1575 Sherman Street  
Denver, Colorado 80203

*Re: Mesa County Sanitation  
Sewer Projects (3)*

Dear Mr. Brown:

I have reviewed applications #73-02-23-01, 02 and 03. The applications anticipate federal funds from 50% to 75% of the cost and state funds from 3% to 15% of cost.

The Mesa County Commission should be informed that no state matching program for local HUD grants exists. In addition they should be warned for purpose of fund planning that federal HUD monies for water and sewer grants may be curtailed or terminated completely under the President's budget proposals.

Sincerely,

*Alan N. Charnes*  
Alan N. Charnes  
Staff Director
