

MINUTES OF A SPECIAL MEETING
of the
WALKER FIELD AIRPORT BOARD
Held May 16, 1966 at Grand Jct., Colo.

Chairman Paul Heidel called the meeting to order at 11:30 a.m.

Members present were as follows:

City Councilmen: Herb Wright, Ed McCormick, Ray Meacham
County Commissioners: Paul Heidel, Art Jens, Clyde Lowe
Also Present: Dave Palo, County Attorney; Gus Byrom, Airport
Manager; W. J. Anderies, Secretary.

Gus Byrom presented the preliminary relocation plan covering the ramp and rebuilding overlay of runway, soils analysis of conditions under a portion of the runway on which a 4" overlay will be required and a 2" overlay for the balance of the runway. Also the installation of some drains. The soil analysis showed that under the area in question there has been no failure noted in the past, although water was experienced. Also shown was the "T" hangers relocation and new ramp construction for the Fish & Game and radio shop. Mr. Byrom had also stated that on the next Government grant the FAA was requiring an emergency lighting system for the beacon and runway lights, and this would have to be included. The Airport Board amount of this would be approximately \$5,700.00 A discussion followed on the generator, and Mr. Byrom was asked to check and see if duplicate service could be supplied by Public Service to meet the requirement and if we would have to have this stand-by generator.

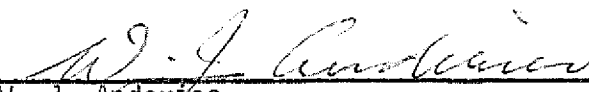

Ted Ford and Martin Davis, from KREX-TV, filmed the Airport Board Meeting for inclusion in a documentary film which KREX is preparing on the joint City-County Airport.

The Board adjourned at 12:10 p.m.

APPROVED:

Paul Heidel
CHAIRMAN

W. J. Anderies
