August 17, 1982

Jim Patterson
Utilities Director
City of Grand Junction
Grand Junction, CO 81501

Dear Jim:

Thank you for your letter of June 3, 1982. I certainly agree that the question of the "201" boundary should be re-evaluated. In particular, those customers you are presently serving outside the "201" boundary and those properties nearby should be included within the revised boundaries.

I would like you to put together a recommendation on where adjustments in the boundary may be needed based on present service and expected service. Please send us your recommendation as soon as possible to assist Eric Kelly in his work on revising the boundary.

Thank you again for your assistance.

Sincerely,

George R. White
Chairman, Mesa County Board of Commissioners
