**HB 15-1202**—Reissued Licenses—Effective 8-5-2015—This bill creates a reissued license for licensees who fail to renew their liquor license more than 90 days and less than 180 days. Applications for a reissued license are either accepted or denied by the local licensing authority or state licensing authority for those licenses not subject to local licensing authority approval. If accepted by the licensing authority, the licensee must submit: 1) An application for a reissued license 2) Payment of \$500 late fee to the local licensing authority (for retail licenses) 3) Payment of a fine of \$25 per day for each day the license has been expired beyond ninety days to both the local and state licensing authorities. **HB 15-1204**—Distillery Pub—Effective 4-24-15—This bill creates a new retail license type called Distillery Pub. hundred liters per spirituous liquor product per calendar year  
6) Distillery Pub is added to the list of licenses allowed to cork and carry vinous liquor according to section 12-47-421, C.R.S. Since the Distillery Pub is a retail license, it must first be initially submitted to the local licensing authority for approval. At least 15% of the gross on-premises food and alcohol beverage income of the licensee must be from the sale of food. Food is defined as a quantity of foodstuffs of a nature that is ordinarily consumed by an individual at regular intervals for the purpose of sustenance.

**HB 15-1217**—Local Input for Salesrooms—Effective 8-5-2015  
This bill gives local licensing authorities the ability to provide input to the state licensing authority concerning wineries, limited wineries, distilleries, and malt liquor sales rooms. The applicant for a sales room must forward a copy of the application to the local licensing authority who have forty-five days to provide input of whether or not the sales room affects traffic, noise, or other neighborhood concerns in a manner that is inconsistent with local regulations or ordinances. This bill does not mandate the local licensing authorities to conduct a hearing, but is not prohibited either. The state licensing authority will adopt rules concerning the amount of time needed for the local licensing authority to submit its determination for sales rooms considered temporary, which is not more than three days. The applicant must affirm to the state licensing authority that the applicant has complied with local zoning restrictions for any additional sales room.
