

(I) One member representing the department of public safety;

(II) One member representing the department of public health and environment;

(III) One member of the Colorado resiliency office;

(IV) One member who has experience in environmental justice and representing underserved communities;

(V) Four members who are representatives of local governments at least one of whom represents a county, one of whom represents a municipality, and all of whom, taken as a whole and to the greatest extent possible, represent the geographic diversity of the state;

(VI) Two members who are scientists with expertise in climate-induced weather hazards, resilience planning, or disaster mitigation; and

(VII) Three members representing the insurance industry.

(e) The member appointed pursuant to subsection (3)(d)(I) of this section shall call the first meeting of the board. The board shall elect a chair from among its members to serve for a term not to exceed two years, as determined by the board.

(f) The term of office of board members is four years; except that the executive director shall designate two members appointed pursuant to subsection (3)(d)(V) of this section, one of the members appointed pursuant to subsection (3)(d)(VI) of this section, and three of the members appointed to subsections (3)(d)(I), (3)(d)(II), (3)(d)(IV), and (3)(d)(VII) to serve initial terms of two years.

(g) A vacancy on the board is filled in the same manner as the original appointment was made. A person appointed to fill a vacancy serves for the remainder of the unexpired term.

(h) The board shall meet at least quarterly and the chair may call additional meetings as necessary for the board to complete its duties.

(i) Each member of the board is entitled to receive from money in the fund a per diem allowance of fifty dollars for each day spent attending official board meetings.

(4) **Fee.** (a) Each insurer that has a policy or contract of insurance of the types listed in subsection (4)(e) of this section covering property or risks in the state shall pay a fee imposed and collected by the enterprise. The enterprise shall transmit any fee collected in accordance

with this subsection (4) to the state treasurer, who shall credit the same to the fund. Any fee transmitted to the state treasurer that is collected on behalf of the enterprise is excluded from the state's fiscal year spending. For each insurer, the amount of the fee must equal two dollars multiplied by the number of certain policies or contracts of insurance of the types listed in subsection (4)(e) of this section covering property or risks in the state.

(b) On or before July 1, 2023, an insurer shall:

(I) Pay the fee for the policies or contracts of insurance of the types listed in subsection (4)(e) of this section covering property or risks in the state from March 1, 2022, through December 31, 2022, and held by the insurer from March 1, 2022, through December 31, 2022; and

(II) Report to the enterprise the number of policies or contracts of insurance of the types listed in subsection (4)(e) of this section covering property or risks in the state from March 1, 2022, through December 31, 2022, and held by the insurer from March 1, 2022, through December 31, 2022.

(c) On or before July 1, 2024, and on or before July 1 of each year thereafter through 2029, an insurer shall:

(I) Pay the fee for the policies or contracts of insurance of the types listed in subsection (4)(e) of this section covering property or risks in the state during the previous calendar year and held by the insurer in the previous calendar year; and

(II) Report to the enterprise the number of policies or contracts of insurance of the types listed in subsection (4)(e) of this section covering property or risks in the state during the previous calendar year and held by the insurer in the previous calendar year.

(d) On or before December 31, 2023, and on or before December 31 each year thereafter through 2029, the enterprise shall compare the list of insurers who paid the fee with a list compiled by the division of insurance of those insurers that have policies or contracts of the types listed in subsection (4)(e) of this section covering property or risks in the state and shall notify the division of insurance of any insurer's failure to pay the fee described in this subsection (4). Upon receiving notice of an insurer's failure to pay the fee, the division of insurance shall notify the insurer of the fee requirement. If the insurer fails to pay the fee within fifteen days after receiving the notice, the division of insurance may impose a civil penalty of not more than one hundred twenty percent of the amount due. The insurer shall pay the civil penalty to the division of insurance. The division of insurance shall transfer the amount received to the state treasurer who shall credit the same to the fund.

(e) Insurance companies are liable for the fee on policies or contracts covering property or risks in the state of the following types:

(I) Fire;

(II) Allied lines;

(III) Private crop;

(IV) Farmers multiple peril;

(V) Homeowners multiple peril; or

(VI) Commercial multiple peril.

(f) Each insurer subject to the provisions of this subsection (4) is authorized to recoup the fee described in this subsection (4) from its policy holders.

(g) Each insurer subject to the provisions of this subsection (4) shall not raise its premiums based on the fee described in this subsection (4).

(h) The fee described in this subsection (4) must not be considered a premium for any purpose, including the computation of the gross premium tax described in section 10-3-209 or the producer's commission.

(i) The enterprise shall also ensure, by lowering the fee imposed by this subsection (4) to the extent necessary, that the total amount of fee revenue does not exceed one hundred million dollars over the first five fiscal years of the enterprise's existence.

(5) **Fund.** (a) There is hereby created in the state treasury the natural disaster mitigation cash fund. The fund consists of money credited to the fund pursuant to subsection (4) of this section and any other money that the general assembly may appropriate or transfer to the fund.

(b) The money in the fund shall not be deposited in or transferred to the general fund or any other fund. The state treasurer shall credit all interest and income derived from the deposit and investment of money in the fund to the fund. Any unencumbered money in the fund shall remain in the fund and shall not be credited or transferred to the general fund or another fund.

(c) Money in the fund is continuously appropriated to the enterprise for the purposes of:

(I) Administering the grant program and awarding grants in accordance with subsection (7) of this section;

(II) Providing local governments technical assistance on natural disaster mitigation; and

(III) For any direct and indirect administrative expenses incurred by the enterprise.

(d) The board may seek, accept, and expend gifts, grants, or donations from private or public sources for the purposes of this section, so long as the combination of grants from the state and local governments is less than ten percent of the enterprise's total revenue.

(6) **Natural disaster mitigation goals.** The enterprise shall administer the grant program and award grants and provide local governments technical assistance on natural disaster mitigation to achieve the following natural disaster mitigation goals:

(a) Reduce the negative impacts from future disasters on lives, property, and the economy;

(b) Improve the resilience of local communities given the increased frequency and intensity of severe weather events resulting from climate change;

(c) Engage in mitigation activities that directly reduce risks to lives and property, are cost-effective, technically feasible, science-based, ecologically sound, and environmentally sound as well as allowing strategic investment of limited resources and not harming underserved communities;

(d) Reduce repetitive losses;

(e) Utilize federal funding available for natural disaster mitigation projects; and

(f) Support communities with limited capacity to plan, prepare, and submit grant proposals under subsection (7) of this section.

(7) **Grant program.** (a) The enterprise shall administer the natural disaster mitigation grant program and, subject to available appropriations and revenues, shall award grants from the fund as provided in this subsection (7).

(b) The purpose of the grant program is to achieve the goals specified in subsection (6) of this section by assisting entities that are implementing disaster mitigation measures, or that have applied for federal grants that both require matching funds and are dedicated to assisting in the implementation of pre-disaster natural disaster mitigation measures. The board may not award grants for renewable energy generation projects, resources, or technologies. The board may award grants for projects that include slope stabilization, watershed restoration, fuels

mitigation, drought mitigation, and similar activities that directly reduce risks to communities, lives, and property. The board shall establish criteria to evaluate and prioritize applications for grants, based on:

(I) In the case of an eligible entity that is applying for a federal grant that both requires matching funds and is dedicated to assisting in the implementation of pre-disaster natural disaster mitigation measures, the federal emergency management agency's standardized benefit-cost analysis in accordance with current published federal guidance; a different methodology may only be used when it addresses a noncorrectable flaw in the federal emergency management agency's approved methodology, as identified by the board;

(II) The financial need of the eligible entity;

(III) The degree to which the eligible entity's proposal demonstrates benefits to underserved communities; and

(IV) The degree to which the eligible entity's proposal demonstrates consultation and collaboration with underserved communities.

(c) An eligible entity may submit an application to the enterprise for a grant pursuant to the policies and procedures specified by the board.

(d) Grant recipients shall only use the money received through the grant program for implementing disaster mitigation measures, or to offset the recipient's federal match requirement for federal grants dedicated to assisting in the implementation of pre-disaster natural disaster mitigation measures.

(e) The board shall review the applications received pursuant to this section and shall award:

(I) No less than eighty-five percent of the annual fund revenue for grant awards nor award more than fifteen percent of the annual revenue in any single grant award; except that, by unanimous vote of the board, grants of up to twenty-five percent of the annual revenue can be awarded in exceptional circumstances;

(II) No more than ten percent of the annual fund revenue for technical assistance to support communities with limited capacity to plan, prepare, and submit grant proposals; and

(III) No more than five percent of the annual fund revenue for administering the grant program and awarding grants in accordance with this subsection (7).

(f) (I) A grantee shall report quarterly to the board on the progress of the project financed by the grant pursuant to terms specified in the grant award agreement.

(II) The board shall develop a policy regarding a grantee's noncompliance with the grant agreement entered into by the grantee and the board, which policy may include a mechanism for the board to convert the grantee's grant to a loan with interest.

(g) For grantees being awarded funds for use as a federal match, the award of any grant under this subsection (7) is contingent upon the applicant being awarded the federal grant that the applicant sought assistance with in its grant application. Grantees must comply with the requirements of any federal grants they receive pursuant to this section.

(8) **Reporting.** Notwithstanding section 24-1-136 (11)(a)(I), the board shall submit a report by July 1 of each year to the committees of reference of the general assembly to which the department is assigned pursuant to section 2-7-204 (1). The report must include:

(a) The unobligated balance of the fund, the number of grant applications, and the number and value of grants awarded;

- (b) The eligible entities that have applied for a grant, the actions taken by each grantee, other measurements of success, and the amount of grant money distributed to each grantee;
  - (c) The progress toward achievement of the natural disaster mitigation goals specified in subsection (6) of this section and the primary factors facilitating and inhibiting that progress; and
  - (d) Any suggested legislation or policy changes.
- (9) **Repeal.** This section is repealed, effective January 1, 2030.

## PART 17

### IDENTITY THEFT AND FINANCIAL FRAUD

**24-33.5-1701. Short title.** This part 17 shall be known and may be cited as the "Identity Theft and Financial Fraud Deterrence Act".

**Source: L. 2006:** Entire part added, p. 1291, § 1, effective May 30.

**24-33.5-1702. Legislative declaration.** (1) The general assembly recognizes the significant consequences of identity theft and financial fraud crimes on Colorado citizens and businesses. The consequences suffered by Colorado citizens and businesses include the trauma of recovering stolen identities and repairing related damage to personal finances; the direct and indirect financial costs to various victims, consumers, and businesses; the time dedicated to guarding against and resolving such crimes; and the overall economic impact of such crimes.

(2) The general assembly recognizes the limited resources of local law enforcement agencies, district attorneys, and the attorney general. It is the intent of the Colorado general assembly to protect Colorado citizens and businesses by enhancing the investigation and prosecution of identity theft and financial fraud crimes by establishing a statewide resource in the form of a unit comprised of attorneys, investigators, and support staff to assist the attorney general, sheriffs, police, and district attorneys in investigating and prosecuting criminals who commit identity theft and financial fraud crimes.

(3) It is the intent of the general assembly to supplement the existing law enforcement and prosecution system and provide greater flexibility to respond to the shifting aspects of identity theft and financial fraud crimes and priorities among such crimes. The unit will also provide to the public and relevant groups appropriate information about financial fraud and the unit's activities and results. It is further the intent of the general assembly that the unit will focus its attention on criminal activity involving financial transactions, including but not limited to the types of crime covered under article 5 of title 18, C.R.S.; modifications to these and other relevant crimes; new crimes as they evolve from time to time; and suspicious activity reports required by federal law to be filed by depository institutions.

**Source: L. 2006:** Entire part added, p. 1291, § 1, effective May 30.

**24-33.5-1703. Identity theft and financial fraud board - creation - rules.** (1) (a)

There is hereby created in the department of public safety the identity theft and financial fraud board, referred to in this part 17 as the "board". The board shall have the powers and duties specified in this part 17, including but not limited to oversight of the Colorado fraud investigators unit, created in section 24-33.5-1704.

(b) The board shall exercise its powers and perform its duties and functions as if the same were transferred to the department of public safety by a **type 2** transfer, as such transfer is defined in the "Administrative Organization Act of 1968", article 1 of this title.

(2) The board shall consist of ten members, as follows:

(a) The executive director of the department of public safety or his or her designee;

(b) The attorney general or his or her designee;

(c) The executive director of the Colorado district attorneys council or his or her designee; and

(d) Seven members appointed by the governor, as follows:

(I) A representative of a police department;

(II) A representative of a sheriff's department;

(III) Three representatives of the depository institutions operating within the state, at least two of whom shall be from a state or national bank;

(IV) A representative of a payment processor; and

(V) A representative of a consumer or victim advocacy organization.

(3) (a) The seven appointed members of the board shall serve terms of three years; except that, of the members first appointed, the representative of a local police department, the representative of a payment processor, and one of the three representatives of the depository institutions, as designated by the governor, shall each serve a two-year term.

(b) The governor shall appoint members of the board within thirty days after May 30, 2006; except that the governor shall appoint the representative of a consumer or victim advocacy organization pursuant to subparagraph (V) of paragraph (d) of subsection (2) of this section on or before July 1, 2011. An appointed member shall not serve more than two consecutive full terms, in addition to any partial term. In the event of a vacancy in an appointed position by death, resignation, removal for misconduct, incompetence, or neglect of duty, or otherwise, the governor shall appoint a member to fill the position for the remainder of the unexpired term.

(4) (a) The chairman of the board shall be selected by the board from among its members.

(b) The members of the board shall serve without compensation; except that the members of the board may be reimbursed from moneys in the Colorado identity theft and financial fraud cash fund created in section 24-33.5-1707 (1) for their actual and necessary expenses incurred in the performance of their duties pursuant to this part 17.

(5) Board members shall routinely interact and communicate with local authorities and constituent groups to increase awareness of the board and the unit and to further its purposes and those of law enforcement and prosecutors.

(6) The board, in its discretion, may create an advisory committee of any size comprised of interested parties to provide input on the board's activities. Members of an advisory committee shall serve without compensation and without reimbursement for expenses.

(7) Members of the board, employees, and consultants shall be immune from suit in any civil action based upon any official act performed in good faith pursuant to this part 17.

(8) On or before October 1, 2012, and on or before October 1 of each even-numbered year thereafter, the board shall report to the judiciary committees of the senate and the house of representatives, or any successor committees, on the implementation of this part 17 and the results achieved. The report shall include, but need not be limited to, the items listed in section 24-33.5-1706 (2).

**24-33.5-1704. Colorado fraud investigators unit - creation - duties - repeal.** (1) There is hereby created in the Colorado bureau of investigation in the department of public safety a unit for the investigation and prosecution of identity theft and financial fraud, referred to in this part 17 as the "unit". The unit shall be known in the department as the "Colorado fraud investigators unit".

(2) The purpose of the unit shall be to assist the attorney general, sheriffs, police, and district attorneys in investigating identity theft and financial fraud crimes and in prosecuting persons who commit those crimes. The unit shall also serve as an educational resource for law enforcement agencies, members of the financial industry, and the public regarding identity theft and financial fraud crimes and strategies for protection from and deterrence of these crimes. The unit shall operate pursuant to the comprehensive plan prepared by the unit and approved by the board pursuant to section 24-33.5-1706. The board shall have the oversight and direction of the unit in all of its operations.

(3) The unit shall:

(a) Gather information concerning identity theft and financial fraud and to analyze the information and identify relevant criminal activities, patterns, and trends throughout the state or regions thereof, whether multijurisdictional or not;

(b) Target specific forms of identity theft and financial fraud, as such forms change, on which to concentrate unit resources and effort;

(c) Disseminate information to the public, local law enforcement agencies, prosecutors, depository institutions, and other businesses concerning current and anticipated identity theft and financial fraud crimes, recommended steps to prevent such crimes, and patterns and trends in such crimes;

(d) Prepare and present classes, briefings, and materials, in printed or electronic format, to assist local law enforcement agencies, district attorneys, and the attorney general in their investigations and prosecutions; and

(e) Provide consultation on an individual case, but only upon the request of a local law enforcement agency, a local district attorney, or the attorney general.

(4) All unit resources shall be used to supplement and not replace existing law enforcement and prosecution efforts against identity theft and financial fraud crimes.

(5) The unit shall be responsive to shifting aspects of identity theft and financial fraud crimes and priorities among such crimes.

(6) The unit shall provide such clerical and technical assistance as the board may require.

(7) (a) Beginning in 2014, and every year thereafter through 2024, the department of public safety shall report on the activities of the unit as part of its "State Measurement for Accountable, Responsive, and Transparent (SMART) Government Act" hearing required by section 2-7-203.

(b) This subsection (7) is repealed, effective July 1, 2025.

**24-33.5-1705. Board powers.** (1) In addition to any other powers specifically granted to the board in this part 17, the board shall have the following powers:

(a) To approve the plan prepared by the unit as provided in section 24-33.5-1706;

(b) To establish the general criminal activities on which the unit should focus its efforts, priorities among those crimes and among regions of the state, general categories of information to be disseminated by the unit to various groups, and guidelines for consultation provided by the unit on requested local investigations;

(c) To review the quarterly reports submitted pursuant to section 24-33.5-1706 (2) and to provide input thereon to the unit;

(d) To review and comment on the preliminary budget draft for the unit prior to its submission to the department of public safety;

(e) To specify the information to be contained in periodic public disclosures of performance data on the unit's work and results so that the attorney general, sheriffs, police, district attorneys, and depository institutions and the public can review the effect of the resources used and the unit's efforts;

(f) To determine procedures for reviewing the success of the unit;

(g) To set the time, manner, and place for regular and special meetings of the board;

(h) To adopt and, as necessary, amend or repeal procedural rules and practices of the board not in conflict with the constitution and laws of the state;

(i) Repealed.

(j) To exercise all powers necessary and requisite for the implementation of this part 17;  
and

(k) To receive and accept from any source aid or contributions of money, property, labor, or other things of value to be held, used, and applied to carry out the purposes of this part 17.

**Source:** **L. 2006:** Entire part added, p. 1294, § 1, effective May 30. **L. 2011:** (1)(i) repealed, (SB 11-108), ch. 252, p. 1094, § 4, effective June 2.

**24-33.5-1706. Unit - comprehensive plan - report to board.** (1) (a) The unit shall submit to the board a comprehensive plan of operations as described in paragraph (b) of this subsection (1) within six months after creation of the unit. The board shall provide a copy of the plan to the attorney general, sheriffs, police, district attorneys, depository institutions, and any advisory committee the board may create and shall solicit comments and suggestions from said

parties concerning the plan. The unit shall revise the plan as recommended by the board, and the board shall approve the plan.

(b) The unit's comprehensive plan of operations, at a minimum, shall describe or address:

(I) The manner in which the unit will accomplish the tasks specified in section 24-33.5-1704 (3);

(II) The unit, the unit's organization, the focus of unit efforts on criminal activity intended to be addressed by this part 17, and the expected, overall effect of the efforts of the unit;

(III) The types of identity theft and financial fraud investigation, enforcement, and prosecution activities and assistance the unit will provide and how each will be organized initially and operated on an ongoing basis;

(IV) The anticipated number of attorneys, investigators, and supporting staff the unit will need on an on-going basis to accomplish its tasks;

(V) A plan for coordination and communication throughout the state by the unit with police departments, sheriff's departments, district attorneys, the attorney general, and depository institutions;

(VI) Periodic reports to the board as provided in subsection (2) of this section.

(2) The unit shall submit quarterly reports to the board on the following items:

(a) Criminal activities, patterns, and trends throughout the state and surrounding regions identified by the unit;

(b) The specific forms of identity theft and financial fraud identified by the unit and the evolution of those forms;

(c) Information disseminated by the unit about current and anticipated patterns of identity theft and financial fraud crimes and recommendations to deter and protect against these crimes;

(d) Classes, briefings, and materials disseminated by the unit, in printed or electronic format, to assist local law enforcement agencies, district attorneys, and the attorney general;

(e) Consultation provided by the unit on individual cases, requested local investigations, and related activities and results;

(f) The number of arrests, investigations, and successful and unsuccessful prosecutions for identity theft and financial fraud crimes and the effect that the unit had on the number of identity theft and financial fraud cases throughout the state;

(g) Recommendations for legislative changes to assist in the prevention of identity theft and financial fraud crimes and the apprehension and prosecution of criminals committing such crimes; and

(h) Other items specified by the board.

**24-33.5-1707. Funding - cash fund created - donations - repeal.** (1) (a) The department of public safety is authorized to accept gifts, grants, or donations, including in-kind donations from private or public sources, for the purposes of this part 17. All private and public funds received through gifts, grants, or donations by the department of public safety or by the board shall be transmitted to the state treasurer, who shall credit the same to the Colorado

identity theft and financial fraud cash fund, which fund is hereby created and referred to in this part 17 as the "cash fund". The cash fund shall also include the moneys collected pursuant to subsection (2) of this section. Any moneys in the cash fund not expended for the purpose of this part 17 shall be invested by the state treasurer as provided in section 24-36-113. All interest and income derived from the investment and deposit of moneys in the cash fund shall be credited to the cash fund. Any unexpended and unencumbered moneys remaining in the cash fund at the end of any fiscal year shall remain in the cash fund and shall not be credited or transferred to the general fund or any other fund.

(b) The department of public safety shall not be required to solicit gifts, grants, or donations from any source for the purposes of this part 17.

(2) (a) (I) (A) There is hereby established, beginning August 1, 2006, a surcharge of three dollars, in addition to all other lawful charges and fees, to be paid on each filing on every electronic or paper uniform commercial code filing with the secretary of state.

(B) Notwithstanding subsection (2)(a)(I)(A) of this section, from July 1, 2014, through June 30, 2024, the surcharge is four dollars. This subsection (2)(a)(I)(B) is repealed, effective July 1, 2025.

(II) The moneys collected by the surcharge shall immediately be transmitted to the state treasurer for deposit in the cash fund.

(b) There is hereby established, beginning August 1, 2006, a surcharge of one hundred dollars to be paid on each supervised lender license, each supervised lender branch license, and each renewal of those licenses issued by the uniform consumer credit office in the attorney general's office, in addition to all other lawful charges and fees on every such license issued. The moneys collected by the surcharge shall immediately be transmitted to the state treasurer for deposit in the cash fund.

(c) There is hereby established, beginning August 1, 2006, a surcharge of five hundred dollars to be paid on each money transmitter license and each money transmitter renewal issued by the division of banking in the department of regulatory agencies, in addition to all other lawful charges and fees on every such license issued. The moneys collected by the surcharge shall immediately be transmitted to the state treasurer for deposit in the cash fund.

## PART 18

## SCHOOL SAFETY RESOURCE CENTER

**24-33.5-1801. Legislative declaration.** (1) The general assembly hereby finds that:

(a) A safe and healthy learning environment for all students in Colorado is an important priority for the state;

(b) Research into evidence-based practices continues to demonstrate that academic achievement improves as the level of safety and security in a school increases;

(c) Studies of recent school attacks have established that school violence may be prevented with appropriate information sharing;

(d) Suicide, which remains one of the leading causes of death for Colorado's youth, may also be prevented with appropriate intervention;

(e) Both the physical and psychological well-being of students and school personnel is critically important; and

(f) Improving student engagement, including reducing dropout rates and truancy levels, is an important factor for ensuring that schools are safe and successful.

(2) The general assembly further finds that:

(a) The most appropriate way to prevent and prepare for acts of violence and other emergencies that may occur on school campuses is to foster a cooperative effort by schools, school resource officers, law enforcement agencies, emergency responders, behavioral health experts, parents, and community members to identify, gather, and apply the necessary resources; and

(b) Emergency response and crisis management measures should be implemented in all communities within the state to protect students and school personnel.

(2.5) The general assembly further finds and declares that:

(a) Human trafficking is a matter of statewide concern and has a direct impact on local communities, law enforcement agencies, and organizations that provide services to human trafficking survivors;

(b) Although training resources are available on the front range, many areas of the state have limited training resources pertaining to human trafficking that are easily available or accessible;

(c) Labor and sex trafficking can happen in any community. All areas of the state should have access to training to help identify human trafficking and provide critical services to human trafficking survivors.

(d) Traffickers target and recruit children in schools in Colorado. It is essential to increase awareness of school staff, parents and guardians, and students of the dangers of human trafficking. To assist schools, parents, and children, the Colorado school safety resource center shall annually update and disseminate a list of available human trafficking curricula to schools, including some that are free of charge.

(e) The Colorado human trafficking council has developed a curriculum and train-the-trainer program for law enforcement; and

(f) The council was also charged with developing a curriculum and train-the-trainer program for entities that provide services to human trafficking survivors. The curriculum and training programs may supplement the excellent anti-trafficking work being done by advocacy and service organizations across the state.

(3) Now, therefore, the general assembly declares that:

- (a) Safe schools are a matter of statewide concern;
- (b) All schools have common needs and goals to ensure a safe environment;
- (c) Resources are needed to fully develop safety plans and practices in Colorado's schools, colleges, and universities;
- (d) A school safety resource center dedicated to providing evidence-based practices and expertise to all schools is a cost-effective means to improve school safety;
- (e) Law enforcement agencies, organizations that provide services to human trafficking survivors, and local communities would benefit from additional training opportunities related to human trafficking;
- (f) The division of criminal justice and the Colorado human trafficking council are well placed to develop human trafficking curricula and to help provide training in this critical area; and
- (g) The Colorado school safety resource center is committed to continuing to make available human trafficking educational resources to schools, parents, and children.

**24-33.5-1802. Definitions.** As used in this part 18, unless the context otherwise requires:

(1) "Advisory board" means the school safety resource center advisory board created in the department pursuant to section 24-33.5-1804.

(2) "Center" means the school safety resource center created in the department pursuant to section 24-33.5-1803.

(3) "Director" means the director of the center.

(3.3) "First responder" means an individual who responds in a professional capacity to an emergency that occurs in a school building, including, but not limited to, peace officers, firefighters, emergency medical service providers, school administrators, and teachers.

(4) "School" means an institution at which instruction is provided by instructors to students in one or more buildings on a campus. "School" includes a school serving any of grades preschool through twelve and an institution of higher education.

**Source:** **L. 2008:** Entire part added, p. 728, § 1, effective May 13; (3.3) added, p. 733, § 1, effective May 13. **L. 2012:** (3.3) amended, (HB 12-1059), ch. 271, p. 1436, § 17, effective July 1.

**24-33.5-1803. School safety resource center - created - duties.** (1) There is hereby created within the department the school safety resource center to assist schools in preventing, preparing for, responding to, and recovering from emergencies and crisis situations and to foster positive learning environments. The director of the center shall be appointed by the executive director pursuant to section 13 of article XII of the state constitution.

(2) The center and the director shall exercise their powers and perform their duties and functions under the department and the executive director as if the same were transferred to the department by a **type 2** transfer, as such transfer is defined in the "Administrative Organization Act of 1968", article 1 of this title.

(3) The center has the following duties:

(a) To assist schools in developing and implementing safety and preparedness plans, including but not limited to any such plans that are required by state law or applicable rules of accreditation;

(b) To assist schools in establishing practices and strategies for use in responding to an emergency or crisis situation;

(c) To assist schools in developing and establishing prevention and intervention efforts to ensure safe and secure learning environments;

(d) To conduct regular research and assessment projects to determine the efficacy of statewide and local policies and programming;

(e) To make information and other resources available to all schools and school officials;

(f) (I) To select at least one but not more than five school districts or regions, with the consent of the affected school district boards of education, to serve as pilot sites during the first year of the center's operation. The center shall evaluate and develop enhanced school safety services to be provided by the center to the pilot sites.

(II) In selecting the school districts or regions that shall serve as pilot sites pursuant to subparagraph (I) of this paragraph (f), the center shall designate at least one but not more than three schools within each of the pilot sites to participate in a cooperative effort by all such designated schools within the pilot sites to create a first responder school mapping system to provide first responders immediate electronic or digital access to maps of, and other schematic information about, school buildings at such designated schools in the event of an emergency at the designated schools. In creating the first responder school mapping system, the pilot sites may contract with one or more public or private entities with experience in creating first responder school mapping systems. Before entering into any such contract or otherwise proceeding with plans for the creation of the first responder school mapping system, the pilot sites shall submit the contract or plans to the center to approve or disapprove. The department shall reimburse the pilot sites for the direct and indirect costs of creating the first responder school mapping system pursuant to this subparagraph (II).

(III) The general assembly hereby finds and declares that, for purposes of section 17 of article IX of the state constitution, the development and creation of a first responder school mapping system, pursuant to subparagraph (II) of this paragraph (f), is an important element of improving student safety and may therefore receive funding from the state education fund created in section 17 (4) of article IX of the state constitution.

(g) To provide information and resources relating to school safety, school emergency response planning and training, and interoperable communications in schools, as determined by the center, to the division of fire prevention and control in the department of public safety to be distributed to school districts and schools pursuant to section 24-33.5-1213.4;

(h) (I) To consult with school districts, schools, and charter schools concerning evidence-based best practices for bullying prevention and education;

(II) To consult with the department of education concerning its administration of the school bullying prevention and education grant program created in section 22-93-102, C.R.S.; and

(III) To submit evidence-based best practices for bullying prevention and education to the department of education for the purposes of section 22-93-106, C.R.S.

(i) Repealed.

(j) To provide information and resources relating to the development and maintenance of school resource officer programs, as determined by the center, to the division of fire prevention and control in the department of public safety for distribution to school districts and schools pursuant to section 24-33.5-1213.4 and to law enforcement agencies and other community partners, as described in section 22-32-109.1, C.R.S.;

(k) To provide suggestions for school resource officer training to the peace officers standards and training board, pursuant to section 24-31-312;

(l) To provide materials and training as described in section 24-33.5-1809 to personnel in school districts and charter schools, parents, and students regarding the awareness and prevention of child sexual abuse and assault, including human trafficking;

(m) By June 1, 2018, to make available a model program that conforms with section 22-1-128, regarding the risks and consequences of sexting for school districts to use, which curriculum must include information informing students of the provisions of section 18-7-109, including that, if a student receives a sexually explicit image in violation of section 18-7-109, the student can avoid adjudication as a juvenile delinquent by taking reasonable steps to either destroy or delete or report the initial viewing of the image within seventy-two hours after receiving the image; and

(n) (I) To act as a resource for school districts, public schools, charter schools, and institute charter schools concerning training for crisis and suicide prevention, as that term is defined in section 25-1.5-112; and

(II) To work collaboratively with the office of suicide prevention in the department of public health and environment concerning the crisis and suicide prevention training grant program created in section 25-1.5-113.

(4) Subject to the provisions of section 13 of article XII of the state constitution, the director shall appoint employees necessary to conduct an efficient center.

**24-33.5-1804. School safety resource center advisory board - created - repeal.** (1)

There is hereby created in the department the school safety resource center advisory board to recommend policies of the center.

(2) (a) The advisory board shall consist of not less than fourteen members, each of whom shall be appointed to a term of two years as follows:

(I) One member shall represent the department of education created pursuant to section 24-1-115 and be appointed by the commissioner of education.

(II) One member shall be an individual with professional expertise in behavioral health treatment who represents an elementary or secondary school or a school district and be appointed by the commissioner of education.

(III) One member shall be a school administrator and be appointed by the commissioner in consultation with a statewide association of school executives.

(IV) One member shall represent state universities and colleges and be appointed by the executive director of the Colorado commission on higher education appointed pursuant to section 24-1-114.

(V) One member shall represent community colleges and local district colleges and be appointed by the state board for community colleges and occupational education created pursuant to section 23-60-104, C.R.S.

(VI) One member shall be a member of a parents' organization and be appointed by the governor.

(VII) One member shall be a district attorney and be appointed by the governor.

(VIII) One member shall represent the unit within the department of human services, created pursuant to section 26-1-105, C.R.S., that administers behavioral health programs and services, including those related to mental health and substance abuse, and be appointed by the executive director of the department of human services.

(IX) One member shall represent the department of public health and environment created pursuant to section 25-1-102, C.R.S., and be appointed by the executive director of the department of public health and environment.

(X) One member shall represent the Colorado department of law created pursuant to section 24-1-113 and be appointed by the attorney general.

(XI) One member shall represent the department and be appointed by the executive director.

(XII) One member shall be an individual with professional expertise in school security and be appointed by the executive director.

(XIII) One member shall be a law enforcement professional and be appointed by the executive director.

(XIV) One member must be a school resource officer, as defined in section 22-32-109.1 (1), C.R.S., and be appointed by the executive director in consultation with a statewide association representing school resource officers.

(b) The appointing authority of each member of the advisory board shall appoint the member on or before October 1, 2008, and reappoint the member or appoint a new member no later than one month before the expiration of the member's term.

(c) Additional advisory board members may be added to the advisory board as necessary subject to:

(I) The approval of the executive director; and

(II) A majority vote of approval by the existing advisory board members.

(3) If any member of the advisory board vacates his or her office during the term for which appointed to the advisory board, the vacancy shall be filled by appointment by the executive director for the unexpired term.

(4) The advisory board shall annually elect from its members a chairperson and a secretary.

(5) The advisory board shall meet as determined necessary by the director. The members of the advisory board shall receive no compensation but shall be reimbursed by the department for necessary travel and other expenses actually incurred in the performance of their official duties.

(6) (a) This section is repealed, effective September 1, 2022.

(b) Prior to said repeal, the advisory board appointed pursuant to this section shall be reviewed as provided in section 2-3-1203, C.R.S.

**24-33.5-1805. Authorization to contract for services.** The department is authorized to contract for services with any state, county, local, municipal, or private agency to implement the

provisions of this part 18 and fulfill the duties of the center, which duties are described in section 24-33.5-1803 (3).

**Source: L. 2008:** Entire part added, p. 731, § 1, effective May 13.

**24-33.5-1806. Evaluation - report.** (1) On or before January 1, 2010, the director shall prepare and submit to the executive director a report evaluating the efficacy and value of the services provided by the center to schools.

(2) On or before January 15, 2010, the executive director shall prepare and submit to the education and judiciary committees of the house of representatives and the senate, or any successor committees, a report evaluating the efficacy and value of the services provided by the center to schools.

**Source: L. 2008:** Entire part added, p. 731, § 1, effective May 13.

**24-33.5-1807. School safety resource center cash fund - repeal.** (1) There is hereby created in the state treasury the school safety resource center cash fund, referred to in this section as the "fund". The fund shall consist of:

(a) Such moneys as the general assembly may appropriate to the fund;

(b) Gifts, grants, and donations received by the department pursuant to subsection (2) of this section; and

(c) Any moneys that the center receives as fees charged to attendees of a training program or conference, as described in section 24-33.5-1808.

(2) The department is authorized to solicit and accept gifts, grants, and donations from public and private sources for the purposes of this part 18; except that the department may not accept a gift, grant, or donation that is subject to conditions that are inconsistent with this section or any other law of the state. All moneys collected by the department pursuant to this subsection (2) shall be transmitted to the state treasurer, who shall credit the same to the fund.

(3) Except as otherwise provided in subsection (6) of this section, the money in the fund is subject to annual appropriation by the general assembly to the department for the direct and indirect costs associated with implementing this part 18. Any money in the fund not expended for the purposes of this part 18 may be invested by the state treasurer as provided by law. All interest and income derived from the investment and deposit of money in the fund shall be credited to the fund.

(4) (a) Except as otherwise provided in subsection (6) of this section, the department is authorized to expend money from the fund for the purposes of this part 18.

(b) The department may expend up to two percent of the money annually appropriated from the fund, not including money credited to the school security disbursement program account pursuant to subsection (6) of this section, to offset the costs incurred in implementing this part 18.

(5) Any unexpended and unencumbered moneys remaining in the fund at the end of a fiscal year shall remain in the fund and shall not be credited or transferred to the general fund or another fund.

(5.5) Notwithstanding any other provision of this section, on June 30, 2020, the state treasurer shall transfer one million dollars from the fund to the general fund.

(6) (a) (I) There is hereby created in the fund the school security disbursement program account, referred to in this subsection (6) as the "account". Effective July 1, 2018, the state treasurer shall credit twenty-nine million five hundred thousand dollars from the amount appropriated to the fund for the 2018-19 fiscal year to the account. The amount credited to the account is continuously appropriated to the department to implement the school security disbursement program created in section 24-33.5-1810. The department may expend up to one percent of the amount credited to the account for the administrative expenses incurred in implementing the school security disbursement program.

(II) Effective July 1, 2018, the state treasurer shall credit five hundred thousand dollars to the fund for distribution to the division of homeland security and emergency management created in section 24-33.5-1603, for the purposes of House Bill 18-1413, enacted in 2018.

(b) This subsection (6) is repealed, effective July 1, 2021. Any amount remaining in the account as of July 1, 2021, shall be credited to the fund.

(7) (a) In addition to any other purpose authorized by this section, subject to annual appropriation by the general assembly, the division of homeland security and emergency management is authorized to expend money from the fund for the enhance school safety incident response grant program created in part 22 of this article 33.5.

(b) This subsection (7) is repealed, effective June 30, 2021.

**Source: L. 2010:** Entire section added, (HB 10-1336), ch. 342, p. 1581, § 2, effective June 5. **L. 2018:** (7) added, (HB 18-1413), ch. 237, p. 1482, § 2, effective May 24; (3) and (4) amended and (6) added, (SB 18-269), ch. 408, p. 2398, § 2, effective June 6. **L. 2020:** (5.5) added, (HB 20-1406), ch. 178, p. 812, § 8, effective June 29.

**24-33.5-1808. Training program and conference fees authorized.** (1) The center is authorized to charge a fee to each attendee of a training program or conference that the center implements for the purposes of this part 18. The center shall forward each fee collected pursuant to this section to the state treasurer, who shall credit the entire amount to the school safety resource center cash fund created in section 24-33.5-1807.

(2) The total amount of fees charged by the center to attendees of a training program or conference pursuant to subsection (1) of this section shall not exceed the actual costs incurred by the center in implementing the training program or conference.

**Source: L. 2010:** Entire section added, (HB 10-1336), ch. 342, p. 1582, § 2, effective June 5.

**24-33.5-1809. Prevention of child sexual abuse and assault - resource bank - training.** (1) The director shall appoint a person to the center to collect and provide materials and to provide training to school personnel, parents, and students regarding preventing child sexual abuse and assault, including materials and training that are specific to preventing sexual abuse and assault of children with developmental disabilities. At a minimum, the appointed person shall:

(a) Research and select instruction modules for professional development for school personnel that may include, but need not be limited to:

(I) Training in preventing, identifying, and responding to child sexual abuse and assault, including information concerning the child abuse reporting hotline system created pursuant to section 26-5-111, C.R.S.; and

(II) Resources to raise the awareness of school personnel and parents regarding child sexual abuse and assault and preventing child sexual abuse and assault;

(b) Provide training for school personnel and parents in preventing, identifying, and responding to child sexual abuse and assault, including using the child abuse reporting hotline system created pursuant to section 26-5-111, C.R.S. The appointed person may provide training in person or through online presentations.

(c) Research and select model, age-appropriate educational materials designed for children in grades kindergarten through twelve regarding child sexual abuse and assault awareness and prevention, which may include, but need not be limited to:

(I) The skills to recognize:

(A) Child sexual abuse and assault;

(B) Boundary violations and unwanted forms of touching and contact; and

(C) Behaviors that an offender uses to groom or desensitize a victim; and

(II) Strategies to:

(A) Promote disclosure;

(B) Reduce self-blame; and

(C) Mobilize bystanders;

(d) Publicize to school districts and public and nonpublic schools the availability of the training and resources for school personnel and parents and the age-appropriate education materials for children; and

(e) Make the training and resources for school personnel and parents and the age-appropriate education materials for children available on the center's website.

(2) The appointed person shall seek to work with appropriate community-based organizations in creating and collecting the materials, training, and curricula regarding awareness and prevention of child sexual abuse and assault. The appointed person may create and collect materials, curricula, and other resources regarding other forms of child maltreatment and make the materials, curricula, and resources available to school districts and public and nonpublic schools.

(3) The person appointed by the director pursuant to this section shall solicit and accept on behalf of the center gifts, grants, and donations to implement this section, as provided in section 24-33.5-1807 (2). Moneys collected pursuant to this subsection (3) shall be transmitted to the state treasurer, who shall credit the moneys to the school safety resource center cash fund created in section 24-33.5-1807. Any moneys received pursuant to this subsection (3) are in addition to appropriations of state moneys to implement this section, and implementing this section is not conditional or dependent on the receipt of gifts, grants, or donations.

(4) As used in this section, "school personnel" includes teachers, administrators, school resource officers, and other employees of school districts and public schools.

**Source: L. 2015:** Entire section added, (HB 15-020), ch. 277, p. 1131, § 2, effective June 5.

**24-33.5-1810. School security disbursement program - created - rules - definitions - repeal.** (1) As used in this section, unless the context otherwise requires:

(a) "Disbursement program" means the school security disbursement program created in subsection (2) of this section.

(b) "Local education provider" means a school district, a charter school that is authorized pursuant to part 1 of article 30.5 of title 22, an institute charter school that is authorized pursuant to part 5 of article 30.5 of title 22, or a board of cooperative services as defined in section 22-5-103.

(2) There is created in the department the school security disbursement program to provide disbursements to local education providers to use for the purposes described in subsection (3) of this section to improve security within public schools. Subject to available appropriations, the department shall disburse money to applicants as provided in subsection (5) of this section from money credited to the school security disbursement program account within the school safety resource center cash fund created in section 24-33.5-1807. It is the intent of the general assembly that the department distribute the money credited to the school security disbursement program account for the disbursement program as quickly as practicable based on the receipt of qualifying applications.

(3) A local education provider that receives a disbursement from the disbursement program may use the disbursed money only for the following purposes:

(a) Capital construction that improves the security of a public school facility or public school vehicle, including any structure or installed hardware, device, or equipment that protects a public school facility or public school vehicle and the students, educators, and other individuals who attend, work in, or visit a public school facility or are transported in a public school vehicle from threats of physical harm including but not limited to any structure or installed hardware, device, or equipment that:

(I) Prevents the entry of unauthorized individuals into a public school facility or a protected space within a public school facility or onto a public school vehicle;

(II) Prevents undesired objects and substances from entering a public school facility or public school vehicle;

(III) Sounds warnings when a threat is present;

(IV) Can be used to expedite communication when a threat is present; or

(V) Enables authorized individuals to visually monitor the public school facility or its grounds or the public school vehicle;

(b) Training in student threat assessment, which training is provided to all school building staff who have contact with students;

(c) Training for on-site school resource officers employed by the local education provider;

(d) School emergency response training for all school building staff.

(4) A local education provider, including any combination of local education providers who wish to apply together as a single, regional applicant, may apply for a disbursement by submitting an application to the department that includes the following information:

(a) The purpose or purposes described in subsection (3) of this section for which the applicant is requesting the disbursement;

(b) The amount of disbursed money requested based on an itemized estimate of the expected cost of the purpose or purposes for which the applicant is requesting the disbursement

and taking into account the requirement of matching money, if applicable, pursuant to subsection (6) of this section;

(c) Evidence of the availability of and commitment of the applicant to use financial resources to match the amount of the disbursement;

(d) The applicant's commitment to provide information to the department as required for the annual report described in subsection (6) of this section;

(e) If the local education provider is a charter school that is authorized pursuant to part 1 of article 30.5 of title 22, located within a school district facility, and participating in the school district's safety and security services, information demonstrating that the charter school has collaborated with the school district in preparing and submitting the application; and

(f) Any additional information, as specified by rule of the executive director, that is necessary for the department to evaluate the likely effectiveness of the applicant's use of the disbursed money in improving security in public school facilities or vehicles.

(5) The department shall review each application received pursuant to subsection (4) of this section and, subject to available appropriations, shall disburse money to the applicant if the department determines that the application meets the requirements specified in subsection (4) of this section and the purpose or purposes for which the applicant intends to use the disbursed money are likely to improve security in public school facilities or vehicles. The department shall give priority to applicants that commit to providing financial resources to match the amount of the disbursement. The department shall determine the disbursement amount taking into account the amount identified in the application.

(6) (a) On or before August 1, 2019, and on or before August 1 each year thereafter, each local education provider that received a disbursement in the preceding school year shall submit a report to the department specifying the amount received; the source and amount of matching money provided, if applicable; and the purpose or purposes for which the local education provider used the disbursed money, including an itemized accounting of how the money was expended.

(b) Beginning with the annual presentation in 2019 provided by the department to the committees of reference pursuant to section 2-7-203, the department shall include in the annual presentation a summary of the reports received pursuant to subsection (6)(a) of this section. Beginning in January 2020, and every January thereafter, the department shall submit a summary of the reports received pursuant to subsection (6)(a) of this section to the education committees of the senate and the house of representatives, or any successor committees.

(7) The executive director shall promulgate rules pursuant to the "State Administrative Procedure Act", article 4 of this title 24, to establish the time frames for submitting disbursement applications and awarding disbursements and to specify any additional information that must be included in disbursement applications as described in subsection (4)(f) of this section.

(8) This section is repealed, effective July 1, 2021.

## PART 19

### COLORADO CYBERSECURITY

**24-33.5-1901. Legislative declaration.** (1) The general assembly hereby finds and declares that:

(a) Cyber threats have continued to grow in significance, scale, scope, and sophistication in the past several years;

(b) A dramatic increase in the number of cyber attacks against public, private, and nonprofit entities and individual citizens, coupled with inadequate resources to respond to such attacks, have made cybersecurity a top priority;

(c) Colorado is well-suited to serve as a location for comprehensive cross-sector and interstate strategy to support the response against these attacks and the education and training needed to prepare government and private sector leaders to respond to these attacks;

(d) It is in the state's interest to support a partnership of academics and systems excellence at the university of Colorado at Colorado Springs and other institutions of higher education that can leverage the military, federal, state, and local government, and private sector assets in Colorado to support the cybersecurity of our state and local governments and to support the cybersecurity of federal partners and other states and local governments across the country; and

(e) It is also in the state's interest to support such a partnership as a tool to ensure that Colorado's private sector is better prepared to respond to threats and in turn make Colorado a stronger hub for the cyber industry and the commercialization of cyber technology.

(2) The general assembly further finds and declares that the intent of this part 19 is to identify specific actions to define and improve cybersecurity, including the creation of a Colorado cybersecurity council, coordinating cyber operations centers, establishing or expanding cyber higher education programs to promote education, training, and workforce development for cybersecurity, establishing a secure environment for research and development, and establishing a revenue source to support such efforts.

**Source: L. 2016:** Entire part added, (HB 16-1453), ch. 189, p. 666, § 1, effective July 1.

**24-33.5-1902. Colorado cybersecurity council - creation - council members.** (1) There is created in the department of public safety and within existing resources the Colorado cybersecurity council. The council operates as a steering group to develop cybersecurity policy guidance for the governor; develop comprehensive sets of prioritized goals, requirements, initiatives, and milestones; and coordinate with the general assembly and the judicial branch regarding cybersecurity as deemed necessary and appropriate by the council. In addition, the council may:

(a) Develop a whole-of-state cybersecurity approach for the state and for local governments, including the coordination and setting of strategic statewide cybersecurity goals, roadmaps, and best practices;

(b) Review the need to conduct risk assessments of local government systems, providing additional cybersecurity services to local governments, and proposing necessary statutory or policy changes, including the determination of ownership for these capabilities;

(c) Make recommendations to the governor and general assembly on the authority and activities of the state chief information security officer with local governments by July 1, 2022.

(2) The Colorado cybersecurity council is comprised of the following members:

(a) The governor, acting as the chairperson of the council, or the governor's designee;

- (b) The chief information officer of the governor's office of information technology, or the chief information officer's designee;
  - (c) The chief information security officer of the governor's office of information technology, or the chief information security officer's designee;
  - (d) The executive director of the department of public safety, or the executive director's designee;
  - (e) A representative of the Colorado National Guard to be appointed by the adjutant general of the department of military and veterans affairs;
  - (f) The adjutant general of the department of military and veterans affairs;
  - (g) to (k) Repealed.
  - (l) The state attorney general, or the attorney general's designee;
  - (m) The director of the public utilities commission or the director's designee;
  - (n) and (o) Repealed.
  - (p) The chair of the cybersecurity subcommittee of the homeland security and all-hazards senior advisory committee;
  - (q) The director of the division of homeland security and emergency management in the department of public safety, or the director's designee;
  - (r) Repealed.
  - (s) A representative of an organization that represents Colorado municipal governments;
  - (t) The secretary of state or the secretary's designee;
  - (u) Two representatives from county governments, one of whom represents a rural county; and
  - (v) Any other person deemed necessary and appropriate by the governor.
- (3) The council does not have any direct authority over the university of Colorado at Colorado Springs.
- (4) Nothing in this section shall be construed to interfere with the duties of the chief information security officer pursuant to part 4 of article 37.5 of this title.

**24-33.5-1903. Cyber operation center - coordination of missions.** (1) The department of public safety, using the office of prevention and security within the division of homeland security and emergency management, and using any other facilities deemed necessary and appropriate by the department of public safety, may coordinate with the division of homeland security and emergency management, the Colorado bureau of investigation, the federal bureau of investigation, the Colorado National Guard and other relevant military organizations, and other relevant information-sharing organizations to define the operational requirements for in-state and interstate operational and training networks.

(2) In furtherance of the provisions of subsection (1) of this section, the coordinating entities may:

- (a) Consider establishing appropriate memoranda of understanding or interstate compacts with entities that encourage the interstate sharing of information for cybersecurity;

- (b) Support the requirements for the fusion of cyber defense, cyber surveillance, and international and domestic intelligence and law enforcement operations;
- (c) Consider secure, distributed, and interactive network infrastructures for interstate cyber training and operations;
- (d) Support secure Colorado requirements to identify threats and vulnerabilities and protect state cyber infrastructures;
- (e) Conduct training, inspections, and operational exercises;
- (f) Establish protocols for coordinating and sharing information with state and federal law enforcement and intelligence agencies responsible for investigating and collecting information related to cyber-based criminal and national security threats;
- (g) Support state and federal law enforcement agencies with their responsibilities to investigate and prosecute threats to and attacks against critical infrastructure; and
- (h) Ensure the coordination of cybersecurity threat information sharing among the Colorado bureau of investigation, the office of prevention and security, the office of information technology, and participating members of the federal bureau of investigation's cybersecurity task force or successor organization.

**24-33.5-1904. Education - training - workforce development.** (1) The university of Colorado at Colorado Springs may partner with other institutions of higher education and a nonprofit organization that supports national, state, and regional cybersecurity initiatives to establish and expand cyber higher education programs and establish needed cyber education and training laboratories. The subject areas of such higher education programs may include, but need not be limited to, courses certified by the national security agency and the United States department of homeland security; a systems engineering approach to the study of cyber network architectures, threats, and defenses; business management; foreign language skills; legal issues; cryptology; technology development; and science, technology, engineering, and mathematics courses.

(2) In furtherance of subsection (1) of this section, the university of Colorado at Colorado Springs, in conjunction with other institutions of higher education and a nonprofit organization, may:

- (a) Coordinate with the United States department of homeland security and the national security agency to certify cyber courses and curricula;
- (b) Coordinate planning for cyber education with appropriate institutions of higher education in Colorado, the United States Army reserve cyber consortium, and appropriate national institutions of higher education that have programs certified by the department of homeland security or the national security agency;
- (c) Coordinate with community colleges in the development and transferability of appropriate curriculum and technical certification programs, and provide coordination for the development of elementary and secondary education feeder programs;
- (d) Establish a public policy think tank as an academic research center of excellence for government, academic, and industrial communications, conferences, research, and publications;

(e) Establish education, including online courses if appropriate, training, and academic symposia for government leaders at all levels;

(f) Establish protocols for coordinating and sharing information with state and federal law enforcement and intelligence agencies responsible for investigating and collecting information related to cyber-based criminal and national security threats;

(g) Support state and federal law enforcement agencies with their responsibilities to investigate and prosecute threats to and attacks against critical infrastructure; and

(h) Include distributed ledger technologies within its curricula and research and development activities.

(3) The university of Colorado at Colorado Springs shall participate in activities in furtherance of this section only upon the approval of the board of regents of the university of Colorado, if required by the laws and policies of the board of regents.

**24-33.5-1905. Research and development.** (1) The university of Colorado at Colorado Springs may partner with a nonprofit organization that supports national, state, and regional cybersecurity initiatives to work to establish a secure environment for research and development, initial operational testing and evaluation, and expedited contracting for production for industrial cyber products and techniques.

(2) In furtherance of subsection (1) of this section, the university of Colorado at Colorado Springs and any nonprofit organization with which the university has a partnership may consider the following:

(a) Creating a business plan to develop a secure facility on the property of the University of Colorado at Colorado Springs that provides physical, electronic, proprietary, and administrative security;

(b) Exploring secure facility development and use at other Colorado universities and facilities that may augment the capacity at the university of Colorado at Colorado Springs and enable collaborative activities;

(c) Establishing relationships with appropriate federally funded research and development corporations under the sponsorship of the United States department of defense and the United States department of homeland security as an administrative partner to:

(I) Establish and certify a top secret and special access-certified facility;

(II) Establish cooperative relations with state and federal law enforcement and intelligence agencies responsible for investigating and collecting information related to cyber-based criminal and national security threats;

(III) Act as a conduit for federal and interstate research and development requirements;

(IV) Establish and monitor nondisclosure agreements to protect proprietary intellectual property; and

(V) Process and hold security clearances for authorized Colorado government personnel;

(d) Consider establishing relationships with the existing MITRE national cybersecurity federally funded research and development center; the aerospace corporation federally funded

research and development center; or creating a new parallel organization focused on cybersecurity for national defense and homeland security requirements;

(e) Establishing cooperative relationships with Colorado cyber companies and other businesses, local governments, institutions of higher education, and other Colorado organizations with requirements for cybersecurity participation;

(f) Establishing cooperative relations with civilian industrial producers through entities that encourage the interstate sharing of information for cybersecurity;

(g) Linking to local and national military, homeland security, and intelligence community activities to support research and development, rapid test and evaluation, contracting, and production requirements;

(h) Establishing protocols for coordinating and sharing information with state and federal law enforcement and intelligence agencies responsible for investigating and collecting information related to cyber-based criminal and national security threats;

(i) Supporting state and federal law enforcement agencies with their responsibilities to investigate and prosecute threats to and attacks against critical infrastructure;

(j) Encouraging coordination with the United States department of commerce and the national institute of standards and technologies to develop the capability to act as a Colorado in-state center of excellence on cybersecurity advice and national institute of standards and technologies standards;

(k) Studying efforts to protect privacy of personal identifying information maintained within distributed ledger programs, ensuring that programs make all attempts to follow best practices for privacy, and providing advice to all program stakeholders on the requirement to maintain privacy in accordance with required regulatory bodies and governing standards; and

(l) Encouraging the use of distributed ledger technologies, or blockchains, within their proposed curricula for public sector education.

(3) The university of Colorado at Colorado Springs shall participate in activities in furtherance of this section only upon the approval of the board of regents of the university of Colorado, if required by the laws and policies of the board of regents.

(4) (a) The department of higher education shall allocate to the governing boards of the institutions of higher education participating in activities related to cybersecurity and distributed ledger technologies, such as blockchains, money appropriated to the department of higher education by the general assembly for fiscal year 2018-19 and for each fiscal year thereafter.

(b) The governing board of each institution of higher education participating in activities related to cybersecurity and distributed ledger technologies shall ensure that at least the following percentages of the money allocated to the institution pursuant to subsection (4)(a) of this section is used to provide scholarships to students at the institution who are doing work in connection with cybersecurity and distributed ledger technologies:

(I) For an institution of higher education receiving one million dollars or more pursuant to subsection (4)(a) of this section, for the first three years that the institution receives said money, the institution must ensure that at least fifteen percent of the money received is used to provide said scholarships. For the fourth and subsequent years of funding, the institution shall ensure that at least twenty percent of the money received is used to provide said scholarships; except that, for the five percent increase from years three to four, the institution may use private donations to account for the increase.

(II) For an institution receiving less than one million dollars pursuant to subsection (4)(a) of this section, the institution must ensure that at least ten percent of the money received is used to provide said scholarships.

(c) On or before October 1, 2019, and on or before October 1 each year thereafter, the department of higher education, in consultation with the governing board of each institution of higher education that receives funding pursuant to subsection (4)(a) of this section, shall prepare a report using data submitted by the institutions to the department that demonstrates all progress made toward the goals specified in section 24-33.5-1904 (2)(h), and section 24-33.5-1905 (2)(j), (2)(k), and (2)(l). The report shall be based on baseline estimates provided to the department of higher education in April 2018 by each applicable institution of higher education. The report shall include, at a minimum:

(I) The number of faculty or adjunct faculty hired at each institution of higher education as a result of the funding;

(II) The number of student internships created with the funding at each institution of higher education;

(III) The number of degrees or certificates that have been awarded at each institution of higher education in connection with the funding;

(IV) The number of scholarships awarded at each institution of higher education in connection with the funding;

(V) The number of presentations and seminars given on cybersecurity by each institution of higher education; and

(VI) The amount of all other money that has been raised to match the state investment, which may include tuition, fees, federal funds, and industry donations.

(d) (I) The department of higher education shall submit the report prepared pursuant to subsection (4)(c) of this section to the joint budget committee, to the business affairs and labor committee of the house of representatives, the business, labor, and technology committee of the senate, and the education committees of the house of representatives and the senate, or any successor committees. The department of higher education as well as each institution of higher education that receives money pursuant to subsection (4)(a) of this section shall present the findings from the annual report at the annual "State Measurement for Accountable, Responsive, and Transparent (SMART) Government Act" hearings of the joint business committee.

(II) At the "State Measurement for Accountable, Responsive, and Transparent (SMART) Government Act" hearing of the joint business and joint education committees in 2021 and at such hearing every three years thereafter, the joint business committee shall make a recommendation to the joint budget committee regarding whether the funding received by the institutions of higher education pursuant to subsection (4)(a) of this section shall continue in subsequent fiscal years.

**24-33.5-1906. Cybersecurity cash fund - cybersecurity gifts, grants, and donations account - creation.** (1) (a) The cybersecurity cash fund, referred to in this section as the "fund", is hereby created in the state treasury. The fund consists of the money transferred to the fund

pursuant to paragraph (b) of this subsection (1) and any other money that the general assembly may appropriate or transfer to the fund.

(b) On July 1, 2016, the state treasurer shall transfer seven million nine hundred thirty-two thousand twenty dollars from the general fund to the fund.

(2) The state treasurer shall credit all interest and income derived from the deposit and investment of money in the fund to the fund.

(3) The state treasurer shall credit any unexpended and unencumbered moneys remaining in the fund at the end of a fiscal year to the fund.

(4) Except for moneys in the cybersecurity gifts, grants, and donations account created in subsection (5) of this section, subject to annual appropriation by the general assembly, the regents of the university of Colorado may expend money from the fund for the purposes of this part 19.

(5) (a) The cybersecurity gifts, grants, and donations account, referred to in this subsection (5) as the "account", is hereby created in the cybersecurity cash fund. The account consists of any gifts, grants, or donations credited to the account pursuant to paragraph (b) of this subsection (5). Moneys in the account are continuously appropriated to the department of higher education for use by the regents of the university of Colorado for the purposes of this part 19.

(b) The regents of the university of Colorado may seek, accept, and expend gifts, grants, or donations from private or public sources for the purposes of this part 19. The regents of the university of Colorado shall transmit all money received through gifts, grants, or donations to the state treasurer, who shall credit the money to the account.

## PART 20

### FIREWORKS

**Editor's note:** This part 20 was added with relocations in 2017. Former C.R.S. section numbers are shown in editor's notes following those sections that were relocated.

**24-33.5-2001. Definitions.** As used in this part 20, unless the context otherwise requires:

(1) "Articles pyrotechnic" means pyrotechnic special effects materials and pyrotechnic devices for professional use that are similar to consumer fireworks in chemical composition and construction but are intended for theatrical performances and not intended for consumer use. "Articles pyrotechnic" shall also include pyrotechnic devices meeting the weight limits for consumer fireworks but are not labeled as such and are classified as UN0431 or UN0432 pursuant to 49 CFR 172.101, as amended.

(2) "Display fireworks" means large fireworks designed primarily to produce visible or audible effects by combustion, deflagration, or detonation and includes, but is not limited to, salutes containing more than one hundred thirty milligrams of explosive material, aerial shells containing more than forty grams of pyrotechnic compositions, and other display pieces that exceed the limits of explosive materials for classification as consumer fireworks as defined in 16 CFR 1500.1 to 1500.272 and 16 CFR 1507.1 to 1507.12 and are classified as fireworks UN0333,

UN0334, or UN0335 pursuant to 49 CFR 172.101, as amended, and including fused set pieces containing components that exceed fifty milligrams of salute powder.

(3) "Display retailer" means a person, including a manufacturer, who is licensed as a display retailer under the provisions of section 24-33.5-2004 and who sells, delivers, consigns, gives, or otherwise furnishes display fireworks or articles pyrotechnic to a person authorized by section 24-33.5-2003 to discharge fireworks in Colorado.

(4) "Exporter" means any person, including a manufacturer, licensed as an exporter under the provisions of section 24-33.5-2004 and who sells, delivers, consigns, gives, or otherwise furnishes fireworks for export outside of the state of Colorado.

(5) (a) "Fireworks" means any composition or device designed to produce a visible or audible effect by combustion, deflagration, or detonation, and that meets the definition of articles pyrotechnic, permissible fireworks, or display fireworks.

(b) "Fireworks" does not include:

(I) Toy caps, party poppers, and items similar to toy caps and party poppers that do not contain more than sixteen milligrams of pyrotechnic composition per item and snappers that do not contain more than one milligram of explosive composition per item;

(II) Highway flares, railroad fusees, ship distress signals, smoke candles, and other emergency signal devices;

(III) Educational rockets and toy propellant device type engines used in such rockets when such rockets are of nonmetallic construction and utilize replaceable engines or model cartridges containing less than two ounces of propellant and when such engines or model cartridges are designed to be ignited by electrical means;

(IV) Fireworks that are used in testing or research by a licensed explosives laboratory.

(6) "Fireworks display operator" includes an individual who, by experience and training, has demonstrated the required skill and ability to safely set up and discharge display fireworks.

(7) "Fund" means the fireworks licensing cash fund created in section 24-33.5-2004 (6)(b).

(8) "Governing body" means:

(a) The city council, town council, board of trustees, or other governing body of any city or town, as to the area within the corporate limits of the city or town;

(b) The board of directors of any fire protection district organized pursuant to part 1 of article 1 of title 32, as to the area within the boundaries of the fire protection district; and

(c) The board of county commissioners as to the area within a county outside the corporate limits of any city or town or the boundaries of any fire protection district.

(9) "Local authority" means the duly authorized fire department, police department, or sheriff's department of a local jurisdiction.

(10) "Manufacturer" means any person who manufactures, makes, constructs, or produces fireworks.

