Dr. Frank Traylor, Executive Director  
Department of Health  
4210 East 11th Avenue  
Denver, Colorado 80220

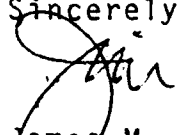

Dear Frank:

Enclosed is a copy of a letter to Mr. Ron Schuyler, dated January 15, 1981, from James E. Patterson, Jr., Utilities Director for the City of Grand Junction.

I would appreciate a letter with regard to the apparent delays in consideration of the grant application for constructing a new sewage treatment plant.

I am also enclosing a letter from J. Richard Livingston, an attorney with Golden, Mumby, Summers and Livingston in Grand Junction, which was directed to me regarding this subject. I am interested in bringing the parties together, and I know your assistance can be helpful. Please advise.

Sincerely,

  
James M. Robb  
STATE REPRESENTATIVE  
District 54.
