VENUWORKS LOCATIONS

THREE COMPARABLE VENUWORKS VENUES

Sanford Center Bemidji, MN 5,500 seats

VenuWorks opened this arena and convention center in 2010. It is the home venue for Bemidji State University hockey. In 2013 VenuWorks was instrumental in bringing the Indoor Football League to create the Bemidji Axemen.

US Cellular Center Cedar Rapids, IA 9,000 seats

VenuWorks has been in Cedar Rapids for over fifteen years. We have successfully secured naming rights for both the U.S. Cellular Center and the McGrath Amphitheatre.

Ford Center Evansville, IN 11,000 seats

VenuWorks opened the Ford Center in 2011. After a great opening year with revenues that exceeded expectations, VenuWorks took over management of the Victory Theatre across the street.

COMPREHENSIVE SUPPORT SERVICES

HOST NATIONAL ARTISTS AND LOCAL EVENTS

Event Programming

- VenuWorks Booking Teams: bringing new initiative, new energy, new excitement, and great results
- New Partnership with Live Nation largest
- promoter in US Booking Calls and Booking Process Prime Tenants - Hockey, Basketball, .
- Football
- Local Events with Local Partner . Organizations

EFFICIENCIES OF COMBINED OPERATIONS

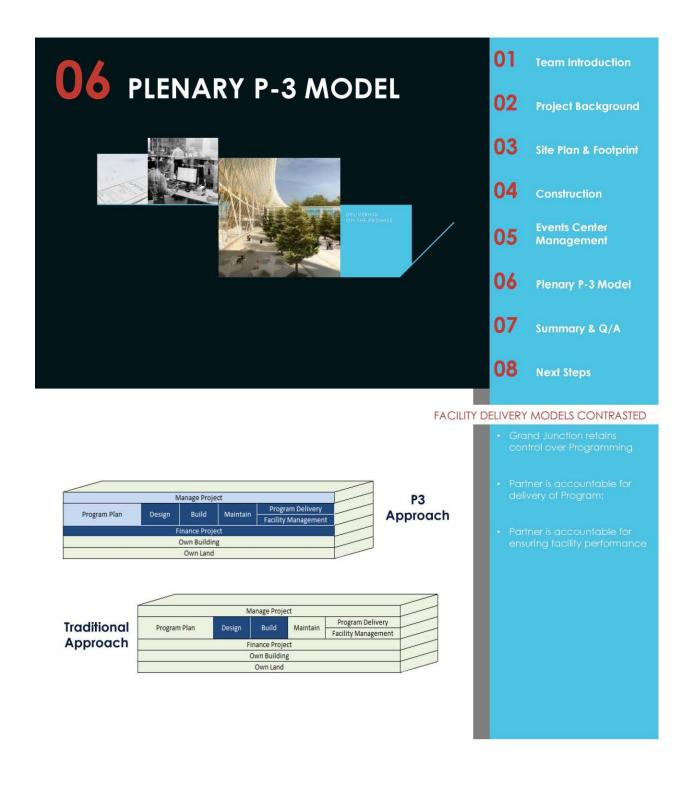

- Management of arena, along with Avalon Theatre and Two Rivers Convention Center
- Operational expenses contained
 through national vendor contracts
- Revenues Maximized
- Networking for more event bookings
- Contractually Obligated Revenues
 - Suites
 - Sponsorships
 - Advertising Sales
- Operating Deficit Significantly Reduced

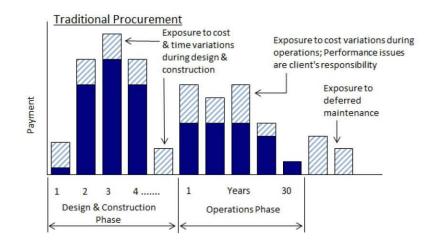

CITY OWNERSHIP AND CONTROLS MAINTAINED

- Management company reports to City
- City approves budget and GM selection
- All revenues and expenses accrue to City
- Monthly reports to keep City informed, comparing actual outcomes to budgeted
- · Capital improvements per City direction

