Announcements

Jamie introduced Jamie Vaida. Jamie V. then spoke about the free bikes around town program he is trying to establish. Realize some bikes will be stolen and thrown into the river. DDA is behind the idea. Discussed doing a small project to see how the public gets behind the idea. Talked about Bike to Work Day. Ken suggested picking one user and targeting them. Jamie V. said he would like to start program in June in conjunction with Bike to Work Day. Ken also suggested Jamie V. contact the City of Portland with regard to a similar program they tried. Janet asked if Jamie V. was looking for a Letter of Support – he said yes.

Michele asked for volunteers for the Kokopelli Adventure Race. Robert said yes and Janet said possibly.

Michele passed around information from Jody on the Bike Conference in Tucson in November. Jody's office has enough money for someone from UTC to attend.

Michele said George called and stated that Pat Cecil was trying to get UTC on last meeting at the end of October.

Redlands Transportation meeting tonight was canceled and rescheduled for October 3rd. Same time and place.

Old Business

Jamie L. brought up some points made by Mark Williams at last meeting. Is UTC asking for enough? Group feels can't be too pushy – get with Jody and look at feasibility of shared sidewalks (similar to Baseline in Boulder). Ken said he and George did put some “green” lines that are really defined as something specific. Robert asked if notes will be passed out, Jamie reminded everyone that no notes will be passed out. Questions asked about implemented changes and how these changes will happen. Ken believes need to look at functionally getting people from A to B. After lines on paper, need to get prioritized routes.

Still waiting to get meeting scheduled between Jim Grisier and John Schaeffer.

New Business

There was no new business.