(11) (a) "Permissible fireworks" means the following small fireworks devices designed to produce audible or visual effects by combustion, complying with the requirements of the United States consumer product safety commission as set forth in 16 CFR 1500.1 to 1500.272 and 1507.1 to 1507.12, and classified as consumer fireworks UN0336 and UN0337 pursuant to 49 CFR 172.101:

(I) Cylindrical fountains, total pyrotechnic composition not to exceed seventy-five grams each for a single tube or, when more than one tube is mounted on a common base, a total pyrotechnic composition of no more than two hundred grams;

(II) Cone fountains, total pyrotechnic composition not to exceed fifty grams each for a single cone or, when more than one cone is mounted on a common base, a total pyrotechnic composition of no more than two hundred grams;

(III) Wheels, total pyrotechnic composition not to exceed sixty grams for each driver unit or two hundred grams for each complete wheel;

(IV) Ground spinner, a small device containing not more than twenty grams of pyrotechnic composition venting out of an orifice usually in the side of the tube, similar in operation to a wheel, but intended to be placed flat on the ground;

(V) Illuminating torches and colored fire in any form, total pyrotechnic composition not to exceed two hundred grams each;

(VI) Dipped sticks and sparklers, the total pyrotechnic composition of which does not exceed one hundred grams, of which the composition of any chlorate or perchlorate shall not exceed five grams;

(VII) Any of the following that do not contain more than fifty milligrams of explosive composition:

(A) Explosive auto alarms;

(B) Toy propellant devices;

(C) Cigarette loads;

(D) Strike-on-box matches; or

(E) Other trick noise makers;

(VIII) Snake or glow worm pressed pellets of not more than two grams of pyrotechnic composition and packaged in retail packages of not more than twenty-five units;

(IX) Fireworks that are used exclusively for testing or research by a licensed explosives laboratory;

(X) Multiple tube devices with:

(A) Each tube individually attached to a wood or plastic base;

(B) The tubes separated from each other on the base by a distance of at least one-half of one inch;

(C) The effect limited to a shower of sparks to a height of no more than fifteen feet above the ground;

(D) Only one external fuse that causes all of the tubes to function in sequence; and

(E) A total pyrotechnic composition of no more than five hundred grams.

(b) "Permissible fireworks" do not include aerial devices or audible ground devices, including, but not limited to, firecrackers.

(12) "Person" includes an individual, partnership, firm, company, association, corporation, or governmental entity.

(13) "Pyrotechnic operator" includes an individual who, by experience and training, has demonstrated the required skill and ability to safely set up and discharge articles of pyrotechnics.

(14) "Retailer" means any person who sells, delivers, consigns, or furnishes permissible fireworks to another person not for resale.

(15) "Storage" means the possession of fireworks for safe custody, where the safekeeping is the principal object of deposit, and not the consumption or sale.

(16) "Wholesaler" means any person, including a manufacturer, who is licensed as a wholesaler under section 24-33.5-2004 and who sells, delivers, consigns, gives, or otherwise furnishes permissible fireworks to a retailer for resale in Colorado.

**Source: L. 2017:** Entire part added with relocations, (SB 17-222), ch. 245, p. 1018, § 1, effective August 9.

**Editor's note:** This section is similar to former § 12-28-101 as it existed prior to 2017.

**24-33.5-2002. Unlawful use or sale of fireworks - exceptions.** (1) Except as provided for in subsection (6) of this section, it shall be unlawful for any person to knowingly furnish to any person who is under sixteen years of age, by gift, sale, or any other means, any fireworks, including those defined as permissible fireworks in section 24-33.5-2001 (11).

(2) Except as provided for in subsection (6) of this section, it shall be unlawful for any person who is under sixteen years of age to purchase any fireworks, including those defined as permissible fireworks in section 24-33.5-2001 (11).

(3) Nothing in this section shall be construed to prohibit any statutory or home-rule municipality from enacting any ordinance that prohibits a person under sixteen years of age from purchasing any fireworks, including those defined as permissible fireworks in section 24-33.5-2001 (11).

(4) Any person who sells or offers to sell any fireworks, including those defined as permissible fireworks in section 24-33.5-2001 (11), shall display a warning sign, as specified in this subsection (4). The warning sign shall be displayed in a prominent place on the premises at all times, shall have a minimum height of eight and one-half inches and a minimum width of eleven inches, and shall read as follows:

WARNING

IT IS ILLEGAL FOR ANY PERSON UNDER SIXTEEN YEARS OF AGE TO PURCHASE ANY FIREWORKS. VIOLATORS MAY BE PUNISHED BY A FINE OF UP TO \$750.00, BY IMPRISONMENT FOR UP TO SIX MONTHS, OR BY BOTH SUCH FINE AND IMPRISONMENT.

(5) Except as provided in this section and in section 24-33.5-2003, it shall be unlawful for any person to possess or discharge any fireworks, other than permissible fireworks, anywhere in this state.

(6) At all times that it is lawful for any person over the age of sixteen years to possess and discharge permissible fireworks, it shall also be lawful for a person under the age of sixteen years to possess and discharge permissible fireworks, if the person is under adult supervision.

(7) Except as provided in this section, it shall be unlawful for any person who is not licensed as a retailer under this part 20, in retail transactions with the public, to offer for sale, expose for sale, sell, or have in the person's possession with the intent to offer for sale any permissible fireworks.

(7.5) It is unlawful for a person licensed as a retailer pursuant to this part 20 to sell, offer for sale, expose for sale, possess with intent to sell, deliver, consign, or otherwise furnish a firework, except a permissible firework, to another person.

(8) Except as provided in this section, it shall be unlawful for any person who is not licensed as a display retailer, wholesaler, or exporter under this part 20, in transactions other than retail transactions with the public, to offer for sale, expose for sale, sell, or have in such person's possession with the intent to offer for sale any fireworks including permissible fireworks.

(8.3) It is unlawful for a person licensed as a display retailer pursuant to this part 20 to sell, offer for sale, expose for sale, possess with intent to sell, deliver, consign, give, or otherwise furnish a firework, except display fireworks or articles pyrotechnic to a person authorized by section 24-33.5-2003.

(8.5) It is unlawful for a person licensed as a wholesaler pursuant to this part 20 to sell, offer for sale, expose for sale, possess with intent to sell, deliver, consign, give, or otherwise furnish a firework, except permissible fireworks to a retailer for resale in Colorado.

(8.7) It is unlawful for a person licensed as an exporter pursuant to this part 20 to sell, offer for sale, expose for sale, possess with intent to sell, deliver, consign, give, or otherwise furnish a firework to a person, except as provided by section 24-33.5-2006.

(9) Nothing in this part 20 shall prevent or regulate:

(a) The use of fireworks by railroads or other transportation agencies for signal purposes or illumination;

(b) The sale or use of blank cartridges for a show or theater, for signal or ceremonial purposes in athletics or sports, or for use by military organizations;

(c) The sale, purchase, possession, or use of fireworks distributed by the division of parks and wildlife for agricultural purposes under conditions approved by the division; or

(d) The sale, delivery, consignment, gift, or furnishing of fireworks among display retailers, wholesalers, or exporters licensed under this part 20.

**24-33.5-2003. Permits - exceptions to permit requirements.** (1) Any governing body has the power to grant nontransferable and nonassignable permits within the area under its jurisdiction for the storage of fireworks or for the facilities used for the retail sales of fireworks, including permissible fireworks, by any person and to adopt reasonable rules for the granting of such permits. The fee for a permit issued pursuant to this subsection (1) shall be limited to what is reasonable and necessary to cover the direct and indirect costs associated with the granting and enforcement of such permits.

(2) Any governing body has the power to grant nontransferable and nonassignable permits within the area under its jurisdiction for displays of fireworks or pyrotechnic special effects performances by any person, fair association, amusement park, or other organizations or groups and to adopt reasonable rules for the granting of such permits.

(3) No permit shall be required for the display of fireworks at the state fair grounds by the board of commissioners of the Colorado state fair authority, at any duly authorized county or district fair, or at any display by any governing body or local authority.

(4) The discharge of fireworks pursuant to a permit provided for in subsection (2) of this section, or as otherwise provided in subsection (3) of this section, shall be lawful in Colorado, if the display or pyrotechnic special effects performance is performed in accordance with the requirements of the national fire protection association as stated in NFPA-1123, code for the outdoor display of fireworks or NFPA-1126, standard for the use of pyrotechnics before a proximate audience.

**24-33.5-2004. Licensing - application - fee - fireworks licensing cash fund - creation - rules.** (1) No person shall sell, offer for sale, expose for sale, or possess with intent to sell permissible fireworks for retail until that person first obtains a retailer of fireworks license from the director of the division of fire prevention and control within the department of public safety and the permit, if any, required by section 24-33.5-2003 (1). A retailer's license is valid only for the calendar year in which it is issued, applies to only one retail location, and shall at all times be displayed at the place of business of the licensed retailer.

(2) No person shall sell, deliver, consign, give, or furnish fireworks to a person authorized by section 24-33.5-2003 to discharge fireworks in Colorado until that person first obtains a display retailer of fireworks license from the director of the division of fire prevention and control and the permit, if any, required by section 24-33.5-2003 (1).

(3) No person shall sell, deliver, consign, give, or furnish permissible fireworks to a retailer for resale in Colorado until that person first obtains a wholesaler of fireworks license from the director of the division of fire prevention and control and the permit, if any, required by section 24-33.5-2003 (1).

(4) No person shall sell, deliver, consign, give, or furnish fireworks for export outside of Colorado until that person first obtains an exporter of fireworks license from the director of the division of fire prevention and control and the permit, if any, required by section 24-33.5-2003 (1).

(5) Applications for each display, retail, wholesale, and export license shall be filed with the director of the division of fire prevention and control at least thirty days before the start of activities for which the license is required. Each license is valid through September 1 of the year following the date on which the license was issued.

(6) (a) The director of the division of fire prevention and control shall collect all fees pursuant to this part 20.

(b) All moneys received by the director pursuant to the administration of this part 20 and all interest earned on the moneys shall be deposited in the state treasury in the fireworks licensing cash fund, which fund is hereby created, and the moneys shall be used, subject to annual appropriations by the general assembly, for the purposes set forth in this part 20, and shall not be deposited in or transferred to the general fund of the state of Colorado or any other fund.

(c) (I) The executive director of the department of public safety shall set reasonable fees pursuant to this part 20 at such rates as are necessary to provide for the actual direct and indirect

costs and expenses of the department of public safety in the administration of this part 20; except that the fee for a:

(A) Retailer of fireworks license shall not exceed fifty dollars;

(B) Display retailer of fireworks license, a wholesaler of fireworks license, or an exporter of fireworks license shall not exceed one thousand five hundred dollars; and

(II) The rates shall be reviewed annually by the executive director of the department of public safety.

(7) The executive director of the department of public safety shall promulgate rules to implement the provisions of this part 20. The rules may include requirements for the certification of fireworks display operators and pyrotechnic operators, and any other requirements that are reasonably necessary for the safety of workers and the public and the protection of property. The procedure for the promulgation of the rules shall be in accordance with the provisions of section 24-4-103.

(8) Any person aggrieved by a decision or order of the director of the department of public safety may seek judicial review pursuant to the provisions of section 24-4-106.

(9) This section shall take effect July 15, 1991.

**24-33.5-2005. Importation of fireworks - duties of licensees - retention of invoices for inspection.** (1) It shall be unlawful for any person not licensed as a display retailer, wholesaler, or exporter under the provisions of section 24-33.5-2004 to bring any fireworks including permissible fireworks into this state. Retail purchasers shall not purchase fireworks by mail order or receive any fireworks in Colorado by mail, parcel service, or other carrier. All fireworks sales and deliveries to retail purchasers in Colorado shall be made in Colorado and shall be conducted only by persons licensed pursuant to this part 20.

(2) It shall be unlawful for any retailer to sell, offer for sale, expose for sale, or possess with intent to sell any permissible fireworks in this state that have not been purchased from a wholesaler licensed under the provisions of section 24-33.5-2004.

(3) It shall be unlawful for a person to conduct any fireworks display or pyrotechnic special effects performance using fireworks that have not been purchased from a display retailer licensed under the provisions of section 24-33.5-2004.

(4) Any retailer licensed under the provisions of section 24-33.5-2004 (1), and any person who discharges fireworks pursuant to section 24-33.5-2003 (2) or (3), shall keep available, for inspection by local authorities, a copy of each invoice for fireworks purchased as long as any fireworks included on such invoice are held in such person's possession. The invoice shall show the license number of the wholesaler or display retailer from whom the fireworks were purchased.

(5) This section shall take effect July 15, 1991.

**Editor's note:** This section is similar to former § 12-28-105 as it existed prior to 2017.

**24-33.5-2006. Exportation of fireworks.** (1) It shall be unlawful to export fireworks, other than permissible fireworks, from the state of Colorado, unless the fireworks are transported in accordance with the regulations of the United States department of transportation regulating the transportation of explosives, fireworks, and other dangerous articles by motor, rail, air, and water and the exporter obtains a signed bill of lading from each person transporting the fireworks, which shall show the quantity and types of fireworks transported and the recipient's full legal name and address.

(2) The exporter may transport such fireworks by common carrier or by the exporter's vehicle; except that the sale of the fireworks for transport in the purchaser's vehicle is unlawful unless the exporter requires the purchaser to display a valid motor vehicle driver's license and records the number and jurisdiction of issue of the driver's license on the bill of lading pertaining to the sale, and further requires the purchaser to furnish a valid exporter of fireworks license issued pursuant to this part 20, or a valid wholesale, retail, or resale license number issued by the governing body of a state or local authority located outside of the state of Colorado, which number and state or local authority of issue must be recorded on the bill of lading pertaining to the sale.

(3) The bills of lading required by this section shall be retained by the exporter for a period of three years from the date of sale.

(2) Section 803(2) of chapter 462 (SB 21-271), Session Laws of Colorado 2021, provides that the act changing this section applies to offenses committed on or after March 1, 2022.

**24-33.5-2011. Denial, suspension, or revocation of or refusal to renew license.** (1) The executive director of the department of public safety may deny, suspend, revoke, or refuse to renew any license issued or applied for under the provisions of this part 20 for any of the following reasons:

- (a) Violations of any of the provisions of this part 20;
- (b) A conviction of any felony, but subject to the provisions of section 24-5-101;
- (c) A conviction pursuant to section 24-33.5-2010;
- (d) Any material misstatement, misrepresentation, or fraud in obtaining a license.

(2) The revocation or suspension proceedings shall be brought by the Colorado executive director of the department of public safety pursuant to the provisions of the "State Administrative Procedure Act", article 4 of title 24.

## PART 21

### SCHOOL ACCESS FOR EMERGENCY RESPONSE (SAFER) GRANT PROGRAM

**24-33.5-2101. Short title.** The short title of this part 21 is the "School Access For Emergency Response (SAFER) Grant Program Act".

**Source: L. 2018:** Entire part added, (SB 18-158), ch. 214, p. 1360, § 1, effective May 16.

**24-33.5-2102. Legislative declaration.** (1) The general assembly finds that:

(a) In 2008, the general assembly passed Senate Bill 08-181 calling for the improvement of coordination among agencies when responding to school incidents;

(b) In 2011, the general assembly passed additional legislation, Senate Bill 11-173, concerning the interoperability of communications in schools;

(c) While progress has been made in coordination, interoperability continues to be an issue due to lack of funding for needed hardware, software, and training to allow for seamless communications between existing school district communication systems and first responder communication systems;

(d) The use of interoperable technology would enable schools and school district stakeholders to communicate across the district and with public safety over existing independent networks during an emergency;

(e) It is necessary to create a program to leverage the public safety radios system serving the region, including but not limited to the state's digital trunked network, which is a standards-based first responder communications system in place statewide, along with other communications networks, and to expand the infrastructure by allowing direct communication from school radios and other communications devices to first responder radios and other communications devices to improve interoperability;

(f) An adaptable system can connect any school's existing radio equipment to the radio of a first responder. In addition, the connection can be switched on and off immediately by public safety personnel and system administrators.

(g) Public safety officials and system administrators must have the ability to enable and disable the interoperable technology;

(h) Going beyond the critical 911 call, it is important to use any available and proven technology that enables emergency services personnel and school officials to communicate in real-time during an incident; and

(i) This interoperable technology is not to be used by schools for day-to-day operations on the public safety communications network.

(2) The general assembly further finds that the purpose of this part 21 is to create the school access for emergency response grant program to provide schools and public safety communications networks with money for needed hardware, software, and training so that when an emergency happens, dispatchers can activate the technology over both the radio system and other communications networks, trained school-safety teams can connect on the radio and other communications devices across the district, and first responders can arrive on the scene informed with the most up-to-date information.

**Source: L. 2018:** Entire part added, (SB 18-158), ch. 214, p. 1360, § 1, effective May 16.

**24-33.5-2103. Definitions.** As used in this part 21, unless the context otherwise requires:

(1) "Crisis management plan" means a plan including tactical strategies and actions for responding to an emergency.

(2) "Department" means the department of public safety.

(3) "Director" means the director of the division of homeland security and emergency management created in section 24-33.5-1603.

(4) "Fund" means the school access for emergency response grant program cash fund created in section 24-33.5-2107.

(5) "Grant program" means the school access for emergency response grant program created in this part 21.

(6) "Interoperability" means the ability of one or more radio systems to communicate with another radio system and other communications devices.

(7) "Interoperable technology" means software and hardware that enables two different radio systems and other communications devices to communicate.

(8) "Memorandum of understanding" means an agreement between two or more parties that is not legally binding to formalize a working relationship.

(9) "Other communications network" means any public or private wire or wireless communications network that allows for real-time voice or data communications between a public safety 911 answering point, schools, and first responders.

(10) "Public safety answering point" has the same meaning as defined in section 29-11-101 (23).

(11) "Radio system" means a private network for voice communications.

(12) "Safety team" means personnel who have a role in crisis management plans.

(13) "School" means a school district, public school within a school district, charter school authorized by a school district pursuant to part 1 of article 30.5 of title 22, charter school authorized by the state charter school institute pursuant to part 5 of article 30.5 of title 22, or board of cooperative services created and operating pursuant to article 5 of title 22 that operates one or more public schools.

(14) "Standards based" means radio specifications defined by a national association of the telecommunications industry that every manufacturer can follow to implement equipment interoperability.

**Source: L. 2018:** Entire part added, (SB 18-158), ch. 214, p. 1361, § 1, effective May 16.  
**L. 2020:** (10) amended, (HB 20-1293), ch. 267, p. 1297, § 12, effective July 10.

**24-33.5-2104. School access for emergency response grant program - created - rules.** (1) There is hereby created in the department in the division of homeland security and emergency management the school access for emergency response grant program to provide grants to schools and public safety communications system owners to provide funding for needed interoperable communication hardware, software, equipment maintenance, and training to allow for seamless communications between new or existing school communications systems and first responder communications systems.

(2) Grant recipients may use the money received through the grant program for the following purposes:

(a) To deliver training programs to teach district-based security personnel and appropriate school personnel basic procedures for effective communications with first responders in an emergency;

(b) To implement an interoperable technology solution to provide or to upgrade the following:

(I) A system or technology that can be activated and deactivated by the public safety 911 answering point, the network administrator, and the school over both the radio system and other communications networks;

(II) Radio and other technology bridge ability that is nonradio vendor specific for connecting independent school networks across the school district and public safety networks in the region; and

(III) An interoperability solution that operates over radio networks and other communications networks;

(c) To maintain or improve a school's existing interoperable communication hardware or software or to provide interoperable communication hardware and software to a school that does not yet have it; and

(d) For any necessary radio system capacity expansions where school loading has been determined to have a significant impact on public safety system loading.

(3) The division of homeland security and emergency management shall administer the grant program and, subject to available appropriations, shall award grants as provided in this part 21. Subject to available appropriations, grants shall be paid out of the fund created in section 24-33.5-2107.

(4) The director or the director's designee, in consultation with the grant selection committee created in subsection (5) of this section, shall implement the grant program in accordance with this part 21. Pursuant to article 4 of this title 24, the director or the director's designee shall promulgate such rules as are required in this part 21 and such additional rules as may be necessary to implement the grant program. At a minimum, the rules must specify the time frames for applying for grants, the form of the grant program application, and the time frames for distributing grant money.

(5) There is hereby created the grant selection committee to work with the director or the director's designee to determine whether a grant applicant satisfies the criteria to receive a grant. The committee shall be composed of seven members appointed as specified in this subsection (5). The members of the committee shall serve without compensation; except that

committee members shall not suffer any loss of salary while participating in the activities of the committee. Members of the committee shall meet as often as deemed necessary by the director or the director's designee to accomplish the work of the committee. Members of the committee shall be appointed on or before June 1, 2018, as follows:

- (a) The chief information officer shall appoint one employee from the office;
- (b) The speaker of the house of representatives shall appoint one person who represents urban or suburban school districts with interoperability experience in accordance with the school response framework;
- (c) The president of the senate shall appoint one person who represents rural school districts with interoperability experience in accordance with the school response framework;
- (d) The minority leader of the house of representatives shall appoint one person who represents the chiefs of police with interoperability experience in accordance with the school response framework;
- (e) The minority leader of the senate shall appoint one person who represents county sheriffs with interoperability experience in accordance with the school response framework; and
- (f) The director of the department of public safety shall appoint two employees from the department of public safety.

**Source: L. 2018:** Entire part added, (SB 18-158), ch. 214, p. 1362, § 1, effective May 16.

**24-33.5-2105. Grant program - application - criteria - awards.** (1) A school is required to have a memorandum of understanding with its regional public safety 911 answering point or the local law enforcement agency or agencies that serve the school for communications interoperability to be eligible to apply for a grant. To receive a grant, a school must submit an application to the division of homeland security and emergency management in accordance with rules promulgated by the director. At a minimum, the application must include the following information:

- (a) A description of the school's current interoperable communication technology, if any;
- (b) A summary of compliance with the Colorado school response framework pursuant to section 22-32-109.1 (4) or 22-30.5-503.5;
- (c) A description of efforts that the school has taken to coordinate emergency communication with law enforcement, 911 system administrators, and other schools; and
- (d) A description of the purpose for which the school would plan to use the grant money, including the proposed training program, joint exercise plan, and interoperability technology solution.

(2) The grant selection committee created in section 24-33.5-2104 (5) shall review the applications received pursuant to this section. In awarding grants, the grant selection committee shall consider the following criteria:

- (a) The extent to which the school is fully compliant with the Colorado school response framework pursuant to section 22-32-109.1 (4) or 22-30.5-503.5; and
- (b) Whether the school has a crisis management plan in place with safety team members designated for communications with first responders.

(3) Subject to available appropriations, on or before December 31, 2018, and on or before September 1 each year thereafter for the duration of the grant program, the director or the

director's designee shall award grants as provided in this part 21. The director or the director's designee shall distribute the grant money within thirty days after the grants are awarded.

**Source: L. 2018:** Entire part added, (SB 18-158), ch. 214, p. 1364, § 1, effective May 16.

**24-33.5-2106. Reporting requirements.** (1) On or before January 15, 2020, and on or before January 15 each year thereafter for the duration of the grant program, each school that receives a grant through the grant program shall submit a report to the division of homeland security and emergency management. At a minimum, the report must include the following information:

(a) The number of schools that used grant money to provide training programs to appropriate personnel regarding effective communications with first responders in an emergency;

(b) The number of schools that used grant money to provide or upgrade its interoperable technology, including interoperable communication hardware or software; and

(c) The total number of students enrolled in the schools that received grant money.

(2) On or before January 15, 2019, and on or before January 31 each year thereafter for the duration of the grant program, the department shall include a summarized report of the activities of the grant program in the department's annual presentation to the applicable committee of reference pursuant to section 2-7-203.

(3) Notwithstanding section 24-1-136 (11)(a)(I), the reporting requirements set forth in this section continue until the grant program repeals pursuant to section 24-33.5-2108.

**L. 2019:** (2) amended, (SB 19-252), ch. 254, p. 2452, § 4, effective August 2.

**24-33.5-2107. School access for emergency response grant program cash fund.** (1)

(a) The school access for emergency response grant program cash fund is hereby created in the state treasury. The fund consists of money transferred to the fund pursuant to subsection (1)(b) of this section and any other money that the general assembly may appropriate to the fund.

(b) On July 1, 2018, and each July 1 thereafter through July 1, 2023, the state treasurer shall transfer five million dollars to the fund from the state public school fund created in section 22-54-114.

(2) The state treasurer shall credit all interest and income derived from the deposit and investment of money in the fund to the fund.

(3) Subject to annual appropriation by the general assembly, the department may expend money from the fund for the purpose of awarding grants to schools or public safety communications network owners pursuant to this part 21. The department may use up to three percent of the money annually appropriated for the grant program to pay the direct and indirect costs that it incurs to administer the grant program.

(4) The state treasurer shall transfer all unexpended and unencumbered money in the fund to the general fund after the grant program repeals pursuant to section 24-33.5-2108.

**L. 2021:** (2)(a)(IV) amended, (SB 21-059), ch. 136, p. 745, § 115, effective October 1.

**24-33.5-2402. Juvenile justice reform committee - duties.** (1) The committee has the following duties:

(a) (I) Adopt a validated risk and needs assessment tool or tools to be used statewide that uses an accepted standard of assessment. The committee shall determine if one tool must be used by the entire juvenile justice system or if the judicial department or division of youth services may use different validated tools. The tool or tools must be used to assist:

(A) Juvenile courts in determining the actions to take for each juvenile subject to the jurisdiction of the juvenile court;

(B) The division of youth services in development of case and reentry plans and the determination of supervision levels for juveniles committed to the department of human services; and

(C) Juvenile probation departments in the development of case plans and the determination of supervision levels for juveniles placed on probation.

(II) In adopting the validated risk and needs assessment tool or tools pursuant to subsection (1)(a)(I) of this section, the committee shall consult with expert organizations, consult with the delivery of child welfare services task force created in section 26-5-105.8, and review research and best practices from other jurisdictions and may consider a validated tool or tools already being used in the state. On or before January 1, 2021, the committee shall:

(A) Select a validated risk and needs assessment tool or tools; except that the committee shall select the tool or tools by September 1, 2019.

(B) Determine the population of juveniles for which the validated risk and needs assessment must be conducted prior to disposition, while in the custody of the division of youth services, or under juvenile probation supervision;

(C) Determine the time frame prior to disposition and at regular intervals thereafter that the validated risk and needs assessment must be conducted to determine risk levels and to identify intervention needs and who is responsible for conducting the assessment;

(D) Establish policies for how the results of the validated risk and needs assessments are compiled and how the results are shared and with which parties they are shared;

(E) Establish policies for the utilization of the validated risk and needs assessment tool, including policies to objectively guide supervision levels and the length of time on supervision, develop individualized conditions of juvenile probation, and develop case plans for each juvenile committed to the department of human services or placed on juvenile probation;

(F) Develop a plan to conduct a validation study of the validated risk and needs assessment tool or tools on the juveniles who are administered each tool;

(G) Develop a plan to collect and report data annually on the results of the validated risk and needs assessments; and

(H) Calculate the fiscal cost of collecting and reporting the data required by subsection (1)(a)(II)(G) of this section and report the cost to the office of state planning and budgeting.

(b) Select a validated mental health screening tool or tools that use an accepted standard of practice to be used to inform the appropriate actions to take for each juvenile prior to disposition. The tool or tools may be a validated tool or tools already being used in the state.

(c) Select a validated risk screening tool to be used statewide to inform district attorney decisions on a juvenile's eligibility for diversion. The validated risk screening tool must be implemented pursuant to section 19-2.5-402.

(d) By July 1, 2020, select a qualified vendor or national provider of risk assessment technical assistance to assist the department of human services, juvenile probation, and the juvenile court with the adoption and implementation of the validated risk and needs assessment tool or tools and validated mental health screening tool or tools and assist juvenile diversion programs and district attorney's offices with the adoption and implementation of a validated risk screening tool. The assistance must include an implementation plan, employee training, policy development, and the establishment of quality assurance and data collection protocols.

(e) In collaboration with the delivery of child welfare services task force created in section 26-5-105.8, identify shared outcome measures that all service providers receiving state funds and serving juveniles placed on probation and parole must track and report. The committee shall also:

(I) Develop a plan for how the department of human services and the judicial department shall collect this data as part of the contracting requirements;

(II) Establish policies for evaluating the effectiveness of service providers, including time frames and who is responsible for conducting the evaluations; and

(III) Develop a plan for the department of human services and the judicial department to report on the outcome measures. The report or reports must be made available annually to the governor, the chief justice of the Colorado supreme court, and the judiciary committees of the senate and the house of representatives, the health and human services committee of the senate, and the public health care and human services committee of the house of representatives, or any successor committees. Notwithstanding the provisions of section 24-1-136 (11)(a)(I), the requirement to submit the report or reports to the committees continues indefinitely.

(f) Identify shared outcome measures for diversion, juvenile probation, and the division of youth services, including a common definition of recidivism.

(2) The committee shall recommend changes to statutes, appropriations, rules, or standards that need to be made prior to fully implementing the committee's recommendations. Submitting reports pursuant to this section is contingent upon the receipt of reasonable and necessary additional appropriations requested by the committee in order to fulfill reporting requirements outlined in the committee's plans.

## ARTICLE 34

### Department of Regulatory Agencies

#### PART 1

#### ORGANIZATION

**24-34-101. Department created - executive director.** (1) (a) There is hereby created the department of regulatory agencies, the head of which shall be the executive director of the department of regulatory agencies, which office is hereby created. The executive director shall be appointed by the governor, with the consent of the senate, and shall serve at the pleasure of the governor. The reappointment of an executive director after initial election of a governor shall be subject to the provisions of section 24-20-109. The executive director shall have those powers, duties, and functions prescribed for heads of principal departments in the "Administrative Organization Act of 1968". The department of regulatory agencies shall be organized as provided in the "Administrative Organization Act of 1968"; but nothing in this part 1 shall be construed to prevent the establishment, combination, or abolition of divisions, sections, or units other than those created by law.

(b) Repealed.

(2) The executive director shall prepare and transmit annually, in the form and manner prescribed by the heads of the principal departments pursuant to the provisions of section 24-1-136, a report accounting to the governor for the efficient discharge of all responsibilities assigned by law or directive to the department of regulatory agencies and divisions thereof.

(3) Publications by the executive director circulated in quantity outside the executive branch shall be issued in accordance with the provisions of section 24-1-136.

(4) Repealed.

(5) The executive director of the department of regulatory agencies may enter into contracts pursuant to part 5 of article 50 of this title for the purpose of decreasing appropriations in the annual general appropriation act.

(6) The executive director of the department of regulatory agencies may contract, pursuant to part 5 of article 50 of this title, with a person having the technical or subject matter expertise or the skill and experience to develop, implement, and administer the licensing and examination functions of the divisions in the department when the executive director determines that a division lacks sufficient technical expertise to perform such licensing and examination functions.

(7) A contract entered into pursuant to this section may authorize a contractor to collect fees directly from an applicant. The contract may allow the contractor to retain all or a portion of the fees as payment for performance of the services under the contract. Fees collected and retained by the contractor shall not be subject to the provisions of article 36 of this title.

(8) This section shall not be construed to limit the powers of any **type 1** board or commission in the department of regulatory agencies.

(9) The executive director shall have the authority to accept and expend gifts, grants, and donations for the purposes of implementing and administering the provisions of section 24-4-103 (2.5).

(10) The executive director may contract pursuant to part 5 of article 50 of this title with a person, corporation, or entity having technical or subject matter expertise or skill and experience to develop, implement, and administer the licensing and examination functions of the division of professions and occupations when the executive director determines that the division of professions and occupations is without sufficient technical expertise to perform such licensing and examination functions.

(11) The executive director may contract pursuant to part 5 of article 50 of this title with a person, corporation, or entity for the purpose of decreasing the appropriations for the division of professions and occupations in the annual general appropriations act.

(12) A contract entered into pursuant to subsection (10) or (11) of this section may authorize a contractor to collect fees directly from an applicant. The contractor may retain all or a portion of the fees designated as payment for performance of the functions under the contract. All fees collected and retained by the contractor shall not be subject to the provisions of article 36 of this title.

(13) The executive director shall include in the presentation to the legislative committee of reference pursuant to section 2-7-203, C.R.S., the number of confidential letters of concern issued in the twelve months prior to the presentation by the director of the division of professions and occupations and any board pursuant to title 12, C.R.S.

(14) In conjunction with the efforts of the office of information technology regarding cyber coding cryptology for state records pursuant to section 24-37.5-407, the executive director of the department of regulatory agencies or the director's designee shall consider secure encryption methods, especially distributed ledger technologies, to protect against falsification, create visibility to identify external hacking threats, and to improve internal data security, especially to secure business ownership and stock ledger ownership data that might be potential high-risk targets for corporate cyber theft and transaction falsification. The considerations for distributed ledger technologies shall include best practice attempts to maintain privacy of personally identifying information of the distributed user base while utilizing the visibility of distributed transactions.

**24-34-104. General assembly review of regulatory agencies and functions for repeal, continuation, or reestablishment - legislative declaration - repeal.** (1) (a) The general assembly finds that state government actions have produced a substantial increase in numbers of agencies, growth of programs, and proliferation of rules and that the process developed without sufficient legislative oversight, regulatory accountability, or a system of checks and balances. The general assembly further finds that regulatory agencies tend to become unnecessarily restrictive. The general assembly further finds that, by establishing a system for the repeal, continuation, or reestablishment of regulatory agencies and by providing for the analysis and evaluation of regulatory agencies to determine the least restrictive regulation consistent with the public interest, the general assembly will be in a better position to evaluate the need for the continued existence of existing and future regulatory bodies.

(b) It is the intent of the general assembly that the system set forth in this section for repeal, continuation, or reestablishment of agencies in the department of regulatory agencies be extended to the functions of certain specified agencies and to certain specified boards, thereby providing for the review of these functions and boards in the most cost-effective manner.

(2) (a) The divisions in the department of regulatory agencies, the boards and agencies in the division of professions and occupations, and the functions of the specified agencies and the specified boards will repeal according to the repeal schedule outlined in this section. A requirement for periodic reports to the general assembly will expire as set forth in section 24-1-136 (11) and is treated as a function of an agency for purposes of this section except as otherwise provided in this section.

(b) Upon repeal, an agency continues in existence, or, in the case of the repeal of a function, the function continues to be performed, until the date that is one year after the specified repeal date for the purpose of winding up affairs. During the wind-up period, the repeal does not reduce or otherwise limit the powers or authority of the agency; except that a license issued or renewed during the wind-up period expires at the end of the period and original license and renewal fees are prorated accordingly. Upon the expiration of one year after the repeal, the agency shall cease all activities or, in the case of the repeal of a function, the function must cease. When a license issued or renewed before repeal is scheduled to expire after the cessation of activities, the license expires at the end of the wind-up period, and the agency shall refund the portion of the license fee paid that is attributable to the period following the cessation of activities. Any criminal penalty for engaging in a profession or activity without being licensed is not enforceable with respect to activities that occur after an agency has ceased its activities pursuant to this section.

(c) As used in this section, unless the context otherwise requires, "agency" includes a division or board within an agency that is subject to review pursuant to this section.

(3) If the state constitution imposes powers, duties, or functions on an agency or officer that is subject to the provisions of this section and the agency or officer is repealed and the general assembly does not designate another agency or officer to exercise the powers or perform the duties and functions, the agency or officer continues in existence, after the one-year wind-up period, under the principal department as if the agency or officer were transferred to the department by a **type 2** transfer, as defined in section 24-1-105, until the general assembly otherwise designates.

(4) The existence of a newly created agency or function in the department of regulatory agencies may not exceed ten years and is subject to the provisions of this section. The general assembly may continue or reestablish the existence of an agency or function that is scheduled for repeal under this section for up to fifteen years. The general assembly, acting by bill, may reschedule the repeal date for an agency or function to a later date if the rescheduled date does not violate the appropriate maximum life provision described in this subsection (4).

(5) (a) The department of regulatory agencies shall analyze and evaluate the performance of each agency or function scheduled for repeal under this section. In conducting the analysis and evaluation, the department of regulatory agencies shall take into consideration, but need not be limited to considering, the factors listed in paragraph (b) of subsection (6) of this section. The department of regulatory agencies shall submit a report and supporting materials to the office of legislative legal services no later than October 15 of the year preceding the date established for repeal and shall make a copy of the report available to each member of the general assembly.

(b) The department of regulatory agencies shall submit its report to the office of legislative legal services for the preparation of draft legislation based solely on specific recommendations for legislation set forth in the report. The department of regulatory agencies shall submit the report to the office of legislative legal services no later than October 15 of the year preceding the date established for repeal. The office of legislative legal services shall prepare the draft legislation before the next regular session of the general assembly for the committee of reference designated in section 2-3-1201, C.R.S., and shall submit the report from the department of regulatory agencies to the designated committee of reference. The designated committee of reference shall determine the title of the legislation drafted pursuant to this paragraph (b).

(c) This subsection (5) is exempt from the provisions of section 24-1-136 (11), and the periodic reporting requirement of this subsection (5) remains in effect until changed by the general assembly acting by bill.

(6) (a) Before the repeal, continuation, or reestablishment of an agency or function, a legislative committee of reference designated in section 2-3-1201, C.R.S., shall hold public hearings to receive testimony from the public, the executive director of the department of regulatory agencies, and the agencies involved. In the hearing, each agency has the burden of demonstrating that there is a public need for the continued existence of the agency or function and that its regulation is the least restrictive regulation consistent with the public interest.

(b) In the hearings, the determination as to whether an agency has demonstrated a public need for the continued existence of the agency or function and for the degree of regulation it practices is based on the following factors, among others:

(I) Whether regulation by the agency is necessary to protect the public health, safety, and welfare; whether the conditions that led to the initial regulation have changed; and whether other conditions have arisen that would warrant more, less, or the same degree of regulation;

(II) If regulation is necessary, whether the existing statutes and regulations establish the least restrictive form of regulation consistent with the public interest, considering other available regulatory mechanisms, and whether agency rules enhance the public interest and are within the scope of legislative intent;

(III) Whether the agency operates in the public interest and whether its operation is impeded or enhanced by existing statutes, rules, procedures, and practices and any other circumstances, including budgetary, resource, and personnel matters;

(IV) Whether an analysis of agency operations indicates that the agency performs its statutory duties efficiently and effectively;

(V) Whether the composition of the agency's board or commission adequately represents the public interest and whether the agency encourages public participation in its decisions rather than participation only by the people it regulates;

(VI) The economic impact of regulation and, if national economic information is not available, whether the agency stimulates or restricts competition;

(VII) Whether complaint, investigation, and disciplinary procedures adequately protect the public and whether final dispositions of complaints are in the public interest or self-serving to the profession;

(VIII) Whether the scope of practice of the regulated occupation contributes to the optimum use of personnel and whether entry requirements encourage affirmative action;

(IX) Whether the agency through its licensing or certification process imposes any sanctions or disqualifications on applicants based on past criminal history and, if so, whether the sanctions or disqualifications serve public safety or commercial or consumer protection interests. To assist in considering this factor, the analysis prepared pursuant to subsection (5)(a) of this section must include data on the number of licenses or certifications that the agency denied based on the applicant's criminal history, the number of conditional licenses or certifications issued based upon the applicant's criminal history, and the number of licenses or certifications revoked or suspended based on an individual's criminal conduct. For each set of data, the analysis must include the criminal offenses that led to the sanction or disqualification.

(X) Whether administrative and statutory changes are necessary to improve agency operations to enhance the public interest.

(c) A legislative committee of reference that conducts a review pursuant to paragraph (a) of this subsection (6) shall determine whether an agency or function should be repealed, continued, or reestablished and whether its functions should be revised and, if advisable, may recommend the consideration of a proposed bill to carry out its recommendations.

(d) (I) If a legislative committee of reference recommends a bill for consideration pursuant to paragraph (c) of this subsection (6), the bill must be introduced in the house of representatives in even-numbered years and in the senate in odd-numbered years. The chair of each legislative committee of reference that recommends a bill for consideration shall assign the proposed bill for sponsorship as follows:

(A) To one or more of the members of the committee of reference; or

(B) To one or more of the members of the general assembly who are not members of the committee of reference if a majority of the committee's members vote to approve the sponsorship.

(II) A member of the general assembly may not sponsor more than two bills introduced pursuant to this subsection (6) in a single legislative session.

(III) The speaker of the house of representatives shall assign the proposed bill to a representative for sponsorship in the house of representatives in odd-numbered years. The president of the senate shall assign the proposed bill to a senator for sponsorship in the senate in even-numbered years.

(e) A bill recommended for consideration by a committee of reference pursuant to paragraph (c) of this subsection (6) does not count against the number of bills to which members of the general assembly are limited by law or joint rule of the senate and house of representatives.

(f) Before the repeal, continuation, reestablishment, or revision of an agency's functions, a committee of reference in each house of the general assembly designated by section 2-3-1201, C.R.S., shall hold a public hearing to consider the report from the department of regulatory agencies and any bill recommended for consideration pursuant to paragraph (c) of this subsection (6). The hearing must include the factors and testimony set forth in paragraph (b) of this subsection (6).

(7) (a) Pursuant to the process established in this section, a committee of reference may not continue, reestablish, or amend the functions of more than one division, board, or agency in any one bill for an act, and the title of the bill must include the name of the division, board, or agency. This paragraph (a) does not apply to requirements for periodic reports to the general assembly.

(b) This section shall not cause the dismissal of a claim or right of a person through or against an agency, or a claim or right of an agency, that has ceased its activities pursuant to this section, which claim is or may be subject to litigation. A person may pursue a claim or right through or against the department of regulatory agencies, the agency that performed the repealed function, or, in the case of a repealed board that is not in the department of regulatory agencies, the specified department in which the board is located. The claims and rights of an agency that has ceased its activities shall be assumed by the department of regulatory agencies, the agency that performed the repealed function, or the specific department.

(c) This section does not affect the general assembly's authority to otherwise consider legislation affecting a division, board, agency, or similar body.

(8) If an agency or function repeals pursuant to the provisions of this section and the general assembly reestablishes the agency or function during the wind-up period with substantially the same powers, duties, and functions, the agency or function continues.

(9) The purpose of this section is to provide a listing of the divisions, boards, agencies, and functions that are subject to review and scheduled for repeal. The provisions of this section do not effectuate the repeal of a statute; the provisions that effectuate the repeal of a statute creating or governing an agency or function are set forth in the substantive statute that creates the agency or function. The repeal provision in a substantive statute does not invalidate the wind-up period allowed by subsection (2) of this section or the provisions of subsection (3) of this section.

**Editor's note:** (1) Amendments to this section by Senate Bill 16-062, Senate Bill 16-069, Senate Bill 16-077, Senate Bill 16-115, Senate Bill 16-161, House Bill 16-1014, House Bill 16-1157, House Bill 16-1158, House Bill 16-1159, House Bill 16-1160, House Bill 16-1168, House Bill 16-1170, House Bill 16-1171, House Bill 16-1172, House Bill 16-1173, House Bill 16-1177, House Bill 16-1182, House Bill 16-1232, House Bill 16-1236, House Bill 16-1255, House Bill 16-1261, House Bill 16-1328, House Bill 16-1345, House Bill 16-1360, and House Bill 16-1404 were renumbered and harmonized with House Bill 16-1192, pursuant to section 2-3-702.5.

(2) (a) Subsection (46)(k) was amended in SB 16-161, effective July 1, 2016. However, those amendments were superseded by the repeal and reenactment of this section in HB 16-1192, effective April 14, 2016.

(b) Subsection (47.5)(h) was amended in SB 16-189. Those amendments were superseded by the repeal of subsection (47.5)(h) in HB 16-1360, effective August 10, 2016. For the amendments to subsection (47.5)(h) in SB16-189 in effect from June 6, 2016, to August 10, 2016, see chapter 210, Session Laws of Colorado 2016. (L. 2016, p. 766.)

(3) Amendments to subsection (29) by SB 17-216 and SB 17-218 were harmonized; except that the introductory portion to subsection (29)(a) as added by Senate Bill 17-216 superseded the introductory portion to subsection (29)(a) as added by Senate Bill 17-218.

(4) Amendments to subsection (25)(a) by HB 17-1238, SB 17-226, SB 17-232, and HB 17-1239 were harmonized.

(5) Subsection (12)(a)(VII) was amended in HB 17-1238, effective August 9, 2017. However, those amendments were superseded by the repeal of subsection (12)(a)(VII) in SB 17-216, effective June 1, 2017.

(6) The effective date for changes to subsections IP(14)(a), (14)(a)(VII), IP(24)(a), and (24)(a)(IV) by Senate Bill 17-132 was changed from August 9, 2017, to July 1, 2018, by section 121 of Senate Bill 17-294. (See L. 2017, p. 1418.)

(7) Amendments to subsection (30) by HB 18-1174 and HB 18-1240 were harmonized.

(8) (a) Subsection (10)(b) provided for the repeal of subsection (10), effective July 1, 2018. (See L. 2016, p. 218.)

(b) Subsection (11)(b) provided for the repeal of subsection (11), effective September 1, 2018. (See L. 2016, p. 218.)

(c) Subsection (14)(a)(VII)(B) provided for the repeal of subsection (14)(a)(VII), effective July 1, 2018. (See L. 2017, pp. 807, 809, 1418.)

(9) Amendments to subsection (21)(a)(II) by HB 19-1172 and HB 19-1242 were harmonized. Amendments to subsection (35) by SB 19-150, SB 19-154, and HB 19-1114 were harmonized.

(10) Subsections (16)(a)(I), (16)(a)(III), (16)(a)(IV), (16)(a)(V), (16)(a)(VI), (16)(a)(VII), and (17)(a)(VII) were amended in HB 19-1172, effective October 1, 2019. However, those amendments were superseded by the repeal of the subsections as follows: (16)(a)(I) in SB 19-159, effective May 17, 2019; (16)(a)(III) in SB 19-154, effective July 1, 2019; (16)(a)(IV) in SB 19-155, effective July 1, 2019; (16)(a)(V) in SB 19-156, effective July 1, 2019; (16)(a)(VI) in SB 19-153, effective July 1, 2019; (16)(a)(VII) in SB 19-193, effective July 1, 2019; and (17)(a)(VII) in SB 19-234, effective August 2, 2019.

(11) (a) Subsection (12)(b) provided for the repeal of subsection (12), effective July 1, 2019. (See L. 2016, p. 218.)

(b) Subsection (13)(b) provided for the repeal of subsection (13), effective September 1, 2019. (See L. 2016, p. 218.)

(12) Amendments to subsection (32) by HB 20-1184, HB 20-1211, HB 20-1215, HB 20-1218, and HB 20-1219 were harmonized.

(13) (a) Subsection (14)(b) provided for the repeal of subsection (14), effective July 1, 2020. (See L. 2016, p. 218.)

(b) Subsection (15)(b) provided for the repeal of subsection (15), effective September 1, 2020. (See L. 2016, p. 218.)

(c) Subsections (29)(a)(X)(B) and (29)(a)(XI)(B) provided for the repeal of subsections (29)(a)(X) and (29)(a)(XI), respectively, effective January 1, 2020. (See L. 2019, p. 2823.)

(14) Section 11 of chapter 489 (HB 21-1109), Session Laws of Colorado 2021, provides that the act changing this section applies to applications filed on or after July 7, 2021.

**24-34-104.1. General assembly sunrise review of new regulation of occupations and professions.** (1) The general assembly finds that regulation should be imposed on an occupation or profession only when necessary for the protection of the public interest. The general assembly further finds that establishing a system for reviewing the necessity of regulating an occupation or profession prior to enacting laws for such regulation will better enable it to evaluate the need for the regulation and to determine the least restrictive regulatory alternative consistent with the public interest.

(2) (a) For proposals submitted on or after July 1, 2012, any professional or occupational group or organization, any individual, or any other interested party that proposes the regulation of any unregulated professional or occupational group shall submit the following information to the department of regulatory agencies no later than December 1 of any year for analysis and evaluation during the following year:

(I) A description of the group proposed for regulation, including a list of associations, organizations, and other groups representing the practitioners in this state, and an estimate of the number of practitioners in each group;

(II) A definition of the problem or problems to be solved by regulation and the reasons why regulation is necessary;

(III) A statement of support for the proposed regulation as described in paragraph (b) of this subsection (2);

(IV) The reasons why certification, registration, licensure, or other type of regulation is being proposed and why that regulatory alternative was chosen;

(V) The benefit to the public that would result from the proposed regulation;

(VI) The cost of the proposed regulation; and

(VII) A description of any anticipated disqualifications on an applicant for licensure, certification, relicensure, or recertification based on criminal history and how the disqualifications serve public safety or commercial or consumer protection interests.

(b) The department shall review a proposal to regulate a professional or occupational group only when the party requesting the review files a statement of support for the proposed regulation that has been signed by at least ten members of the professional or occupational group for which regulation is being sought or at least ten individuals who are not members of the professional or occupational group.

(3) (a) Except as provided in paragraph (b) or (c) of this subsection (3), the department of regulatory agencies shall conduct an analysis and evaluation of any proposed regulation submitted on or after July 1, 2012. The analysis and evaluation must be based upon the criteria listed in paragraph (b) of subsection (4) of this section. The department of regulatory agencies shall submit a report to the proponents of the regulation and to the general assembly no later than October 15 of the year following the year in which the proposed regulation was submitted.

(b) (I) After review of a proposal to regulate a professional or occupational group that was submitted on or after July 1, 2012, the department of regulatory agencies may decline to conduct an analysis and evaluation of the proposed regulation only if it:

(A) Previously conducted an analysis and evaluation of the proposed regulation of the same professional or occupational group;

(B) Issued a report not more than thirty-six months prior to the submission of the current proposal to regulate the same professional or occupational group; and

(C) Finds that no new information has been submitted that would cause the department to alter or modify the recommendations made in its earlier report on the proposed regulation of the professional or occupational group.

(II) If the department of regulatory agencies declines to conduct an analysis and evaluation pursuant to this paragraph (b), the department shall reissue its earlier report on the proposed regulation to the proponents of the regulation and the general assembly no later than October 15 of the year following the year in which the proposed regulation was submitted.

(c) If the department receives a proposal to regulate a professional or occupational group indicating, based on documentation verified by the department, that the unregulated professional or occupational group poses an imminent threat to public health, safety, or welfare, the department shall promptly notify the proponents of the proposed regulation and the legislative council of the general assembly of the imminent threat and shall submit to the legislative council the documentation on which it bases its finding of imminent threat. Within thirty days after receipt of the notice and documentation from the department, the legislative council shall conduct a hearing to examine the documentation and determine whether it concurs with the department's finding that an imminent threat exists. In conducting its examination, the legislative council shall consider whether regulation of the professional or occupational group without first obtaining an analysis and evaluation pursuant to paragraph (a) of this subsection (3) will substantially alter the impact on public health, safety, or welfare. The department may forego the analysis and evaluation only if the legislative council notifies the department that the legislative council concurs with the department's finding of imminent threat to public health, safety, and welfare.

(4) (a) (Deleted by amendment, L. 96, p. 796, § 7, effective May 23, 1996.)

(b) In such hearings, the determination as to whether such regulation of an occupation or a profession is needed shall be based upon the following considerations:

(I) Whether the unregulated practice of the occupation or profession clearly harms or endangers the health, safety, or welfare of the public, and whether the potential for the harm is easily recognizable and not remote or dependent upon tenuous argument;

(II) Whether the public needs, and can reasonably be expected to benefit from, an assurance of initial and continuing professional or occupational competence;

(III) Whether the public can be adequately protected by other means in a more cost-effective manner; and

(IV) Whether the imposition of any disqualifications on applicants for licensure, certification, relicensure, or recertification based on criminal history serves public safety or commercial or consumer protection interests.

(c) (Deleted by amendment, L. 96, p. 796, § 7, effective May 23, 1996.)

(5) Repealed.

(6) (a) Except as provided in paragraph (b) of this subsection (6), the supporters of regulation of a professional or occupational group may request members of the general assembly to present appropriate legislation to the general assembly during each of the two regular sessions that immediately succeed the date of the report required pursuant to subsection (3) of this section without the supporters having to comply again with the provisions of subsections (2), (3), and (4) of this section. Bills introduced pursuant to this subsection (6) shall count against the number of bills to which members of the general assembly are limited by any joint rule of the senate and the house of representatives.

(b) If, pursuant to paragraph (b) or (c) of subsection (3) of this section, the department of regulatory agencies declines to conduct an analysis and evaluation of the proposed regulation of a professional or occupational group and reissues a prior report on the proposed regulation of the same professional or occupational group or finds that the unregulated professional or occupational group poses an imminent threat to public health, safety, or welfare, as confirmed by the legislative council of the general assembly, the supporters of the regulation of the professional or occupational group may request that members of the general assembly present appropriate legislation to the general assembly during each of the next two regular sessions that begin after the date the department reissues its original report on the proposed regulation or the date on which the legislative council notifies the department that it concurs in a finding of imminent threat pursuant to paragraph (c) of subsection (3) of this section, whichever is applicable.

(7) This section is exempt from the provisions of section 24-1-136 (11), and the periodic reporting requirement of this section shall remain in effect until changed by the general assembly acting by bill.

**24-34-106. Professions and occupations - alternative to existing disciplinary actions.**

If, as a result of a proceeding held pursuant to article 4 of this title, it is determined that a person licensed, registered, or certified to practice a profession or occupation pursuant to article 2 of title 10 or title 12, C.R.S., has acted in such a manner as to be subject to disciplinary action, the licensing board, commission, or other agency of the state may, in lieu of or in addition to other forms of disciplinary action that may be authorized by law, require a licensee, registrant, or certificate holder to take courses of training or education relating to his profession or occupation. The licensing board, commission, or other agency of the state shall determine the conditions, on a case-by-case basis, which shall be imposed on such licensee, registrant, or certificate holder including, but not limited to, the type of and number of hours of training or education. All training or education courses are subject to approval by the board, commission, or agency, and the licensee, registrant, or certificate holder shall be required to furnish satisfactory proof that he has successfully completed such courses. Any training or education required by this section shall be in addition to the mandatory continuing education requirements for the profession or occupation, if any.

**Source: L. 84:** Entire section added, p. 695, § 1, effective March 26.

**24-34-107. Applications for licenses - authority to suspend licenses - rules.** (1) Every application by an individual for a license issued pursuant to the authority set forth in titles 10, 11, and 12 by any division, board, or agency of the department of regulatory agencies requires the applicant's name, address, and social security number. If the applicant does not have a social security number, the division, board, or agency shall require the applicant's individual taxpayer identification number, or another document verifying the applicant's identity, as determined by such division, board, or agency.

(2) The divisions, boards, or agencies of the department of regulatory agencies shall deny, suspend, or revoke any license pursuant to the provisions of section 26-13-126, C.R.S., and any rules promulgated in furtherance thereof, if such division, board, or agency receives a notice to deny, suspend, or revoke from the state child support enforcement agency because the licensee or applicant is out of compliance with a court or administrative order for current child support, child support debt, retroactive child support, child support arrearages, or child support when combined with maintenance or because the licensee or applicant has failed to comply with a properly issued subpoena or warrant relating to a paternity or child support proceeding. Any such denial, suspension, or revocation shall be in accordance with the procedures specified by rule of any such division, board, or agency of the department of regulatory agencies, rules

promulgated by the state board of human services, and any memorandum of understanding entered into between any division, board, or agency of the department of regulatory agencies and the state child support enforcement agency for the implementation of this section and section 26-13-126, C.R.S.

(3) (a) The divisions, boards, and agencies of the department of regulatory agencies may enter into a memorandum of understanding with the state child support enforcement agency to facilitate implementation of this section and section 26-13-126, C.R.S., through the rules promulgated pursuant to subsection (2) of this section.

(b) The divisions, boards, and agencies of the department of regulatory agencies are authorized to promulgate rules to implement the provisions of this section.

(4) For purposes of this section, "license" means any registration, certificate, charter, or membership issued by any division, board, or agency of the department of regulatory agencies for an individual to practice a profession or occupation or for an individual to participate in any recreational activity.

(5) (a) When any division, board, or agency of the department of regulatory agencies determines that an individual applying for a license has been convicted of a crime prior to the application being submitted, it may, subject to the provisions of section 24-5-101, issue a conditional license to that individual.

(b) The individual may request that the conditional designation or any related adverse action be removed a year after the issuance of the conditional license or when the individual applies for renewal of the license, whichever is later:

(I) If the individual remains free of any subsequent criminal conviction or licensing sanction after the conditional license is issued; and

(II) If the individual is no longer serving any term of probation or parole imposed for the criminal conviction.

(c) The division, board, or agency shall grant the request unless it determines that, under the provisions of section 24-5-101, the conditional designation remains necessary.

(d) If the division, board, or agency removes the conditional designation, it shall make the original conditional designation confidential and remove from the individual's professional history any reference to crimes committed before the application for licensure was submitted, unless the removal or designation as confidential violates any federal reporting law.

**24-34-108. Consumer outreach and education program - creation - cash fund - fine surcharge.** (1) The executive director of the department of regulatory agencies shall develop

and implement a consumer outreach and education program, referred to in this section as the "program", for the purposes of informing consumers of their rights regarding regulated professions and occupations, decreasing regulatory violations, and ensuring public awareness of consumer protection information available from the department.

(2) There is hereby created within the state treasury the consumer outreach and education cash fund for the purpose of developing, implementing, and maintaining the program. The fund shall consist of any surcharges that may be imposed by the executive director of the department of regulatory agencies within the department of regulatory agencies, including fines collected pursuant to titles 10, 11, 12, 40, and 42, C.R.S. The amount of each surcharge shall not exceed fifteen percent of the fine collected. The surcharges shall be adjusted as necessary so that surcharge revenues collected do not exceed two hundred thousand dollars annually. All moneys collected shall be transmitted to the state treasurer who shall credit such moneys to the fund. The moneys in the fund shall be subject to annual appropriation by the general assembly for the direct and indirect costs associated with the implementation of the program. Moneys in the fund not expended for the purposes of this section may be invested by the state treasurer as provided by law. All interest and income derived from the investment and deposit of moneys in the fund shall be credited to the fund. Moneys credited to the fund shall not be transferred to the general fund or any other fund; except that any unexpended and unencumbered moneys remaining in the fund at the end of any fiscal year that exceed ten percent of the fund's expenditures in that fiscal year shall be transferred to the general fund or another fund.

(3) On or before November 1 of each year, the executive director of the department of regulatory agencies shall provide a report to the joint budget committee of the general assembly that includes the amount of revenue collected from the surcharge in accordance with subsection (2) of this section for the previous fiscal year, a description of how the moneys were spent in the previous fiscal year, and a plan for how the moneys will be spent in the current fiscal year.

Rev. 687 (1989) and 67 Den. U. L. Rev. 639 (1990).

**24-34-301. Definitions.** As used in parts 3 to 8 of this article 34, unless the context otherwise requires:

(1) "Age" means a chronological age of at least forty years.

(1.1) "Agency" or "state agency" means any board, bureau, commission, department, institution, division, section, or officer of the state.

(1.5) "Commission" means the Colorado civil rights commission created in section 24-34-303.

(1.6) "Commissioner" means a member of the Colorado civil rights commission.

(2) "Director" means the director of the Colorado civil rights division, which office is created in section 24-34-302.

(2.5) "Disability" has the same meaning as set forth in the federal "Americans with Disabilities Act of 1990", 42 U.S.C. sec. 12101 et seq., and its related amendments and implementing regulations.

(3) "Division" means the Colorado civil rights division, created in section 24-34-302.

(3.3) "Gender expression" means an individual's way of reflecting and expressing the individual's gender to the outside world, typically demonstrated through appearance, dress, and behavior.

(3.5) "Gender identity" means an individual's innate sense of the individual's own gender, which may or may not correspond with the individual's sex assigned at birth.

(4) (Deleted by amendment, L. 93, p. 1655, 59, effective July 1, 1993.)

(4.1) "Housing" means a building, structure, vacant land, or part thereof offered for sale, lease, rent, or transfer of ownership; except that "housing" does not include any room offered for rent or lease in a single-family dwelling maintained and occupied in part by the owner or lessee of said dwelling as his or her household.

(4.2) "Housing accommodations" means any real property or portion thereof that is used or occupied, or intended, arranged, or designed to be used or occupied, as the home, residence, or sleeping place of one or more persons but does not include any single family residence, the occupants of which rent, lease, or furnish for compensation not more than one room in that residence.

(4.5) "Marital status" means a relationship or a spousal status of an individual, including but not limited to being single, cohabitating, engaged, widowed, married, in a civil union, or legally separated, or a relationship or a spousal status of an individual who has had or is in the process of having a marriage or civil union dissolved or declared invalid.

(5) (a) "Person" means one or more individuals, limited liability companies, partnerships, associations, corporations, legal representatives, trustees, receivers, or the state of Colorado and all of its political subdivisions and agencies.

(b) For the purposes of part 5 of this article 34, "person" does not include any private club not open to the public that, as an incident to its primary purpose or purposes, provides lodgings that it owns or operates for other than a commercial purpose, unless the club has the purpose of promoting discrimination in the matter of housing against any person because of disability, race, creed, color, religion, sex, sexual orientation, gender identity, gender expression, marital status, familial status, national origin, or ancestry.

(5.1) "Place of public accommodation" or "public accommodation" has the same meaning as set forth in Title III of the federal "Americans with Disabilities Act of 1990", 42 U.S.C. sec. 12181 (7), and its related amendments and implementing regulations.

(5.3) "Protective hairstyle" includes such hairstyles as braids, locs, twists, tight coils or curls, cornrows, Bantu knots, Afros, and headwraps.

(5.4) "Public entity" means:

(a) Any state or local government; or  
(b) Any department, agency, special district, or other instrumentality of a state or local government.

(5.5) "Public transportation service" means a common carrier of passengers or any other means of public conveyance or modes of transportation, including but not limited to airplanes, motor vehicles, railroad trains, motor buses, streetcars, boats, or taxis.

(5.6) "Qualified individual with a disability" or "individual with a disability" has the same meaning as set forth in the federal "Americans with Disabilities Act of 1990", 42 U.S.C. sec. 12131, and its related amendments and implementing regulations.

(5.8) "Race" includes hair texture, hair type, or a protective hairstyle that is commonly or historically associated with race.

(6) "Respondent" means any person, agency, organization, or other entity against whom a charge is filed pursuant to any of the provisions of parts 3 to 8 of this article.

(6.5) "Service animal" has the same meaning as set forth in the implementing regulations of Title II and Title III of the federal "Americans with Disabilities Act of 1990", 42 U.S.C. sec. 12101 et seq.

(7) "Sexual orientation" means an individual's identity, or another individual's perception thereof, in relation to the gender or genders to which the individual is sexually or emotionally attracted and the behavior or social affiliation that may result from the attraction.

(8) "Trainer of a service animal" means a person who individually trains a service animal.

**24-34-302. Civil rights division - director - powers and duties.** (1) There is hereby created within the department of regulatory agencies a division of state government to be known and designated as the Colorado civil rights division, the head of which shall be the director of the

Colorado civil rights division. The director shall be appointed by the executive director of the department of regulatory agencies pursuant to section 13 of article XII of the state constitution, and the executive director shall give good faith consideration to the recommendations of the commission prior to making the appointment.

(2) The director shall appoint such investigators and other personnel as may be necessary to carry out the functions and duties of the division. The director and the staff of the division shall receive, investigate, and make determinations on charges alleging unfair or discriminatory practices in violation of parts 4 to 7 of this article.

**Source: L. 79:** Entire part R&RE, p. 923, § 3, effective July 1. **L. 2009:** Entire section amended, (SB 09-110), ch. 238, p. 1083, § 4, effective July 1.