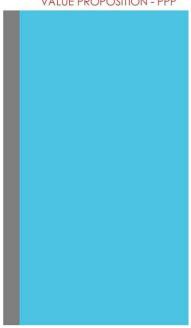

COMMON FACILITY-RELATED RISK EXPOSURE

VALUE PROPOSITION - PPP

PPP / Performance Guaranteed Facilities / Infrastructure (PGF):

- Financial capital at risk to guarantee on-time and on-budget delivery
- Optimization and certainty of "whole of life" costs aligns goal of City and Plenary.
- Ownership of the asset is retained by City of Grand Junction throughout the term
- Facility condition guaranteed for the full term of operations (30+ Years)
- · Emphasis on a clear and well-defined risk allocation
- A fully integrated solution that drives design development, construction, equipment and operations
- Offers flexibility to facilitate inevitable change

Equity Provider eg. Plenary Group Senior Debt Provider Design & Combs Dethlets Set of Grand Junction Project Co-Developer eg. Plenary Group / ICC Set of Co-Developer eg. Plenary Group / ICC Program Operator VenuWorks Interface Agreements

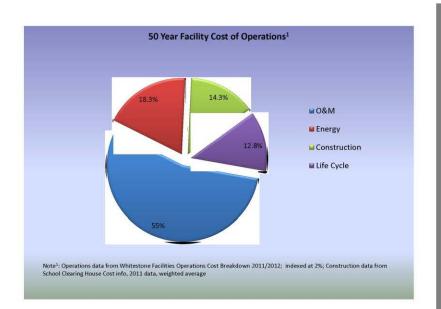

PARTNERSHIP STRUCTURE

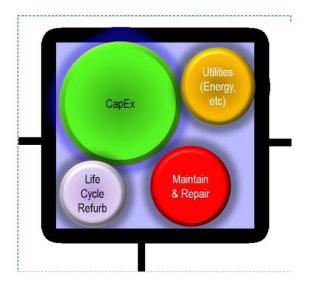

- Risks are transferred to the party best able to manage them
- Availability payment subject to deductions for facility performance failures
- Ensures alignment of interests

FACTS ABOUT FINANCING FOR P3

- The financing premium paid for P3 is usually more than offset by:
 - Optimization of "whole of life costs"
 - Significant risk transfer
 - Payments are performance / availability based
 - O&M won't be politically cut in out years
 - Budget certainty for the asset for 30+ years
- To mitigate the financing cost premium:
 - Vend sponsor debt into the model
 - Leave enough equity to hold proponent accountable for performance
- The financing in the DBFM model is the catalyst for effective risk transfer and optimization of "whole of life costs:
 - It shifts the focus to what the monthly costs are going to be over the long term, instead of a focus on first-in capital costs, which often leads to poor long-term outcomes

TENETS RELATED TO FACILITIES

- Design impacts operating costs
- Focus on the entire "pie"

VALUE PROPOSITION - PGF

- Long term "Whole of Life" costs instead of first cost construction
- Good decisions <u>during design</u> <u>process</u> consider Value for Money and best investment approach
- Results in lower whole-of-life facility cost (the "box" is smaller)
- Provides outcomes that are guaranteed
- Financing returns are vehicle for Sponsor to enforce the guarantees

SIGNIFICANT RISK TRANSFER - P3 MODEL

- Predictable cost
- Payment deductions for performance and service failures
- Drives alignment of interests

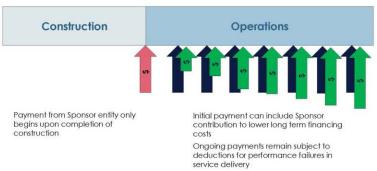

PAYMENT BY THE SPONSOR

- Payment from Sponsor entity only begins upon completion of construction
- Initial payment can include Sponsor contribution to lower long term financing costs
- Ongoing payments remain subject to deductions for performance failures in service delivery
- Payments can reflect projected revenue / funding increases

