Re: For inclusion in EPA report on 201  
Grand Junction Facilities Plan

Dear Mr. Patterson:

At the regular board meeting of Clifton Sanitation District held July 28 a motion was made and carried to protest inclusion of Clifton Sanitation District in any plan for the City of Grand Junction's treatment plant to treat Clifton Sanitation District's sewage.

We are opposed because we do not favor taxation without representation, we object to the City setting rates for our District in any part of our operations including maintenance, billing, operation of a treatment plant or any other phase of our operation.

Thank you for your attention.

Sincerely,

Robert Strain, President
