Mr. Lawrence Kozisek, Mayor
City of Grand Junction
250 North Fifth St.
Grand Junction, CO 81501

Dear Mr. Kozisek: .

This will acknowledge receipt of your letter dated March 22, 1978. The matter of the EPA grant for your waste treatment facility is in the hands of the EPA Region VIII office. As you may know, the Water Quality Control Commission approved the grant of February 7, 1978 and then approved your site application on April 4, 1978. A copy of your letter was furnished to each commission member at the April 4, 1978 meeting. While the Commission did approve the grant, EPA has the authority for final grant approval.

Sincerely yours,

Evan D. Dildine, Technical Secretary
Water Quality Control Commission