No payment during Performance Indicators design or construction Asset reverts in prephase determined condition after concession 1 30 2 3 1 4 Years **Design & Construction Operations Phase** Phase \rightarrow

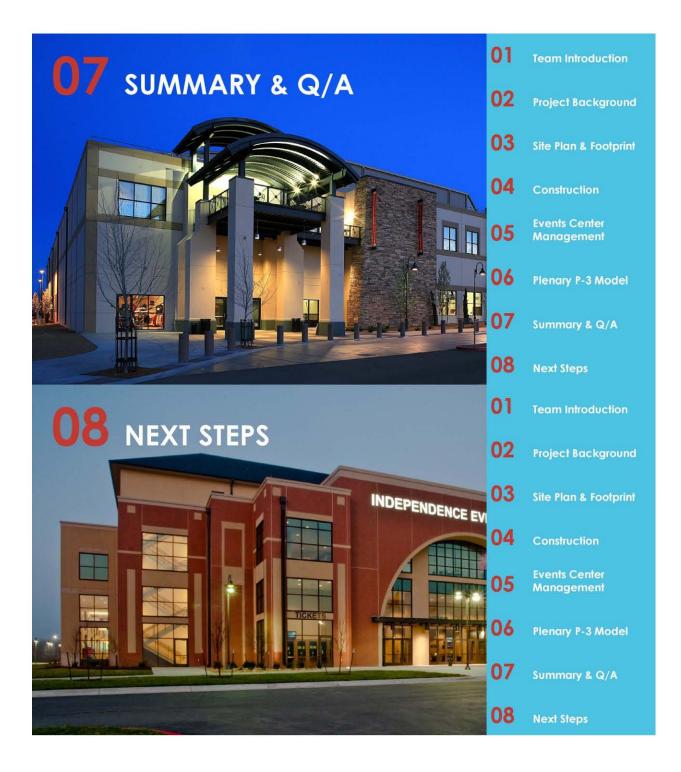

Operations phase cost is contractually determined during Project procurement; Performance must meet stated Key

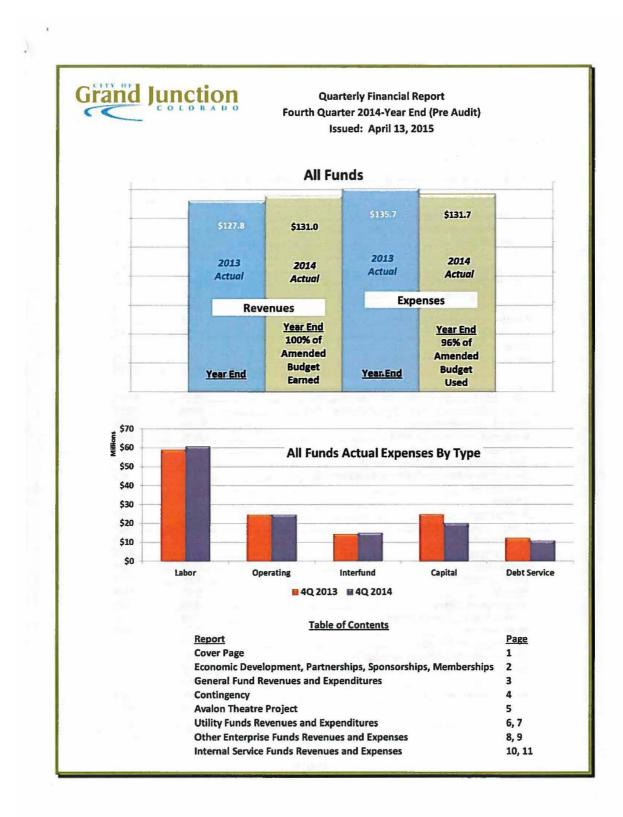

Availability-based P3's are performance based contracting arrangements

Payments can reflect projected revenue / funding increases

PGF Procurement

Modifications to Economic Gardening Pilot Project Sponsors: Lee

This bill modifies the Economic Gardening Pilot Project and extends it termination date to June 30, 2018. The bill repeals statutory deadlines and time limits and allows each company to negotiate terms of engagement with the Office of Economic Development and International Trade. A

