Dear Mr. Kozisek:

Thank you for your mailgram of January 31, about Grand Junction's regional waste water treatment facility.

I have asked Mr. Brian Ross, of my Colorado staff, to provide me with the most recent information on this project. As soon as Brian completes his report, I will inform you of our findings.

Again, thank you for keeping me aware of this situation. Should you have any questions about your 208 project, please do not hesitate to call or write Mr. Ross at the above address.

Sincerely yours,

Gary Hart
