

City of Grand Junction, Colorado 81501

250 North Fifth St., 303 243-2633

February 2, 1978

Mr. Kent Harbert
Western Engineers
P. O. Box 571
Grand Junction, CO 81501

Dear Mr. Harbert:

Re: Sewer line extensions in Orchard Mesa Sanitation District:
Whitehead Drive Extension, Buena Vista Drive Extension,
Lyle Drive Extension, Redrock Drive Extension, Thompson
Road Extension, Brentwood Drive Extension, Highway 50 Extension;
B 3/4 Road Extension, Carter Lane Extension, Jon Hall
Extension, Shelley Drive Extension, Scott Street Extension

I have reviewed the plans and specifications for the sewage collection facilities for the subject projects. I take no exception with the contents of the documents. We will maintain these in our files until construction is complete.

Please notify the City Engineer's office as soon as construction is complete. At that time our office will inspect the system and insure properly constructed manholes, cleanliness of the system, proper grade, and that deflection of P.V.C. pipe does not exceed 7 percent of the diameter.

Prior to the acceptance of the subject collection system by the City for maintenance purposes, it will be necessary to file with the City Engineer's office a complete set of mylar plans marked "as built" bearing a properly executed seal of a professional engineer.

If you have any questions, please feel free to let me know.

Sincerely,

Duane R. Jensen, P.E.
City Engineer-Utilities