**24-34-303. Civil rights commission - membership.** (1) (a) There is hereby created, within the division, the Colorado civil rights commission.

(b) (I) The commission consists of seven members appointed by the governor, with the consent of the senate as specified in subsection (1)(b)(IV) of this section, for terms of four years. The governor shall make appointments in such a manner that there are at all times:

(A) Two members of the commission representing the business community, at least one of whom represents small business; except that, upon the expiration of the terms of the members appointed pursuant to this subsection (1)(b)(I)(A) before July 1, 2018, or upon a vacancy in either position, whichever occurs first, one member appointed pursuant to this subsection (1)(b)(I)(A) must be a majority owner of a small business that employs at least five but less than fifty employees and the other member appointed pursuant to this subsection (1)(b)(I)(A) must be a majority owner of a business that employs more than fifty employees, and thereafter the composition of the commission must continue to reflect this change;

(B) Two members of the commission representing state or local government entities; except that, upon the expiration of the terms of office of the members of the commission appointed pursuant to this subsection (1)(b)(I)(B) before July 1, 2018, or upon a vacancy in either position, whichever occurs first, the governor shall appoint to those positions one member representing a statewide chamber of commerce or other statewide organization representing business and industry and one member from or representing employee associations that represent workers in Colorado, and thereafter the composition of the commission must continue to reflect this change; and

(C) Three members of the commission from the community at large; except that, upon the expiration of the term of office of two members appointed pursuant to this subsection (1)(b)(I)(C) before July 1, 2018, or upon a vacancy in a position under this subsection (1)(b)(I)(C), whichever occurs first, the governor shall appoint two members from or representing employee associations that represent workers in Colorado, and thereafter the composition of the commission must continue to reflect this change.

(II) In addition to the qualifications specified in subsection (1)(b)(I) of this section, the membership of the commission must at all times include:

(A) At least four members who are members of groups of people who have been or who might be discriminated against because of disability, race, creed, color, sex, sexual orientation, gender identity, gender expression, national origin, ancestry, marital status, religion, or age; and

(B) No more than six members affiliated with a major political party and no more than three members affiliated with the same political party. A member must have been registered with the same political party or registered as unaffiliated for at least two years immediately preceding the member's appointment to the commission.

(III) The governor shall make appointments to provide geographical area representation insofar as may be practicable.

(IV) Notwithstanding any other provision of law, if, in accordance with section 6 of article IV of the state constitution, the governor nominates an individual for appointment to the commission and the senate rejects the nomination, the rejected individual is deemed ineligible to hold the office for two years. During that two-year period, the governor shall not nominate the rejected individual and, if the senate is not in session, shall not appoint the rejected individual to temporarily discharge the duties of the commission. For purposes of this subsection (1)(b)(IV), rejection by the senate of the nomination of an individual for appointment to the commission does not preclude the governor from nominating the rejected individual for another opening on the commission that occurs after an individual other than the rejected individual has filled the immediate opening on the commission.

(2) The governor shall fill vacancies on the commission by appointment, with the consent of the senate in accordance with subsection (1)(b)(IV) of this section, and the term of a commissioner appointed to fill a vacancy is for the unexpired part of the term for which the commissioner is appointed.

(3) Any commissioner may be removed from office by the governor for misconduct, incompetence, or neglect of duty.

(4) Commissioners shall receive a per diem allowance and shall be reimbursed for actual and necessary expenses incurred by them while on official commission business, as provided in section 12-20-103 (6).

(5) The commission may adopt, amend, or rescind rules for governing its meetings. Four commissioners shall constitute a quorum for purposes of conducting the business of the commission.

**24-34-304. Division and commission subject to termination - repeal of part.** (1) The provisions of section 24-34-104, concerning the termination schedule for regulatory bodies of

the state unless extended as provided in that section, are applicable to the division and the commission created by this part 3.

(2) This part 3 is repealed, effective September 1, 2027. Before its repeal, the functions of the division and commission are scheduled for review in accordance with section 24-34-104.

**Source:** **L. 79:** Entire part R&RE, p. 924, § 3, effective July 1. **L. 91:** Entire section amended, p. 687, § 52, effective April 20. **L. 99:** (2) amended, p. 150, § 3, effective March 25. **L. 2009:** (2) amended, (SB 09-110), ch. 238, p. 1082, § 3, effective July 1. **L. 2018:** (2) amended, (HB 18-1256), ch. 229, p. 1441, § 1, effective July 1.

**24-34-305. Powers and duties of commission.** (1) The commission has the following powers and duties:

(a) To adopt, publish, amend, and rescind rules, in accordance with the provisions of section 24-4-103, that are consistent with and for the implementation of parts 3 to 7 of this article. All rules adopted or amended are subject to sections 24-4-103 (8)(c) and (8)(d) and 24-34-104 (6)(b).

(b) Repealed.

(c) (I) To investigate and study the existence, character, causes, and extent of unfair or discriminatory practices as defined in parts 4 to 7 of this article and to formulate plans for the elimination of those practices by educational or other means.

(II) (A) In furtherance of its educational efforts to reduce instances of discriminatory or unfair employment practices, the commission shall create a volunteer working group representing both employer and employee interests, including human resource professionals, to assist in education and outreach efforts to foster understanding of and compliance with part 4 of this article. The commission may accept and expend gifts, grants, and donations to assist in its duties pursuant to this subparagraph (II).

(B) The commission shall create the volunteer working group by September 1, 2013. The working group shall develop and submit to the commission, by January 1, 2014, an education and outreach plan for the commission to implement for purposes of educating employers and providing outreach regarding part 4 of the article.

(C) In addition to the outreach plan required by sub-subparagraph (B) of this subparagraph (II), the working group shall compile and provide to the commission information on educational resources available to employers regarding the requirements of and compliance with part 4 of this article, including resources for employers on prevention of discriminatory employment practices. The commission shall post the information on its website and shall make the information available in an electronic format to all state departments and agencies that interact with private businesses in the state, including the departments of labor and employment, regulatory agencies, revenue, and state and the governor's office of economic development. Those departments and agencies, within existing resources, shall post the information provided by the commission, or links to that information, on their websites.

(d) (I) To hold hearings upon any complaint issued against a respondent pursuant to section 24-34-306; to subpoena witnesses and compel their attendance; to administer oaths and take the testimony of any person under oath; and to compel such respondent to produce for examination any books and papers relating to any matter involved in such complaint. Such hearings may be held by the commission itself, or by any commissioner, or by any

administrative law judge appointed by the commission pursuant to part 10 of article 30 of this title, subject to appropriations for such administrative law judges made to the department of personnel; except that, if no administrative law judge is made available within the time limitations set forth in section 24-34-306 (11), the governor shall appoint an administrative law judge at the request of the commission, and such administrative law judge shall be paid out of moneys appropriated to the division. If a witness either fails or refuses to obey a subpoena issued by the commission, the commission may petition the district court having jurisdiction for issuance of a subpoena in the premises, and the court shall in a proper case issue its subpoena. Refusal to obey such subpoena shall be punishable as contempt.

(II) No person may be excused from attending and testifying or from producing records, correspondence, documents, or other evidence in obedience to a subpoena in any such matter on the ground that the evidence or the testimony required of him may tend to incriminate him or subject him to any penalty or forfeiture. However, no testimony or other information compelled under order from the commission, or other information directly or indirectly derived from such testimony or other information, may be used against the witness in any criminal case, except a prosecution and punishment for perjury or false statement committed in so testifying.

(e) To issue such publications and reports of investigations and research as in its judgment will tend to promote goodwill among the various racial, religious, age, and ethnic groups of the state and which will tend to minimize or eliminate discriminatory or unfair practices as specified by parts 3 to 7 of this article. Publications of the commission circulated in quantity outside the executive branch shall be issued in accordance with the provisions of section 24-1-136.

(f) To prepare and transmit annually, in the form and manner prescribed by the heads of the principal departments pursuant to the provisions of section 24-1-136, a report accounting to the governor for the efficient discharge of all responsibilities assigned by law or directive to the commission;

(g) To recommend policies to the governor and to submit recommendations to persons, agencies, organizations, and other entities in the private sector to effectuate such policies;

(h) To make recommendations to the general assembly for such further legislation concerning discrimination as it may deem necessary and desirable;

(i) To cooperate, within the limits of any appropriations made for its operation, with other agencies or organizations, both public and private, whose purposes are consistent with those of parts 3 to 7 of this article, in the planning and conducting of educational programs designed to eliminate racial, religious, cultural, age, and intergroup tensions;

(i.5) To intervene in racial, religious, cultural, age, and intergroup tensions or conflicts for the purpose of informal mediation using alternative dispute resolution techniques. Such intervention may be made in cooperation with other agencies or organizations, both public and private, whose purposes are consistent with those of parts 3 to 7 of this article.

(j) To adopt an official seal;

(k) To receive reports from people alleging maternity care that is not organized for, and provided to, a person who is pregnant or in the postpartum period in a manner that is culturally congruent; maintains the person's dignity, privacy, and confidentiality; ensures freedom from harm and mistreatment; and enables informed choices and continuous support.

(2) Any provision of this article to the contrary notwithstanding, no person shall be required to alter, modify, or purchase any building, structure, or equipment or incur any

additional expense which would not otherwise be incurred in order to comply with parts 3, 4, 6, and 7 of this article.

(3) In exercising the powers and performing the duties and functions under parts 3 to 7 of this article, the commission, the division, and the director shall presume that the conduct of any respondent is not unfair or discriminatory until proven otherwise.

(4) Whether by rule, regulation, or other action or whether as a remedy for violation of any provision of parts 3 to 7 of this article or otherwise, the commission shall not prescribe or require the implementation of a quota system.

**24-34-306. Charge - complaint - hearing - procedure - exhaustion of administrative remedies.** (1) (a) Any person claiming to be aggrieved by a discriminatory or unfair practice as defined by parts 4 to 7 of this article may, by himself or herself or through his or her attorney-at-law, make, sign, and file with the division a verified written charge stating the name and address of the respondent alleged to have committed the discriminatory or unfair practice, setting forth the particulars of the alleged discriminatory or unfair practice, and containing any other information required by the division.

(b) The commission, a commissioner, or the attorney general on its own motion may make, sign, and file a charge alleging a discriminatory or unfair practice in cases where the commission, a commissioner, or the attorney general determines that the alleged discriminatory or unfair practice imposes a significant societal or community impact. The charge shall be filed in the same manner and shall contain the same information as required for a charge filed by an individual pursuant to paragraph (a) of this subsection (1). When the commission, a commissioner, or the attorney general files a charge pursuant to this paragraph (b), the remedy available for the discriminatory or unfair practice shall be limited to equitable relief to eliminate the discriminatory or unfair practice.

(c) Prior to any other action by the division regarding the charge, the division shall notify the respondent of the charges filed against him or her.

(2) (a) After the filing of a charge alleging a discriminatory or unfair practice as defined by parts 4 to 7 of this article, the director, with the assistance of the division's staff, shall make a prompt investigation of the charge. The director may subpoena witnesses and compel the

testimony of witnesses and the production of books, papers, and records if the testimony, books, papers, and records sought are limited to matters directly related to the charge. Any subpoena issued pursuant to this paragraph (a) shall be enforceable in the district court for the district in which the alleged discriminatory or unfair practice occurred and shall be issued only if the person or entity to be subpoenaed has refused or failed, after a proper request from the director, to provide voluntarily to the director the information sought by the subpoena.

(b) The director or the director's designee, who shall be an employee of the division, shall determine as promptly as possible whether probable cause exists for crediting the allegations of the charge, and shall follow one of the following courses of action:

(I) If the director or the director's designee determines that probable cause does not exist, he or she shall dismiss the charge and shall notify the person filing the charge and the respondent of the dismissal. In addition, in the notice, the director or the director's designee shall advise both parties:

(A) That the charging party has the right to file an appeal of the dismissal with the commission within ten days after the date the notification of dismissal is mailed;

(B) That, if the charging party wishes to file a civil action in a district court in this state based on the alleged discriminatory or unfair practice that was the subject of the charge filed with the commission, he or she must do so: Within ninety days after the date the notice specified in this subparagraph (I) is mailed if he or she does not file an appeal with the commission pursuant to sub-subparagraph (A) of this subparagraph (I); or within ninety days after the date the notice that the commission has dismissed the appeal specified in sub-subparagraph (A) of this subparagraph (I) is mailed;

(C) That, if the charging party does not file an action within the time limits specified in sub-subparagraph (B) of this subparagraph (I), the action will be barred, and no district court shall have jurisdiction to hear the action.

(II) If the director or the director's designee determines that probable cause exists, the director or the director's designee shall serve the respondent with written notice stating with specificity the legal authority and jurisdiction of the commission and the matters of fact and law asserted. In addition, the director or the director's designee shall order the charging party and the respondent to participate in compulsory mediation. Immediately after the director or the director's designee serves notice on the respondent, the director or the director's designee shall endeavor to eliminate the discriminatory or unfair practice by conference, conciliation, and persuasion and by means of the compulsory mediation required by this subparagraph (II).

(c) (Deleted by amendment, L. 2009, (SB 09-110), ch. 238, p. 1083, § 6, effective July 1, 2009.)

(3) The members of the commission and its staff shall not disclose the filing of a charge, the information gathered during the investigation, or the efforts to eliminate such discriminatory or unfair practice by conference, conciliation, and persuasion unless such disclosure is made in connection with the conduct of the investigation, in connection with the filing of a petition seeking appropriate injunctive relief against the respondent under section 24-34-507, or at a public hearing or unless the complainant and the respondent agree to such disclosure. Nothing in this subsection (3) shall be construed to prevent the commission from disclosing its final action on a charge, including the reasons for dismissing such charge, the terms of a conciliation agreement, or the contents of an order issued after hearing.

(4) When the director is satisfied that further efforts to settle the matter by conference, conciliation, and persuasion will be futile, he shall so report to the commission. If the commission determines that the circumstances warrant, it shall issue and cause to be served, in the manner provided by section 24-4-105 (2), a written notice and complaint requiring the respondent to answer the charges at a formal hearing before the commission, a commissioner, or an administrative law judge. Such hearing shall be commenced within one hundred twenty days after the service of such written notice and complaint. Such notice and complaint shall state the time, place, and nature of the hearing, the legal authority and jurisdiction under which it is to be held, and the matters of fact and law asserted.

(5) In accordance with rules adopted by the commission, discovery procedures may be used by the commission and the parties under the same circumstances and in the same manner as is provided by the Colorado rules of civil procedure after the notice of hearing under subsection (4) of this section has been given.

(6) The respondent may file a written answer prior to the date of the hearing. When a respondent has failed to answer at a hearing, the commission, a commissioner, or the administrative law judge, as the case may be, may enter his default. For good cause shown, the entry of default may be set aside within ten days after the date of such entry. If the respondent is in default, testimony may be heard on behalf of the complainant. After hearing such testimony, the commission, a commissioner, or the administrative law judge, as the case may be, may enter such order as the evidence warrants.

(7) The commission or the complainant shall have the power to reasonably and fairly amend any complaint, and the respondent shall have like power to amend his answer.

(8) The hearing shall be conducted and decisions rendered in accordance with section 24-4-105; except that the decision shall also include a statement of the reasons why the findings of fact lead to the conclusions. The case in support of the complaint shall be presented at the hearing by one of the commission's attorneys or agents, but no one presenting the case in support of the complaint shall counsel or advise the commission, commissioner, or administrative law judge who hears the case. The director and the staff shall not participate in the hearing except as a witness, nor shall they participate in the deliberations of, or counsel or advise, the commission, commissioner, or administrative law judge in such case. At any such hearing, the person presenting the case in support of the complaint shall have the burden of showing that the respondent has engaged or is engaging in an unfair or discriminatory practice, and the respondent's conduct shall be presumed not to be unfair or discriminatory until proven otherwise.

(9) If, upon all the evidence at a hearing, there is a statement of findings and conclusions in accordance with section 24-4-105, together with a statement of reasons for such conclusions, showing that a respondent has engaged in or is engaging in any discriminatory or unfair practice as defined in parts 4 to 7 of this article, the commission shall issue and cause to be served upon the respondent an order requiring such respondent to cease and desist from such discriminatory or unfair practice and to take such action as it may order in accordance with the provisions of parts 4 to 7 of this article.

(10) If, upon all of the evidence at a hearing, there is a statement of findings and conclusions in accordance with section 24-4-105, together with a statement of reasons for such conclusions, showing that a respondent has not engaged in any such discriminatory or unfair practice, the commission shall issue and cause to be served an order dismissing the complaint on the person alleging such discriminatory or unfair practice.

(11) If written notice that a formal hearing will be held is not served within two hundred seventy days after the filing of the charge, if the complainant has requested and received a notice of right to sue pursuant to subsection (15) of this section, or if the hearing is not commenced within the one-hundred-twenty-day period prescribed by subsection (4) of this section, the jurisdiction of the commission over the complaint shall cease, and the complainant may seek the relief authorized under this part 3 and parts 4 to 7 of this article against the respondent by filing a civil action in the district court for the district in which the alleged discriminatory or unfair practice occurred. Such action must be filed within ninety days of the date upon which the jurisdiction of the commission ceased, and if not so filed, it shall be barred and the district court shall have no jurisdiction to hear such action. If any party requests the extension of any time period prescribed by this subsection (11), such extension may be granted for good cause by the commission, a commissioner, or the administrative law judge, as the case may be, but the total period of all such extensions to either the respondent or the complainant shall not exceed ninety days each, and, in the case of multiple parties, the total period of all extensions shall not exceed one hundred eighty days.

(12) The division shall maintain a central file of decisions rendered under parts 3 to 7 of this article, and such file shall be open to the public for inspection during regular business hours.

(13) Any member of the commission and any person participating in good faith in the making of a complaint or a report or in any investigative or administrative proceeding authorized by parts 3 to 7 of this article shall be immune from liability in any civil action brought against him for acts occurring while acting in his capacity as a commission member or participant, respectively, if such individual was acting in good faith within the scope of his respective capacity, made a reasonable effort to obtain the facts of the matter as to which he acted, and acted in the reasonable belief that the action taken by him was warranted by the facts.

(14) No person may file a civil action in a district court in this state based on an alleged discriminatory or unfair practice prohibited by parts 4 to 7 of this article without first exhausting the proceedings and remedies available to him under this part 3 unless he shows, in an action filed in the appropriate district court, by clear and convincing evidence, his ill health which is of such a nature that pursuing administrative remedies would not provide timely and reasonable relief and would cause irreparable harm.

(15) The charging party in any action may request the division to issue a written notice of right to sue at any time prior to service of a notice and complaint pursuant to subsection (4) of this section. The charging party shall make the request for notice of right to sue in writing. The division shall promptly grant a claimant's request for notice of right to sue made after the expiration of one hundred eighty days following the filing of the charge. If a claimant makes a request for a notice of right to sue prior to the expiration of one hundred eighty days following the filing of the charge, the division shall grant the request upon a determination that the investigation of the charge will not be completed within one hundred eighty days following the filing of the charge. A notice of right to sue shall constitute final agency action and exhaustion of administrative remedies and proceedings pursuant to this part 3.

**24-34-307. Judicial review and enforcement.** (1) Any complainant or respondent claiming to be aggrieved by a final order of the commission, including a refusal to issue an order, may obtain judicial review thereof, and the commission may obtain an order of court for its enforcement in a proceeding as provided in this section.

(2) Such proceeding shall be brought in the court of appeals by appropriate proceedings under section 24-4-106 (11).

(3) Such proceeding shall be initiated by the filing of a petition in the court of appeals and the service of a copy thereof upon the commission and upon all parties who appeared before the commission, and thereafter such proceeding shall be processed under the Colorado appellate rules. The court of appeals shall have jurisdiction of the proceeding and the questions determined therein and shall have power to grant such temporary relief or restraining order as it deems just and proper and to make and enter upon the pleadings, testimony, and proceedings set forth in such transcript an order enforcing, modifying, and enforcing as so modified or setting aside the order of the commission in whole or in part.

(4) An objection that has not been urged before the commission shall not be considered by the court, unless the failure or neglect to urge such objection shall be excused because of extraordinary circumstances.

(5) Any party may move the court to remit the case to the commission in the interests of justice for the purpose of adducing additional specified and material evidence and seeking findings thereof, if such party shows reasonable grounds for the failure to adduce such evidence before the commission.

(6) The findings of the commission as to the facts shall be conclusive if supported by substantial evidence.

(7) The jurisdiction of the court shall be exclusive and its judgment and order shall be final, subject to review as provided by law and the Colorado appellate rules.

(8) The commission's copy of the testimony shall be available to all parties for examination at all reasonable times, without cost, and for the purpose of judicial review of the commission's orders.

(9) The commission may appear in court by its own attorney.

(9.5) Upon application by a person alleging a discriminatory housing practice under section 24-34-502 or a person against whom such a practice is alleged, the court may appoint an attorney for such person or may authorize the commencement or continuation of a civil action without the payment of fees, costs, or security, if in the opinion of the court such person is financially unable to bear the costs of such action.

(10) The commission or court upon motion may grant a stay of the commission order pending appeal.

(11) Appeals filed under this section shall be heard expeditiously and determined upon the transcript filed, without requirement for printing. Hearings in the court of appeals under this part 3 shall take precedence over all other matters, except matters of the same character.

(12) If no proceeding to obtain judicial review is instituted by a complainant or respondent within forty-nine days from the service of an order of the commission pursuant to

section 24-34-306, the commission may obtain a decree of the district court for the enforcement of such order upon showing that such respondent is subject to the jurisdiction of the commission and resides or transacts business within the county in which the petition for enforcement is brought.

**24-34-309. Public education - service and assistance animals - form used in housing.** (1) The division is authorized to educate the public about the definitions of assistance and service animals, as those terms are defined in sections 18-13-107.3 and 18-13-107.7, and the rights that accompany people with disabilities who use those animals. The division may:

(a) Use its website to include information on how a person with a disability can complain about discrimination encountered in places of public accommodation and housing;

(b) Create and publicize public service announcements about the definitions of assistance and service animals and links to the division's website;

(c) Create and publicize uniform signage for all places of public accommodation to display to inform the public of the rules surrounding service and assistance animals;

(d) Create and publicize one or more forms that landlords, qualified individuals with a disability, and health-care providers may use in making a determination contemplated by section 12-240-144, 12-245-229, or 12-255-133; and

(e) Establish an education program for law enforcement officers in Colorado about service and assistance animals and how to provide effective communication to people with disabilities when making inquiries under applicable law.

(2) If a landlord requires a tenant to provide documentation in connection with the tenant's assistance animal, as that term is defined in section 18-13-107.3, C.R.S., the landlord shall provide the tenant with the form specified in paragraph (d) of subsection (1) of this section if the division has posted the form on its website. The tenant need not use the form.

**24-34-401. Definitions.** As used in this part 4, unless otherwise defined in section 24-34-301 or unless the context otherwise requires:

- (1) "Apprenticeship" means any program for the training of apprentices.
- (2) "Employee" means any person employed by an employer, except a person in the domestic service of any person.
- (3) "Employer" means the state of Colorado or any political subdivision, commission, department, institution, or school district thereof, and every other person employing persons

within the state; but it does not mean religious organizations or associations, except such organizations or associations supported in whole or in part by money raised by taxation or public borrowing.

(4) "Employment agency" means any person undertaking to procure employees or opportunities to work for any other person or holding itself out to be equipped to do so.

(5) "Joint apprenticeship committee" means any association of representatives of a labor organization and an employer providing, coordinating, or controlling an apprentice training program.

(6) "Labor organization" means any organization which exists for the purpose in whole or in part of collective bargaining, or of dealing with employers concerning grievances, terms, or conditions of employment, or of other mutual aid or protection in connection with employment.

(7) "On-the-job training" means any program designed to instruct a person who, while learning the particular job for which he is receiving instruction, is also employed at that job or who may be employed by the employer conducting the program during the course of the program or when the program is completed.

(7.5) Repealed.

(8) "Unfair employment practice" means those practices specified as discriminatory or unfair in sections 24-34-402 and 24-34-402.3.

(9) "Vocational school" means any school or institution conducting a course of instruction, training, or retraining to prepare individuals to follow an occupation or trade or to pursue a manual, mechanical, technical, industrial, business, commercial, office, personal service, or other nonprofessional occupation.

**24-34-402. Discriminatory or unfair employment practices - definition.** (1) It is a discriminatory or unfair employment practice:

(a) For an employer to refuse to hire, to discharge, to promote or demote, to harass during the course of employment, or to discriminate in matters of compensation, terms, conditions, or privileges of employment against any individual otherwise qualified because of disability, race, creed, color, sex, sexual orientation, gender identity, gender expression, religion, age, national origin, or ancestry; but, with regard to a disability, it is not a discriminatory or an unfair employment practice for an employer to act as provided in this subsection (1)(a) if there is no reasonable accommodation that the employer can make with regard to the disability, the disability actually disqualifies the individual from the job, and the disability has a significant impact on the job. For purposes of this subsection (1)(a), "harass" means to create a hostile work environment based upon an individual's race, national origin, sex, sexual orientation, gender

identity, gender expression, disability, age, or religion. Notwithstanding the provisions of this subsection (1)(a), harassment is not an illegal act unless a complaint is filed with the appropriate authority at the complainant's workplace and the authority fails to initiate a reasonable investigation of a complaint and take prompt remedial action if appropriate.

(b) For an employment agency to refuse to list and properly classify for employment or to refer an individual for employment in a known available job for which the individual is otherwise qualified because of disability, race, creed, color, sex, sexual orientation, gender identity, gender expression, religion, age, national origin, or ancestry or for an employment agency to comply with a request from an employer for referral of applicants for employment if the request indicates either directly or indirectly that the employer discriminates in employment on account of disability, race, creed, color, sex, sexual orientation, gender identity, gender expression, religion, age, national origin, or ancestry; but, with regard to a disability, it is not a discriminatory or an unfair employment practice for an employment agency to refuse to list and properly classify for employment or to refuse to refer an individual for employment in a known available job for which the individual is otherwise qualified if there is no reasonable accommodation that the employer can make with regard to the disability, the disability actually disqualifies the applicant from the job, and the disability has a significant impact on the job;

(c) For a labor organization to exclude any individual otherwise qualified from full membership rights in the labor organization, to expel an individual from membership in the labor organization, or to otherwise discriminate against any of its members in the full enjoyment of work opportunity because of disability, race, creed, color, sex, sexual orientation, gender identity, gender expression, religion, age, national origin, or ancestry;

(d) For any employer, employment agency, or labor organization to print or circulate or cause to be printed or circulated any statement, advertisement, or publication, or to use any form of application for employment or membership, or to make any inquiry in connection with prospective employment or membership that expresses, either directly or indirectly, any limitation, specification, or discrimination as to disability, race, creed, color, sex, sexual orientation, gender identity, gender expression, religion, age, national origin, or ancestry or intent to make any such limitation, specification, or discrimination, unless based upon a bona fide occupational qualification or required by and given to an agency of government for security reasons;

(e) For any person, whether or not an employer, an employment agency, a labor organization, or the employees or members thereof:

(I) To aid, abet, incite, compel, or coerce the doing of any act defined in this section to be a discriminatory or unfair employment practice;

(II) To obstruct or prevent any person from complying with the provisions of this part 4 or any order issued with respect thereto;

(III) To attempt, either directly or indirectly, to commit any act defined in this section to be a discriminatory or unfair employment practice;

(IV) To discriminate against any person because such person has opposed any practice made a discriminatory or an unfair employment practice by this part 4, because he has filed a charge with the commission, or because he has testified, assisted, or participated in any manner in an investigation, proceeding, or hearing conducted pursuant to parts 3 and 4 of this article;

(f) For any employer, labor organization, joint apprenticeship committee, or vocational school providing, coordinating, or controlling apprenticeship programs or providing,

coordinating, or controlling on-the-job training programs or other instruction, training, or retraining programs:

(I) To deny to or withhold from any qualified individual because of disability, race, creed, color, sex, sexual orientation, gender identity, gender expression, religion, age, national origin, or ancestry the right to be admitted to or participate in an apprenticeship training program, an on-the-job training program, or any other occupational instruction, training, or retraining program; but, with regard to a disability, it is not a discriminatory or an unfair employment practice to deny or withhold the right to be admitted to or participate in any such program if there is no reasonable accommodation that can be made with regard to the disability, the disability actually disqualifies the individual from the program, and the disability has a significant impact on participation in the program;

(II) To discriminate against any qualified individual in pursuit of such programs or to discriminate against such an individual in the terms, conditions, or privileges of such programs because of disability, race, creed, color, sex, sexual orientation, gender identity, gender expression, religion, age, national origin, or ancestry;

(III) To print or circulate or cause to be printed or circulated any statement, advertisement, or publication, or to use any form of application for such programs, or to make any inquiry in connection with such programs that expresses, directly or indirectly, any limitation, specification, or discrimination as to disability, race, creed, color, sex, sexual orientation, gender identity, gender expression, religion, age, national origin, or ancestry or any intent to make any such limitation, specification, or discrimination, unless based on a bona fide occupational qualification;

(g) For any private employer to refuse to hire, or to discriminate against, any person, whether directly or indirectly, who is otherwise qualified for employment solely because the person did not apply for employment through a private employment agency; but an employer shall not be deemed to have violated the provisions of this section if such employer retains one or more employment agencies as exclusive suppliers of personnel and no employment fees are charged to an employee who is hired as a result of having to utilize the services of any such employment agency;

(h) (I) For any employer to discharge an employee or to refuse to hire a person solely on the basis that such employee or person is married to or plans to marry another employee of the employer; but this subparagraph (I) shall not apply to employers with twenty-five or fewer employees.

(II) It shall not be unfair or discriminatory for an employer to discharge an employee or to refuse to hire a person for the reasons stated in subparagraph (I) of this paragraph (h) under circumstances where:

(A) One spouse directly or indirectly would exercise supervisory, appointment, or dismissal authority or disciplinary action over the other spouse;

(B) One spouse would audit, verify, receive, or be entrusted with moneys received or handled by the other spouse; or

(C) One spouse has access to the employer's confidential information, including payroll and personnel records.

(i) Unless otherwise permitted by federal law, for an employer to discharge, discipline, discriminate against, coerce, intimidate, threaten, or interfere with any employee or other person because the employee inquired about, disclosed, compared, or otherwise discussed the

employee's wages; to require as a condition of employment nondisclosure by an employee of his or her wages; or to require an employee to sign a waiver or other document that purports to deny an employee the right to disclose his or her wage information.

(2) Notwithstanding any provisions of this section to the contrary, it is not a discriminatory or an unfair employment practice for the division of unemployment insurance in the department of labor and employment to ascertain and record the disability, sex, age, race, creed, color, or national origin of any individual for the purpose of making reports as may be required by law to agencies of the federal or state government only. The division may make and keep the records in the manner required by the federal or state law, but neither the division nor the department of labor and employment shall divulge the information to prospective employers as a basis for employment, except as provided in this subsection (2).

(3) Nothing in this section shall prohibit any employer from making individualized agreements with respect to compensation or the terms, conditions, or privileges of employment for persons suffering a disability if such individualized agreement is part of a therapeutic or job-training program of no more than twenty hours per week and lasting no more than eighteen months.

(4) Notwithstanding any other provision of this section to the contrary, it shall not be a discriminatory or an unfair employment practice with respect to age:

(a) To take any action otherwise prohibited by this section if age is a bona fide occupational qualification reasonably necessary to the normal operation of the particular employer or where the differentiation is based on reasonable factors other than age; or

(b) To observe the terms of a bona fide seniority system or any bona fide employee benefit plan, such as a retirement, pension, or insurance plan, which is not a subterfuge to evade the purposes of this section; except that, unless authorized in paragraph (a) of this subsection (4), no such employee benefit plan shall require or permit the involuntary retirement of any individual because of the age of such individual; or

(c) To compel the retirement of any employee who is sixty-five years of age or older and under seventy years of age and who, for the two-year period immediately before retirement, is employed in a bona fide executive or a high policy-making position if such employee is entitled to an immediate nonforfeitable annual retirement benefit from a pension, profit-sharing, savings, or deferred compensation plan, or any combination of such plans, of the employer of such employee and if such plan equals, in the aggregate, at least forty-four thousand dollars; or

(d) To discharge or otherwise discipline an individual for reasons other than age.

(5) Nothing in this section shall preclude an employer from requiring compliance with a reasonable dress code as long as the dress code is applied consistently.

(6) Notwithstanding any other provision of law, this section shall not apply to a religious corporation, association, educational institution, or society with respect to the employment of individuals of a particular religion to perform work connected with the carrying on by such corporation, association, educational institution, or society of its activities.

(7) For purposes of this section, "employer" shall not include any religious organization or association, except for any religious organization or association that is supported in whole or in part by money raised by taxation or public borrowing.

**24-34-402.3. Prohibition of discrimination - pregnancy, childbirth, and related conditions - reasonable accommodations required - notice of rights - definitions.** (1) (a) An employer shall:

(I) Provide reasonable accommodations to perform the essential functions of the job to an applicant for employment or an employee for health conditions related to pregnancy or the physical recovery from childbirth, if the applicant or employee requests the reasonable accommodations, unless the accommodation would impose an undue hardship on the employer's business;

(II) Not take adverse action against an employee who requests or uses a reasonable accommodation related to pregnancy, physical recovery from childbirth, or a related condition;

(III) Not deny employment opportunities to an applicant or employee based on the need to make a reasonable accommodation related to the applicant's or employee's pregnancy, physical recovery from childbirth, or a related condition;

(IV) Not require an applicant or employee affected by pregnancy, physical recovery from childbirth, or a related condition to accept an accommodation that the applicant or employee has not requested or an accommodation that is unnecessary for the applicant or employee to perform the essential functions of the job; and

(V) Not require an employee to take leave if the employer can provide another reasonable accommodation for the employee's pregnancy, physical recovery from childbirth, or related condition.

(b) An employer may require an employee or applicant to provide a note stating the necessity of a reasonable accommodation from a licensed health-care provider before providing a reasonable accommodation.

(2) If an applicant or an employee requests an accommodation, the employer and applicant or employee shall engage in a timely, good-faith, and interactive process to determine effective, reasonable accommodations for the applicant or employee for conditions related to pregnancy, physical recovery from childbirth, or a related condition.

(3) (a) The employer shall provide written notice of the right to be free from discriminatory or unfair employment practices pursuant to this section to:

(I) New employees at the start of employment; and

(II) Existing employees within one hundred twenty days after August 10, 2016.

(b) The employer shall post the required notice in a conspicuous place in the employer's place of business in an area accessible to employees.

(4) As used in this section:

(a) "Adverse action" means an action where a reasonable employee would have found the action materially adverse, such that it might have dissuaded a reasonable worker from making or supporting a charge of discrimination.

(b) "Reasonable accommodations" may include, but is not limited to, the provision of more frequent or longer break periods; more frequent restroom, food, and water breaks; acquisition or modification of equipment or seating; limitations on lifting; temporary transfer to a less strenuous or hazardous position if available, with return to the current position after pregnancy; job restructuring; light-duty, if available; assistance with manual labor; or modified work schedules as long as the employer is not required to do any of the following:

(I) Hire new employees that the employer would not otherwise have hired;

(II) Discharge an employee, transfer another employee with more seniority, or promote another employee who is not qualified to perform the new job;

(III) Create a new position, including a light-duty position for the employee, unless a light-duty position would be provided for another equivalent employee; or

(IV) Provide the employee paid leave beyond that which is provided to similarly situated employees.

(c) (I) "Undue hardship", in connection with a requested accommodation, means an action requiring significant difficulty or expense to the employer. In determining undue hardship, the following factors may be considered:

(A) The nature and cost of the accommodation;

(B) The overall financial resources of the employer;

(C) The overall size of the employer's business with respect to the number of employees and the number, type, and location of the available facilities; and

(D) The accommodation's effect on expenses and resources or its effect upon the operations of the employer.

(II) The employer's provision of, or a requirement that the employer provide, a similar accommodation to other classes of employees creates a rebuttable presumption that the accommodation does not impose an undue hardship.

(5) It is a discriminatory or unfair employment practice for an employer to violate this section; except that a violation of subsection (3) of this section is not a discriminatory or unfair employment practice.

(6) (a) This section does not preempt or limit any other provision of law relating to sex discrimination or to pregnancy, physical recovery from childbirth, or a related condition.

(b) This section neither increases nor decreases an employee's rights, under any other law, to paid or unpaid leave in connection with the employee's pregnancy.

(7) Notwithstanding section 24-34-405, a court shall not award punitive damages in a civil action involving a claim of failure to make a reasonable accommodation for an employee for conditions related to pregnancy or the physical recovery from childbirth if the defendant

demonstrates good-faith efforts to identify and make a reasonable accommodation that would provide an employee who has a health condition related to pregnancy or the physical recovery from childbirth with an equally effective opportunity and would not cause an undue hardship on the operation of the defendant's business.

**24-34-402.5. Unlawful prohibition of legal activities as a condition of employment.**

(1) It shall be a discriminatory or unfair employment practice for an employer to terminate the employment of any employee due to that employee's engaging in any lawful activity off the premises of the employer during nonworking hours unless such a restriction:

(a) Relates to a bona fide occupational requirement or is reasonably and rationally related to the employment activities and responsibilities of a particular employee or a particular group of employees, rather than to all employees of the employer; or

(b) Is necessary to avoid a conflict of interest with any responsibilities to the employer or the appearance of such a conflict of interest.

(2) (a) Notwithstanding any other provisions of this article, the sole remedy for any person claiming to be aggrieved by a discriminatory or unfair employment practice as defined in this section shall be as follows: He or she may bring a civil action for damages in any district court of competent jurisdiction and may sue for all wages and benefits that would have been due him or her up to and including the date of the judgment had the discriminatory or unfair employment practice not occurred; except that nothing in this section shall be construed to relieve the person from the obligation to mitigate his or her damages.

(b) (I) If the prevailing party in the civil action is the plaintiff, the court shall award the plaintiff court costs and a reasonable attorney fee.

(II) This paragraph (b) shall not apply to an employee of a business that has or had fifteen or fewer employees during each of twenty or more calendar work weeks in the current or preceding calendar year.

**Source: L. 90:** Entire section added, p. 1222, § 1, effective July 1. **L. 2007:** (2) amended, p. 859, § 1, effective July 1.

**24-34-402.7. Unlawful action against employees seeking protection.** (1) (a) Employers shall permit an employee to request or take up to three working days of leave from work in any twelve-month period, with or without pay, if the employee is the victim of domestic abuse, as that term is defined in section 13-14-101 (2), C.R.S., the victim of stalking, as that crime is described in section 18-3-602, C.R.S., the victim of sexual assault, as that crime is defined in section 18-3-402, C.R.S., or the victim of any other crime, the underlying factual basis of which has been found by a court on the record to include an act of domestic violence, as that term is defined in section 18-6-800.3 (1), C.R.S. This section shall only apply if the employee is using the leave from work to protect himself or herself by:

(I) Seeking a civil protection order to prevent domestic abuse pursuant to section 13-14-104.5, 13-14-106, or 13-14-108, C.R.S.;

(II) Obtaining medical care or mental health counseling or both for himself or herself or for his or her children to address physical or psychological injuries resulting from the act of domestic abuse, stalking, or sexual assault or other crime involving domestic violence;

(III) Making his or her home secure from the perpetrator of the act of domestic abuse, stalking, or sexual assault or other crime involving domestic violence or seeking new housing to escape said perpetrator;

(IV) Seeking legal assistance to address issues arising from the act of domestic abuse, stalking, or sexual assault or other crime involving domestic violence and attending and preparing for court-related proceedings arising from said act or crime.

(b) The provisions of paragraph (a) of this subsection (1) shall only apply to employers who employ fifty or more employees and to employees who have been employed with the employer for twelve months or more.

(2) (a) Except in cases of imminent danger to the health or safety of the employee, an employee seeking leave from work pursuant to this section shall provide his or her employer with the appropriate advance notice of such leave as may be required by the employer's policy and such documentation as may be required by the employer.

(b) An employee seeking leave pursuant to this section, prior to receiving such leave, shall exhaust any and all annual or vacation leave, personal leave, and sick leave, if applicable, that may be available to the employee, unless the employer waives this requirement.

(c) All information related to the employee's leave pursuant to this section shall be kept confidential by the employer.

(3) (a) It shall be unlawful for any employer to interfere with, restrain, or deny the exercise of or any attempt to exercise any rights provided under this section.

(b) It shall be unlawful for any employer to discharge or in any other manner discriminate against any individual for exercising his or her rights under this section.

(c) An employee shall have no greater rights to continued employment or to other benefits and conditions of employment than if the employee was not entitled to leave under this section. Nothing in this section shall be construed to limit the employer's right to discipline or terminate any employee for any reason, including but not limited to reductions in work force or termination for cause or for no reason at all, other than exercising his or her rights under this section.

(4) Notwithstanding any other provisions of this article to the contrary, the sole remedy for any person claiming to be aggrieved by a violation of this section shall be to bring a civil suit for damages or equitable relief or both in any district court of competent jurisdiction. Such person may claim as damages all wages and benefits that would have been due the person up to and including the date of the judgment had the act violating this section not occurred; except that nothing in this section shall be construed to relieve such person from the obligation to mitigate his or her damages.

**24-34-403. Time limits on filing of charges.** Any charge alleging a violation of this part 4 shall be filed with the commission pursuant to section 24-34-306 within six months after the alleged discriminatory or unfair employment practice occurred, and if not so filed, it shall be barred.

**Source:** L. 79: Entire part R&RE, p. 931, § 3, effective July 1. L. 89: Entire section amended, p. 1041, § 7, effective July 1.

**24-34-404. Charges by employers and others.** Any employer, labor organization, joint apprenticeship committee, or vocational school whose employees or members, or some of them, refuse or threaten to refuse to comply with the provisions of this part 4 may file with the commission a verified written charge in duplicate asking the commission for assistance to obtain their compliance by conciliation or other remedial action.

**Source:** L. 79: Entire part R&RE, p. 932, § 3, effective July 1.

**24-34-405. Relief authorized - short title.** (1) This section shall be known and may be cited as the "Job Protection and Civil Rights Enforcement Act of 2013".

(2) (a) In addition to the relief authorized by section 24-34-306 (9), the commission or the court may order affirmative relief that the commission or court determines to be appropriate, including the following relief, against a respondent who is found to have engaged in an unfair or discriminatory employment practice:

(I) Reinstatement or hiring of employees, with or without back pay. If the commission or court orders back pay, the employer, employment agency, or labor organization responsible for the discriminatory or unfair employment practice shall pay the back pay to the person who was the victim of the practice.

(II) Front pay; or

(III) Any other equitable relief the commission or court deems appropriate.

(b) If the commission or court orders back pay, the liability for back pay accrues from a date not more than two years prior to the filing of a charge with the division. The commission or court shall reduce an award of back pay by any amount of actual earnings of, or amounts that could have been earned with reasonable diligence by, the person who was the victim of the discriminatory or unfair employment practice.

(3) (a) In addition to the relief available pursuant to subsection (2) of this section, and except as provided in paragraph (g) of this subsection (3), in a civil action brought by a plaintiff under this part 4 against a defendant who is found to have engaged in an intentional discriminatory or unfair employment practice, the plaintiff may recover compensatory and punitive damages as specified in this subsection (3). The court shall not award a plaintiff compensatory or punitive damages when the defendant is found to have engaged in an employment practice that is unlawful solely because of its disparate impact.

(b) (I) Except as limited by the "Colorado Governmental Immunity Act", article 10 of this title, and except as provided in subparagraph (II) of this paragraph (b), a plaintiff may recover punitive damages against a defendant, other than the state or any political subdivision, commission, department, institution, or school district of the state, if the plaintiff demonstrates by clear and convincing evidence that the defendant engaged in a discriminatory or unfair

employment practice with malice or reckless indifference to the rights of the plaintiff. However, if the defendant demonstrates good-faith efforts to comply with this part 4 and to prevent discriminatory and unfair employment practices in the workplace, the court shall not award punitive damages against the defendant.

(II) The court shall not award punitive damages in a civil action involving a claim of failure to make a reasonable accommodation for a person with a disability if the defendant demonstrates good-faith efforts to identify and make a reasonable accommodation that would provide the person with a disability an equally effective opportunity and would not cause an undue hardship on the operation of the defendant's business.

(c) A plaintiff may recover compensatory damages against a defendant for other pecuniary losses, emotional pain and suffering, inconvenience, mental anguish, loss of enjoyment of life, and other nonpecuniary losses.

(d) (I) Except as provided in subparagraph (II) of this paragraph (d), the total amount of compensatory and punitive damages awarded pursuant to this subsection (3) shall not exceed the amounts specified in 42 U.S.C. sec. 1981a (b)(3).

(II) For employers who employ fewer than fifteen employees, the total amount of compensatory and punitive damages awarded pursuant to this subsection (3) shall not exceed the following amounts:

(A) If the defendant has one or more employees but fewer than five employees in each of twenty or more calendar weeks in either the current or preceding calendar year, ten thousand dollars; or

(B) If the defendant has five or more employees but fourteen or fewer employees in each of twenty or more calendar weeks in either the current or preceding calendar year, twenty-five thousand dollars.

(III) In determining the appropriate level of damages to award a plaintiff who has been the victim of an intentional discriminatory or unfair employment practice, the court shall consider the size and assets of the defendant and the egregiousness of the intentional discriminatory or unfair employment practice.

(IV) If a plaintiff asserts claims of intentional discriminatory or unfair employment practices under this article and under applicable federal anti-discrimination laws, the plaintiff may recover relief under this section only once for the same injuries, damages, or losses.

(e) Compensatory or punitive damages awarded pursuant to this subsection (3) are in addition to, and do not include, front pay, back pay, interest on back pay, or any other type of relief awarded pursuant to subsection (2) of this section.

(f) The remedies specified in this subsection (3) apply to causes of action alleging discriminatory or unfair employment practices accruing on or after January 1, 2015.

(g) In a civil action involving a claim of discrimination based on age, the plaintiff is entitled only to the relief authorized in subsection (2) of this section and in 29 U.S.C. sec. 626 (b) and 29 U.S.C. sec. 216 (b) if the court finds that the defendant engaged in a discriminatory or unfair employment practice based on age. If, in addition to alleging discrimination based on age, the plaintiff alleges discrimination based on any other factor specified in section 24-34-402 (1), this paragraph (g) does not preclude a plaintiff from recovering the relief authorized by this section for that discrimination claim.

(4) If a plaintiff in a civil action filed under this part 4 seeks compensatory or punitive damages pursuant to subsection (3) of this section, any party to the civil action may demand a trial by jury.

(5) In any civil action under this part 4, the court may award reasonable attorney fees and costs to the prevailing plaintiff. If the court finds that an action or defense brought pursuant to this part 4 was frivolous, groundless, or vexatious as provided in article 17 of title 13, C.R.S., the court may award costs and attorney fees to the defendant in the action.

(6) Except when federal law is silent on the issue, this section shall be construed, interpreted, and applied in a manner that is consistent with standards established through judicial interpretation of Title VII of the federal "Civil Rights Act of 1964", as amended, 42 U.S.C. sec. 2000e et seq.; the federal "Age Discrimination in Employment Act of 1967", as amended, 29 U.S.C. sec. 621 et seq.; titles I and V of the federal "Americans with Disabilities Act of 1990", as amended, 42 U.S.C. sec. 12111 et seq.; and the federal "Civil Rights Act of 1991", 42 U.S.C. sec. 1981a.

(7) Nothing in this section precludes a party from asserting any other available statutory or common law claims.

(8) (a) As used in this subsection (8), "aggrieved party" means a person who has filed a complaint alleging an intentional discriminatory or unfair employment practice, including an applicant for a position in the state personnel system or an employee in the state personnel system.

(b) The commission, a commissioner, an administrative law judge appointed pursuant to part 10 of article 30 of this title, or, in cases involving applicants for positions in or employees in the state personnel system, the state personnel board established pursuant to section 14 of article XII of the state constitution shall not award damages to an aggrieved party alleging an intentional discriminatory or unfair employment practice. An aggrieved party who is seeking damages as authorized in subsection (3) of this section must file a civil action in a court of competent jurisdiction to recover those damages; except that punitive damages are not recoverable against the state or any political subdivision, commission, department, institution, or school district of the state.

(c) (I) Upon issuance of an order by the commission pursuant to section 24-34-306 (9) and subsection (2) of this section or of a written decision by the state personnel board pursuant to section 24-50-125.4 in which the commission or state personnel board makes a finding of an intentional discriminatory or unfair employment practice, an aggrieved party may file a civil action in a district court in this state seeking damages as authorized in subsection (3) of this section.

(II) For complaints filed with the commission, the aggrieved party must file the action for damages within thirty days after the date the commission mails notice of the order issued pursuant to section 24-34-306 (9) and subsection (2) of this section. If the aggrieved party fails to file an action for damages within thirty days after the date the notice of the order is mailed, the action is barred, no district court has jurisdiction to hear the action, and the commission's order becomes final and is subject to judicial review pursuant to section 24-34-307.

(III) (A) For complaints filed with the state personnel board, if an administrative law judge issues the initial written decision on behalf of the state personnel board, the aggrieved party may not file a civil action until after the expiration of the thirty-day period specified in section 24-50-125.4 (4) for filing an appeal. If a party does not file an appeal of the

administrative law judge's initial decision with the state personnel board in accordance with section 24-50-125.4 (4), the aggrieved party must file the civil action for compensatory damages within thirty days after the expiration of the appeal period specified in section 24-50-125.4 (4). If a party files an appeal with the state personnel board in accordance with section 24-50-125.4 (4), the aggrieved party must file the civil action for compensatory damages within thirty days after the date the state personnel board transmits the notice of its decision on the appeal in accordance with section 24-50-125.4 (6).

(B) If the aggrieved party fails to file an action for compensatory damages within thirty days after the appeal period expires or the date the state personnel board's notice of decision is transmitted, whichever is applicable pursuant to sub-subparagraph (A) of this subparagraph (III), the action for compensatory damages is barred, no district court has jurisdiction to hear the action, and the state personnel board's decision becomes final and is subject to judicial review pursuant to sections 24-50-125.4 (3) and 24-4-106 (11).

(d) (I) If the aggrieved party initially filed a complaint with the commission, the aggrieved party and the district court shall serve a copy of the civil action complaint on the commission, and upon receipt of the civil action complaint, the commission's order is automatically stayed pending the outcome of the civil action, in which case the commission's decision is not a final order subject to judicial review pursuant to section 24-34-307 until the district court issues a final judgment in the civil action for damages.

(II) If the aggrieved party is an applicant for a position in or an employee in the state personnel system, the aggrieved party and the district court shall serve a copy of the civil action complaint on the state personnel board, and upon receipt of the complaint, the state personnel board's decision is automatically stayed pending the outcome of the civil action, in which case the state personnel board's decision is not a final order subject to judicial review pursuant to sections 24-50-125.4 (3) and 24-4-106 (11) until the district court issues a final judgment in the civil action for compensatory damages.

(e) (I) In a civil action brought pursuant to this subsection (8) for damages after the commission or state personnel board makes a finding of an intentional discriminatory or unfair employment practice, the district court shall consider the issue of whether the aggrieved party is entitled to damages and the amount of damages, if awarded.

(II) The district court may award attorney fees and costs in connection with the action for damages consistent with subsection (5) of this section.

(III) The district court shall expedite the action for damages and set the matter for trial at the earliest practical time.

(f) Upon entering a final judgment in a civil action brought pursuant to this subsection (8), the district court shall serve notice of the judgment on the parties and the commission or state personnel board, as appropriate. Once the commission or state personnel board receives a final judgment from the district court, the commission or state personnel board shall incorporate the district court judgment in its order or decision, which becomes a final order subject to judicial review in accordance with section 24-34-307 or sections 24-50-125.4 (3) and 24-4-106 (11), as applicable.

(g) A claim filed pursuant to this subsection (8) by an aggrieved party against the state for compensatory damages for an intentional unfair or discriminatory employment practice is not subject to the "Colorado Governmental Immunity Act", article 10 of this title.

Ruling on unemployment benefits not a bar.** No findings, conclusions, or orders made pursuant to the provisions of articles 70 to 82 of title 8, C.R.S., shall be binding upon the commission in the exercise of its powers pursuant to parts 3 and 4 of this article; except that the commission may consider any explicit findings or conclusions on the issue of discrimination. If the decision under parts 3 and 4 of this article is in favor of the complainant, the respondent may present evidence of any unemployment benefits pursuant to articles 70 to 82 of title 8, C.R.S., which were received by the complainant based on the same occurrence. The relief granted to the complainant shall be reduced by the amount of such benefits, as provided in section 8-2-119, C.R.S.

## PART 5

### HOUSING PRACTICES

**Editor's note:** (1) This part 5 was numbered as article 1 of chapter 25, C.R.S. 1963. Parts 3 to 8 of this article were repealed and reenacted in 1979, resulting in the addition, relocation, and elimination of sections as well as subject matter. For amendments to this part 5 prior to 1979, consult the Colorado statutory research explanatory note and the table itemizing the replacement volumes and supplements to the original volume of C.R.S. 1973 beginning on page vii in the front of this volume.

(2) The former provisions of this part 5 were relocated to part 6 of this article in 1979.

**Law reviews:** For article, "Transgender Discrimination Law: Developments Under Colorado and Federal Law", see 45 Colo. Law. 51 (Sept. 2016); for article, "CADA: The Intersection of LGBT Civil Rights and Religious Freedom", see 46 Colo. Law. 31 (Jan. 2017).

**24-34-501. Definitions.** As used in this part 5, unless the context otherwise requires:

(1) "Aggrieved person" means any person who claims to have been injured by a discriminatory housing practice or believes that he will be injured by a discriminatory housing practice that is about to occur.

(1.3) (a) "Disability" means a physical impairment which substantially limits one or more of a person's major life activities and includes a record of such an impairment and being regarded as having such an impairment.

(b) (I) On and after July 1, 1990, as to this part 5, "disability" also includes a person who has a mental impairment, but the term does not include any person currently involved in the illegal use of a controlled substance or a substance use disorder with respect to a controlled substance.

(II) The term "mental impairment" as used in subsection (1.3)(b)(I) of this section means any behavioral, mental, or psychological disorder, such as an intellectual and developmental disability, organic brain syndrome, behavioral or mental health disorder, or specific learning disability.

(1.5) "Discriminate" includes both segregate and separate.

(1.6) "Familial status" means one or more individuals, who have not attained eighteen years of age, being domiciled with a parent or another person having legal custody of or parental responsibilities for such individual or individuals or the designee of such parent or other persons having such custody or parental responsibilities with the written permission of such parent or other person. Familial status shall apply to any person who is pregnant or is in the process of securing legal custody or parental responsibilities of any individual who has not attained eighteen years of age.

(2) "Housing" means any building, structure, vacant land, or part thereof offered for sale, lease, rent, or transfer of ownership.

(3) "Person" has the meaning ascribed to such term in section 24-34-301 (5) and includes any owner, lessee, proprietor, manager, employee, or any agent of a person; but, for purposes of this part 5, "person" does not include any private club not open to the public that, as an incident to its primary purpose or purposes, provides lodgings that it owns or operates for other than a commercial purpose, unless the club has the purpose of promoting discrimination in the matter of housing against any person because of disability, race, creed, color, religion, sex, sexual orientation, gender identity, gender expression, marital status, familial status, national origin, or ancestry.

(4) "Restrictive covenant" means any specification limiting the transfer, rental, or lease of any housing because of disability, race, creed, color, religion, sex, sexual orientation, gender identity, gender expression, marital status, familial status, national origin, or ancestry, or limiting the rental or lease of any housing because of source of income.

(4.5) "Source of income" means any lawful and verifiable source of money paid directly, indirectly, or on behalf of a person, including:

(a) Income derived from any lawful profession or occupation; and

(b) Income or rental payments derived from any government or private assistance, grant, or loan program.

(5) "Transfer", as used in this part 5, shall not apply to transfer of property by will or by gift.

(6) "Unfair housing practices" means those practices specified in section 24-34-502.

**24-34-502. Unfair housing practices prohibited - definitions.** (1) It is an unfair housing practice, unlawful, and prohibited:

(a) For any person to refuse to show, sell, transfer, rent, or lease any housing; refuse to receive and transmit any bona fide offer to buy, sell, rent, or lease any housing; or otherwise make unavailable or deny or withhold from an individual any housing because of disability, race, creed, color, sex, sexual orientation, gender identity, gender expression, marital status, familial status, religion, national origin, or ancestry; to discriminate against an individual because of disability, race, creed, color, sex, sexual orientation, gender identity, gender expression, marital status, familial status, religion, national origin, or ancestry in the terms, conditions, or privileges pertaining to any housing or the transfer, sale, rental, or lease of housing or in furnishing facilities or services in connection with housing; or to cause to be made any written or oral inquiry or record concerning the disability, race, creed, color, sex, sexual orientation, gender identity, gender expression, marital status, familial status, religion, national origin, or ancestry of an individual seeking to purchase, rent, or lease any housing; however, nothing in this subsection (1)(a) requires a dwelling to be made available to an individual whose tenancy would constitute a direct threat to the health or safety of other individuals or whose tenancy would result in substantial physical damage to the property of others;

(b) For any person to whom application is made for financial assistance for the acquisition, construction, rehabilitation, repair, or maintenance of any housing to make or cause to be made any written or oral inquiry concerning the disability, race, creed, color, sex, sexual orientation, gender identity, gender expression, marital status, familial status, religion, national origin, or ancestry of an individual seeking financial assistance or concerning the disability, race, creed, color, sex, sexual orientation, gender identity, gender expression, marital status, familial status, religion, national origin, or ancestry of prospective occupants or tenants of the housing, or to discriminate against any individual because of the disability, race, creed, color, sex, sexual orientation, gender identity, gender expression, marital status, familial status, religion, national origin, or ancestry of the individual or prospective occupants or tenants in the terms, conditions, or privileges relating to obtaining or using any such financial assistance;

(c) (I) For any person to include in any transfer, sale, rental, or lease of housing any restrictive covenants, but shall not include any person who, in good faith and in the usual course of business, delivers any document or copy of a document regarding the transfer, sale, rental, or lease of housing which includes any restrictive covenants which are based upon race or religion, or reference thereto; or

(II) For any person to honor or exercise or attempt to honor or exercise any restrictive covenant pertaining to housing;

(d) For any person to make, print, or publish or cause to be made, printed, or published any notice or advertisement relating to the sale, transfer, rental, or lease of any housing that indicates any preference, limitation, specification, or discrimination based on disability, race, creed, color, religion, sex, sexual orientation, gender identity, gender expression, marital status, familial status, national origin, or ancestry;

(e) For any person: To aid, abet, incite, compel, or coerce the doing of any act defined in this section as an unfair housing practice; to obstruct or prevent any person from complying with the provisions of this part 5 or any order issued with respect thereto; to attempt either directly or indirectly to commit any act defined in this section to be an unfair housing practice; to discriminate against any person because such person has opposed any practice made an unfair housing practice by this part 5, because he has filed a charge with the commission, or because he has testified, assisted, or participated in any manner in an investigation, proceeding, or hearing conducted pursuant to parts 3 and 5 of this article; or to coerce, intimidate, threaten, or interfere with any person in the exercise or enjoyment of, or on account of his having exercised or enjoyed, or on account of his having aided or encouraged, any other person in the exercise of any right granted or protected by parts 3 and 5 of this article;

(f) For any person to discharge, demote, or discriminate in matters of compensation against any employee or agent because of said employee's or agent's obedience to the provisions of this part 5;

(g) For any person whose business includes residential real estate-related transactions, which transactions involve making or purchasing loans secured by residential real estate or providing other financial assistance for purchasing, constructing, improving, repairing, or maintaining a dwelling or selling, brokering, or appraising residential real property, to discriminate against an individual in making available such a transaction or in fixing the terms or conditions of such a transaction because of race, creed, color, religion, sex, sexual orientation, gender identity, gender expression, marital status, disability, familial status, national origin, or ancestry;

(h) For any person to deny an individual access to or membership or participation in any multiple-listing service, real estate brokers' organization, or other service, organization, or facility related to the business of selling or renting dwellings or to discriminate against the individual in the terms or conditions of such access, membership, or participation on account of race, creed, color, religion, sex, sexual orientation, gender identity, gender expression, disability, marital status, familial status, national origin or ancestry, or source of income;

(i) For any person, for profit, to induce or attempt to induce any person to sell or rent any dwelling by representations regarding the entry or prospective entry into the neighborhood of any individual of a particular race, color, religion, sex, sexual orientation, gender identity, gender expression, disability, familial status, creed, national origin, or ancestry;

(j) For any person to represent to any other person that a dwelling is not available for inspection, sale, or rental, when the dwelling is in fact available, for the purpose of discriminating against any individual on the basis of race, color, religion, sex, sexual orientation, gender identity, gender expression, disability, familial status, creed, national origin, or ancestry;

(k) For any person to violate the provisions of section 24-34-502.2;

(l) For any person to refuse to rent or lease, to refuse to show housing for rent or lease, to refuse to receive and transmit any bona fide offer to rent or lease, or to otherwise make

unavailable or deny or withhold from another person any housing for rent or lease because of a person's source of income;

(m) For any person to discriminate in the terms, conditions, or privileges pertaining to the rental or lease of any housing, or in the furnishing of facilities or services in connection therewith, because of a person's source of income, including a person's receipt of public housing assistance or a person's participation in a third-party contract required by a public housing assistance program; except that, if the initial payment to the landlord is not made timely in accordance with applicable regulations promulgated by the United States department of housing and urban development due to processing delays or a government shutdown, then a landlord may exercise any right or pursue any remedy available under law;

(n) For any person to make, print, or publish or cause to be made, printed, or published any notice or advertisement relating to the rental or lease of any housing that indicates any limitation, specification, or discrimination based on a person's source of income;

(o) For any person to represent to another person that any housing is not available for rent or lease when the housing is in fact available for the purpose of discriminating against the person on the basis of the person's source of income; and

(p) For any person, for profit, to induce or attempt to induce another person to rent any housing by representations regarding the entry or prospective entry into the neighborhood of a person or persons with particular sources of income.

(1.5) (a) Subsections (1)(l) to (1)(p) of this section do not apply to a landlord with three or fewer units of housing for rent or lease.

(b) Nothing in subsection (1) of this section precludes a landlord from checking the credit of a prospective tenant. Checking the credit of a prospective tenant is not an unfair housing practice under this section, provided that the landlord checks the credit of every prospective tenant.

(c) As used in this subsection (1.5) and in subsection (1) of this section, "landlord" means a person who owns, manages, leases, or subleases a unit of housing and who makes that housing available for rent or lease.

(1.7) Notwithstanding any provision of subsection (1) of this section to the contrary, if a landlord owns five or fewer single family rental homes and no more than five total rental units including any single family homes, the landlord is not required to accept federal housing choice vouchers for any of those five single family homes as an acceptable source of income under subsection (1) of this section.

(2) The provisions of this section shall not apply to or prohibit compliance with local zoning ordinance provisions concerning residential restrictions on marital status.

