This memorandum will confirm that a sanitary sewer system has been constructed and has been accepted by the City of Grand Junction to serve three mobile homes located at 2390 1/2, 2390, and 2389 1/2 River Road. Mesa County is paying the sewer fund the required \$1,507.50 plant investment fee required for this use, therefore these units are to be considered paid and cleared for connection to the sewer system.
