

CITY OF GRAND JUNCTION, COLORADO

MEMORANDUM

Reply Requested

Yes No

Date

May 26, 1977

To: (From:) John Tasker From: (To:) Duane R. Jensen, P.E.
Acting Finance Director City Engineer-Utilities

Subject: EPA Federal Projects-Account No. 450 Paradise Hills
Interceptor Construction and 490 Sewer Plant Modifi-
cation Construction.

On the above referenced projects I need a copy of all of the invoices which have been paid from the above listed construction accounts. On each of these invoices please note the account number to which the invoice was charged. It may also be helpful if you would list on the copy of each invoice the purchase order and the check number which was used in paying each of the invoices.

I need this information so that I may make application for reimbursement of 75% of funds from the U. S. Environmental Protection Agency under their Grants Program.