(3) Nothing contained in this part 5 shall be construed to bar any religious or denominational institution or organization which is operated or supervised or controlled by or is operated in connection with a religious or denominational organization from limiting the sale, rental, or occupancy of dwellings which it owns or operates for other than a commercial purpose to persons of the same religion, or from giving preference to such persons, unless membership in such religion is restricted on account of race, color, or national origin, nor shall anything in this part 5 prohibit a private club not in fact open to the public which, as an incident to its primary purpose or purposes provides lodgings which it owns or operates for other than a commercial purpose, from limiting the rental or occupancy of such lodgings to its members or from giving preference to its members.

(4) (Deleted by amendment, L. 92, p. 1122, § 4, effective July 1, 1992.)

(5) Nothing in this section shall be construed to prevent or restrict the sale, lease, rental, transfer, or development of housing designed or intended for the use of persons with disabilities.

(6) Nothing in this part 5 prohibits a person engaged in the business of furnishing appraisals of real property from taking into consideration factors other than race, creed, color, religion, sex, sexual orientation, gender identity, gender expression, marital status, familial status, disability, religion, national origin, or ancestry.

(7) (a) Nothing in this section shall limit the applicability of any reasonable local, state, or federal restrictions regarding the maximum number of occupants permitted to occupy a dwelling. Nor shall any provision in this section regarding familial status apply with respect to housing for older persons.

(b) As used in this subsection (7), "housing for older persons" means housing provided under any state or federal program that the division determines is specifically designed and operated to assist older persons, or is intended for, and solely occupied by, persons sixty-two years of age or older, or is intended and operated for occupancy by at least one person fifty-five years of age or older per unit. In determining whether housing intended and operated for occupancy by one person fifty-five years of age or older per unit qualifies as housing for older persons under this subsection (7), the division shall require the following:

(I) That the housing facility or community publish and adhere to policies and procedures that demonstrate the intent required under this paragraph (b);

(II) That at least eighty percent of the occupied units be occupied by at least one person who is fifty-five years of age or older; and

(III) That the housing facility or community comply with rules promulgated by the commission for verification of occupancy. Such rules shall:

(A) Provide for verification by reliable surveys and affidavits; and

(B) Include examples of the types of policies and procedures relevant to a determination of such compliance with the requirements of subparagraph (II) of this paragraph (b). Such surveys and affidavits shall be admissible in administrative and judicial proceedings for the purposes of verification of occupancy in accordance with this section.

(c) Housing shall not fail to meet the requirements for housing for older persons by reason of persons residing in such housing as of March 12, 1989, who do not meet the age requirements of paragraph (b) of this subsection (7) if the new occupants of such housing meet the age requirements of paragraph (b) of this subsection (7) or, by reason of unoccupied units, if such units are reserved for occupancy by persons who meet the age requirements of paragraph (b) of this subsection (7).

(d) (I) A person shall not be held personally liable for monetary damages for a violation of this part 5 if such person reasonably relied, in good faith, on the application of the exemption available under this part 5 relating to housing for older persons.

(II) For purposes of this paragraph (d), a person may only show good faith reliance on the application of an exemption by showing that:

(A) Such person has no actual knowledge that the facility or community is not or will not be eligible for the exemption claimed; and

(B) The owner, operator, or other official representative of the facility or community has stated, formally, in writing, that the facility or community complies with the requirements of the exemption claimed.

(8) (a) With respect to "familial status", nothing in this part 5 shall apply to the following:

(I) Any single-family house sold or rented by an owner if such private individual owner does not own more than three such single-family houses at any one time. In the case of the sale of any such single-family house by a private individual owner not residing in such house at the time of such sale or who was not the most recent resident of such house prior to such sale, the exemption granted by this subsection (8) shall apply only with respect to one such sale within any twenty-four-month period. Such bona fide private individual owner shall not own any interest in, nor shall there be owned or reserved on his behalf, under any express or voluntary agreement, title to or any right to all or a portion of the proceeds from the sale or rental of more than three such single-family houses at any one time. The sale or rental of any such single-family house shall be excepted from the application of this subsection (8) only if such house is sold or rented:

(A) Without the use in any manner of the sales or rental facilities or the sales or rental services of any real estate broker, agent, or salesman, or of such facilities or services of any person in the business of selling or renting dwellings, or of any employee or agent of any such broker, agent, salesman, or person; and

(B) Without the publication, posting, or mailing, after notice, of any advertisement or written notice in violation of this section; but nothing in this section shall prohibit the use of attorneys, escrow agents, abstractors, title companies, and other such professional assistance as necessary to perfect or transfer the title.

(II) Rooms or units in dwellings containing living quarters occupied or intended to be occupied by no more than four families living independently of each other, if the owner actually maintains and occupies one of such living quarters as his residence.

(b) For the purposes of paragraph (a) of this subsection (8), a person shall be deemed to be in the business of selling or renting dwellings if:

(I) He has, within the preceding twelve months, participated as principal in three or more transactions involving the sale or rental of any dwelling or any interest therein;

(II) He has, within the preceding twelve months, participated as agent, other than in the sale of his own personal residence in providing sales or rental facilities or sales or rental services in two or more transactions involving the sale or rental of any dwelling or any interest therein; or

(III) He is the owner of any dwelling designed or intended for occupancy by, or occupied by, five or more families.

(9) Repealed.

**24-34-502.2. Unfair or discriminatory housing practices against individuals with disabilities prohibited.** (1) It is an unfair or discriminatory housing practice and therefore unlawful and prohibited:

(a) For a person to discriminate in the sale or rental of, or to otherwise make unavailable or deny, a dwelling to any buyer or renter because of a disability of a buyer or renter, an individual who will reside in the dwelling after it is sold, rented, or made available, or of any individual associated with the buyer or renter;

(b) For a person to discriminate against an individual in the terms, conditions, or privileges of sale or rental of a dwelling or in the provision of services or facilities in connection with such dwelling because of a disability of that individual, of any individual residing in or intending to reside in that dwelling after it is so sold, rented, or made available, or of any individual associated with the individual.

(2) For purposes of this section, "discrimination" includes both segregate and separate and includes, but is not limited to:

(a) A refusal to permit, at the expense of an individual with a disability, reasonable modifications of existing premises occupied or to be occupied by the individual if the modifications are necessary to afford the individual with full enjoyment of the premises; except that, in the case of a rental, the landlord may, where it is reasonable to do so, condition permission for a modification on the renter agreeing to restore the interior of the premises to the condition that existed before the modification, reasonable wear and tear excepted;

(b) A refusal to make reasonable accommodations in rules, policies, practices, or services when such accommodations may be necessary to afford the individual with a disability equal opportunity to use and enjoy a dwelling; and

(c) In connection with the design and construction of covered multifamily dwellings for first occupancy after the date that is thirty months after the date of enactment of the federal "Fair Housing Amendments Act of 1988", a failure to design and construct those dwellings in such a manner that the public use and common use portions of the dwellings are readily accessible to and usable by individuals with disabilities. At least one building entrance must be on an accessible route unless it is impractical to do so because of the terrain or the unusual characteristics of the site. All doors designed to allow passage into and within all premises within the dwellings must be sufficiently wide to allow passage by individuals with disabilities using mobility devices, and all premises within the dwellings must contain the following features of adaptive design:

(I) Accessible routes into and through the dwellings;

(II) Light switches, electrical outlets, thermostats, and other environmental controls in accessible locations;

(III) Reinforcements in bathroom walls to allow later installation of grab bars; and

(IV) Usable kitchens and bathrooms such that an individual using a mobility device can maneuver about the space.

(3) Compliance with the appropriate requirements of the "Accessible and Usable Buildings and Facilities" standard, or any successor standard, promulgated and amended from time to time by the international code council (commonly cited as ICC/ANSI A117.1) suffices to satisfy the requirements of subsection (2)(c) of this section.

(4) As used in this section, "covered multifamily dwellings" means:

(a) Buildings consisting of four or more units if such buildings have one or more elevators; and

(b) Ground floor units in other buildings consisting of four or more units.

**24-34-503. Refusal to show housing.** If the charge alleging an unfair housing practice relates to the refusal to show the housing involved, the commission, after proper investigations as set forth in section 24-34-306, may issue its order that the housing involved be shown to the person filing such charge, and, if the respondent refuses without good reason to comply therewith within three days, then the commission or any commissioner may file a petition pursuant to section 24-34-509. The district court shall hear such matters at the earliest possible time, and the court may waive the requirement of security for a petition filed under this section. If the district court finds that the denial to show is based upon an unfair housing practice, it shall order the respondent to immediately show said housing involved and also to make full disclosure concerning the sale, lease, or rental price and any other information being then given to the public.

**Source:** **L. 79:** Entire part R&RE, p. 934, § 3, effective July 1.

**24-34-504. Time limits on filing of charges.** (1) Any charge alleging a violation of this part 5 shall be filed with the commission pursuant to section 24-34-306 within one year after the alleged unfair housing practice occurred, or it shall be barred.

(2) A civil action filed by the attorney general under this section shall be commenced not later than eighteen months after the date of the occurrence or the termination of the alleged discriminatory housing practice.

(3) The director, not later than ten days after filing or identifying additional respondents, shall serve on the respondent a notice identifying the alleged discriminatory housing practice and advising such respondent of the procedural rights and obligations of respondents under this part 5, together with a copy of the original charge.

(4) The director shall commence an investigation of any charge filed pursuant to subsection (1) of this section within thirty days of such filing. Within one hundred days after the

filing of the charge, the director shall determine, based on the facts, whether probable cause exists to believe that a discriminatory housing practice has occurred or is about to occur, unless it is impracticable to do so or the director has approved a conciliation agreement with respect to the charge. If the director is unable to complete the investigation within one hundred days after the filing of the charge, the director shall notify the parties of the reasons for not doing so.

(4.1) After a determination by the director that probable cause exists to believe that a discriminatory housing practice has occurred or is about to occur, the commission shall issue a notice and complaint as provided in section 24-34-306 (4). After such notice and complaint is issued by the commission, the complainant, respondent, or any aggrieved person on whose behalf the charge was filed may elect to have the claims asserted in the charge decided in a civil action in lieu of an administrative hearing. Such election shall be made in writing within twenty days after receipt of the notice and complaint issued by the commission. The commission shall provide notice of the election to all other parties to whom the notice and complaint relates.

(4.2) If all parties agree to have the charges decided in an administrative hearing, the commission shall hold a hearing as provided in section 24-34-306. If any party elects a civil action, the commission shall authorize the attorney general to commence and maintain a civil action in the appropriate state district court to obtain relief with respect to the discriminatory housing practice or practices alleged in the notice and complaint.

(4.3) Final administrative disposition of a charge filed pursuant to this section shall be made within one year of the date the charge was filed, unless it is impractical to do so. If the commission is unable to do so, the commission shall notify the complainant and the respondent, in writing, of the reasons that such disposition is impractical.

**24-34-505. Charges by other persons.** Any person whose employees, agents, employers, or principals, or some of them, refuse or threaten to refuse to comply with the provisions of this part 5 may make, sign, and file with the commission a verified written charge in duplicate asking the commission for assistance to obtain their compliance by conciliation or other remedial action.

**Source:** L. 79: Entire part R&RE, p. 934, § 3, effective July 1.

**24-34-505.5. Enforcement by the attorney general.** (1) Upon timely application, the attorney general may intervene in any civil action filed as provided in section 24-34-505.6 if the attorney general certifies that the case is of general public importance. Upon such intervention, the attorney general may obtain such relief as would be available to the director under section 24-34-306 in a civil action to which such section applies.

(2) Whenever the attorney general has probable cause to believe that any person or group of persons is engaged in a pattern or practice of resistance to the full enjoyment of any of the rights granted by this title or that any group of persons has been denied any of the rights

granted by this title and such denial raises an issue of general public importance, the attorney general may commence a civil action in any appropriate district court.

(3) The attorney general may commence a civil action in any appropriate district court for appropriate relief with respect to:

(a) A discriminatory housing practice referred to the attorney general by the commission under section 24-34-306; or

(b) Breach of a conciliation agreement referred to the attorney general by the director under section 24-34-506.5.

(4) The attorney general, on behalf of the commission, division, or other party at whose request a subpoena is issued under this section, may enforce such subpoena in appropriate proceedings in the district court for the district in which the person to whom the subpoena was addressed resides, was served, or transacts business.

**24-34-505.6. Enforcement by private persons.** (1) Notwithstanding any provision of this article to the contrary, an aggrieved person may commence a civil action in an appropriate United States district court or state district court not later than two years after the occurrence or the termination of an alleged discriminatory housing practice or the breach of a conciliation agreement entered into under this title, whichever occurs last, to obtain appropriate relief with respect to such discriminatory housing practice or breach.

(2) The computation of such two-year period shall not include any time during which an administrative proceeding under this title was pending with respect to a complaint or charge under this title based upon such discriminatory housing practice. This subsection (2) does not apply to actions arising from a breach of a conciliation agreement.

(3) Notwithstanding any provision of this article to the contrary, an aggrieved person may commence a civil action under this section whether or not a charge has been filed under section 24-34-306 and without regard to the status of any such charge, but if the director or local agency has obtained a conciliation agreement with the consent of an aggrieved person, no action may be filed under this section by such aggrieved person with respect to the alleged discriminatory housing practice which forms the basis for such charge except for the purpose of enforcing the terms of such an agreement.

(4) An aggrieved person may not commence a civil action under this section with respect to an alleged discriminatory housing practice which forms the basis of a complaint issued by the commission if an administrative law judge has commenced a hearing on the record under this title with respect to such complaint.

(5) At the request of the aggrieved person, the court may appoint an attorney in accordance with section 24-34-307 (9.5).

(6) In addition to the relief which may be granted in accordance with section 24-34-508, the following relief is available:

(a) If the court finds that a discriminatory housing practice has occurred or is about to occur, the court may award to the plaintiff actual and punitive damages or may grant as relief, as

the court deems appropriate, any permanent or temporary injunction, temporary restraining order, or other order, including an order enjoining the defendant from engaging in such practice or ordering such affirmative action as may be appropriate.

(b) The court, in its discretion, may allow the prevailing party reasonable attorney fees and costs.

(c) Relief granted under this section shall not affect any contract, sale, encumbrance, or lease consummated before the granting of such relief and involving a bona fide purchaser, encumbrancer, or tenant, without actual notice of the filing of a charge with the commission or a civil action under this section.

**24-34-506. Probable cause.** In making his determination on probable cause under the provisions of section 24-34-306 (2), the director shall find that probable cause exists if upon all the facts and circumstances a person of reasonable prudence and caution would be warranted in a belief that an unfair housing practice has been committed.

**24-34-506.5. Conciliation agreements.** (1) A conciliation agreement arising out of a conciliation shall be an agreement between the respondent and the charging party, and shall be subject to approval by the director.

(2) A conciliation agreement may provide for binding arbitration of the dispute arising from the charge. Any such arbitration that results from a conciliation agreement may award appropriate relief, including monetary relief.

(3) Each conciliation agreement shall be made public unless the charging party and respondent otherwise agree and the director determines that disclosure is not required to further the purposes of this section.

(4) Whenever the director has reasonable cause to believe that a respondent has breached a conciliation agreement, the director shall refer the matter to the attorney general with a recommendation that a civil action be filed under section 24-34-505.5 for the enforcement of such agreement.

**24-34-507. Injunctive relief.** (1) After the filing of a charge pursuant to section 24-34-306 (1), the commission or a commissioner designated by the commission for that purpose may file in the name of the people of the state of Colorado through the attorney general of the state a

petition in the district court of the county in which the alleged unfair housing practice occurred, or of any county in which a respondent resides, seeking appropriate injunctive relief against such respondent, including orders or decrees restraining and enjoining him from selling, renting, or otherwise making unavailable to the complainant any housing with respect to which the complaint is made, pending the final determination of proceedings before the commission under this part 5.

(2) Any injunctive relief granted pursuant to this section shall expire by its terms within such time after entry, not to exceed sixty days, as the court fixes, unless within the time so fixed the order, for good cause shown, is extended for a like period or unless the party against whom the order is directed consents that it may be extended for a longer period. An affidavit of notice of hearing shall forthwith be filed in the office of the clerk of the district court wherein said petition is filed. The procedure for seeking and granting said injunctive relief, including temporary restraining orders and preliminary injunctions, shall be the procedure provided in the rules of civil procedure for courts of record in Colorado pertaining to injunctions, and the district court has power to grant such temporary relief or restraining orders as it deems just and proper.

(3) The district court shall hear matters on the request for an injunction at the earliest possible time.

(4) If, upon all the evidence at a hearing, the commission finds that a respondent has not engaged in any such unfair housing practice, the district court which has granted temporary relief or restraining orders pursuant to the petition filed by the commission or commissioner shall dismiss such temporary relief or restraining orders. Any person filing a charge alleging an unfair housing practice with the commission, a commissioner, or the attorney general may not thereafter apply, by himself or herself or by his or her attorney-at-law, directly to the district court for any further relief under this part 5, except as provided in section 24-34-307.

**24-34-508. Relief authorized.** (1) In addition to the relief authorized by section 24-34-306 (9), the commission may order a respondent who has been found to have engaged in an unfair housing practice:

(a) To rehire, reinstate, and provide back pay to any employee or agent discriminated against because of his obedience to this part 5;

(b) To take affirmative action regarding the granting of financial assistance as provided in section 24-34-502 (1)(b) or the showing, sale, transfer, rental, or lease of housing;

(c) To make reports as to the manner of compliance with the order of the commission;

(d) To reimburse any person who was discriminated against for any fee charged in violation of this part 5 and for any actual expenses incurred in obtaining comparable alternate housing, as well as any storage or moving charges associated with obtaining such housing;

(e) To award actual damages suffered by the aggrieved person and injunctive or other equitable relief;

(f) To assess a civil penalty against the respondent in the following amounts:

(I) Not to exceed ten thousand dollars if the respondent has not been adjudged to have committed any prior discriminatory housing practice;

(II) Not to exceed twenty-five thousand dollars if the respondent has been adjudged to have committed any other discriminatory housing practice during the five-year period ending on the date of the filing of the charge;

(III) Not to exceed fifty thousand dollars if the respondent has been adjudged to have committed two or more discriminatory housing practices during the seven-year period ending on the date of the filing of the charge.

(2) In addition to the relief authorized by the provisions of subsection (1) of this section, an individual with a disability who has suffered an unfair housing practice based on his or her disability is entitled to the relief set forth in section 24-34-802.

## PART 6

### DISCRIMINATION IN PLACES OF PUBLIC ACCOMMODATION

**Editor's note:** (1) This part 6 was numbered as article 2 of chapter 25, C.R.S. 1963. Parts 3 to 8 of this article were repealed and reenacted in 1979, resulting in the addition, relocation, and elimination of sections as well as subject matter. For amendments to this part 6 prior to 1979, consult the Colorado statutory research explanatory note and the table itemizing the replacement volumes and supplements to the original volume of C.R.S. 1973 beginning on page vii in the front of this volume.

(2) The former provisions of this part 6 were relocated to part 7 of this article in 1979.

**Cross references:** For definitions applicable to this part 6, see § 24-34-301.

**24-34-601. Discrimination in places of public accommodation - definition.** (1) As used in this part 6, "place of public accommodation" means any place of business engaged in any sales to the public and any place offering services, facilities, privileges, advantages, or accommodations to the public, including but not limited to any business offering wholesale or retail sales to the public; any place to eat, drink, sleep, or rest, or any combination thereof; any sporting or recreational area and facility; any public transportation facility; a barber shop, bathhouse, swimming pool, bath, steam or massage parlor, gymnasium, or other establishment conducted to serve the health, appearance, or physical condition of a person; a campsite or trailer camp; a dispensary, clinic, hospital, convalescent home, or other institution for the sick, ailing, aged, or infirm; a mortuary, undertaking parlor, or cemetery; an educational institution; or any public building, park, arena, theater, hall, auditorium, museum, library, exhibit, or public facility of any kind whether indoor or outdoor. "Place of public accommodation" shall not include a church, synagogue, mosque, or other place that is principally used for religious purposes.

(2) (a) It is a discriminatory practice and unlawful for a person, directly or indirectly, to refuse, withhold from, or deny to an individual or a group, because of disability, race, creed, color, sex, sexual orientation, gender identity, gender expression, marital status, national origin, or ancestry, the full and equal enjoyment of the goods, services, facilities, privileges, advantages, or accommodations of a place of public accommodation or, directly or indirectly, to publish, circulate, issue, display, post, or mail any written, electronic, or printed communication, notice, or advertisement that indicates that the full and equal enjoyment of the goods, services, facilities, privileges, advantages, or accommodations of a place of public accommodation will be refused, withheld from, or denied an individual or that an individual's patronage or presence at a place of public accommodation is unwelcome, objectionable, unacceptable, or undesirable because of disability, race, creed, color, sex, sexual orientation, gender identity, gender expression, marital status, national origin, or ancestry.

(b) A claim brought pursuant to paragraph (a) of this subsection (2) that is based on disability is covered by the provisions of section 24-34-802.

(2.5) It is a discriminatory practice and unlawful for any person to discriminate against any individual or group because such person or group has opposed any practice made a discriminatory practice by this part 6 or because such person or group has made a charge, testified, assisted, or participated in any manner in an investigation, proceeding, or hearing conducted pursuant to this part 6.

(3) Notwithstanding any other provisions of this section, it is not a discriminatory practice for a person to restrict admission to a place of public accommodation to individuals of one sex if such restriction has a bona fide relationship to the goods, services, facilities, privileges, advantages, or accommodations of such place of public accommodation.

**24-34-602. Penalty and civil liability.** (1) (a) Any person who violates section 24-34-601 shall be fined not less than fifty dollars nor more than five hundred dollars for each violation. A person aggrieved by the violation of section 24-34-601 shall bring an action in any court of competent jurisdiction in the county where the violation occurred. Upon finding a violation, the court shall order the defendant to pay the fine to the aggrieved party.

(b) Notwithstanding the provisions of paragraph (a) of this subsection (1), a person who violates the provisions of section 24-34-601 based on a disability shall be subject to the provisions of section 24-34-802.

(2) Repealed.

(3) The relief provided by this section is an alternative to that authorized by section 24-34-306 (9), and a person who seeks redress under this section is not permitted to seek relief from the commission.

(a) To encourage and enable individuals who are visually or hearing impaired or individuals with a disability to participate fully in social, employment, and educational opportunities, as well as other activities in our state on the same terms and conditions as individuals without a disability;

(b) That individuals who are visually or hearing impaired or individuals with a disability have the same rights as individuals without a disability to the full and free use of the streets, highways, sidewalks, walkways, public buildings, public facilities, and other public places;

(c) That individuals who are visually or hearing impaired or individuals with a disability are entitled to full and equal housing accommodations, facilities, and privileges of all common carriers, airplanes, motor vehicles, trains, motor buses, streetcars, boats, or any other public conveyances or modes of transportation, hotels, motels, lodging places, places of public accommodation, amusement, or resort, and other places to which the general public is invited, including restaurants and grocery stores; and

(d) That individuals who are visually or hearing impaired or individuals with a disability must not be excluded, by reason of his or her disability, from participation in or be denied the

benefits of the services, programs, or activities of any public entity or be subject to discrimination by any public entity.

(2) Repealed.

**24-34-802. Violations - penalties - immunity.** (1) (a) It is a discriminatory practice and unlawful for any person, as defined in section 24-34-301, to discriminate against an individual or group of individuals because the person has opposed any practice, made a discriminatory practice based on disability pursuant to part 5, 6, or 8 of this article 34, or because the person has made a charge, testified, assisted, or participated in any manner in an investigation, proceeding, or hearing conducted pursuant to part 5, 6, or 8 of this article 34.

(b) An individual with a disability, as defined in section 24-34-301 (5.6), must not, by reason of the individual's disability, be excluded from participation in or be denied the benefits of services, programs, or activities provided by a public entity, as defined in section 24-34-301, or a state agency, as defined in section 24-37.5-102, or be subjected to discrimination by any such public entity or state agency.

(c) Discrimination pursuant to this section includes the failure of a public entity or state agency, as those terms are defined in section 24-34-301, to develop an accessibility plan using the accessibility standards established pursuant to section 24-85-103 (2.5) and fully comply, on or before July 1, 2024, with the accessibility standards for individuals with a disability established by the office of information technology pursuant to section 24-85-103 (2.5). Liability for noncompliance as to content lies with the public entity or state agency that manages the content. Liability for noncompliance of the platform hosting the content lies with the public entity or state agency that manages the platform.

(2) (a) An individual with a disability, as defined in section 24-34-301 (5.6), who is subject to a violation of subsection (1) of this section or of section 24-34-502, 24-34-502.2, 24-34-601, or 24-34-803 based on the individual's disability may bring a civil suit in a court of competent jurisdiction and, except as provided in section 24-85-103, is entitled to any of the following remedies:

(I) A court order requiring compliance with the provisions of the applicable section;  
(II) The recovery of actual monetary damages; or  
(III) A statutory fine of three thousand five hundred dollars, payable to each plaintiff for each violation.

(b) For a claim brought pursuant to paragraph (a) of this subsection (2) for a construction-related accessibility violation, the violation must be considered a single incident and not as separate violations for each day the construction-related accessibility violation exists.

(c) (I) A small business defendant is entitled to a fifty percent reduction in a statutory fine assessed pursuant to subparagraph (III) of paragraph (a) of this subsection (2) if it corrects the accessibility violation within thirty days after the filing of the complaint. The fifty percent reduction in a statutory fine does not apply, however, if the defendant knowingly or intentionally made or caused to have made the access barrier that caused the accessibility violation.

(II) For purposes of this paragraph (c), "small business" means an employer with twenty-five or fewer employees and no more than three million five hundred thousand dollars in annual gross income.

(III) Nothing in this paragraph (c) may be interpreted to result in a reduction in actual monetary damages awarded pursuant to subparagraph (II) of paragraph (a) of this subsection (2).

(3) An award of attorney fees and costs pursuant to section 24-34-505.6 (6)(b) applies to claims brought pursuant to this section.

(4) A court that hears civil suits pursuant to this section shall apply the same standards and defenses that are available under the federal "Americans with Disabilities Act of 1990", 42 U.S.C. sec. 12101 et seq., and its related amendments and implementing regulations.

(5) An agency in the state with the authority to promulgate rules related to protections for persons with disabilities shall not promulgate a rule that provides less protection than that provided by the federal "Americans with Disabilities Act of 1990", 42 U.S.C. sec. 12101 et seq., as amended.

**24-34-803. Rights of individuals with service animals.** (1) A qualified individual with a disability has the right to be accompanied by a service animal individually trained for that individual without being required to pay an extra charge for the service animal in or on the following places or during the following activities and subject to the conditions and limitations established by law and applicable alike to all individuals:

- (a) Any place of employment, housing, or public accommodation;
- (b) Any programs, services, or activities conducted by a public entity;
- (c) Any public transportation service; or
- (d) Any other place open to the public.

(2) A trainer of a service animal, or an individual with a disability accompanied by an animal that is being trained to be a service animal, has the right to be accompanied by the service animal in training without being required to pay an extra charge for the service animal in training in or on the following places or during the following activities:

- (a) Any place of employment, housing, or public accommodation;
- (b) Any programs, services, or activities conducted by a public entity;
- (c) Any public transportation service; or
- (d) Any other place open to the public.

(3) (a) An employer shall allow an employee with a disability who is accompanied by a service animal to keep the employee's service animal with the employee at all times in the place of employment. An employer shall not fail or refuse to hire or discharge any individual with a

disability, or otherwise discriminate against any individual with a disability, with respect to compensation, terms, conditions, or privileges of employment because that individual with a disability is accompanied by a service animal individually trained for that individual.

(b) An employer shall make reasonable accommodation to make the workplace accessible for an otherwise qualified individual with a disability who is an applicant or employee and who is accompanied by a service animal individually trained for that individual unless the employer can show that the accommodation would impose an undue hardship on the employer's business. For purposes of this paragraph (b), "undue hardship" and "reasonable accommodation" have the same meaning as set forth in Title I of the federal "Americans with Disabilities Act of 1990", 42 U.S.C. sec 12101 et seq., and its related amendments and implementing regulations.

(4) The owner or individual with a disability who has control or custody of a service animal or the trainer of a service animal is liable for any damage to persons, premises, or facilities, including places of housing, places of public accommodation, and places of employment, caused by that individual's service animal or service animal in training. The individual who has control or custody of a service animal or a service animal in training is subject to the provisions of section 18-9-204.5, C.R.S.

(5) An individual with a disability who owns a service animal is exempt from any state or local licensing fees or charges that might otherwise apply in connection with owning a similar animal.

(6) The mere presence of a service animal in a place of public accommodation is not grounds for any violation of a sanitary standard, rule, or regulation promulgated pursuant to section 25-4-1604, C.R.S.

**24-34-804. Service animals - violations - penalties.** (1) It is unlawful for any person, firm, corporation, or agent of any person, firm, or corporation to:

(a) Withhold, deny, deprive, or attempt to withhold, deny, or deprive a qualified individual with a disability who is accompanied by a service animal or a trainer of a service animal of any of the rights or privileges secured in section 24-34-803;

(b) Threaten to interfere with any of the rights of a qualified individual with a disability who is accompanied by a service animal or a trainer of a service animal secured in section 24-34-803;

(c) Punish or attempt to punish a qualified individual with a disability who is accompanied by a service animal or a trainer of a service animal for exercising or attempting to exercise any right or privilege secured by section 24-34-803; or

(d) Interfere with, injure, or harm, or cause another dog to interfere with, injure, or harm, a service animal.

(2) *[Editor's note: This version of subsection (2) is effective until March 1, 2022.]* Any person who violates any provision of subsection (1) of this section commits a class 3 misdemeanor and shall be punished as provided in section 18-1.3-501, C.R.S.

(2) (a) *[Editor's note: This version of subsection (2) is effective March 1, 2022.]* Any person who violates subsection (1)(a), (1)(b), or (1)(c) of this section commits a petty offense and shall be punished as provided in section 18-1.3-503.

(b) Any person who violates subsection (1)(d) of this section commits a class 2 misdemeanor.

(3) (a) (I) Except as provided for in subparagraphs (II) and (III) of this paragraph (a), a person who violates any provision of subsection (1) of this section is liable to the qualified individual with a disability who is accompanied by a service animal or a trainer of a service animal whose rights were affected for the penalties provided in section 24-34-802.

(II) A person who willfully or wantonly causes harm to a service animal or a service animal in training is liable to the legal owner of the service animal or service animal in training for treble the amount of actual damages.

(III) The legal owner of an animal that is willfully or wantonly allowed to cause harm to a service animal or a service animal in training is liable to the legal owner of the service animal or service animal in training for treble the amount of actual damages.

(b) In any action commenced pursuant to this subsection (3), a court may award costs and reasonable attorney fees.

(c) An animal care or control agency is exempt from the provisions of this subsection (3) if, after a good-faith effort, the agency is unaware that the animal is a service animal.

(4) Nothing in this section is intended to interfere with remedies or relief that any person might be entitled to pursuant to parts 3 to 7 of this article.

**24-34-805. Family preservation safeguards for families that include a parent with a disability - protections - legislative declaration - definitions.** (1) (a) The general assembly finds and declares that:

(I) Persons with disabilities continue to face unfair, preconceived, and unnecessary societal biases, as well as antiquated attitudes, regarding their ability to successfully parent their children;

(II) Persons with disabilities have faced these biases and preconceived attitudes in family and dependency law proceedings concerning parental responsibilities and parenting time decisions, public and private adoptions, guardianship, and foster care;

(III) Because of these societal biases and antiquated attitudes, children of persons with disabilities historically have been vulnerable to unnecessary removal from one or both of their parents' care or are restricted from enjoying meaningful time with one or both parents; and

(IV) Children have been denied the opportunity to enjoy the experience of living in loving homes with a parent or parents with a disability or other caretakers with a disability.

(b) Therefore, the general assembly declares that to protect the best interests of children who are parented by persons with disabilities or children who could be parented by persons with disabilities:

(I) Procedural safeguards are required in adherence to the federal "Americans with Disabilities Act of 1990", 42 U.S.C. sec. 12101 et seq., and its related amendments and implementing regulations; and

(II) It is necessary to have respect for the due process and equal protection rights of parents and prospective parents with disabilities in the context of child welfare, foster care, family law, guardianship, and adoption.

(2) Achieving the goal of family preservation for a parent or prospective parent with a disability includes the following requirements:

(a) A parent's disability alone must not serve as a basis for denial or restriction of parenting time or parental responsibilities in:

(I) A domestic law proceeding pursuant to title 14, without a clear nexus to the parent's ability to meet the needs of the child;

(II) A minor guardianship proceeding pursuant to title 15, without a clear nexus to the parent's ability to meet the needs of the child; or

(III) A dependency and neglect proceeding pursuant to title 19, except when it impacts the health or welfare of a child;

(b) A prospective adoptive parent's disability alone must not serve as a basis for the denial of his or her participation in a public or private adoption pursuant to article 5 of title 19 unless it would impact the health or welfare of a child;

(c) An individual's disability alone must not serve as a basis for the denial of temporary custody or foster care of a minor, except when it impacts the health or welfare of a child;

(d) In a case brought pursuant to title 14, a minor guardianship proceeding pursuant to title 15, or article 4 of title 19:

(I) Where a parent's or prospective guardian's disability is alleged to have a detrimental impact on a child, the party raising the allegation bears the burden of proving, by a preponderance of the evidence, that the behavior or behaviors of the parent or prospective parent are contrary to the child's best interest; and

(II) If the burden of proof required pursuant to subsection (2)(d)(I) of this section is met, the parent or prospective guardian with a disability must be given the opportunity to demonstrate how the implementation of supportive parenting services can alleviate any concerns that have been raised. The court may require that such supportive parenting services be provided or implemented, given the resources of the family, with an opportunity to review the need for continuation of such services within a reasonable period of time.

(e) In a dependency and neglect case brought pursuant to title 19, when a respondent parent's disability is alleged to impact the health or welfare of a child, the court shall find whether reasonable accommodations and modifications, as required by the federal "Americans with Disabilities Act of 1990", 42 U.S.C. sec. 12101 et seq., and its related amendments and

implementing regulations, were provided to avoid nonemergency removal on the basis of disability.

(f) In a case brought pursuant to title 14, a minor guardianship proceeding pursuant to title 15, or articles 4 and 5 of title 19, if a court determines that the right of a parent or prospective guardian with a disability to parenting time, parental responsibilities, guardianship, or adoption should be denied, restricted, or conditioned in any manner, the court shall make specific findings of fact and law stating the basis for such a determination and why the provision of supportive parenting services is not a reasonable accommodation or remedy to prevent the denial or limitation.

(3) As used in this section, unless the context otherwise requires:

(a) "Disability" has the same meaning as set forth in the federal "Americans with Disabilities Act of 1990", 42 U.S.C. sec. 12101 et seq., and its related amendments and implementing regulations.

(b) "Supportive parenting services" means the provision of reasonable accommodations and modifications as set forth in the federal "Americans with Disabilities Act of 1990", 42 U.S.C. sec. 12101 et seq., and its related amendments and implementing regulations, and are directly related to a disability and that enable a parent with a disability to safely fulfill parental responsibilities.

(4) The short title of this section is the "Carrie Ann Lucas Parental Rights for People with Disabilities Act".

## PART 9

### MANDATORY REVIEW OF PROPOSED CONTINUING EDUCATION REQUIREMENTS FOR REGULATED OCCUPATIONS AND PROFESSIONS

**Editor's note:** This part 9 was added in 1981. This part 9 was repealed and reenacted in 1997, resulting in the addition, relocation, and elimination of sections as well as subject matter. For amendments to this part 9 prior to 1997, consult the Colorado statutory research explanatory note and the table itemizing the replacement volumes and supplements to the original volume of C.R.S. 1973 beginning on page vii in the front of this volume.

**24-34-901. Proposed continuing education requirements for regulated occupations and professions - review by office of executive director.** (1) Before any bill is introduced in the general assembly that contains, or any bill is amended to contain, a mandatory continuing education requirement for any occupation or profession, the practice of which requires a state of Colorado license, certificate, or registration, the group or association proposing such mandatory continuing education requirement shall first submit information concerning the need for such a requirement to the office of the executive director of the department of regulatory agencies. The executive director shall impartially review such evidence, analyze and evaluate the proposal, and report in writing to the general assembly whether mandatory continuing education would likely

protect the public served by the practitioners. Proposals may include, but need not be limited to: Information that shows that the knowledge base for the profession or occupation is changing; that mandatory continuing education of this profession or occupation is required in other states; if applicable, that any independent studies have shown that mandatory continuing education is effective in assuring the competency of practitioners. The proposal may also include any assessment tool that shows the effectiveness of mandatory continuing education and recommendations about sanctions that should be included for noncompliance with the requirement of mandatory continuing education. The provisions of this section shall not be applicable to:

(a) Any profession or occupation that, as of July 1, 1991, has mandatory continuing education requirements in place;

(b) Any bill that is introduced as a result of a legislative interim committee and that is introduced in the general assembly includes a mandatory continuing education requirement.

(2) This section is exempt from the provisions of section 24-1-136 (11), and the periodic reporting requirement of this section shall remain in effect until changed by the general assembly acting by bill.

**24-35-102. Executive director - annual report.** (1) There is hereby created the office of the executive director of the department of revenue, who shall be the head of the department. The executive director shall be appointed by the governor, with the consent of the senate, and shall serve at the pleasure of the governor. The reappointment of an executive director after initial election of a governor shall be subject to the provisions of section 24-20-109. Whenever any law of this state refers to the director of revenue, such law shall be deemed to refer to the executive director of the department of revenue.

(2) The executive director shall be the chief authority of the state and the adviser of the governor and the general assembly in matters of collection of taxes and the enforcement of the taxing and licensing laws and shall have such powers and duties as are necessary and proper to the carrying out of the functions vested by this title in the department of revenue.

(3) The executive director shall prepare and transmit annually, in the form and manner prescribed by the heads of the principal departments pursuant to the provisions of section 24-1-136, a report accounting to the governor for the efficient discharge of all responsibilities assigned by law or directive to the department of revenue or to any subdivisions thereof.

(4) Publications of the department circulated in quantity outside the executive branch shall be issued by the executive director in accordance with the provisions of section 24-1-136.

(5) The executive director shall provide for the printing each year of the financial report summary provided to him by the controller pursuant to section 24-30-207 (2) in the state income tax instruction booklet.

**24-35-103. Powers of executive director - deputies.** (1) In addition to the divisions specified in section 24-1-117 (4), the executive director of the department of revenue, subject to the approval of the governor, may create such groups, divisions, or subordinate departments within the department of revenue as he or she deems necessary for the proper and efficient functioning of said department, and, when established, may appoint, subject to the approval of the governor, all heads of groups, divisions, and subordinate departments. All such appointments shall be from an eligible list prepared by the state personnel director. If there is no eligible list

for the position to be filled, the state personnel director shall forthwith issue to the appointee named by the executive director a provisional appointment, which shall remain in effect until examination is had and such eligible list established, but in no event for a longer period than six months.

(2) (a) Except as provided in paragraph (b) of this subsection (2), the executive director of the department of revenue, with the written approval of the governor, may combine existing groups, divisions, or subordinate departments or reduce the personnel in any group, division, or subordinate department or combined groups, divisions, or subordinate departments or in the department of revenue as a whole, in which case all employees so losing their positions for such reason, in the order of their seniority, shall be placed at the head of the eligible list of like qualifications and duties by the state personnel director. If such employee is a provisional employee, the employee shall not be placed at the head of any such list unless the employee has passed the regular examination of the state personnel system for such position and then only if his or her grade in such examination entitles such person to such position on said eligible list.

(b) The executive director of the department of revenue shall not combine or eliminate the divisions specified in section 24-1-117 (4)(a) unless specifically authorized by law.

(3) Repealed.

(4) (a) Notwithstanding any provision of law, upon approval by the appropriate examination, registration, or licensing board or commission, the executive director of the department of revenue may change the annual renewal date of any license, registration, or certificate issued by such board or commission in order to ensure that approximately the same number of licenses, registrations, or certificates are scheduled for renewal each month of the year. When an annual renewal date is changed or established pursuant to this subsection (4), the fee for such renewal shall be prorated accordingly, and in no case shall fees for an annual license, registration, or certificate be charged for a period in excess of twenty-four months until July 1, 2005, or, after July 1, 2005, a period in excess of twelve months.

(b) This subsection (4) shall not be construed to prohibit the issuance of a license, registration, or certificate for more than twelve months if such authority is granted by statute.

**24-35-103.5. Private letter rulings - information letters - fees - creation of fund - definitions - repeal.** (1) For purposes of this section, unless the context otherwise requires:

(a) "Information letter" means a nonbinding statement issued by the department of revenue to a taxpayer that provides general information regarding any tax administered by the department pursuant to title 29 or 39, C.R.S., that is made in response to a written request from a taxpayer for such information.

(b) "Private letter ruling" means a written determination issued by the executive director of the department of revenue, or the executive director's designee, to a taxpayer on the tax consequences of a proposed or completed transaction under any tax administered by the department pursuant to title 29 or 39, C.R.S., that is made in response to a written request from a taxpayer for such a ruling.

(2) The executive director of the department of revenue, or the executive director's designee, shall, except as otherwise provided by rule, issue information letters and private letter rulings upon the written request of a taxpayer. The executive director shall promulgate rules in accordance with article 4 of this title establishing the process for issuing an information letter or a private letter ruling, including but not limited to rules that specify:

(a) The procedure, form, and time periods for submitting a request for an information letter or a private letter ruling;

(b) The terms and conditions under which a private letter ruling binds the department of revenue or may be revoked or modified; except that any revocation by the department of a private letter ruling shall only be effective prospectively and shall not affect any transaction undertaken on or prior to the date of the revocation;

(c) The limitations on the applicability of an information letter or a private letter ruling to specific persons, transactions, factual circumstances, and time periods;

(d) The circumstances under which a request for an information letter or a private letter ruling may be declined by the executive director of the department of revenue.

(3) The executive director of the department of revenue shall issue private letter rulings within ninety days of the receipt of a written request by a taxpayer unless the request is declined. In the event a request for a private letter ruling is declined, the executive director shall notify the taxpayer in writing of such declination no later than thirty days after the date the request was submitted to the department.

(3.5) The department of revenue shall track the total full-time equivalent personnel positions necessary and the hours dedicated by each FTE for the issuance, declination, modification, or revocation of all information letters or private letter rulings as required by this section.

(4) The issuance, modification, or revocation of an information letter or a private letter ruling shall not constitute a tax policy change for purposes of section 20 (4)(a) of article X of the state constitution.

(5) (a) The executive director of the department of revenue shall redact information from an information letter or private letter ruling in order to ensure the confidentiality of the taxpayer or other persons, transactions, factual circumstances, or time periods that are the subject of the information letter or private letter ruling and make public the balance of the information letter or private letter ruling.

(b) The executive director may withhold the information letter or private letter ruling from the public based upon a determination that information in the information letter or private letter ruling cannot be redacted in a manner that maintains the confidentiality of the taxpayer or other persons, transactions, factual circumstances, or time periods that are the subject of the information letter or private letter ruling. Such a determination shall be subject to review by a court of competent jurisdiction.

(6) The executive director of the department of revenue shall promulgate rules pursuant to article 4 of this title establishing reasonable fees for the direct and indirect costs of the administration of this section, which fees shall accompany any request for a private letter ruling made pursuant to subsection (1) of this section. All fees collected shall be transmitted to the state treasurer, who shall credit the same to the private letter ruling fund, which fund is hereby created. The moneys in the fund shall be subject to annual appropriation by the general assembly for the direct and indirect costs of the administration of this section.

(7) This section is repealed, effective September 1, 2023. Prior to such repeal, the information letter and private letter ruling function of the executive director of the department of revenue shall be reviewed as provided for in section 24-34-104. The general assembly shall not continue to authorize the department of revenue to retain full-time equivalent employee authorization to issue information letters and private letter rulings after this section is repealed.

**24-35-108. Functions of department of revenue - collection of state taxes.** (1) In addition to any function specified in this article, the functions of the department of revenue and the duties of the executive director of the department of revenue as the head of said department or of the head of a group, division, or subordinate department appointed by the executive director in accordance with this article are:

(a) To collect delinquent taxes, assessments, and licenses under the jurisdiction of the department of revenue;

(b) To assist the attorney general in the prosecution of any legal actions commenced for the collection of any delinquent tax, assessment, or license within the jurisdiction of the department of revenue;

(c) To audit reports and returns of taxpayers in connection with all taxes, assessments, and licenses within the jurisdiction of the department of revenue, and, in the performance of this function and duty, the work of the department of revenue shall be so planned and organized that when a field auditor of the department of revenue investigates the tax liability of a taxpayer, to the extent practical, he or she shall examine the tax liability of such taxpayer with respect to all state taxes as to which the return or report of the taxpayer is in question to the end that separate audits by different auditors shall be reduced to a minimum;

(d) To assist local tax collectors insofar as the collection of state taxes is concerned;

(e) To promulgate and establish, with the approval of the governor, rules governing not only the internal administration of the department of revenue but also the collection of taxes, assessments, and licenses and delinquencies in any thereof;

(f) To make arbitrary deficiency and jeopardy assessments as provided by law and by the rules of the department;

(g) Such other duties as may be delegated from time to time to the department of revenue by law concerning the enforcement and collection of state taxes, assessments, and licenses;

(h) To act for and on behalf of the executive director of the department of revenue in all department of revenue matters whenever the executive director specifically authorizes the head of a group, division, or subordinate department to act on his or her behalf for the purposes described in this section.

**24-35-108.5. Annual disclosure to individual taxpayers of average taxes paid.** (1) For calendar years commencing on or after January 1, 2003, the department of revenue shall determine the average amount of certain federal, state, and local taxes paid by individual taxpayers based on taxpayers' average income as presented in the most recent publication of the data in the department's Colorado tax profile study, or its successor. The department shall disclose such information to taxpayers on an annual basis pursuant to this section.

(2) (a) In the calculation of the average amount of federal taxes paid by individual taxpayers, the department of revenue shall include the average federal income tax and the average amount of the joint employer and employee contribution to social security and medicare paid on behalf of each employee for the tax year corresponding to the most recent publication of the department's Colorado tax profile study, or its successor.

(b) In the calculation of the average amount of state taxes paid by individual taxpayers, the department of revenue shall include the average state individual income tax; sales and use tax; gas and gasohol tax; licenses and registrations; tax on alcoholic beverages; and tax on cigarettes and tobacco.

(c) In the calculation of the average amount of local taxes paid by individual taxpayers, the department of revenue shall include the average residential property tax; local sales and use tax; specific ownership tax; and occupational tax.

(3) For each of the taxes specified in subsection (2) of this section, the department of revenue shall determine the average amount of taxes paid by income classes as presented in the most recent publication of such data in the department's Colorado tax profile study, or its successor. Such income classes shall be stratified from the lowest to the highest income tax ranges.

(4) The department of revenue shall prepare a table that discloses the average amount of taxes paid by taxpayers as printed in the most recent publication of the department's Colorado tax profile study, or its successor. Each tax specified in subsection (2) of this section shall be listed in a column on the left side of the table. The income ranges specified in subsection (3) of this section shall appear across the top of the table. The average amount paid for each tax, the average total amount paid in federal, state, and local tax, and the average total amount paid for all taxes combined shall appear under each income range. The table shall be titled "Disclosure of Average Taxes Paid", and the title line of the table shall be printed in eighteen-point type or larger.

(5) The department of revenue shall print the table prepared pursuant to subsection (4) of this section in the income tax booklet that the department provides for taxpayers on an annual basis. The department shall print the table in a clear and noticeable location in the income tax booklet and shall indicate the location of such table in the table of contents for the income tax booklet. The department shall also make the table available on the department's website and shall provide the table to the taxpayer on the software platform that the department makes available to taxpayers to file individual income taxes.

**24-35-109. Collections - distraint and sale.** (1) The department of revenue has every power provided by law to enforce the collection of taxes and license fees due the state by foreclosure of liens against real estate and by execution and sale as for a debt due the state or any taxing division or agency thereof.

(2) Specifically, by way of extension and not of limitation, if any person, firm, or corporation liable to pay any tax for personal property or license fee, all or any portion of which is then due the state, neglects or refuses to pay the same within thirty days after notice and demand therefor to the taxpayer is made in writing by the executive director of the department of revenue or a group, division, or subordinate department head appointed pursuant to this article, it is lawful for the executive director or such group, division, or subordinate department head, to collect the whole of said tax or license fee, together with such interest and other amounts as are required by law, by distraint and sale of the goods, chattels, or effects, including stocks, securities, bank accounts, and evidences of debt of the delinquent taxpayer. Only such property as is exempt from attachment and execution under the laws of this state shall be exempt from distraint and sale under the provisions of this title.

(3) When distraint is made under the power granted in this section, the officer making such distraint shall make or cause to be made an account of the goods, chattels, and effects distrained and shall sign the same in the name of the state of Colorado by authority of the executive director of the department of revenue. A copy of said notice shall be served upon the owner and upon the possessor of any of the distrained property in the same manner as provided by law for the service of summons in judicial actions in the district courts of the state. Said notice shall also specify the total amount of tax, interest, and penalties due, the time and place when the sale thereof shall occur, and the upset or minimum price, if any, at which the distrained property will be sold. A copy of said notice shall likewise be published once in some legal newspaper within the county in which said distraint is made not more than thirty nor less than ten days prior to the date of such sale, and it shall be posted in a conspicuous place in the county courthouse of said county. If there is no legal newspaper published in such county, then the publication of said notice shall not be required.

(4) Every such sale shall be at public auction and shall be held not less than thirty nor more than sixty days after service of the notice of distraint, but any such sale may be adjourned from time to time by the officer making the same if the upset or minimum price is not bid or if for any other reason he deems such adjournment advisable; but no such sale shall be adjourned for a longer period than ninety days in all.

(5) In all cases of sale under distraint, the certificate of such sale shall be prima facie evidence of the regularity of the proceedings in making the sale, and said certificate shall transfer to the purchaser all right, title, and interest of the delinquent taxpayer in and to the property sold; and, if any of the property sold consists of stocks, registered bonds, or other certificates of indebtedness, said certificate of such sale shall be authority for the corporation, firm, or association issuing such stock or having outstanding any such registered bonds or certificates of indebtedness and to all transfer agents thereof to record and transfer the same on their books, accounts, and records the same in all respects as if the certificates of stock or registered bonds or certificates of indebtedness had been duly endorsed for transfer by the delinquent taxpayer as owner thereof.

(6) No such distraint and sale shall occur or be valid unless commenced within three years from and after the date when such tax or license fee becomes due and payable. Every owner of property thus distrained and sold may redeem the same from such sale after the date when the sale occurred by payment of the amount of such tax, together with interest, penalties, and costs of sale. The executive director of the department of revenue shall collect all taxes due the state on real property in the manner provided by law.

(7) If, at any such sale or any adjournment thereof, the price bid is less than the cost of sale, the officer making the sale shall bid in the property in the name of the state of Colorado; except that the proportionate share of any political subdivision derived from any such sale shall be remitted to the political subdivision entitled thereto. If the amount bid at any such sale or at any adjournment thereof is less than the amount of the delinquency plus interest, penalties, and costs, if any, the officer making the sale may bid in the property in the name of the state of Colorado if the property tax administrator shall direct him in writing to do so, certifying in such direction that in the opinion of the property tax administrator the price offered is less than the forced sale value of the distrained property offered for sale.

(8) If any person, firm, or corporation liable for the payment of any tax has repeatedly failed, neglected, or refused to pay the same within the time specified for such payment and the department of revenue has been required to exercise its enforcement proceedings three or more times through the issuance of a distraint warrant to enforce payment of any such taxes due, then the executive director of the department of revenue is authorized to assess and collect the amount of such taxes due together with all the interest and penalties thereon provided by law and also assess and collect an additional amount equal to fifteen percent of the delinquent taxes, interest, and penalties due or the sum of twenty-five dollars, whichever amount is greater, said additional amount being imposed to compensate the department for administrative and collection costs incurred in collecting such delinquent taxes.

**24-35-110. Collection for political subdivisions - contract.** The executive director of the department of revenue is hereby authorized to negotiate and contract with any city, town, or city and county for the purpose of arranging for the collection by the department of revenue of any tax levied by the city, town, or city and county which is also levied and collected by the department of revenue for the state of Colorado.

**24-35-113. Employees interchangeable.** (1) It is the duty of the executive director of the department of revenue in the administration of his or her department to organize the same so that all employees of the department, insofar as possible, are interchangeable in work assignment, to the end that they may be shifted within the department of revenue so as to meet the demands upon any division, group, or branch of the department and the number of such employees kept to the minimum possible for efficient operation. It is likewise the duty of the said executive director, insofar as practicable, to centralize all record-keeping, filing, payroll, and other services required by the department and divisions thereof.

(2) In any fiscal year in which employees are shifted between divisions, groups, or branches of the department of revenue pursuant to subsection (1) of this section, the executive director of the department shall prepare a report that demonstrates that the total FTE funded with cash funds, reappropriated funds, and federal funds and appropriated to such a division, group, or branch of the department for such fiscal year has not been exceeded in that fiscal year by such division, group, or branch. Such report shall be submitted with the department's annual budget request to the joint budget committee.

**24-35-114. Civil penalty for unpaid checks.** (1) The executive director of the department of revenue, or such executive director's delegate, shall assess a forty-one-dollar penalty against any person who issues a check returned for any of the reasons set forth in subsection (2) of this section to the department of revenue in payment of taxes, licenses, or fees collectible by the department of revenue for this state. The penalty provided for in this section shall be assessed in addition to any other penalties or interest provided by law, but shall not be assessed for checks issued pursuant to section 42-4-1701 (5), C.R.S., as a penalty assessment.

(2) The penalty in subsection (1) shall apply to a check that is returned to the department of revenue without payment because of insufficient funds, a closed account, or a stop payment order on the check.

**24-35-115. Mineral audit program.** (1) The purpose of the mineral audit program established by this section is to develop reasonable assurance that all mineral revenues due to the state are received.

(2) The department of revenue shall conduct or cause to be conducted audits of oil, gas, and mineral rents and royalties, the mill levy revenue from oil and gas production under section 34-60-122, C.R.S., and severance taxes accruing to the state from federal, state, and private lands. This auditing shall be conducted by a special unit which shall not have any other duties. The auditing may be conducted through contracts with other state agencies or the federal government. However, a state agency may not contract for an audit of federal mineral revenues unless the federal government pays the cost of any such audit.

(3) The cost of each of the following audits shall be paid by an appropriation from the general fund: Severance tax revenues; revenues accruing to leases managed by the state board of land commissioners authorized in section 36-1-113, C.R.S.; and revenues accruing to the oil and gas conservation and environmental response fund created in section 34-60-122 (5), C.R.S. At the end of each fiscal year, beginning with the fiscal year starting July 1, 1986, the oil and gas conservation commission and the state board of land commissioners shall each repay, from the oil and gas conservation and environmental response fund, created by section 34-60-122 (5), C.R.S., and the state land board administration fund, created by section 36-1-145 (2)(a), C.R.S., to the general fund the cost of such audits performed on their respective fund, which reimbursement shall not exceed the dollar amount of the collections received by each agency from such audits.

(4) Repealed.

**24-35-116. Applications for licenses - authority to suspend licenses - rules.** (1) Every application by an individual for a license issued by the department of revenue or any division or authorized agent of such department shall require the applicant's name, address, and social security number.

(2) The department of revenue or any division or any authorized agent of the department shall deny, suspend, or revoke any license pursuant to the provisions of section 26-13-126, C.R.S., and any rules promulgated in furtherance thereof, if the department or agent thereof receives a notice to deny, suspend, or revoke from the state child support enforcement agency because the licensee or applicant is out of compliance with a court or administrative order for current child support, child support debt, retroactive child support, child support arrearages, or child support when combined with maintenance or because the licensee or applicant has failed to comply with a properly issued subpoena or warrant relating to a paternity or child support proceeding. Any such denial, suspension, or revocation shall be in accordance with the procedures specified by rule of the department of revenue, rules promulgated by the state board of human services, and any memorandum of understanding entered into between the department of revenue or an authorized agent thereof and the state child support enforcement agency for the implementation of this section and section 26-13-126, C.R.S.

(3) (a) The department of revenue shall enter into a memorandum of understanding with the state child support enforcement agency, which memorandum shall identify the relative

responsibilities of the department of revenue and the state child support enforcement agency in the department of human services with respect to the implementation of this section and section 26-13-126, C.R.S.

(b) The appropriate rule-making body of the department of revenue is authorized to promulgate rules to implement the provisions of this section.

(4) For purposes of this section, "license" means any recognition, authority, or permission that the department of revenue or any division or any authorized agent of such department is authorized by law to issue for an individual to practice a profession or occupation or for an individual to participate in any recreational activity. "License" may include, but is not necessarily limited to, any license, certificate, certification, letter of authorization, or registration issued for an individual to practice a profession or occupation or for an individual to participate in any recreational activity.

**24-35-117. Public list of delinquent state taxes.** (1) Notwithstanding any provision of law, the executive director of the department of revenue shall annually disclose a list of all taxpayers, including but not limited to individuals, trusts, partnerships, corporations, and other taxable entities, that are delinquent in the payment of tax liabilities collected by the department. The list shall include only those taxpayers with total delinquent final liabilities for all taxes collected by the department, including penalties and interest, in an amount greater than twenty thousand dollars for a period of six months from the time that a distraint warrant issues or may issue. The list shall contain the name, address, types of taxes, month and year in which each tax liability was asserted in a duly issued distraint warrant, the amount of each tax outstanding of each delinquent taxpayer, and, in the case of a corporate taxpayer, the name of the current president of record of the corporation.

(2) At least ninety days before the disclosure of the name of a delinquent taxpayer prescribed in subsection (1) of this section, the executive director of the department of revenue shall mail a written notice to the delinquent taxpayer at his or her last known address informing the taxpayer that the failure to cure the tax delinquency could result in the taxpayer's name being included in a list of delinquent taxpayers that is published on the internet on the website maintained by the department pursuant to this section. If the delinquent tax has not been paid sixty days after the notice was mailed, and the taxpayer has not, since the mailing of the notice, either entered into a written agreement with the department for payment of the delinquency or corrected a default in an existing agreement to the satisfaction of the executive director, the executive director may disclose the tax in the list of delinquent taxpayers.

(3) Unpaid taxes shall not be deemed to be delinquent and subject to disclosure if:

(a) A written agreement for payment exists without default between the taxpayer and the department of revenue; or

(b) The tax liability is the subject of an administrative hearing, administrative review, judicial review, or an appeal of any such proceedings.

(4) The list described in subsection (1) of this section shall be available for public inspection at the department of revenue and shall be published on the internet on the website maintained by the department.

(5) The name of a taxpayer shall be removed within fifteen days after the payment of the debt.

(6) Any disclosure made by the executive director of the department of revenue in a good faith effort to comply with this section shall not be considered a violation of any statute prohibiting disclosure of taxpayer information.

**24-35-118. Regional tourism projects - authority of department.** (1) In addition to the other functions and powers of the department of revenue and the executive director of the department pursuant to this part 1, the department shall establish and determine the base year revenue, as defined in section 24-46-303 (1), for each regional tourism zone, as defined in section 24-46-303 (11); shall collect, account for, and remit to the applicable financing entity, as defined in section 24-46-303 (6), all state sales tax increment revenue, as defined in section 24-46-303 (12), generated within each regional tourism zone; and shall otherwise perform such functions as are required of the department with respect to any financing entity and any regional tourism zone designated in the written notice thereof to be provided to the executive director pursuant to section 24-46-305.

(2) The executive director shall have the authority to create forms and promulgate rules as deemed necessary or convenient to implement the department's responsibilities with respect to the determination of base year revenue, collection and disbursement of state sales tax increment revenue, and other functions of the department pursuant to part 3 of article 46 of this title. The executive director is authorized to enter into contracts with financing entities approved pursuant to part 3 of article 46 of this title in the manner provided for in section 24-35-110 regarding the performance of the department's functions in implementing part 3 of article 46 of this title, and to establish an administrative fee for such services in the manner provided for in section 24-35-111, with the amount thereof to be reasonably calculated to offset the department's actual direct costs and expenses in performing such collection and disbursement functions.

(3) All state sales tax increment revenue collected by the department on behalf of a financing entity shall be construed and treated for all purposes as being assigned to, the property of, and the revenue of the applicable financing entity and shall not be construed or treated for any purpose as revenue or property of the state. In collecting and disbursing state sales tax increment revenue as provided in this section and otherwise performing its responsibilities pursuant to part 3 of article 46 of this title, the department shall act solely as a collecting agent for the financing entity and shall segregate in a separate fund any portion of state sales tax increment revenue that is dedicated to the financing entity but will not be remitted to the financing entity in the immediate future.

**24-35-119. Law enforcement agencies of department to provide identification cards to retired peace officers upon request - definitions.** (1) As used in this section, unless the context otherwise requires:

(a) "Law enforcement agency of the department" means the department of revenue and any agency within the department of revenue that employs at least one peace officer.

(b) "Peace officer" means a peace officer described in section 16-2.5-101, 16-2.5-121, 16-2.5-122, 16-2.5-123, 16-2.5-124, 16-2.5-124.5, 16-2.5-125, or 16-2.5-126, C.R.S.

(c) "Photographic identification" means a photographic identification that satisfies the description at 18 U.S.C. sec. 926C (d).

(2) Except as described in subsection (3) of this section, on and after August 7, 2013, if a law enforcement agency of the department has a policy, on August 7, 2013, of issuing photographic identification to peace officers who have retired from the agency, and the agency discontinues said policy after August 7, 2013, the agency shall continue to provide such photographic identification to peace officers who have retired from the agency if:

(a) The peace officer requests the identification;

(b) The peace officer retired from the law enforcement agency before the date upon which the agency discontinued the policy; and

(c) The peace officer is a qualified retired law enforcement officer, as defined in 18 U.S.C. sec. 926C (c).

(3) Before issuing or renewing a photographic identification to a retired law enforcement officer pursuant to this section, a law enforcement agency of the state shall complete a criminal background check of the officer through a search of the national instant criminal background check system created by the federal "Brady Handgun Violence Prevention Act" (Pub.L. 103-159), the relevant portion of which is codified at 18 U.S.C. sec. 922 (t), and a search of the state integrated criminal justice information system. If the background check indicates that the officer is prohibited from possessing a firearm by state or federal law, the law enforcement agency shall not issue the photographic identification.

(4) A law enforcement agency of the department may charge a fee for issuing a photographic identification to a retired peace officer pursuant to subsection (2) of this section, which fee shall not exceed the direct and indirect costs assumed by the agency in issuing the photographic identification.

(5) Notwithstanding any provision of this section to the contrary, a law enforcement agency of the department shall not be required to issue a photographic identification to a particular peace officer if the chief administrative officer of the agency elects not to do so.

(6) If a law enforcement agency of the department denies a photographic identification to a retired peace officer who requests a photographic identification pursuant to this section, the law enforcement agency shall provide the retired peace officer a written statement setting forth the reason for the denial.