participating company is allowed to use between 40 and 100 hours of pilot project services before renegotiating its terms of engagement. The bill increases the one-time participation fee from \$750 to \$1,500 and appropriates \$200,000 for the additional fiscal years of 16-17 and 17-18.

Prohibited Communications Concerning Patents Sponsors: Pabon; Balmer

Patent trolling is defined as the practice of contacting businesses or individuals to extract financial consideration without legitimate legal grounds to assert a patent infringement claim. It is estimated that businesses in the United States spend \$29 billion in legal fees in one year defending against defective patent assertions. This bill prohibits a person from asserting any claim that an individual is liable for infringement of a patent if the communication falsely states that litigation has been initiated, threatened litigation when no litigation is filed or is legally or factually defective and requires to the Attorney General to investigate and enforce the provisions of the bill.

Status: 04/09/2015 Introduced In Senate- Assigned to Business, Labor and Technology

Cottage Food Act Expansion

Sponsors: Hamner; Donovan

The "Colorado Cottage Foods Act" exempts sellers of certain foods from state inspection standards. The bill expands the permitted foods to include fruit empanadas, tortillas, and pickled vegetables that have an equilibrium pH value of 4.6 or lower. In addition to the disclaimer required on the products sold, a producer must also display a placard, sign, or card at the point of sale indicating that the product was produced in a home kitchen that is not subject to state licensure or inspection. The bill deletes language limiting a "producer" to natural persons. The Colorado Cottage Foods Act allows producers of non-potentially hazardous foods to use their home, commercial, or public kitchens to produce foods to sell directly to the ultimate consumers without a retail food license.

Working Group for Economic Development in Distressed Regions Sponsors: Willett and Pabon; Heath and Merrifield

This bill creates the Economic Development Working Group for highly distressed rural and urban regions of the state. The bill requires the group to establish regions; discuss and evaluate economic development efforts in the region and their best practices; discuss and evaluation the possibility of creating tax-free zones or other economic development tools for their regions; and make detailed legislative recommendations to the general assembly in order to quickly improve the economic vitality of those regions. The group consists of 4 members of the general assembly, the Executive Director of the Office of Economic Development and International trade and four non-voting members appointed by the legislative members.

HB 15-1063

HB 15-1157

HB 15-1002

Rural Economic Development Initiative Grant Program

Sponsors: Willett and Becker; Donovan

HB 15-1177

This bill creates the Rural Economic Development Initiative (REDI) Grant Program for the purpose of creating resiliency in and growing the economies of highly distressed rural counties and ED appropriates \$3 million from the general fund. Counties with populations of less than 175,000 are considered distressed if they meet two of the following three criteria: annual percent change in employment less than the statewide change; annual percent chance in assessed value of all property less than the statewide change; county-wide percentage of pupils eligible for free lunch higher than the state's average.

The bill allows 30 distressed rural counties to be classified as Highly Distressed rural counties based upon population, employment, weekly wage and the number of businesses. Mesa County would qualify as distressed under this bill and would therefore be eligible for REDI Grants. The REDI program would provide grants for projects that attract new jobs or encourage private capital investment in any of the highly distressed rural counties. Applications are approved based upon ability to create diversity and resiliency in the economy; create new jobs, benefits a key industry in the region by encouraging capital investment; increases average wages; encourages growth that benefits more than one community; shows compatibility with relevant communities and economic development plans; or evidences strong support from local governments. Grants may be awarded to local government for infrastructure or facility investments that are needed to attract new jobs or will encourage private investment; local governments for training grants for affected workers; private employers to support business expansion projects; private employers for employee training programs.

