GVRTC – Julie updated on meeting today. Discussed stretch from Palisade to Fruita. County Commissioners want to see completed before Craig Meis leaves office. She reviewed grant money received, still looking for more funds. Concerned about rush to get trail done in short period – think won't be able to go back and get trail along river at future date if trail is put on streets, etc. She said 2030 plan has been signed by County Commissioners and will be picking consultant soon.

LNTF – Shawn said tried to finish before snow fell but didn't. Bridge decks in – will start work again once the weather permits. Should take about two to 2 ½ weeks.

RFC – Michele stated November was so long ago, couldn't really remember anything from the meeting.

There was no further old business.

New Business – March meeting falls during District 51's spring break. Not a problem for most members. Meeting will be as scheduled.

Bike/Car/Crash – Jody reviewed info Michele printed off from City's website. Discussed types of accidents and how City gathers info. Jody added that Ken Sublett has been certified as a bike instructor. Terri asked if need to register bikes at Mesa State. Don't think so.

Jocelyn said she talked with Deb Kenard and she will get info to Jocelyn.

Main Street Design and Bike Racks – Shawn showed the plans for the capital improvement project on Main Street. He showed the type of rack being added and where racks will be placed and how many there will be (estimate of 100+ spaces).

There was no further new business.

Public Comment – Jocelyn asked about caution tape on Blue Heron Trail on section falling into river. Shawn said will probably move back 50 feet but City doesn't have any funds. Michele said there is a RFF meeting coming up and asked if he could get her a quote. He thinks around \$15,000.

Adjournment: Meeting adjourned at 6:40pm.