**24-35-120. Peace officer hiring - required use of waiver - definitions.** (1) The department of revenue shall require each candidate that it interviews for a peace officer position who has been employed by another law enforcement agency or governmental agency to execute

a written waiver that explicitly authorizes each law enforcement agency or governmental agency that has employed the candidate to disclose the applicant's files, including internal affairs files, to the department and releases the department and each law enforcement agency or governmental agency that employed the candidate from any liability related to the use and disclosure of the files. A law enforcement agency or governmental agency may disclose the applicant's files by either providing copies or allowing the department of revenue to review the files at the law enforcement agency's office or governmental agency's office. A candidate who refuses to execute the waiver shall not be considered for employment by the department of revenue. The department of revenue shall, at least twenty-one days prior to making the hiring decision, submit the waiver to each law enforcement agency or governmental agency that has employed the candidate. A state or local law enforcement agency or governmental agency that receives such a waiver shall provide the disclosure to the department of revenue not more than twenty-one days after such receipt.

(2) A state or local law enforcement agency is not required to provide the disclosures described in subsection (1) of this section if the agency is prohibited from providing the disclosure pursuant to a binding nondisclosure agreement to which the agency is a party, which agreement was executed before June 10, 2016, or participating in an official oral interview with an investigator regarding the candidate.

(3) A state or local law enforcement agency or governmental entity is not liable for complying with the provisions of this section.

(4) As used in this section, unless the context otherwise requires:

(a) "Files" means all performance reviews, any other files related to job performance, administrative files, grievances, previous personnel applications, personnel-related claims, disciplinary actions, and all complaints, early warnings, and commendations, but does not include nonperformance or conduct-related data, including medical files, schedules, pay and benefit information, or similar administrative data or information.

(b) "State or local law enforcement agency" means:

- (I) The Colorado state patrol created pursuant to section 24-33.5-201;
- (II) The Colorado bureau of investigation created pursuant to section 24-33.5-401;
- (III) A county sheriff's office;
- (IV) A municipal police department;
- (V) The division of parks and wildlife within the department of natural resources created pursuant to section 24-1-124; or
- (VI) A town marshal's office.

### PART 1

#### DEPARTMENT OF THE TREASURY

**24-36-101. State treasurer head of department.** The state treasurer is the chief executive officer of the department of the treasury. He has all of the powers, duties, and obligations conferred upon him by the state constitution and is the official custodian of all state moneys and securities, unless otherwise expressly provided by law.

**Source: L. 71:** R&RE, p. 95, § 1. **C.R.S. 1963:** § 3-6-1.

**24-36-102. Function of department - employees.** (1) The principal function of the treasury department is to receive all state moneys collected by or otherwise coming into the hands of any officer, department, institution, or agency of the state government as required in section 24-36-103 (1) and to deposit and disburse the same in the manner prescribed by law. It shall have no tax collection or enforcement functions whatsoever.

(2) Employees of the treasury department shall be appointed pursuant to the provisions of section 24-2-102, except for one deputy permitted by law, who shall be appointed by the state treasurer.

**Source: L. 71:** R&RE, p. 95, § 1. **C.R.S. 1963:** § 3-6-2.

**24-36-103. All state moneys to be transmitted to department.** (1) It is the duty of every officer, department, institution, and agency of the state government charged with the responsibility of collecting the various taxes, licenses, fees, and permits imposed by law and of collecting or accepting tuition, rentals, receipts from the sale of property, and moneys of any other nature accruing to the state from any source whatsoever to transmit the same to the treasury department in such manner and under such procedures as may be prescribed by law or by fiscal rule of the controller.

(2) Where a department, institution, or agency collects or receives moneys of a trust or quasi-trust nature, or moneys derived from the operation of a business-type enterprise, or moneys in which the interest, share, or proportion of the state has not yet been determined, such department, institution, or agency may, upon application to the office of the state controller and upon the written approval of the controller and the state treasurer, deposit such moneys in any depository authorized in section 24-75-603, under the same conditions as required in articles 10.5 and 47 of title 11, C.R.S., with respect to the deposit of other state moneys. Such

department, institution, or agency shall file such reports as shall be required by fiscal rules adopted by the controller.

(3) Repealed.

(4) The treasury department shall be the transaction-approving authority for all moneys transmitted to and received by it. One copy of the transaction shall be retained in the files of the department.

**Source:** **L. 71:** R&RE, p. 95, § 1. **C.R.S. 1963:** § 3-6-3. **L. 75:** (2) amended, p. 391, § 2, effective July 14; (3) repealed, p. 216, § 50, effective July 16. **L. 79:** (2) amended, p. 1615, § 8, effective June 8. **L. 80:** (2) amended, p. 597, § 1, effective February 29. **L. 93:** (4) amended, p. 1258, § 1, effective June 6. **L. 2010:** (2) amended, (HB 10-1181), ch. 351, p. 1630, § 27, effective June 7.

**24-36-104. Moneys to be deposited.** (1) All moneys received by the treasury department shall be promptly deposited in such national or state banks doing business in this state as the state treasurer shall select. Accounts in such depositories shall be carried in the name of "Treasurer, State of Colorado", and withdrawals therefrom shall be made and signed in such manner as the state treasurer shall direct. The state treasurer may make payments, without appropriation, of all actual and necessary charges made by such depositories for expenses related to the deposit and withdrawal of moneys received by the treasury department in accordance with the constitution or statutes of Colorado. Such payments shall be made from investment income or any other available revenues. The state treasurer shall contract for all such bank services in accordance with the provisions of the "Procurement Code", articles 101 to 112 of this title. The state treasurer shall make the criteria used in selecting a vendor for bank services available to the finance committees of both houses of the general assembly prior to the award of a contract and shall make all contracts submitted or entered into pursuant to this section available for public inspection in accordance with the provisions of part 2 of article 72 of this title.

(1.5) As used in this article:

(a) "Deposit" means the payment and reconciliation of moneys received by the treasury department or an authorized department, institution, or agency by means of cash, check, draft, or alternative forms of payment, as defined in section 24-19.5-101 (1).

(b) "Withdrawal" means the disbursement and reconciliation of moneys received by the treasury department or an authorized department, institution, or agency by means of cash, check, draft, or alternative forms of payment, as defined in section 24-19.5-101 (1).

(2) The state treasurer may authorize any department, institution, or agency collecting or otherwise receiving state moneys to deposit the same to his credit in any such depository in lieu of transmitting the same to the treasury department under procedures approved jointly by himself and the controller.

(2.5) Notwithstanding the provisions of section 11-10.5-111, C.R.S., and section 24-75-202, at the discretion of the state treasurer and the state controller, state moneys may be deposited in bank accounts in other states and in foreign countries to enable a state agency or institution, including institutions of higher education, to operate projects located in other states and foreign countries. Such state agencies and institutions, including institutions of higher education, shall exercise due regard and have full responsibility for the safety of deposits under this article, and the state shall not assume liability for any risk, casualty, or loss of such deposits.

(3) For the purpose of managing deposits of state moneys, the state treasurer may, on a daily basis only, borrow moneys from any such depository to cover advances made by any depository to the state on state warrants and state checks paid by the depository but not yet reimbursed by the state and on uncollected deposits. The state treasurer may negotiate a line of credit with any such depository sufficient to cover anticipated requirements for such advances in the current fiscal year. The state treasurer may pay interest on such moneys borrowed at a rate to be negotiated by the state treasurer and the lending depository and may take such measures as are necessary to implement the provisions of this subsection (3). All such moneys borrowed shall be repaid, together with any interest, before the end of the fiscal year in which the moneys are borrowed, and the state shall not be liable to repay such moneys borrowed from revenues of any later fiscal year. This subsection (3) shall not be construed to expressly or impliedly authorize the state treasurer to do any act or take any action with respect to deposits of state moneys, or with respect to the moneys of any department or agency of the state, other than the acts specifically authorized by this subsection (3).

(4) The state treasurer is authorized to receive and deposit moneys from the United States government. Such federal moneys shall be transmitted to the treasury department as required in section 24-36-103 (1) and deposited as provided in subsection (1) of this section. The state treasurer is authorized to make payments, without appropriation, of interest to the United States government on such federal moneys deposited with the state treasurer in accordance with the federal "Cash Management Improvement Act of 1990", as amended, 31 U.S.C. sec. 6501 et seq. Such payments shall be made from investment income or any other available revenues. The interest rate payable on such deposits shall be the federal discount rate or such other rate established by federal law.

**24-36-106. Record of warrants and checks - order of payment - paid warrants and checks - validation.** (1) The treasury department shall maintain a list of all warrants and checks drawn upon the state treasurer by the office of the state controller and of those warrants and

checks issued and outstanding. Such lists shall be open during regular business hours for the inspection and examination of every person desiring to inspect or examine the same.

(2) Warrants and checks shall be paid in the order in which presented to the treasury department for payment. The state treasurer may validate any warrant or any check presented for payment after six months from its date of issue for a period of time not longer than thirty days from the date upon which it is so presented.

(3) All paid warrants and checks shall be canceled and, after being microfilmed or copied through image technology such as optical storage and other recognized state-of-the-art storage technologies, shall be destroyed pursuant to part 1 of article 80 of this title. The treasury department is authorized to enter into an arrangement that allows any bank holding canceled warrants or checks to microfilm or copy through other recognized state-of-the-art storage technologies and to store said warrants and checks for the benefit and use of the treasury department, but no bank shall destroy any canceled warrant or any canceled check without written authorization from the treasury department. Any bank producing microfilm or using other recognized state-of-the-art storage technologies pursuant to this subsection (3) shall transmit such microfilm or the product of such other recognized state-of-the-art storage technologies to the treasury department, where it shall be kept and stored. The treasury department is not authorized to enter into such an arrangement if the cost of the service charged by the bank exceeds the cost which the state would incur by providing the same service.

**24-36-107. Warrants or checks endorsed when not paid - exception.** (1) Whenever upon presentation for payment of any issued and outstanding warrant or any issued and outstanding check there are insufficient funds in the state treasury to pay the same, the state treasurer shall endorse thereon the following: "Presented for payment (insert date). Insufficient funds. This warrant or check shall draw interest from this date at the rate of six percent per annum." and shall return such warrant or check to the person presenting it for payment.

(2) Noninterest-bearing general fund warrants and checks lawfully issued pursuant to the provisions of section 24-75-208 are exempt from the provisions of this section.

**24-36-108. Notice of payment - when interest ceases.** (1) The treasury department shall maintain a record of the number and amount of each warrant and each check presented for payment and endorsed by the state treasurer as provided in section 24-36-107. Whenever there are sufficient moneys in the state treasury to pay part or all of such endorsed warrants and checks, the state treasurer shall give notice of the date of payment of the same through publication, twice, in some newspaper published in Denver, listing the numbers and amounts of the warrants and checks that he or she is prepared to pay on said date. Interest on the warrants

and checks so listed shall cease at the expiration of fifteen days from the last date of publication of said notice.

(2) The state treasurer is authorized to pay interest on any such warrant and any such check at the rate endorsed thereon out of any moneys in the state treasury to the credit of the general fund or such other fund out of which the warrant or check is payable and to charge the amount of interest so paid to such fund.

(3) Interest paid on any such warrant or any such check shall be receipted for thereon by the payee or assignee thereof.

**Cross references:** For clarification of terms and requirements for notice by publication, see part 1 of article 70 of this title.

**24-36-109. Time deposits.** (1) Subject to the requirements of subsection (2) of this section, the state treasurer is authorized to deposit state moneys with national or state banks doing business in this state for fixed periods of time, not exceeding two years, at such rate of interest as may be negotiated from time to time. For the purpose of making such deposits, the state treasurer may, in his or her discretion, appoint in writing one or more persons to act as custodians of the moneys. Such persons shall give surety bonds in such amounts and form and for such purposes as the state treasurer requires.

(2) (a) The state treasurer shall deposit state moneys for fixed periods in national or state banks that have applied and are eligible as depositories for state moneys pursuant to subsection (1) of this section and pursuant to the time deposit rules established by the department of the treasury that are in effect at that time in accordance with the procedure established in paragraph (b) of this subsection (2) or in paragraph (c) of this subsection (2). Such procedure utilized shall be at the discretion of the treasurer.

(b) (I) Except as provided in paragraph (c) of this subsection (2), when state moneys become available for time deposits pursuant to subsection (1) of this section, the state treasurer shall announce the interest rate at which such moneys may be deposited for a fixed period in eligible national or state banks but shall not disclose the amount of state moneys available for deposit.

(II) An eligible national or state bank may request the state treasurer to deposit a specified amount of state moneys with that bank at the interest rate announced by the treasurer. Except as otherwise provided by subparagraph (III) of this paragraph (b), the treasurer shall deposit all or a portion of the state moneys available for deposit with any eligible national or state bank or banks making such a request in an amount equal to the amount requested by that bank.

(III) In the event that the total amount of state moneys requested for deposit by all eligible national or state banks pursuant to subparagraph (II) of this paragraph (b) exceeds the amount of state moneys available for deposit, the state treasurer shall determine the total amount of state moneys that all such banks requested for deposit and calculate the percentage of such total that each eligible national or state bank requested. The state treasurer shall deposit with

each eligible national or state bank an amount equal to the product of such percentage multiplied by the total amount of state moneys available for deposit.

(c) (I) In the alternative to paragraph (b) of this subsection (2), when state moneys become available for time deposits pursuant to subsection (1) of this section, the state treasurer shall announce the amount of state moneys available for deposit for a fixed period in any eligible national or state bank but shall not announce the interest rate at which such moneys shall be deposited.

(II) Except as provided by subparagraph (III) of this paragraph (c), any eligible national or state bank may submit a bid to the state treasurer specifying the interest rate that such bank will pay if state moneys are deposited in such bank and the amount of such moneys the bank will accept for deposit at that interest rate. The bank submitting a bid with the highest interest rate shall be awarded the deposit of state moneys in the full amount requested or the full amount available for deposit at that time, whichever is less.

(III) In the event that two or more eligible national or state banks submit the highest bid for the same interest rate and the total amount requested for deposit by the banks exceeds the amount of state moneys available for deposit at that time, the state treasurer shall determine the total amount of state moneys that all such banks requested for deposit and calculate the percentage of such total that each eligible national or state bank requested. The state treasurer shall deposit with each eligible national or state bank an amount equal to the product of such percentage multiplied by the total amount of state moneys available for deposit.

(IV) In the event that depositing state moneys in the highest bidding eligible national or state bank or banks does not exhaust the total amount of state moneys available for deposit at that time, the state treasurer shall deposit the remaining state moneys in other eligible banks giving priority to the highest remaining bidders.

(V) The state treasurer shall have the authority to establish a minimum acceptable bid for an interest rate. The rate shall be announced before the start of the bidding by any eligible national or state bank.

**24-36-111.5. Authority to invest in real property owned by a school district.**

Whenever there are moneys in the state treasury that are not immediately required to be disbursed, the state treasurer may, in the state treasurer's discretion, invest such moneys in real property owned by a school district pursuant to the provisions of section 22-54-110 (2)(d), C.R.S. The state treasurer shall ensure that the investment in real property shall yield a fair and equitable return to the state; except that this requirement shall not apply to an investment in real property that is related to a loan agreement entered into prior to July 1, 2003.

**Source: L. 2003:** Entire section added, p. 1288, § 3, effective April 22.

**24-36-112. Deposits in savings and loan associations.** (1) Subject to the requirements of subsection (4) of this section, the state treasurer is authorized to deposit state moneys with any state-chartered savings and loan association, or federally chartered savings and loan association having its principal office in this state, for fixed periods of time not exceeding three years, at such rate of interest as may be negotiated from time to time, but in no event shall any such deposit be in excess of the amount insured by the federal deposit insurance corporation or its successor, unless such savings and loan association has been designated as an eligible public depository by the state commissioner of financial services, pursuant to the provisions of article 47 of title 11, C.R.S.

(2) Any such savings and loan association is authorized to accept deposits of state moneys to the extent permitted in this section.

(3) For the purpose of making such deposits, the state treasurer may, in his discretion, appoint in writing one or more persons to act as custodians of the moneys. Such persons shall give surety bonds in such amounts and form and for such purposes as the state treasurer requires.

(4) (a) The state treasurer shall deposit state moneys for fixed periods in state-chartered or federally chartered savings and loan associations that have applied and are eligible as depositories for state moneys pursuant to subsection (1) of this section and pursuant to the time deposit rules established by the department of the treasury that are in effect at that time in accordance with the procedure established in paragraph (b) of this subsection (4) or in paragraph (c) of this subsection (4). Such procedure utilized shall be at the discretion of the treasurer.

(b) (I) Except as provided in paragraph (c) of this subsection (4), when state moneys become available for time deposits pursuant to subsection (1) of this section, the state treasurer shall announce the interest rate at which state moneys may be deposited for a fixed period in eligible state-chartered or federally chartered savings and loan associations but shall not disclose the amount of state moneys available for deposit.

(II) An eligible state-chartered or federally chartered savings and loan association may request the state treasurer to deposit a specified amount of state moneys in that savings and loan association at the interest rate announced by the treasurer. Except as otherwise provided by subparagraph (III) of this paragraph (b), the treasurer shall deposit all or a portion of the state moneys available for deposit with any eligible state-chartered or federally chartered savings and loan association or associations making such a request in an amount equal to the amount requested by that savings and loan association.

(III) In the event that the total amount of state moneys requested for deposit by all eligible state-chartered or federally chartered savings and loan associations pursuant to subparagraph (II) of this paragraph (b) exceeds the amount of state moneys available for deposit,

the state treasurer shall determine the total amount of state moneys that all such savings and loan associations requested for deposit and calculate the percentage of such total that each eligible state-chartered or federally chartered savings and loan association requested. The state treasurer shall deposit with each eligible state-chartered or federally chartered savings and loan association an amount equal to the product of such percentage multiplied by the total amount of state moneys available for deposit.

(c) (I) In the alternative to paragraph (b) of this subsection (4), when state moneys become available for time deposits pursuant to subsection (1) of this section, the state treasurer shall announce the amount of state moneys available for deposit for a fixed period in any eligible state-chartered or federally chartered savings and loan associations but shall not announce the interest rate at which such moneys shall be deposited.

(II) Except as provided by subparagraph (III) of this paragraph (c), any eligible state-chartered or federally chartered savings and loan association may submit a bid to the state treasurer specifying the interest rate that the eligible savings and loan association will pay if state moneys are deposited in such savings and loan association and the amount of such moneys the savings and loan association will accept for deposit at that interest rate. The savings and loan association submitting a bid with the highest interest rate shall be awarded the deposit of state moneys in the full amount requested or the full amount available for deposit at that time, whichever is less.

(III) In the event that two or more eligible state-chartered or federally chartered savings and loan associations submit the highest bid for the same interest rate and the total amount requested for deposit by the eligible savings and loan associations exceeds the amount of state moneys available for deposit at that time, the state treasurer shall determine the total amount of state moneys that all such savings and loan associations requested for deposit and calculate the percentage of such total that each eligible state-chartered or federally chartered savings and loan association requested. The state treasurer shall deposit with each eligible state-chartered or federally chartered savings and loan association an amount equal to the product of such percentage multiplied by the total amount of state moneys available for deposit.

(IV) In the event that depositing state moneys in the highest bidding eligible state-chartered or federally chartered savings and loan association or associations does not exhaust the state moneys available for deposit at that time, the state treasurer shall deposit the remaining moneys in other eligible savings and loan associations giving priority to the highest remaining bidders.

(V) The state treasurer shall have the authority to establish a minimum acceptable bid for an interest rate. The rate shall be announced before the start of the bidding by any eligible state-chartered or federally chartered savings and loan association.

**24-36-113. Investment of state money - limitations.** (1) (a) Whenever there are moneys in the state treasury that are not immediately required to be disbursed, the state treasurer is authorized to invest the same in fixed income securities denominated in United States dollars.

In making such investments, the state treasurer shall use prudence and care to preserve the principal and to secure the maximum rate of interest consistent with safety and liquidity. The state treasurer shall formulate investment policies regarding liquidity, maturity, and diversification appropriate to each fund or pool of funds in the state treasurer's custody available for investment.

(b) (I) If the state treasurer invests state moneys through an investment firm offering for sale corporate stocks, bonds, notes, debentures, or a mutual fund that contains corporate securities, the investment firm shall disclose, in any research or other disclosure documents provided in support of the securities being offered, to the state treasurer whether the investment firm has an agreement with a for-profit corporation that is not a government-sponsored enterprise, whose securities are being offered for sale to the state treasurer and because of such agreement the investment firm:

(A) Had received compensation for investment banking services within the most recent twelve months; or

(B) May receive compensation for investment banking services within the next three consecutive months.

(II) For the purposes of this paragraph (b), "investment firm" means a bank, brokerage firm, or other financial services firm conducting business within this state, or any agent thereof.

(2) Such moneys may be invested, without limitation, in debt obligations of the United States treasury, any agency of the United States government, or United States government-sponsored corporations.

(2.5) The state treasurer may, in the state treasurer's discretion, invest such moneys in municipal bonds rated in one of the two highest rating categories by a nationally recognized rating organization.

(3) The state treasurer may, in the state treasurer's discretion, invest such moneys in repurchase agreements, in banker's acceptances or bank notes issued by banks rated at least investment grade by a nationally recognized rating organization, in commercial paper of prime quality as so classed by a nationally recognized rating organization, and in money market funds that are registered as an investment company under the federal "Investment Company Act of 1940", as amended.

(3.5) The state treasurer may, in the state treasurer's discretion, invest such moneys in corporate debt obligations rated at least investment grade by a nationally recognized rating organization.

(3.6) The state treasurer may, in the state treasurer's discretion, invest such moneys in asset-backed securities and covered bonds rated in one of the two highest rating categories by a nationally recognized rating organization.

(3.7) Repealed.

(3.8) The state treasurer may, in the state treasurer's discretion, invest such moneys in mortgage pass-through securities and collateralized mortgage obligations that are issued by any agency of the United States government or a United States government-sponsored corporation or that are rated in one of the two highest rating categories by a nationally recognized rating organization.

(3.9) Repealed.

(4) The state treasurer may make such arrangements for the custody, safekeeping, and registration of all investment securities as will enable the state treasurer to make prompt delivery thereof upon maturity or in the event of sale.

(5) The state treasurer may engage in reverse repurchase agreements and securities lending programs for any securities in the state treasurer's custody and may purchase loans if, in the state treasurer's discretion, the purchase of loans will yield a fair and equitable return to the state.

(6) Notwithstanding any restrictions on the investment of state moneys set forth in this section or in any other provision of law, the state treasurer may authorize the escrow agent appointed pursuant to section 1 of the escrow agreement entered into in connection with, and attached as exhibit B to, the master settlement agreement entered by the court in the case denominated *State of Colorado, ex rel. Gale A. Norton, Attorney General v. R.J. Reynolds Tobacco Co.; American Tobacco Co., Inc.; Brown & Williamson Tobacco Corp.; Liggett & Myers, Inc.; Lorillard Tobacco Co., Inc.; Philip Morris, Inc.; United States Tobacco Co.; B.A.T. Industries, P.L.C.; The Council For Tobacco Research--U.S.A., Inc.; and Tobacco Institute, Inc.*, Case No. 97 CV 3432, in the district court for the city and county of Denver, to invest any tobacco litigation settlement moneys held in escrow for the state of Colorado pursuant to the master settlement agreement and the escrow agreement in any manner permitted by section 5 of the escrow agreement.

(6.1) The state treasurer may, in the state treasurer's discretion, invest such money in securities that are issued by a sovereign, national, or supranational entity and are rated at least investment grade by a nationally recognized rating organization.

(7) Repealed.

**24-36-115. Moneys not immediately creditable - special purpose moneys.** Moneys received by the treasury department that are not immediately creditable to a particular fund or account or moneys received that are designated by law for a special purpose shall be held in custody by the state treasurer and may be subsequently withdrawn from his or her custody upon warrants or checks drawn pursuant to law.

**Source:** L. 71: R&RE, p. 99, § 1. C.R.S. 1963: § 3-6-15. L. 2014: Entire section amended, (HB 14-1391), ch. 328, p. 1453, § 12, effective June 5.

**24-36-116. Moneys paid under protest - disposition.** (1) Moneys in the form of taxes, licenses, fees, or permits imposed by law which are paid under protest shall nonetheless be transmitted to the treasury department, which shall credit the same to an account designated "moneys paid under protest".

(2) If any person paying such moneys under protest has not filed a claim for refund of the same in the manner provided by law or has not commenced an action in a court of competent jurisdiction for recovery of the same within one year from the date of payment or within one year from April 24, 1971, whichever date occurs later, then the amount so paid shall be credited forthwith to the fund or account to which it would have been credited had it not been paid under protest.

(3) If a claim for refund of such money is filed and subsequently disallowed and an action is not commenced in a court of competent jurisdiction for recovery of the same within six months from the date of such disallowance, then the amount so paid shall be credited forthwith to the fund or account to which it would have been credited had it not been paid under protest.

**24-36-118. Applications for licenses - authority to suspend licenses - rules.** (1) Every application by an individual for a license issued by the department of the treasury or any authorized agent of such department shall require the applicant's name, address, and social security number.

(2) The department of the treasury or any authorized agent of the department shall deny, suspend, or revoke any license pursuant to the provisions of section 26-13-126, C.R.S., and any rules promulgated in furtherance thereof, if the department or agent thereof receives a notice to deny, suspend, or revoke from the state child support enforcement agency because the licensee or applicant is out of compliance with a court or administrative order for current child support, child support debt, retroactive child support, child support arrearages, or child support when combined with maintenance or because the licensee or applicant has failed to comply with a properly issued subpoena or warrant relating to a paternity or child support proceeding. Any such denial, suspension, or revocation shall be in accordance with the procedures specified by rule of the department of the treasury, rules promulgated by the state board of human services, and any memorandum of understanding entered into between the department of the treasury or an authorized agent thereof and the state child support enforcement agency for the implementation of this section and section 26-13-126, C.R.S.

(3) (a) The department of the treasury shall enter into a memorandum of understanding with the state child support enforcement agency, which memorandum shall identify the relative responsibilities of the department of the treasury and the state child support enforcement agency in the department of human services with respect to the implementation of this section and section 26-13-126, C.R.S.

(b) The appropriate rule-making body of the department of the treasury is authorized to promulgate rules to implement the provisions of this section.

(4) For purposes of this section, "license" means any recognition, authority, or permission that the department of the treasury or any authorized agent of such department is authorized by law to issue for an individual to practice a profession or occupation or for an individual to participate in any recreational activity. "License" may include, but is not necessarily limited to, any license, certificate, certification, letter of authorization, or registration issued for an individual to practice a profession or occupation or for an individual to participate in any recreational activity.

**24-36-120. Authority to assess transaction fees.** (1) Except as provided in subsection (4) of this section, for the 2002-03 fiscal year and each fiscal year thereafter, the state treasurer is authorized to assess a fee for each eligible transaction performed by the state treasurer on behalf of state departments and agencies. Notwithstanding any other provision of law, the state treasurer shall deduct the fee from the interest earnings attributable to the fund for which the transaction was performed.

(2) The amount of the fee assessed pursuant to subsection (1) of this section shall be determined annually by dividing an amount equal to the total amount appropriated to the department of the treasury for administration in the annual general appropriations act for the current fiscal year by the total number of eligible transactions performed by the state treasurer in the immediately preceding fiscal year.

(3) The fees deducted by the state treasurer pursuant to subsection (1) of this section shall be subject to annual appropriation by the general assembly to the department of the treasury to fund the administration of the department.

(4) The state treasurer shall not assess a fee for an eligible transaction involving any of the following funds:

(a) The state education fund created in section 17 (4) of article IX of the state constitution;

(b) The highway users tax fund created in section 43-4-201, C.R.S.;

(c) The great outdoors Colorado trust fund created in section 2 of article XXVII of the state constitution;

(d) The public school fund described in section 3 of article IX of the state constitution;

(e) The old age pension fund created in section 1 of article XXIV of the state constitution;

(f) Any other fund against which the assessment of a fee would be contrary to the state constitution; and

(g) The college opportunity fund created in section 23-18-202, C.R.S.

(5) The state treasurer shall notify each state department and agency for which the state treasurer performs eligible transactions of the amount of fees that will be deducted from any fund managed by the state department or agency no later than July 1 of the fiscal year in which the fees will be deducted.

(6) As used in this section, "eligible transaction" means any cash management transaction that affects a cash balance, including, but not limited to, electronic fund transfers, payroll and other automated disbursements, payments, cash receipts, warrant transactions, check transactions, and journal entries.

**24-36-121. Authority to manage state public financing - state public financing cash fund - rules - legislative declaration - definitions.** (1) The general assembly hereby finds, determines, and declares that:

(a) The state's public financing matters are currently decentralized. Many state agencies incur financial obligations and directly or indirectly pledge or use the credit of the state without centralized management.

(b) Centralized management could have a positive impact on the state's credit rating because credit rating agencies would have a centralized point of contact with the state for state public financing matters;

(c) The issuance and incurrence of financial obligations and the state's outstanding financial obligations should be managed as a whole, by personnel with financial experience and securities market understanding, so that the issuance and incurrence of state financial obligations and the state's outstanding financial obligations can be managed as efficiently and cost effectively as possible, allowing the state to maximize refinancing opportunities;

(d) Centralized management provides a better method of ensuring that federal tax and securities law post-issuance compliance requirements for state financial obligations are met by the state;

(e) Due to changes in the public securities market, increased regulatory requirements, evolving credit criteria, recent technological developments, recent downgrading of certain government credit ratings, and the benefits set forth in this subsection (1), it is necessary to designate the state treasurer as a centralized manager for the issuance and incurrence of financial obligations by the state acting by and through a state agency;

(f) It is also important that the state treasurer develop and promulgate a state public financing policy and, in so doing, collaborate with various experts, including but not limited to the state controller, the office of state planning and budgeting, bond counsel, and the attorney general. Such a policy demonstrates a commitment to long-term financial planning, identifies policy goals, provides for appropriate financing structures, and improves the quality of decision-making. Furthermore, credit rating agencies, the federal internal revenue service, and the federal securities and exchange commission view the existence of state public financing policies favorably.

(g) Senate Bill 12-150, enacted in 2012, is not intended to grant the state treasurer any authority that supersedes a state agency's authority to enter into or incur a financial obligation, nor is Senate Bill 12-150 intended to affect other state laws regarding the general assembly's approval of any financed purchase of an asset or certificate of participation agreement over five hundred thousand dollars.

(2) Nothing in this section authorizes the state treasurer or any other public agency to waive an election otherwise required under section 20 of article X or article XI of the state constitution or to hold an election inconsistent with the election requirements of said section 20 of article X. References to financial obligations, debt, or bonds in this section are for reference only and shall not be construed to create debt or a multiple fiscal-year financial obligation contrary to section 20 of article X or article XI of the state constitution.

(3) As used in this section, unless the context otherwise requires:

(a) (I) "Financial obligation" means any financial contract, note, warrant, check, bond, certificate, instrument, debenture, or other security, the principal amount of which is one million dollars or more, that is authorized to be issued or entered into by the state acting by and through

a state agency under the laws of this state, that is fully or partially secured by any state revenues, and that is directly or indirectly related to the state's credit rating. "Financial obligation" includes, but is not limited to:

(A) Any financed purchase of an asset or certificate of participation agreement the principal amount of which is one million dollars or more authorized pursuant to section 24-82-102 and part 8 of article 82 of this title 24; and

(B) Any payment obligation constituting a portion of or related to an energy performance contract as defined in section 24-30-2001 (1) or a capital project financed through a utility cost-savings contract authorized by section 24-38.5-106.

(II) Notwithstanding subparagraph (I) of this paragraph (a), for purposes of the department of transportation, "financial obligation" does not include:

(A) Any financial contract, note, warrant, check, bond, certificate, instrument, debenture, or other contract, agreement, or security that is authorized to be issued or entered into by or in support of such obligations of the high-performance transportation enterprise created in section 43-4-806 (2), C.R.S.; and

(B) Any financial contract, note, warrant, check, bond, certificate, instrument, debenture, or other contract, agreement, or security that is authorized to be issued or entered into by or in support of such obligations of the statewide bridge enterprise created in section 43-4-805 (2), C.R.S.

(b) "Internal revenue code" means the federal "Internal Revenue Code of 1986", as amended, and any regulations thereunder.

(c) (I) "State agency" means a department, board, bureau, commission, division, institution, quasi-governmental entity, or other agency or instrumentality of the state, including a state institution of higher education. "State agency" also includes an enterprise, as defined in section 24-77-102 (3), a nonprofit corporation organized under the laws of this state and created solely for the purpose of issuing financial obligations on behalf of the state acting by and through a state agency, and a trust that may be formed by the state or a state agency to implement financed purchase of an asset or certificate of participation financing.

(II) "State agency" does not include:

(A) A county or city and county;

(B) A municipality;

(C) A school district;

(D) A charter school;

(E) A water conservancy district;

(F) Collegeinvest as described in section 23-3.1-205.5, C.R.S.;

(G) A district or authority organized or acting pursuant to the provisions of title 29, 30, 31, or 32, C.R.S.;

(H) A special purpose authority listed in section 24-77-102 (15)(b); or

(I) Any other political subdivision of the state or other entity that constitutes a local public body as defined in section 24-6-402 (1)(a).

(d) "State institution of higher education" has the same meaning as set forth in section 23-18-102 (10), C.R.S. For purposes of this section, "state institution of higher education" also includes the Auraria higher education center established in article 70 of title 23, C.R.S.

(e) "State revenues" means all income of the state that is received into the state treasury from taxes, fees, and other sources and appropriated for the payment of the state's expenses.

(4) (a) (I) Notwithstanding any other law to the contrary and except as provided in subparagraph (II) of this paragraph (a), for the 2012-13 state fiscal year and each state fiscal year thereafter, when a state agency obtains the required approval for the financing of a capital project as specified in law, the state treasurer shall act as the issuing manager, subject to the criteria established in the state public financing policy promulgated as specified in subsection (5) of this section, for all approved financial obligations of the state acting by and through a state agency. The state treasurer has the sole discretion to manage the issuance or incurrence of financial obligations of the state acting by and through a state agency, including all post-issuance compliance with federal and state tax and securities laws, such as arbitrage, rebate, and remedial action requirements. The state treasurer's duties with respect to the management of the issuance or incurrence of financial obligations include, but are not limited to, the following:

(A) Determining the financing structure and term;

(B) Deciding the market timing;

(C) Selecting or hiring, as applicable, the state financing team, including, where appropriate, the lessor, purchaser, underwriter, bond or disclosure counsel, trustee, escrow agent, paying agent, credit enhancer, rating agency, placement agent, liquidity provider, credit support provider, interest rate exchange agreement counterparty, and financial advisor;

(D) Determining the advisability of a state agency entering into an interest rate exchange agreement pursuant to article 59.3 of title 11, C.R.S.; and

(E) Determining whether to enter into competitive or negotiated sales of financial obligations.

(II) For a state institution of higher education, for the 2012-13 state fiscal year and each state fiscal year thereafter, the state treasurer shall act as the issuing manager, subject to the criteria established in the state public financing policy promulgated as specified in subsection (5) of this section, for any financed purchase of an asset or certificate of participation agreement similar to those authorized in section 23-1-106.3, and any financial contract, note, warrant, check, bond, certificate, instrument, debenture, or other security, the principal amount of which is one million dollars or more, that is authorized under the laws of this state to be issued or entered into by the state acting by and through a state agency other than a state institution of higher education and that finances improvements that benefit a state institution of higher education. The state treasurer has the sole discretion to manage the issuance or incurrence of such financial obligations for a state institution of higher education and shall manage the issuance or incurrence of such financial obligations in accordance with the duties set forth in subsections (4)(a)(I)(A) to (4)(a)(I)(E) of this section. The state treasurer shall not act as the issuing manager for any bonds subject to the higher education revenue bond intercept program established in section 23-5-139.

(b) (I) (A) Not less than sixty days prior to the date on which a state agency expects that a financial obligation of the state acting by and through the state agency will be incurred, a state agency shall provide written notice to the state treasurer of that expectation.

(B) Not less than thirty days prior to the date on which a state agency expects that a refinancing of a financial obligation of the state acting by and through the state agency will be incurred, a state agency shall provide written notice to the state treasurer of that expectation.

(II) The state agency shall provide the state treasurer with the information that the state treasurer considers necessary to act as the issuing manager for the issuance or incurrence of the financial obligation, including, if necessary, assumptions of underlying cash flow projections

associated with the repayment of the financial obligation. The state agency shall provide the state treasurer with the information that the state treasurer considers necessary to comply with federal and state tax and securities laws and contractual covenants.

(c) In performing his or her duties as the issuing manager, the state treasurer shall consider any relevant factors that the state treasurer considers necessary to protect the financial integrity of the state.

(d) The state treasurer is the elected representative for the purpose of approving the issuance or incurrence of financial obligations by the state acting by and through a state agency when such approval is required under the internal revenue code and is the required signatory on all forms required by the federal internal revenue service to be filed in connection with the issuance or incurrence of financial obligations by the state acting by and through a state agency.

(5) No later than ninety days after May 24, 2012, the state treasurer shall promulgate by rule, in accordance with article 4 of this title, a state public financing policy, and, in so doing, shall collaborate with various experts, including but not limited to the state controller, the office of state planning and budgeting, bond counsel, and the attorney general. The state treasurer shall present the state public financing policy to the capital development committee at the earliest meeting of the capital development committee at which time is available in the meeting schedule after the policy is finalized and shall provide a copy of the final state public financing policy to the joint budget committee. The state treasurer shall notify the capital development committee and the joint budget committee, in writing, of any substantive changes that are subsequently made to the state public financing policy. For purposes of this subsection (5), the attorney general is the legal advisor to the state treasurer. The state public financing policy shall include, but shall not be limited to, the following components:

- (a) The use of moral obligation pledges;
- (b) The criteria for the issuance or incurrence of financial obligations by the state acting by and through a state agency;
- (c) The use of derivatives;
- (d) The use of variable rate financial obligations;
- (e) Credit objectives;
- (f) The structuring practices for each type of financial obligation, including, but not limited to, information about the term, maturity, and type of interest;
- (g) Acceptable methods of sale;
- (h) Policies for determining when selection of external financial professionals is appropriate;
- (i) Policies related to the refunding of financial obligations;
- (j) Policies related to primary and continuing disclosure requirements for financial obligations;
- (k) Policies related to post-issuance compliance with federal and state tax and securities laws, including arbitrage, rebate, and remedial action requirements; and
- (l) Policies for investment of proceeds where not otherwise covered by law.

(6) (a) No later than ten days after a state institution of higher education enters into or issues a financial obligation in a principal amount of one million dollars or more that is secured in whole or in part by state revenues or revenues of the institution and that the state treasurer does not manage pursuant to subsection (4) of this section, including any bonds subject to the higher education revenue bond intercept program established in section 23-5-139, C.R.S., the

state institution of higher education shall notify the state treasurer that it has entered into the financial obligation. The notification shall include at least the following information:

(I) A copy of any official statement or other offering document for the issuance or incurrence of the financial obligation;

(II) A copy of any filings or correspondence with the federal internal revenue service with respect to the issuance or incurrence, including, if applicable, a copy of each form 8038 or form 8038G;

(III) A copy of the continuing disclosure undertaking; and

(IV) Any other information that is described in the state public financing policy promulgated pursuant to subsection (5) of this section related to the issuance or incurrence.

(b) No later than ten days after the high-performance transportation enterprise created in section 43-4-806 (2), C.R.S., or the statewide bridge enterprise created in section 43-4-805 (2), C.R.S., enters into the financial contracts or instruments specified in sub-subparagraphs (A) and (B) of subparagraph (II) of paragraph (a) of subsection (3) of this section, the enterprises shall notify the state treasurer that they have entered into or issued such a financial contract or instrument. The notification shall include at least the following information:

(I) A copy of any official statement or other offering document for the issuance or incurrence of such a financial contract or instrument;

(II) A copy of any filings or correspondence with the federal internal revenue service with respect to the issuance or incurrence, including, if applicable, a copy of each form 8038 or form 8038G;

(III) A copy of the continuing disclosure undertaking; and

(IV) Any other information that is described in the state public financing policy promulgated pursuant to subsection (5) of this section related to the issuance or incurrence.

(7) (a) On and after July 1, 2012, the issuance or incurrence of every financial obligation by the state acting by and through a state agency that the state treasurer manages pursuant to subsection (4) of this section shall include, to the extent allowed by the internal revenue code, an amount determined by the state treasurer not to exceed the lesser of one hundred thousand dollars or two percent of the principal proceeds of the issuance or incurrence to be paid to the state treasurer. The state treasurer shall credit the moneys to the state public financing cash fund, which is hereby created in the state treasury. The fund consists of moneys deposited in the fund pursuant to this paragraph (a) and shall be used solely for the purposes described in paragraph (b) of this subsection (7). The moneys in the fund are continuously appropriated to the state treasurer. All unexpended and unencumbered moneys in the fund and all interest and income earned on the deposit and investment of moneys in the fund shall remain in the fund and shall not revert to the general fund or any other fund at the end of a fiscal year.

(b) To the extent permitted by bond counsel, the moneys in the state public financing cash fund shall be used to reimburse the state treasurer for verifiable costs incurred in performing or overseeing the state's primary issuance compliance and post-issuance compliance responsibilities over the term of a financial obligation, including complying with or monitoring compliance with the requirements of the internal revenue code, making public disclosures or continuing disclosure undertakings required pursuant to federal securities laws or ensuring that such disclosures are made, and performing or coordinating requirements in connection with the financial obligation.

(8) No later than ninety days after May 24, 2012, the state treasurer shall create and maintain a correct and current inventory of all state-owned real property described in section 24-30-1303.5 that is leased property or collateral in any type of financial obligation. The state treasurer shall annually provide a copy of the inventory to the capital development committee.

**24-36-122. Law enforcement officers and firefighters - work-related death - continuation of medical benefits for dependants - cash fund - created - definitions.** (1) As used in this section, unless the context otherwise requires:

(a) "Board" means the law enforcement officers' and firefighters' continuation of benefits board created in subsection (2) of this section.

(b) "Employee" means an active, full-time or part-time salaried employee of an employer whose duties are directly involved with the provision of law enforcement or fire protection, as certified by his or her employer, and who has medical or dental benefit coverage through his or her employer.

(c) "Employer" means any county or municipality in the state offering law enforcement or fire protection service employing one or more persons and any special district or county improvement district in the state offering fire protection service employing one or more persons and that contributes to the continuation of benefits fund pursuant to subsection (3) of this section on behalf of its employees.

(d) "Fund" means the law enforcement officers' and firefighters' continuation of benefits fund created in subsection (5) of this section.

(e) "Work-related death" means a death that is the proximate result of an injury arising out of and in the course and scope of employment with an employer.

(2) (a) There is hereby created in the department of the treasury the law enforcement officers' and firefighters' continuation of benefits board. The board shall review submissions from employers for the continuation of medical and dental benefits for the dependants of any employee who dies in a work-related death and shall oversee the payment of such benefits. In the course of its duties, the board may coordinate and confer with the department of public safety, the department of local affairs, the fire and police pension association, any employer as defined in subsection (1)(c) of this section, or any other entity as deemed necessary and appropriate by the board.

(b) The board is composed of the following members:

(I) The state treasurer or his or her designee;

(II) The executive director of the department of public safety or his or her designee; and

(III) The executive director of the fire and police pension association or his or her designee.

(c) The members of the board serve without compensation but shall be reimbursed by the department of the treasury for any necessary expenses incurred in the conduct of their official duties and shall suffer no loss of salary from an employer for service on the board.

(d) Staff services for the board shall be provided by the department of the treasury.

(3) (a) Any county or municipality in the state offering law enforcement or fire protection service employing one or more persons and any special district or county improvement district in the state offering fire protection service employing one or more persons may enter into an agreement with the board to make quarterly contributions to the fund created in subsection (6) of this section on behalf of each person it employs whose duties are directly involved with the provision of law enforcement or fire protection. Only counties, municipalities, special districts, or county improvement districts that make contributions to the fund pursuant to this subsection (3) and pursuant to its agreement with the board are employers for purposes of this section, and only employers are eligible to have the continuation of benefits for the dependents of an employee who died in a work-related death paid from the fund.

(b) The board shall determine the amount of the contribution required by each employer and shall determine the method by which each employer shall pay the quarterly contribution to the fund.

(c) Nothing in this section shall be construed to prohibit a county, municipality, special district, or county improvement district that chooses not to make contributions to the fund from independently paying for the continuation of benefits for the dependents of any person it employs and who dies in a work-related death.

(4) The dependents of an employee who dies in a work-related death are automatically qualified for the continuation of medical and dental benefits through the employer's medical and dental benefit coverage for twelve months from the end of the month in which the work-related death occurred, so long as the dependents had medical or dental benefits through the employer at the time of the employee's work-related death. The medical or dental benefits allowed to dependents pursuant to this section shall be the same coverage that the dependents were enrolled in at the time of the employee's work-related death.

(5) The board shall pay the cost of providing medical or dental benefits on behalf of the employee's dependents for the twelve-month period pursuant to subsection (4) of this section from the fund. The board shall make arrangements with the employer to pay such costs.

(6) (a) The law enforcement officers' and firefighters' continuation of benefits fund is hereby created in the state treasury. The fund consists of contributions to the fund paid by employers pursuant to subsection (3) of this section and any other money that the general assembly may appropriate or transfer to the fund.

(b) The state treasurer shall credit all interest and income derived from the deposit and investment of money in the fund to the fund.

(c) The state treasurer shall credit any unexpended and unencumbered money remaining in the fund at the end of a fiscal year to the fund.

(d) Subject to annual appropriation by the general assembly, the board may expend money from the fund to pay the cost of providing medical or dental benefits on behalf of an employee's dependents when the employee died in a work-related death. The board shall make arrangements with the employer to pay such costs.

(7) At any time, if an employee dies from a work-related death and the money in the fund is insufficient to cover the costs of the continuation of benefits for the dependents of the employee, the state treasurer shall advance sufficient money from the state treasury to the fund to cover such costs. Any money advanced to the fund shall be repaid by the board on a schedule to be set by the board.

(8) The board may develop policies or procedures to implement this section. Such policies or procedures may include:

(a) The time and manner by which a county, municipality, special district, or county improvement district may enter into an agreement with the board to make contributions to the fund;

(b) The method by which an employer makes contributions to the fund;

(c) The manner in which an employer notifies the board that an employee died in a work-related death and has dependents who are eligible for a continuation of benefits pursuant to this section;

(d) Procedures for the payment of continuation of benefits after an employee dies in a work-related death; and

(e) Policies or procedures to address any other issue deemed necessary and appropriate by the board.

## PART 2

### SMALL BUSINESS RECOVERY LOAN PROGRAM

**24-36-201. Short title.** The short title of this part 2 is the "Colorado Loans for Increasing Main Street Business Economic Recovery Act" or "CLIMBER Act".

**Source: L. 2020:** Entire part added, (HB 20-1413), ch. 121, p. 503, § 1, effective June 23.

**24-36-202. Legislative declaration.** (1) The general assembly hereby finds and declares that:

(a) There are nearly one hundred forty thousand small businesses with employees in Colorado;

(b) Small businesses in Colorado make up a disproportionately larger share of the economy of the state compared to the United States as a whole;

(c) Small businesses collectively employed over one million Coloradans before the public health crisis caused by COVID-19 began;

(d) The COVID-19 pandemic has harmed public health and economic conditions across the entire world, including the state of Colorado, across metropolitan regions, small towns, and rural communities, and has had a particularly deep negative financial impact on small businesses, their employees, and their home communities;

(e) The wide-ranging health and economic impacts of the COVID-19 pandemic are unprecedented in recent history and create unique challenges for the state;

(f) The health, safety, and welfare of the people of the state depend on the recovery of the state's economy, including the small businesses that make up a significant share of that economy;

(g) On March 27, 2020, the president of the United States signed the federal "Coronavirus Aid, Relief, and Economic Security Act", also known as the "CARES Act", Pub.L. 116-136, to provide necessary federal funding for COVID-19 response and recovery;

(h) The CARES Act, along with other federal laws and programs, provided many critical resources for small businesses, but those resources are not expected to be sufficient to sustain the large and diverse small business community in the state as it recovers over the next few years from the COVID-19 crisis;

(i) The governor's council on economic stabilization and growth, made up of volunteers from the private, public, and philanthropic sectors with diverse backgrounds from across Colorado, has recommended that the state seed the establishment of a fund of over one hundred million dollars to stimulate loans from lending institutions doing business in Colorado to Colorado small businesses to support the state's recovery and resiliency from the effects of the COVID-19 pandemic;

(j) There is a well-functioning network of respected lending institutions across the state who are committed to the health of Colorado's economy and want to contribute their expertise and community relationships to support the success of Colorado's small business community;

(k) The state will rely on those lending institutions as essential partners in a small business recovery loan program; and

(1) Authorizing the creation of a small business recovery loan program seeded by money provided by the state will support Colorado small businesses affected by the COVID-19 crisis and assist in the overall economic recovery of the state.

(2) The general assembly further finds and declares that:

(a) While the loan program authorized by this part 2 will be predominately capitalized by private sector investments, the limited use of state money obtained through the sale of insurance premium tax credits that will result in future state tax expenditures incurred for the purpose of supporting the program will, under the current economic conditions, result in the formation of more private capital at better terms for small business borrowers than would otherwise be available;

(b) The loan program, if successful, has the potential to help small businesses survive the crisis caused by COVID-19 and to protect jobs across the state, which in turn will generate and sustain tax revenues to both the state and local governments;

(c) Preserving jobs with small businesses will also reduce public expenditures on safety net programs and other forms of assistance needed by those who have become unemployed as a result of the crisis caused by COVID-19;

(d) The state money contributed to the loan program therefore serves an important and discrete public purpose in securing the state's economic and overall recovery from the crisis caused by COVID-19; and

(e) Supporting the state's recovery from the crisis caused by COVID-19 is the primary purpose of the loan program and outweighs any benefit to private individuals or entities.

(3) The general assembly further finds and declares that:

(a) The insurance premium tax credits authorized by this part 2 as a method to provide money to the loan program are available only to insurance companies that incur premium tax liability in the state;

(b) The tax credits can only be used by an insurance company to offset tax liability actually incurred by the insurance company;

(c) The tax credits are not refundable and do not impose an obligation of payment in any future year upon the state;

(d) The use of proceeds from the sale of insurance premium tax credits to seed the loan program allows the state to accomplish this important public purpose through the use of future tax expenditures and therefore:

(I) Does not require the state to borrow money, extend or pledge the state's credit, or obligate the state to make future payments from state revenues; and

(II) Does not otherwise create any multiple-fiscal year direct or indirect district debt or other financial obligation whatsoever for purposes of section 20 (4)(a) of article X of the state constitution.

**Source: L. 2020:** Entire part added, (HB 20-1413), ch. 121, p. 503, § 1, effective June 23.

**24-36-203. Definitions.** As used in this part 2, unless the context otherwise requires:

(1) "Colorado credit reserve" means the Colorado credit reserve program described in section 24-46-104 (1)(n).

(2) "Contract" means a contract entered into by the state treasurer in accordance with section 24-36-205 (1).

(3) "Department" means the department of the treasury.

(4) "Eligible borrower" means a business that, as determined by the oversight board:

(a) Has its principal place of business in the state;

(b) Has at least five but fewer than one hundred employees;

(c) Can demonstrate that it had at least two consecutive years of positive cash flow prior to February 29, 2020; and

(d) Can demonstrate that it had a debt-service coverage ratio as of February 29, 2020, of at least one-to-one or a higher level as determined by the oversight board.

(5) "Loan program" means a small business recovery loan program established in accordance with section 24-36-205.

(6) "Loan program manager" means an entity the state treasurer contracts with to establish and administer the loan program in accordance with section 24-36-205 (2).

(7) "Office of economic development" means the Colorado office of economic development created in section 24-48.5-101.

(8) "Oversight board" means the small business recovery loan program oversight board created in section 24-36-204.

(9) "Premium tax liability" means the liability imposed by section 10-3-209 or 10-6-128, or, in the case of a repeal or reduction by the state of the liability imposed by section 10-3-209 or 10-6-128, any other tax liability imposed upon an insurance company by the state.

(10) "Qualified taxpayer" means an insurance company authorized to do business in Colorado that has premium tax liability owing to the state and that purchases a tax credit under this part 2. "Qualified taxpayer" also includes an insurance company that receives or assumes a tax credit transferred in accordance with section 24-36-206 (7)(e) or 24-36-207 (6), or that receives or assumes a tax credit as an affiliate of a qualified taxpayer or transferee. For purposes of this subsection (10), "affiliate" has the same meaning as set forth in section 10-3-801 (1).

(11) "Small business recovery fund" or "fund" means the small business recovery fund established in section 24-36-208.

(12) "Small business recovery tax credit" or "tax credit" means the tax credit created in section 24-36-206.

(13) "Tax credit sale proceeds" or "sale proceeds" means the money or other liquid asset acceptable to the state treasurer that a qualified taxpayer pays to the department that is deposited in the small business recovery fund.

**Source: L. 2020:** Entire part added, (HB 20-1413), ch. 121, p. 506, § 1, effective June 23. **L. 2020, 1st Ex. Sess.:** (10) amended, (HB 20B-1006), ch. 5, p. 32, § 2, effective December 7.

**24-36-204. Small business recovery loan program oversight board - creation - report - repeal.** (1) The small business recovery loan program oversight board is hereby created in the department to help establish and oversee the terms and conditions of a contract or contracts through which the treasurer may provide first loss capital to a loan program or the Colorado credit reserve. This section does not prohibit a loan program manager of a specific loan program or the Colorado credit reserve from establishing a separate investment advisory committee for that loan program.

(2) (a) The oversight board consists of five members, as follows:

(I) The state treasurer or the state treasurer's designee;

(II) The director of the minority business office created in section 24-49.5-102, on behalf of the office of economic development, or the director's designee;

(III) One member appointed by the speaker of the house of representatives;

(IV) One member appointed by the president of the senate; and

(V) One member appointed by the governor.

(b) The appointing authorities shall make their initial appointments to the oversight board no later than July 31, 2020.

(c) The members appointed pursuant to subsection (2)(a) of this section must have substantial private sector experience in commercial banking or capital market activities and must have obtained executive level positions in these industries.

(d) The chair of the governor's council on economic stabilization and growth and the co-chairs of the council's financial services committee shall consult with and provide recommendations on initial appointments to the appointing authorities.

(3) Each member of the oversight board who is appointed pursuant to subsection (2) of this section serves at the pleasure of the official who appointed the member. The term of appointment is three years. An appointed member may serve multiple terms. In the event of a vacancy in an appointed position on the oversight board, a new member shall be appointed in the same manner as provided in subsections (2)(a)(III) to (2)(a)(V) of this section for the unexpired portion of the term.

(4) Each member of the oversight board serves without compensation but is entitled to reimbursement for actual, reasonable, and necessary expenses incurred in the performance of his or her duties as a member of the oversight board.

(5) The state treasurer, or the state treasurer's designee, shall serve as the chair of the oversight board.

(6) The oversight board shall meet at least once every quarter. The chair may call such additional meetings as are necessary for the oversight board to complete its duties.

(7) The oversight board is a state public body subject to part 4 of article 6 of this title 24. In addition to any other requirements, the oversight board shall hold meetings open to the public, publish the agenda for each meeting in advance, keep and publish minutes from each meeting, provide advanced notification of meeting times to banking trade associations and other groups that request notification, and receive written and public testimony at each meeting.

(8) The oversight board's activities with regard to a contract or contracts for the provision of state money for a loan program established in accordance with section 24-36-205 include, at a minimum:

(a) Consulting with the state treasurer on the selection of a loan program manager;

(b) In consultation with lending industry leaders and representatives of small businesses, determining specific terms applicable to a loan program as required in section 24-36-205, which terms must be designed in good faith to procure the participation of lending institutions and be consistent with regulatory requirements and underwriting criteria, including the duration of the geographic restriction of money in a loan program;

(c) Providing guidance and input throughout the implementation of a loan program;

(d) Establishing and publishing targets for the percentage of loans supported by a loan program that are made to businesses owned by women, minorities, and veterans and to businesses located in rural counties. In establishing the targets required by this subsection (8)(d), the oversight board shall consult with the minority business office within the office of the governor and the division of business funding and incentives within the office of economic development;

(e) Regularly reviewing progress in achieving the targets established pursuant to subsection (8)(d) of this section and making adjustments to a loan program to help achieve the targets if needed; and

(f) Providing such additional oversight and creating policies and procedures as may be necessary to ensure that the program complies with the requirements of this part 2 and fulfills its

purpose of supporting the state's recovery from the COVID-19 pandemic by assisting Colorado small businesses in recovering from the crisis caused by COVID-19.

(9) The oversight board shall consult with small businesses in establishing the criteria for eligible borrowers pursuant to section 24-36-203 (4).

(10) The oversight board shall adopt a conflict of interest policy for its members in order to prevent those who serve on the board from profiting or otherwise benefiting from eligible loans.

(11) A member of the oversight board may assist in raising money or investments for a loan program without compensation.

(12) (a) The oversight board shall submit a written report on the implementation of the loan program to the joint budget committee. The oversight board shall submit its first report on or before November 30, 2020, and shall submit the report each six months thereafter for a period of two years. After the report submitted November 30, 2022, the oversight board shall submit the report annually, on or before November 30 of each year. The oversight board shall also submit the report once each year in fiscal years 2020-21 and 2021-22 to the business affairs and labor committee of the house of representatives, or any successor committee, and the business, labor, and technology committee of the senate, or any successor committee. Notwithstanding the requirement in section 24-1-136 (11)(a)(I), the requirement to submit the report required in this subsection (11) continues until this section is repealed.

(b) The report must include, at a minimum, information on the following:

- (I) The number and size of loans made;
- (II) The geographic distribution of loans made;
- (III) The distribution of loans made by business sector;
- (IV) The demographics of the owners of the businesses receiving loans, including the number of businesses owned by women, minorities, and veterans;
- (V) The number of loans made to rural businesses;
- (VI) The size of the businesses receiving loans;
- (VII) The number of people employed by the businesses receiving loans;
- (VIII) Distributions or revenue received by the state from the program;
- (IX) The financial performance of the fund;
- (X) The default rates for loans made by the program;
- (XI) Borrower interest rates on the loans and an explanation of how the rates comply with the requirements of section 24-36-205 (4)(b)(V); and
- (XII) Any other information requested by the chair of the joint budget committee, the business affairs and labor committee of the house of representatives or any successor committee, or the business, labor, and technology committee of the senate or any successor committee.

(c) The oversight board shall make a presentation to a joint meeting of the business affairs and labor committee of the house of representatives and the business, labor, and technology committee of the senate, or any successor committees, at least once each fiscal year or more often if requested by the chairs of the committees.

(13) This section is repealed, effective June 30, 2029.

**Source: L. 2020:** Entire part added, (HB 20-1413), ch. 121, p. 507, § 1, effective June 23.

**24-36-205. Small business recovery loan program - creation - requirements - oversight.** (1) (a) The state treasurer is authorized to enter into a contract or contracts to establish a small business recovery loan program in accordance with this part 2.

(b) The purpose of the loan program is to support the state's recovery from the economic crisis caused by COVID-19 through leveraging private investment to support Colorado small businesses recovering from the crisis caused by COVID-19 by making loans, acquiring participation interest in loans, leveraging private small business lending through the Colorado credit reserve program, or other activities that accomplish the same purpose. The loan program shall only make loans directly if federal or state bank regulators prohibit the banking industry from originating loans for the loan program.

(2) The state treasurer may contract with the Colorado housing and finance authority created in part 7 of article 4 of title 29 or with a bank, nonprofit organization, nondepository community development financial institution, business development corporation, certified public accountant firm, or fund manager to administer a loan program. If the state treasurer contracts with an entity other than the Colorado housing and finance authority to administer a loan program, the state treasurer shall use an open and competitive process to select the entity. The state treasurer shall consult with the director of the office of economic development and the oversight board in selecting and contracting with a loan program manager.

(3) (a) Notwithstanding any restriction on the investment of state money set forth in section 24-36-113 or in any other provision of law, subject to the availability of money in the small business recovery fund and the requirements of this part 2:

(I) In fiscal year 2020-21, the state treasurer may provide up to thirty million dollars in first loss capital to a loan program or programs or to the Colorado credit reserve from the small business recovery fund; and

(II) Subject to the limitations in subsection (3)(b) of this section, in fiscal year 2021-22, the state treasurer may provide up to thirty million dollars in first loss capital to a loan program or programs or to the Colorado credit reserve from the small business recovery fund.

(b) The money provided under this subsection (3) must be provided in tranches of ten million dollars or less, up to a maximum amount of fifty million dollars in all tranches combined across fiscal years 2020-21 and 2021-22. The state treasurer shall not provide a tranche to a loan program or to the Colorado credit reserve until at least ninety percent of the money in any prior tranche has been invested in small business loans in accordance with subsection (4) of this section, as determined by the oversight board and certified by the loan program manager. Money provided to the Colorado credit reserve is considered invested in small business loans for the purposes of this subsection (3)(b) once it is paid to the Colorado housing and finance authority.

(4) Any contract for the administration of a loan program must include the following terms in order to receive money provided by the state treasurer pursuant to subsection (3) of this section:

(a) Except for money contributed to the Colorado credit reserve, the money provided by the state treasurer in a single tranche shall not be committed pursuant to a contract relating to a loan program until money is committed pursuant to a contract relating to a loan program from other sources at a ratio of four dollars from other sources for each one dollar provided by the state. If a loan program manager does not secure sufficient investments from other sources to meet this requirement within the time allowed by a contract, the money provided by the state shall be returned to the small business recovery fund.

(b) Except for money contributed to the Colorado credit reserve, once the money in a tranche is matched in accordance with subsection (4)(a) of this section, it must be used to make loans or purchase participation interest in loans for working capital to eligible borrowers, or other activities that accomplish the same purpose. The oversight board shall consult with lending industry leaders and representatives of small businesses with regard to subsections (4)(b)(I) to (4)(b)(VI) of this section. Each loan must be subject to the following terms:

(I) The loan must be in an amount of at least thirty thousand dollars but not more than five hundred thousand dollars, as determined by the oversight board;

(II) The loan must have a maximum initial maturity of five years, based on the need of the eligible borrower, with no penalty for prepayment, as determined by the oversight board. The originating lender may extend the term for purposes of restructuring the loan.

(III) The principal must be amortized over the term of the loan or a longer period, as determined by the oversight board;

(IV) Principal and interest payments may be deferred for up to one year, as determined by the oversight board, with the unpaid interest being capitalized. Deferrals must be limited to circumstances of hardship created by the COVID-19 pandemic.

(V) The loan must carry an interest rate that is lower than would otherwise be available on a risk-adjusted basis from a commercial lender or that bears terms that are not otherwise available from a commercial lender, as determined by the oversight board; and

(VI) The eligible borrower may provide a personal guarantee, collateral, or other security as determined by the oversight board, which may be subordinate to existing debt.

(c) (I) In order to ensure geographic equity, each tranche of loan funding must be subject to an initial period of time in which a portion of the money is allocated to each county on a basis proportional to the county's share of small businesses relative to the state, the county's share of small business employees relative to the state, the county's share of small business personal property relative to the state, or other similar metrics as determined by the oversight board, or based on a formula established under subsection (4)(c)(IV) of this section. The money allocated to each county must be reserved for applications from eligible borrowers located in that county for the initial period of time. For the purposes of this subsection (4)(c), an eligible borrower is considered to be located in the county in which it has its principal place of business, as reflected in its most recent filing with the secretary of state or subject to such other documentation as the oversight board establishes. The oversight board shall determine the amount of time in which the money in each tranche is subject to a geographic restriction under this subsection (4)(c)(I).