Retail Food Establishment Fees

Sponsors: Lee and Foote; Heath

Under current law, the annual license fees for retail food establishments are set in statute. This bill removes the fees from statute and requires the State Board of Health (board) in the Department of Public Health and Environment (DPHE) to set the fees in rule. State and local public health agency food safety programs are funded by license fees for retail food establishments. Forty-three dollars of each fee collected is applied to the Food Protection Cash Fund in the DPHE; the remainder of the fee is retained by the county or district public health agency where the retail food establishment is located. When shortages in funding occur, counties make up the deficit with general funds. The General Assembly last increased fees in 2009.

Coordinated Review of CO2 Emission Reduction Measures Sponsors: Cooke and Sonnenberg SB 15-258

5

Under federal law, the Air Quality Control Commission under the Department of Public Health and Environment is expected to approve and submit a state implementation plan for the reduction of carbon emissions from electric utilities to EPA for certification that the state plan meets federal performance standards under the Clean Air Act. The bill prohibits the Commission from submitting a state implementation plan for the reduction of carbon emissions from electric utilities to the EPA until:

- the Public Utilities Commission conducts a proceeding to review the plan based on criteria outlined in the bill and issues a formal decision;
- the PUC and the CDPHE issue a joint assessment report of the plan within 15 days of the decision; and
- the General Assembly votes to approve the plan through joint resolution.

If necessary, the AQCC may submit one revised version of the state plan to the PUC and the General Assembly. Under the bill, a subsequent judicial review of the plan is not precluded.

Increasing Postsecondary and Workforce Readiness	HB 15-1170
Sponsors: Kraft-Tharp and Wilson; Hill and Heath	

The bill creates the position of Postsecondary and Workforce Readiness Statewide Coordinator (PWR coordinator) to work under the State Work Force Development Council in the Colorado Department of Labor and Employment (CDLE). The PWR coordinator will work with local education providers, businesses, industry, area vocational schools, community colleges, the CDE, the Department of Higher Education (DHE), and the career and technical education division within the community college system to raise the level of PWR achieved by high school graduates.

Under current law, the Colorado Department of Education (CDE) annually determines the level of attainment for public schools, school districts, and the state based on specific indicators of performance. One of the performance indicators used is the degree to which students graduate from high school postsecondary and workforce ready (PWR). The CDE calculates PWR based on the achievement level of eleventh grade students taking the statewide college entrance test, the percent of graduates who receive an endorsed diploma (pending), and graduation and dropout rates. Beginning in 2016-17, this bill requires the CDE to also calculate PWR by including the percent of high school graduates who enroll in a postsecondary education program in the school year immediately following graduation. Consistent with the other measures of performance, the CDE must disaggregate the additional data collected by student group.

FAMLI Insurance Program Wage Replacement Sponsors: Winter and Salazar; Ulibarri

HB 15-1258

HB 15-1235

HB 15-1231

This bill creates the Family and Medical Leave Insurance program to provide partial wage-replacement benefits to an eligible individual who takes leave from work to care for a new child or a family member with a serious health condition or who is unable to work due to the individual's won serious health condition. Prior to implementing the program, the Department of Labor and Employment must conduct an actuarial analysis to determine the appropriate level of premiums and solvency surcharges, if necessary, to ensure the soundness of the program. Each employee in the state will pay a premium determined by the Director of the Division by rule, which premium is based on a percentage of the employee's yearly wages. The premiums are deposited into the family and medical leave insurance fund from which family and medical leave benefits are paid to eligible individuals. The director may also impose a solvency surcharge by rule if determined necessary to ensure the soundness of the fund.

