Grand Junction, Colorado

SUBJECT Agreements with the Railroad for sewer line crossings

DATE April 21 19 78

Enclosed please find the executed agreements for the railroad and the purchase orders for those agreements which require a permit or license fee. The amount of the purchase order covers the original fee plus the first year rent. When you have take them to the railroad and have them executed and the executed copy is returned to our office we will process the purchase orders for payment.

Our insurance agent suggests that we be sure the specifications ~~for these projects~~ require the contractor to provide liability insurance within the limits as required by the railroad company.