(II) Once the time period established by the oversight board under subsection (4)(c)(I) of this section has passed, all money remaining in the tranche is available to eligible borrowers on a statewide basis.

(III) For money contributed to the Colorado credit reserve, the oversight board may waive the requirements of this subsection (4)(c) or establish alternative geographic distribution requirements or targets.

(IV) For any tranche of loan funding, the oversight board may, in its discretion, establish an alternative formula for the allocation of funds to counties for purposes of subsection (4)(c)(I) of this section that accounts for how affected each county has been by the COVID-19 pandemic and its impacts.

(d) (I) A loan program manager shall make every effort to achieve targets published by the oversight board pursuant to section 24-36-204 (8)(d) for the percentage of loans supported by

the program that are made to businesses owned by women, minorities, and veterans and to businesses located in rural counties. A loan program manager shall consult with the minority business office within the office of the governor and the division of business funding and incentives within the office of economic development to develop an outreach strategy for marketing the loan program to businesses owned by women, minorities, and veterans and businesses located in rural counties.

(II) For money contributed to the Colorado credit reserve, the oversight board may waive the requirements of this subsection (4)(d) or may establish alternative targets for the percentage of loans supported by the program that are made to businesses owned by women, minorities, and veterans and to businesses located in rural counties.

(e) A loan program manager shall work with the division of business funding and incentives within the office of economic development to align the program with other access to capital programs in the state.

(5) If the money in a tranche is not fully invested in small business loans as determined by the oversight board in the time period allowed under a contract, the portion of the unused money provided by the state shall be returned to the small business recovery fund.

(6) Distributions or revenue paid to the state pursuant to a contract under this section shall be deposited in the small business recovery fund; except that, if such distributions or revenue are paid after the small business recovery fund is repealed, the money shall be paid to the state treasurer, who shall credit the money to the general fund.

(7) The loan program manager shall report on the implementation of the loan program to the oversight board at least quarterly, within one month after the end of each calendar quarter, or more often if requested by the oversight board. The reports must include the information necessary to allow the board to provide the reports required in section 24-36-204 (12), and any additional information requested by the board.

**24-36-206. Small business recovery tax credits - authorization to issue - terms - report.** (1) A qualified taxpayer may purchase small business recovery tax credits from the department in accordance with this section and may apply the tax credits against its premium tax liability in accordance with section 24-36-207.

(2) (a) The department is authorized to issue tax credit certificates to qualified taxpayers equal to the lesser of a total face value of up to forty million dollars or total sales proceeds of up to thirty million five hundred thousand dollars in fiscal year 2020-21.

(b) The department is authorized to issue tax credit certificates to qualified taxpayers equal to the lesser of a total face value of up to twenty-eight million dollars or total sales proceeds of up to twenty-one million dollars in fiscal year 2021-22; except that, if money received by the state from the federal government has been appropriated, transferred, or allocated to the fund for the purposes of this part 2, the value of the tax sales proceeds that the department is authorized to raise under this subsection (2)(b) in fiscal year 2021-22 is reduced by the amount of federal money appropriated, transferred, or allocated by the fund.

(c) The department may contract with an independent third party to conduct or consult on a bidding process among qualified taxpayers to purchase the tax credits.

(d) The department shall consult with insurance companies in advance of issuing any tax credits in accordance with this section.

(3) An insurance company authorized to do business in Colorado seeking to purchase tax credits must apply to the department in the manner prescribed by the department.

(4) Using procedures adopted by the department, or, if applicable, by an independent third party, each insurance company that submits an application shall make a timely and irrevocable offer, contingent only upon the department's issuance to the insurance company of the tax credit certificates, to make a specified purchase payment amount to the department on dates specified by the department. The offer must include all of the following:

(a) The requested amount of tax credits, which must not be less than any minimum amount established in procedures by the department or, if applicable, the independent third party;

(b) The qualified taxpayer's proposed tax credit purchase amount for each tax credit dollar requested. The minimum proposed tax credit purchase amount must be either:

(I) The percentage of the requested dollar amount of tax credits that the department and, if applicable, the independent third party determines to be consistent with market conditions as of the offer date; or

(II) If no amount is established by the department or independent third party pursuant to subsection (4)(b)(I) of this section, seventy-five percent of the requested dollar amount of tax credits; and

(c) Any other information the department, or, if applicable, independent third party requires.

(5) The department shall provide written notice to each insurance company that submits an application indicating whether or not the insurance company has been approved as a purchaser of tax credits and, if so, the amount of tax credits allocated and the date by which payment of the tax credit sale proceeds must be made.

(6) On receipt of payment of the sale proceeds, the department shall issue to each qualified taxpayer a tax credit certificate. The tax credit certificate must state all of the following:

(a) The total amount of premium tax credits that the qualified taxpayer may claim;

(b) The amount that the qualified taxpayer has paid or agreed to pay in return for the issuance of the tax credit certificates and the date of the payment;

(c) The dates on which the tax credits will be available for use by the qualified taxpayer;

(d) Any penalties or other remedies for noncompliance;

(e) The procedures to be used for transferring or assuming the tax credits in accordance with subsection (7)(e) of this section or section 24-36-207 (6), or between affiliates as defined in section 10-3-801 (1);

(f) The serial number of the tax credit certificate; and

(g) Any other requirements deemed necessary by the department as a condition of issuing the tax credit certificate.

(7) (a) The department shall not issue a tax credit certificate to any qualified taxpayer that fails to provide the tax credit sale proceeds within the time the department specifies.

(b) A qualified taxpayer that fails to provide the tax credit sale proceeds within the time the department specifies is subject to a penalty equal to ten percent of the amount of the purchase

price that remains unpaid. The penalty must be paid to the department within thirty days after demand.

(c) The department may offer to reallocate the defaulted tax credits among other qualified taxpayers, so that the result after reallocation is the same as if the initial allocation had been performed without considering the tax credit allocation to the defaulting qualified taxpayer.

(d) If the reallocation of tax credits under subsection (7)(c) of this section results in the payment by another qualified taxpayer of the amount of tax credit sale proceeds not paid by the defaulting qualified taxpayer, the department may waive the penalty imposed under subsection (7)(b) of this section.

(e) A qualified taxpayer that fails to pay the tax credit sale proceeds within the time specified may avoid the imposition of the penalty by transferring the allocation of tax credits to a new or existing qualified taxpayer within thirty days after the due date of the defaulted installment. Any transferee of an allocation of tax credits of a defaulting qualified taxpayer under this subsection (7) shall agree to pay the tax credit sale proceeds within five days after the date of the transfer.

(8) The tax credit sale proceeds provided by a qualifying taxpayer in return for a tax credit certificate must be deposited in the small business recovery fund.

(9) (a) The department shall provide a report to the division of insurance in the department of regulatory agencies for each fiscal year in which it issues tax credit certificates pursuant to this part 2 within thirty days of the close of the fiscal year. The report must include:

(I) The name and identifying number issued by the national association of insurance commissioners, or any successor organization, of each qualified taxpayer to which the department issued a tax credit certificate;

(II) The total amount of the tax credit allocated to the qualified taxpayer; and

(III) The serial number of the tax credit certificate issued to the qualified taxpayer.

(b) The department shall maintain records of each tax credit certificate issued, transferred, or assumed that are sufficient to allow the division of insurance in the department of regulatory agencies to verify the issuance and ownership of the credit.

**24-36-207. Use of small business recovery tax credits - carry over.** (1) For a tax credit certificate issued in fiscal year 2020-21:

(a) The qualified taxpayer may claim up to fifty percent of the credit against premium tax liability incurred for a taxable year that begins on or after January 1, 2025; except that a taxpayer may not reduce its estimated tax payments in proportion to such credit prior to July 1, 2025; and

(b) The qualified taxpayer may claim the remaining amount of the credit against premium tax liability incurred for a taxable year that begins on or after January 1, 2026; except that a taxpayer may not reduce its estimated tax payments in proportion to such credit prior to July 1, 2026.

(2) For a tax credit certificate issued in fiscal year 2021-22, the qualified taxpayer may claim the credit against premium tax liability incurred for a taxable year that begins on or after

January 1, 2027; except that a taxpayer may not reduce its estimated tax payments in proportion to such credit prior to July 1, 2027.

(3) The total credit to be applied by a qualified taxpayer in any one year must not exceed the premium tax liability of the qualified taxpayer for the taxable year. If the qualified taxpayer cannot use the entire amount of the tax credit for the taxable year in which the taxpayer is eligible for the credit, the excess may be carried over to succeeding taxable years and used as a credit against the premium tax liability of the taxpayer for those taxable years; except that the credit may not be carried over to any taxable year that begins after December 31, 2031. Any amount of the credit that is not timely claimed expires and is not refundable.

(4) A qualified taxpayer claiming a credit under this part 2 shall submit the tax credit certificate with its tax return.

(5) A qualified taxpayer claiming a tax credit under this part 2 shall not be required to pay any additional or retaliatory tax as a result of claiming the credit.

(6) If a qualified taxpayer holding an unclaimed tax credit is part of a merger, acquisition, or line of business divestiture transaction, the tax credit may be transferred to and assumed by the resulting entity if the resulting entity is an insurance company authorized to do business in Colorado that has premium tax liability. The qualified taxpayer that originally purchased the credit and the resulting entity shall notify the department in writing of the transfer or assumption of the credit in accordance with procedures adopted by the department. The department shall provide a copy of the notice to the division of insurance in the department of regulatory agencies and shall maintain a record of the transfer or assumption of the tax credit. The transfer or assumption of the tax credit does not affect the time schedule for claiming the tax credit as provided in this section.

**24-36-208. Small business recovery fund - repeal.** (1) The small business recovery fund is hereby created in the state treasury. The fund consists of:

(a) Tax credit sale proceeds received from qualified taxpayers and deposited in the fund pursuant to section 24-36-205;

(b) Distributions, revenue, or money returned to the state from a loan program established pursuant to section 24-36-205 and deposited in the fund; and

(c) Any other money that the general assembly may appropriate or transfer to the fund.

(2) The state treasurer shall credit all interest and income derived from the deposit and investment of money in the small business recovery fund to the fund.

(3) Money in the fund is continuously appropriated to the department for the purposes specified in this part 2. The department may expend money in the fund to pay for its direct and indirect costs in implementing and administering this part 2.

(4) Beginning in fiscal year 2025-26, the state treasurer shall credit any unexpended and unencumbered money remaining in the fund at the end of a fiscal year to the general fund.

(5) The state treasurer shall transfer all unexpended and unencumbered money in the fund at the end of the fiscal year on June 30, 2029, to the general fund.

(6) This section is repealed, effective July 1, 2029.

**24-37-105. Transfer of functions.** (1) The office shall, on and after July 1, 1984, execute, administer, perform, and enforce the rights, powers, duties, functions, and obligations vested in the office of state planning and budgeting as a principal department prior to said date concerning the duties and functions transferred to the office pursuant to this article. On and after July 1, 1984, the officers and employees of the office of state planning and budgeting as a principal department prior to said date whose duties and functions concerned the duties and functions transferred to the office pursuant to this article and whose employment in the office is deemed necessary by the director to carry out the purposes of this article shall be transferred to the office and become employees thereof. Such employees shall retain all rights to the personnel system and retirement benefits pursuant to the laws of this state, and their services shall be deemed to have been continuous. All transfers and any abolishment of positions in the state personnel system shall be made and processed in accordance with state personnel system laws and regulations.

(2) On July 1, 1984, all items of property, real and personal, including office furniture and fixtures, books, documents, and records of the office of state planning and budgeting as a principal department prior to said date pertaining to the duties and functions transferred to the office pursuant to this article, are transferred to the office and become the property thereof.

(3) Whenever the office of state planning and budgeting is referred to or designated by a contract or other document in connection with the duties and functions transferred to the office pursuant to this article, such reference or designation shall be deemed to apply to the office created pursuant to this article. All contracts entered into by the office of state planning and budgeting as a principal department prior to July 1, 1984, in connection with the duties and functions transferred to the office pursuant to this article are hereby validated, with the office created by this article succeeding to all the rights and obligations of such contracts. Any appropriations of funds from prior fiscal years open to satisfy obligations incurred pursuant to such contracts are hereby transferred and appropriated to the office created by this article for the payment of such obligations.

## PART 2

### STATE PLANNING - RESPONSIBILITIES

**24-37-201. State planning - responsibilities.** (1) The office of state planning and budgeting shall:

(a) Repealed.

(b) Stimulate and encourage state agencies to engage in long-range and short-range planning in their respective areas of responsibility with the assistance of the office of the state architect;

(c) Review and coordinate the planning efforts of state agencies, including the relationship of such efforts with federal and local governmental programs;

(d) Furnish the office of the state architect and the state agencies with data, projections, and other technical assistance needed to discharge the state agencies' planning responsibilities and coordinate the exchange of relevant reports, data, and projections among state agencies;

(e) From time to time, conduct public hearings to encourage maximum public understanding and agreement as to factual data and assumptions upon which projections and analyses are based and also to receive suggestions as to types of projections and analyses that are needed;

(f) Participate in comprehensive interstate planning and other activities related thereto;

(g) Make studies and inquiries relevant to state planning of the resources of the state and of the problems of agriculture, industry, and commerce, as well as population and urban growth, local government, and related matters affecting the development of the state;

(h) Prepare, and from time to time revise, an inventory, in collaboration with the appropriate state and federal agencies, of the public and private natural resources, of major public and private works, and of other facilities and information which are deemed of importance in planning for the development of the state, not pertaining to cartography;

(i) Supply to the public available information developed pursuant to this subsection (1);

(j) Accept and receive grants and services relevant to state planning from the federal government, other state agencies, local governments, and private and civic sources;

(k) Act as reviewing authority or otherwise provide cooperative services under any federal-state planning programs.

(2) The office of state planning and budgeting shall exercise care so as not to duplicate the projections from data of state agencies and nonstate agencies and shall utilize such projections to the maximum extent possible.

PART 3

BUDGETING - RESPONSIBILITIES

**Editor's note:** The provisions formerly located in part 4 of this article are now located in this part 3. Former C.R.S. section numbers are shown in editor's notes following those sections that were relocated.

**24-37-301. Executive budget responsibility.** The governor, as chief executive, shall annually evaluate the plans, policies, and programs of all departments of the state government. He shall direct the formulation of his decisions into a financial plan encompassing all sources of revenue and expenditure. He shall propose this plan for the consideration of the general assembly in the form of an annual executive budget consisting of operating expenditures, capital construction expenditures, estimated revenues, and special surveys. Proposed expenditures in the budget shall not exceed estimated moneys available. After legislative review and modification, if any, of the budget and appropriation of the moneys therefor, the governor shall administer the budget.

**Source: L. 83:** Entire article R&RE, p. 967, § 16, effective July 1, 1984.

**Editor's note:** This section is similar to former § 24-37-403 as it existed prior to 1983.

**24-37-302. Responsibilities of the office of state planning and budgeting.** (1) The office of state planning and budgeting shall assist the governor in his or her responsibilities pertaining to the executive budget. Specifically, it shall:

(a) Design and prepare, in coordination with the joint budget committee of the general assembly, the forms and instructions to be used in preparation of all budget requests except those pertaining to higher education. Such budget requests shall include, but shall not be limited to, an analysis of costs, revenues, fund balances, and performance indicators for all programs notwithstanding the source of funds.

(a.5) Design and prepare, in coordination with the staff of the joint technology committee of the general assembly, the forms and instructions to be used in preparation of all budget requests and supplemental budget requests submitted to the joint technology committee pursuant to section 24-37-304 (1)(c.5). The staff of the joint technology committee shall make recommendations to the joint technology committee regarding such forms and instructions for the committee's approval. The forms and instructions shall require that budget requests submitted to the joint technology committee include:

(I) Information from a request for information issued pursuant to section 24-103-201.5, or other formal market research regarding the information technology budget request;

(II) A defined scope of work and information regarding whether a vendor or consultant assisted in preparing the specifications or statement of work included in the information technology budget request;

(III) A range of options for completing the project, including the estimated costs for such options; and

(IV) Any other available and relevant information obtained from the market research related to the information technology budget request.

(b) Review and approve the forms and instructions for higher education budget requests which are prescribed by the Colorado commission on higher education;

(c) Develop an annual executive planning, programming, and budgeting cycle;

(d) Develop, in coordination with the Colorado commission on higher education, for state-supported institutions of higher education, the annual executive budget timetable;

(e) Make recommendations to the governor on appointees to the governor's revenue-estimating advisory group; preside over meetings of and provide the staff for that group; and, with the advice of the group, assist in developing the general fund revenue estimates required by section 24-75-201.3;

(f) Conduct annual executive budget hearings on the plans, programs, policies, and budget requests of all state agencies in the executive department;

(g) Develop recommendations for the governor in his formulation of budget proposals to the general assembly and prepare for the governor the annual executive budget proposals to the general assembly, together with the proposed legislative bills embodying such proposals;

(h) Design, develop, and present briefings to the joint budget committee and the members of the general assembly, the general public, and other interested parties on the annual executive budget proposals;

(i) Make available to the governor-elect, if there is a governor-elect who is not the governor, complete details about the budget and the information upon which it is based;

(j) and (k) Repealed.

(k.1) Review for the governor all work programs recommended by the controller;

(k.2) Repealed.

(l) Develop procedures governing the submission of state agency requests to nonstate agencies for funds to be used for state purposes and problems; review for the governor all such requests requiring the commitment or expenditure of state funds; and advise the joint budget committee of the general assembly, prior to submission for approval, of any such requests committing the state to a program which has not theretofore had the approval of the general assembly;

(m) Continually review and recommend revisions of the plans, policies, and programs of the state agencies; propose alternative methods for accomplishing the objectives of state programs and policies; and develop and implement, in coordination with the controller, a system for evaluating the results of and measuring the effectiveness of governmental expenditures;

(n) Develop long-range fiscal plans for both operating and capital construction budgets and for the state revenue structure, such plans to be consistent with the policies and objectives of state planning.

(2) The director shall have such authority, with the approval of the governor, as is necessary to discharge the responsibilities set forth in subsection (1) of this section, including but not limited to the publication of administrative regulations and the acceptance of gifts and grants.

(3) (a) Notwithstanding any other provision of law to the contrary, the director of the office of state planning and budgeting shall require that all state agency budget submissions be distributed in an electronic format either by delivery of a compact disc or by the sending of an electronic notification that includes an attached budget submission or a hyperlink to the website where the budget submission is posted.

(b) The department of state, the department of the treasury, the department of law, the judicial department, the office of state public defender, the office of alternate defense counsel, the independent ethics commission, the office of the child's representative, and the office of the child protection ombudsman shall use the state agency budget submissions described in paragraph (a) of this subsection (3) as a guideline for the submission of their budgets to the joint budget committee.

**24-37-304. Additional budgeting responsibilities.** (1) In addition to the responsibilities enumerated in section 24-37-302, the office of state planning and budgeting shall:

(a) Annually evaluate plans, policies, programs, and budget requests of all departments, institutions, and agencies of the executive branch of state government. The office of state planning and budgeting shall develop a financial plan encompassing all sources of revenue and expenditure. It shall propose this plan for the budget, consisting of operating expenditures, capital construction expenditures, estimated revenues, and special surveys, but the plan for capital construction expenditures must consider recommendations made by the office of the state architect for state agencies, and recommendations made by the Colorado commission on higher education for state institutions of higher education. Budget requests shall include a description of one or more measurable annual objectives in the areas of operational efficiency and effectiveness for each department, institution, and agency. Proposed expenditures in the budget shall not exceed estimated moneys available.

(b) Except as provided in paragraph (c.3) or (c.5) of this subsection (1), ensure submission to the joint budget committee of the general assembly by the deadlines set forth in section 2-3-208, C.R.S., of all state agency requests for the upcoming year;

(b.5) Except as provided in paragraph (c.3) or (c.5) of this subsection (1), ensure submission to the joint budget committee of the general assembly by the deadlines set forth in section 2-3-208, C.R.S., of all state agency requests for supplemental appropriations for the current fiscal year;

(c) Repealed.

(c.3) (I) Ensure submission to the capital development committee of:

(A) Except for projects authorized pursuant to section 23-1-106 (9), C.R.S., all cash-funded capital construction or capital renewal budget requests by each state agency for the upcoming fiscal year no later than September 15 of each year;

(B) All state-funded capital construction or capital renewal budget requests by each state agency or state institution of higher education for the upcoming fiscal year no later than October 1 of each year;

(C) The recommended priority of funding of capital construction or capital renewal projects of each state agency or state institution of higher education for the upcoming fiscal year no later than November 1 of each year;

(D) All state-funded controlled maintenance budget requests by each state agency or state institution of higher education as recommended by the office of the state architect pursuant to section 24-30-1303 (1)(k.5) and (1)(t)(II) for the upcoming fiscal year no later than December 1 of each year; and

(E) All capital construction, capital renewal, and controlled maintenance budget request amendments and budget request amendments that are related to a request for a supplemental appropriation for the current or previous fiscal year by each state agency or state institution of higher education no later than December 10 of each year.

(II) All new capital construction, capital renewal, or controlled maintenance budget requests, and all capital construction, capital renewal, or controlled maintenance budget request amendments or budget request amendments that are related to a request for supplemental appropriations, submitted by a state agency or state institution of higher education for the upcoming fiscal year after the deadlines specified in subsection (1)(c.3)(I)(A) to (1)(c.3)(I)(D) of this section as a result of circumstances unknown to, and not reasonably foreseeable by, the state agency or the state institution of higher education must be submitted no later than December 10 of each year.

(III) The office may modify the recommended priority of funding of capital construction or capital renewal projects of each state agency and state institution of higher education for the upcoming fiscal year no later than the January 1 of the year following the original submission described in sub-subparagraph (C) of subparagraph (I) of this paragraph (c.3).

(IV) In the event of an emergency, the office may submit a capital construction, capital renewal, or controlled maintenance budget request, budget request amendment, or budget request amendment that is related to a request for a supplemental appropriation for a state agency or state institution of higher education after the deadlines specified in subsections (1)(c.3)(I) and (1)(c.3)(II) of this section if the office, as soon as possible but no later than thirty days after determining the emergency, makes a presentation to the capital development committee explaining the nature of the emergency and the estimated time for submission of such budget request, budget request amendment, or budget request amendment that is related to a request for a supplemental appropriation.

(c.5) (I) Ensure submission to the joint technology committee of:

(A) All information technology budget requests by each state agency or state institution of higher education for the upcoming fiscal year no later than October 1 of each year;

(B) The recommended priority of funding of all information technology budget requests for the upcoming fiscal year no later than November 1 of each year; and

(C) All requests for supplemental information technology budget requests for the current or previous fiscal year by each state agency or state institution of higher education no later than December 10 of each year.

(II) All new or amended information technology budget requests submitted by a state agency or state institution of higher education for the upcoming fiscal year after the deadlines specified in sub-subparagraph (A), (B), or (C) of subparagraph (I) of this paragraph (c.5) as a result of circumstances unknown to, and not reasonably foreseeable by, the state agency or the state institution of higher education must be submitted no later than December 10 of each year.

(III) The office may modify the recommended priority for information technology budget requests for the upcoming fiscal year no later than January 1 of the year following the original submission described in sub-subparagraph (B) of subparagraph (I) of this paragraph (c.5).

(IV) In the event of an emergency, the office may submit an information technology budget request for a state agency or state institution of higher education after the deadlines specified in subparagraphs (I) and (II) of this paragraph (c.5) if the office, as soon as possible but no later than thirty days after determining the emergency, makes a presentation to the joint technology committee explaining the nature of the emergency and the estimated time for submission of such budget request.

(V) Any new or amended information technology budget request or supplemental information technology budget request submitted to the joint technology committee pursuant to this paragraph (c.5) must clearly identify and quantify anticipated administrative and operating efficiencies or program enhancements and service expansion through cost-benefit analyses and return on investment calculations.

(d) Execute the appropriations acts or other acts having fiscal implications in such a manner as to assure compliance with the expenditure limitation, by source of funds, personnel authorizations, contingency and performance requirements, and legislative intent;

(e) Repealed.

(f) Develop, or cause to be developed, current operational master plans for each state institution and agency, except state schools, colleges, and universities as provided in section 23-1-106, C.R.S., for submission to and approval by the general assembly;

(g) Develop and enforce a method of internal audit that will assure compliance with appropriations provisions and executive orders;

(h) Carry out such other functions and duties as may be directed by the governor.

#### PART 4

#### PAY FOR SUCCESS CONTRACTS

**24-37-401. Short title.** This part 4 shall be known and may be cited as the "Pay For Success Contracts Act".

20. **Source: L. 2015:** Entire part added, (HB 15-1317), ch. 205, p. 737, § 1, effective May

**24-37-402. Definitions.** As used in this part 4, unless the context otherwise requires:

(1) "Contract" means a pay for success contract entered into by the office and a lead contractor, or the office, one or more local governments, and a lead contractor as authorized by section 24-37-403.

(2) "Fund" means the pay for success contracts fund created in section 24-37-403.

(3) "Investor" means a person or entity that is not a lead contractor or provider and that provides working capital to fund the provision of services under a contract.

(4) "Lead contractor" means an organization or local government selected by the director of the office to participate in the state program by:

(a) Entering into a pay for success contract with the office or with the office and one or more local governments, as applicable, to provide program-eligible interventions directly or through subcontracts with other providers;

(b) Overseeing the provision of program-eligible interventions by any other providers with which it subcontracts; and

(c) Using its own money or borrowing money to pay the costs of providing program-eligible interventions throughout the contract as negotiated by the parties and, if the program-eligible interventions that it provides meet the defined performance targets established in a pay for success contract, receiving success payments.

(5) "Local government" means a county, municipality, or school district.

(6) "Program-eligible interventions" means services provided in order to improve the lives and living conditions of individuals by increasing economic opportunity and the likelihood of healthy futures and promoting child and youth development.

(7) "Provider" means a person or entity that provides program-eligible interventions on a for-profit or nonprofit basis. "Provider" includes:

(a) A lead contractor that provides program-eligible interventions directly rather than entering into subcontracts with other providers for the provision of such interventions; and

(b) A local government, which may be the same local government that establishes a program-eligible interventions program, that provides program-eligible interventions.

(8) "School district" means any public school district organized under state law or an institute charter school created pursuant to part 5 of article 30.5 of title 22, C.R.S. "School district" does not include a local college district.

(9) "State program" means the pay for success contracts program established in section 24-37-403.

(10) "Success payments" means payments made to the lead contractor for meeting defined performance targets specified in a pay for success contract.

**Source: L. 2015:** Entire part added, (HB 15-1317), ch. 205, p. 737, § 1, effective May 20.

**24-37-403. Establishment of state pay for success contracts program - pay for success contracts fund - creation.** (1) There is hereby established in the office the state pay for success contracts program. The purpose of the state program is to provide authorization, subject to specified requirements and limitations, for the office to enter into pay for success contracts with one or more lead contractors for the provision of program-eligible interventions.

(2) Before entering into a pay for success contract authorized by this section, the office, one or more local governments, or the office and one or more local governments shall conduct a request for proposal process. The request for proposal must describe the desired population to be served, desired outcomes, and the potential duration of a pay for success program and may include performance targets. The office shall make a request for proposal issued pursuant to this subsection (2) publicly available on its website upon its issuance.

(3) The office, or the office and one or more local governments as authorized by subsection (4) of this section, may enter into a contract with a lead contractor for the provision of program-eligible interventions. Entry into such a contract is generally subject to the requirements of the "Procurement Code", articles 101 to 112 of this title 24, and the office is encouraged, but not required, to use the request for proposals process specified in section 24-103-203. When developing and reviewing the terms of a pay for success contract, the office may consult with the state treasurer on financial terms and with experts to provide advice regarding definition of appropriate performance targets. A contract shall not require or authorize the state to use federal moneys to make success payments unless federal law or federal regulations authorize the use of federal moneys for that purpose. Before it enters into a contract, the office shall make the contract available to the public on the office's website and provide an opportunity for public comment regarding the contract. Prior to entering into the terms of a contract, a contract must:

(a) Clearly define the type, scope, and duration of the program-eligible interventions that the lead contractor will directly or indirectly provide, which it must provide by implementing a new program or expanding the population served by an existing program, or both, and the specific outcomes sought based on defined performance targets. The interventions that a lead contractor directly or indirectly provides must not supplant any existing state, local government, or school district employee who is providing the same interventions that the lead contractor will directly or indirectly provide.

(b) Detail the roles and responsibilities of each party to the contract and identified subcontractors;

(c) State that once the contract is executed, an investor that is funding the activities of a lead contractor under the terms of the contract is prohibited from dictating the manner of

delivery of services to be provided under the terms of the contract by the lead contractor or any other provider that are not related to the potential for the project to deliver the success measures in the contract. This paragraph (c) does not prohibit an investor from performing due diligence on its investment or managing the investment.

(d) Provide for an objective process by which an independent evaluator determines whether the defined performance targets have been achieved;

(e) Specify that the provision of program-eligible interventions provided by the lead contractor may not exceed a period of seven years unless one or more defined performance targets specified in the contract is met within the first seven years in which the interventions are provided, but the evaluation of the success of the contract may take into account outcomes that occur at any time after the provision of program-eligible interventions has been completed;

(f) Specify the procedures that the lead contractor must follow to request payments and a repayment schedule;

(g) State that any request for payment made by the lead contractor is subject to approval by the office and that the obligation of the office to make any payment is subject to annual appropriation by the general assembly; and

(h) Include a clause that specifies any causes for and the procedures for early termination of a contract, requires at least ninety days notice to each party to the contract and any service provider of a proposed termination, and requires a transition plan that minimizes any negative impact on the individuals being served by the lead contractor should early termination occur.

(4) With the approval of the office and the lead contractor, one or more local governments may be additional parties to a contract to be entered into by the office as authorized by subsection (3) of this section if the chief financial officer and the governing body of each participating local government review and approve the terms of the proposed contract. Any contract that includes one or more local governments as additional parties shall provide for the allocation of payment responsibilities between the state and each local government if the lead contractor meets the defined performance targets specified in the contract.

(5) The office shall enact a sustainability plan based on successful outcomes and performance for those program-eligible interventions that yield savings as assessed by an independent evaluator. If requested by the office or the state auditor, the independent evaluator shall provide its assessment and the data underlying its assessment to the state auditor for review. The office shall annually make publicly available a summary that identifies the defined performance targets met and not met and amounts of success payments paid.

(6) (a) The pay for success contracts fund and the office of state planning and budgeting youth pay for success initiatives account of the fund are hereby created in the state treasury. The principal of the fund and the principal of the account respectively consist of:

(I) Money appropriated or transferred to the fund or the account by the general assembly that has become available or is expected to become available due to direct or indirect reductions in state spending resulting from the provision of program-eligible interventions programs under a contract entered into pursuant to subsection (2) of this section; and

(II) Any other money that the general assembly appropriates or transfers to the fund or the account.

(b) Interest and income earned on the deposit and investment of money in the fund is credited to the fund; except that interest and income earned on the deposit and investment of money in the account is credited to the account. Subject to annual appropriation by the general

assembly, the office shall expend money in the fund and in the account to make payments to the lead contractor as required by a contract and to pay any administrative expenses incurred in connection with a contract. The office shall expend money in the account solely for the programs listed in section 24-37-404, but the department of human services may expend any money appropriated to it from the account for personal services and operating expenses related to the administration of any contract.

(7) Funding provided by a nongovernmental entity for a program to be implemented under the terms of a pay for success contract is not a grant, as defined in section 24-75-1301, even if the funding is not ultimately required to be repaid because the entity receives contractual consideration from the state in exchange for the funding in the form of a promise to make success payments if the program is successful.

(8) Unless otherwise specifically provided, nothing in this section exempts the state, a lead contractor, or any other person involved in the provision of services being provided through a program that is implemented through a pay for success contract from the requirements of any applicable federal, state, or local law or rule.

Transfers from marijuana tax cash fund and general fund to office of state planning and budgeting youth pay for success initiatives account - use of.** (1) The state treasurer shall transfer the following amounts to the office of state planning and budgeting youth pay for success initiatives account of the fund:

(a) On July 1, 2018:

(I) Nine hundred eighty-nine thousand four hundred seventy dollars from the marijuana tax cash fund; and

(II) Four hundred one thousand three hundred fourteen dollars from the general fund;

(b) On July 1, 2019:

(I) One million seven hundred seventeen thousand seven hundred sixty-four dollars from the marijuana tax cash fund; and

(II) Five hundred forty-five thousand seventy-nine dollars from the general fund;

(c) On July 1, 2020:

(I) One million seven hundred twenty-five thousand sixty-six dollars from the marijuana tax cash fund; and

(II) Four hundred ninety-eight thousand three hundred fifty-five dollars from the general fund; and

(d) On July 1, 2021, four hundred forty-eight thousand four hundred eighty dollars from the general fund.

(2) The office shall expend money in the account only for the following pilot programs, which the office has selected for implementation after reviewing numerous proposals submitted in response to its call for innovation for proposals designed to reduce juvenile involvement in the justice system, reduce out-of-home placements of juveniles, and improve on-time high school graduation rates:

(a) A Jefferson county pilot program to improve educational outcomes for foster youth;

- (b) A multi-systemic therapy pilot program for underserved regions of Colorado; and
- (c) A Denver pilot program to better serve runaway youth upstream.

### PART 1

#### OFFICE CREATED

**24-37.5-101. Legislative declaration - findings.** (1) The general assembly hereby finds and declares that:

(a) Communication and information resources in the various agencies of state government are valuable strategic assets belonging to the people of Colorado that must be managed accordingly;

(a.5) It is imperative that the long-term sustainability and eventual retirement of information technology systems be considered when initiating a major information technology project and that project plans include the various components that will result in project success;

(b) Technological and theoretical advances in the area of communication and information use are recent in origin, immense in scope and complexity, and progressing rapidly;

(c) The nature of these advances presents Colorado with the opportunity to provide higher quality, more timely, and more cost-effective governmental services;

(d) Agencies independently acquire uncoordinated and duplicative information resource technologies that are more appropriately acquired as part of a coordinated effort for maximum cost effectiveness and use;

(e) The sharing of communication and information resource technologies among agencies is often the most cost-effective method of providing the highest quality and most timely governmental services that would otherwise be cost prohibitive;

(f) Considerations of both cost and the need for the transfer of information among the various agencies and branches of state government in the most timely and useful form possible require a uniform policy and coordinated system for the use and acquisition of communication and information resource technologies; and

(g) It is the policy of this state to coordinate and direct the use of communication and information resources technologies by state agencies and to provide as soon as possible the most cost-effective and useful retrieval and exchange of information both within and among the various state agencies and branches of government and from the state agencies and branches of government to the people of Colorado. To that end, the office of information technology is created.

(2) The provisions of this section are similar to several former provisions of §§ 24-37.5-402 and 24-37.5-702 as they existed prior to 2021.

**24-37.5-103. Office of information technology - creation - information technology revolving fund - geographic information system coordination.** (1) There is hereby created in the office of the governor an office of information technology, the head of which shall be the chief information officer, who shall be appointed by the governor and who shall serve at the pleasure of the governor.

(2) For state fiscal year 2013-14 and for each state fiscal year thereafter, one hundred percent of the money appropriated by the general assembly from the information technology revolving fund established in section 24-37.5-112 (1)(a) shall be used to fund the office.

(3) (a) There is hereby established in the state treasury the information technology revolving fund. Money shall be appropriated to the fund each year by the general assembly in the annual general appropriation act for the direct and indirect costs of the office.

(b) The office shall develop a method for billing users of the office's services the full cost of the services, including materials, depreciation related to capital costs, labor, and administrative overhead. The billing method shall be fully implemented for all users of the office's services on or before July 1, 2013.

(c) All interest earned on the investment of money in the fund shall be credited to the fund. Money in the revolving fund shall be continuously appropriated to the office of information technology to pay the costs of consolidation and information technology maintenance and upgrades. Any money credited to the revolving fund and unexpended and unencumbered at the end of any given fiscal year shall remain in the fund and shall not revert to the general fund.

(4) On and after July 1, 2008, all duties and responsibilities for statewide geographic information system coordination shall be transferred from the department of local affairs to the office. The office shall develop a statewide geographic information system plan on or before July 1, 2010, and submit such plan to the governor and to the state, veterans, and military affairs committees of the senate and the house of representatives, or their successor committees.

**24-37.5-105. Office - roles - responsibilities - state search interface - rules - legislative declaration - definitions.** (1) The office may receive and expend gifts, grants, donations, and bequests, specifically including state and federal money and other money available. The office may contract with the United States and any other legal entities with respect to money available through gifts, grants, donations, or bequests.

(2) The office may designate to a specific state agency any contribution of advanced information technology, gifts, grants, donations, or bequests from private sources, including but not limited to advanced information technology companies, individuals, and foundations. The office may also determine that such contributions remain nondesignated.

(3) The office shall:

(a) Deliver innovation and information technology to state agencies to foster collaboration among state agencies, to empower state agencies to provide better service to residents of Colorado, and to maximize the value of taxpayer resources;

(b) Coordinate with state agencies to provide assistance, advice, and expertise in connection with business relationships between state agencies and private sector providers of information technology resources. Such assistance shall include efforts that strengthen and create efficiencies in those business relationships.

(c) Assist the joint technology committee as necessary to facilitate the committee's oversight of the office; and

(d) Establish, maintain, and keep an inventory of information technology owned by or held in trust for every state agency.

(4) **Governance.** The office shall establish, maintain, and enforce information technology oversight and standards and shall support collaborative decision-making. In connection with information technology governance, the office shall:

(a) Oversee statewide information technology strategy, rates and services, broadband, security, data, architecture, and information technology standards;

(b) Provide assistance and guidance to state agencies in developing individual state agency information technology plans and ensure compliance with the state agency information technology plan; and

(c) Provide project governance to all information technology projects, including:

(I) Evaluating all information technology projects for alignment with state standards, architecture, and best practices;

(II) Ensuring that every project is managed by an assigned project manager and ensuring that the state agency working on an information technology capital project reports to the office based on the governance standards specified in this subsection (4); and

(III) Developing standards for project management including risk management and change management;

(d) Develop and encourage an internet-based state government and facilitate the dissemination of information onto the internet through web and domain naming standards. In connection with developing an internet-based state government, the office shall:

(I) Set standards for, partner in the development of, and encourage a secure, readily accessible, and equitably available digital state government and facilitate the dissemination of information onto the internet;

(II) Collaborate with the statewide internet portal authority created in section 24-37.7-102 and other state agencies to create, maintain, and enhance the citizen experience of government; and

(III) Ensure all applications comply with the accessibility standards specified in article 85 of this title 24.

(5) **Budget requests.** In consultation with the office of state planning and budgeting, the office shall:

(a) Review and submit budget requests for all information technology resources to be used by state agencies; and

(b) Direct the development of policies and procedures, in consultation with the office of state planning and budgeting, that are integrated into the state's strategic planning and budgeting processes and that state agencies shall follow in developing information technology plans and technology-related budget requests.

(6) **Technology purchasing for enterprises.** The office may initiate the procurement of information technology resources for state agencies and enter into agreements or contracts on behalf of a state agency, multiple agencies, or the office, or be a party to procurement contracts that are initiated by state agencies. State agency initiated contracts must be done in consultation with the office, and must include provisions allowing the office to enforce technology and security standards or conduct due diligence or audits of the contractors. In connection with the procurement of information technology resources, the office shall:

(a) Ensure information technology purchases adhere to standards for data technology, architecture, and security;

(b) Establish special requirements for vendors of information technology services to state agencies and adapt standards as necessary for individual state agencies to comply with federal law;

(c) Oversee information technology vendors on behalf of the state and state agencies except when delegated to a state agency pursuant to section 24-37.5-105.4; and

(d) If the office does not have oversight of an information technology or services contract, ensure that the state agency with oversight of the contract operates pursuant to section 24-37.5-105.4 regarding the delegation of authority.

(7) **Information technology personnel.** To the extent permitted by applicable personnel laws and rules, the office shall oversee hiring, management, training, and performance of all state information technology personnel except when such duties are delegated pursuant to section 24-37.5-105.4.

(8) **State applications.** The office shall oversee the installation, services, maintenance, and retirement of all state applications except when such duties are delegated pursuant to section 24-37.5-105.4. In connection with such oversight, the office shall:

(a) Develop standards for application development and maintenance, including methodology that all state agencies shall use for application development activities;

(b) Ensure that cost-effective, efficient, and secure information and communication systems and resources are being used by state agencies to:

(I) Reduce data, hardware, and software redundancy;

- (II) Improve system interoperability and data accessibility between agencies; and
- (III) Meet the agency's and user's business and service needs.

(9) **Infrastructure.** The office shall oversee the information technology infrastructure and hardware, including:

(a) Service delivery, installation, maintenance, and retirement of all data center, mainframe, servers, storage and computer resources, email and collaboration, network, telecommunications, and end user support as outlined by services and policies in subsection (3)(f) of this section; and

(b) Implementing information technology standards and specifications, characteristics, or performance requirements of infrastructure resources that increase efficiency and improve security and identify opportunities for cost savings based on such standardization.

(10) (a) The general assembly hereby:

(I) Finds that:

(A) Rules adopted by agencies affect many areas of life for Colorado citizens, including water, air, food, energy, mobility, employment, and health care;

(B) Maintaining a vibrant business economy in the state is a goal shared by all Coloradans; and

(C) Public participation in the rule-making process promotes fairness, acceptability, and public accountability and can help foster greater public trust;

(II) Determines that:

(A) Engaging the assistance of lawyers, lobbyists, and technical experts should not be required for Coloradans to access the rules that affect their lives and businesses;

(B) The general assembly created the online transparency task force in House Bill 20-1039, enacted in 2020, to recommend online transparency improvements to the general assembly; and

(C) The task force found that it is unnecessarily burdensome to require both agency and public users to navigate within and between independent departmental resources and reinforced that establishing a clear, centralized agency rule and rule-making resource is necessary; and

(III) Declares that this subsection (10) is necessary to improve access to state rules for all Coloradans and to modernize and enhance the search functionality and transparency of existing web platforms, which are spread across multiple agencies, by creating a single, public-facing search interface for accessing agency rules and state rule-making that meets the minimum standards established in this subsection (10).

(b) Standards for the search interface must include but are not limited to:

(I) A centralized search interface for access to all agency rule-making that is highly visible on the state's main website and that uses search engine optimization to enable it to be located on the internet;

(II) An optimized, intuitive, and full-text search engine that is continuously optimized to increase accuracy and search speed and provide robust search results for users;

(III) An application programming interface that enables quantifiable research on state rules;

(IV) A public comment process that directs users toward the open comment process on the respective agencies' websites when available;

(V) An integrated, subscribable calendar of all agencies' rule-making hearings;

(VI) A fully responsive design that is compatible with mobile and tablet devices; and

(VII) Compliance with section 24-85-103, the federal "Americans Disabilities Act of 1990", 42 U.S.C. sec. 12101 et seq., as amended, and section 508 of the federal "Rehabilitation Act of 1973", 29 U.S.C. sec. 794d, as amended, to make the search interface accessible to people with disabilities.

(c) To facilitate operation of the search interface, the secretary of state shall provide to the office information access to the code of Colorado regulations and Colorado register. To facilitate operation of the search interface, all other agencies shall provide to the office access to their databases and information sources that contain information for rule-making proceedings. The office shall develop the search interface as specified in this subsection (10). The secretary of state shall advise the office in the development of the search interface as necessary and upon request. The office shall make the search interface available for use by June 30, 2022; except that, if an unforeseen technological impediment prevents achievement of this deadline, the office shall:

(I) Identify the impediment, identify a proposed solution, and execute necessary steps to resolve the impediment within existing appropriations;

(II) Notify the joint technology committee of the general assembly in writing that it will not meet the deadline and include in the notice a description of the impediment, the individual tasks comprising the proposed solution, and the anticipated completion date; and

(III) Appear before the joint technology committee at the first practicable opportunity after June 30, 2022, to discuss the implementation of the search interface.

(d) The office may seek, accept, and expend gifts, grants, or donations from private or public sources for the purposes of this subsection (10).

(e) As used in this subsection (10), "agency" has the meaning established in section 24-4-102 (3).

**24-37.5-105.2. State agencies - information technology - responsibilities.** (1) In connection with information technology, each state agency shall:

(a) Comply with the rules, standards, plans, policies, and directives of the office;

(b) Comply with information technology requests of the office, the general assembly, the joint technology committee, and the joint budget committee, and provide evidence of such compliance upon request of the governor, general assembly, the joint technology committee, or the joint budget committee;

(c) Participate with and advise the office on the creation of an information technology plan for the state agency as part of the state's planning and budgeting process; and

(d) Support effective use of information technology by defining roles and processes to partner with the office.

(2) In connection with any major information technology project that a state agency plans to undertake, the state agency shall:

(a) Consult with the office on the development of the major information technology project;

(b) Before commencing work on the major information technology project, submit the plan to the office and obtain approval from the office;

(c) If the state agency plans to make significant changes to the major information technology project or budget, consult with the office regarding the changes and obtain the office's approval of the changes before commencing work on the changes; and

(d) Consult with and obtain approval from the office for changes to the funding strategy for the ongoing maintenance and eventual disposal of a major information technology system.

(3) State agencies have the responsibility for ensuring program delivery and for creating a business culture that prioritizes maximizing value from technology and information technology projects. State agencies shall:

(a) Understand and manage the business criticality of their systems;

(b) Improve awareness of how information technology can help them achieve the mission of the state agency;

(c) Articulate the outcomes of their information technology products and use processes that effectively prioritize investments and improvements aimed at achieving those outcomes; and

(d) Plan for and manage the impacts of changes resulting from information technology projects for staff and constituents to enhance adoption and maximize the value of information technology investments.

(4) State agency responsibilities for user access to all state information technology systems, in connection with employees, contractors, subcontractors, and other users include:

(a) Ensuring that user access is correct and that all requirements are satisfied;

(b) Requesting appropriate access to information technology systems;

(c) Periodic auditing of access levels; and

(d) Removal of access.

(5) For security purposes, a state agency shall include the office as a party to all contracts or agreements for information technology goods, services, or systems.

(6) A state agency shall hold authority and be responsible for projects managed by the state agency when the office is involved only as a party to the contract or a party to the agreement with a vendor, contractor, or other party.

**24-37.5-105.4. Delegation of authority.** (1) The chief information officer may delegate an information technology function of the office to another state agency by agreement or other means authorized by law. The chief information officer may delegate an information technology function of the office if in the judgment of the director of the state agency and the chief information officer:

(a) The state agency has requested that the function be delegated;

(b) The state agency has the necessary resources and skills to perform or control the function to be delegated; and

(c) The function to be delegated is a unique or mission-critical function of the state agency.

(2) The chief information officer may delegate a function of the office only when the delegation results in net cost savings or improved service delivery to the state as a whole or to the unique mission critical function of the state agency, or is not otherwise provided in the office's information technology oversight and standards governance developed pursuant to section 24-37.5-105 (4).

(3) For any delegation of authority pursuant to this section, the office shall formalize an agreement with the state agency in which the agency assumes the responsibility for all of the requirements specified in this subsection (3), including acknowledging responsibility for ensuring that the information technology or service maintains ongoing compliance with state

information technology policies and standards pursuant to section 24-37.5-105 (4) and applicable federal regulations. The delegation of authority pursuant to this section shall be in writing and shall contain the following:

- (a) A precise definition of each function to be delegated;
  - (b) A clear description of the standards to be met in performing each delegated function;
  - (c) Designation of the state agency responsible for ensuring operational security and validating compliance to security policies and standards;
  - (d) A provision for periodic administrative audits by the office;
  - (e) A date on which the agreement shall terminate if the agreement has not been previously terminated or renewed; and
  - (f) Designation of the appointing authority responsible for the delegated services to support the function in the state agency and rates to be charged for the staff.
- (4) An agreement to delegate functions to a state agency may be terminated by the office if the results of an administrative audit conducted by the office reveals a lack of compliance with the terms of the agreement by the state agency.

**24-37.5-106. Chief information officer - duties and responsibilities.** (1) The position of chief information officer shall be commensurate with the position of head of a principal department and shall be a member of the governor's cabinet.

(2) The chief information officer shall:

(a) Monitor trends and advances in information technology resources, direct and approve a comprehensive, statewide, planning process, and plan for the acquisition, management, and use of information technology. The statewide information technology plan shall be updated annually and submitted to the governor, the joint technology committee, the speaker of the house of representatives, and the president of the senate.

(b) Advise the joint technology committee and the joint budget committee on requested or ongoing information technology projects, including the adherence of the office to the budget, amounts appropriated, and relevant contract deadline dates or schedules for those projects;

(c) Supervise the chief information security officer appointed pursuant to section 24-37.5-403 (1);

(d) Hire or retain such contractors, subcontractors, advisors, consultants, and agents as the chief information officer may deem advisable or necessary, in accordance with relevant procedures, statutes, and rules and make and enter into contracts necessary or incidental to the exercise of the powers and performance of the duties of the office and the chief information officer;

(e) Assist the joint technology committee as necessary to facilitate the committee's oversight of the office; and

(f) Appoint a director of the Colorado broadband office created in section 24-37.5-903 (1).

(3) The chief information officer may enter into contracts with any local government, state agency, or political subdivision of the state, including the legislative and judicial departments, the department of law, the department of state, the department of treasury, or state-

supported institutions of higher education, for the purpose of providing disaster recovery services.

(4) The chief information officer may promulgate as rules pursuant to article 4 of this title 24, all of the policies, procedures, standards, specifications, guidelines, or criteria that are developed or approved pursuant to section 24-37.5-105 (4).

**24-37.5-119. Broadband service - report - broadband deployment board - broadband administrative fund - creation - rules - legislative declaration - definitions - repeal.** (1) **Short title.** The short title of this section is the "Connect Colorado to Enhance Economic Development, Telehealth, Education, and Safety Act".

(2) The general assembly hereby finds, determines, and declares that to promote the state policy of providing universal access to broadband service, as set forth in section 40-15-502 (4), it may be necessary to provide financial assistance through additional support mechanisms if competition for local exchange services fails to deliver broadband service throughout the state. "Advanced service" includes "broadband service" for purposes of this section only.

(3) The commission may allocate the high cost support mechanism for the deployment of broadband service in unserved areas of the state pursuant to this section and section 40-15-208 only. The commission may fund the deployment of broadband service in unserved areas of the state through use of the HCSM surcharge and surcharge rate in effect on January 1, 2018. Pursuant to subsection (4) of this section and consistent with sections 40-15-207 and 40-15-208, the commission shall determine funds available for broadband deployment and the administration of the board as prescribed in section 40-15-208 or from the HCSM money that it determines is no longer required by the HCSM to support universal basic service, as that term is defined in section 40-15-102 (3), through an effective competition determination. An HCSM third-party contractor shall maintain and hold the money available for broadband deployment in a separate account from money used for basic voice service. Money held for broadband deployment shall not be disbursed for basic voice service, and money held for basic voice service shall not be disbursed for broadband deployment. The commission shall only disburse money for broadband deployment grants from the HCSM as directed by the board. Nothing in this section increases any surcharge rate charged to help fund the HCSM.

(4) (a) There is hereby created in the state treasury the broadband administrative fund, referred to in this section as the "fund". The fund consists of all money allocated from the HCSM for the administration of the board and all money that the general assembly may appropriate to the fund. The money in the fund is subject to annual appropriation by the general assembly for the purposes set forth in this section. All interest earned from the investment of money in the fund is credited to the fund. All money not expended at the end of any state fiscal year remains in the fund and does not revert to the general fund or any other fund.

(b) (I) The broadband stimulus account, referred to in this subsection (4)(b) as the "account", is hereby created in the fund and consists of money the state received from the federal coronavirus state fiscal recovery fund created in the federal "American Rescue Plan Act of 2021", Pub.L. 117-2, and any money that the general assembly may appropriate. Within three days after July 7, 2021, the state treasurer shall transfer thirty-five million dollars from the

economic recovery and relief cash fund created in section 24-75-228 (2)(a) to the account. The money in the account is subject to annual appropriation by the general assembly for use by the board for the purpose of reviewing and awarding grants under the broadband stimulus grant program created in subsection (9.5) of this section. All interest earned from investment of money in the account is credited to the account. All money not expended from the account at the end of a fiscal year remains in the account and does not revert to the economic recovery and relief cash fund created in section 24-75-228 (2)(a) or any other fund.

(II) This subsection (4)(b) is repealed, effective September 1, 2023.

(5) (a) There is hereby created in the office the broadband deployment board, referred to in this section as the "board". The board is an independent board created to implement and administer the deployment of broadband service in unserved areas. The office shall staff the board. The board has the powers and duties specified in this section.

(b) (I) (A) The board consists of sixteen members, fifteen of whom are voting members. The members of the board shall be selected on the basis of their knowledge of and interest in broadband service and shall serve for four-year terms. A member of the board shall not serve more than two consecutive full four-year terms.

(B) This subsection (5)(b)(I) is repealed, effective September 1, 2021.

(II) (A) Commencing on September 1, 2021, the board consists of eleven voting members. The members of the board shall be selected on the basis of their knowledge of and interest in broadband service and shall serve for four-year terms. A member of the board shall not serve more than two consecutive full four-year terms; except that the limit on terms of office does not apply to the board member representing the office.

(B) An appointing authority may appoint a board member seated on the board on August 31, 2021, to continue serving on the board on and after September 1, 2021, for the remainder of the board member's existing term as of August 31, 2021, if the board member meets the board membership criteria set forth in subsection (7)(d) of this section and the board member's continued membership on the board does not enlarge the membership of the board authorized under subsection (5)(b)(II)(A) of this section. If otherwise eligible for reappointment, the board member may be appointed for an additional term after September 1, 2021. This subsection (5)(b)(II)(B) is repealed, effective September 1, 2024.

(6) (a) No more than eight voting members of any one major political party may serve on the board at the same time. Members of the board are entitled to seventy-five dollars per diem for attendance at official meetings plus actual and necessary expenses incurred in the conduct of official business. Members of the board shall be appointed as follows:

(I) At least one member from the commission; one member from the Colorado office of economic development and international trade in the office of the governor; one member from the department of local affairs, created in section 24-1-125; and one member from the office, as appointed by the governor. The governor shall select three of these four appointees to serve as voting members of the board.

(II) Three voting members representing local entities:

(A) One of whom is a county commissioner, as appointed by the president of the senate in consultation with Colorado Counties, Inc.;

(B) One of whom is a mayor or city councilperson, as appointed by the speaker of the house of representatives in consultation with the Colorado Municipal League; and

(C) One of whom is any other representative of a local entity and who has a background in broadband service and expertise in rural economic development, education, or telemedicine, as appointed by the minority leader of the senate;

(III) Seven voting members representing the broadband industry:

(A) One of whom represents a wireless provider, as appointed by the minority leader of the house of representatives;

(B) One of whom represents a wireline provider, as appointed by the minority leader of the senate;

(C) One of whom represents a broadband satellite provider, as appointed by the governor;

(D) One of whom represents a cable provider, as appointed by the president of the senate;

(E) One of whom represents a rural local exchange carrier, as appointed by the governor;

(F) One of whom represents a competitive local exchange carrier, as appointed by the speaker of the house of representatives; and

(G) One of whom represents a cable provider serving rural areas, as appointed by the president of the senate; and

(IV) Two voting members of the public:

(A) One of whom resides in an unserved area of the western slope of the state, as appointed by the speaker of the house of representatives; and

(B) One of whom resides in an unserved area of the eastern slope of the state, as appointed by the minority leader of the house of representatives.

(b) This subsection (6) is repealed, effective September 1, 2021.

(7) (a) The board shall meet as often as necessary to carry out its duties as defined in this section.

(b) The term of any member of the board who misses more than two consecutive regular board meetings without good cause shall be terminated, and the member's successor shall be appointed in the manner provided for appointments under this section.

(c) (I) If a board member has a conflict of interest with respect to any matter addressed by the board, including a financial interest in the matter, the member shall recuse himself or herself from any discussion or decisions on the matter.

(II) (A) A board member appointed pursuant to subsection (6)(a)(I), (6)(a)(II), or (6)(a)(IV) of this section is not deemed to have a conflict of interest merely by virtue of residing in or representing an unserved area or an area that is the subject of an application before the board.

(B) A board member appointed pursuant to subsection (6)(a)(III) of this section is deemed to have a conflict of interest with respect to an application filed by an entity that the board member represents; however, if such application is filed, the board member may still participate in discussions about other applications before the board, but shall not vote on those other applications.

(III) This subsection (7)(c) is repealed, effective September 1, 2021.

(d) Commencing on September 1, 2021, at least three members of the board must be affiliated with one of the two major political parties and at least three members must be affiliated with the other major political party, with each member having been registered with their political party for at least one year. At least three members of the board must be unaffiliated with either of

the major political parties, having been unaffiliated for at least one year. Members of the board are entitled to seventy-five dollars per diem for attendance at official meetings plus actual and necessary expenses incurred in the conduct of official business. Members of the board shall be appointed as follows:

- (I) One voting member from the office, appointed by the governor;
- (II) Three voting members representing local entities:
  - (A) One of whom is a county commissioner from the eastern plains of the state, appointed by the president of the senate;
  - (B) One of whom is a county commissioner from the western slope of the state, appointed by the speaker of the house of representatives; and
  - (C) One of whom represents a rural city or town as a mayor or city councilperson, as appointed by the governor. As used in this subsection (7)(d)(II)(C), "rural" has the meaning set forth in section 24-32-3603 (3)(a).
- (III) Five voting members representing the broadband industry:
  - (A) One of whom represents a wireless provider, appointed by the president of the senate;
  - (B) One of whom represents a wireline provider, appointed by the speaker of the house of representatives;
  - (C) One of whom represents a broadband satellite provider, appointed by the minority leader of the house of representatives;
  - (D) One of whom represents a cable provider, appointed by the minority leader of the senate; and
  - (E) One of whom represents a rural wireline provider, appointed by the minority leader of the senate; and
- (IV) Two voting members of the public:
  - (A) One of whom resides in an unserved area of the western slope of the state, appointed by the governor; and
  - (B) One of whom resides in an unserved area of the eastern plains of the state, appointed by the minority leader of the house of representatives.
- (e) Commencing on September 1, 2021:
  - (I) If a board member has a conflict of interest with respect to any matter addressed by the board, including a financial interest in the matter, the member shall recuse himself or herself from any discussion or decisions on the matter;
  - (II) A board member appointed pursuant to subsection (7)(d)(I), (7)(d)(II), or (7)(d)(IV) of this section is not deemed to have a conflict of interest merely by virtue of residing in or representing an unserved area, a critically unserved area, or an area that is the subject of an application before the board; and
  - (III) A board member appointed pursuant to subsection (7)(d)(III) of this section is deemed to have a conflict of interest with respect to an application filed by an entity that the board member represents; however, if such application is filed, the board member may still participate in discussions about other applications before the board but shall not vote on those other applications.
- (f) In the event of a tie vote of the board, the application, appeal, proposition, or other matter being voted upon fails.
- (g) Commencing on September 1, 2021, six members of the board constitute a quorum.

(8) The board shall provide notice to and requests for proposals from incumbent providers, incumbent broadband providers, and local entities about the board's purpose to deploy broadband service in unserved areas. The board shall ensure that both the manner and amount of notice provided under this subsection (8) are adequate and equitable for all potentially eligible applicants.

(9) The board shall direct the commission to transfer money, in a manner consistent with this section, from the HCSM account dedicated for broadband deployment pursuant to subsection (3) of this section to approved grant applicants. The board shall develop criteria for awarding money for new projects to deploy broadband in unserved areas, including:

(a) (I) Developing a project application process that places the burden on an eligible applicant to demonstrate that its proposed project meets the project eligibility criteria established in this subsection (9), including a requirement that the proposal concern a new project, and not a project already in progress, and a requirement to prove that the area to be served by the proposed project is an unserved area.

(II) To prove that the area to be served is an unserved area, the applicant:

(A) Must submit a map and a list of household addresses demonstrating the insufficient availability of broadband service in the area to the board; the board of county commissioners, city council, or other local entity with authority over the area to be served; and all incumbent providers or incumbent broadband providers that provide broadband internet service or broadband service in the area proposed to be served in the application; and

(B) May submit to the board either the written certification of a local entity as described in subsection (9)(a)(III) of this section or a statistically representative number of speed tests performed in accordance with subsection (9)(a)(VII) of this section.

(III) As additional evidence of the insufficient availability of broadband service in the area that an applicant proposes to serve, the applicant may request from a local entity with jurisdiction over the area proposed to be served a written certification that the area is an unserved area. The local entity shall not provide written certification until after the local entity has:

(A) Provided public notice, including notification to any incumbent provider, if any, and held a hearing on the issue; and

(B) Collected, solicited, and reviewed any quantitative data that it deems appropriate regarding the availability of broadband service in the area that the applicant proposes to serve. A local entity must collect, solicit, and review quantitative data in accordance with rules adopted by the chief information officer, in consultation with the board, regarding standards concerning quantitative data.

(IV) The board shall establish a notice and comment period of at least sixty days within which any interested party, including a local entity with jurisdiction over the area proposed to be served, whether or not the entity provided a written certification as described in subsection (9)(a)(III) of this section, may review and comment on the application.

(V) (A) The board shall develop a request for proposal process under which, for each calendar year, the board reserves up to sixty percent of the HCSM money allocated for broadband deployment to award grants to proposed projects that serve critically unserved areas identified by the office, including any critically unserved areas within the boundaries of an Indian reservation located within the state.

(B) At the end of each calendar year, any of the reserved money not awarded through the request for proposal process remains available for distribution through the existing grant application process.

(C) All application and appeal processes and criteria set forth in this subsection (9) apply to the request for proposal process; except that the requirement to prove that an area to be served by a proposed project is an unserved area as set forth in subsection (9)(a)(I) of this section does not apply and subsections (9)(a)(II), (9)(a)(III), (9)(b), and (9)(d) of this section do not apply. Subsection (9)(e)(II) of this section only applies to the request for proposal process in the limited manner indicated in that subsection.

(D) The board, in implementing the request for proposal process, need not comply with the "Procurement Code", articles 101 to 112 of this title 24.

(E) This subsection (9)(a)(V) is repealed, effective September 1, 2024.

(VI) (A) On or before November 1, 2021, the office shall develop and submit to the board one or more maps identifying the critically unserved areas in the state. The board shall utilize the maps submitted when reviewing any application or appeal pursuant to this section.

(B) With regard to the request for proposal process set forth in subsection (9)(a)(V) of this section, based on the maps submitted, the board shall choose critically unserved areas for which the board shall solicit proposed project bids to serve those areas. In choosing the critically unserved areas for which the board will solicit proposed project bids, the board shall strive to ensure geographic diversity among the areas chosen. This subsection (9)(a)(VI)(B) is repealed, effective September 1, 2024.

(VII) If an applicant filing an application or an appellant filing an appeal pursuant to subsection (9)(k)(III) of this section submits, as part of the application or appeal, a speed test performed on an incumbent provider's network, the speed test shall be performed in accordance with industry-standard speed-test protocols as identified by the FCC.

(b) Developing a methodology for determining whether a proposed project will serve unserved areas. The board's methodology must give substantial weight to a local entity's written certification on the issue of whether the area to be served is an unserved area.

