Dear Mr. Schuyler:

The City of Grand Junction and Mesa County are submitting an application for an EPA Step II Grant for the design of interceptors and a new sewage treatment facility.

The City will amend the existing sewer ordinance to comply with the EPA guidelines for Industrial Cost Recovery Systems and for equitable user charges. I will be submitting copies of the proposed changes to Carl Heskett for his comments within the next few months.

The time schedule for amending the ordinance is as follows:

- June 1, 1977 - First reading by Council of Order for Publication
- June 12, 1977 - Publication of proposed ordinance
- July 6, 1977 - Public Hearing  
Final passage.

Yours truly,

Gerald J. Ashby
