Dear Mr. Hormberg:

Enclosed is a resolution from the Fruitvale Sanitation District supporting the joint City-County ordinances for sewer use and industrial cost recovery.

Also enclosed are letters from Mesa County and the Central Grand Valley Sanitation District stating that they have adopted the above ordinances and they will be forthcoming within the next few days.

The Orchard Mesa Sanitation District has not been able to execute the same resolutions due to the absence and illness of one of the board members. They told me that they would execute this resolution on Tuesday, April 1. I will forward it to you as soon as I receive it.

Yours truly,

James E. Patterson, Jr.

Utilities Director