(c) Denying funding for applications that overbuild areas receiving federal sources of high cost support or federal broadband grants for construction of a broadband network that will be completed within twenty-four months after the date that the applicant filed the application so as to maximize the total available state and federal support for rural broadband development. An incumbent broadband provider receiving federal funds must submit to the board an affidavit from a company officer that the build-out will be completed within the twenty-four-month period. Upon completion of the project, an incumbent broadband provider will provide documentation to the board that demonstrates that the unserved addresses meet the minimum download and upload speeds established in the FCC's definition of high-speed internet access or broadband. If the incumbent broadband provider fails to meet the commitment made in the affidavit filed, the board may award a grant to another provider to provide service for the addresses that remain unserved.

(d) Denying funding for overbuilding of existing broadband networks in order to maximize the total available support for financing rural broadband development;

(e) Ensuring that a proposed project includes:

(I) Access to measurable speeds of at least ten megabits per second downstream and one megabit per second upstream or measurable speeds at least equal to the FCC's definition of high-speed internet access or broadband, whichever is faster;

(II) (A) Except as provided in subsection (9)(e)(II)(B) of this section, independent funding secured for at least twenty-five percent of the total cost of the proposed project.

(B) The board may authorize a proposed project awarded grant money pursuant to subsection (9)(a)(V) of this section to secure a lesser amount of independent funding if the proposed project meets the criteria set forth in this subsection (9) and the amount of independent funding secured is the highest amount of independent funding proposed among multiple proposals to serve the area to be served by the proposed project. This subsection (9)(e)(II)(B) is repealed, effective September 1, 2024.

(III) A requirement to utilize any award granted from the HCSM account dedicated to broadband deployment pursuant to subsection (3) of this section for infrastructure purposes only and not for operations;

(f) Providing additional consideration for proposed projects that includes at least some of the following factors:

(I) Proposed projects that provide service to residential and business addresses that lack broadband internet service at measurable speeds of at least ten megabits per second downstream and one megabit per second upstream;

(II) Proposed projects that are endorsed by local entities interested in obtaining broadband internet service in unserved areas of the state;

(III) Proposed projects that have speeds of at least ten megabits per second downstream and one megabit per second upstream or measurable speeds at least equal to the FCC's definition of high-speed internet access or broadband, whichever is faster;

(IV) Proposed projects for which the applicant has an established record of operation in the area of the grant application;

(V) Proposed projects providing last-mile broadband service, which is defined as the portion of broadband service that delivers an internet connection to an end user; and

(VI) Proposed projects that provide discounted broadband service to low-income households;

(g) Providing an assessment of the following factors:

(I) Whether the proposed project will provide services via a licensed or unlicensed means of transmission;

(II) The cost-effectiveness of the proposed project's proposed method for expanding broadband internet service into unserved areas; and

(III) The reliability of the network providing broadband services;

(h) (I) With regard to an applicant that has submitted a proposed project to the board, affording each incumbent provider in the area that is not providing access to a broadband network in the unserved area a right of first refusal regarding the implementation of a project in the unserved area.

(II) If an incumbent provider proposes a project for the area, the incumbent provider commits to providing access to a broadband network:

(A) Within one year after the applicant's submission of a proposed project;

(B) At demonstrated downstream and upstream speeds equal to or faster than the speeds indicated in the applicant's proposed project; and

(C) At a cost per household in the area to be served that is equal to or less than the cost per household indicated in the applicant's proposed project.

(i) Ensuring that broadband service grant awards are not provided in areas other than unserved areas;

(j) In the case of a franchise agreement, ensuring that broadband service grant awards are not provided in areas with a population density large enough to require service under an existing franchise agreement;

(k) Establishing a grant award process that:

(I) Allows an applicant to apply for grants on multiple projects in a given year if the applicant makes a separate application for each project. The board may approve more than one of the applicant's projects within a single year.

(II) Ensures the geographically equitable distribution of grant awards;

(III) Provides for an appeals process for any party aggrieved by an award or denial of grant money, whether exercising a right of first refusal, having filed any comments regarding the initial grant application, or both. If a provider of broadband service or a broadband network that alleges funding provided pursuant to this section will overbuild the provider's broadband network, the provider is an aggrieved party with standing to appeal under this subsection (9)(k)(III).

(IV) Requires the board to consider appeals alleging that the application area is no longer unserved because federal support improves a broadband network for service locations that are adjacent to the area receiving the federal award and are within the application area;

(l) Establishing reporting and accountability requirements for a project receiving financial support from the HCSM account dedicated to broadband deployment pursuant to subsection (3) of this section, including contractual requirements that:

(I) The applicant secure a performance bond for the project, as appropriate;

(II) The applicant demonstrate an ability to provide broadband service at a reasonable cost per household in the area to be served by the proposed project;

(III) The applicant demonstrate an ability to complete the proposed project within a reasonable time, not to exceed two years, unless delayed by a government entity;

(IV) Prohibit an applicant from using grant award money to offer, provide, or sell broadband services in an area not meeting the definition of unserved area;

(V) The applicant, on an annual basis until the grant money has been fully expended, report to the board on the following:

(A) The number of homes and businesses that the applicant's grant-supported broadband network serves;

(B) The number of additional homes and businesses that the applicant expects to serve through the grant-supported broadband network within the following year; and

(C) The speed tiers, advertised rates, and services that the applicant offers to customers through the grant-supported broadband network, including speed tiers, rates, and other services that the applicant offers to low-income households; and

(VI) The applicant, after the grant money has been fully expended, provide third-party performance-testing certification, based on FCC-approved performance-testing protocols, that the project meets the original design of, and provides the measurable speeds, rates, and services set forth in, the application;

(m) (I) Commencing in the grant funding cycle that begins immediately after the effective date of this subsection (9)(m), requiring an applicant, or an appellant filing an appeal pursuant to subsection (9)(k)(III) of this section, to submit, in the form and manner determined by the office or, if the FCC adopts regulations requiring the submission of granular coverage data, in the form and manner required by the FCC, granular coverage data to the office. If the FCC adopts such regulations, the office shall not impose any granular coverage data submission requirements that are more onerous or less stringent than the requirements set forth in the FCC's regulations. Upon request of the board, the office shall inform the board if an applicant has submitted the granular coverage data in accordance with this subsection (9)(m).

(II) Granular coverage data submitted pursuant to this subsection (9)(m) is not a public record as defined in, and is not subject to public disclosure under, the "Colorado Open Records Act", part 2 of article 72 of this title 24.

(III) As used in this subsection (9)(m), "granular coverage data" means mapping data presented in the form of a coverage polygon or location coordinates that reflects:

(A) The maximum download and upload speeds available in each area;

(B) The technology used to provide the service; and

(C) A differentiation among residential-only, business-only, and residential-and-business broadband services.

(9.5) (a) (I) The broadband stimulus grant program is hereby created. As part of the grant program, the board, in any grant funding cycle in 2021 that occurs after July 7, 2021:

(A) Is encouraged to award grant money to applicants that applied for grants under subsection (9) of this section in the previous five years, met all of the award criteria set forth in subsection (9) of this section but were denied grants due to the insufficiency of grant money available at the time of application, and, as determined by the board, continue to meet all of the award criteria set forth in subsection (9) of this section; and

(B) May also award grant money to new grant applications received.

(II) An applicant seeking a broadband stimulus grant under this subsection (9.5) must meet all of the grant award criteria set forth in subsection (9) of this section and the requirements set forth in this subsection (9.5).

(b) (I) The board shall award grants pursuant to this subsection (9.5) with money in the broadband stimulus account created in subsection (4)(b) of this section until the money in the account is fully expended.

(II) An applicant seeking grant money under the broadband stimulus grant program must supplement a previously submitted application with or include with a new application an income-qualified plan.

(III) In awarding grants pursuant to this subsection (9.5), the board is encouraged to give priority to proposed projects that will serve critically unserved areas of the state.

(c) On or before January 1, 2022, the board shall submit a report to the governor and the general assembly's joint budget committee and joint technology committee regarding the board's implementation of this subsection (9.5). After the initial report the board shall submit subsequent reports to the same parties within six months after the end of any state fiscal year in which the board awards one or more grants pursuant to this subsection (9.5).

(d) Reports submitted pursuant to subsection (9.5)(c) of this section must include:

(I) For each project awarded grant money under the broadband stimulus grant program:

(A) A description of the project, including a description of the use of the grant money in providing broadband;

(B) A summary of the progress made on the project;

(C) The estimated completion date for the project or, if already completed, the date of completion;

(D) A map of the areas to be served or already served by the project;

(E) The percentage of customers who activated broadband through the broadband network provided by the project after a broadband connection was created under the project to their homes or entities and the measurable speeds made available to them;

(F) The type of technology deployed or used for broadband provided through the project; and

(G) The number of households, community anchor institutions, municipalities, and counties served by the project.

(II) The number of applicants to the broadband stimulus grant program, the amounts of grant money requested by each applicant, the number of grants awarded under the broadband stimulus grant program, and the amounts of grant money awarded to each applicant under the broadband stimulus grant program; and

(III) The amount of money expended from the broadband stimulus account versus the amount of money obligated but not yet expended from the broadband stimulus account.

(e) With respect to grants awarded pursuant to this subsection (9.5) and from money transferred to the broadband stimulus account from the economic recovery and relief cash fund created in section 24-75-228 (2)(a), grants may only be awarded for broadband projects that, pursuant to treasury department interim regulations implementing the federal "American Rescue Plan Act of 2021", Pub.L. 117-2, provide broadband infrastructure that is designed to provide service to unserved or underserved households and businesses and that is designed to, upon completion:

(I) Reliably meet or exceed symmetrical one hundred megabits per second download and upload speeds; or

(II) In cases where it is not practicable, because of the excessive cost of the project or geography or topography of the area to be served by the project, provide service meeting the standards set forth in subsection (9.5)(e)(I) of this section that:

(A) Reliably meets or exceeds one hundred megabits per second download speed and is between at least twenty megabits per second and one hundred megabits per second upload speed; and

(B) Is scalable to a minimum of one hundred megabits per second download speed and one hundred megabits per second upload speed.

(f) If the treasury department modifies its interim regulations implementing the federal "American Rescue Plan Act of 2021", Pub.L. 117-2, grants awarded pursuant to subsection (9.5)(e) of this section may only be awarded for broadband projects that comply with the modified federal regulations.

(g) As used in subsection (9.5)(e) of this section, "unserved or underserved households and businesses" means one or more households or businesses that are not currently served by a wireline connection that reliably delivers at least twenty-five megabits per second downstream and three megabits per second upstream.

(h) This subsection (9.5) is repealed, effective September 1, 2023.

(10) (a) The board shall periodically review the website of the federal trade commission and the FCC to determine whether either of those federal agencies has issued a final order or entered into a settlement or consent decree regarding any:

(I) Applicant seeking broadband deployment grant money from the board; or

(II) Internet service provider, as defined in section 40-15-209 (4)(b), to which the board has awarded broadband deployment grant money.

(b) The board shall review any order or decree described in subsection (10)(a) of this section to determine whether the internet service provider that is the subject of the order or decree has engaged in conduct prohibited by section 40-15-209 (1)(a) to (1)(d). The board shall deny the application of any applicant subject to such a federal order or decree and shall inform the commission pursuant to section 40-15-209 (2)(a) about any internet service provider awarded broadband deployment grant money that is subject to such an order or decree.

(11) (a) The board shall deny an application that contains an area that does not meet the definition of unserved area and shall grant an appeal to an incumbent broadband provider that demonstrates, by a preponderance of the evidence, that an area covered by an application does not meet the definition of unserved area.

(b) If all other application requirements remain met, an application may be amended at any time to remove from the application coverage of an area that does not meet the criteria established pursuant to this section. Alternatively, the board may award a partial grant for an area that does meet the criteria.

(12) (a) The board shall report annually to the transportation and local government committee and the business affairs and labor committee in the house of representatives and to the transportation and energy committee and business, labor, and technology committee in the senate, or their successor committees, on the projects supported by money from the HCSM account dedicated to broadband deployment pursuant to subsection (3) of this section in a given year, including information on:

(I) The number of projects;

(II) The location of each project;

(III) The amount of funding received for each project; and

(IV) A description of each project.

(b) Notwithstanding section 24-1-136 (11), the report required under this subsection (12) continues indefinitely.

(13) Local entities are encouraged to cooperate with respect to timelines and permit fees concerning projects in their geographic area.

(14) (a) The board may apply for or otherwise receive federal funding of broadband deployment projects and programs. If the board receives any federal funding, the board shall utilize the request for proposal process established under, or substantially similar to the process established under, subsection (9)(a)(V) of this section to distribute the federal funds as soon as practicable, so long as such process complies with federal requirements for use of the funds and the funds are used for critically unserved areas.

(b) The HCSM third-party contractor shall maintain any federal money awarded for broadband deployment in a separate account of the HCSM that is dedicated to allocating federal broadband deployment money. The commission is authorized to disburse any money from the account as directed by the board.

(15) The board shall make every effort to ensure that a project funded pursuant to this section does not overbuild any project supported or approved by the department of local affairs.

(16) As used in this section:

(a) "Broadband" or "broadband service" has the meaning set forth in section 40-15-102 (3.3).

(b) "Broadband internet service" has the meaning set forth in section 40-15-102 (3.5).

(c) "Broadband network" has the meaning set forth in section 40-15-102 (3.7).

(d) "Commission" means the public utilities commission created in section 40-2-101.

(d.5) "Community anchor institution" has the meaning set forth in section 24-37.5-902 (2).

(e) "Competitive local exchange carrier" means a local exchange provider that is not the incumbent local exchange carrier in an identified exchange area.

(f) "Critically unserved", when used to describe a household or area, means a household or area that lacks access to at least one nonsatellite provider of broadband service delivered at measurable speeds of either at least ten megabits per second downstream and one megabit per second upstream or at measurable speeds at least equal to one-half of the minimum measurable speeds that qualify as broadband under the FCC definition and rounded up to the nearest whole number, whichever is faster.

(g) "Eligible applicant" means an applicant seeking grant funding for a proposed broadband project under this section with a sufficient business track record to indicate that the applicant's operations will be sustainable after receiving infrastructure support under this section. The term is limited to for-profit entities; except that a nonprofit telephone cooperative, including its affiliates and subsidiaries, or a nonprofit rural electric association that existed on May 10, 2014, qualifies as an "eligible applicant". The term is not limited to a current recipient of high cost support mechanism funds.

(h) "FCC" means the federal communications commission.

(i) "High cost support mechanism" or "HCSM" means the support mechanism created pursuant to section 40-15-208.

(i.5) "Income-qualified plan" means a plan that an applicant seeking a broadband stimulus grant pursuant to subsection (9.5) of this section includes in the application to demonstrate that, as part of the applicant's proposed project, the applicant would provide broadband to income-qualified customers in the proposed service area at a reduced cost.

(j) "Incumbent broadband provider" means a provider that offers broadband internet service over a broadband network in an area covered by an application filed pursuant to this section.

(k) "Incumbent provider" has the meaning set forth in section 40-15-102 (9.5).

(l) "Infrastructure" means the facilities or equipment used in the deployment of broadband service.

(m) (I) "Local entity" means elected members of a county or municipal government or the elected members of a metropolitan district that lies wholly within the unincorporated part of a county.

(II) As used in this subsection (16)(m):

(A) "Metropolitan district" has the meaning set forth in section 32-1-103 (10).

(B) "Municipal government" means a home rule or statutory city, town, or city and county or a territorial charter city.

(n) "Overbuild" or "overbuilding" means providing a broadband network to a household or households that:

(I) At the time of application, either have access to a broadband network or have received federal sources of high cost support or federal broadband grants to provide access to a broadband network; and

(II) Account for twenty percent or more of the total household or households to be served by a proposed wireless project.

(o) "Unserved area" has the meaning set forth in section 40-15-102 (32).

(17) This section is repealed, effective September 1, 2024. Before the repeal, the functions of the board regarding the deployment of broadband services into unserved areas are scheduled for review in accordance with section 24-34-104.

**Source: L. 2021:** Entire section added with amended and relocation provisions, (HB 21-1109), ch. 489, p. 3510, § 2, effective July 7; (4) amended and (9.5), (16)(d.5), and (16)(i.5) added, (HB 21-1289), ch. 371, p. 2456, § 10, effective July 7.

**Editor's note:** (1) This section is similar to former §§ 40-15-102 (6.7), (10.5), and (17.5) and 40-15-509.5 as they existed prior to 2021.

(2) Section 11 of chapter 489 (HB 21-1109), Session Laws of Colorado 2021, provides that the act adding this section applies to applications filed on or after July 7, 2021.

**24-37.5-120. Technology risk prevention and response fund - creation - definitions.**

(1) As used in this section, unless the context otherwise requires:

(a) (I) "Information technology emergency" means a situation in which an immediate threat to the public health, welfare, or safety exists, where the situation creates an immediate need for information technology equipment or services, and the lack of information technology or services would threaten:

(A) The health or safety of any person or property;

(B) The immediate functioning of one or more of the state's essential services; or

(C) The security, confidentiality, or integrity of the state's information technology.

(II) An information technology emergency does not exist as a result of budget cycles, fiscal year-end requirements, or potential loss of funding.

(b) "Technology risk prevention and response fund" or "fund" means the technology risk prevention and response fund created in subsection (2) of this section.

(2) The technology risk prevention and response fund is hereby created in the state treasury. The fund consists of money that the general assembly may appropriate or transfer to the fund.

(3) The state treasurer shall credit all interest and income derived from the deposit and investment of money in the fund to the fund. Any unexpended and unencumbered money remaining in the fund at the end of a fiscal year remains in the fund and does not revert to the general fund.

(4) (a) Up to fifty percent of the total balance of the fund at the beginning of each fiscal year is continuously appropriated to the office.

(b) The office may expend money from the fund to cover one-time costs associated with information technology expenditures as specified in subsection (4)(c) of this section and to provide the office and state agencies a financial mechanism to address costs associated with emergency or at-risk information technology.

(c) The office shall use the money in the fund for one-time costs associated with:

(I) An information technology emergency;

(II) Ensuring compliance with the office's information technology standards and policies; or

(III) Preventing risk from information technology debt that is:

(A) Anticipating failure;

(B) Nearing or no longer maintained or supported by manufacturers or vendors;

(C) Out of security compliance or creating security risk;

(D) Part of an outstanding state audit recommendation; or

(E) Keeping the state from recognizing efficiencies or advances in information technology or information technology financing.

(5) No later than November 1, 2022, the office shall provide a written report to the joint budget committee and the joint technology committee outlining the expenditures of money from the fund. Notwithstanding section 24-1-136 (11)(a)(I), no later than the twentieth day of every third month thereafter, the office shall submit a written report to the joint budget committee and joint technology committee of all expenditures of funds since the last report. The written report must include, but need not be limited to, the following:

(a) A list of each expenditure made from the fund, including the purpose and amount of the expenditure, the date on which the expenditure was made, the state agency or agencies that benefited from the expenditure, and how the expenditure met the criteria set forth in subsection (4) of this section; and

(b) Financial statements that analyze the demand for funding and the annual fund balance as of the start of each fiscal year.

**Source: L. 2021:** Entire section added, (SB 21-287), ch. 421, p. 2789, § 1, effective July 2.

**24-37.5-121. Digital access to government services - strategic plan - reporting - legislative declaration - definitions - repeal.** (1) The general assembly finds and declares that:

(a) The COVID-19 pandemic has highlighted the fact that Colorado residents need digital access to government services to allow them to safely access government services while carrying on necessary business and other activities;

(b) Even as the COVID-19 pandemic subsides, it remains important to provide digital access to government services to modernize government operations, save taxpayers time and money, and improve accessibility to government services and information throughout the state; and

(c) The office is well positioned to advance and innovate the state's adoption of, and increase its offerings for, digital access to government services, which offerings would further maximize the value of the state's investment in broadband deployment.

(2) (a) The office shall enter into an enterprise agreement with a third-party vendor to develop and implement a strategic plan to expand and improve digital access to government services through the use of broadband.

(b) In developing the strategic plan, the office and the vendor shall consult with stakeholders throughout the state that represent various interested parties including:

(I) Residents of the state;

(II) Groups representing or advocating for historically marginalized communities or residents of the state;

(III) Agencies;

(IV) The statewide internet portal authority created pursuant to section 24-37.7-102; and

(V) Local and regional government officials.

(3) (a) On or before July 1, 2022, the office shall report to the joint technology committee on the development and implementation of the strategic plan.

(b) This subsection (3) is repealed, effective September 1, 2022.

(4) As used in this section, unless the context otherwise requires:

(a) "Agency" has the meaning set forth in section 24-4-102 (3).

(b) "COVID-19" means the coronavirus disease 2019 caused by the severe acute respiratory syndrome coronavirus 2, also known as SARS-CoV-2.

**Source: L. 2021:** Entire section added, (HB 21-1289), ch. 371, p. 2444, § 6, effective June 28.

**24-37.5-122. Study of personally identifiable information - authority of chief information officer - report to joint technology committee - definitions - repeal.** (1) The chief information officer shall convene an advisory group to study where personally identifiable information is stored by state agencies throughout Colorado, to study entities that have access to personally identifiable information stored by state agencies, and to determine the costs and processes necessary to centralize the storage and protection of personally identifiable information.

(2) The advisory group consists of:

(a) The members of the government data advisory board created in section 24-37.5-703;

(b) One member who represents the attorney general's office, appointed by the attorney general; and

(c) Any number of members who are personally identifiable information experts selected and appointed by the chief information officer.

(3) On or before January 1, 2023, the advisory group shall complete its work and present to the joint technology committee a summary of the advisory group's findings, including, if appropriate, proposals for legislation.

(4) As used in this section:

(a) "Personally identifiable information" means information that may be used, along or in conjunction with any other information, to identify a specific individual, including but not limited to a name; a date of birth; a place of birth; a social security number or tax identification

number; a password or pass code; an official government-issued driver's license or identification card number; information contained in an employment authorization document; information contained in a permanent resident card; vehicle registration information; a license plate number; a photograph, electronically stored photograph, or digitized image; a fingerprint; a record of a physical feature, a physical characteristic, a behavioral characteristic, or handwriting; a government passport number; a health insurance identification number; an employer, student, or military identification number; a financial transaction device; a school or educational institution attended; a source of income; medical information; biometric data; financial and tax records; home or work addresses or other contact information; family or emergency contact information; status as a recipient of public assistance or as a crime victim; race; ethnicity; national origin; immigration or citizenship status; sexual orientation; gender identity; physical disability; intellectual and developmental disability; or religion.

(b) "State agency" means any department, commission, council, board, bureau, committee, institution of higher education, agency, or other governmental unit of the executive, judicial, or legislative branch of state government.

(5) This section is repealed, effective January 1, 2024.

**Source: L. 2021:** Entire section added, (HB 21-1111), ch. 397, p. 2636, § 1, effective September 7.

## PART 4

### INFORMATION SECURITY

**24-37.5-401. Legislative declaration.** (1) The general assembly hereby finds, determines, and declares that:

(a) Communication and information resources in the various public agencies of the state are strategic and vital assets belonging to the people of Colorado. Coordinated efforts and a sense of urgency are necessary to protect these assets against unauthorized access, disclosure, use, and modification or destruction, whether accidental or deliberate, as well as to assure the confidentiality, integrity, and availability of information.

(b) State government has a duty to Colorado's citizens to ensure that the information the citizens have entrusted to public agencies is safe, secure, and protected from unauthorized access, unauthorized use, or destruction.

(c) Securing the state's communication and information resources is a statewide imperative requiring a coordinated and shared effort from all departments, agencies, and political subdivisions of the state and a long term commitment to state funding that ensures the success of such efforts.

(d) Risks to communication and information resources must be managed, and the integrity of data and the source, destination, and processes applied to data must be assured.

(e) Information security standards, policies, and guidelines must be promulgated and implemented throughout public agencies to ensure the development and maintenance of minimum information security controls to protect communication and information resources that support the operations and assets of those agencies.

(f) The extensive information security expertise in Colorado's private sector should be utilized for the long-term benefit of Colorado's citizens and public agencies.

**Source: L. 2006:** Entire part added, p. 1714, § 1, effective June 6. **L. 2008:** (2) repealed, p. 1130, § 14, effective May 22. **L. 2010:** (4) amended, (SB 10-158), ch. 231, p. 1014, § 4, effective July 1. **L. 2011:** (9) amended, (SB 11-062), ch. 128, p. 429, § 5, effective April 22. **L. 2013:** (8.5) added, (HB 13-1079), ch. 246, p. 1193, § 7, effective May 18. **L. 2021:** Entire section repealed, (HB 21-1236), ch. 211, p. 1117, § 20, effective September 7.

**24-37.5-403. Chief information security officer - duties and responsibilities.** (1) The chief information officer shall appoint a chief information security officer who shall serve at the pleasure of the chief information officer. The security officer shall report to and be under the supervision of the chief information officer. The security officer shall exhibit a background and expertise in security and risk management for communications and information resources. In the

event the security officer is unavailable to perform the duties and responsibilities under this part 4, all powers and authority granted to the security officer may be exercised by the chief information officer.

(2) The chief information security officer shall:

(a) Develop and update information security policies, standards, and guidelines for public agencies;

(b) Promulgate rules pursuant to article 4 of this title containing information security policies, standards, and guidelines;

(c) Ensure the incorporation of and compliance with information security policies, standards, and guidelines in the information security plans developed by public agencies pursuant to section 24-37.5-404;

(d) Direct information security audits and assessments in public agencies in order to ensure program compliance and adjustments;

(e) Establish and direct a risk management process to identify information security risks in public agencies and deploy risk mitigation strategies, processes, and procedures;

(f) Approve or disapprove and review annually the information security plans of public agencies;

(g) Conduct information security awareness and training programs;

(h) In coordination and consultation with the office of state planning and budgeting and the chief information officer, review public agency budget requests related to information security systems and approve such budget requests for state agencies other than the legislative department; and

(i) Coordinate with the Colorado commission on higher education for purposes of reviewing and commenting on information security plans adopted by institutions of higher education that are submitted pursuant to section 24-37.5-404.5 (3).

(3) It is the intent of the general assembly that the cost of the services provided by the chief information security officer to a public agency be adequately funded in fiscal years commencing on and after July 1, 2007, through an appropriation to the public agency to pay for such services.

**Source: L. 2006:** Entire part added, p. 1715, § 1, effective June 6. **L. 2008:** (1) and (2)(h) amended, p. 1121, § 8, effective May 22. **L. 2011:** (1), (2)(b), and (3) amended, (SB 11-062), ch. 128, p. 429, § 6, effective April 22.

**24-37.5-404. Public agencies - information security plans.** (1) On or before July 1 of each year, in accordance with the rules promulgated by the office in support of this part 4, each public agency shall develop an information security plan utilizing the information security policies, standards, and guidelines developed by the chief information security officer. The information security plan shall provide information security for the communication and information resources that support the operations and assets of the public agency.

(2) The information security plan shall include:

(a) Periodic assessments of the risk and magnitude of the harm that could result from a security incident;

(b) A process for providing adequate information security for the communication and information resources of the public agency;

(c) Regularized security awareness training to inform the employees and users of the public agency's communication and information resources about information security risks and the responsibility of employees and users to comply with agency policies, standards, and procedures designed to reduce those risks;

(d) Periodic testing and evaluation of the effectiveness of information security for the public agency, which shall be performed not less than annually;

(e) A process for detecting, reporting, and responding to security incidents consistent with the information security standards, policies, and guidelines issued by the chief information security officer; and

(f) Plans and procedures to ensure the continuity of operations for information resources that support the operations and assets of the public agency in the event of a security incident.

(3) On or before July 15 of each year, each public agency shall submit the information security plan developed pursuant to this section to the chief information security officer for approval.

(4) In the event that a public agency fails to submit to the chief information security officer an information security plan on or before July 15 of each year or such plan is disapproved by the chief information security officer, the officer shall notify the governor, the chief information officer, and the head of the public agency of noncompliance with this section. If no plan has been approved by September 15 of each year, the chief information security officer shall be authorized to temporarily discontinue or suspend the operation of a public agency's communication and information resources until such plan has been submitted to or is approved by the officer.

**24-37.5-404.5. Institutions of higher education - information security plans.** (1) Each institution of higher education, in coordination with the department of higher education, shall develop an information security program. The information security program shall provide information security for the communication and information resources that support the operations and assets of the institution of higher education.

(2) The information security program shall include:

(a) Periodic assessments of the risk and magnitude of the harm that could result from a security incident;

(b) A process for providing adequate information security for the communication and information resources of the institution of higher education;

(c) Information security awareness training to inform the employees, administrators, and users at the institution of higher education about the information security risks and the responsibility of employees, administrators, and users to comply with the institution's information security program and the policies, standards, and procedures designed to reduce the security risks;

(d) Periodic testing and evaluation of the effectiveness of information security for the institution of higher education, which shall be performed not less than annually;

(e) A process for detecting, reporting, and responding to security incidents consistent with the information security policy of the institution of higher education. The institutions of higher education, the Colorado commission on higher education, and the chief information security officer shall establish the terms and conditions by which the institutions of higher education shall report information security incidents to the chief information security officer.

(f) Plans and procedures to ensure the continuity of operations for information resources that support the operations and assets of the institution of higher education in the event of a security incident.

(3) (a) Every three years, in accordance with the schedule specified in subsection (3)(b) of this section, each institution of higher education shall submit to the department of higher education a report concerning the development and implementation of the institution's information security program and compliance with the requirements specified in subsection (2) of this section. Upon receipt of the reports, the department of higher education shall review the reports and subsequently submit the reports to the chief information security officer.

(b) The department of higher education shall divide the institutions of higher education into three groups. Each institution of higher education shall submit the report required by subsection (3)(a) of this section as follows:

(I) The institutions in the first group shall submit the report by July 1, 2020, and by July 1 every three years thereafter;

(II) The institutions in the second group shall submit the report by July 1, 2021, and by July 1 every three years thereafter; and

(III) The institutions in the third group shall submit the report by July 1, 2022, and by July 1 every three years thereafter.

(4) Nothing in this section shall be construed to require any institution of higher education or the department of higher education to adopt policies or standards that conflict with federal law, rules, or regulations or with contractual arrangements governed by federal laws, rules, or regulations.

(5) and (6) (Deleted by amendment, L. 2011, (SB 11-062), ch. 128, p. 431, § 8, effective April 22, 2011.)

**24-37.5-404.7. General assembly - information security plans.** (1) The general assembly shall develop an information security plan. The information security plan shall provide information security for the communication and information resources that support the operations and assets of the general assembly.

(2) The information security plan shall include:

(a) Periodic assessments of the risk and magnitude of the harm that could result from a security incident;

(b) A process for providing adequate information security for the communication and information resources of the general assembly;

(c) Information security awareness training for regular employees of the general assembly;

(d) Periodic testing and evaluation of the effectiveness of information security for the general assembly, which shall be performed not less than annually;

(e) A process for detecting, reporting, and responding to security incidents consistent with the information security policy of the general assembly. The general assembly and the chief information security officer shall establish the terms and conditions by which the general assembly shall report information security incidents to the chief information security officer.

(f) Plans and procedures to ensure the continuity of operations for information resources that support the operations and assets of the general assembly in the event of a security incident.

(3) The legislative service agency directors shall maintain the information security plan pursuant to this section and keep the joint technology committee advised of the plan.

(4) Nothing in this section shall be construed to require the general assembly to adopt policies or standards that conflict with federal law, rules, or regulations or with contractual arrangements governed by federal laws, rules, or regulations.

(5) The general assembly shall provide regularized security awareness training to inform the regular legislative employees, administrators, and users about the information security risks and the responsibility of employees, administrators, and users to comply with the general assembly's information security plan and the policies, standards, and procedures designed to reduce those risks.

**24-37.5-405. Security incidents - authority of chief information security officer. (1)**

A security incident in a public agency shall be reported to the chief information security officer in accordance with state incident reporting policies, standards, and guidelines.

(2) The chief information security officer shall be authorized to temporarily discontinue or suspend the operation of a public agency's communication and information resources in order to isolate the source of a security incident. The officer shall give notice to the governor, or the lieutenant governor in the event the governor is not available, the chief information officer, and the head of the public agency concurrent with such discontinuation or suspension of operations. The officer shall ensure, to the extent possible, the continuity of operations for the communication and information resources that support the operations and assets of the public agency.

(3) The chief information security officer may enter into contracts with a private person or entity to assist with resolving a security incident in a public agency. The officer shall establish an approved list of certified private persons and entities that may provide contract services in the event of a security incident. The officer shall establish criteria for the placement of private persons and entities on the list and shall select such persons and entities for placement on the list utilizing a request for proposals containing such criteria.

(4) Public agencies shall comply and cooperate with a directive of the chief information security officer pursuant to subsection (2) of this section to temporarily discontinue or suspend the operation of a public agency's communication and information resources.

PART 5

TELECOMMUNICATIONS COORDINATION  
WITHIN STATE GOVERNMENT

**Editor's note:** This part 5 was added with relocations in 2008. Former C.R.S. section numbers are shown in editors' notes following those sections that were relocated.

**24-37.5-501. Powers, duties, and functions concerning telecommunications.** (1) In order to more efficiently support the efforts of state departments, state institutions, state agencies, and law enforcement and public safety political subdivisions, and to better serve the public, there is authorized to be established a state telecommunications network, the construction, maintenance, and management of which shall be under the supervision of the chief information officer, in consultation with the chief of the Colorado state patrol.

(2) The chief information officer shall appoint assistants, clerical staff, and other personnel as may be necessary to discharge the duties and responsibilities set forth by this part 5.

**Source: L. 2008:** Entire part added with relocations, p. 1122, § 9, effective May 22. **L. 2018:** Entire section amended with relocated provisions, (HB 18-1373), ch. 390, p. 2339, § 2, effective August 8.

**Editor's note:** (1) This section is similar to former § 24-30-902 as it existed prior to 2008.

(2) Subsection (1) is similar to former § 24-33.5-223 (1) as it existed prior to 2018.

**Cross references:** For the legislative declaration in HB 18-1373, see section 1 of chapter 390, Session Laws of Colorado 2018.

**24-37.5-502. Duties and responsibilities.** (1) The chief information officer shall perform the following functions:

(a) In consultation with local, state, and federal departments, institutions, and agencies, formulate recommendations for a current and long-range telecommunications plan, involving telephone, radio, microwave, facsimile closed circuit and cable television, teleconferencing, public broadcast, data communications transmission circuits, fiber optics, satellites, cellular radio, and public safety radio communications systems required by the FCC public safety national plan and their integration into applicable telecommunications networks for approval of the governor;

(b) Administer the approved current and long-range plan for telecommunications and exercise general supervision over all telecommunications networks, systems, and microwave facilities, subject to the exception stated in subsection (2) of this section;

(c) Review all existing and future telecommunications applications, planning, networks, systems, programs, equipment, and facilities and establish priorities for those that are necessary and desirable to accomplish the purposes of this part 5;

(d) Approve or disapprove the acquisition of telecommunications equipment and necessary licenses by any state department, institution, or agency;

(e) Establish telecommunications procedures, standards, and records for management of telecommunications networks and facilities for all state departments, institutions, and agencies;

(f) Continually review, assess, and insure compliance with federal and state telecommunications regulations pertaining to the needs and functions of state departments, institutions, and agencies;

(g) Advise the governor and general assembly on telecommunications matters;

(h) Cooperate with and assist nonprofit regional broadcasting corporations, as appropriate and if resources are available, in the development of regional noncommercial television and radio networks and local facilities, including acting as the agency by which the state participates in any such regional broadcasting corporation;

(i) Administer the public safety communications trust fund created in section 24-37.5-506; and

(j) Adopt rules in accordance with the "State Administrative Procedure Act", article 4 of this title, regarding distributions of public safety communications trust fund moneys to and repayment of such moneys by state and local governments.

(2) Notwithstanding the functions enumerated in paragraph (b) of subsection (1) of this section and paragraph (a) of subsection (4) of this section, the ultimate responsibility for the operation and conduct of the law enforcement radio systems specifically provided for the division of the Colorado state patrol that are performed by radio dispatchers and telephone operators shall be vested in the chief of the Colorado state patrol.

(3) The chief information officer may enter into contracts with any county, city and county, state agency, private school, school district, board of cooperative educational services, or library and may act as a telecommunications network provider between or among two or more counties or state agencies for the purpose of providing teleconferencing facilities and services between or among such entities, including the judicial system of any county, the department of

corrections, and the department of human services and any of their facilities. To assure the availability of such network throughout the various state agencies, private schools, school districts, boards of cooperative educational services, libraries, and counties, the chief information officer shall develop a uniform set of standards for facilities to be utilized by the contracting entities.

(4) The chief information officer shall:

(a) In consultation with recognized public safety radio communication standards groups, appropriate affected public agencies, and the chief of the Colorado state patrol, adopt recommended standards for the replacement of analog-based equipment with digital-based radio equipment for purposes of dispatching and related functions within the department of public safety; and

(b) For purposes of serving the radio communications needs of state departments, including, but not limited to, the departments of public safety, transportation, natural resources, and corrections, adopt recommended standards and set a timetable for the replacement of existing radio telecommunications equipment with a system that satisfies the requirements of the FCC public safety national plan.

(4.5) (a) The chief information officer is authorized, subject to the budget request requirements set forth in sections 2-3-208 and 24-37-304 (1)(c.3) and subject to appropriation by the general assembly, to purchase or lease any real estate, buildings, and property necessary to the operation or development of the telecommunications network, and to use any available facilities and telecommunications equipment of any state agency or institution, and, if necessary, to provide for the construction of the network.

(b) The facilities of the network shall be made available for the use of:

(I) State departments, state institutions, state agencies, and law enforcement and public safety political subdivisions of the state;

(II) Other local, state, and federal governmental entities or public safety-related nonprofit organizations that directly support any agency described in subsection (4.5)(b)(I) of this section and that:

(A) May be requested to support the purposes expressed in subsection (1)(c) and (1)(e) of this section and aggregate telecommunications service requirements of any public office described in section 24-32-3001 (1)(h); or

(B) Make donations, grants, bequests, and other contributions to the public safety communications trust fund pursuant to section 24-37.5-506 (2)(b); or

(III) (A) Private entities through public-private partnerships considered, evaluated, and accepted by the chief information officer; except that any negotiated lease rates must be based on local market-based lease rates in the area.

(B) Lease revenues from public-private partnerships entered into pursuant to subsection (4.5)(b)(III)(A) of this section must be credited as follows: Seventy-five percent to the public safety communications trust fund for improvements to the state telecommunications network and twenty-five percent to the public school capital construction assistance fund created in section 22-43.7-104 for technology grants allowed in section 22-43.7-109 (13).

(5) The chief information officer shall carry out all duties and responsibilities set forth in this section in a manner that is consistent with the objective of maximizing access to digital networks of the state by all public offices of all levels, branches, and political subdivisions of the state within every community of the state. In particular, within available resources and as soon as

is feasible, the chief information officer shall provide connections proposed and approved by the department of local affairs, created in section 24-1-125, through the community-based access grant program established under section 24-32-3001 and may act as a network provider between or among all public offices as defined in said section. To the extent possible and if technically feasible, the bidding and the method of awarding the contract for telecommunications services under section 24-32-3001 should be structured in a manner as to allow the greatest number of providers to participate in the bidding and the award of the contract.

**24-37.5-505. Service charges - pricing policy.** (1) (a) Users of the office's telephone and data communication services shall be charged the full cost of the particular service, which shall include the cost of all material, labor, and overhead. Said user charges shall be transmitted to the state treasurer, who shall credit the same to the information technology revolving fund created in section 24-37.5-112. The revolving fund shall include user charges on public safety radio systems of a state agency or other state entity; except that no municipality, county, city and county, or special district shall be charged user charges on public safety radio systems of a state agency or other state entity.

(b) Repealed.

(2) The chief information officer shall establish a policy of remaining competitive with private industry with regard to the cost, timeliness, and quality of the telephone service or data communication functions provided by the office. An agency may only purchase private services if it has first worked with the office and the office has authorized the purchase of private services.

(3) The chief of the Colorado state patrol shall pay all expenses of dispatchers and other necessary employees used in connection with the operation of the law enforcement radio system within the state telecommunications network in the same manner as expenses of other employees of said patrol are paid.

**24-37.5-506. Public safety communications trust fund - creation.** (1) There is hereby created in the state treasury the public safety communications trust fund, referred to in this section as the "fund". The moneys in the fund are subject to annual appropriation by the general assembly to the office for distribution as determined by rules adopted pursuant to section 24-37.5-502 (1)(j). The primary purpose of such distributions shall be the acquisition and maintenance of public safety communication systems for use by departments including but not limited to the departments of public safety, transportation, natural resources, and corrections as provided in section 24-37.5-502 (4)(b). Such systems shall satisfy the requirements of the public safety national plan established by the federal communications commission, also referred to in this article as the "FCC", in *FCC report and order in general docket no. 87-112*, and subsequent FCC proceedings and rules. This section shall not preclude the payment of maintenance expenses including the cost of leased or rented equipment, payments to local governmental entities for radio communication systems, or payments related to public safety radio systems.

(2) (a) (I) The general assembly declares its intention to commit state moneys to the fund for the purposes set forth in this section. Except as otherwise provided in paragraph (b) of this subsection (2), the total amount of the principal in the fund shall not exceed fifty million dollars.

(II) Any appropriation of state moneys to the public safety communications trust fund for any fiscal year from moneys in the capital construction fund created in section 24-75-302 shall be further appropriated from the public safety communications trust fund to the office for the purposes set forth in this section. Any moneys in the public safety communications trust fund so appropriated that were initially appropriated from moneys in the capital construction fund shall, if any project for which such moneys are appropriated is initiated within the fiscal year,

remain available until completion of the project or for a period of three years, whichever comes first, at which time the unexpended and unencumbered balances of such appropriation shall revert to the public safety communications trust fund.

(b) In addition to any appropriations made as a result of paragraph (a) of this subsection (2), the office may solicit and accept donations, grants, bequests, and other contributions to the fund from local, state, and federal entities and from public safety related nonprofit organizations that directly support state departments, state institutions, state agencies, and law enforcement and public safety political subdivisions of the state. Such contributions shall be transmitted to the state treasurer, who shall credit the contributions to the fund.

(2.5) (a) (I) Beginning in the 2013-14 fiscal year and in each fiscal year thereafter through the 2024-25 fiscal year, the general assembly shall appropriate to the fund a total of three million five hundred thousand dollars from the general fund or from any other fund. For each such fiscal year, the general assembly shall determine the amount to be appropriated from the general fund and the amount to be appropriated from any other fund. The office shall use the moneys appropriated to the fund pursuant to this subparagraph (I) for the replacement of legacy radio equipment and hardware at radio tower sites.

(II) Beginning in the 2017-18 fiscal year and in each fiscal year thereafter through the 2024-25 fiscal year, in addition to the amount appropriated to the fund pursuant to subparagraph (I) of this paragraph (a), the general assembly shall appropriate to the fund three million seven hundred thousand dollars from the general fund or from any other fund. For each such fiscal year, the general assembly shall determine the amount to be appropriated from the general fund and the amount to be appropriated from any other fund. The office shall use the moneys appropriated to the fund pursuant to this subparagraph (II) for software upgrade assurance.

(III) The office may use any unencumbered and unexpended money appropriated pursuant to subsections (2.5)(a)(I) and (2.5)(a)(II) of this section on digital trunked radio system site supporting infrastructure and digital trunked radio system supporting software and hardware.

(b) On or before November 1, 2014, and on or before November 1 of each year thereafter through November 1, 2025, the office, in consultation with the department of corrections, the department of natural resources, the department of public safety, the department of transportation, and any other state department or local or regional government deemed appropriate by the office, shall submit a report to the joint budget committee of the general assembly detailing the use of the money appropriated to the fund pursuant to subsection (2.5)(a) of this section. The report must include the following:

(I) Comprehensive documentation regarding the purposes for which the money appropriated pursuant to subsection (2.5)(a) of this section was used during the prior fiscal year and is being used during the current fiscal year and the anticipated use of the money that will be appropriated in future fiscal years;

(II) Of the total amount expended during the prior fiscal year for each of the purposes specified in subsections (2.5)(a)(I) and (2.5)(a)(II) of this section, the amount that was appropriated from the general fund and the amount that was appropriated from any other fund; and

(III) For the appropriation or appropriations for the next fiscal year, a recommendation regarding the amount to be appropriated from the general fund and the amount to be appropriated from any other fund for each of the purposes specified in subsections (2.5)(a)(I) and (2.5)(a)(II) of this section.

(2.7) (a) In both the 2018-19 and 2019-20 fiscal years, the general assembly shall appropriate two million dollars from the general fund to the fund. The office shall use the money appropriated to the fund pursuant to this subsection (2.7) to work in partnership with local and regional government entities to add additional radio tower sites in areas of the state that are experiencing critical coverage gaps for public safety radio communications. In working with local and regional governments to address such coverage gaps, the office shall prioritize the following:

(I) Locations that have existing radio tower and other infrastructure to which the office may add equipment;

(II) Locations in which a known public safety radio communications coverage issue may be addressed; and

(III) Locations that provide a benefit to both the state and to local government first responders.

(b) On or before November 1, 2019, and on or before November 1, 2020, the office, in partnership with local and regional government entities as the office deems appropriate, shall submit a report to the joint budget committee of the general assembly detailing the use of the money appropriated to the fund pursuant to subsection (2.7)(a) of this section. The report must include comprehensive documentation regarding the purposes for which the money appropriated pursuant to subsection (2.7)(a) of this section was and is being used during the current fiscal year and the anticipated use of the money that will be appropriated in the next fiscal year, if applicable, and any other information deemed relevant by the office.

(3) At the end of each fiscal year, all unexpended and unencumbered moneys in the fund shall remain therein and shall not be credited or transferred to the general fund or any other fund. All interest derived from the deposit and investment of this fund shall remain in the fund and shall not revert to the general fund.

(3.5) Notwithstanding any provision of subsection (3) of this section to the contrary, on April 15, 2010, the state treasurer shall deduct two hundred thirty thousand five hundred twenty dollars from the fund and transfer such sum to the general fund.

(4) In authorizing distributions of principal and interest from the fund and purchasing, leasing, contracting for, and otherwise acquiring equipment for state entities, the chief information officer shall consider the following:

(a) The need for achieving functional interoperability among local, state, and federal public safety radio communications systems by acquiring equipment that meets emerging technical standards for systems interoperability and open network architecture;

(b) The needs of local government entities that have recently invested in new radio systems, particularly in regard to interoperability;

(c) The promotion of an orderly transition from analog-based to digital-based radio systems.

(5) In acquiring equipment pursuant to subsection (4) of this section, the executive director of the office shall develop bid specifications that identify all services, requirements, and costs consistent with existing state law.

(6) The chief information officer shall keep an accurate account of all activities related to the fund including its receipts and expenditures and shall annually report in writing such account to the joint technology committee created in section 2-3-1702, C.R.S. The state auditor may investigate the affairs of the fund, severally examine the properties and records relating to

the fund, and prescribe accounting methods and procedures for rendering periodical reports in relation to disbursements and purchases made from the fund.

(7) In the expenditure of any funds from the public safety communications trust fund for the acquisition, maintenance, or lease of any public safety radio communications systems equipment or any other communication devices or equipment, the chief information officer shall ensure that such expenditures are made pursuant to the requirements set forth under the "Procurement Code", articles 101 to 112 of this title.

**24-37.5-701. Legislative declaration - intent.** (1) The general assembly hereby finds and declares that:

(a) Each state agency, through the provisions of governmental services, collects a significant amount of data about persons having interactions with the state agency;

(b) A unified statewide data governance framework will enhance the effectiveness and efficiency of government services by promoting greater collaboration, innovation, and agility in government operations through data-sharing between state agencies;

(c) A robust and consistent program of information sharing across state agencies that prioritizes interoperability and privacy will enable the state to meet its current challenges and to leverage data to improve the health and quality of life for Coloradans; and

(d) The privacy of Coloradans must remain a central tenet in the state's information sharing program. With the increase of attacks on sensitive data held by public and private entities, information security is critically important. Fundamental data management principles, such as data minimization, not only protect the privacy of Coloradans, but reduce the state's risk in the event of a security incident.

(2) It is the intent of the general assembly to encourage information sharing across state agencies, including the department of law, the department of state, and the department of the treasury, which are principal departments headed by independently elected constitutional officers.

**24-37.5-702. Government data advisory board - created - duties - definitions.** (1) (a) There is hereby created in the office the government data advisory board, which consists of the members specified in this subsection (1).

(b) The chief information officer, or his or her designee, shall serve as an ex officio member and chair of the advisory board.

(c) The remaining membership of the advisory board consists of persons from state agencies who are either experts in data or responsible for diverse aspects of data management within the member's respective department and who are selected by the head of the member's respective department to participate on the advisory board at the invitation of the chief information officer.

(d) Notwithstanding the provisions of subsection (1)(c) of this section, at the invitation of the chief information officer, additional members who meet the qualifications specified in subsection (1)(c) of this section may be selected to participate on the advisory board as follows:

(I) The governor, as he or she deems appropriate, may select a member from one or more political subdivisions of the state, including a city, county, city and county, or special purpose authority;

(II) The secretary of state, attorney general, and state treasurer may each select a member from his or her department as he or she deems appropriate;

(III) The chief justice of the supreme court, as he or she deems appropriate, may select a member from the judicial department; and

(IV) The speaker of the house of representatives and the president of the senate may jointly select a member of the joint technology committee created in section 2-3-1702.

(2) (a) The chief information officer, or his or her designee, shall schedule the first meeting of the advisory board and schedule succeeding meetings of the advisory board as necessary to complete the advisory board's duties specified in this section.

(b) The office shall provide technical assistance and support, to the extent practicable within existing resources, to assist the advisory board in completing the duties specified in subsection (3) of this section.

(3) The advisory board shall:

(a) Develop and update a standard lexicon for data-sharing and data governance, to ensure data providers and recipients have a clear and consistent understanding of the requirements and expectations related to data-sharing;

(b) Collect annual feedback from state agencies to inform any policies, procedures, and technical infrastructure implemented by the office to enable data-sharing between state agencies in accordance with all applicable laws, rules, and regulations;

(c) Create and update standard templates for interagency data-sharing and data-access agreements;

(d) Identify and document best practices and standards for how state agencies should perform data management;

(e) Provide recommendations to address existing barriers to effective data-sharing, subject to all applicable federal and state laws, rules, and regulations; and

(f) Identify other potential areas of risk related to data management and sharing and create ways to manage that risk.

(4) On or before November 1, 2021, and on or before November 1 each year thereafter, the chief information officer, in partnership with the advisory board, shall submit a yearly report to the joint technology committee of the general assembly established in section 2-3-1702. The report shall:

(a) Outline the accomplishments within the advisory board's duties;

(b) Provide recommendations for future work; and

(c) Outline the progress of sharing data among state agencies and entities and with local governments and nongovernmental organizations.

(5) For the purposes of this part 7, "state agency" means each principal department of the executive department of state government identified in section 24-1-110, including each board, commission, division, unit, office, or other subdivision within each department, each office, agency, board, or commission within the governor's office, each state-supported institution of higher education, and each local district college.

**24-37.5-703. Interdepartmental data protocol - contents.** (1) The chief information officer, or the chief information officer's designee, in coordination with the government data advisory board, must publish on or before November 1, 2022, an interoperability data framework and protocol aimed at promoting interoperability of data models across state agencies, with the goal of minimizing duplication of records, enhancing security, and increasing the state's capability to monitor and audit data-sharing transactions. At a minimum, the interoperability data framework shall:

(a) Include the protocol and procedures to be used by state agencies in data management; and

(b) Be designed to ensure that data collected by different state agencies can be matched and discrepancies in the data processing are reconciled to accurately identify data pertaining to the same record without allowing any permanent sharing of personal identifying information.

(2) The protocol and procedures included in the interdepartmental data protocol by which state agencies may share data and by which a state agency may release data to a political subdivision or to a nongovernmental organization shall prioritize and coordinate data management and protection efforts across state agencies to maximize the privacy and protection of all data and to reduce the risk of public exposure of private or protected data. This includes but is not limited to:

(a) Defining processes for managing data throughout the data management lifecycle;

(b) Establishing the circumstances under which and the reasons that a state agency may share information with another state agency, a political subdivision, or a nongovernmental organization;

(c) Ensuring compliance with all state and federal laws and regulations concerning the privacy of information, including but not limited to the federal "Family Educational Rights and Privacy Act of 1974", 20 U.S.C. sec. 1232g, and the federal "Health Insurance Portability and Accountability Act of 1996", 42 U.S.C. sec. 1320d to 1320d-9; and

(d) Establishing a protocol that secures all personal identifying information collected and developing standards to minimize the collection of personal identifying information.

(3) Notwithstanding any provision of this section, the interdepartmental data protocol shall not prohibit the release or sharing of data as required by federal or state laws including, but not limited to, the "Colorado Open Records Act", part 2 of article 72 of this title 24 or as required to comply with a court-issued subpoena, warrant, or order. In addition, the interdepartmental data protocol is not intended to prevent the sharing of data as permitted by existing contracts or agreements entered into by state agencies that comply with all applicable laws. Any sharing of data with nongovernmental organizations or individuals that is permitted, but not required, by state or federal laws, must be subject to a written agreement containing sufficient terms to protect against any unauthorized or unlawful access or release of any personal identifying information or to protect the confidentiality of nonpublic information that may be shared with such parties.

**24-37.5-704. Data-sharing - authorization.** (1) Except as specifically prohibited by state or federal laws, and in accordance with applicable state and federal privacy laws and policies, each state agency is authorized, in accordance with the provisions of the interdepartmental data protocol, to share data collected in the course of performing its powers and duties with the following entities:

- (a) Other state agencies;
- (b) The legislative and judicial departments;
- (c) Political subdivisions; and
- (d) Nongovernmental organizations and individuals.

(2) Except as specifically prohibited by state or federal law, the department of law, and in accordance with applicable state and federal privacy laws and policies, the department of state, and the department of the treasury are authorized, in accordance with either the provisions of their own data-sharing protocol or the interdepartmental data protocol, to share data collected in the course of performing the department's powers and duties with the following entities:

- (a) Other state agencies;
- (b) The legislative and judicial departments;
- (c) Political subdivisions; and
- (d) Nongovernmental organizations and individuals.

(3) In order to further the development and implementation of the interdepartmental data protocol, each state agency shall:

(a) Provide input and coordinate with the office and the government data advisory board as necessary to support the development of the necessary data governance framework and protocol described in subsections (1) and (2) of this section;

(b) Conduct an inventory of its own data assets, including sensitivity and classification, and provide the inventory to the office;

(c) Develop a process for ongoing monitoring of new data acquired by the state agency and establish a data retention policy for all data; and

(d) Create a plan and work to implement the interoperability data framework and protocol published by the office for the purpose of minimizing duplication of records, enhancing security, and increasing the state's capability to monitor and audit data-sharing transactions.

**24-37.5-705. Interdepartmental data protocol cash fund - created - legislative intent - repeal.** (1) The chief information officer is authorized to seek and accept gifts, grants, or donations from private or public sources for the purposes of this part 7. All private and public funds received through gifts, grants, or donations shall be transmitted to the state treasurer, who shall credit the same to the interdepartmental data protocol cash fund, which fund is hereby created and referred to in this section as the "fund". The money in the fund is continuously

appropriated to the office of information technology for the direct and indirect costs associated with the implementation of this part 7. The chief information officer and the office of information technology shall not be required to implement the provisions of this part 7 until such time as at least one hundred thirteen thousand five hundred dollars are credited to the fund. It is the intent of the general assembly that the provisions of this part 7 be implemented without the use of state money.

(2) Any money in the fund not expended for the purpose of this part 7 may be invested by the state treasurer as provided by law. All interest and income derived from the investment and deposit of money in the fund shall be credited to the fund. Any unexpended and unencumbered money remaining in the fund at the end of a fiscal year shall remain in the fund and shall not be credited or transferred to the general fund or another fund.

(3) The state treasurer shall transfer any unexpended and unencumbered money remaining in the fund on November 1, 2021, to the information technology revolving fund created in section 24-37.5-103 (3).

(4) This section is repealed, effective January 1, 2022.

**24-37.5-802. Information technology budget requests - working group - report.** (1) The office, in conjunction with the office of state planning and budgeting, shall create a working group to annually evaluate and prioritize all potential information technology-related budget requests from state executive branch agencies for the applicable fiscal year. The working group shall prioritize such requests prior to submitting funding proposals to the joint budget committee on November 1 of each year. The working group shall prioritize information technology-related requests beginning with requests for the 2015-16 fiscal year.

(2) On or before November 1, 2014, and on or before November 1 each year thereafter, the office shall submit a report to the joint budget committee and the joint technology committee that provides the prioritized list created pursuant to subsection (1) of this section of all information technology requests that state executive branch agencies submitted for the applicable fiscal year. The report shall include the following:

- (a) The name of each project for which a request is made and the purpose of the project;
- (b) The initial and continuing costs associated with each project for which a request is made; and
- (c) The project's adherence to the standards and policies issued by the office.

PART 9

COLORADO BROADBAND OFFICE

**Cross references:** For the legislative declaration in HB 21-1289, see section 1 of chapter 371, Session Laws of Colorado 2021.

**24-37.5-901. Legislative declaration.** (1) The general assembly hereby finds and determines that:

(a) The development of fast, affordable, and accessible broadband internet service throughout the state will:

- (I) Drive job creation;
- (II) Promote innovation;
- (III) Improve the economic vitality of various industries throughout the state and the state as a whole; and

(IV) Expand markets for Colorado businesses;

(b) Improved broadband access will help serve the ongoing and growing needs of Colorado's education, health-care, and public safety systems; industries; businesses; governmental operations; and citizens; and

(c) Communities in unserved areas of the state need access to broadband to help overcome economic, health-care, education, and government-access inequities arising from their diminished ability to access broadband.

(2) The general assembly declares that it is important to create the Colorado broadband office to serve as a central governmental entity to plan and coordinate with other state, public, and private entities and citizens throughout the state to develop and implement statewide broadband deployment and access strategies and programs that seek to advance the goals listed in subsection (1) of this section.

**24-37.5-903. Colorado broadband office - creation - responsibilities - gifts, grants, or donations.** (1) The Colorado broadband office is hereby created in the office. The Colorado broadband office shall exercise its powers and perform its duties and functions under the office as if the Colorado broadband office were transferred to the office by a **type 1** transfer as defined in section 24-1-105.

(2) (a) The chief information officer shall appoint the director of the broadband office. The director may employ staff as necessary to carry out the powers and duties of the broadband office, subject to the availability of appropriations to the office for use by the broadband office.

(b) The broadband office shall provide technical assistance to applicants seeking grant awards from the grant program or other state or federal grant opportunities offered for deploying broadband service.

(c) In carrying out its powers and duties, the broadband office may collaborate with other state agencies, local governments, broadband experts, and other interested parties.

(3) The broadband office shall:

(a) Encourage, foster, develop, and strive to improve the availability of affordable, quality broadband within the state;

(b) Serve as the central broadband policy coordination body for the state;

(c) Coordinate with other state agencies, local governments, the federal government, Indian tribes and nations, other relevant broadband partners, and consumers throughout the state to develop strategies and plans for promoting the deployment of broadband infrastructure and greater broadband access;

(d) Review existing state broadband initiatives, policies, and deployment by public or private entities in order to prioritize investment;

(e) Develop and implement a statewide plan to encourage cost-effective broadband access and increased broadband usage, particularly in rural unserved areas and other unserved areas of the state. The broadband office shall submit the statewide plan, and any updated versions of the statewide plan, to the chief information officer, the governor, and the joint technology committee and shall post the statewide plan on its public website. In developing a statewide plan and any other strategies for broadband deployment, the broadband office shall consider:

(I) Partnerships between communities; Indian tribes and nations; nonprofit organizations; local governments; electric utilities as defined in section 40-2-202 (1), cooperative electric associations as defined in section 40-9.5-102, municipally owned utilities, and nonprofit generation and transmission electric corporations or associations; rural telecommunications providers as defined in section 40-15-102 (24.5); and public and private entities;

(II) Funding opportunities that allow for the coordination of public funding sources, including local governments, state government, and the federal government, and private funding sources for the purpose of deploying broadband into rural unserved areas and other unserved areas of the state;

(III) Barriers to the deployment, adoption, and utilization of broadband, including a consideration of the affordability of broadband; and

(IV) Statewide broadband goals and whether statutory definitions for broadband in unserved areas need to be updated in response to advances made in broadband technology.

(f) Collect broadband data to create and update maps that measure the progress of broadband deployment in the state;

(g) Encourage public-private partnerships to increase deployment of broadband throughout the state; and

(h) In furtherance of the purposes set forth in this part 9, seek or apply for, accept, and expend:

(I) Gifts, grants, or donations from public or private sources; and

(II) Money from the federal government for broadband deployment. The broadband office may seek and apply for all federal funds for which the broadband office is eligible to receive.

(4) (a) Subject to the requirement set forth in subsection (4)(b)(II) of this section, the broadband office may receive consumer complaints regarding broadband service.

(b) (I) The chief information officer may seek, accept, and expend gifts, grants, or donations from public and private sources for the purpose of implementing this subsection (4). The chief information officer shall transmit any gifts, grants, or donations received pursuant to this subsection (4) to the state treasurer who shall credit the money to the digital inclusion grant program fund.

(II) The broadband office shall not implement this subsection (4) until sufficient funding is received from gifts, grants, or donations to implement this subsection (4).

(5) In addition to the powers and functions set forth in subsections (3) and (4) of this section, the broadband office shall implement the digital inclusion grant program.

**24-37.5-904. Digital inclusion grant program - income-eligible household reimbursement program - creation - award criteria - digital inclusion grant program fund - definition - reporting - repeal.** (1) (a) The digital inclusion grant program is created for the purpose of advancing the state's digital inclusion priorities, which priorities include:

(I) Increasing broadband usage and access to broadband throughout the state;

(II) Improving the reliability and availability of broadband on tribal lands;

(III) Enhancing digital literacy; and

(IV) Making access to broadband more affordable.

(b) The Colorado broadband office shall implement the grant program. During the 2020-21 state fiscal year, the broadband office shall award:

(I) Grants totaling up to twenty million dollars to one or more Indian tribes or nations for the purpose of deploying additional infrastructure on tribal lands and providing devices to Indian tribes or nations; and

(II) Grants totaling up to ten million dollars to one or more providers of telehealth services; except that, if pursuant to subsection (1.5)(e) of this section, the broadband office does not implement the reimbursement program created in subsection (1.5) of this section, the

broadband office shall award grants totaling up to fifteen million dollars to one or more providers of telehealth services.

(c) In reviewing grant applications and awarding grants pursuant to this section, the broadband office is encouraged to consult with the Colorado office of economic development created in section 24-48.5-101 (1), the department of local affairs, the department of regulatory agencies, the department of transportation, and any other agencies, organizations, or individuals with broadband expertise.

(d) A grant award recipient other than an Indian tribe or nation shall not use the grant money for the deployment of last-mile broadband infrastructure.