Personnel File Right of Inspection Sponsors: Salazar

The bill allows a current or former employee to make a written request to inspect or request copies of his or her personnel file from his or her private-sector employer. The employer must comply within 30 days of the request. The state of Colorado, state political subdivisions, and financial institutions are exempt from this requirement. If the inspection occurs in person, it must take place during regular business hours at a location at or near the employer's offices. If copies are mailed to the employee, the employer must certify in writing the accuracy of the copies and the employee may be required to pay reasonable duplication costs.

Repeal Job Protection Civil Rights Enforcement Act

Sponsors: Woods; Szabo, Thurlow, Willett In 2013, the general assembly enacted HB13-1136, the "Job Protection and Civil Rights Enforcement Act of 2013" (act), which established compensatory and punitive damage remedies, as well as front pay, for a person who proves that an employer engaged in a discriminatory or unfair employment practice under state law. With the exception of the expansion of age-based discrimination claims to individuals who are 70 years of age or older, the bill repeals all components of the act and restores the equitable relief remedies that were available to employment discrimination victims making claims under state law prior to the passage of the act.

Police Officer Training Improvements

Sponsors: Williams, Cooke

This bill expands the membership of the Police Officers Standards and Training board from 20 and 24 members. The four new members are to be non-certified civilians and the Governor is required to consider applicants' age, race, professional experience, and geographic location in ensuring that the board is "diverse." The bill also changes the scope and responsibilities of the POST board by adding the following duties:

- review and evaluate the basic academy curriculum by January 1, 2016, and every five years thereafter;
- establish at least four new subject matter expertise committees, including arrest control, curriculum, driving, and firearms (committees must also be composed of diverse membership;
- develop a community outreach program that explains the role of the board; and
- develop a recruitment program to create a diverse pool of applicants for the board and the four new subject matter expertise committees.

The bill also requires the board to include a two hour anti-bias course and, in alternating years, either a twohour community policing course or a situation de-escalation training in the annual in-service training curriculum. Any peace officer who fails to comply with the training requirements is subject to revocation of his or her peace officer status.

Allowing Counties to Implement Specified Taxes on Retail Marijuana Sponsors: Singer

HB 15-1007

HB 15-1104

HB 15-1132

This bill, recommended by the Marijuana Revenues Interim Committee clarifies that counties and statutory cities have the authority to levy a voter approved special sales tax on retail marijuana and gives them authority to levy a voter approved excise tax. In 2013, voters passed Proposition AA, which allowed the state to levy a 10 percent sales tax and a 15 percent excise tax on retail marijuana. Home-rule cities also have the authority to levy voter approved taxes on retail and medical marijuana. Proposition AA was silent on the authority of counties and statutory cities to levy sales or excise taxes on retail marijuana.

Voters have approved taxes on marijuana in four counties:

- 3% sales tax on retail marijuana in Adams County;
- 3.5% tax on retail marijuana in Pueblo County;
- 5% excise tax on retail marijuana in Huerfano County; and
- 4% sales tax on medical marijuana and medical marijuana paraphernalia in Park County.

In addition, several statutory cities collect taxes on retail marijuana.

EZ Investment Tax Credit for Renewable Energy Sponsors: McCann and Becker; Hodge and Sonnenberg

Current law allows for an investment tax credit if a taxpayer makes a qualified investment in an enterprise zone. The tax credit can be carried forward by a taxpayer and it is not refundable. The credit is allowed to the extent of the first \$5,000 in tax liability plus 50% of the liability in excess of \$5,000. The bill allows a taxpayer who places a new renewable energy investment in service on or after January 1, 2015, that results in an investment tax credit to elect to receive a refund of 80% of the amount of the credit and forego the remaining 20% as a cost of the election. If 80% of the credit is \$750,000 or less, the taxpayer receives the full refund in the first year. If 80% of the credit is more than \$750,000, the taxpayer annually receives a refund not to exceed \$750,000 per income tax year until 80% of the credit is completely refunded to the taxpayer.

