June 30, 1976

James Patterson, Public Works Director  
City of Grand Junction  
250 N. 5th  
Grand Junction, Colorado 81501

Jim:

At the regular meeting of the Grand Junction Planning Commission held the morning of June 30, 1976, the Board agreed, by unanimous vote, to support your views and recommendations concerning the Goat Draw interim sewer facility on the Redlands.

The Board feels this is a good location for this facility and that the facility is a necessary step to the full realization of the recommendations set forth in the 201 Facilities Plan done for this area by Nelson, Haley, Patterson and Quirk, Engineering Consultants.

Sincerely,

Levi Lucero, Chairman  
Grand Junction Planning Commission