(e) With respect to grants awarded pursuant to subsection (1)(b)(I) of this section and from money transferred to the digital inclusion grant program fund from the economic recovery and relief cash fund created in section 24-75-228 (2)(a), grants may only be awarded for broadband projects that, pursuant to treasury department interim regulations implementing the federal "American Rescue Plan Act of 2021", Pub.L. 117-2, provide broadband infrastructure that is designed to provide service to unserved or underserved households and businesses and that is designed to, upon completion:

(I) Reliably meet or exceed symmetrical one hundred megabits per second download and upload speeds; or

(II) In cases where it is not practicable, because of the excessive cost of the project or geography or topography of the area to be served by the project, provide service meeting the standards set forth in subsection (1)(e)(I) of this section that:

(A) Reliably meets or exceeds one hundred megabits per second download speed and is between at least twenty megabits per second and one hundred megabits per second upload speed; and

(B) Is scalable to a minimum of one hundred megabits per second download speed and one hundred megabits per second upload speed.

(f) If the treasury department modifies its interim regulations implementing the federal "American Rescue Plan Act of 2021", Pub.L. 117-2, grants awarded pursuant to subsection (1)(e) of this section may only be awarded for broadband projects that comply with the modified federal regulations.

(g) As used in subsection (1)(e) of this section, "unserved or underserved households and businesses" means one or more households or businesses that are not currently served by a wireline connection that reliably delivers at least twenty-five megabits per second downstream and three megabits per second upstream.

(1.5) (a) On or before January 1, 2022, and subject to subsections (1.5)(d) and (1.5)(e) of this section, the broadband office shall contract with a nonprofit organization, preferably a nonprofit organization that has an existing platform or system for administering grant money, has experience in administering income-qualified utility assistance programs, and has experience in verifying income for statewide assistance programs, to develop a program, referred to in this subsection (1.5) as the "program", to make access to broadband service more affordable by reimbursing Colorado subscribers for costs incurred in accessing broadband service. In choosing a nonprofit organization with which to contract, the broadband office need not comply with the "Procurement Code", articles 101 to 112 of this title 24. Households that are income eligible to participate in the program are those households that:

(I) Have a household income that does not exceed the higher of two hundred percent of the federal poverty level or eighty percent of the area median income; or

(II) Are located in critically unserved areas of the state. A household is eligible for reimbursement under this subsection (1.5)(a)(II) only:

(A) For broadband service provided by a satellite provider; and

(B) With respect to the household's primary residence.

(b) A household meeting the criteria set forth in subsection (1.5)(a) of this section may apply to the program annually in the form and manner determined by the broadband office to request reimbursement to cover up to one-half of the cost of broadband service, not to exceed a total reimbursement of six hundred dollars per year. A household that receives reimbursement pursuant to this subsection (1.5)(b) must demonstrate that it still meets the criteria set forth in subsection (1.5)(a) of this section to receive reimbursement in a subsequent year.

(c) With regard to the nonprofit organization with which the broadband office contracts to administer the program, the broadband office shall direct that the nonprofit organization:

(I) Use a portion of the money transmitted to the nonprofit organization for implementing the program to cover its direct and indirect costs in administering the program; and

(II) Periodically report to the broadband office, in a form and manner determined by the broadband office, regarding its administration of the program.

(d) The broadband office, in consultation with the nonprofit organization with which it contracts to implement the program, may explore alternative mechanisms for payment assistance for income-eligible households if the broadband office determines that a reimbursement program is not cost-effective. If the broadband office adopts an alternative mechanism for providing payment assistance under this subsection (1.5)(d), the broadband office shall include a description of the mechanism chosen as part of its reporting requirements under subsection (1.5)(g) of this section.

(e) If the broadband office does not find a nonprofit organization with which to contract to implement the program, the program shall not be implemented and the broadband office shall use the money allocated for implementation of the program to award additional grants for telehealth services under subsection (1)(b)(II) of this section.

(f) (I) The broadband office and the nonprofit with which it contracts may use up to five million dollars of the money transferred pursuant to subsection (1)(e) of this section to the digital inclusion grant program fund from the economic recovery and relief cash fund created in section 24-75-228 (2)(a) to implement the program, including the money required to cover the broadband office's and the nonprofit organization's administrative costs incurred in implementing the program. The broadband office and the nonprofit organization may use up to five hundred thousand dollars per year to cover their direct and indirect costs in administering the program.

(II) All money used for implementation of the program must be obligated by December 31, 2024.

(g) On or before February 1, 2022, and on or before February 1 each year thereafter, the broadband office shall submit a written report to the governor and the general assembly's joint budget committee and joint technology committee regarding the broadband office's implementation of the program. Reports submitted pursuant to this subsection (1.5)(g) must include:

(I) The number of households receiving assistance under the program in the previous calendar year; and

(II) Recommendations on how to make the program more successful, including any legislative changes needed to improve the success of the program.

(h) This subsection (1.5) is repealed, effective September 1, 2026.

(2) The digital inclusion grant program fund is hereby created in the state treasury and consists of money the state received from the federal coronavirus state fiscal recovery fund created in the federal "American Rescue Plan Act of 2021", Pub.L. 117-2, and any money that the general assembly may appropriate. Within three days after June 28, 2021, the state treasurer shall transfer thirty-five million dollars from the economic recovery and relief cash fund created in section 24-75-228 (2)(a) to the fund for use by the broadband office for the purpose of reviewing and awarding grants under the grant program. The money in the fund is subject to appropriation by the general assembly.

(3) (a) On or before January 1, 2022, and notwithstanding section 24-1-136 (11)(a)(I), the Colorado broadband office shall submit a written report to the governor and the general assembly's joint budget committee and joint technology committee regarding the broadband office's implementation of the grant program. After submitting the initial report, the broadband office shall submit subsequent reports regarding the grant program to the same parties within six months after the end of any state fiscal year in which the broadband office awards one or more grants from the fund.

(b) Reports submitted pursuant to this subsection (3) must include:

(I) For each project awarded grant money under the grant program:

(A) A description of the project;

(B) A summary of the progress made on the project;

(C) The estimated completion date for the project or, if already completed, the date of completion;

(D) A map of the area to be served or already served by the project;

(E) The percentage of customers who activated broadband through the broadband network provided by the project after a broadband connection was created under the project to their home or entity and the measurable speeds made available to them;

(F) The type of technology deployed or used for broadband provided through the project; and

(G) The number of households, community anchor institutions, municipalities, and counties served by the project;

(II) The number of applicants to the grant program, the amounts of grant money requested by each applicant, the number of grants awarded under the grant program, and the amounts of grant money awarded to each applicant under the grant program; and

(III) The amount of money expended from the fund versus the amount of money obligated but not yet expended from the fund.

**24-37.7-102. Statewide internet portal authority - creation - board.** (1) There is hereby created an independent public body politic and corporate to be known as the statewide internet portal authority. The authority shall be a body corporate and a political subdivision of the state and shall not be an agency of the state government and shall not be subject to administrative direction by any department, commission, board, or agency of the state.

(2) The governing body of the authority shall be a board of directors that shall consist of the following fifteen voting members:

(a) The secretary of state;

(b) The head of one of the offices in the office of the governor appointed by the governor;

(c) The executive directors of three principal departments of the state appointed by the governor or the appointed executive director's designee. An appointed executive director of a principal department shall give written notice to the executive director of the authority of his or her designee.

(d) (I) Three members from the private sector who exhibit a background in information management and technology and who are users of electronic information, products, and services or information technology services that are offered through the private sector appointed by the governor with the consent of the senate.

(II) The members from the private sector shall serve for terms of four years each; except that, of those members first appointed to the board, the terms of office shall be as follows:

(A) One shall be appointed for two years; and

(B) One shall be appointed for three years.

(e) One member representing the judicial department of the state appointed by the chief justice of the supreme court. If the appointee of the chief justice is not able to attend a meeting of the board, a designee of the person appointed by the chief justice may serve on the board if designated in writing by the chief justice's appointee. The appointee of the chief justice shall give written notice to the executive director of his or her designee.

(f) Two members of the senate, one of whom is appointed by the president of the senate and one of whom is appointed by the minority leader of the senate, and two members of the house of representatives, one of whom is appointed by the speaker of the house of representatives and one of whom is appointed by the minority leader of the house of representatives. Each of these four members shall exhibit a background in information management and technology or have experience as members of an oversight committee for information management and technology. The appointment of the members to the board by the minority leaders of the senate and house of representatives shall be made as soon as practicable after May 28, 2013.

(g) One member representing local government appointed by the governor with the consent of the senate; and

(h) The chief information officer of the office of information technology created in section 24-37.5-103, or the chief information officer's designee. The chief information officer shall give written notice to the executive director of his or her designee.

(3) (Deleted by amendment, L. 2007, p. 915, § 12, effective May 17, 2007.)

(4) The board may appoint such additional nonvoting members to the board as it deems necessary. Additional members appointed pursuant to this subsection (4) shall not be included in determining whether a quorum is present.

(5) (a) Except as provided in paragraph (b) of this subsection (5), each member shall serve until his or her successor has been appointed and qualified. The person making the original appointment shall fill any vacancy by appointment for the remainder of an unexpired term.

(b) The terms of the members appointed by the speaker of the house of representatives and the president of the senate and who are serving on May 28, 2013, are extended to and expire or terminate on the convening date of the first regular session of the seventieth general assembly. The terms of the members initially appointed by the minority leaders of the senate and house of representatives expire or terminate on the convening date of the first regular session of the seventieth general assembly. As soon as practicable after such convening date, the speaker, the president, and the minority leaders shall each appoint or reappoint one member in the same

manner as provided in paragraph (f) of subsection (2) of this section. Thereafter, the terms of members appointed or reappointed by the speaker, the president, and the minority leaders shall expire on the convening date of the first regular session of each general assembly, and all subsequent appointments and reappointments by the speaker, the president, and the minority leaders shall be made as soon as practicable after such convening date. Members appointed or reappointed by the speaker, the president, and the minority leaders shall serve at the pleasure of the appointing authority and shall continue in office until the member's successor is appointed.

(6) The board shall annually elect a chairperson of the authority from the members of the board and shall annually elect another member as secretary. The board shall not elect the designee of an executive director of a principal department, of the chief information officer, or of the appointee of the chief justice as an officer of the board.

(7) Any appointed member of the board may be removed by his or her appointing authority for misconduct, incompetence, or neglect of duty. Actions constituting neglect of duty shall include, but not be limited to, the failure of board members to attend three consecutive meetings or at least three-fourths of the meetings of the board in any one calendar year.

(8) Neither the members of the authority nor any person authorized by the authority to act in an official capacity shall be held personally liable for any act undertaken pursuant to the provisions of this article.

**24-37.7-103. Meetings of board - quorum - expenses.** (1) All meetings of the board of directors shall be subject to the provisions of section 24-6-402. No business of the board of directors shall be transacted except at a regular or special meeting at which a quorum consisting of at least a majority of the total voting membership of the board is present. Any action of the board of directors shall require the affirmative vote of a majority of the voting members present at any meeting at which a quorum is present.

(2) Except as otherwise provided in section 2-2-326, C.R.S., members of the board shall serve without compensation but shall be reimbursed for all necessary expenses incurred in the performance of their duties under this article. Any payments to board members pursuant to this subsection (2) shall be paid from moneys of the authority.

**24-37.7-104. Powers of the statewide internet portal authority.** (1) In addition to any other powers granted to the authority in this article, the authority shall have the following powers:

(a) To have the duties, privileges, immunities, rights, liabilities, and disabilities of a body corporate and political subdivision of the state;

(b) To have perpetual existence and succession;

(c) To adopt, have, and use a seal and to alter the same at its pleasure;

(d) To sue and be sued;

(e) To enter into any contract or agreement not inconsistent with this article or the laws of this state and to authorize the executive director to enter into contracts, execute all instruments, and do all things necessary or convenient in the exercise of the powers granted in this article and to secure the payment of bonds;

(f) To borrow money and to issue bonds evidencing the same;

(g) To purchase, lease, trade, exchange, or otherwise acquire, maintain, hold, improve, mortgage, lease, sell, and dispose of personal property, whether tangible or intangible, or any interest therein; and to purchase, lease, trade, exchange, or otherwise acquire real property or any interest therein and to maintain, hold, improve, mortgage, lease, or otherwise transfer such real property, so long as such transactions do not interfere with the mission of the authority as specified in section 24-37.7-105;

(h) To acquire space, equipment, services, supplies, and insurance necessary to carry out the purposes of this article;

(i) To deposit any moneys of the authority in any banking institution within the state or in any depository authorized in section 24-75-603, and to appoint, for the purpose of making such deposits, one or more persons to act as custodians of the moneys of the authority, who shall give surety bonds in such amounts and form and for such purposes as the board of directors requires;

(j) To contract for and to accept any gifts, grants, or loans of funds, property, or any other aid in any form from the federal government, the state, any state agency, or any other source, or any combination thereof, and to comply, subject to the provisions of this article, with the terms and conditions thereof;

(k) To have and exercise all rights and powers necessary or incidental to or implied from the specific powers granted in this article, which specific powers shall not be considered as a limitation upon any power necessary or appropriate to carry out the purposes and intent of this article;

(l) To fix the time and place or places at which its regular and special meetings are to be held. Meetings shall be held on the call of the presiding officer, but no less than six meetings shall be held annually.

(m) To adopt and from time to time amend or repeal bylaws and rules and regulations consistent with the provisions of this article; except that article 4 of this title shall not apply to the promulgation of any policies, procedures, rules, or regulations of the authority;

(n) To appoint a treasurer of the board and such other officers as the board of directors may determine and provide for their duties and terms of office;

(o) To appoint an executive director and such agents, employees, and professional and business advisers as may from time to time be necessary in its judgment to accomplish the purposes of this article, to fix the compensation of such executive director, employees, agents,

and advisers, and to establish the powers and duties of all such agents, employees, and other persons contracting with the authority;

(p) To waive, by such means as the authority deems appropriate, the exemption from federal income taxation of interest on the authority's bonds, notes, or other obligations provided by the federal "Internal Revenue Code of 1986", as amended, or any other federal statute providing a similar exemption;

(q) To make and execute agreements, contracts, or other instruments necessary or convenient to the exercise of the powers and functions of the authority under this article, including but not limited to contracts with any person, firm, corporation, state agency, local government, or other entity. All state agencies and local governments are hereby authorized to enter into and do all things necessary to perform any such arrangement or contract with the authority.

(r) To arrange for guaranties or insurance of its bonds, notes, or other obligations by the federal government or by any private insurer, and to pay any premiums therefor.

(2) The authority shall not enter into a contract with a statewide portal integrator unless the statewide portal integrator was chosen by the authority pursuant to a request for proposals or other competitive procurement method, including an invitation to negotiate, issued by the authority.

(3) Any current or pending action by the office of information technology relating to a request for proposals for the statewide internet portal shall be void.

(4) State agencies shall coordinate and cooperate with the authority for purposes of the delivery of electronic information, products, and services by the authority.

**24-37.7-105. Mission of the authority.** (1) The mission of the authority is to:

(a) Develop the officially recognized statewide internet portal that provides one-stop access to electronic information, products, and services in order to give members of the public, state agencies, and local governments an alternative way to transact business with the state;

(b) Provide electronic access for members of the public, state agencies, and local governments to electronic information, products, and services through the statewide internet portal;

(c) Develop and annually update a strategic business plan for the implementation, maintenance, and enhancement of the statewide internet portal;

(d) Issue requests for bids or proposals to or contracts with any public or private parties for the design, implementation, operation, and improvement of the distribution of electronic information, products, and services or for the services described in paragraph (e) of this subsection (1), or both;

(e) Enter into a contract with a statewide internet portal integrator for the development, support, maintenance, and enhancement of the equipment and systems utilized for the statewide internet portal;

(f) Provide appropriate administration and oversight of the statewide internet portal integrator;

(g) Enter into contracts for the provision of new services related to the distribution of electronic information, products, and services through the statewide internet portal;

(h) Explore ways and means of expanding the amount and kind of electronic information, products, and services provided, increasing the utility of the electronic information, products, and services provided and the form in which it is provided, and, where appropriate, implementing such expansion or increase;

(i) Explore technological means of improving access for members of the public, state agencies, and local governments to electronic information, products, and services, and, where appropriate, implement such technological improvements; and

(j) Explore options for expanding the statewide internet portal and its services to members of the public, state agencies, and local governments by providing add-on services such as access to other information, products, services, and databases or by providing electronic mail and calendaring to subscribers.

**24-37.7-106. Fees and charges - no modification - new services.** (1) The authority shall not increase or decrease the amount of any charge or fee that a state agency or local government is authorized by law to impose for electronic information, products, and services.

(2) Access to electronic information, products, and services through the statewide internet portal shall be consistent with any law governing such access.

(3) Nothing in this article shall be construed as providing the authority with exclusive access to electronic information, products, and services.

(4) Repealed.

**24-37.7-107. Financing.** (1) The authority shall fund its operations from:

(a) Federal moneys granted or allocated to the authority;

(b) Website advertising;

(c) Moneys, goods, or in-kind services donated from public or private sources;

(d) Moneys loaned to the authority by any person or entity;

(e) Moneys derived from the issuance and sale of bonds; or

(f) Moneys derived from the sale of services, products, or information.

**24-37.7-108. Bonds and notes.** (1) The authority may, from time to time, issue bonds and notes for any of its corporate purposes. The bonds and notes shall be issued pursuant to

resolution of the board and shall be payable solely out of all or a specified portion of the revenues of the authority as designated by the board.

(2) Bonds of the authority, as provided in the resolution of the authority under which the bonds are authorized or as provided in a trust indenture between the authority and any commercial or trust company having full trust powers, may:

(a) Be executed and delivered by the authority in the form, in denominations, upon the terms and maturities, and at the times established by the board;

(b) Be subject to optional or mandatory redemption prior to maturity with or without a premium;

(c) Be in fully registered form or bearer form registerable as to principal or interest or both;

(d) Bear such conversion privileges and be payable in such installments and at such times not exceeding twenty years from the date of issuance as established by the board;

(e) Be payable at such place or places whether within or without the state as established by the board;

(f) Bear interest at such rate or rates per annum, which may be fixed or vary according to index, procedure, or formula or as determined by the authority or its agents without regard to any interest rate limitation appearing in any other law of the state;

(g) Be subject to purchase at the option of the holder or the board;

(h) Be evidenced in the manner established by the board, and executed by the officers of the authority, including the use of one or more facsimile signatures so long as at least one manual signature appears on the bonds, which may be either of an officer of the authority or of an agent authenticating the same;

(i) Be in the form of coupon bonds that have attached interest coupons bearing a manual or a facsimile signature of an officer of the authority; and

(j) Contain any other provisions not inconsistent with this article.

(3) The bonds may be sold at public or private sale at the price or prices, in the manner, and at the times as determined by the board, and the board may pay all fees, expenses, and commissions that it deems necessary or advantageous in connection with the sale of the bonds. The power to fix the date of sale of the bonds, to receive bids or proposals, to award and sell bonds, to fix interest rates, and to take all other action necessary to sell and deliver the bonds may be delegated to an officer or agent of the authority. Any outstanding bonds may be refunded by the authority pursuant to article 56 of title 11, C.R.S. All bonds and any interest coupons applicable thereto are declared to be negotiable instruments.

(4) The resolution or trust indenture authorizing the issuance of the bonds or notes may pledge all or a portion of the property or revenues of the authority, may contain such provisions for protecting and enforcing the rights and remedies of holders of any of the bonds or notes as the authority deems appropriate, may set forth the rights and remedies of the holders of any of the bonds or notes, and may contain provisions that the authority deems appropriate for the security of the holders of the bonds or notes, including but not limited to provisions for letters of credit, insurance, standby credit agreements, or other forms of credit ensuring timely payment of the bonds or notes, including the redemption price or the purchase price.

(5) Any pledge of revenues or property made by the authority or by any person or governmental unit with which the authority contracts shall be valid and binding from the time the pledge is made. The revenues or property so pledged shall immediately be subject to the lien

of such pledge without any physical delivery or further act, and the lien of such pledge shall be valid and binding against all parties having claims of any kind in tort, contract, or otherwise against the pledging party, regardless of whether the party has notice of such lien. The instrument by which the pledge is created need not be recorded or filed.

(6) Neither the members of the board, employees of the authority, nor any person executing the bonds shall be liable personally on the bonds or notes or subject to any personal liability or accountability by reason of the issuance thereof.

(7) Bonds and notes issued by the authority shall not constitute or become an indebtedness, a debt, or a liability of the state. The bonds shall contain on the face thereof a statement to such effect.

(8) The authority may purchase its bonds or notes out of any available moneys and may hold, pledge, cancel, or resell such bonds and notes subject to and in accordance with agreements with the holders thereof.

(9) Any bonds, notes, or other securities issued pursuant to this section and the income therefrom, including any profit from the sale thereof, shall be exempt from all taxation of the state or any agency, political subdivision, or instrumentality of the state.

**24-37.7-113.5. Annual report.** (1) On or before November 1, 2013, and on November 1 of each year thereafter, the authority shall submit a report to the members of the joint technology committee and the joint budget committee of the general assembly and to the members of the business, labor, and technology committee of the senate and the business affairs and labor committee of the house of representatives, or any successor committees, that includes the following:

(a) A complete and detailed operating and financial statement of the authority during the preceding fiscal year;

(b) The total amount of charges or fees imposed by each state agency for accessing electronic information, products, and services through the statewide internet portal made in the preceding fiscal year pursuant to section 24-37.7-106; and

(c) The total amount of receipts and revenue derived by the authority from the transactions described in paragraph (b) of this subsection (1) for the preceding fiscal year.

(2) The report required pursuant to subsection (1) of this section must also include any recommendations regarding additional legislation or other action that may be necessary to carry out the purposes of the authority.

(3) The authority shall present the information contained in the report to the members of the joint technology committee of the general assembly at a regular meeting of the committee and shall present such information to any other legislative committee upon request of the committee.

(4) This section is exempt from the provisions of section 24-1-136 (11), and the annual reporting requirements of this section are effective until changed by the general assembly acting by bill.

**24-37.7-114. Financial and performance audits.** (1) (a) If a financial audit of the authority is conducted by an independent certified public accountant pursuant to a contract with the authority, any statements, records, schedules, working papers, and memoranda prepared by the certified public accountant shall be made available to the state auditor's office and shall be kept confidential unless a majority of the members of the legislative audit committee vote to open such documents.

(b) (Deleted by amendment, L. 2011, (HB 11-1297), ch. 269, p. 1224, § 5, effective June 2, 2011.)

(2) Upon the completion of a financial or performance audit described in subsection (1) of this section or in section 2-3-103 (1)(b), C.R.S., the state auditor shall submit a written report to the legislative audit committee, together with any findings and recommendations.

(3) The cost of each such financial audit shall be paid by the authority. The cost of any such performance audit shall be paid from annual appropriations made by the general assembly to the office of the state auditor.

## ARTICLE 38

### Government Efficiency

**24-38-101. Legislative declaration.** The general assembly hereby finds and declares that state agencies should be authorized and encouraged to improve their services and save money wherever possible.

**Source: L. 98:** Entire article added, p. 1308, § 1, effective August 5.

**24-38-102. Definitions.** As used in this article, unless the context otherwise requires:

(1) "Agency" means every agency in the executive branch of state government that is required by the constitution or statutes of the state to exercise discretion or to perform judicial or quasi-judicial functions. The term includes, but is not limited to, any board, bureau, commission, department, institution, division, section, or office of the state.

(2) "Cost savings" means any money that an agency does not expend from its general fund appropriations for a given fiscal year that is a direct result of cost-cutting measures, including an action that would result in a base reduction due to permanent reductions in spending. In no case shall "cost savings" include or be a result of a case load reduction or personal services contracts that the agency entered into under a managed competition process; except that "cost savings" does include savings realized from personal services contracts entered into pursuant to a public-private initiative agreement between the agency and a nonprofit entity in accordance with part 2 of this article.

**Source: L. 98:** Entire article added, p. 1308, § 1, effective August 5. **L. 2010:** (2) amended, (HB 10-1010), ch. 90, p. 309, § 2, effective August 11.

**24-38-103. Agency authority and incentives for budget savings.** (1) Beginning with the 1998-99 fiscal year, any agency may implement measures that reduce the costs of delivering the agency's services and products below the amount of the agency's appropriations for a given fiscal year. Any agency that achieves cost savings under this subsection (1) may transfer twenty percent of the amount of the cost savings from one item of appropriation made to the agency in the general appropriation act or any supplemental appropriation act to another item of appropriation made to the same agency in said act. The following limitations shall apply only to transfers made pursuant to this subsection (1):

(a) In no case shall an agency use any of the amount transferred as a result of cost savings to add employment positions or for personal services.

(b) All transfers made pursuant to this subsection (1) shall be between items of appropriations made for the fiscal year in which the cost savings were achieved.

(c) Prior to expending any moneys so transferred, the agency that achieved the cost savings shall enter into a memorandum of understanding with the joint budget committee that details how the agency will spend the transferred moneys.

(d) Any moneys transferred to an agency as the result of cost savings may be spent only for reinvestment in technology or other capital projects related to the item of appropriation to which the moneys were transferred.

(1.5) Beginning with the 2004-05 fiscal year, an agency that achieves cost savings, as an alternative to the transfer authorized pursuant to subsection (1) of this section, may transfer fifty percent of the amount of the cost savings from one item of appropriation made to the agency in the general appropriation act or any supplemental appropriation act to the item for personal services in the appropriation made to the same agency for the purpose of paying performance-based awards to employees of the agency. The award shall be awarded in the fiscal year in which the cost savings are achieved and shall be made consistent with the performance review done in accordance with the merit pay system identified in section 24-50-104 (1)(c.7). Prior to the end of the state fiscal year in which a transfer is made pursuant to this subsection (1.5), an agency shall submit written notice to the joint budget committee, the office of state planning and budgeting, and the state controller of the amount of the cost savings achieved by the agency during the state fiscal year.

(2) The general assembly may reduce an agency's appropriations for the fiscal year following the fiscal year in which the agency achieved the cost savings by the amount of such cost savings if the general assembly determines that the agency is no longer maintaining the measures the agency used to achieve the cost savings or that such cost savings is sustainable for more than one fiscal year. Except as otherwise provided in this subsection (2), the general assembly shall not use a one-time cost savings an agency achieves in a given fiscal year to justify reducing any item of appropriation or the total amount of appropriations the agency may receive in the fiscal year following the fiscal year in which the agency achieved the cost savings. However, nothing in this subsection (2) shall affect the general assembly's authority to reduce an agency's appropriations for any reason other than cost savings.

(3) Nothing in this section shall be construed to allow an agency to avoid any power or duty required by law that otherwise applies to the agency's actions.

## PART 2

### PUBLIC-PRIVATE INITIATIVES

**24-38-201. Legislative declaration.** The general assembly hereby finds and declares that state government should deliver public services in the most cost-effective and efficient manner, that nonprofit entities that contract for public services leverage the use of public funds with private donations, and that increasing opportunities for nonprofit entities to contract with state agencies will further the cost-effective and efficient delivery of public services. It is the intent of the general assembly in enacting this part 2 only to provide flexibility to state government so that it can deliver public services more cost-effectively and efficiently and not to establish or authorize the establishment of new programs.

**Source:** L. 2010: Entire part added, (HB 10-1010), ch. 90, p. 304, § 1, effective August 11.

**24-38-202. Definitions.** As used in this part 2, unless the context otherwise requires:

(1) "Nonprofit contribution" means the supply by a nonprofit entity of resources to accomplish all or any part of the work on a project or the implementation or administration of a program.

(2) "Nonprofit entity" means a corporation or organization authorized to do business in the state that is exempt from taxation pursuant to section 501 (a) of the federal "Internal Revenue Code of 1986", 26 U.S.C. sec. 501 (a), as amended, and is listed as an exempt organization in section 501 (c)(3) of the federal "Internal Revenue Code of 1986", 26 U.S.C. sec. 501 (c)(3), as amended.

(3) "Public benefit" means an agency grant of a right or interest in or concerning an agency project or program.

(4) "Public-private initiative" means a nontraditional arrangement between an agency and one or more nonprofit entities that provides for:

(a) Acceptance of a nonprofit contribution to an agency project or service in exchange for a public benefit concerning the project or service other than only a money payment;

(b) Sharing of resources and the means of providing projects or services; or

(c) Cooperation in researching, developing, and implementing projects or services.

(5) "Unsolicited proposal" means a written proposal for a public-private initiative that is submitted by a nonprofit entity for the purpose of entering into an agreement with an agency but that is not in response to a formal solicitation or request issued by the agency.

11. **Source: L. 2010:** Entire part added, (HB 10-1010), ch. 90, p. 304, § 1, effective August

**24-38-203. Unsolicited proposals.** (1) An agency may consider, evaluate, and accept an unsolicited proposal only if the proposal complies with all of the requirements of this section.

(2) An agency may consider an unsolicited proposal only if the proposal:

(a) Will assist the agency in carrying out its duties in a cost-effective and efficient manner without replacing existing state employees;

(b) Is independently originated and developed by the proposer;

(c) Is prepared without agency supervision;

(d) Includes sufficient detail and information to allow the agency to evaluate the proposal in an objective and timely manner and to determine if the proposal benefits the agency; and

(e) Is not an advance proposal for a known agency requirement that can be acquired by competitive methods unless:

(I) The agency has not established a timetable for satisfying the known requirement; or

(II) The proposal is likely to significantly shorten a timetable for satisfying the known requirement.

(3) Paragraphs (b) and (c) of subsection (2) of this section shall not be deemed to prohibit an agency from encouraging the submission of unsolicited proposals that are well-developed and consistent with the agency's general policy priorities by providing written or oral information to any person regarding the policy priorities or the requirements and procedures for submitting an unsolicited proposal.

(4) If an unsolicited proposal does not meet the requirements of subsection (2) of this section, the agency shall return the proposal without further action. If an unsolicited proposal meets all of the requirements of subsection (2), the agency may further evaluate the proposal pursuant to this section.

(5) An agency shall base its evaluation of an unsolicited proposal on the following factors:

(a) Unique and innovative methods, approaches, or concepts demonstrated by the proposal;

(b) Scientific, technical, or socioeconomic merits of the proposal;

(c) Potential contribution of the proposal to the agency's mission;

(d) Capabilities, related experience, facilities, or techniques of the proposer or unique combinations of these qualities that are integral factors for achieving the proposal objectives;

(e) Cost savings, efficient delivery of services, or enhanced quality of service delivered to the recipient; and

(f) Any other factors appropriate to a particular proposal.

(6) An agency may accept an unsolicited proposal only if:

(a) The unsolicited proposal receives a favorable evaluation; and

(b) The agency makes a written determination based on facts and circumstances that the unsolicited proposal is an acceptable basis for an agreement to obtain services either without competition or, if applicable, after the agency takes the actions required by subsection (7) of this section.

(7) Except as otherwise provided in subsection (8) of this section, if an unsolicited proposal requires an agency to spend public moneys in an amount that is reasonably expected to exceed fifty thousand dollars in the aggregate for any fiscal year, the agency shall take the following actions before accepting the unsolicited proposal:

(a) Provide public notice that the agency will consider comparable proposals. The notice shall:

(I) Be given at least fourteen days prior to the date set forth therein for the opening of proposals through any reasonable method, which may include publication on the agency's internet website, posting on the state's bid information and distribution system, or publication in a newspaper of general circulation;

(II) Be provided to any nonprofit entity that expresses, in writing to the agency, an interest in a public-private initiative that is similar in nature and scope to the unsolicited proposal;

(III) Outline in summary form the general nature and scope of the unsolicited proposal, including the work to be performed on the project and the terms of any nonprofit contributions offered and public benefits requested concerning the project;

(IV) Request information to determine if the proposer of a comparable proposal has the necessary experience and qualifications to perform the public-private initiative; and

(V) Specify the address to and the date by which comparable proposals must be submitted, allowing a reasonable time to prepare and submit the proposals;

(b) Determine, in its discretion, if any submitted proposal is comparable in nature and scope to the unsolicited proposal and warrants further evaluation;

(c) Evaluate each comparable proposal, taking relevant factors into consideration; and

(d) Conduct good faith discussions and, if necessary, negotiations concerning each comparable proposal.

(8) The actions required by subsection (7) of this section do not apply to an unsolicited research proposal if an agency reasonably determines that the actions would improperly disclose either the originality of the research or proprietary information associated with the research proposal.

(9) An agency may accept a comparable proposal submitted pursuant to subsection (7) of this section if the agency determines that the comparable proposal is the most advantageous to the state in comparison to an unsolicited proposal or other submitted proposals. In making the determination, the agency shall use only the proposal evaluation criteria specified in this section and shall not use the methods of source selection set forth in part 2 of article 103 of this title.

(10) If an unsolicited proposal is accepted or if a comparable proposal is accepted pursuant to subsection (9) of this section, the accepting agency shall use the proposal as the basis for negotiation of an agreement.

(11) Subject to the requirements of this section, each agency shall determine its own process for considering, evaluating, and accepting or rejecting unsolicited proposals. If the agency determines that an unsolicited proposal is an acceptable basis for negotiation of an agreement pursuant to this section, the agency's procurement officer shall be responsible for taking the action required by subsection (10) of this section. Before an agency considers an unsolicited proposal or a comparable proposal under this part 2, the agency shall adopt either rules promulgated in accordance with article 4 of this title or other written policy guidelines that it determines are necessary or appropriate to implement this part 2, including rules or guidelines

on the evaluation of unsolicited proposals and the receipt, content, and proper handling of unsolicited or comparable proposals. The rules or guidelines shall also require both the nonprofit entity and the agency to disclose any individual or organizational conflicts of interest related to the public-private initiative and to document and properly manage any disclosures.

(12) At the time a principal department of state government submits its annual budget request to the joint budget committee of the general assembly, the department shall report to the committee regarding any public-private initiative agreement then in effect that the department or an agency within the department has entered into pursuant to this part 2. The information reported shall include, at a minimum, a brief description of the purpose and terms of the agreement, the amount of public moneys required to be expended by the state under the terms of the agreement, and the identity of the private partner that is a party to the agreement.

**24-38-204. Public-private initiative agreements - cost savings.** (1) An agency shall enter into an agreement for each public-private initiative that it accepts.

(2) An agency shall include terms and conditions in the agreement that it determines are appropriate in the public interest.

(3) If an agency achieves cost savings in a fiscal year by entering into a public-private initiative agreement, the agency shall be eligible to retain a portion of any cost savings resulting from the agreement as provided in section 24-38-103.

(4) An agency that enters into a public-private initiative agreement with a nonprofit entity is not a partner or a joint venturer with the nonprofit entity for any purpose.

### Colorado Energy Office

#### PART 1

#### GENERAL PROVISIONS

**24-38.5-101. Colorado energy office - creation.** (1) There is hereby created within the office of the governor the Colorado energy office, the head of which is the director of the Colorado energy office. The director of the office shall be assisted by a deputy director and a staff to fulfill the office's mission to:

(a) Support Colorado's transition to a more equitable, low-carbon, and clean energy economy and promote resources that reduce air pollution and greenhouse gas emissions, including pollution and emissions from electricity generation, buildings, industry, agriculture, and transportation;

(b) Promote economic development and high quality jobs in Colorado through advancing clean energy, transportation electrification, and other technologies that reduce air pollution and greenhouse gas emissions, including helping to finance those investments;

(c) Promote energy efficiency;

(d) Promote an equitable transition toward zero emission buildings;

(e) Promote an equitable transition to transportation electrification, zero emission vehicles, transportation systems, and land use patterns that reduce energy use and greenhouse gas emissions;

(f) Increase energy security;

(g) Support lower long-term consumer costs and support reduced energy cost burden for lower-income Coloradans; and

(h) Protect the environment and public health.

**24-38.5-102. Colorado energy office - duties and powers - definitions.** (1) The Colorado energy office shall:

(a) Work with communities, utilities, private and public organizations, and individuals to promote:

(I) The renewable energy standard established in section 40-2-124;  
(II) Clean and renewable energy, such as wind, hydroelectricity, solar, and geothermal;  
(III) Cleaner energy sources such as biogas, biomass, and nuclear;  
(IV) Traditional energy sources such as oil and other petroleum products, coal, propane, and natural gas;

(V) Energy efficiency technologies and practices;  
(VI) Cleaner technologies by utilizing traditional, Colorado-sourced energy;  
(VII) New energy technologies as described in section 40-2-123; and  
(VIII) Energy storage systems.

(b) Develop programs to promote high performance buildings for commercial and residential markets;

(c) Make state government more energy efficient;

(d) Promote technology transfer and economic development;

(e) Advance innovative energy efficiency, renewable energy, and efficiency throughout the state as specified in sections 24-38.5-102.4 and 24-38.5-102.5;

(f) to (i) Repealed.

(j) Ensure that information explaining the requirements of energy codes is available and provide technical assistance concerning the implementation and enforcement of energy codes to both counties and municipalities as specified in sections 30-28-211 (7) and 31-15-602 (7), C.R.S.;

(k) Collaborate with the state board of land commissioners regarding renewable energy resource development as specified in section 36-1-147.5 (4), C.R.S.;

(l) Provide home energy efficiency improvements for low-income households as specified in section 40-8.7-112 (3)(b), C.R.S., and prepare and submit to the general assembly an annual report as specified in section 40-8.7-112 (3)(f), C.R.S.;

(m) Establish and manage a program to improve energy efficiency in public schools as provided in section 39-29-109.5, C.R.S.;

(n) (I) Provide public utilities with reasonable assistance, if requested, in seeking and obtaining support and sponsorship for an IGCC project and manage and distribute to the utility some or all of any funds provided by the state or by the United States government to the state for purposes of study or development of an IGCC project.

(II) As used in this subsection (1)(n), "IGCC project" means an IGCC facility that:

(A) Demonstrates the use of IGCC technology to generate electricity using Colorado or other western coal;

(B) Does not exceed three hundred fifty megawatts nameplate capacity; except that it may exceed this capacity if the Colorado energy office determines that a larger size is necessary to obtain the benefits of federal cost sharing, financial grants or tax benefits, or other financial opportunities or arrangements benefitting the project, including opportunities to jointly develop the project with other electric utilities;

(C) Demonstrates the capture and sequestration of a portion of the project's carbon dioxide emissions;

(D) Includes methods and procedures to monitor the fate of the carbon dioxide captured and sequestered from the facility; and

(E) Is located in Colorado.

(III) As used in this subsection (1)(n), "IGCC facility" means an integrated gasification combined cycle generation facility that converts coal to a gaseous fuel from which impurities are removed prior to combustion, uses the gaseous fuel in a combustion turbine to produce electricity, and captures the waste heat from the combustion turbine to drive a steam turbine to produce more electricity. An IGCC facility may also use natural gas, in addition to gasified coal, as a fuel in the combustion turbine.

(o) Collaborate with stakeholders to develop and encourage increased utilization of energy curricula, including science, technology, engineering, and math curricula, that will serve the work force needs of all energy industries. Such collaboration may include executive departments, research institutions, state colleges, community colleges, industry, and trade organizations in an effort to develop a means by which the state may address all facets of work force demands in developing a balanced energy portfolio. Institutions may also partner in the development of curricula with organizations that have existing energy curricula and training programs.

(p) Annually report to the senate agriculture, natural resources, and energy committee and the house agriculture, livestock, and natural resources committee, or their successor committees;

(q) Administer the electric vehicle grant fund;

(r) and (s) Repealed.

(t) Assist the executive director of the department of local affairs in allocating revenues from the geothermal resource leasing fund to eligible entities pursuant to section 34-63-105, C.R.S.;

(u) Develop basic consumer education or guidance about leased solar installation and purchased solar installation in consultation with industries that offer these options to consumers.

(2) Repealed.

(3) The Colorado energy office shall notify the house of representatives and senate committees of reference to which the office is assigned pursuant to section 2-7-203 (1), C.R.S., as part of its "State Measurement for Accountable, Responsive, and Transparent (SMART) Government Act" hearing required by section 2-7-203 (2), C.R.S., if it has made any changes to:

(a) Any performance plans and performance evaluations required pursuant to section 2-7-204, C.R.S.;

(b) Office policies related to energy transmission; and

(c) Office policies that positively or negatively impact the energy sector.

**24-38.5-102.4. Energy fund - creation - use of fund - definitions - report - repeal. (1)**

(a) (I) The energy fund is hereby created in the state treasury. The principal of the fund consists of money transferred to the fund from the general fund, money transferred to the fund at the end of the 2006-07 state fiscal year and at the end of each succeeding state fiscal year from money received by the Colorado energy office, money received pursuant to the federal "American Recovery and Reinvestment Act of 2009", Pub.L. 111-5, or any amendments thereto, or from revenue contracts, court settlement funds, supplemental environmental program funds, repayment or return of funds from eligible public depositories, and gifts, grants, and donations, and any other money received by the Colorado energy office. Interest and income earned on the deposit and investment of money in the energy fund are credited to the fund. Money in the fund at the end of any state fiscal year remains in the fund and may not be credited to the state general fund or any other fund. Money in the fund may not be transferred to the innovative energy fund created in section 24-38.5-102.5.

(II) and (III) Repealed.

(b) For purposes of this section, "Colorado energy office" means the Colorado energy office created in section 24-38.5-101.

(2) (a) All money in the energy fund is continuously appropriated to the Colorado energy office for the purposes of advancing energy efficiency and renewable energy throughout the state.

(b) The Colorado energy office may expend money from the energy fund:

(I) To attract renewable energy industry investment in the state;

(II) To assist in technology transfer into the marketplace for newly developed energy efficiency and renewable energy technologies;

(III) To provide market incentives for the purchase and distribution of energy efficient and renewable energy products;

(IV) To assist in the implementation of energy efficiency projects throughout the state;

(V) To aid governmental agencies in energy efficiency government initiatives;

(VI) To facilitate widespread implementation of renewable energy technologies;

(VII) To educate the general public on energy issues and opportunities;

(VII.5) To implement the building performance program defined in section 24-38.5-112 (3)(b) and described in that section and section 25-7-142; and

(VIII) In any other manner that serves the purposes of advancing energy efficiency and renewable energy throughout the state.

(c) (I) Subject to the provisions of subparagraph (II) of this paragraph (c), the moneys in the clean and renewable energy fund may also be used by the Colorado energy office to make grants or loans to persons, as defined in section 2-4-401 (8), C.R.S., for use in carrying out the purposes of this section. The Colorado energy office shall consider the following information in determining whether to make a grant or loan:

(A) The amount of the grant or loan;

(B) The quantified impact on energy demand or amount of clean energy production generated as a result of the grant or loan;

(C) The potential economic impact of the grant or loan; and

(D) The public benefits expected to result from the grant or loan.

(II) The Colorado energy office may establish terms and conditions for making grants or loans pursuant to this section and in accordance with the objectives of the office as set forth in section 24-38.5-102.

(3) (a) Within three days after June 14, 2021, the state treasurer shall transfer forty million dollars from the general fund to the energy fund created in subsection (1)(a) of this section. The Colorado energy office shall use the money transferred under this subsection (3)(a) in a manner consistent with subsections (2)(b) and (2)(c) of this section and for the purposes of:

(I) Making grants to the Colorado Clean Energy Fund, a Colorado nonprofit corporation, not to exceed a total of thirty million dollars;

(II) Making grants to the Colorado new energy improvement district created in section 32-20-104, not to exceed a total of three million dollars;

(III) Increasing the amount used, expended, or obligated on the residential energy upgrade loan program administered by the Colorado energy office and the Colorado Clean Energy Fund by up to two million dollars; and

(IV) Increasing the amount used, expended, or obligated on the charge ahead Colorado program administered by the Colorado energy office by up to five million dollars.

(b) (I) The Colorado energy office shall use, expend, or obligate at least seventy-five percent of the money for the uses specified in subsection (3)(a) of this section prior to July 1, 2022, and at least eighty-five percent of the money prior to July 1, 2023.

(II) On June 30, 2025, the state treasurer shall transfer to the general fund any money in the energy fund created in subsection (1)(a) of this section that was transferred to the energy fund under subsection (3)(a) of this section and that remains unused, unexpended, and unobligated as of that date.

(c) (I) On January 15, 2022, and annually thereafter until all state money has been used by grant recipients pursuant to this subsection (3), the Colorado energy office shall provide a report with full accounting of the use of all grant money awarded. The report must include amounts and dates for how grant money has been used by each of the entities, including the names of all contractors, vendors, grantees, or recipients of state money, how the money was to be used, and all overhead and administrative costs associated with using the money. The Colorado energy office shall distribute copies of the reports as follows:

(A) To the office of state planning and budgeting, the house of representatives energy and environment committee, and the senate transportation and energy committee or the successors to those entities; and

(B) To the general assembly in accordance with section 24-1-136 (9).

(II) In addition to making the reports specified in subsection (3)(c)(I) of this section, the Colorado energy office shall incorporate the information contained in those reports into its annual presentations under section 2-7-203.

(d) This subsection (3) is repealed, effective July 1, 2025.

(4) (a) On June 14, 2021, or as soon as possible thereafter, the state treasurer shall transfer three million dollars from the general fund to the energy fund created in subsection (1)(a) of this section. The Colorado energy office shall use the money transferred under this subsection (4)(a) in a manner consistent with subsections (2)(b) and (2)(c) of this section to provide grants prior to June 30, 2022, for the weatherization assistance program. No more than

eight percent of the money transferred under this subsection (4)(a) may be used to administer the grants.

(b) (I) By September 2, 2022, the Colorado energy office shall report the amounts of all grants awarded under this subsection (4) and the purposes to which the grant money is dedicated, as follows:

(A) To the office of state planning and budgeting, the house of representatives energy and environment committee, and the senate transportation and energy committee or the successors to those entities; and

(B) To the general assembly in accordance with section 24-1-136 (9).

(II) In addition to making the report specified in subsection (4)(b)(I) of this section, the Colorado energy office shall incorporate the information contained in its annual presentation made in January 2023 under section 2-7-203.

(c) This subsection (4) is repealed, effective July 1, 2024.

#### **24-38.5-102.5. Innovative energy fund - creation - use of fund - definitions - repeal.**

(1) (a) The innovative energy fund is hereby created in the state treasury. The principal of the fund consists of money transferred to the fund by the general assembly, money transferred at the end of each state fiscal year from money received by the Colorado energy office, or from revenue contracts, court settlement funds, supplemental program funds, repayment or return of funds from eligible public depositories, and gifts, grants, and donations, and any other money received by the Colorado energy office. Interest and income earned on the deposit and investment of money in the innovative energy fund is credited to the fund. Money in the fund at the end of any state fiscal year remains in the fund and may not be credited to the state general fund or any other fund. Money in the fund may not be transferred to the energy fund created in section 24-38.5-102.4.

(b) For purposes of this section:

(I) "Colorado energy office" means the Colorado energy office created in section 24-38.5-101.

(II) "Innovative energy" means an existing, new, or emerging technology that:

(A) Enables the use of a local fuel source;

- (B) Establishes a more efficient or environmentally beneficial use of energy; and
- (C) Helps to create energy independence or energy security for the state.

(2) (a) All moneys in the innovative energy fund are continuously appropriated to the Colorado energy office for the purposes of advancing innovative energy efficiency throughout the state; except that the moneys are limited to efficiency projects and any other projects related to the severance of minerals subject to taxation under article 29 of title 39, C.R.S.

(b) The Colorado energy office may expend moneys from the innovative energy fund:

- (I) To overcome market barriers facing emerging and cost-effective energy technologies;
- (II) To promote robust research, development, commercialization, and financing of innovative energy technologies;
- (III) To educate the general public on energy issues and opportunities;
- (IV) To attract innovative energy industry investment in the state;
- (V) To assist in technology transfer into the marketplace for newly developed innovative energy efficiency technologies;
- (VI) To provide market incentives for the purchase and distribution of efficient innovative energy products;
- (VII) To assist in the implementation of innovative energy efficiency projects throughout the state;
- (VIII) To aid governmental agencies in innovative energy efficiency government initiatives;
- (IX) To facilitate widespread implementation of innovative energy technologies; and
- (X) In any other manner that serves the purposes of advancing innovative energy efficiency throughout the state.

(c) (I) Subject to the provisions of subparagraph (II) of this paragraph (c), the moneys in the innovative energy fund may also be used by the Colorado energy office to make grants or loans to persons, as defined in section 2-4-401 (8), C.R.S., for use in carrying out the purposes of this section. The Colorado energy office shall consider the following information in determining whether to make a grant or loan:

- (A) The amount of the grant or loan;
  - (B) The quantified impact on energy demand or amount of innovative energy production generated as a result of the grant or loan;
  - (C) The potential economic impact of the grant or loan; and
  - (D) The public benefits expected to result from the grant or loan.
- (II) The Colorado energy office may establish terms and conditions for making grants or loans pursuant to this section and in accordance with the objectives of the office as set forth in section 24-38.5-102.

**Source: L. 2012:** Entire section added, (HB 12-1315), ch. 224, p. 966, § 19, effective July 1. **L. 2018:** (1)(a) and (2)(c)(II) amended, (SB 18-003), ch. 359, p. 2134, § 7, effective June 1.

**24-38.5-102.6. Climate change mitigation and adaptation fund - creation - use.** (1) The climate change mitigation and adaptation fund, referred to in this section as the "fund", is hereby created in the state treasury. The fund consists of:

- (a) Civil penalties credited to the fund pursuant to section 25-7-122 (1)(i)(III);

- (b) Building performance program fees credited to the fund pursuant to section 24-38.5-112 (1)(e), which fees must be separately accounted for in the fund;
  - (c) Gifts, grants, and donations made to the Colorado energy office to help finance its administration of climate change mitigation or adaptation programs and policies;
  - (d) Any money that the general assembly may appropriate or transfer to the fund; and
  - (e) Any other money credited to the fund.
- (2) Money in the fund is continuously appropriated to the Colorado energy office for the purpose of financing and administering the building performance program defined in section 24-38.5-112 (3)(b) and described in that section and section 25-7-142.
- (3) The state treasurer shall credit all interest and income derived from the deposit and investment of money in the fund to the fund.

**Source: L. 2021:** Entire section added, (HB 21-1286), ch. 326, p. 2083, § 3, effective September 7.

**Editor's note:** Section 6(2) of chapter 326 (HB 21-1286), Session Laws of Colorado 2021, provides that the act adding this section applies to conduct occurring on or after September 7, 2021.

**24-38.5-102.7. Colorado energy saving mortgage program - definitions.** (1) As used in this section, unless the context otherwise requires:

(a) "Accredited home energy rating provider" means a person who RESNET has accredited through the mortgage industry national home energy rating system accreditation standard as a rating provider and who appears on RESNET's national registry of accredited rating providers or a person who meets other rating provider requirements adopted in guidelines by the Colorado energy office pursuant to paragraph (c) of subsection (4) of this section.

(b) "Certified home energy rater" means an individual who an accredited home energy rating provider has certified as a RESNET home energy rater to inspect and evaluate a home's energy features, assign a HERS index score to the home, and recommend energy efficiency improvements or an individual who meets other rater certification requirements adopted in guidelines by the Colorado energy office pursuant to paragraph (c) of subsection (4) of this section.

(c) "Colorado energy saving mortgage program" or "program" means the Colorado energy star/energy saving mortgage program administered by the Colorado energy office as of January 1, 2013, as modified by this section or by any program changes implemented by the Colorado energy office within the limitations specified in this section, or any successor program.

(d) "Energy efficient home" means a home that a certified home energy rater has certified as having a HERS index score of not more than fifty or that meets other requirements for being an energy efficient home that the Colorado energy office adopts in guidelines pursuant to subsection (4) of this section.

(e) "Energy saving mortgage" means a mortgage issued to a borrower by a participating lender through the Colorado energy saving mortgage program for the purpose of financing:

- (I) The purchase of a newly built energy efficient home; or
- (II) Improvements to an existing home that:

(A) Are made in accordance with recommendations made by or approved by the Colorado energy office following a residential energy audit of the home; and

(B) Are confirmed by post-installation verification conducted by the Colorado energy office or a vendor, including but not limited to a participating utility, under contract with the office to have improved the energy efficiency of the home to the extent required by the Colorado energy office.

(f) "HERS index" means the home energy rating system index established by RESNET to measure the energy efficiency of a home.

(g) "Participating lender" means a bank, credit union, other financial institution, or independent mortgage broker that participates in the Colorado energy saving mortgage program by issuing energy saving mortgages and contributing funding that reduces the total cost of the mortgages to the borrowers.

(h) "Participating public utility" means a public utility, as defined in section 40-1-103, C.R.S., including any municipality that operates an electric utility and any cooperative electric or gas association or nonprofit electric corporation or association, that:

(I) Provides electricity or natural gas to residential customers, without regard to whether the utility, association, or corporation is subject to or exempt, in whole or in part, from the "Public Utilities Law", articles 1 to 7 of title 40, C.R.S.;

(II) Chooses to participate in the Colorado energy saving mortgage program by meeting all requirements for participation set forth in guidelines adopted by the Colorado energy office; and

(III) If it is required to comply with the provisions of article 3.2 of title 40, C.R.S., has, prior to its initial participation in the Colorado energy savings mortgage program, had the public utilities commission approve a participation plan.

(i) "RESNET" means the residential energy services network that is a recognized national standards-making body for building energy efficiency rating and certification systems in the United States.

(2) The Colorado energy office may spend any available moneys to fund energy saving mortgages subject to the following limitations:

(a) To the extent feasible, the Colorado energy office shall spend money evenly on energy saving mortgages that finance purchases of newly built energy efficient homes and energy saving mortgages that finance improvements to existing residences;

(b) Each energy saving mortgage may include funding that reduces the total cost of the mortgage to the borrower from both a participating public utility and a participating lender. The Colorado energy office may adopt guidelines to specify minimum percentages of total funding for an energy saving mortgage that each nonstate source of funding must provide.

(c) If a utility chooses to participate in the Colorado energy savings mortgage program by providing demand-side management program moneys, such moneys may only be used towards energy savings attributable to energy efficiency improvements and not towards energy savings attributable to renewable energy or on-site energy generation improvements.

(d) If a utility has existing demand-side management programs for residential new construction or whole-house existing retrofits, the utility must identify, in a demand-side management plan approved by the public utilities commission prior to the utility's initial participation in the Colorado energy mortgage savings program, how it will track participation in

all programs, including the Colorado energy savings mortgage program, to ensure that customers do not receive multiple incentives.

(e) The Colorado energy office may only approve an energy saving mortgage that finances improvements to an existing home if the improvements are made by or approved by the office following a residential energy audit of the home and are confirmed by post-installation verification to have increased the energy efficiency of the home to the extent required by the office. The office may adopt guidelines that specify requirements for energy efficiency increases and the conduct of residential energy audits and post-installation testing.

(f) Subject to the following maximum value limitations, the Colorado energy office may adopt energy savings-based guidelines that set forth the maximum total value to the borrower in terms of reduction in the total costs of an energy saving mortgage:

(I) For an energy saving mortgage that finances the purchase of a new energy efficient home, the maximum total value to the borrower in terms of reduction in the total costs of an energy saving mortgage is:

(A) For a home that has a HERS index score of zero, eight thousand dollars or any lower amount that the Colorado energy office establishes in guidelines; or

(B) For a home that has a HERS index score that is greater than zero but no more than fifty, any lower amounts that the Colorado energy office establishes in guidelines subject to the limitation that if the office establishes multiple lower amounts, those amounts must increase as the HERS index score of a home decreases;

(II) For an energy saving mortgage that finances improvements to an existing home, the maximum total value to the borrower in terms of reduction in the total costs of an energy saving mortgage is the lesser of any energy savings-based amount adopted in guidelines by the Colorado energy office or eight thousand dollars.

(g) The Colorado energy office may spend moneys contributed by a participating public utility only for energy saving mortgages for homes within the service area of the participating public utility.

(h) If demand-side management moneys contributed by a participating utility, when combined with moneys from all other sources, yield an incentive amount that exceeds the incremental cost of the energy saving improvements, the utility must set forth the treatment of the demand-side management moneys in its demand-side management plan and have that treatment approved by the public utilities commission.

(i) If the participation of a participating utility causes additional energy savings improvements to be made, due to the matching Colorado energy office and lender moneys, the public utilities commission may include the additional energy savings benefits and exclude the additional leveraged moneys from the benefit-cost ratio calculation described in section 40-1-102 (5)(b), C.R.S.

(3) A participating public utility receives credit for its participation in the program towards any demand side management program targets, contingent upon public utilities commission approval, pursuant to article 3.2 of title 40, C.R.S., or may receive credit towards any greenhouse gas emissions requirements that may be established in the future.

(4) Notwithstanding any other provision of this section, if another index or measure supersedes the HERS index as the industry standard for measuring building energy efficiency, the Colorado energy office may adopt guidelines that:

- (a) Adopt the other index or measure as the standard for determining the energy efficiency of a new home or existing residence;
- (b) Specify values on the new index or measure that are comparable to the HERS index scores and point improvements specified in this section and are to be used to determine eligibility for and the maximum value of energy saving mortgages; and
- (c) Specify the requirements and procedures, including any required accreditation of rating providers or certification of raters, that must be complied with in rating a new home or existing residence under the other index or measure.

**24-38.5-103. Electric vehicle grant fund - creation - administration - legislative declaration.** (1) (a) There is hereby created in the state treasury the electric vehicle grant fund, referred to in this section as the "fund". The Colorado energy office shall use the fund to provide grants to state agencies, public universities, public transit agencies, local governments, landlords of multi-family apartment buildings, private nonprofit or for-profit corporations, and the unit owners' associations of common interest communities as defined in article 33.3 of title 38 to install charging stations for electric vehicles. The Colorado energy office may also use the fund for the administrative costs of providing these grants. The Colorado energy office shall prioritize these grants based upon:

- (I) Repealed.
- (II) The extent to which the proposed recipients' charging locations are likely to effectively serve existing electric vehicles or encourage the acquisition of additional electric vehicles;
- (III) The extent to which one or more charging stations would not be installed but for the financial assistance provided by a grant from the fund; and
- (IV) Any other criteria defined by the Colorado energy office.

(b) The general assembly declares that while the intent of this section is to provide assistance and additional incentive where needed to encourage the installation of charging stations thereby maximizing the number of stations that can be installed using the limited resources available from the fund, the Colorado energy office may grant the full cost of an installation or help offset station operating costs in a location that is especially advantageous for support of the electric vehicle market but where other revenues are not and will not foreseeably be available to defray the costs.

(2) The Colorado energy office is authorized to seek, accept, and expend gifts, grants, or donations from private or public sources for the purposes of this section. All private and public funds received through gifts, grants, or donations shall be transmitted to the state treasurer, who shall credit the same to the fund. The money in the fund is continuously appropriated to the Colorado energy office. Any money in the fund not expended for the purposes of this section may be invested by the state treasurer as provided by law. All interest and income derived from the investment and deposit of money in the fund shall be credited to the fund. Any unexpended and unencumbered money remaining in the fund at the end of a fiscal year must remain in the fund and must not be credited or transferred to the general fund or another fund.

**24-38.5-105. Clean energy improvement debt reserve fund - authorization - use.** (1) (a) The clean energy improvement debt reserve fund is hereby created in the state treasury. The principal of the fund shall consist of up to ten million dollars of legally available moneys from nonstate sources under the control of the Colorado energy office, which the state treasurer shall promptly credit to the fund if instructed in writing to do so by the director of the Colorado energy office, and any fees paid to the state treasurer in accordance with subparagraph (II) of paragraph (b) of this subsection (1). All interest and income derived from the deposit and investment of moneys in the fund shall be credited to the fund, and all unexpended and unencumbered moneys in the fund at the end of any fiscal year shall remain in the fund. The fund is hereby continuously appropriated to the state treasurer, who may expend moneys from the fund solely for the purposes of paying principal and interest on bonds issued by a local improvement district or other special district as specified in paragraph (c) of this subsection (1) and defraying any direct and indirect costs incurred by the state treasurer in executing duties required by this section.

(b) (I) If the Colorado energy office instructs the state treasurer to credit moneys from nonstate sources to the clean energy improvement debt reserve fund, with prior written authorization from the director of the Colorado energy office and the state treasurer and after agreeing to pay fees to be credited to the fund to the state treasurer as specified in subparagraph (II) of this paragraph (b), a local improvement district or other special district that imposes special assessments on real property and issues bonds payable from the revenues generated by the special assessments to generate the moneys needed to pay the up-front costs of making renewable energy improvements or clean energy improvements as authorized by part 6 of article 20 of title 30, C.R.S., or any other provision of law may rely on the clean energy improvement debt reserve fund as a backup source of moneys that may be used, after the depletion of any district debt service reserve fund, for the payment of principal and interest owed to holders of the district's bonds.

(II) A local improvement district or other district that issues bonds and that wishes to rely on the clean energy improvement debt reserve fund as a backup source of moneys for the payment of principal and interest owed to holders of the bonds shall enter into a written agreement with the Colorado energy office to pay to the state treasurer for crediting to the fund such fees for the privilege of relying on the fund as the Colorado energy office may require. Fees to be paid by a district as required by the Colorado energy office shall be deemed to be a portion

of the amount of the interest rate savings resulting from more favorable financing terms attributable to the reliance upon the fund. The Colorado energy office may, in its discretion, require that fees be paid on an annual basis, commencing and calculated on the date of issuance of the bonds and on each one-year anniversary of the issuance of the bonds thereafter while the bonds remain outstanding, in an amount equal to a number of basis points of the principal amount of the bonds outstanding as of each calculation date agreed upon by the office and the district.

(c) Whenever the paying agent responsible for making payments to the holders of any bonds issued by a district that has relied upon the clean energy improvement debt reserve fund as a backup source of repayment for the district's bonds has not received payment of principal or interest on the bonds on the tenth business day immediately prior to the date on which such payment is due and any debt service reserve fund for the local improvement district or other special district that issued the bonds has been depleted, the paying agent shall so notify the state treasurer and the district by telephone, facsimile, or other similar communication, followed by written verification, of such payment status. The state treasurer shall immediately contact the district and determine whether the district will make the payment by the date on which it is due and, if the state treasurer confirms that the district will not make the payment, the state treasurer shall expend moneys from the clean energy improvement debt reserve fund to make the payment in a timely manner. If the amount of moneys in the clean energy improvement debt reserve fund is not sufficient to cover the entire amount of the payment, the state treasurer shall pay only so much of the payment as can be paid from available moneys in the fund. If payments on more than one series of bonds issued in reliance upon the clean energy improvement debt reserve fund as a backup source of moneys for repayment are required to be made from the fund at the same time and the amount of moneys in the fund is not sufficient to cover the entire amount of the payments, the state treasurer shall pay from available moneys in the fund only an equal percentage of the amount of each payment due.

(2) This section shall not be construed to create any state debt, to require the state to make any bond payments on behalf of any local improvement district or other special district from any source of moneys other than the clean energy improvement debt reserve fund, or to require the state to fully pay off any outstanding bonds of a district that cannot make scheduled bond payments.

(3) In accordance with section 11 of article II of the state constitution, the state hereby covenants with the purchasers of any outstanding bonds issued in reliance upon the existence of the clean energy improvement debt reserve fund that the state will not repeal, revoke, or rescind the provisions of this section concerning the fund or modify or rescind the same so as to limit or impair the rights and remedies granted by this section to the purchasers of such bonds and that any moneys in the fund shall not revert to the general fund.