Tax Credit Health Professional Shortage Areas Sponsors: Buck, Cooke

The bill creates a state income tax credit for a physician volunteer, also known as a preceptor, who provides personal instruction, training, and supervision to a graduate medical student enrolled at a Colorado Higher Education institution. To qualify, the preceptorship must be undertaken in a health shortage area, as designated by the United States Department of Health and Human Services. The preceptor may earn \$1,000 for each preceptorship provided during the tax year. Preceptors with at least 10 percent of their patients receiving Medicaid may receive \$1,500 for each preceptorship. The credit is capped at \$5,000 per tax year and any unused credits may be carried forward for five income tax years.

Gift Tax Credit for Endowments or Institutional Funding Sponsors: Moreno

This bill creates an income tax credit for contributions made to an endowment of a Colorado charitable organization. Eligible endowment funds do not include donor advised funds or funds for a private foundation. The credit is equal to 25 percent of the contribution and the maximum credit allowed is \$25,000 per taxpayer per year. The credit is non-refundable, but can be carried forward for five years, and is available starting in tax year 2015.

Tax Credits for Nonpublic Education Sponsors: Lundberg

This bill creates an income tax credit for individuals who enroll their dependent child in a home-based or private school offer a scholarship to a child who enrolls in a private school. In order to qualify, the child must have attended a public school full-time the year before enrolling in a private school and must have attended public school as of the enactment date of the bill and prior to enrolling in a home-based school. Taxpayers continue to qualify for the credit each year until their child graduates or returns to public school. For fulltime, home-based students, the credit is \$1,000; \$500 for half-time students. For parents enrolling their children in private school, the credit is 1/2 of the prior years' per pupil funding for full time-students; 1/4 per pupil funding for half-time students.

Implement Conservation Easement Audit Requirements Sponsors Roberts and Hodge; Garnett and Keysey

The state currently allows an income tax credit for a portion of the value of a conservation easement donated by a taxpayer. The amount of the credit is equal to 50% of the fair market value of the donated portion of the easement, with a cap of \$375,000 for each easement donated. Starting January 1, 2015, the bill increases the amount of the credit to 75% of the first \$100,000 of the fair market value of the easement, and 50% of the fair market value above that amount. The cap is increased to \$1.5 million.

Sales and Use Tax Refund for Rural Broadband Sponsors Sheffel; Williams

In current law, broadband internet providers can claim a state sales and use tax refund for equipment used to provide broadband service to areas of the state with a population of less than 30,000; the total refund that can be claimed by all taxpayers is limited to \$1 million per year. The refund must be claimed between January 1 and April 1 in the year after the taxes are paid. If more than \$1.0 million is claimed, the department prorates the refund claims so the total amount of refunds issued does not exceed \$1.0 million. This bill increases the limit to \$10 million per year.

Telephone Company Property Tax Valuation Sponsors Sheffel; Williams

SB 15-230

Under current law, the intangible property of state assessed public utilities, including telephone companies, is part of the assessed value of the company and subject to property taxation. This bill phases in an exemption from property taxation of all state assessed intangible personal property of telephone companies. Starting in property tax year 2015, the bill exempts 20 percent of telephone company intangible property, with additional 20 percent increments in subsequent fiscal years, until all intangible property is exempt in 2019 and future property tax years.

Additional SB 09-228 Transfers to HUTF and CCF Sponsors: DelGrosso

This bill lengthens the five-year block of statutory transfers from the General Fund to the Highway Users Tax Fund (HUTF) and the Capital Construction Fund (CCF), in the event that one or more year(s) of transfers are reduced or not made because of a revenue surplus under Article X, Section 20 of the state constitution, the Taxpayer's Bill of Rights (TABOR). For each year in which transfers are reduced or not made, an additional year of transfers is required, in which 2 percent of General Fund revenue must be transferred to the HUTF and 1 percent of General Fund revenue must be transferred to the CCF. As in current law, transfers created in the bill may be reduced or not made because of the size of the TABOR surplus. The schedule of transfers is extended until five years of full transfers have taken place.

