Architectural Inventory Form (page 2 of 4)

	21.	1. General architectural description: This is a modest wood frame rectangular house with				
		the long side facing the street (south). The main façade has a veneer of brick on the				
		whole wall surface; the brick is running bond with a row of slightly projecting brick ever				
		several courses. This creates a series of horizontal lines across the façade. This is applied to the front only. The entry door sits on the far eastern side of the main faça				
		with a picture window flanked by a double hung on each side to the west. Two horizontally proportioned slider windows are located on the remainder of the façade.				
		Their sills are higher than t	the picture windo	ow and they are closer to the window and the		
		far corner than to each other	<u>er. The overhan</u>	g on the sides in minimal with a simple ogee		
		trim and the overhang on t	<u>he eaves is sligh</u>	tly larger to provide protection for the entry		
		door. The house sits on a	concrete foundat	ion and has composition shingles on the		
		surfaces without brick. The	ere are no windo	ws on the east side, but a stone chimney is		
		applied to the wall and con	tinues up throug	h the eave line.		
	22.	Architectural style/building	type:_Ranch Ty	pe		
	23.	3. Landscaping or special setting features: The house sits toward the front of the lot with				
		several shrubs along the he	ouse and some t	rees, the yard is predominantly lawn.		
	24.	Associated buildings, featu	res, or objects:_	A small shed sits at the rear

	35.	Historical background: George T. Symons Jr is indicated as the occupant of the			
	property in 1957. This is the first instance of this address in the available directories.				
		This building is part of Arcadia Village, composed of several small tracts of land in 1947.			
	The sites were owned by A. E. Borschell, Robert M. Porter and Miles M. Kane for the				
	largest portion, Ray Files and Martha Files for a second tract, Clyde R. Kipp and Olive				
		Kipp for the third tract.			
	36.	Sources of information: Mesa County Assessors Office; Museum of Western Colorado			
		Archives; Polk Directories 1955, 1956 and 1957

	39.	Area(s) of significance: Architecture, Community Development and Planning			
		Period of significance: 1954; 1943 to 1957 Uranium Boom			
		Level of significance: National State Local X			
	42.	Statement of significance: The development in this area is a direct result of the nation's			
		involvement in WWII and the drive for the development of nuclear weapons. The			
		discovery of significant sources of Uranium in the region initiated development in Grand			
		Junction that supported both the mining of the materials and the administration of			
		programs related to the development of weapons. The building types, materials and			
		neighborhood layout are all indicative of the national trends which were driven by the			
		proliferation of the automobile and the enormous demand for single family homes.			
		House designs departed from the romantic and revival styles that were prevalent in the			
		earlier part of the 20th century and took on a California inspired design that was			
		characterized by simple horizontally proportioned forms. Houses were typically mass
