Urban Trails Master Plan Revision: Robert and Bill gave their report on changes for the canal banks. Most all of the canals where indicated on the current UTC Master Plan map.

Jody mentioned at last meeting canal bank cross section standards were discussed. Jody, Jamie and Robert will meet and go over maps from feasibility study.

Shawn spoke about maintenance issues with regard to canal banks. Robert and Jamie stated how at this point it's not fair to ask developer to pave canal bank when it isn't going anywhere or connect to anything. Shawn further stated City would prefer Recreational Use Easement.

Jamie gave update for Redlands First Lift. He stated there was no canal there. Shawn will get Jamie an updated map of the area. South Broadway and Broadway – “red” dot may work – leave there. There is a blue line there that is actual canal and should be on the map. Others are fine.

He traveled down S. Broadway to Wildwood where it crosses canal. Believes Orchard Mesa is okay.

Bill reminded everyone about canal banks for Renaissance and Trails West – currently not on map because of “Private Property” message covering area of map.

Shawn showed trail off G Road that will have equestrian trail (private) that will lead to canal bank (which is public). Shawn stated trying to get to Wilson Ranch.

Judy gave information for Jamie to review – Jamie asked Michele to make copies and pass around at next month's meeting.