Status: 01/07/2015 Introduced In House - Assigned to Transportation & Energy

New Diesel Motor Vehicle Emissions Testing Sponsors: DelGrosso

Senate Bill 09-228 requires a five-year block of transfers from the General Fund to the HUTF and the CCF beginning after state personal income grows 5.0 percent or more during a single calendar year. Current estimates in state personal income growth indicate that the transfers will begin in FY 2015-16 and continue through FY 2019-20. Under current state statute, these transfers are decreased in the event of a TABOR refund. This bill would extend the transfers until 5 full years (may not be consecutive) of transfers have taken place.

Special Fuel Tax on Liquefied Petroleum Gas Sponsors: Mitch Bush, Coram, Rankin; Scott

This bill makes several changes to the collection, imposition and administration of fuel excise tax on LPG including the following:

- · Adds a private commercial fleet operator that uses LPG to the definition of "distributor;
- Changes the definition of "gallons" for LPG from a gross gallon to a net gallon, which accounts for temperature differences that affect LPG measurements;
- Limits the imposition of the tax so that in most instances it is only levied when LPG is placed in a motor vehicle's fuel tank, which is currently defined as a "use", instead of when the fuel is acquired, sold, offered for sale, or used for any purpose whatsoever;
- Requires a distributor that uses LPG from a cargo tank to propel a cargo tank motor vehicle to pay the tax on the gallons of LPG used to propel the motor vehicle, based on the vehicle's miles traveled;
- Requires a distributor that places the LPG in a fuel tank to pay the tax or, if none, for a non-distributor user to pay it;
- Eliminates the 2% allowance for LPG lost in transit or in handling;
- Prohibits the department of revenue from collecting any penalties or interest related to the LPG excise tax that is due from January 1, 2014, until January 1, 2016;
- Eliminates the minimum \$25,000 bond amount for LPG distributors;
- Eliminates the requirement that a LPG distributor preprint the serially numbered invoices for each sale or transfer of LPG.

Residential Precipitation Collection Rain Barrels Sponsor: Esgar, Danielson; Merrifield

This bill allows the collection of precipitation from the roof of a home in up to two rain barrels with a combined storage capacity of 100 gallons or less if the following conditions are met:

- the building is a single-family residence or a multi-family residence with up to four units;
- the precipitation collected is used for outdoor purposes on the residential property where the precipitation is collected, including irrigation of lawns and gardens; and
- the precipitation must not be used for drinking water or indoor household purposes.

Status: 03/25/2015 Introduced In Senate - Assigned to Agriculture, Natural Resources, & Energy

Quantify Water Rights Historical Consumptive Use Sponsor: Hodge

When a water judge decrees a change in water right, this bill requires that the measurement of the historical use of the water be based on the actual historical use of the water right for its designated purpose, over a representative study period. Under the bill, the study period:

- includes wet years, dry years, and average years;
- · excludes years when the water right was not used for its decreed purposes; and
- need not include every historical year of the use of the subject water, or periods of nonuse of the water right.

A water judge cannot reconsider or re-quantify the historical consumptive use of a water right if it has been quantified in a previous change decree. However, to limit future consumptive use to the previously quantified historical consumptive use, the water judge may impose terms and conditions on the future use of the portion of the water right that is subject to the change.

Storm Water Facilities Not Injure Water Rights Sponsors: Sonnenberg; Winter

The bill specifies that storm water detention and infiltration facilities and post-wildland fire facilities do not injure water rights and therefore do not require augmentation plans. A "storm water detention and infiltration facility" is defined as a facility that is owned or operated by a governmental entity or is subject to oversight by a governmental entity, designed and operated to continuously release or infiltrate at least 97% of all of the water from rainfall events that are equal to or less than a 5-year storm within 72 hours after the end of the rainfall event, and continuously release or infiltrate the water from rainfall events greater than a 5-year storm as quickly as practicable, but in no event over a period in excess of 120 hours. The facility must operate passively and cannot actively treat the storm water.
